interrater reliability & validity of self administered joint counts, assessment of pain & disease severity, patients with rheumatoid arthritis, 39793
joint pain & coping strategies & mood, patients with rheumatoid arthritis, 22167
life event stress, rheumatoid arthritis symptoms, arthritis patients, longitudinal study, 38108
meanings of emotional distress, patients with rheumatoid arthritis, 10212
mediational vs moderational relationships among perceived control & self efficacy & causal attributions, adjustment, adults with rheumatoid arthritis, 18236
medical chart reminders, use of rheumatology conference recommendations in knee & shoulder examinations, internal medicine house officers, 43061
music therapy, perception of chronic pain, 31–81 yr old females with rheumatoid arthritis, 42572
patient & spouse dysfunction & family resources & illness related coping, parental functioning, mothers vs fathers of children with juvenile rheumatic disease, 18248
psychological adjustment & anxiety & depression, patients with early rheumatoid arthritis, 2 yr study, 41947

psychological factors in & treatment of rheumatoid arthritis, literature review, 2181
quality of life, patients with multiple sclerosis vs inflammatory bowel disease vs rheumatoid arthritis, 38132
self appraisal & coping behavior of muscle function & activities of daily living & disease severity, 23–65 yr old outpatients with rheumatoid arthritis or osteoarthrosis or diabetes mellitus, Sweden, 30007
sensitivity to change of self report measures, assessment of difficulty & dissatisfaction & pain in performance of activities of daily living, patients with rheumatoid arthritis, 8050
sociocultural & environmental factors, acquisition & use of health care knowledge & occupational therapy, female 63 yr old Chinese immigrant with rheumatoid arthritis, Canada, case report, 2786
sustained release etodolac vs diclofenac, 18–74 yr olds with rheumatoid arthritis, Germany & Italy, 30661
tenoxicam vs piroxicam, patients with rheumatoid arthritis vs osteoarthritis, 26867
validity of National Institute of Health Activity Record, 18 yr olds & older with rheumatoid arthritis, 81

Rheumatoid Arthritis—Chapters

Connective tissue disease, 2197

Rhythm [See Also Speech Rhythm]—Serials

autonomous & nonautonomous dynamics in models of human rhythmic movement, 12200
cadential patterns in North Indian tabla drumming system, implications for model of musical cognitive processing, 24404
computational theory of rhythm & meter structure & underlying representation of rhythm, implications for cognition & perception, 4280
constraint on & perception & aesthetic judgment of expressive timing of melodic gesture in R. Schumann's "Traumerei", 21087
degree of expressive modification of rhythmic structure of recorded piano performances, accuracy & stability of performance imitations & aesthetic preferences, college students & piano players, 32108
dissociation in processing of melodic vs rhythmic information, female 30 yr old with bilateral temporal lobe damage & severe amelodia without arrhythmia, 42088
linguistic prosody & musical meter in song, vocalists, 5007
music structure, temporal expectancy & melody recognition, college students, conference presentation, 44027
number & coinciding or conflicting nature of metric accent structures, systematic performance variations, pianists, 32109
perceptual grouping & timing between groups & number of presentations, differentiation between 2 5-tone nonmetric rhythms, college students, 16228
perceptual invariance in pitch & spectral & intensity & temporal structure, humans & animals, research review, 20363
perceptual organization of auditory rhythmic patterns with vs without grouping intervals initiated by external world events, college students, Canada, 4277
pitch & rhythmic pattern cues, preference measurement of perception of phrase structure in musical passages, 19–21.3 wk olds, 40825
plan decoding & timing characteristics, intertap intervals of 8 vs 16 set finger tapping sequences, adults, 293
practice of polyrhythmic tapping task, bimanual hand coordination & motor organization strategies, musicians vs nonmusicians, 28231
rhythm providing timing cues, acquisition of motor skills in tracking task, 18–25 yr olds, 8272
rhythm stimulus pattern, perceptual grouping of tapping response, college students, Canada, 44029
rhythmic grouping & melodic accent in musical sequences, detection of intensity & duration changes, college students, implications for performance variations, 40037
simultaneous isochronous tone sequence presentation & presence & source of feedback, cooperative rhythmic timing of tapping, 26–55 yr olds, 24358
smooth rhythms as stimuli for studies in rhythmic perception, 40038
temporal stimulus accents, verbal production & motor accompaniment synchronization, 5.5 yr old musicians vs nonmusicians, France, 9147

Rhythm [See Also Speech Rhythm]—Chapters

The complexities of rhythm, 28221
Frequency locking, frequency modulation, and bifurcations in dynamic movement systems, 24365

Ribonucleic Acid—Serials

acute vs chronic tricyclic antidepressants, prepro-NPY-messenger RNA & neuropeptide Y in brain, male rats, 28669
antipsychotic drugs, messenger RNA coding for dopa decarboxylase & tyrosine hydroxylase in brain, male rats, animal model of antipsychotic drug effects, 687
arthritis vs mononeuropathic vs inflammation pain, neuronal levels of proneurotensin/neuromedin neurotensin mRNA in periaqueductal gray, male rats, animal model of chronic nociception, 40419
binding characteristics of isoquinoline carboxamide derivative PK 11195 in blood & hematopoietic cells & peripheral type benzodiazepine receptor messenger RNA expression, adults, 20826
brain derived neurotrophic factor mRNA cellular localization & expression in prefrontal cortex neurons, fetal vs adult monkeys, 16554
ECS, GABA receptor subunit messenger RNA alteration, male mice, application of polymerase chain reaction assay evaluation, 36550
emotionality, brain messenger RNA & protein patterns, Maudsley reactive vs nonreactive rats, 4631
formalin induced orofacial pain, preprogalanin vs preprodynorphin vs preproenkephalin A messenger RNA in dorsal horn nucleus of trigeminal nucleus caudalis, male rats, 28557
global ischemia stress, thresholds of induction of heat shock protein & cognate protein 70 messenger RNAs in brain, male gerbils, 28638
haloperidol & loxapine & sulpiride, D5 dopamine receptor mRNA level, male rats, implications for antipsychotic drug therapy, 36729
homeostatic neural circuits & osmotic stimulation, mRNAs for corticotropin releasing hormone vs neurotensin/neuromedin N in lateral hypothalamic area vs central nucleus of amygdala, male rats, 8684
intracerebral cytokine messenger RNA, postmortem brains of HIV infected patients with vs without dementia, 46005
learned helplessness & alterations in glucocorticoid inducible RNAs in hippocampus & hypothalamus, male rats, animal model of depression, 40383
messenger RNA expression of glutamate receptor in hippocampus, schizophrenic patients, 13764
parachlorophenylalanine induced 5-HT depletion, stress impact on corticotropin releasing factor & c-fos RNA expression in paraventricular nucleus & plasma ACTH & corticosterone, male rats, 40368
prenatal morphine, G protein mRNA in frontal cortex, rat pups, 16732
restraint & tail shock stress, messenger RNA for immediate early genes c-fos & zif/268 in brain, male rats, 32444
sleep deprivation, immediate early gene RNA expression in brain, female rats, 24827
stress & adrenalectomy, interleukin-1 beta mediated activation of hypothalamic corticotropin releasing factor messenger RNA, male rats, 32379

Ribonucleic Acid—Chapters

The regulation of oxytocin mRNA levels in the medial preoptic area: Relationship to maternal behavior in the rat, 20614

Right Brain—Serials

coherence inferencing & discourse structure building & semantic processing & lexical decision to inference related vs unrelated test words, right hemisphere damaged 50–80 yr olds, 22335
expertise & configural coding, right hemisphere advantage in face recognition of other ethnicity photographs, Chinese vs Caucasian college students, Singapore vs New Zealand, 40402

fundamental frequency contour & tone latitude of speech, affective signalling, patients with ischemic infarction of right inferior frontoparietal region, Taiwan, 14342
impairment vs task specific training & lesion characteristics, cognitive rehabilitation & trainability following right hemisphere stroke, stroke patients, 30972
intuitive process of right brain hemisphere & techniques for enhancing communication, 40106
language functions of right hemisphere involving modulation of affective prosody & gestures & hemispheric links to positive vs negative emotions, 28546
manual asymmetry & hand skill, right handed 20–22 yr olds, Turkey, test of left vs right brain influence, 12552
neurobiology & neuroanatomic substrate of vigilance, right hemisphere involvement in attention deficit hyperactivity disorder & other incidences of hypovigilance, 28563
psychopathology & psychosocial behavior, 19–42 yr olds with intractable left vs right temporal lobe epilepsy, 2299
right brain model of substance abuse, application of Freudian & Jungian theories, 1917
role of left & right hemispheres in recovery, aphasic patients with standard language lateralization, research review, 30169
role of right hemisphere & meditation in 'sensed presence', 18–60 yr olds, 24505
RTs to blocked vs randomly alternating visual stimuli ipsilateral vs contralateral to lesion, right vs left brain damaged 20–75 yr olds, 18343
tachistoscopic visual field presentation, individual differences in image generation, 49 yr old male partial split brain patient, implications for right hemisphere learning, 42035
verbs & adjectives & word category & visual field presentation, lexical decision task RT & right hemisphere specialization, right handed 19–30 yr olds, 16551
visuospatial judgment of line direction, patients with stroke produced lesion of left vs right hemisphere, 18378
weight of left vs right brain, lateralization of reaches, left vs right pawed male vs female cats, 36563

Right Brain—Books

The right brain and the unconscious: Discovering the stranger within, 12564

Right Brain—Chapters

Neurological approaches to the dream problem, 8703

Rigidity (Muscles) [See Muscle Contractions]

Rigidity (Personality)—Serials

age & traditionality & rigidity, male vs female college students, 45258
correlation between Battery of Interpersonal Capabilities & Rokeach Dogmatism Scale, measurement of flexibility & rigidity, college students, 4010
low vs high interpersonal stress, rigidity & intensity of interpersonal behavior, female 17–30 yr olds, analysis of transactional escalation concept, 37449
parental alcohol dependency & rigidity, lifetime history of chronic illness & surgeries & sexual & physical abuse, female adults, Canada, conference presentation, 1557

Riots—Serials

grievances & perception of political & police responsiveness & resources, participation in or support of inner city riots, 16–65 yr old Blacks, 1968, 5317
management of workforce diversity before vs after Los Angeles riots, senior executives, 23742
political significance & emotional aspects of common sense & patronage & role in riot following Sao Luis mayoral election, 1985, Brazil, 33142
research & causal theories & patterns & mass media portrayal of riots & suggestions for prevention & control, 9362

Risk Analysis—Serials

activity based assessments of balance & gait, prediction of fall type & risk of fall, 62–96 yr olds, 40992
age, risk factors for single vehicle accidents, male vs female 18–19 vs 25–54 yr olds, Sweden, 35672
assessment & resolution of social activity survival dilemmas, behavioral decision theory & environmental risk management, conference presentation, 15772
availability & vividness of recall & perceived competence & anxiety, perceived general crime risk & fear of victimization, 16–64 yr olds, Canada, 18078
blood alcohol level, cognitive & psychomotor performance & dose equivalency as risk assessment index in neurotoxicological research, male 21–42 yr olds, 721
calibration of choice vs indifference based expected utility vs lottery dependent expected utility models, prediction of preferences for risky investment options, graduate students, 305
Centers for Disease Control vs Carter Center Program health risk appraisals, prediction of 10 year mortality risk, smoking vs nonsmoking 25–60 yr olds, 13384
chronic pesticide exposure, risk perception & self protective behavior, Mexican male 16–70 yr old immigrant farm workers, 23798
clinical records, estimation of psychiatric inpatient suicide risk, medical students, Finland, 21959
community concerns & risk related attitudes & compensation levels in negotiations for solid waste management facility siting, facilities & host communities, 27796
comparison of validity of human error identification techniques in risk assessment context in human reliability assessment, 23823
content & construction of health risk messages, cognitive & affective responses, college students, 1522
context & preference reversal response mode effects, risky decision making in gambling judgment, college students, application of change of process theory, 315
criteria for evaluation of risk communication messages, 28833
decision analysis model for determining use of Phase 1 & Phase 2 hazardous waste assessment tests in real estate acquisition, potential buyers, 3845
decision outcome dispersion & organizational size, risk or confidence in individual vs group organizational decision making, male vs female college students, 3724
dread in Not in My Backyard & Locally Unwanted Land Uses syndromes, reactions to environmental risk in facilities & technologies, general public & scientific community, 23847
early intervention & risk screening, hospital discharge planning, high risk patients, 9 mo study, 38949
evaluation research in risk communication programs, 13223
expert vs lay mental models of perceived failure & process & exposure risks of using nuclear energy sources in space, lay activists, implications for risk communications design, 11787
fault tree analysis of causes of & roles of drivers & vehicles & environmental factors in large vehicle accidents, 3852
government regulatory consent decrees, driver & market behavior & injury risks, drivers of all terrain vehicles, 39618
implicit personality theory in judgment of riskiness of sexual partners & other dynamics of unsafe sexual behavior, college students, 1337
incident free flight experience, midair collision risk perception, pilots, 11801
integration of technical assessment & social experience of environmental risk in social amplification of risk framework, 23853
interactive mental model & procedural approaches to risk communication research & practice, letter, 28830
judgment of accident frequency & precautionary intent toward common consumer products, adults, 39570
judgment of attractiveness & risk of lotteries, college students, test of utility theory, 333
judgment of risk factors & territorial cues & burglary status of pictured homes, 18–50 yr old incarcerated burglars, 41768
judgments of chemical risks & intuitive toxicological concepts & assumptions & interpretations, 16 yr old & older laypersons vs experts, 3843
limitations & valuative use of risk in assessment of ability to choose place of residence, elderly, 1168
mathematical model of optimal interval between health checkups vs human judgment of risk interval, college students, 9715
medical & demographic characteristics, prediction of psychosocial distress & rehabilitation needs & quality of life 1 yr after diagnosis, newly diagnosed 33–83 yr olds with breast cancer, 42012

methodology to risk adjust & integrate outcomes of anesthesia services into measures of quality, surgical patients, 30623
money vs time vs ego vs social risks, monetary donation behavior, adults, 29385
multivariate risk profile model, prediction of clinical depression onset, 20 yr olds & older admitted to medical long term care facility, 1 yr study, 38950
operating pitfalls & accident risk factors & risk management, helicopter air ambulance operators, 7797
organizational links between public risk communication & risk management functions at Sybron Chemicals Inc. following release of ethyl arcrylate into surrounding community, 1988, 11699
peer based HIV risk assessment & education program curriculum, college students, 43191
perceived organizational decline, specification of audit risk, external organizational audit firms, 35603
perceived risk in classroom, attitudes toward physically handicapped peers, 8–19 yr old 3rd–5th vs 6th–9th vs 10th–12th graders, 15531
perceived risk of own vs others' occupations & postulated compensation, 25–50 yr old pilots vs engineers vs fire fighters vs railway engine drivers vs physicians, 47400
personality & cognitive factors & locus of control, perceived risk & accident consequences & safety behavior, steel workers, 47447
psychological & legal issues in & donation center policies on informed consent & risk assessment of sibling bone marrow donation, 14866
risk appraisal, relationship between past & future risk behavior, college students, conference presentation, 13544
risk communication & citizen participation & health beliefs & other factors, perceptions of risks concerning hazardous waste & waste sites, adults, 11785
risk perception of HIV transmission & infection control & public health policy, HIV infected practitioners & their patients, 11340
risky decision making & allocation of treatment resources to patients with AIDS vs leukemia, college students, 26191
sensation seeking & impulsivity & risk appraisal & behavior, college students, 17548
sex, characteristics & accident risk, drivers, 23868
single exposure to cat, anxiety & risk assessment, male rats, animal model of generalized anxiety disorder in PTSD, 44267
social distrust & risk communication in hazardous facility siting, 23850
social structural risk factors & rates of homicide victimization, males vs females, US cities, 45789
socially constructed myths about nature & natural phenomena, risk perception & communication about environmental hazards & public health & safety, 23845
socioeconomic & perceived risk variables, willingness to pay for risk reductions for well vs less defined hazards, adults, 27795
sociological perspective on recreancy & analyses of risk perceptions related to technological & societal & institutional responsibility, 45053
statistical vs algebraic estimation of utility vs lottery dependent utility vs weighted utility model, prediction of individual choices & preferences, college students vs sales force personnel, 304
subculture & motives & risk perceptions & benefit & cost outcomes of participation in skydiving & parachuting & other high risk leisure activities, 16–62 yr olds, 47462
task related affect & perceived risk & decision criticality, decision making response to organizational dilemma, business professionals, replication, 16261
temporal context, judgment of value of risky vs riskless investments, college students, 330
underlying belief & value systems & variability in framing of risk issues, social conflict in & decision making about environmental & public health risks, 23855
understanding of physical & chemical & biological processes & mental model of hazard, ability to respond to radon risk, adults & elderly, 23842
user preferences & reliability of computerized version of questionnaires, mental health risk assessment, college students, 43814
utility of risk factor model, prediction of drug usage prevalence & frequency, rural 7th graders, prevention implications, 25209
validity of bipolar vs unipolar rating scales, assessment of perceived risk of technologies & substances & activities, college students, 31841

Risk Analysis—Books

Suicide: Guidelines for assessment, management, and treatment, 25945

Risk Analysis—Chapters

Courts, agencies, and social risk assessment, 27856
Dealing with dangerousness: Community risk management strategies with violent offenders, 19296
Decision making in the context of genetic risk: The use of scenarios, 7019
Decision to hospitalize and alternatives to hospitalization, 26407
How women perceive teratogenic risk and what they do about it, 46707
Perceptions of environmental hazards: Psychological perspectives, 32194
Psychodynamic approaches to the assessment and management of suicide, 25951
Psychological testing for potentially suicidal individuals, 24165
Review of empirical risk factors for evaluation of the suicidal patient, 25948
Risk assessment of acute health and comfort effects of indoor air pollution, 22165
A risk model for patient fall prevention, 7175
Risk perception and HIV legal issues in the workplace, 43516
Structured clinical assessment of suicide risk in emergency room and hospital settings, 24169
Suicidal behavior of adolescents, 25947
Suicidal behavior of children, 25964

Risk Populations [See At Risk Populations]

Risk Taking [See Also Gambling]—Serials

aggressive behaviors & drug use & suicidal thoughts & plans & attempts & physical recklessness, 9th–12th graders, 29774
AIDS education with vs without HIV testing & results, high risk sexual behavior, 18–66 yr olds, 2 mo followup, 14908
AIDS knowledge & attitudes & risk behaviors, incarcerated adolescents vs public school students, implications for prevention, 22273
AIDS prevention intervention, AIDS knowledge & attitudes & risk associated sexual behaviors, Black male adolescents, 18960
AIDS prevention project, risk related sexual practices, iv drug users, 4 & 8 & 18 mo followups, 14883
alcohol &/or drug use during sexual activity, HIV risk behaviors, inner city Black male adolescents, 26229
alcohol consumption & high risk behavior for HIV infection, iv drug users in AIDS education program, 14244
alcohol consumption, sexual activity & risk behavior, 18–60 yr olds, application of diary methodology, 45165
alcohol, sexual arousal & high AIDS risk sexual behavior, females, research review, 45991
alcohol use & suicidal ideation & attempts & risky activities, 11–17 yr olds, 17965
alcohol use, physically risky behavior, male vs female 8th vs 10th graders, 21230
analysis of investment theory of creativity, predictive value of internal creativity resources & risk taking, adults, 29462
Behavioral Risk Factor Survey vs Stanford Five City Project Survey, cardiovascular risk behavior estimates, 25–65 yr olds, 16036
Behavioral Risk Factor Survey vs Stanford Five City Project Survey, cardiovascular risk behavior estimates, 25–65 yr olds, commentary, 38208
Behavioral Risk Factor Survey vs Stanford Five City Project Survey, cardiovascular risk behavior estimates, 25–65 yr olds, commentary reply, 38202

behaviors & attributes & HIV risk practices, injecting drug using 16–41 yr olds, Scotland, 29854
benzodiazepine & other drug use & HIV risk taking behavior, iv drug users, Australia, 13933
birth order & self concept & participation in high risk recreational activities, 17–63 yr old parachutist association members, 47468
campus environment, health risk behavior, college students at large university, 19568
certainty vs risk vs uncertainty, strategies in resource allocation decision making, 21–60 yr old Coast Guard personnel, 28255
change in high risk sexual behavior after diagnosis, blood donors with HIV, 14227
changes in HIV rates & sexual risk behavior, homosexual & bisexual males, 1984–88/92, 46001
cognitive style & risk taking & self control & other factors, perceptive & cognitive failure errors in decision making, computer operators, 8322
comprehensive health education, sexual risk behaviors, college students, 34806
conceptual developmental model of psychosocial factors of education & health high risk behavior, preadolescents, implications for research & prevention, 9265
correlates of injection vs sexual HIV risk behavior, HIV infected prisoners, commentary, 46968
cultural rules & norms for sexual behavior & HIV risk behaviors, HIV positive & negative 15–30 yr old Baganda females, Uganda, 30119
culturally tailored HIV & AIDS risk reduction videotapes, low income urban African American females, 34788
decision making under uncertainty & risk, racetrack bettors, Finland, application of utility function model, 29430
decision time & positive vs negative framing of choices, decision making, college students, Japan, 24414
denial & perception of risk, HIV infection prevention barrier, 18–50 yr olds, Netherlands, 26241
development & reliability & validity of Safe Sex Behavior Questionnaire, 18–23 yr olds, 39867
developmental perspective on & role of sensation seeking & egocentrism & socialization & peer influences in & psychosocial framework of reckless behavior, adolescents, commentary, 13124
developmental perspective on & role of sensation seeking & egocentrism & socialization & peer influences in reckless behavior, adolescents, 13089
developmental vs psychosocial theory & role of sensation seeking & egocentrism & socialization & peer influences in & agenda for research on reckless behavior, adolescents, commentary reply, 13090
difficulty level, latency to & persistence at achievement task, college students low vs high in resultant achievement motivation, hypothesis generated from risk taking & action dynamics models, 4407
diffusion of innovation & social influence principles via key opinion leaders, HIV risk behavior, gay males, 18282
drug usage & violence & pregnancy & other risks of adolescence & opportunities for research & interventions & policy, 21266
dysfunction & addiction in family of origin & offspring codependency, offspring alcoholism & risk taking, 17–54 yr olds, 1897
economic & social & emotional barriers to reduction of HIV related risk behavior, 18 yr old & older male street prostitutes, application of Health Beliefs Model, 38681
factors in contraceptive use & AIDS risk behaviors, iv drug users, 1910
family structure, alcohol & drug use & risk taking behavior, Mexican- vs Cuban- vs Puerto Rican American 12–18 yr olds, US, 9300
frequency of unprotected anal intercourse & attitudes about condom use & other factors, gay or bisexual African American males, implications for AIDS, 18288
frequent somatic pain & behavioral vs emotional risk, 7th–9th grade males vs females, 38102
gap acceptance & riskiness of street crossing, pedestrians, 9615
group decision making & risk taking propensity, culturally diverse vs homogenous groups, 1381
groupthink, risk taking & quality of process & outcome in policy decision making, decision groups, 33229
health education intervention program, HIV & AIDS related drug & needle risk behavior, iv drug users, 22970
high HIV risk sex & drug use behaviors, 14–23 yr old male street youth, 6302
high risk drug using behaviors & problems associated with drug & alcohol abuse, reservation vs nonreservation American Indian 8th vs 12th graders, 13919
HIV infection & risk behaviors, iv drug users in low seroprevalence areas of Midwest, 14245
HIV knowledge & attitudes & self control & ego identity development & other psychosocial & behavioral factors, prediction of high risk unprotected sexual intercourse, male college students, 22278
HIV knowledge level & risk behavior, foreign born middle & high school students, 14231
HIV related drug & sexual risk behaviors, pregnant & nonpregnant iv drug users or sexual partners of iv drug users, implications for prevention, 34085
HIV risk behavior reduction programs, iv drug users, 3059
HIV risk behavior variables, prediction of needle exchange program attendance vs nonattendance, iv drug users, Scotland, 41726
HIV risk related sexual & drug use behaviors, adolescents with vs without psychiatric disorders, 21690
hypothetical risk of hepatitis B vs HIV exposure vs uncertain infection & probability of death, choice of risk situation, college students, support for expected utility vs prospect theories, 18237
improvements in knowledge about cardiovascular disease risk factors & related behaviors, 25–74 yr olds, 1979–90, 46027
individual & cultural differences in risk behaviors & adaptation to environmental risks, 43592
individual differences & within S consistencies in concurrent choice simulation of risk taking, adults, 1470
individual psychological & sociodemographic variables & sex & drug abuse experience & knowledge of & attitudes toward AIDS, prediction of AIDS related behavior change, 15–30 yr olds, Croatia, 22266
induced hypocrisy, denial of risk behavior & intention to use condoms, sexually active college students, implications for AIDS prevention, 14879
informational program for prevention of risky driving behavior, young adults, Netherlands, 31689
iv drug usage practices, AIDS risk, male vs female 19–66 yr old users not in treatment, 33884
job risks & risk taking & exposure to danger, male professional divers, Finland, 15700
learned riskiness in driver behavior & traffic accidents & behavioral interventions, 8376
level of managerial shareholdings, risk taking behavior & financial distress & failure, management teams of thrift institutions, 1987–91, 31532
line bisecting & hemisphere predominance, prediction of personal optimism & preference for risky behaviors, right handed medical & college students, Germany & US, 553
mathematical model of safety measure effects & risk compensation & behavioral adaptation, road users, 39620
methodological considerations in interpretation of correlations between risk perception & behavior, 32034
mood & HIV risk behavior & psychopathology, drug dependent 21–59 yr old veterans, 1918
musical preference, reckless behavior & sensation seeking & family relationships & self esteem, 10th & 12th graders, 1031
needle sharing & drug administration rituals, heroin addicts, Netherlands, implications for HIV prevention, 13941
needle sharing & other risk related drug behaviors & HIV status, iv drug using 18–40 yr olds & older, 18286
nursing situation & representation of HIV transmission & symptoms in workplace, risk taking behaviors, 21–61 yr old nurses, 10833

optimism & psychological distress & coping & high risk AIDS related sexual behavior, gay male 22–60 yr olds, 2216
past & current sexual behavior & risk taking, arrestees in county jail, implications for HIV prevention, 33909
patterns of drug use & HIV risk taking, daily amphetamine or opioid injecting adults, Australia, 37939
perceived consequences of risky behavior, adolescents vs adults, 32937
perceived individual &/vs group risk, pre & post group discussion choice shifts, college students, 12214
perceived invulnerability to risks & risk behavior, high vs low risk 11–18 yr olds vs adults, 21260
perceived purchase vs possession vs health risks, female career oriented 23–65 yr olds with tattoos, 29396
perceived sexual self control & high risk sexual behavior, 18–60 yr old gay males with vs without HIV, 6286
perceptions of absolute & comparative risk of AIDS & AIDS related behaviors, 9th–10th graders, 10283
perceptions of smoking associated health risks for self vs typical smokers, 18–80 yr old current vs former smokers vs nonsmokers, 13391
personality & demographic & automobile & behavioral characteristics, risk taking & accident involvement & driving behavior, motorists, 31681
positive vs negative framing of options, group & individual risky choice & preferences, college students, application of theories of risky choice, 4335
practice & knowledge of risk of & intentions toward HIV transmission behavior, HIV infected male prisoners, Ireland, 19288
predation risk in traveling toward mating call, mate choice, female crickets, 44293
predictors of needle sharing, iv drug users entering treatment, 39036
problem drinking & high risk driving, DWI offenses & self report of drunk driving, at risk 16–73 yr olds, 29897
prompt checklist in medical chart, screening & counseling & referral for high risk behaviors, physicians, 46604
psychoeducational approach to AIDS risk reduction, iv drug users, 3072
psychological & social & financial & educational & alcohol related factors, risky driving behavior, 18–24 yr olds, 31686
psychosexual factors & substance use, risky sexual practices, homosexual & bisexual males with vs without HIV infection, 22272
race & class, AIDS related sexual risk behaviors, low income females, 30124
rephrasing of program descriptions & outcome risks, framing effects in choice of program, college students, Sweden, replication, comparison with US data, 4291
risk appraisal, relationship between past & future risk behavior, college students, conference presentation, 13544
risk aversion & attitudes toward inequity & interaction with tax evaders & means of influencing inequity, tax compliance decisions, 23920
risk involvement & problem behavior personality & egocentrism, risk taking, 11–17 yr olds with vs without conduct &/vs affective disorders, 37595
risk perceptions & uncertainty, decision making in foreign exchange risk management, multinational corporations, terminology & methodology appended, 31594
risk seeking & safety seeking behavior, 11–15 yr olds, Norway, 5231
risk taking & perception of own & others' smoking & satisfaction with life & health, smokers vs ex-smokers vs nonsmokers, 17420
risk taking & reduction & perceived AIDS risk & socioeconomic & demographic & attitudinal correlates of injecting & needle sharing, iv drug users visiting soup kitchen, 1933
risk taking attitudes & uncertainty & self reproach in missing diagnosis, use of laboratory tests, general practitioners, Netherlands, 10965
risk taking in simulated family situations, male vs female 21–46 yr olds, Israel, test of theory of parental investment, 29251
self deception & impression management & social desirability, self report of HIV risk behaviors, iv drug using adults, 37945
sensation seeking & impulsivity & risk appraisal & behavior, college students, 17548
sensation seeking & risk taking & driving behavior & accidents & personality traits, male vs female 19–61 yr old drivers convicted of nonalcohol related offenses, 25550
severity of drug dependence & passive sharing of injecting equipment, heroin users, 45722
severity of drug dependence & sexual behavior associated with HIV risk, heroin users, 45723
sexual behavior & knowledge of HIV & AIDS & safe sex practices, 15–20 yr old gay or bisexual males, England & Wales, 10277
sexual risk behavior & perceptions of behavior change & psychosocial factors, maintenance of behavior change, homosexually active males, longitudinal study, implications for HIV & AIDS prevention, 5478
sexual risk behaviors & knowledge & beliefs about prevention of AIDS, runaway 11–17 yr olds, 18978
single vs serial session AIDS risk reduction program, knowledge of & attitudes toward AIDS risk & sexual practices, gay or bisexual males, Canada, 30730
situational factors & thought processes, justifications for unprotected intercourse, heterosexual college students, England, implications for AIDS education, 10890
situational factors & thought processes & other variables, safe vs unprotected intercourse, 15–21 yr old homosexual males, Australia, comparison with data from older males, 9244
situational factors of AIDS risk behavior & lapse avoidance coping strategies, gay males, 14234
smoking & alcohol use & obesity & physical activity & other behavioral risk factors, 18–70 yr old & older runners vs nonrunners, 26955
social contexts of needle sharing & associated HIV risk, male vs female 15–55 yr old drug injectors, Scotland, 45703
social learning & modeling, risk taking & gambling-like behavior, 4–5 yr olds, 5187
social reciprocity & HIV risk taking in injecting practices, iv drug users, 18038
social rules of & risk taking in motor traffic, drivers, 31696
social skills & sexual behaviors & risks, adolescents, implications for AIDS related sexual social skills training, 34693
socioeconomics & mental illness & drug & alcohol use & HIV risk behavior, 18–35 yr olds on probation, 43001
sociogeographical mating networks, risky sexual behaviors & HIV transmission, urban elite & rural residents, Uganda, 38181
standard care with vs without AIDS education & counseling, HIV risk behaviors, adolescents with sexually transmitted diseases, 38771
stress & coping & religious beliefs & activities & high risk sexual behavior, nonmonogamous gay & bisexual males, implications for HIV risk reduction, 5472
test retest reliability of sexual HIV risk taking interviews, 18–59 yr old psychiatric patients, 45331
texture of risk in everyday lives & opportunities for influence & support from adults, children, 5220
theory based & peer focused drug education course, perception of risks of alcohol & marihuana & cocaine, college students, commentary, 27403
Think First injury prevention program conducted by model systems of care, knowledge of & attitudes toward traumatic brain injury & risk taking behavior, middle & high school students, 42645
threat of AIDS, sexual decision making & rational reasons for risky sexual behavior, model of subjective expected utility theory, 22289
type of corrective feedback & discussion of anticipated negative consequences & risk taking, attraction to & frequency of corrective feedback & group cohesiveness, counseling group members, 6611
untreated childhood trauma & HIV high risk behavior, adult survivors of childhood sexual abuse, 33731

validity of Health Belief Model, prediction of risky sexual behavior & AIDS perception & susceptibility & condom use & health attitudes, male vs female 17–20 yr olds, Australia, 18289
venturesomeness & impulsiveness, high risk behavior, 18–20 yr olds, 33334
1st vs 2nd best choice in risk taking, male college students, Sweden, implications for group risk taking, 29411

partnership interventions for health promotion, rural communities, 30712
perceptions of prior & current health status & outlook, rural 30–50 vs 51–69 vs 70 yr olds & older, health promotion implications, 30719
perceptions of vulnerability & importance of different community health problems & communication between age groups, rural dwelling 13–96 yr olds, 40917
personal characteristics & activities, 16–82 yr old rural natural helpers, implications for social work research, 9549
personal health practices, rural husbands vs wives, comparison with national data, 18957
personality dynamics & career aspirations, rural 7th graders in career & educational development program, 35494
phases in response to professional litigation, rural community health professionals, application of G. Caplan's theory of crisis, 31178
physical & environmental & socioeconomic criteria, prediction of housing satisfaction, rural families, 29326
physical & subjective & social availability of alcohol, alcohol consumption, urban vs rural adults, 37395
potential difficulties in practice & stages of community integration, rural psychologists, 3145
poverty, metropolitan vs nonmetropolitan elderly, 33036
preference for environmental sounds, urban vs rural high school students, Japan, 32963
presence of DSM-III-R sadistic & self defeating personality disorder criteria, rural mental health clinic outpatients, 17874
prevalence of alcohol abuse & other psychiatric disorders, rural 4–87 yr olds, Australia, 1570
psychiatric morbidity, clients of small town vs inner city social workers, England, 33527
psychiatric referral for self mutilation, rural 12–20 yr olds, Scotland, 41694
reading perceptions, institutionalized vs noninstitutionalized rural 60–98 yr olds, 38968
regional & rural vs urban location & social support & religious affiliation, suicide, Jews vs Catholics vs Protestants, 6017
roles in & perspective on working with elderly, rural Adlerian psychologist, 38413
rural community based multidimensional geriatric assessment outreach teams, Canada, 10982
rural parents empowerment project, support for youth career development, parents & their children, Canada, 27625
school vs city size, anabolic steroid & illicit drug & cigarette use, male 10th–12th grade athletes vs nonathletes from rural state, 13986
sex & rural vs urban environment, death anxiety, 15–18 yr olds, 17183
sociodemographic & housing characteristics, housing attitudes & mobility intentions, 20–84 yr olds, implications for social services & planned housing, 45025
sociodemographics & personality variables, prediction of alcohol use, rural 3rd–4th graders, 3 yr longitudinal study, 37138
state university & mental health system collaboration for continuing mental health education & program consultation, staff of rural & semirural state hospitals & community programs, 15264
store patronage & urban vs rural living area & demographic characteristics, fashion & apparel shopping perceptions, 18 yr olds & older, 23816
stress coping framework for psychosocial health & mental health service needs & use, urban vs rural elderly females, 34824
training model for rural mental health services delivery, psychologists, 43050
types & sources of support networks, 65 yr old & older rural community residents, Wales, 8 yr followup, 13213
UNICEF mobilization & training project for detection & rehabilitation of speech & hearing disabilities, educational & health & grassroot workers in rural communities, India, 27185
use of licit & illicit drugs, rural vs semirural vs nonrural 8th & 12th graders, 37956
use of resource matrix in designing rural child & adolescent psychiatry residency programs, residents, 23377
utility of circumplex model based on family cohesion & adaptability, prediction of depression, rural adolescents, 29629
utility of risk factor model, prediction of drug usage prevalence & frequency, rural 7th graders, prevention implications, 25209
values, attitudes toward 1 child per couple policy, rural residents, China, 37336
1st & current use of alcohol & marihuana & hard drugs, rural 11th graders, 29846
3 stage model of HIV/AIDS education through rural region collaboration, 14884
3 stage procedure for early detection & assessment of prevalence & risk indices, rural 11–20 yr old females with clinical vs subclinical bulimia vs anorexia nervosa, 5 yr study, 45868

Rwanda—Serials

HIV testing & pregnancy counseling program, pregnancy & hormonal contraception use, 18–35 yr old females with vs without HIV, Rwanda, 38747

Nothing makes the leap between clinical psychology and behavioral medicine like ClinPSYC!

As our understanding of the biological factors in psychological health and the behavioral factors in physical well-being increases, the old boundaries between the mental and the physiological are being erased. And the scientific literature needs of disciplines like clinical psychology, psychiatry, medicine, social work, pharmacology, nursing, and public health are becoming more interdependent.

To help meet these needs, PsycINFO developed ClinPSYC, a specialized CD-ROM database providing abstracts of behavioral literature relevant to these and related fields, including mental and physical disorders and treatments, psychological aspects of physical disorders and treatments, professional issues in the mental health and medical fields, neuropsychology, psychopharmacology, and health and illness assessment methods.

Try ClinPSYC Free!

Take advantage of our 30-day free institutional try-and-buy opportunity and experience for yourself the benefits of this exciting scientific database.

Since ClinPSYC is distributed by CD-PLUS and Silver Platter, you can use familiar software. The on-disc thesaurus makes subject searching precise and simple. And you can choose either a single-user workstation or a network, both priced to suit today's budgets.

For more information on ClinPSYC and our 30-day free trial, call **1-800-374-2722**.

PsycINFO Services & Products Are The Answer To Your Information Needs

ONLY THE BEST

ONLY FROM APA

The PsycINFO® Database

Psychology's most comprehensive source, PsycINFO contains references to all relevant original research and other significant published material, drawn from more than 1,300 journals, dissertations, and technical reports. More than 50,000 new records are added annually. PsycINFO is the source for the printed *PA*, PsycLIT® on CD-ROM, and the PsycSCAN publications. PsycINFO also offers the PASAR® search service, staffed by specialists who can formulate search strategies tailored to your individual requirements. Look to the PsycINFO database for all your research in psychology and related disciplines.

Psychological Abstracts®

The essential reference guide to the world's literature in psychology and the social sciences, *PA* also covers behavioral issues in law, education, business, and medicine. Beginning with the January 1992 volume, *PA* not only includes unparalled worldwide coverage of serial literature in psychology, but also book chapter and book records in psychology. The monthly issues offer:

- more entries than ever before
- an annual index
- monthly indexes
- journal publishers' names and addresses in the annual index
- thorough author and subject listings

This resource is an indispensable complement to every library reference shelf.

1994 *PA* Subscription rates: APA Members - $654; Institutions - $1,307 (additional subscriptions to the same address - $654)

PsycINFO
INFORMATION SERVICES IN PSYCHOLOGY

PsycSCANs®

A series of inexpensive, subject-oriented publications especially geared for individual use. Each contains abstracts of the primary literature in selected topics in psychology. APA's newest PsycSCAN, *PsycSCAN: Neuropsychology*, will keep you up-to-date on current research in aspects of the relationship between the brain and behavior, in a wide range of clinical and nonclinical areas. PsycSCANs are issued quarterly and include an abstract, index terms, and full bibliographic information. Get more than 1,500 abstracts in a one-year period in the specialty of your choice!

Nonevaluative summaries of the serial and book literature in psychology and related disciplines

PSYCHOLOGICAL ABSTRACTS

VOLUME 80, SUBJECT INDEX V

JANUARY–DECEMBER 1993

PSYCHOLOGICAL ABSTRACTS® IS OPENING A NEW CHAPTER!

Now a single print product gives users access to chapter, book, and journal information from all areas of psychology and related disciplines.
APA's *Psychological Abstracts (PA)* brings users nearly 3,000 journal abstracts every month and NOW includes book chapter and book information*. Both psychologists and librarians have reported that they want the convenience of having a single source for ALL of the information available from books, book chapters, and journals. That's why chapter and book summaries are included in the monthly issues of *PA*.**

PA gives your users an overview of research in psychology and related fields, sums up articles from over 1,300 English-language journals and over 1,500 books annually, shows everything that's new in a given specialty, and much more!

Don't miss out on psychology's richest resource on current literature! *PA* is priced at $1,245 per year for institutions. Well worth it for over 3,750 journal and book abstracts per month!

Psychological Abstracts...

- reports advances appearing in journals and books that may not be read on a regular basis
- enables users to pick up main ideas at a glance by highlighting the key points in a given document
- saves research time by virtue of *PA* complete bibliographic data for all citations
- and lets users find what they need in a hurry with its reader-friendly indexes for each month and year.

* This book-related material previously appeared separately in *PsycBOOKS*.
** Summaries in *PA* will continue to be grouped by subject classification, as well as now by source: SERIAL, BOOKS, and CHAPTERS. We've retained the style which *PA* subscribers find most efficient, and integrated the strengths of the former version of *PsycBOOKS*.

PsycINFO®
INFORMATION SERVICES IN PSYCHOLOGY

PsycINFO, a family of interrelated information services, provides access to the literature in psychology and related behavioral and social sciences in a variety of ways. *PsycINFO* consists of:

Psychological Abstracts (PA) journal (ISSN 0033-2887). The comprehensive monthly compilation of nonevaluative summaries of the serial and book literature in psychology and related disciplines.

Issue. The monthly **PA** issues contain entries listed under 22 major classification categories, with some categories having subsections, as shown in the Table of Contents. Under each classification heading, the records are arranged alphabetically by first author, and are numbered consecutively each year. The volume contains approximately 45,000 records.

Indexes. An author, brief subject, and book title index appear in each monthly issue. An expanded and integrated annual index is published at the end of each volume.

PsycSCAN®: Clinical Psychology, Developmental Psychology and Applied Psychology. Quarterly publications containing abstracts from subscriber-selected journals in the areas of clinical psychology, developmental psychology, and applied psychology, respectively.

PsycSCAN: Applied Experimental & Engineering Psychology. Quarterly publication containing abstracts in the area of applied experimental and engineering psychology.

PsycSCAN: LD/MR. A quarterly publication containing abstracts on learning disabilities, communication disorders, and mental retardation.

PsycSCAN: Neuropsychology. A quarterly publication covering the clinical and human cognitive experimental areas of neuropsychology.

Psychoanalytic Abstracts. Formerly PsycSCAN: Psychoanalysis. Quarterly publication containing abstracts in the area of psychoanalysis.

PsycBOOKS: Books & Chapters in Psychology. An annual five-volume compilation (ISSN 1044-1514) of information on books and chapters in psychology and related disciplines covering 1987- 1990.

The Thesaurus of Psychological Index Terms® 1991. A compilation of the vocabulary used in psychology and related disciplines as generated from the files of PA.

PsycINFO User Manual® 1992. Developed for the individual researcher of the information available from PsycINFO services, whether through use of the printed **PA** issues and indexes or by computer-assisted search of the database.

PASAR® (PA Search and Retrieval). Retrospective search and retrieval services available through the PsycINFO office.

PsycINFO® Database. Magnetic tapes of PsycINFO records to institutions for annual lease or license. Designed for use by information analysts and dissemination centers, the PsycINFO database is also used for direct interaction by individuals through a computer terminal in their own facilities. This service is available through several dissemination centers throughout the world.

PsycLIT®. A CD-ROM product containing PsycINFO citations and abstracts published between 1974 and the present. PsycLIT includes English-language summaries and citations from over 1,300 journals published from 45 countries. Updated quarterly.

For more information on the above products, uses, and costs write to PsycINFO, American Psychological Association, 750 First Street, N.E., Washington, D.C. 20002-4242.
Psychological Abstracts is printed on acid-free paper. Printed in the U.S.A.

Psychological Abstracts (ISSN 0033-2887) is published monthly for $1245 domestic, $1290 foreign (APA member price $622) by the American Psychological Association, 750 First Street, N.E., Washington, D.C. 20002-4242. Second-class postage paid at Washington, D.C., and additional mailing offices. **Postmaster**: Send address changes to **Psychological Abstracts**, 750 First Street, N.E., Washington, D.C. 20002-4242.

Correspondence on copyright matters should be directed to the PsycINFO Permissions Department; back issue sales to the Order Department; and subscriptions and address changes to the Suscription Manager. All correspondence should be addressed to the American Psychological Association, 750 First Street, N.E., Washington, D.C. 20002-4242. For information regarding microform editions write to University Microfilms, 300 North Zeeb Road, Ann Arbor, Michigan 48106.

For information on obtaining single copies of documents covered in **PA**, write **Dynamic Information Corp.**, PO Box 990, Burlingame, CA 94010-1305 or 1722 Gilbreth Road, Burlingame, CA 94010-1305 (415-259-5000; FAX 415-259 5005); or in Maryland, 8904 Connecticut Avenue, Chevy Chase, MD 20815 (301-654-1995; FAX 301-654-7709).

Address Changes must reach Subscription Servicing Department, APA, 30 days prior to the actual change of address. Copies undelivered because of address change will not be replaced; subscribers should notify the post office that they will guarantee second-class forwarding postage. **Other Claims** for undelivered copies must be made within 4 months of publication. Address your claims to Subscription Manager, APA.

Subscriptions are available on a calendar-year basis only. (January through December).

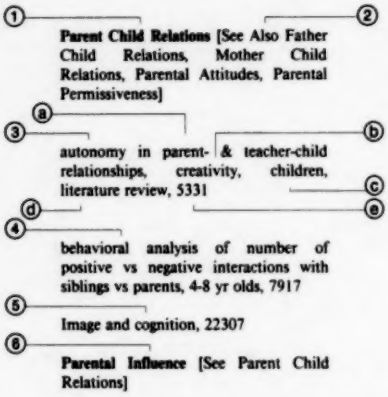
KEY TO TEXT

Examples are number coded to provide definition of their elements.

SUBJECT INDEX



1. Index term. Index terms are PsycINFO's controlled indexing vocabulary as published in the *Thesaurus of Psychological Index Terms*.
2. Cross references.
3. Index phrase (experimental type). A short statement of the major concepts contained in the original document. An experimental type index phrase may consist of:
   a. independent variable
   b. dependent variable
   c. subject population
   d. form identifier
   e. abstract number
4. Index phrase (descriptive phrase).
5. Book or chapter title.
6. Nonpostable term with see reference to postable term.

ABBREVIATIONS: In addition to commonly understood abbreviations* (including all units of measurement, educational degrees, standard statistical abbreviations, and standard Latin and reference terms), standard abbreviations used in *Psychological Abstracts* records are:

CRT	=	cathode ray tube
DNA	=	deoxyribonucleic acid
EEG	=	electroencephalogram/electroencephalograph
EKG	=	electrocardiogram/electrocardiograph
ESP	=	extrasensory perception
FI	=	fixed interval
FR	=	fixed ratio
icv	=	intracerebroventricularly
im	=	intramuscularly
ip	=	intraperitoneally
IQ	=	intelligence quotient
iv	=	intravenously
LSD	=	lysergic acid diethylamide
po	=	orally
REM	=	rapid eye movement
RNA	=	ribonucleic acid
S	=	subject
sc	=	subcutaneously
TV	=	television
UK	=	United Kingdom
US	=	United States
USSR	=	Union of Soviet Socialist Republics
VI	=	variable interval
VR	=	variable ratio

Computer language and computer names will also be used without definition, eg., **ALGOL, COBOL, FORTRAN, IBM 360**

**Consult Webster's New Collegiate Dictionary.*

This Annual Subject Index, published in five volumes, consolidates more than 159,000 references to approximately 45,000 abstract records published in 12 monthly issues of *Psychological Abstracts* from January 1993 through December 1993. A companion work, the Annual Author Index, references these records by author and document title.

Index terms, selected from the *Thesaurus of Psychological Index Terms,* represent the literature covered for the periods indicated. Only terms assigned as major terms, reflecting the main focus of the article, appear in the printed subject index. (Terms assigned as minor do not appear in print but are available for online searching.) Subject matter content determines the specific terms used and, thus, not every thesaurus term will appear in every index. "See" and "See Also" references are present to direct the user to the preferred terminology or related areas of interest. Index phrases are alphabetically arranged under the appropriate index terms and represent a concise statement of the article's content or, when appropriate, identify the independent and dependent variables described in the material as well as the subject population. Style changes such as the increased use of abbreviations or the elimination of some hyphens may result in some inconsistencies and may affect the alphabetical order of phrases.

Saccadic Eye Movements [See Eye Movements]
Saccharin—Serials
application of protein synthesis inhibitor anisomycin to gustatory cortex, memory of taste aversion to saccharin, male rats, 32692
dextrose & saccharin solution, early onset of reduced morphine analgesia, male rats, 28706
glucose vs saccharin, retrograde vs anterograde enhancement of memory storage, 60–81 yr olds, 16814
saccharin & alcohol intake, rats, 710
saccharin & glucose solution intake, restraint stress induced potentiation of morphine induced analgesia, male rats, 20822
stressful shock, saccharine vs sucrose solution drinking behavior & weight gain, male rats, 4705
taste preferences for saccharin concentrations, male rats with hypothyroidism, animal model, 12643
SAD [See Seasonal Affective Disorder]
Sadism [See Also Sexual Sadism]—Serials
presence of DSM-III-R sadistic & self defeating personality disorder criteria, rural mental health clinic outpatients, 17874
Sadism [See Also Sexual Sadism]—Chapters
Human vectors of trauma: Illustrations from the Marquis de Sade, 29821
Sadness—Serials
enjoyment of sad films & development & validity & reliability of Sad Film Scale, male vs female college students, 27981
expression of anger vs sadness during extinction in learning task, subsequent relearning, 2–8 mo olds, 21184
psychological vs spiritual concepts & labeling of experiences of incongruity as depression vs melancholy, 5813
psychological vs spiritual concepts & labeling of experiences of incongruity as depression vs melancholy, commentary, 5810
psychological vs spiritual concepts & labeling of experiences of incongruity as depression vs melancholy, commentary, 5822
psychological vs spiritual concepts in Judaism & labeling of experiences of incongruity as depression vs melancholy, commentary, 5831
regional cerebral blood flow during self induced dysphoria, healthy adults, 44549
sadness vs anger, causal judgments in social perception, college students, 33266
simulated vs actual sad or happy mood, mood congruent recall, depressed vs nondepressed female college students, 25537
zygomaticus facial muscle contractions, sadness in response to aversive photographs, college students, 12308
Sadomasochism [See Also Masochism, Sadism, Sexual Masochism, Sexual Sadism]—Serials
psychoanalytic perspective on origin of humanity's pleasure in pain of others & self, 21602
sadomasochism & defensive identification in complementary interactions of narcissistic & borderline personality types, adult analysands, 14637
Safety [See Also Air Traffic Control, Aviation Safety, Highway Safety, Occupational Safety]—Serials
comparison of commonly used likelihood scales on evaluation criteria & validity & reliability, assessment of perceptions of personal susceptibility to health & safety risks, college students, 43808
concern for own & loved ones' physical safety & protective measures taken, psychologists practicing psychotherapy, 3231
educational background, consistency & safety level of prevention measures for poisoning & burns & falls & accidents, mothers of preschoolers, 46614
environmental risk & child's age, judgments about appropriate parental supervision to prevent injury, mothers of 8–9 yr olds & child protection offices & physicians & nurse practitioner, 41133
experiences with shootings & ownership of & attitudes & safety practices regarding firearms, 5–12 yr olds vs their parents, 29069
fire safety & exiting training using video prompting, moderately intellectually handicapped 21–35 yr olds living independently, New Zealand, 14574
helmet use & bicycle safety module in inner city comprehensive youth development program, 6–14 yr olds, 18982
in vivo instruction with vs without prior simulation, safety skills, moderately disabled 10.3–11.9 & 15.1–19.5 yr olds, 41866
issues in knowledge transfer & development of databank on children & child safety design, 39602
judgment of accident frequency & precautionary intent toward common consumer products, adults, 39570
perceived importance & teaching of safety skills, preschool vs elementary vs junior high vs high school special education teachers, 7514
problems in definition of safe level of alcohol drinking, 25448
psychosocial factors, in-home safety hazards related to burns or poisoning or falls, mothers of 6 mo to 4.5 yr olds, 30036
risk seeking & safety seeking behavior, 11–15 yr olds, Norway, 5231
SES & psychosocial & situational characteristics, safety behaviors to reduce risk of child injury, parents of preschoolers, 30035
shaping & changing criterion design in fire escape behavior instruction, nonverbal 9 yr old autistic female, 38459
social & demographic & situational variables & risk perception, fire safety behaviors, mothers of under 5 yr olds, 9443
socioeconomic & perceived risk variables, willingness to pay for risk reductions for well vs less defined hazards, adults, 27795
strategies for personal safety during research in dangerous settings, ethnographers, 24272
Safety [See Also Air Traffic Control, Aviation Safety, Highway Safety, Occupational Safety]—Chapters
Is electroconvulsive therapy safe?, 6837
Premarketing safety evaluation of new drugs, 22783
Safety Belts—Serials
compliance behavior & knowledge of & attitudes toward Kansas mandatory seatbelt law, motorists, 1987–89, implications for public health policy, 7798
driver's safety belt use modeling & presence vs absence of dashboard cue, safety belt use, college student passengers, 31693
Georgia's mandatory safety belt use law, injuries & fatalities, drivers, 43597
opinions of enforcement vs incentive & reward programs promoting driver safety belt use, 18–25 yr old military personnel, Netherlands, 15773

personal advocacy letter encouraging presentation of prevention message, depiction of safety belt use in comic strips, syndicated cartoonists, 23869
police enforcement of safety belt law, safety belt usage, Illinois drivers, 11799
punitive sanctions vs coproduction approach, compliance with safety belt law, 27814
race & belief in destiny, seat belt usage, adults, 19833
safety belt laws, rates of safety belt usage, drivers, 1984–89, 11796
seat belt laws, driver involved injury rates in single & multiple vehicle accidents, state accident data, 1982–86, analysis of econometric models, 31688
seat belt restraint & crash & injury severity & causation in lateral collisons, occupants of nonstruck side of vehicle, England, 31690
seat belt use, college students vs general public, 31678
written sign alone vs held by intervention agent, safety belt use, drivers, 3851

Safety Devices [See Also Safety Belts]—Serials
attitudes & beliefs & subjective norms & other factors, acquisition & utilization of automobile child restraint devices, parents of under 5 yr olds, Netherlands, 11800
attitudes toward & strategy effectiveness of bicycle helmet promotion campaign, parents of 5–18 yr olds, 38779
Colorado Occupant Protection Project, rate of issuing citations for nonuse of child safety seat, police officers, 23866
community based action research program for development of strategies for bicycle helmet wearing & safety, 10–18 yr olds, Australia, 26970
community leadership role in injury prevention through promotion of bicycle helmets for children, physicians, 14902
compliance cost & noncompliance consequence warnings, use of protective eyewear, racquetball players, 11715
educational campaign with vs without mandatory bicycle helmet law, knowledge & attitudes & practices regarding helmet use, 4th & 7th & 9th graders, 38755
effectiveness of bicycle helmet promotion through physician counseling & take home pamphlets during routine care, 5–18 yr olds, 14885
factors affecting bicycle helmet preventive counseling, pediatricians, 38828
helmet use & bicycle safety module in inner city comprehensive youth development program, 6–14 yr olds, 18982
helmet use, outcomes of head vs chest vs abdomen vs extremities injury & medical resource utilization, motorcycle crash victims, conference presentation, 39619
ignition interlock device as drunk driving countermeasure for automobiles, DWI offenders, commentary with reply included, 10014
infant car seat loan, attitudes toward & use of car seats, parents, Sweden, 47546
preseason vs primed vs nonprimed postseason recall of helmet warning label information, male high school football players, implications for behavioral compliance, 28959
visual tracking, head movement & motorcycle vs flying helmet slippage, 17–27 yr olds, 40059
weight lifting belts & back injury prevention training, injury incidence & lost or restricted workday & compensation rates, airline baggage handlers, 15602

Saint Lucia—Serials
AIDS knowledge & attitudes & beliefs & practices, 15–59 yr olds, St. Vincent vs St. Lucia, 41995

Saint Vincent—Serials
AIDS knowledge & attitudes & beliefs & practices, 15–59 yr olds, St. Vincent vs St. Lucia, 41995
migration patterns & economic shifts, attitudes toward family planning & population control programs, adults, St. Vincent, 17406

Salaries—Serials
age & sex & mobility & organizational size, managerial level & salary & subjective timetable, 23–45 yr old & older managers, UK, 43424
agency theory of determinants of faculty pay, college management professors, 15339
career path & objective & perceived job inputs & facet importance & social comparison & fair pay standards, self pay expectations, male vs female college students, 7575
comparison of pay with others, pay satisfaction, municipal employees, 19713
constant proportion principle vs law of diminishing returns in pay increase size, perceived attractiveness of bonus, sales employees, 19716
cues in decision making process for selection of sample firms in comprehension surveys, compensation specialists, implications for market wage estimates, 7586
demographic & attitudinal factors, satisfaction with compensation & benefits, public university faculty, 19450
distributive vs procedural justice model of pay satisfaction & organizational commitment, engineers, 43464
education & Type A behavior & salary & hrs worked & career at plateau & time in job, job satisfaction, female vs male financial institution officers, 15641
equitable vs low payment for clerical task with high vs low payment information & sensitivity, self payment of allowed amount vs theft, college students, 27696
executive compensation & board of directors' supervision & conditions in simulated labor market, unauthorized leave taking as opportunistic behavior, business students as mock executives, 3679
factor structure of Pay Satisfaction Questionnaire, internal auditing directors, US & Canada, 161
geographic mobility, earnings, Mexican vs Puerto Rican vs Cuban vs White male workers, US, 15657
individual inputs & perceptual variables, facets of pay satisfaction, 27–75 yr old college faculty members, 11363
job & family compatibility & parenting & job concentration of females, occupational sex segregation & wage incongruence, adult female vs male full time employees, 1321
models of labor market dynamics, employment & earnings trajectories, male vs female TV industry writers, 1982–90, 19655
organizational context of pay satisfaction, male vs female factory employees, 7649
own vs other's income vs relative deprivation vs demographic characteristics, perceived wage entitlement, 21–65 yr old female vs male workers, Israel, 11662
parental career & family orientation & hours worked per week & salary & parent & offspring closeness, college students, 41120
pay & level & flexibility of benefits, number & acceptance rate of applicants & time to fill positions, human resource managers hiring bank tellers, 3654
perceived pay & promotion equity & job satisfaction, male vs female federal employees, technical report, 11669
perceived physical & mental demands of waged vs nonwaged labor, female full or part time employees vs homeworkers, 43449
perceived risk of own vs others' occupations & postulated compensation, 25–50 yr old pilots vs engineers vs fire fighters vs railway engine drivers vs physicians, 47400
perceptions about adequate compensation & care for employee safety, organizational climate, 26 yr old & older management experts, India, 15674
perceptions of employment & unemployment & pay, 6 vs 8 vs 10 vs 12 yr olds in state vs private school, England, 25214
policy capturing approach & employee characteristics, pay allocation decisions, managers, 35559
procedural & distributive justice, pay & job satisfaction & organizational commitment & evaluation of supervisor, bank employees, 3707
psychosocial & career related functions of mentors, organizational socialization & job satisfaction & salary, proteges in formal vs informal mentorships, 7632
ratings of job satisfaction, job change & pay & working conditions, early childhood teachers, 19448
research vs teaching vs service, merit vs market based salary adjustments & compression, college faculty, 11366
role of & psychological perspectives on meanings of pay & relationship to work behavior, employees, 7597
role of strong vs weak personal ties & network composition in job search & minimum acceptable wage, job seekers, application of mathematical modeling, 15600
self vs superior vs peer vs subordinate perceptions of ethics & leadership & salary, managers, 27659

sex &/vs race, pay variation & segregation into occupations &/or ranks, employees of international energy supply firm, 27699
sex, job type & access to authority & earnings, managers, 19693
smoking & obesity, annual earnings, workers, 23715
sociopolitical barriers, values in administrative compensation decision making, 27634
starting wages in & choice of traditionally male vs female occupations & atrophy, occupational sex segregation, 30–44 yr old females, 19657
supported employment, wages, developmentally disabled adults, 3128
trends in occupational & industrial sex segregation of wages & female labor force participation & other dimensions, employees, 1960–80, 56 developing & developed countries, 19658
validity of pay level & raises & benefits & structure & administration dimensions of Pay Satisfaction Questionnaire, corporate employees, 39894
work experiences & incentives, work vs welfare choice, females in minimum wage job market, 33059
Salaries—Books
Compensation: Effective reward management, 7590
Salaries—Chapters
Employee compensation: Research and practice, 31495
Justice and pay system satisfaction, 39495
Strategic reward systems, 31603
Sales Personnel—Serials
age, job performance, 25–65 yr old salespeople, 47360
constant proportion principle vs law of diminishing returns in pay increase size, perceived attractiveness of bonus, sales employees, 19716
deontological vs teleological influences on ethical judgments & reward vs discipline of supervisees, sales & marketing managers, 27655
development & validation of Sales Personnel Inventory, assessment of personality traits, sales representative job applicants, 28106
development & validation of Sales Skills Inventory & situational judgment measure, prediction of job performance, telephone sales representatives, 28111
empathy, sales effectiveness, sales personnel, 3661
feelings of success, relationship between work performance & job satisfaction, salespeople, 43443
individual differences & work outcomes & role perceptions & organizational variables in job satisfaction, salespersons, meta analysis, 27676
job analysis based construction & unitarian validation of Mathematical Skills Exercise, personnel selection, sales & merchandising representatives, 39889
job experience, time spent on job activities & sales performance, stockbrokers, 23719
job performance, psychological adaptiveness traits of self monitoring & androgyny, sales managers, 31520
organizational structure & Machiavellianism, performance, sales personnel, 39455
perception of sales representatives' performance in exchange relationships, purchasing executives vs manufacturer's representatives, 39449
perceptions of knowledge & skills needed by college graduates seeking retail positions, retail executives, 11602
perceptions of role stress, purchasing professionals as boundary role persons, 3711
psychological climate within sales unit, trust in managers, salespersons, 47440
public identification of high risk products, theft reduction & reactions, grocery store customers & employees, Sweden, 35753
quitting intention & organizational climate, job satisfaction & organizational commitment & identification, salespersons, 1 yr followup, 43467
sales quota level & expectancy & self efficacy, motivation, mock salespersons, 27677
sex stereotyping in perceptions of subordinate saleswomen, male vs female managers, 3670
tourist overpay vs underpay condition, dishonesty vs indifference vs carelessness in souvenir shop transactions, cashiers, Austria, 35639
validity of Personnel Decisions Inc. Employment Inventory, prediction of performance & tenure, discount retail store associates & assistant managers & job applicants, 39885
validity of personnel selection battery, prediction of job performance, insurance agent support persons, 28101
2-factor higher order model of perceived psychological climate in retail service environment, sales personnel, application of multiple stakeholder perspective, 7676
Salience (Stimulus) [See Stimulus Salience]
Saliva—Serials
brief mental arithmetic stressor, salivary cortisol response as indicator of biobehavioral reactivity, college students, Australia, 8791
saliva test pipeline procedure, self report of alcohol use, 6th–8th graders, 29067
validity of salivary cortisol assessment, stress detection, captive female elephants, 4669
Saliva—Chapters
Professional stress in surgeons and artists as assessed by salivary cortisol, 8822
Salivary Glands—Serials
intermale aggression against unfamiliar conspecific & submandibular vs preputial gland size, goldthioglucose induced obese mice, animal model, 4728
vomiting & binge eating, hyperamylasemia & salivary gland enlargement, patients with bulimia vs anorexia nervosa, Austria, 26121
Salivation—Serials
cue reactivity, individual differences in urge to drink & salivation, alcoholic males, 6070
dietary restraint, sensory food cue induced cephalic phase salivation & sensory specific satiety & food intake, college students, 12668
food habituation & change, food consumption & hedonics & salivation, satiated male 18–30 yr olds, 4727
hypnosis vs relaxation vs imagery suggestion, salivation, hypnotic susceptible vs nonsusceptible 18–42 yr olds, Canada, 407
management of drooling, patients with cerebral palsy, 18903
nontaste stimulus distractor, habituation to repeated taste stimulus & dishabituation to novel taste & salivation & hedonic responses, adult females, 8742
repeated food cues during smoking abstinence, habituation of salivation, male 18–35 yr old smokers, 12638
salivary habituation to high vs low calorie lemon gelatin, 18–35 yr old females, 32046
spitting as ancillary nonverbal linguistic code & sign in ritualized communication, 16942
subjective with vs without physiological arousal & stress, dishabituation of salivation, 18–35 yr old females, 36665
treatment of drooling, quality of life & social interactions, developmentally disabled patients, 18464
Saltiness [See Taste Perception]
Sampling (Experimental) [See Also Biased Sampling, Random Sampling]—Serials
client confidentiality & issues in S sampling & recruitment process for survey used in health & social services program evaluation, AIDS patients, 30748
cues in decision making process for selection of sample firms in comprehension surveys, compensation specialists, implications for market wage estimates, 7586
generalized variance criterion for sequential sampling design in 2 parameter item response theory model, 24239
methodological strategies & underlying paradigms in recruitment of hard to reach & ill defined subpopulations, crack or other drug abusing 15 yr olds & older, 28156
model of incomplete repeated measurements design with subsample cohort overlap for avoiding problem of missing data in longitudinal studies, 20180
multiple risk cohorts & sample segments in genetic risk group approach to etiology of major psychoses, implications for interventions & statistical analysis, 29666
replication in determination of cluster number in hierarchical cluster analysis, 184

sample size & power computation, nursing intervention trials, 8157
sampling age as continuously distributed variable factorially combined with treatment groups & analyzed as ANOVA, 8143
sampling issues for statistical analysis of average child from average family, 20131
sampling strategies for linkage studies of schizophrenia & other complex disorders, 41576
sampling strategy for linkage analysis of stuttering & manic depression, 45444
self vs randomly selected Ss, response bias & motivation to respond to survey, computer network users, 213
specific vocalization identification technique in tape recorded social interaction, animals, 24025
strategies for recruitment & retention & informed consent in clinical trial, premature low birth weight infants, 22184
Sampling (Experimental) [See Also Biased Sampling, Random Sampling]—Chapters
Designing samples, 36038
Sarcomas [See Neoplasms]
SAT [See Coll Ent Exam Bd Scholastic Apt Test]
Satiation—Serials
behavioral assessment of satiety, binge vs nonbinge eating 18–45 yr olds with bulimia, 2074
cholecystokinin antagonist A70104, food intake, food deprived pigs, test of satiety hypothesis, 40556
cholecystokinin vs bombesin vs lithium chloride paired with milk, defensive burying & learned aversion & reduced intake through satiety vs malaise, male rats, 8462
degree of presatiation, food intake initiation latency & rate & size, male rats, 28609
dietary restraint, sensory food cue induced cephalic phase salivation & sensory specific satiety & food intake, college students, 12668
dosage of maltose vs glucose applied to taste buds, hunger & satiation, 18–61 yr olds, 4901
food quality, sensory specific satiety, college students & staff, 16128
foraging time constraint & interprey intervals & satiation & body mass, diet choice & caching, tufted titmice, 40301
glucagon vs cholecystokinin octapeptide vs amphetamine vs lithium chloride, feeding & running & pharmacological anorexia, male rats, test of satiety mechanism, 8901
hypothalamic injection of neuropeptide Y, food intake, satiated male rats, implications for locus of control for feeding behavior, 44729
ibotenate hippocampal lesions, discrimination of interoceptive vs exteroceptive sensory cues of hunger & satiation, male rats, 40356
ip cholecystokinin-33 vs cholecystokinin-8, satiation & food intake, male rats, 40628
masturbatory satiation & covert sensitization & stimulus control, male mildly mentally retarded 33 yr old with zoophilic exhibitionism, 2509
methadone, free feeding & body temperature, satiated male rats, 20981
perception of hunger or satiety or tiredness, EPs, 21–29 yr old males, application of H. Helson's frame of reference theory, 24752
peripheral 5-HT, satiation in sham vs actual feeding, food deprived male rats, 20998
prior familiarity with 2nd female, resumption of copulation in Coolidge effect, satiated male prairie voles, 4526
satiation therapy, juvenile sexual offenders, 18629
satiation vs hunger, queen initiated shoves & work conflict & activity, naked mole rats, 8569
sucrose concentration & satiation, single alternation patterning, rats, 44234
8-OH-DPAT, cholecystokinin induced food intake suppression, male rats, 4896
Satisfaction [See Also Job Satisfaction, Life Satisfaction, Marital Satisfaction, Need Satisfaction]—Serials
attachment styles & relationship satisfaction, unmarried couples, New Zealand, 4 mo study, 41213
bargainer's own vs opponent's payoff, satisfaction with bargaining settlement, graduate students, implications for industrial buyer–seller negotiations, 45178
body satisfaction & self concept, female vs male 3rd vs 6th graders, 37118
bulimic symptoms over time, satisfaction with interpersonal relationships, female bulimic college students, 31 mo study, 33987
case management activities, satisfaction with treatment & quality of life, long term psychiatric inpatients vs outpatients vs community support system clients, 7049
causal model of health status & satisfaction with medical care, 70 yr old & older HMO patients, 1 yr followup, 27001
changes in group vs same vs mixed vs opposite sex social interaction patterns & intimacy & satisfaction, 26–31 yr olds originally assessed as college students, 45193
child & family problems & demographics & assessment & treatment & followup & outcome & parental perceptions of outcome, consumer satisfaction, parents & referral sources of child inpatients, Canada, 46878
clinical significance & meaningfulness of symptom change, perceived satisfaction with & benefits from psychotherapy, clients, 18509
communication skills training, interviewing & consultation skills & techniques & patient satisfaction, medical students, 3172
community size preference status & community satisfaction, short vs long term migration intentions, metropolitan vs nonmetropolitan community residents, 9377
comparison of pay with others, pay satisfaction, municipal employees, 19713
concept analysis & interrelationships of spiritual perspective & hope & acceptance & self transcendence, nursing implications, 35101
conceptions of & satisfaction with community, residents of traditional vs modern city districts, Turkey, 9371
construct validity of post hoc vs real time satisfaction of hike experience, adult day hikers, 11734
consumer evaluation & service satisfaction, families treated by community child & adolescent mental health services, 3–4 wk followup, 30850
correlates & predictors of satisfying love relationship, 14–18 yr olds, 37133
delivery mode of school district's speech language services, satisfaction, parents vs teachers vs principals, 11580
demographic & counselor & client characteristics, satisfaction with group counseling, 5th–8th graders with social & emotional problems, conference presentation, 42320
dental anxiety & service utilization, dental visit satisfaction, 50–89 yr olds, Canada, 7056
development & reliability & validity of Patient Satisfaction Interview, patients in partial hospitalization program, 35879
development of Metro Assessment of Child Satisfaction instrument, assessment of satisfaction with pediatric outpatient visits, 6–14 yr olds & their mothers vs physicians, 20050
discontent, Blacks vs females, 1973–87, 13244
egalitarian vs traditional sex role attitudes, association between social comparison & relationship satisfaction, adults, Netherlands, 9479
emotional self disclosure & esteem & relationship satisfaction, male vs female college students in dating relationships, 19575
employee & job characteristics & pay level, employee benefits satisfaction, hospital staff, 35533
estimation of counselor's age, perceived counselor characteristics & satisfaction with counseling, female young adults vs elderly in age similar vs dissimilar dyads, 30315
expectation & personal value attainment & surprise & satisfaction, 33–52 yr old mothers of teenagers, commentary, 1303
expectation & personal value attainment & surprise & satisfaction, 33–52 yr old mothers of teenagers, 1304
expectations & behavioral intentions in process model of consumer service quality, hotel & educational institution clients, 27763
expectations, performance & satisfaction with performance on cognitive task without feedback, college students, Israel, 5629

factor structure & reliability of Family Satisfaction Scale, measurement of interpersonal functioning & predictability of alternative measures of family attitudes, college students, 3999
factor structure of Pay Satisfaction Questionnaire, internal auditing directors, US & Canada, 161
frequency responses selected by National Acoustic Lab vs Simplex procedure, everyday satisfaction with hearing aid, hearing impaired 59–88 yr olds, 26897
group intervention program based on stress & coping framework, marital & work & parenting satisfaction, mothers who returned to work within 6 mo after birth of 1st child, followup, 34469
information processing & expectancy & valence, performance goal commitment & decision making, college students, 331
internal consistency of Satisfaction with Illness Scale, assessment of positive consequences of illness, patients with chronic obstructive pulmonary disease, 24190
introspection about reasons for preference, satisfaction with consumer choice, female college students, 43544
investment model constructs, prediction of college satisfaction & commitment & enrollment behavior, college students, 7488
leisure participation & satisfaction with family & health & leisure, perceived wellness, 20–64 yr olds, 35632
major vs minor mode & speed of background music, anxiety & satisfaction with conversation & productivity, college students, 29330
methodological issues & determinants & conceptualization of satisfaction with primary health care services, patients, conference presentation, 34812
model of mutual satisfaction in success of health care, physicians & patients, application of equity theory, 23006
mood & satisfaction & landscape scenic beauty in experience patterns, hikers, 7719
multidimensional model of patient satisfaction process, 46613
narcissism, life & self & family & job satisfaction, college students & alumni, 1457
nutrition education with vs without computer assisted instruction, program satisfaction & receptiveness, 61–92 yr olds, 34778
organizational commitment & job involvement & work salience & job & life & family & self satisfaction, self vs organizationally employed males, 7659
organizational context of pay satisfaction, male vs female factory employees, 7649
orgasmic capacity & sexual & general surgical satisfaction, male to female vs female to male postoperative transsexuals, 33193
patient characteristics & perceived stress, satisfaction survey responses, general practice patients, 38811
patient vs staff conducted surveys of satisfaction with outpatient mental health services, mentally ill 19–85 yr olds, 42733
peer acceptance & friendship quality & satisfaction & loneliness & social dissatisfaction, 3rd–5th graders, 44976
perceived maintenance strategies as correlates of relationship satisfaction at varying dialectical moments, romantic & married couples, 37412
perceived social support from & satisfaction with consumer operated mental health drop in centers, 17–69 yr olds, 42772
perception of time school psychologist spends in various role functions, satisfaction with psychologist, elementary & secondary school administrators, 15356
pharmacological vs nonpharmacological medical treatment, satisfaction with treatment, 30–69 yr olds with hypertension, 14808
physical & environmental & socioeconomic criteria, prediction of housing satisfaction, rural families, 29326
physical structure of household, perception of household space & caregiving burden & satisfaction, multigenerational families with disabled 65–100 yr olds, 34914
prebedtime activities & sleep satisfaction & length, college students, 8753
previous neighborhoods & homes, present housing satisfaction, housewives in public housing project, Venezuela, 23839
product selection criteria & information sources, perceived satisfaction with store performance, small retailers, 31631
qualitative vs quantitative approach, assessment of satisfaction with outpatient psychiatric services, clients, 42732
rehabilitation outcomes & patient & financial provider satisfaction, patients with acquired brain injury, 23184
reliability & validity of FAMCARE Scale, assessment of family member satisfaction with advanced cancer care, 18 yr olds & older, 35947
reliability of Client Satisfaction Questionnaire, satisfaction with children's mental health services, parents, 39735
rotation of morning & evening shifts, fatigue & complaints of sleep & schedule regularity & work load & housekeeping & child care & leisure time, railway traffic controllers, Netherlands, 27733
satisfaction with & integration of EAP into college environment, college faculty & staff, 35540
satisfaction with & perceived impact of information systems, police, 43673
satisfaction with alcohol & drug free housing program, recovering drug abusing & other college students, 27151
satisfaction with brief intervention, community mental health center clients, 11001
satisfaction with inpatient vs outpatient treatment, discharged psychiatric patients & their families, 1 mo & 1 yr followups, 2900
satisfaction with medical care & waiting time, adult clients of family health center vs their physicians, 7055
satisfaction with outpatient psychotherapy, 18 yr old & older clients, New Zealand, 42207
satisfaction with palliative care services, bereaved primary care providers, 27071
satisfaction with peer counseling programs & peer counselors' helping styles, high school students, 35495
satisfaction with services & environmental factors, chronically mentally ill residents of community residential care program, 27030
satisfaction with services at residential youth treatment center, 8.5–17.8 yr old clients & their parents or guardians & social worker & cottage therapists, Canada, 34928
satisfaction with services, parents of 19–71 mo olds with special needs, 2935
self perception of competence & satisfaction with parenting & well being, mothers of children with spina bifida, replication, 22354
sex role perceptions, sexual satisfaction & fulfillment, 18–54 yr old lesbians, 13373
sexual activities & desire & satisfaction, spinal cord injured male 18–70 yr olds, 38080
sexual satisfaction & fantasy, male vs female college students, 29293
similar vs dissimilar physical attractiveness, ratings of others' & own attractiveness & self esteem & body satisfaction, male vs female college students, Japan, 37508
social & psychological predictors, satisfaction with quality of birth experience, 1st time 16–38 yr old mothers, England, 42653
social structural conditions of role satisfaction & affective & behavioral responses, Assemblies of God missionary wives, 1328
social support given vs received, negative affect from & satisfaction with relationships & well being & other factors, 19–60 yr olds, England, 1367
sociodemographic & clinical characteristics & source of health care, satisfaction with care, symptomatic HIV infected patients, 30774
sources & assessment of satisfaction with day center, 51–75 yr olds with learning disabilities, 38862
stress & sexual satisfaction & marital adjustment, infertile couples, Canada, 30014
structural adequacy & maintenance quality & overhousing, subjective housing quality evaluations, 75 yr olds & older, 21286

student's academic & adaptive behavior progress, satisfaction with child's education & school, parents of elementary school students with moderate intellectual disability, Canada, 43326
tendency toward providing socially desirable answers, ratings of treatment satisfaction, psychotherapy patients, 10485
therapist's use of computerized rapid assessment instruments, outcome & satisfaction, group therapy clients, 30386
transfer involvement & preparation & characteristics, prediction of satisfaction with & outcome of transfer between units, private psychiatric hospital patients, 7148
validity of pay level & raises & benefits & structure & administration dimensions of Pay Satisfaction Questionnaire, corporate employees, 39894
victim preference & other determinants, policy arrest of domestic assailants & victim satisfaction, victims & perpetrators of domestic violence & police personnel, 37979
volunteer satisfaction, continuation in volunteer role, elderly, 37227
3rd party affiliation with & overt support of self vs disputant in simulated business negotiation settlement, bargaining behavior & outcome expectations & satisfaction, college students, 29333

Satisfaction [See Also Job Satisfaction, Life Satisfaction, Marital Satisfaction, Need Satisfaction]—Chapters
Patient satisfaction, 38845

Saudi Arabia—Serials
demographic & organizational factors & individualism, commitment to Islamic work ethics, managers, Saudi Arabia, 27646
health beliefs & behaviors, adult females, Saudi Arabia, 26956

Scaling (Testing)—Serials
BASIC program for calculation of scale values from random subsamples using 4 unidimensional scaling methods, 32016
category & ratio scaling of funniness of sexual vs innocent cartoons, male vs female college students, 13367
construct validity of Guttman scale & predictive model of local union participation, labor union members, Canada, 31555
development & scaling of convergent validity of English translation of Japanese performance & maintenance field measures of leadership, plant employees, UK & US, 35794
goal attainment scaling, evaluation of clinical change, occupational therapy clients, 31809
Guttman scaling, hierarchical assessment of continuous latent traits, 1–5 yr olds, 24242
limitations of & alternative to unidimensional scale of merit in assessment of cognitive functions & intelligence, 3956
magnitude estimation technique vs Thurston Case III pair comparison treatment of complete ranks, replication of equal interval scale values with smaller number of scaled stimuli, college students, 24041
optimal scaling procedure in 3-way analysis of quantification matrices, analysis of variables of mixed measurement levels, 39913
psychometric scaling technique, reporting & analysis of crime rates & victimization in large cities, 8107
real data simulation of computerized adaptive administration of Myers-Briggs Type Indicator, college students, 43871
reliability & predictability of shortened Child Behavior Checklist, prediction of delinquency, juvenile males, 90
reliability & validity of magnitude estimation vs category scaling vs paired comparisons, hearing aid evaluation of speech intelligibility, hearing impaired 60–87 yr olds, 15894
scaling & combining examination marks, performance assessment, students, 39875
scaling of loudness bisection & masking, rats, 12097
statistical & item scaling issues in sensitivity of assessment of sexual behavior stages preceding intercourse & protection of naive Ss from sensitive questions, heterosexual 18–24 yr olds, 4137
stimulus magnification & eccentricity, spatial scaling of Vernier acuity thresholds for abutting lines vs separated dots, adults, 262
Thurstone & item response theory methods of scaling achievement tests, 9th–12th graders, 20088
use of scalability coefficient to investigate intersection of item response functions in R. Mokken's nonparametric model, 188
validity of bipolar vs unipolar rating scales, assessment of perceived risk of technologies & substances & activities, college students, 31841
ZL response pattern scalability index, identification of individual differences in traitedness in personality assessment, adults, 39783

Scaling (Testing)—Chapters
Test theory and the behavioral scaling of test performance, 19976

Scalp (Anatomy)—Serials
counter clockwise scalp hair whorl orientation, schizophrenic inpatients, 21786
somatosensory EPs recorded from cortical surface vs scalp, normal 18–36 yr olds vs 4–78 yr old neurological patients, 10328

Scalp Disorders [See Skin Disorders]

Scandinavia [See Also Denmark, Norway, Sweden]—Serials
development of psychological study of religion, Scandinavia, 45074
prophylactic lithium & alternatives & adjuncts, patients with manic depression, Scandinavia, 34588
suicide rates, population data, 1880 to 1989, Finland vs Norway vs Iceland vs Denmark vs Sweden vs Greenland, 29803

Scent Marking (Animal) [See Animal Scent Marking]

Schedules (Reinforcement) [See Reinforcement Schedules]

Scheduling (Work) [See Work Scheduling]

Schema—Serials
actual vs epistemic miscarriage experience & grief, parents, 6229
alternative curriculums, change in conceptual framework of scientific understanding, 6th graders, 2 yr study, 35301
anthropological & sociological & psychological theory & data on health related schemas, 5589
artificial intelligence model of question-answer & explanation vs building block approach, schema use in electronics learning, college engineering students, technical report, 32209
childhood sexual molestation, personality problems & maladaptive schemata, adults, 21925
cognitive schema, explanations of somatic & emotional symptoms, 20–59 yr olds, Kuwait, 1525
cognitive therapy, depressive symptoms & self schemata, mildly to moderately depressed college students, 42281
cognitive therapy, narcissistic schemas & scripts of invulnerability, female Wall Street client, 18616
communication patterns & cognitive constructions of power & defense reactions, adults & their 3–13 yr olds in abusive relationships, 29765
conceptually integrated videodisc instruction, elimination of alternative conceptual frameworks in science, high vs lower ability 8th graders, 35311
context, inferential reasoning & selection with permission vs multiple causality schema, college students, test of P. W. Cheng & K. J. Holyoak's theory of logical structure of pragmatic schemas, 4322
cultural framework for script/domain specific knowledge based approaches to historical understanding & role in history instruction, elementary school students, 23561
degree of imposition & schematicity & instruction, primary & face goal request production fluency, college students, 25066
direct vs indirect assessments of memory for script based narratives, young vs older adults, 32874
dominance of positive vs negative aspects of target person in organization of schema, attributional judgments & information seeking, female college students, Japan, 9579
episodic or semantic schematic organizers, integration of alcohol related information, college students, 35317
formation of prototypes in preference for mother's face, 8–78 hr olds, application of schema theory, 40855
frequency variation & timing & component stability, schema in development of event memory, children, 17034

general event representations, 5–8 yr olds in psychiatric clinic, Netherlands, 21736
general world knowledge & memory representation of everyday social events with related vs unrelated prototypic schemas, college students, 24470
hierarchical concept centered schema vs traditional analysis, physics problem solution, college physics students, 35308
image schematic format & derivation of meaning from perceptual activity, infants, 5114
informational equivocality & bias, organizational attributions & shared cognitive schema, top strategic managers, test of R. L. Daft & K. E. Weick's convergence argument, 39470
instructions to monitor sensations vs emotions in cold pressor task, unpleasantness ratings & temperature estimates, college students, implications for parallel processing model of pain perception, 43936
interconnections based on categories & scene schemas & propositional representations, recall for information within representations, college students, test of structural hypothesis, 20274
interference & schema based reconstructive memory processes & source confusion, recall of citation errors in scientific literature, college students & psychology faculty members, 32233
marital schemata, attachment relations & communication during conflict resolution & memories of early family life, couples & married adults, 33097
mathematics education using individually constructed initial vs tacitly vs explicitly nested number sequences, construction of composite unit coordinating & segmenting schemes, 8 yr olds, 11431
memory for schema relevant information, meta analysis, 4391
mental models & formation of expectations & explanations, team performance & training in complex systems, military training crews, 31486
narrative structure & representational schema change in psychotherapy, 18560
near miss vs unrelated contrasting story, problem solving schema acquisition & analogical transfer from convergence stories, college students, 28245
number of days & parameters & cognitive categorization of absences, judgment of employee reliability, managers, 7601
ordered schema construction during encoding vs retrieval of story, story reading vs test RT, college students, 24400
organization & recall & response latency of event schema slot filler vs taxonomic category items, 5 vs 8 yr olds, Korea, 28974
personal need for structure, spontaneous trait inferences in social categorization, college students, 41258
philosophical perspective on conceptual schema in understanding of patient & patient therapist interaction in psychotherapy & psychoanalysis, 46361
phonetic representation & realization of consonant clusters, 3.3–6.7 yr olds with functional speech disorders, comparison with adults, 2093
positive vs negative self schema & recognition & incidental recall of positive vs negative words & RT, depressed vs nondepressed clinic referred 8–12 yr olds, 9823
pragmatic reasoning schema theory of deductive reasoning, explanation of performance on selection task, college students, commentary, 20262
prior response perseverence & intrusion, 48 yr olds with bipolar disorder or undifferentiated or paranoid schizophrenia & toxic dementia, application of cholinergic deficiency hypothesis, 41475
product category schema interaction with consumer expectations prior to trial of new product, disconfirmation judgment & post trial product evaluations, college students, 7742
properties & dynamics of abstract schemas, 36177
psychoanalytic perspective on role of internal parental couple in relationship functioning & Shakespearean examples from "Othello" & "The Winter's Tale", male analysand, 30421
qualitative & hierarchically structured expert-like problem analysis, similarity in reasoning & judgments in problem solving & schema acquisition, novice physics students, 44068
recall of taxonomically vs schematically organized verbal materials, young adults vs elderly, 25126
reevaluation of product & price & place & promotion in marketing mix classification, 31663
reflective abstraction & epistemological salience of thematic images, affective schemas in interpretation of A. Camus' "The Stranger", college students, 4320
relational schema framework of internal processing of social interaction, research review, 13421
representational framework of perceptual theory, 43922
schema abstraction vs exemplar based model of motor skill memory representation, prediction of response bias in novel task transfer & retention, right handed male college students, 24458
schema assimilation, problematic experience insights, 25 yr old male psychotherapy client, 2478
schema change vs compensatory model of change in cognitive therapy, 34424
schema relevant title & concept repetition in vague text, sentence reading time & text recall & comprehension, college students, 20287
schema theory in cognitive science vs cognitive behavioral vs psychoanalytic therapy, 10514
schema vs local processing hypothesis & object identification in visual processing of natural scenes, research review, 24301
schema vs text structure based cues, comprehension of expository prose, 4th graders, 31325
schemata, selective attention & recall & inhibition of perceptual encoding, college students, 36193
schematic knowledge of Roman numerals, representation in memory on clock drawing task, 17–46 yr olds, England, 44144
script activation during reading, facilitation of lexical access, college students, 12257
script generation of social episodes, semantic vs episodic recall, college students, France vs Poland, 12233
script typicality & abstraction & hierarchical or temporal order & context, sentence comprehension, hearing adults, Sweden, application of script activation model, 44108
scripts & sex role & gender schema development, young children, 37135
scripts derived from autobiographical experience vs affective stimuli, college students, analysis of S. Tomkin's script theory, 12216
scripts for 3 types of robberies & leading questions by attorney, jurors' memory for eyewitness testimony in mock trial, college students, 23932
self reference task prior to viewing erotic videotapes, self schema activation & word recognition & sexual arousal during viewing, 18–35 yr olds, 33194
Semantic Analyzer of Schematic Organization software system, implementation of schemata organization in constraint satisfaction neural network, college students, conference presentation, 11829
sex role development & scripts of marriage & family, 3–5 yr olds & their parents, 1136
situational appraisal of threat vs challenge vs centrality vs controllability & coping schemas, college students, Canada, implications for congruence model of effective coping, 44100
slot filler categories as mediators of event based vs taxonomic knowledge structures, 2.8–3.5 vs 5.4–6.6 vs 9.4–10.4 yr olds, test of K. Nelson's developmental hypothesis of language acquisition, 9191
social schema & information processing & symptomatology, schizophrenic patients, 21793
sociopolitical schema, attitude consistency & stability, 8–17 yr olds, Sweden, 25265
stereotypic categorization schema of male gender role subtyping, adults, 21406
structural version of learned map, recall of associated text, college students, 32212

sufficiency vs necessity reasoning schemata in processing positive vs negative outcomes & personal relevance, adults, 36170
task specificity & vision, schema development during pursuit tracking acquisition, right handed college students, Canada, 36136
threat schemata & cognitive deficits & distortions & importance of developmental factors in anxiety, children, implications for working model of worry, 45575
understanding of object likelihoods & positions & sizes & depth in scene schemata in pictures, 3.1–6.7 yr olds, 32895
utility of need for cognitive simple structure as individual difference variable & role in social functioning, college students, Canada & US, instrument appended, 41321
Schema—Books
Human motives and cultural models. Publications of the Society for Psychological Anthropology, 5361
Rules for reasoning, 28277
Schema—Chapters
Approaches to a psychology of value, 37556
Assessing schema knowledge, 20105
Assessment of rational number understanding: A schema-based approach, 31333
The case for rules in reasoning, 28299
Cognitive anthropology, 32185
Conscripting kin: Reflections on family, generation, and culture, 21370
Contextual factors in scene perception, 16220
Deceptive schemata: Initial impressions of others, 29386
Freud and gender: The script as artifact, 13170
Lay social theory: The relation between political, social, and moral understanding, 5144
Learning stages in the construction of the number sequence, 1025
Motivated models, 5321
The role of cognition in understanding gender effects, 40783
The role of event prototypes in categorization and explanation, 9595
Schema approach to personality disorders, 13858
Schemas and motivation, 5368
Schemes for schemata, 32190
Self, we, and other(s): Schemata, distinctiveness, and altruism, 25517
Studying the client's perceptual processes and their outcomes in psychotherapy, 6567

Young adults' understanding of political issues: A social-ecological analysis, 5075
Schizoid Personality—Serials
current status & modifications of diagnostic criteria for schizoid personality disorders, implications for DSM-IV, 37832
introjection & projection in psychotherapy, autistic male child & schizoid female adolescent, 34310
object relations vs systemic vs Adlerian models of schizoid personality disorder, treatment implications, 9913
Schizoid Personality—Chapters
On the occurrence of the Isakower phenomenon in a schizoid patient, 25885
Schizophrenia [See Also Acute Schizophrenia, Catatonic Schizophrenia, Childhood Schizophrenia, Paranoid Schizophrenia, Undifferentiated Schizophrenia]—Serials
A & G & M serum immunoglobulin levels, female 18–57 yr olds with schizoaffective disorders, 29664
ability of MMPI-2 validity indices to detect feigned schizophrenia, simulators coached on symptoms of schizophrenia &/vs strategies for faking detection, 31914
ability to suppress redundant information & urinary dopamine, nonparanoid vs paranoid schizophrenic vs obsessive compulsive patients, 21822
abnormal methyl metabolism, schizophrenic 26–63 yr olds, 29704
abnormal reinnervation as basis for schizophrenia, erratum, 5900
abnormal respiratory movements, neuroleptic treated schizophrenic or bipolar or mentally handicapped 29–93 yr olds with typical tardive orofacial dyskinesia, 17668
academic vs lay theories of schizophrenia, commentary, letter, 17813
acute & chronic haloperidol, changes in EEG brain mapping, 19–37 yr olds with schizophrenia, 42427
acute & habitual smoking, blink rates & alpha brain waves during smooth pursuit eye movements, neuroleptic medicated schizophrenic patients, 33639
acute haloperidol, SPECT assessed regional cerebral blood flow, 22–28 yr olds with schizophrenia vs histrionic personality disorder, 22734
adjunctive alprazolam, neuroleptic resistant schizophrenic patients, conference presentation, 18793
adjunctive polypharmacy with neuroleptics, schizophrenic patients, 46533
administrative incidence of schizophrenia, England, 13775
adoption study methods, analysis of genetic & environmental factors in schizophrenia, 17832
advances in & controversies & difficulties with cognitive behavioral management of schizophrenia, 10526
advances in positron emission tomography research & contributions to neurobiological determinants, patients with schizophrenia & affective illnesses, 1604
age & sex & smoking & benzodiazepines, steady state serum kinetics & concentration dose ratios of zotepine, schizophrenic vs mentally retarded vs bipolar 18–68 yr olds, 29509
age & sex & social isolation, psychiatric inpatient & community care histories, schizophrenic 20–60 yr old & older town residents, England, implications for deinstitutionalization, 42670
age & sex, disorder onset & early course, schizophrenic 12–59 yr olds, Germany, 25818
age at death of parent & sex, electrodermal orienting response, schizophrenic 20–45 yr olds, 5887
age at illness onset & relatives' expressed emotion & interactional processes & psychotic relapse, schizophrenic patients, 17817
age at onset of psychosis, sociability & social presence & socialization, patients with paranoid vs nonparanoid schizophrenia vs bipolar affective disorder, 25702
age of onset, male vs female schizophrenic patients, Nigeria, 25834
age, symptom management strategies, schizophrenic 19–69 yr olds, 45494
aggregation of schizophrenia vs affective disorders, families of probands with schizoaffective disorder vs mood disorder with incongruent psychotic features, 17714
akathisia induced impulsive suicide attempts, schizophrenic patients, 25802
akinesia syndrome components in parkinsonism vs retarded depression vs negative symptoms of schizophrenia, 5694
allele frequencies in dopamine D3 receptor gene, schizophrenic 20–90 yr olds, Sweden, 37739
allele frequencies of restriction fragment length polymorphisms at gene loci, 21–71 yr olds with schizophrenia or schizoaffective disorder, 33649
allergic hypersensitivity, 19–60 yr olds with schizophrenia or mood disorders, Poland, letter, 9778
altered levels of consciousness in daily experiences, schizophrenic patients, treatment implications, 29694
amino acid & DNA sequences of dopamine D1 receptor gene, live & postmortem schizophrenic 31–85 yr olds, 29699
amizil with galanthamine or desoxypeganine, apathic abulic residual productive disturbances, schizophrenic 20–66 yr olds, 14740
annual use & costs of institutional & outpatient & emergency & rehabilitation & support services, schizophrenic patients with vs without current vs past substance abuse, conference presentation, 30741

ANOVA vs MANOVA vs Friedman Analysis of Ranks vs Cochran Mantel Haenszel method, analysis of repeated measures data on antipsychotic withdrawal induced extrapyramidal symptoms, schizophrenic patients, 22686
antiparkinsonian drugs, neuroleptic induced rabbit syndrome & other parkinsonian symptoms, schizophrenic 44–67 yr olds, 10734
antipsychotic dose response & kinetics of relapse, chronic schizophrenic patients, meta analysis, conference presentation, 42418
antipsychotic drug dosage, schizophrenic inpatients, Australia, 30464
antipsychotic drug targets & DNA sequence & brain location of dopamine receptor subtypes, schizophrenic patients, 33656
antipsychotic drug therapy, patients with schizophrenia, literature review, 46463
antipsychotic treatment, symptom response, patients with recent onset of recurrent schizophrenia, Australia, 22729
antipsychotics, development of akathisia & tardive dyskinesia, schizophrenic outpatients, 6746
anxiety & defenses assessed with Perceptgenetic Object-Relation Test, 18–58 yr old siblings of patients with recent onset vs chronic schizophrenia vs mental handicap, 25842
apomorphine, blood serum growth hormone & vasopressin & oxytocin neurophysin, male schizophrenic inpatients, Belgium, 29689
application of communicative model of mind to derivative validation & representation in psychoanalysis, schizophrenic 21 yr old female, commentary, 6641
application of communicative model of mind to derivative validation & representation in psychoanalysis, schizophrenic 21 yr old female, commentary reply, 6668
application of G. Kelly's theory of loose construing to cognition, schizophrenic patients, 17794
application of information processing models to perception & cognition disorders & symptomatology, schizophrenic patients, 17806
application of M. Heidegger's concept of ontological difference to schizophrenia, 9877
application of receiver operating characteristic methods, assessment of instruments' validity in prediction of relapse, stabilized schizophrenic patients, 4070
association between schizophrenia & Duchenne muscular dystrophy, male adult, letter, 41419
association of allele of human leucocyte antigen DQB1 gene with schizophrenia, African American vs Caucasian patients, 33644
attendance at hospital educational workshop, knowledge about schizophrenia & understanding of ill relative & sense of support from staff, family members of schizophrenic patients, 3 mo followup, 46882
attention & automaticity in semantic processing, schizophrenic patients, 1726
attention & cognition & motor perseveration, at risk 7.8–19.8 yr olds with schizophrenic parent, Germany, 33654
attentional cues, engagement & disengagement operations of visual selective attention in RT paradigm, right handed schizophrenic males, 13796
attentional dysfunction & anhedonia & parent diagnosis, development of schizophrenia vs related psychoses vs major affective disorder in adulthood, at risk 7–12 yr olds, longitudinal study, 33476
attentional impairment, high risk 7–12 yr old offspring of schizophrenic vs affectively ill vs normal patients, 20 yr study, 25704
attitudes toward computer video games, schizophrenic 32–71 yr olds, Argentina, 17824
attitudes toward neuroleptic therapy, schizophrenic 16–59 yr olds, 26793
attributes & classifiers of prognosis of long term social adaptation & work fitness, patients with episodic schizophrenia, translated article, 33614
attributions for psychiatric rehospitalization, schizophrenic 18–65 yr olds & their psychiatric hospital staff, 19151
attrition rate during screening process in experiment, alcohol abusing vs nonabusing schizophrenic patients, 13976
auditory EPs & clinical state & symptoms, schizophrenic patients with vs without formal thought disorders, 5 yr followup, 25826
auditory EPs, lateralized asymmetry in P300 scalp topography, left vs right handed schizophrenic adults, 21808
auditory oddball P300 EP topographic asymmetries, unmedicated schizophrenic 20–55 yr olds, 33624
auditory P300 abnormalities of amplitude & topographic asymmetries & left posterior superior temporal gyrus volume reduction, schizophrenic adult males, 25829
auditory P300 amplitude & topography, 19–68 yr olds with remitted cycloid psychosis vs Leonhard's schizophrenia, Germany, 33658
autoantibodies to DNA, schizophrenic patients & their 1st degree healthy relatives, 41605
autonomic hyperarousal as mediating factor between relapse & psychosocial influences including expressed emotion & life events, schizophrenic patients, 1739
autoradiographic mapping of 5-HT uptake sites & receptors, postmortem brains of 27–82 yr olds with schizophrenia, 37740
background & psychological & biological factors, resiliency to risk, male vs female adult children of problem drinkers & schizophrenic patients at risk for depression, 33491
balanced translocation in familial schizophrenia, pedigree, letter, 25828
behavior therapy, polydipsia & hyponatremia, female 35 yr old with chronic schizophrenia, 30364
behavioral & supportive family treatment, treatment resistant schizophrenic 18–35 yr olds & their families, 18659
behavioral responses to dopamine agonist stimulation & tardive dyskinesia & increased anterior pituitary hormones as predictors of relapse, schizophrenic patients, conference presentation, 41585
benzodiazepine precipitated musical hallucinations & tinnitus & pathogenesis of schizophrenia, commentary, letter, 41477
benzodiazepines adjunctive to neuroleptics, schizophrenic patients, Canada, 42473
benzodiazepines, patients with schizophrenia or psychotic mood disorders, 46456
benztropine, tardive oculogyric dystonia & psychotic symptoms, schizophrenic 22 yr old male, Australia, 30507
bilateral transfer of motor skill in contralateral hands, right handed schizophrenic patients, 9869
binaural presentation of stories of varying complexity, attention & memory, schizophrenic 18–48 yr olds, Italy, implications for hemispheric neuroanatomical malfunction, 25797
bindings to glutamate & GABA uptake sites in postmortem basal ganglia, schizophrenic adults, implications for amino acid neurotransmission in pathophysiology of schizophrenia, 5897
biological & pharmacological & psychosocial factors, neuroleptic responsiveness, schizophrenic patients, conference presentation, 18743
biological markers of depression & schizophrenia & relation to borderline personality disorder, 33530
biological vs sociocultural factors, incidence of depression & anxiety & schizophrenia, Afro Caribbean general practice patients, UK, 33532
biperiden, positive & negative symptoms, medication free schizophrenic inpatients, conference presentation, 18781
birth rates in winter & spring, schizophrenic subgroups with vs without high genetic loading, 1710
bizarre delusions, schizophrenic patients, implications for DSM-IV, commentary reply, letter, 45504
bizarre delusions, schizophrenic patients, implications for DSM-IV, commentary, letter, 45538
brain morphology, schizophrenic patients, translated article, 37724
brain structure volume, schizophrenic 20–38 yr olds, Japan, 45510
brief family psychoeducation programs, families of schizophrenic outpatients, 46338
bromocriptine, puerperal lactation during haloperidol therapy, schizophrenic 40 yr old female, case report, 18791

bromperidol vs fluphenazine, positive & negative symptoms & depression & social disability, schizophrenic 20–65 yr olds, 26759
bromperidol vs haloperidol, schizophrenic 23–62 yr olds, 6795
burden, family members of schizophrenic patients in rural vs urban areas, Nigeria, 29693
caffeine, anxiety & depression, long stay schizophrenic 20–74 yr olds, 41590
carbamazepine, plasma clozapine, male schizophrenic 25 & 36 yr olds, letter, 18766
caregiving burdens & gratifications, parents caring for their schizophrenic adult children, 34908
caudate nucleus involvement in tardive dyskinesia, motor procedural learning & basal ganglia T2 relaxation times, male schizophrenic outpatients, 45502
causative role for triggering effect of life events in schizophrenic relapse, 17807
cell cycle characteristics after ionizing radiation, schizophrenic patients with positive vs negative family history, letter, 29709
cellular immune function & hypothalamic-pituitary-adrenal axis activity, male 19–65 yr olds with unipolar major depression vs schizophrenia, Croatia, 25713
centralized approach to clinical decision making & discharge planning in psychiatric hospital, male schizophrenic 26 yr old, 19173
cerebral blood flow before & during somatosensory stimulation, depressed patients with schizophrenia vs major depression, 45439
cerebral regional abnormalities, chronic schizophrenic males, 25814
cerebral ventricular enlargement & severity of clinical symptoms & premorbid psychosocial dysfunction, schizophrenic 18–54 yr olds, implications for frontal lobe deficit as etiology, 1728
cerebral ventricular size, frontal cortical blood flow during word fluency task, schizophrenic males, replication, 37735
ceruletide, schizophrenic 31–75 yr olds with neuroleptic induced tardive dyskinesia, 14702
cessation of haloperidol decanoate treatment, plasma haloperidol & reduced haloperidol, schizophrenic patients, 34532
characteristics of favorite songs & organization of inner experience, schizophrenic patients, 13780
characteristics of performance on Wisconsin Card Sorting Test, schizophrenic patients, literature review, 5904
characteristics of remissions interrupted by early relapses, schizophrenic 17–70 yr olds, Russia, 1731
characteristics of suicide attempts of high medical severity, schizophrenic vs nonschizophrenic psychiatric patients, 17816
childhood relational experiences & personality & social & clinical & other characteristics, prediction of parenting attitudes, mothers with schizophrenic or major mood disorders, 17723
chlorpromazine vs fluspirilene & TRH, pituitary thyroid axis & diurnal variation in TSH & prolactin responses, 19–42 yr old schizophrenic males, Greece, erratum, 38565
chlorpromazine vs molindone, weight loss & body mass index, schizophrenic patients, letter, 42437
choline acetyltransferase in postmortem brain tissues, schizophrenic patients, 25823
chromosomal abnormalities, localization of susceptibility genes for schizophrenia & related psychiatric disorders, research review, 13756
cigarette smoking & sex & age, psychopathology & neuroleptic doses & side effects, 23–64 schizophrenic patients, 10682
classification accuracy of Michigan Alcoholism Screening Test, schizophrenic outpatients, replication & reanalysis, 39815
client & clinical characteristics & family background & clinical course, schizophrenic 5.8–11.9 yr olds, 9852
clinical & biological definition & characterization of patients in studies of 1st episode schizophrenia, research review, 9860
clinical & premorbid characteristics & disease course & outcome, patients with early onset schizophrenia vs psychotic vs personality disorders, followup study, 41495
clinical & research findings on group therapy for schizophrenic outpatients & contemporary models, 18651
clinical characteristics of tardive dystonia, patients with schizophrenia or bipolar or generalized anxiety disorder, 25736
clinical efficacy of clozapine, patients with treatment refractory schizophrenia, 6747
clinical features & symptoms, patients with organic delusional syndrome vs schizophrenia, commentary, 17649
clinical features & symptoms, patients with organic delusional syndrome vs schizophrenia, commentary, 17654
clinical features & symptoms, patients with organic delusional syndrome vs schizophrenia, commentary reply, 17640
clinical issues in phenotype definition of schizophrenia & application of molecular genetics, 41592
clinical use of neuroleptics, prevention of schizophrenic relapse, 18746
clomipramine & haloperidol, female 26 yr old with Tourette's syndrome & obsessive compulsive disorder & schizophrenia, case report, 34541
clonazepam & baclofen, molindone hydrochloride induced painful legs & moving toes syndrome, female schizophrenic 51 yr old, 30508
clozapine, development of life threatening allergic asthmatic reaction, schizophrenic female 60 yr old, 14734
clozapine, development of obsessive compulsive symptoms, female 30 & 32 yr olds with treatment refractory schizophrenia, letter, 46496
clozapine, development of paroxysmal EEG patterns & myoclonic epileptic seizures, schizophrenic 20–38 yr olds, 42432
clozapine, development of unrelated agranulocytosis, 45 yr old female with schizoaffective disorder bipolar type, case report, letter, 46510
clozapine, development of unrelated agranulocytosis, 45 yr old female with schizoaffective disorder bipolar type, case report, commentary on letter, 46473
clozapine dosage & time course, tardive dyskinesia, patients with schizoaffective disorder or schizophrenia, 26761
clozapine exacerbation of bulimia nervosa, female 29 yr old with schizoaffective disorder, letter, 10659
clozapine following prolonged drug washout period, plasma dopamine & norepinephrine & HVA & MHPG, 25–39 yr old treatment resistant or intolerant schizophrenic patients, 38553
clozapine induced epileptic seizures, schizophrenic patients, Finland, 22741
clozapine induced myoclonic & grand mal seizures, 26 yr old schizophrenic male, letter, 46445
clozapine induced myoclonic jerks & drop attacks, male 40 yr old with treatment refractory schizophrenia & severe tardive dyskinesia, letter, 14664
clozapine induced obsessive compulsive symptoms, chronic schizophrenic 33–41 yr olds, 30442
clozapine, neuroleptic malignant syndrome, 41 yr old male schizophrenic patient, case report, 42481
clozapine, neuroleptic nonresponsive schizophrenic patients, 9870
clozapine, plasma HVA & norepinephrine & symptomatology, adult schizophrenic patients, 38540
clozapine, pleural & pericardial effusions, chronic schizophrenic female 39 yr old, letter, 10669
clozapine, psychiatric symptoms & cognition, schizophrenic 18–46 yr olds, commentary, letter, 42451
clozapine, psychiatric symptoms & cognition, schizophrenic 18–46 yr olds, 26738
clozapine response, chronic schizophrenic 18–76 yr old inpatients, Northern Ireland, 34554
clozapine, schizophrenic male 17 yr old, letter, 10657
clozapine, schizophrenic 10–21 yr olds, letter, 22693
clozapine, schizophrenic 18–62 yr olds with treatment resistant psychosis or neuroleptic induced severe extrapyramidal side effects, Netherlands, 6808

clozapine, tardive dystonia, male 38 yr old with depressed type schizoaffective disorder, 22736
clozapine treatment program in community mental health center, schizophrenic patients, 7103
clozapine, treatment refractory akathisia, schizophrenic 30–47 yr olds, 2650
clozapine vs classical neuroleptics, D1 & D2 dopamine receptor occupancy in basal ganglia & extrapyramidal syndromes, 18–49 yr olds with schizophrenic or schizophreniform disorder, 10675
clozapine vs haloperidol, apomorphine disrupted prepulse inhibition, male rats, animal model of sensorimotor gating deficits in schizophrenia, 32704
clozapine vs typical neuroleptics, D1 & D2 dopamine receptor occupancy, schizophrenic 18–49 yr olds, 6723
clozapine, 5-HT2 & dopamine D2 receptor occupancy, 22–47 yr olds with schizophrenia or schizoaffective disorder, 46492
clozapine, 69 yr old female with chronic schizophrenia, letter, 10651
co-occuring autism & schizophrenia-like psychosis & Tourette's syndrome, 11 & 15 & 34 & 37 yr old males, case reports, 41434
cocaine &/vs other substance use, presenting symptoms & psychosocial functioning & hospital treatment course, schizophrenic patients, 23156
cocaine use, male schizophrenic patients receiving depot neuroleptic medication, 29712
cognitive & behavioral aspects of prefrontal lobe function, schizophrenic patients, 13772
cognitive behavioral skills training, self management of illness, chronic schizophrenic outpatients, conference presentation, 18619
cognitive demand & positive vs negative motivational content, skin conductance & heart rate during guessing task, 36–59 yr olds with paranoid vs nonparanoid schizophrenia, 5891
cognitive processing of contradictory proverbs & reasoning, schizophrenic adults, 1717
cognitive rehabilitation vs occupational therapy, attention & memory, schizophrenic patients, 39048
cognitive shift neurocognitive training, cognitive flexibility & frontal & prefrontal lobe functioning, schizophrenic adult males, 46292
collagen & 5-HT, aggregatory responses of platelet rich plasma, depressed vs schizophrenic vs manic patients, 25726
color preference as diagnostic sign, bipolar vs schizophrenic patients, Canada, 29543
commitment to Psychiatric Security Review Board jurisdiction, involvement in mental health & criminal justice systems, male schizophrenic insanity acquittees, 11199
communication deficits, school age children with schizotypal personality disorder vs schizophrenia, 9904
communication deviance & expressed emotion, assessment of psychopathology, parents of schizophrenic offspring, 17801
community based care system, relapse, schizophrenic patients, conference presentation, 42784
community mental health & rehabilitation services with vs without innovative group & intensive case management, adults with schizophrenia or affective disorder & comorbid substance use disorder, 23257
comorbid substance abuse disorders, schizophrenic patients, implications for treatment, 13794
comparability & interrater reliability & predictive validity of Positive & Negative Syndrome Scale & Brief Psychiatric Rating Scale, schizophrenic patients, 11998
complete or partial agenesis of corpus callosum, 12–35 yr olds with schizophrenia or other psychotic or personality or behavioral problems, 45376
compliance with maintenance neuroleptics, Afro Caribbean adults with schizophrenia or manic depression, England, 14737
compliance with neuroleptic treatment, schizophrenic 18–68 yr olds, England, 1 & 2 yr followups, 14671
compliance with neuroleptic treatment, schizophrenic 18–68 yr olds, England, 1 & 2 yr followups, erratum, 46417
computerized tomography assessed cerebral cortical abnormalities, schizophrenic 50 yr olds & younger with vs without family history of mental illness, England, 29685
concentrations of 3rd & 4th components of complement system & total complement hemolytic activity, patients with chronic schizophrenia vs bipolar disorder vs major depression, 41510
conceptual & methodological problems in research on stress & schizophrenia, 45524
conceptual history & classification & diagnosis of schizophrenia, 45487
conceptualization of mental disorders as psychological process vs psychopathological state & 5 step vocational rehabilitation program, chronic schizophrenic 48 yr old, conference presentation, 19258
concordance & degree of overlap among diagnostic systems, schizophrenic patients in acute vs residual phase, 37732
concordance for sex, sibling pairs with schizophrenia or other psychotic disorders, 33641
concordance of operational criteria for diagnosis of mania & schizoaffective mania, 21–81 yr olds, 21691
concrete or literal vs abstract thinking assessed with Draw-a-Person technique, schizophrenic inpatients & college students, 21802
concurrent validity of Halstead-Reitan Neuropsychological Battery & Luria Nebraska Neuropsychological Battery, patients with schizophrenia vs affective disorder, 31937
conditions for interpretation of schizophrenia as brain disease, 25820
conjugated lateral eye movements & EEGs following thought provoking questions, schizophrenic vs depressed patients, 5776
consensus statement on schizophrenia, medical research center & hospital institute, Denmark, 45486
construct validity & interrater reliability of Swedish version of Positive & Negative Syndrome Scale, chronic schizophrenic patients, Sweden, 24156
constructional accuracy & organizational strategy during figure copying, incidental recall of figure, schizophrenic vs chronic alcoholic patients, 17663
contemporary models & phase specific groups, group treatment for schizophrenic patients, commentary, 18657
contingent & postimperative negative variation & skin conductance response, schizophrenic 25–41 yr olds, Germany, 25811
continuation of adjunctive imipramine to fluphenazine & benztropine, postpsychotic depression, patients with schizophrenia or schizoaffective disorder, conference presentation, 18777
contributions of University of Verona psychiatric research unit to evaluation of community based services, South Verona residents with schizophrenia or other psychosis, Italy, 46836
contributions to differential diagnosis of trauma induced psychoses & schizophrenia & case illustrations, psychiatrist & hypnotherapist H. Breukink, 46581
control of saccadic eye movement & eye head coordination, schizophrenic 18–41 yr olds, conference presentation, 25815
controlled evaluation of services offered by general practitioners, patients with chronic schizophrenia vs diabetes, England, 10944
controlled left vs right hemisphere information processing in structured vs unstructured dot enumeration tasks, paranoid vs nonparanoid schizophrenic patients, India, 41577
coping & problem solving skills cognitive behavioral training, drug resistant residual psychotic symptoms, schizophrenic patients, UK, 34428
coping strategy enhancement vs problem solving in cognitive behavioral treatment, drug resistant residual psychotic symptoms, schizophrenic patients, 6 mo followup, 42283
coping style & cognitive dysfunction, schizophrenic vs neurotic patients, 17833
corpus callosum size & morphology assessed by MRI, schizophrenic 18–52 yr olds, implications for interhemispheric communication, 45539

correlation between antisaccade eye movement task & Wisconsin Card Sorting Test performance, schizophrenic 26–59 yr olds, 21829
correlation between Scale for Assessment of Negative Symptoms & Scale for Assessment of Positive Symptoms global scores, schizophrenic patients, meta analysis, 31892
costs and benefits of clozapine therapy, patients with treatment resistant schizophrenia, UK, 26730
counter clockwise scalp hair whorl orientation, schizophrenic inpatients, 21786
course of illness, patients with schizophrenia vs schizophreniform disorder, 37747
covert shifting of visuospatial attention, chronic schizophrenics, implications for neuroleptic treatment, 9882
cross national differences in morbid risk for & frequency & prevalence of schizophrenia, 13774
CSF & blood plasma HVA concentrations, index of change in dopamine function during neuroleptic treatment, schizophrenic patients, 30477
CSF & serum angiotensin converting enzyme, neuroleptic treated schizophrenic inpatients, implications for role of central renin angiotensin system, 33663
CSF & serum neuron specific enolase, schizophrenic adults, 13770
CSF chromogranin-A-like immunoreactivity, drug free vs haloperidol maintained male schizophrenic 20–50 yr olds, erratum, 6805
CSF delta sleep inducing peptide-like immunoreactivity & slow wave sleep & REM latency, schizophrenic 24–45 yr old males, 21837
CSF interleukin-1a & interleukin-2, medicated vs unmedicated schizophrenic 20–45 yr olds, 41575
cultural & societal differences in symptomatology & need for caution in application of ICD-10 diagnostic criteria, schizophrenic patients, 25812
current status of genetic basis of schizophrenia research, 45512
customary care &/vs behavioral family therapy, work adjustment, schizophrenic male 21–42 yr old veterans with recent symptom exacerbation, 34285
dangerous behavior prior to 1st admission, 16–50 yr olds in 1st schizophrenic episode, 13779
debrisoquin MAO inhibitor, symptoms & CSF & blood plasma & urine HVA & MHPG levels, male 21–65 yr olds with acute psychotic schizophrenia, 30483
decision making behavior, chronic schizophrenic involuntarily committed inpatients vs outpatients vs their 1st degree relatives, 13802
deficits in attention & memory & language & motor & executive functions & other neuropsychological correlates of schizophrenia, 29674
deficits in attention elements, schizophrenic patients vs 1st degree relatives, Ireland vs Israel, research review, 25830
deja vu & reduplicative paramnesia, schizophrenic female 19 yr old, 13806
demographic & clinical characteristics, patients with 1st episode vs chronic schizophrenia, 9851
demographic & clinical correlates of substance abuse patterns, schizophrenic patients, 29670
demographic & psychological & movement disorder variables, psychomotor poverty & reality distortion & disorganization, chronic schizophrenic 40–75 yr olds, Scotland, 13759
demographic profile & principal source of payment for hospitalization, schizophrenic patients in state hospitals, 1970–86, 30961
demographics & DSM-III stipulated properties & symptomatology, patients with DSM-III schizophrenia vs nonschizophrenic vs schizophrenia related psychoses, 1720
density of glutamate immunoreactive vertical fibers in superficial laminae in anterior cingulate cortex, postmortem brains of schizophrenic patients, 21787
depot &/vs oral neuroleptic drug dosages, schizophrenic patients, Canada, 46507
depot neuroleptics, development of amenorrhea, chronic schizophrenic female 21–44 yr olds, letter, 26737
depressive symptomatology, facial expression of emotion, adults with schizophrenia vs unipolar major depression, 25691
des-enkaphalin-gamma-endorphin vs thioridazine, schizophrenic 20–64 yr olds, 10704
desipramine adjunctive to antipsychotics, cocaine abusing schizophrenic patients, conference presentation, 18795
development & efficacy of inkblot technique, differentiation of chronic schizophrenia, schizophrenic 21–58 yr olds, 15980
development of social skills training program, schizophrenic inpatients in short term care unit, 42905
diagnosis & educational level, performance on Wisconsin Card Sorting Test, schizophrenic patients vs controls, 33625
diagnosis of schizophrenia at 17 yrs old, male 32 yr old with pervasive developmental disorder, letter, 26060
diagnostic & clinical factors & outcome & family history, schizoaffective patients, literature review, 13783
diagnostic & clinical factors & outcome & family history, schizoaffective patients, commentary on literature review, 45493
diagnostic issues & clothiapine treatment, 60 yr old female with late onset schizophrenia, case report, 37738
diagnostic utility of positive vs negative symptoms, schizophrenic patients, commentary, 13767
diastole vs systole cardiovascular phase, EPs, depressed or schizophrenic patients, 21722
dichotic listening, monozygotic twins discordant vs concordant for schizophrenia, 5889
differential diagnostic considerations, adults with obsessive compulsive disorder vs manic depression vs schizophrenia with adolescent obsessive compulsive disorder, Denmark, 29576
differential rates of & interregional differences in prevalence of schizophrenia, adults, Croatia, 5870
differentiating correlates of comorbid substance abuse, adolescents with schizophrenia or schizoaffective disorder, Canada, 9863
differentiation of mental representations using S. Blatt's system with Rorschach vs role playing test, normal vs paranoid vs nonparanoid schizophrenic adults, 41579
diffuse & regional brain atrophy & cortical CSF volume, schizophrenic patients, 45527
digit span reverse matching test, topographical distribution of alpha power reduction, medicated vs unmedicated schizophrenic patients, 21820
dimensional complexity of temporal parietal & parietal occipital EEG, medication free 1st episode acute vs remitted schizophrenic vs neurotic patients, Switzerland, 41489
dimensionality analysis & informational aspects of sleep EEG, schizophrenic 22–34 yr olds vs male 20–32 yr olds unmedicated vs under influence of lorazepam, 9875
discriminant validity of partial least squares analysis of Defense Mechanism Test, patients with borderline vs other personality disorders vs schizophrenia, 24152
disease chronicity, positive symptoms, schizophrenic 21–49 yr olds, test of hypothesized relationship between Parkinson's disease & schizophrenia, 45529
disease severity & social functioning & clinical predictors & auditory P300 amplitudes, remitted vs residual schizophrenic 19–68 yr olds, 45535
disorder prevalence assessed by adoptees' study vs relatives vs cross fostering methods, adoptees vs their biological vs adoptive parents with vs without schizophrenia or other functional psychosis, 41584
dissemination & ability to understand concept of illness, indication of behavior therapy efficacy, schizophrenic patients, 18640
dissolution of Kraepelinian view of dementia praecox, 1923–24, translated article, 33617
distinctions between diagnostic classification & description & measurement, schizophrenic patients, 29715
distractor-suppression effect of Stroop stimuli, cognitive inhibition through negative priming, schizophrenic adults with negative vs positive symptoms, 9864
distress caused by behavior in home, relatives of schizophrenic patients, 13773

distribution of nicotinamide-adenine dinucleotide phosphate diaphorase nerve cells in frontal lobe, postmortem brains of schizophrenic 47–79 yr olds, implications for cortical development, 25799
distribution of nicotinamide-adenine dinucleotide phosphate diaphorase neurons in frontal & temporal lobes & cortical development, postmortem brains of schizophrenic 47–79 yr olds, commentary, 25803
distribution of nicotinamide-adenine dinucleotide phosphate disphorase neurons in temporal lobe, postmortem brains of schizophrenic 47–79 yr olds, implications for cortical development, 25800
DNA & biological vulnerability markers in linkage analyses, schizophrenic families, 41569
DNA & classical genetic markers in schizophrenia, 41599
DNA sequence of exon regions 4–6 of dopamine D2 receptor gene, live & postmortem schizophrenic patients, 29707
domperidone, prolactin response, 51–76 yr old schizophrenic males, 6773
dopamine activity, schizophrenic patients, commentary on literature review, letter, 13777
dopamine activity, schizophrenic patients, reply to commentary on literature review, letter, 13768
dopamine autoreceptor agonists, symptomatology, patients with schizophrenia or manic depression, 30445
dopamine D2 partial agonist SDZ HDC-912 vs quinolinone derivative OPC-4392 vs Amisulpride, apomorphine induced prolactin vs growth hormone secretion, schizophrenic patients, 38546
dopamine modulation of neuronal activity with enhancement of neuron ability to transmit signals & reduced noise distortion, neural network model of schizophrenia cognitive performance, 33619
drug & other somatic therapies, schizoaffective patients, research review, 14704
DST response, chronic schizophrenic patients with vs without polydipsia, 37737
dual diagnosis alcohol treatment program, schizophrenic patients with alcoholism, conference presentation, 23238
duration of hospital treatment, rate & rapidity of relapse, schizophrenic patients, conference presentation, 19138
duration of illness before treatment, time to & level of remission & outcome, 1st episode schizophrenic patients, 3 yr followup, 9867
dyadic aspects of therapist patient relationship & therapist's ratings & patient's psychopathology, prediction of illness course, schizophrenic adults & their therapists, Germany, 2 yr followup, 18565
dynamics of multiepisode schizophrenia with brief remissions, 38–84 yr olds, 1729
early childhood attentional dysfunctions, social deficits, 1st degree relatives of schizophrenic probands, 17790
early intervention, prevention of schizophrenia relapse, literature review, 10442
earplug occlusion, psychopathology, schizophrenic patients with binaural comprehension deficit, 14752
ECT induced EEG seizure duration, 18–78 yr olds with major depression vs schizophrenia, 22801
educational intervention in group vs by mail vs on video, well being & understanding, families living with schizophrenic relative, 6 mo followup, 6596
EEG alpha power & center frequency mapping, functional brain changes after depot neuroleptics for optimal time between injections, schizophrenic patients, 22755
EEG mapped electrophysiological parameters, 4–16 yr olds with Tourette's syndrome vs schizophrenia vs encephalopathy with Tourette-like disturbances, translated article, 25669
EEG power & coherence, unmedicated schizophrenic patients, Japan, 29697
effectiveness of Structured Interview of Reported Symptoms, detection of feigned schizophrenia vs mood disorders vs PTSD, male correctional facility residents, Canada, 4078
efficacy & extrapyramidal side effects of fixed doses of risperidone vs haloperidol, 18–65 yr olds with chronic schizophrenia, Canada, 30452
efficacy & safety & tolerability of raclopride, 19–63 yr olds with schizophrenic or schizophreniform disorder, 18712
efficacy & side effects of clozapine, schizophrenic 17–75 yr old inpatients, 6772
efficacy & tolerability & safety of dopamine agonist remoxipride, schizophrenic 18–69 yr olds, UK, 26718
electrodermal activity & positive vs negative symptomatology, schizophrenic patients, 45500
electrodermal orienting response during acute vs remission period, schizophrenic male adult, 29700
emotional experience & perception of complex nonverbal sounds, schizophrenic vs manic psychotic patients, 45396
empirical evidence for efficacy of group treatment for schizophrenic patients & role of group leaders, commentary, 18658
environmental temperature, prevalence & outcome of schizophrenia, 5872
EP P300 amplitude & loosening of associations assessed by object sorting test, adults with vs without schizophrenic thought disorder & attentional impairment, 29695
EP topography, depressed vs schizophrenic 16–67 yr olds, 25738
epidemiological & cost effectiveness issues in hospital community care program, schizophrenic patients, Ireland, 23167
epidemiology & pathogenesis of clozapine induced agranulocytosis, schizophrenic patients, 6750
EPs in analysis of neurophysiology underlying information processing deficits in schizophrenia, 29684
estimation of 24 hr urine output & creatinine, diagnosis of polyuria & polydipsia, 18–59 yr olds with chronic schizophrenia or manic affective disorder, 9768
ethnicity & family structure, relapse & psychiatric readmission, White vs Afro Caribbean vs Asian schizophrenic 16–54 yr olds, England, 1 yr followup, 30923
etiology of late onset schizophrenia, literature review, 5865
evidence for regional brain dysfunction in schizophrenia & symptoms shared with neurobehavioral disorders, 41596
evidence of dementias & other neurodegenerative disorders, postmortem brains of schizophrenic 54–100 yr olds with cognitive impairment, 33648
exercise induced increase in oxygen demand, arterialization of venous blood, schizophrenic inpatients, Japan, 29713
exogenous vs endogenous cuing, automatic vs controlled visual field spatial attention orienting, drug free schizophrenic adults, 1714
experience & perception of time, 21–49 yr olds with simple depression or manic depressive psychosis or attack-like schizophrenia, USSR, translated article, 5770
exposure to humorous movies, somatic & emotional & social & clinical influence, schizophrenic patients, Israel, 37736
expressed emotion & relapse & length of rehospitalization, schizophrenic 16–55 yr olds, Czechoslovakia, 12 mo followup, 11069
eye movements & clinical symptoms & regional cerebral blood flow, schizophrenic patients, Japan, 5903
eye movements during REM sleep, male veterans with schizophrenia vs major depressive disorder, 45366
eye tracking & abnormal temporal lobe structures, 1st episode schizophrenic patients, 21814
facial & vocal emotion perception, schizophrenic adults, test of specific deficit hypothesis, 29687
facial emotion discrimination, schizophrenic adults, 5875
factor structure of background EEGs, male 16–27 yr olds with schizophrenia vs manic depression secondary to atypical juvenile asthenodepressive states, 17710
factor structure of Scale for Assessment of Negative Symptoms, schizophrenic male adults, 31891
factor structure of Wisconsin Card Sorting Test, perseveration & insufficient sorting factors, patients with dorsolateral prefrontal lesions vs schizophrenic vs chronically alcoholic patients, 35940
factorial structure of language dysfunction & thought disorders, schizophrenic male adults, 33633
factors in & prevalence of crime & violence, schizophrenic patients & prisoners, 10093
factors related to mortality, hospitalized schizophrenic patients, 5863
failure to support pseudoautosomal locus for schizophrenia, adults in multiply affected families, 1709

family education & stress reduction groups & service use & needs, schizophrenic patients & their relatives, 42706
family intervention & psychoeducation & medication effectiveness, patients with schizophrenia or mood disorders, conference presentation, 18476
family psychopathology, lithium responsiveness, schizophrenic patients, 10718
family reactions & treatment related issues in multiple family rehabilitation group format, schizophrenic patients, 46904
fingertip dermal ridges, monozygotic twin pairs discordant for schizophrenia, evidence of 2nd trimester markers of etiology of schizophrenia, 9839
flashbacks to earlier psychotic experience, schizophrenic 18 & 21 & 23 yr olds, case reports, 33645
fluvoxamine induced symptom exacerbation, 53 yr old female with residual schizophrenia, case report, 18769
folate deficiency & supplementation with or without prophylactic lithium, patients with schizophrenia or affective or other psychiatric disorders, 10728
formal thought disorder, children with complex partial seizure disorder or schizophrenia, 13609
frontal & temporal lobe neurochemistry & neuropharmacology, schizophrenic patients, 1727
frontal lobe function & schizophrenia & related mental disorders, 13654
functional motor asymmetries & symptoms & other clinical features, unmedicated schizophrenic patients, 17802
future directions in schizophrenia research, 41582
galactorrhea in neuroleptic malignant syndrome, female 18 yr old with schizophrenia, Spain, case report, 42475
ganglioside antibodies, schizophrenic vs depressed patients, 21732
gas chromatography/mass spectrometry assessment of fluphenazine decanoate formulation pharmacokinetic parameters & bioavailability, schizophrenic 28–59 yr olds, 22723
gating of P50 response of auditory EP & catecholamine metabolism, schizophrenic females, 25845
genetic analysis of familial aggregation, 2 family pedigrees with relatives with schizophrenia or schizotypal personality disorder, Russia, analysis of multifactorial threshold model, 41502
genetic epidemiology of schizophrenia, implications for design of linkage studies, 41591
genetic transmission of smooth pursuit eye tracking, schizophrenic adults & their 1st degree relatives, US & Canada, 9853
geographical variation in occurrence rate, schizophrenic patients, Ireland, 1 yr study, commentary, 13787
geographical variation in occurrence rate, schizophrenic patients, Ireland, 1 yr study, commentary reply, 13807
gestational & neonatal factors in etiology of schizophrenia, 37727
Global Assessment Scale vs Manchester Scale, assessment of clinical progress following psychiatric unit hospitalization, 21–63 yr olds with schizophrenia or schizoaffective disorder, 15967
glycine binding to NMDA receptor complex, postmortem brains of schizophrenic patients, letter, 17808
glycoprotein, clozapine induced agranulocytosis, male schizophrenic 28 yr old, case report, conference presentation, 2615
granulocyte macrophage colony stimulating factor, clozapine induced agranulocytosis, schizophrenic female 45 yr old, 42471
group psychotherapy, schizophrenic males with self induced polydipsia, Canada, 46337
group psychotherapy vs modular skills training, self management of symptoms & neuroleptic therapy, schizophrenic male veterans, 14492
growth hormone response to TRH challenge, families with 2 chronic schizophrenic 22–40 yr olds & 1 1st degree healthy relative, 9881
growth hormone secretion & behavioral responses to methylphenidate hydrochloride & brain morphology & horizontal eye movements, 16–40 yr olds with 1st episode schizophrenia, 37743
hallucination modalities, male vs female schizophrenic patients, 17820
haloperidol, achievement of steady state plasma levels, patients with schizophrenia or schizoaffective disorder, 6741
haloperidol, blood plasma & urine HVA & MHPG, male 21–65 yr olds with acute psychotic schizophrenia, 30484
haloperidol, computerized EEG topography & clinical status, schizophrenic 19–37 yr olds, 26749
haloperidol, plasma HVA & negative symptoms, drug naive schizophrenic patients, Chile, 34557
haloperidol, plasma HVA, chronic schizophrenic patients, Taiwan, 46423
haloperidol, plasma HVA, schizophrenic or schizoaffective patients, commentary & replication, 18787
haloperidol, plasma HVA, schizophrenic or schizoaffective patients, reply to commentary & replication, 18714
haloperidol, schizophrenic hospitalized 5–12 yr olds, 2673
haloperidol, serum aldosterone, male schizophrenic 19–52 yr olds, 30528
haloperidol, somatostatin-like immunoreactivity in CSF, chronic schizophrenic 23–42 yr olds, 2645
haloperidol therapy vs withdrawal, sleep EEG & efficiency, clinically stable vs relapsed schizoprenic male 26–45 yr olds, 2658
haloperidol vs diverse neuroleptics, development of neuroleptic malignant syndrome, patients with schizophrenia or bipolar affective disorder, Israel, 14692
haloperidol with vs without lithium vs propranolol, cyclic adenosine monophosphate, chronic schizophrenic patients, 10655
haloperidol with vs without lorazepam, schizophrenic 19–62 yr olds, Germany, 30519
handedness, prevalence of autoantibodies, 1st episode neuroleptic naive schizophrenic patients, 21790
handedness, 17–44 yr old monozygotic twins discordant for schizophrenia, replication, 33659
hard neurological signs, patients with schizophrenia or schizoaffective disorder vs bipolar disorder or major depression, 29549
head & shoulder circumference & body weight & length at birth, schizophrenic patients, Sweden, 41593
health & housing conditions & lack of social contacts, 1st admittance schizophrenic 18–42 yr olds, Denmark, 23160
Health Research Board's functioning & findings on neurodevelopmental epidemiology of schizophrenia, Ireland, 33662
hemispheric differences, categorical vs size judgment based on semantic memory vs visual imagery in processing pictorial stimuli, patients with schizophrenia vs affective disorder, 33518
herpes simplex virus type I or varicella-zoster virus in postmortem temporal cortex, schizophrenic patients, 25801
high pass filter frequency, peak latencies of EPs in auditory oddball task, patients with schizophrenia vs idiopathic Parkinson's disease, 9703
high response threshold, total scores on Lovibond-Rapaport Object Sorting Test, parents of schizophrenic patients, 5866
hippocampus-amygdala tissue volume & psychopathology, male chronic schizophrenic 19–40 yr olds, 33615
historical & behavioral variables in dimensional multivariate approach to individual differences in schizophrenia, inpatients, implications for biological risk, 17819
historical prevalence & concepts of schizophrenia, before 1800 through 19th century, 25843
history & concepts & uses of cognitive therapy with groups in partial hospitalization programs, schizophrenic & other psychiatric patients, 11065
history & deconstruction of concept of deviancy & lunacy & schizophrenia in psychiatry, 37673
history & types of obstetric complications, schizophrenic vs chronic schizoaffective patients vs their siblings vs 1st degree relatives, Germany, 29682
history of & role of genetics in nosological theories & conflict with symptomalogical aspects, patients with schizophrenia & related disorders, 25839
history of ECT & length of psychiatric services & parkinsonian symptoms, tardive dyskinesia, patients with affective disorder vs schizophrenia vs paranoid psychosis, 42469

history of neuroleptic exposure, prevalence of tardive & spontaneous orofacial dyskinesia, 60–91 yr olds with mood vs schizophrenic vs schizoaffective vs organic disorders, 1623
HMPAO-SPECT measured regional cerebral blood flow, patients with schizophrenia or schizoaffective disorder or major depression, 41505
home based daily living program vs hospital care, 17–64 yr olds with schizophrenia or affective disorder facing emergency admission, 18 mo study, England, commentary, letter, 19028
homogeneity of DSM-III-R mood category for personality features, patients with mood incongruent psychotic affective illness vs typical affective disorder vs schizophrenia, Germany, 17724
hospitalization & aftercare & other psychiatric services, schizophrenic patients, Germany vs US, 22994
human leucocyte antigen typing, susceptibility to clozapine induced agranulocytosis, male Native American schizophrenic 42 yr old, case report, 2661
hypnotizability, patients with dissociative vs mood vs anxiety disorders vs schizophrenia, 13657
hypofrontality & EEG band power, psychopathology & neuropsychology & neurological soft signs, schizophrenic patients, Germany, 33629
hypofrontality & negative symptom severity & cognitive performance, chronic schizophrenic male 26–44 yr olds, 17836
hypothalamic-pituitary-adrenal axis function & MAO activity, depressed vs schizophrenic DST suppressors vs nonsuppressors, 25733
illness duration & medication dose, dichotic monitoring performance, schizophrenic patients, 17787
illness phase, depressive & positive symptoms, schizophrenic patients, 41573
imipramine adjunctive to fluphenazine & benztropine, negative symptoms, patients with schizophrenia or schizoaffective disorders & postpsychotic depression, conference presentation, 10722
impaired attentional functioning & biofeedback self regulation of slow cortical potentials, 20–32 yr old medicated male schizophrenic patients, 22816
implicit category production vs identification vs explicit cued recall of studied vs unstudied words, schizophrenic veterans, 41602
inappropriate secretion of antidiuretic hormone, female schizophrenic 48 yr old, case report, 5901
incidence & correlates of fluphenazine induced extrapyramidal symptoms, 1st episode schizophrenic patients, conference presentation, 6712
incidence & other epidemiological factors, schizophrenic 15 yr olds & older, 1970–88, Denmark, commentary reply, letter, 45520
incidence & other epidemiological factors, schizophrenic 15 yr olds & older, 1970–88, Denmark, commentary, letter, 45498
incidence & other epidemiological factors, schizophrenic 15 yr olds & older, 1970–88, Denmark, 13795
incidence & patterns of comorbidity & outpatient integrated services program, substance abusing schizophrenic patients, conference presentation, 11133
incidence & sex ratio, schizophrenic patients, Canada, 13797
incidence of maternal infection during pregnancy, chronic schizophrenic patients, Germany, 17828
incidence of relapse & own & relatives' psychosocial functioning, schizophrenic patients, Scotland, 5 yr followup, 13804
incidence of schizophrenia, 19th century to present, Ireland, 41611
inconsistency of positive vs negative syndrome classification using factor analysis, schizophrenic 16–76 yr olds, commentary, letter, 29690
inconsistency of positive vs negative syndrome classification, schizophrenic 16–76 yr olds, 13799
increased familial risk of schizophrenia & dementia praecox, females, reanalysis of 1920 study, letter, 1715
increased serum creatine phosphokinase, schizophrenic male 18 & 28 & 40 & 55 yr olds with tardive dyskinesia, 41574
infection & autoimmunity as etiologic factors in schizophrenia, literature review, 45513
information processing & attention disturbances in schizophrenia, research applications, 45491
information processing & social cognitive problem solving, schizophrenic vs depressed patients, 21826
initial registration of visual information, recent onset vs chronic schizophrenic vs substance abusing patients, 17657
inositol, 33–60 yr old chronic schizophrenic inpatients, 46478
insight & clinical history & self monitoring of symptoms & intelligence & brain morphology, chronic schizophrenic patients, 21836
institutionalization & long term course of schizophrenia, 42857
instructional cues, performance on Wisconsin Card Sorting Test, schizophrenic inpatients, 17800
insulin induced hypoglycemia, ACTH vs cortisol vs glucose response, hospitalized patients with major depression vs schizophrenia, 5761
integrated cognitive psychological therapy, biologically based cognitive dysfunctions & social behavioral deficits, schizophrenic patients, 18614
integration of genetic & environmental & viral predisposing factors into model of early onset schizophrenia as neurodevelopmental disorder, 25833
intellectual deficits, 1st episode vs chronic schizophrenic 16–40 yr olds, 9838
interactions between pursuit & saccadic components of eye movements, classification of disorders, paranoid vs nonparanoid schizophrenic vs unipolar depressed patients, 9772
intermittent vs continuous neuroleptics with psychotherapy & patient's coping ability, relapse prevention & modification of disease course, schizophrenic patients, Germany, 18762
interpersonal behavior at ages 5–10 yrs as depicted in home movies, schizophrenic adults, 41588
interpersonal behavior, at risk 7–14 yr olds with vs without parents with schizophrenia vs other mental disorders, Israel, longitudinal study, comparison with Jerusalem study data, 29677
interpersonal deviance & consequent social impact, schizophrenia prone male college students, implications for validity of Perceptual Aberration Magical Ideation Scale, 45540
interrater reliability & concordance of diagnostic classification systems, diagnosis of schizophrenia, 18–55 yr old psychiatric patients, 17700
interventions during brief hospitalization, schizophrenic patients, 27103
interview skills, prediction of employability & appropriate job selection & referral to vacancy or occupational rehabilitation service, schizophrenic patients, Australia, 5898
issues in characterization of nonsense speech as glossolalia or speech or thought disorder, schizophrenic patients, 37753
issues in characterization of nonsense speech as glossolalia or speech or thought disorder, schizophrenic patients, commentary, 37742
issues in characterization of nonsense speech as glossolalia or speech or thought disorder, schizophrenic patients, commentary, 37725
issues in heredity & environment interactive model of schizophrenia, implications of twin & high risk studies, 37751
issues in smoking & tobacco use, schizophrenic patients, 21815
issues in use of factor analysis for classification of schizophrenia syndromes, letter, 29711
Kamin blocking effect, acute vs chronic schizophrenic patients, 21812
kindling effect, etiopathogenesis of epileptic schizophrenia-like psychoses, 5693
knowledge & causal attributions of & coping with negative symptoms, expressed emotion, 16–77 yr old family caregivers of schizophrenic 15–85 yr olds, Australia, 21804
L-deprenyl, negative symptoms, schizophrenic males, letter, 6782
labeling & recognition memory of facially displayed affect, paranoid vs nonparanoid schizophrenic adults, 9862

language comprehension, schizophrenic outpatients & their nonschizophrenic brothers with vs without psychiatric disorders, implications for family vulnerability to schizophrenia, 21792
language functioning, schizophrenic patients with speech disorder vs fluent aphasic 55–71 yr olds, commentary reply, 21660
language functioning, schizophrenic patients with speech disorder vs fluent aphasic 55–71 yr olds, commentary, 21658
latency to maximum pupillary constriction, prediction of relapse following haloperidol treatment withdrawal, schizophrenic 24–51 yr olds, 22766
lateral asymmetries in auditory acuity, hallucinations, 29–64 yr old schizophrenic patients, 37745
lateralized asymmetry of tardive dyskinesia, schizophrenic 20–79 yr olds, 9847
lay vs academic theories of schizophrenia, 18–60 yr olds, 13771
learning & memory, 17–44 yr old monozygotic twins discordant for schizophrenia or delusional disorder, 45380
left superior temporal blood flow, schizophrenic or schizophreniform 26–37 yr olds with persistent auditory hallucinations, Japan, 45536
left temporal lobe abnormalities & thought disorder, schizophrenic 20–55 yr old males, commentary with reply included, 25836
left temporal lobe abnormalities & thought disorder, 20–55 yr old males with schizophrenia, 9879
left ventricular enlargement & diagnostic outcome, patients with schizophrenia or schizophreniform disorder, 17795
left vs right visual field targets, ability to shift covert visual attention independent of eye movements, schizophrenic patients, 21819
level & clinical & psychological correlates of mental rigidity, anorexic 15–30 yr olds with vs without schizophrenia &/or bulimia & their family members, USSR, 18139
level of physiological & emotional arousal, recognition of concrete vs abstract social cues, schizophrenic patients, 37730
levosulpiride dosage, negative symptoms, schizophrenic 21–58 yr olds, 6711
life event stressors, schizophrenic patients, research review, 45523
life events & daily stressors, positive & negative symptoms, schizophrenic 21–56 yr olds, 9868
linkage analysis of DNA markers from long arm of chromosome 11, members of families multiply affected with schizophrenia, UK & Japan, 45501
linkage analysis of D2 dopamine receptor gene on chromosome 11q, high density families with schizophrenic members, Ireland, 25840
linkage analysis of D3 dopamine receptor gene locus & schizophrenia, individuals in pedigrees, Iceland, 37756
linkage analysis of pseudoautosomal locus hypothesis in multiplex family pedigrees, same vs mixed sex schizophrenic sibling pairs, 25847
linkage analysis of susceptibility marker gene loci on chromosome 11q, multiplex family pedigrees with 2 or more schizophrenic members, 25846
linkage analysis of tyrosine hydroxylase gene, 9 multigenerational family pedigrees with 2 or more schizophrenic members, 37728
linkage between markers on 5q11-q13 region of chromosome 5, families with at least 2 1st degree relatives with schizophrenia, France, replication, 29667
lithium, course & symptoms of disorder, patients with manic type schizoaffective disorder, 10 yr study, 14715
lithium maintenance, mortality rate, patients with manic depression or schizoaffective disorder, Austria & Canada & Denmark & Germany, 14717
long term community mental health center care, relapse & adjustment, adults with chronic schizophrenia, Greece, 2920
long term course & predictors of outcome of chronic schizophrenia, 17781
long term stability of subtypes according to criteria of DSM-III-R vs ICD-10 vs positive/negative dichotomy vs K. Schneider's 1st rank symptoms, schizophrenic patients, longitudinal study, 45496
low dose bromocriptine, neuroleptic resistant schizophrenic 35–62 yr olds, 10739
low vs medium vs high dose of remoxipride vs haloperidol, efficacy & tolerability & side effects, schizophrenic adults, Canada, 26755
maintenance haloperidol & subsequent dose decrease, plasma prolactin & HVA & symptoms & abnormal movements, male schizophrenic 21–74 yr olds, conference presentation, 6775
major symptoms of & self help coping strategies for schizophrenia, 17815
maternal exposure to influenza virus & subsequent migration & lamination of primitive neurons in hippocampal plate & genetic & epigenic murine model of schizophrenia, 33653
maternal pregnancy & birth complications, male vs female 19–47 yr olds with schizophrenia vs bipolar disorder, 33558
mazindol, cocaine abuse, schizophrenic 39 yr old male with ARC, letter, 11136
MDL 73,147EF, emotional CR mediated latent inhibition, male rats, animal model of treatment of attention deficits in schizophrenia, 4875
mediating value of medication, effect of life events on relapse, 19–29 yr old schizophrenic outpatients, 18786
memory functions & MRI evaluation of temporal lobe & related structures, adult schizophrenic patients, 45495
menstrual cycle & related estrogen levels & symptomatology, schizophrenic female 29–49 yr olds, Canada, 33631
merging of color & religious symbolism, schizophrenic patients with messianic delusions, 25816
messenger RNA expression of glutamate receptor in hippocampus, schizophrenic patients, 13764
metabolic activity in frontal lobes & basal ganglia, never medicated schizophrenic males, 17783
methodological design in longitudinal study of recent onset schizophrenia, 9849
methodological issues in prevalence & correlates of substance abuse, schizophrenic patients, commentary on research review, 9835
methodological problems limiting findings of deterioration from course & outcome & predictor data, schizophrenic patients, commentary on 2–10 yr followup, letter, 1736
methodological problems limiting findings of deterioration from course & outcome & predictor data, schizophrenic patients, reply to commentary on 2–10 yr followup, letter, 1713
methylphenidate & augmentation of neuroleptics, schizophrenic & schizoaffective male 34 yr old inpatients, 2620
methylphenidate with vs without neuroleptics, patients with schizophrenia or schizoaffective disorder, 14668
mismatch negativity in auditory ERPs, chronic schizophrenic 24–50 yr olds, 45509
mitogen stimulated interleukin-2 production & circulating autoantibodies, schizophrenic adults, 33627
models of perceptual & cognitive disturbances in schizophrenia, 25821
molecular genetic studies of schizophrenia & bipolar affective disorder & Alzheimer's disease, 1554
molecular genetics in schizophrenia, 29686
molindone, variant of Capgras syndrome, male chronic schizophrenic 40 yr old, 30527
monaural asymmetry vs binaural deficit in story recall, outpatients with schizophrenia vs bipolar disorder, 13782
morbidity risk for schizophrenia & schizotypal personality, 1st degree relatives of chronic schizophrenic inpatients with negative vs positive symptoms, 17776
morbidity risks for unspecified functional psychoses & schizophrenia, relatives of patients with schizophrenia spectrum personality disorders, 17831
morning vs afternoon plasma HVA, untreated schizophrenic patients, 41614
morphology of P lymphocytes, schizophrenic patients, 33635
movement related EPs prior to voluntary movements, schizophrenic patients, 21834

MRI & neuropsychological measures, assessment of prefrontal brain structure & functioning, schizophrenic adults, 21828
MRI findings in medial temporal lobe, adult male patients with schizophrenia, 41566
MRI of sylvian fissure size as indication of size of superior temporal gyri, schizophrenic 18–51 yr olds, 9878
MRI study of incidence & size of cavum-septum pellucidum, schizophrenic patients vs affective patient controls, 41581
MRI study of total volume of amygdala hippocampal complex & prefrontal cortex & caudate nucleus & subcomponents, schizophrenic outpatients, 17780
multiple rib fractures secondary to severe tardive dystonia, female 25 yr old with chronic manic type schizoaffective disorder, letter, 41608
muscimol challenge, saccadic distractibility & Stroop color word scores & serial dyskinesia, schizophrenic 26–51 yr olds with tardive dyskinesia, 17788
mutations in protein coding region of beta nerve growth factor gene assessed by automatic fluorescent sequencing, unrelated schizophrenic patients, 37733
naloxone, drinking behavior, schizophrenic 54 yr old male with intermittent hyponatremia & polydipsia, 6779
natural killer cell activity, 21–51 yr olds with chronic schizophrenia vs depressed type schizoaffective disorder, 21817
needs & desire for & sharing & withholding of information inside vs outside of family, adults with schizophrenic sibling, 41589
negative affect in expressed emotion of family members, social skills & perception, 18–55 yr olds with schizophrenia or schizoaffective disorder, 45519
negative emotion toward resident & resident behavior & medication dosage & noncompliance & sex, prediction of relapse, board & care providers & schizophrenic residents, 42748
negative symptoms, EEG alpha activity, schizophrenic patients, 21818
negative vs positive vs mixed symptoms & premorbid functioning in childhood vs early vs late adolescence, drug free male schizophrenic patients, 13781
neonatal dopamine depletion, apomorphine induced acoustic startle response & prepulse inhibition, male rats, implications for abnormal sensory gating in schizophrenia, 4617
neurobehavioral correlates of normal & schizophrenia spectrum personality traits, 25–77 yr olds, 5902
neurobehavioral functioning & social behavior, 8–13 yr olds of parents with vs without schizophrenia or other psychiatric disorders, 41459
neurobiology & development of aborted embryonic transplants of hippocampus or cerebral cortex in anterior eye chamber of athymic nude rats, schizophrenic 26 & 36 yr old females, 29673
neurochemistry & neuroendocrinology of schizophrenia, literature review, 45514
neurocognitive impairments, schizophrenic patients, India, 13803
neurocognitive performance based subtypes, schizophrenic patients, 33634
neurodevelopmental model of impaired corticocortical communication in schizophrenia, brain pathology related to breakdown in parallel distributed processing, 33636
neurodevelopmental perturbation in gestation & subsequent functional & structural abnormalities & diagnosis of schizophrenia, relationship to normal aging, 33661
neuroimaging & related neuropathological & neurobehavioral research in schizophrenia, 45503
neuroleptic discontinuation, relapse rates & serum neuroleptic levels, long term stable chronic schizophrenic patients, 22754
neuroleptic dosage & symptom severity & dyskinetic movements, prediction of relapse following neuroleptic discontinuation, outpatients with schizophrenia or schizoaffective disorder, 14672
neuroleptic dose reduction, neuropsychological function, patients with schizophrenia or schizoaffective disorder, 46513
neuroleptic drugs, paracellular permeability to sugars & lactulose/L-rhamnose output, male rats & 22–63 yr olds with schizophrenia, Great Britain, 44707
neuroleptic induced tardive dyskinesia, patients with schizophrenia vs affective disorder, letter, 2642
neuroleptic malignant syndrome & diabetic keto acidosis, schizophrenic 44 yr old male, case report, 30456
neuroleptic therapy, plasma free MHPG & antinoradrenergic activity & symptoms, schizophrenic patients, Japan, 10690
neuroleptic treatment, course & outcome of tardive dyskinesia, institutionalized schizophrenic patients, 3 yr study, 46422
neuroleptic treatment, CSF somatostatin, 24–64 yr old schizophrenic vs other psychiatric patients, Finland, 34548
neuroleptic treatment, dopamine norepinephrine ratio, postmortem thalami of patients with schizophrenia vs Huntington's disease, 38575
neuroleptic treatment, formation of cutaneous striae, patients with schizophrenia or schizoaffective or schizophreniform disorder, 18739
neuroleptic treatment, volume of mediodorsal thalamic nucleus, postmortem brains of schizophrenic 23–78 yr olds, 6780
neuroleptic treatment, vomiting, 24–57 yr olds with schizoaffective disorder or schizophrenia, Canada, letter, 6802
neuroleptics, facial activity & expressions, patients with schizophrenia or schizophreniform disorder, 18774
neuroleptics, negative symptoms, schizophrenic patients, research review, 46488
neuroleptics, negative symptoms, schizophrenic patients, 22703
neuroleptics, positive & other specific symptoms & syndromes, schizophrenic patients, Germany, 5 yr study, implications for K. Leonhard's symptom classification, 26720
neuroleptics, regional brain glucose metabolism, schizophrenic patients, 14743
neurological signs, patients with paranoid vs nonparanoid schizophrenia or schizoaffective disorders, 17706
neuromotor developmental deviations, offspring of females with schizophrenia vs schizoaffective vs affective vs functional psychosis assessed neonatally vs at 6 yrs old, 41594
neuropathology, schizophrenic patients, literature review, 45490
neuropsychiatric & neuroradiological perspectives on effects of bilateral prefrontal lesions, lobotomized schizophrenic 49–72 yr olds, Finland, 42517
neuropsychological assessment of frontal & temporal lobe impairments & P300 abnormalities, mode of schizophrenia inheritance, schizophrenic patients vs symptom free relatives, 41601
neuropsychological deficits & neuropsychiatric rehabilitation, schizophrenic patients, conference presentation, 11093
neuropsychological functioning, long term inpatients vs outpatients with chronic schizophrenia, 19168
neuropsychological indicators of disorder vulnerability, schizophrenic patients vs their healthy siblings, 5880
neuropsychological screening of cognitive deficits, differentiation of adjustment vs affective disorders vs schizophrenia, 15–69 yr old psychiatric emergency room patients, 9767
neuropsychology of memory, schizophrenic patients, 33655
neurosyphilis misdiagnosed as schizophrenia, homosexual male 46 yr old with history of psychosis presenting with catatonic state with rhabdomyolysis & renal failure, 14355
nicotine gum, normalization of diminished sensory gating of P50 auditory EPs, 23–45 yr old relatives of schizophrenic patients, 21785
nifedipine vs verapamil vs lithium, neuroleptic resistant patients with schizoaffective disorder or acute mania, commentary, letter, 14677
nimodipine, neuroleptic resistant schizophrenic 31–51 yr olds, 18706
Nintendo auditory hallucination, schizophrenic 20 yr old female, England, case report, 41606
nonrandom segregation of alleles at DXYS14 locus, siblings with schizophrenia, support for pseudoautosomal locus hypothesis, 1716
nonverbal behavioral dysfunctions as vulnerability or disease marker or adaptive strategy in schizophrenia, 17798
nosological issues in diagnostic concept of schizophrenia, 25804
nosology & phenomenology of schizophrenia, 29683

nuclear magnetic resonance studies of membrane phospholipid & energy metabolism in dorsal prefrontal cortex, schizophrenic patients, neuropathogenic implications, 33647
object relations & social functioning, schizophrenic vs borderline patients, 37661
objective & subjective burden & experiences, 8–18 yr olds with schizophrenic mothers, 1741
obstetrical complications & family history & rate of tardive dyskinesia, schizophrenic 20–82 yr olds & their siblings, Scotland, 5883
ocular artefacts, spectral EEG parameters, schizophrenic patients, 33628
olfactory deficits, neuroleptic naive schizophrenic patients, 33640
olfactory memory & identification, unmedicated schizophrenic patients, implications for dysfunctional limbic system in schizophrenia, 33666
onset & hospitalization duration & frequency of admissions & family history & other variables, long term hospitalized patients with systematic vs unsystematic chronic schizophrenia, 5 yr followup, 9850
oral m-chlorophenylpiperazine, precipitation of dystonia, schizophrenic male 49 yr old, letter, 46411
origin & development & limitations of dopamine hypothesis of schizophrenia, 41572
outcome measures following 1 yr of clozapine, patients with neuroleptic resistant schizophrenia, 6768
parental age at birth, schizophrenic patients, Spain, letter, 41568
parental protection & representation as assessed with Parental Bonding Instrument, monozygotic & dizygotic same sex twin pairs discordant for schizophrenia, 41598
parents' negative vs positive affective style, patients' stress indicative nonverbal behavior pattern, parents & their schizophrenic or bipolar manic offspring, 17677
partial trisomy of chromosome 5p, female schizophrenic child, case report, 5881
pathophysiological mechanism & homologous animal model of negative symptoms of schizophrenia, 13789
patient's sex & age of onset, risk for schizophrenia or schizophrenia spectrum or affective disorders, 1st degree relatives of schizophrenic patients, Germany, 45517
patterns of neuroleptic prescription, Chinese schizophrenic patients in psychiatric hospital of general teaching hospital, Hong Kong, 2621
PCP, latent inhibition of conditioned emotional response, male rats, animal model of schizophrenia, 4957
perceived parental rearing practices, relationship with key relatives & social anxiety & disease severity, schizophrenic 18–51 yr olds, Germany, 9861
perception of controllability of illness & demoralization, depression, schizophrenic vs manic depressive patients, 41462
perception of emotion, schizophrenic patients living with vs without high expressed emotion relatives, 17809
perception of self in sociology of schizophrenia, 1718
performance on delayed reaction tasks associated with frontal lobe functioning, adults with schizophrenia vs vascular ischemic lesions of dorsolateral prefrontal cortex, France, 17651
performance on Luria Nebraska Neuropsychological Test Battery, schizophrenic patients, India, 17818
performance on National Adult Reading Test, assessment of premorbid ability & use in control group selection, schizophrenic vs other psychotic patients vs normal controls, 21823
pericentric inversion of chromosome 9 & other chromosomal abnormalities, schizophrenic outpatients, implications for linkage analysis, 45522
peripheral & CNS & psychological processes, amputees with schizophrenia & phantom limb experiences, commentary on literature review, letter, 41983
peripheral & CNS & psychological processes, amputees with schizophrenia & phantom limb experiences, reply to commentary on literature review, letter, 41958
persistent auditory hallucinations & correlation with 3rd ventricle size, schizophrenic patients, 25809
personal account of treatment & recovery & comorbid alcoholism & depression, schizophrenic 46 yr old female, 13798
personal or family psychopathology of control group in schizophrenia research, control Ss, 39951
personal treatment strategy during maintenance drug therapy, relapse prevention, chronic schizophrenic patients, conference presentation, 42438
personality disorders & treatment duration & outcomes, acute vs extended care unit patients with schizophrenia or schizoaffective disorder, longitudinal study, 30954
pharmacokinetic aspects of & clinical response to neuroleptic treatment of schizophrenia, 34524
pharmacology & biochemistry & cloning of dopamine receptor genes & role in schizophrenia & other neuropsychiatric disorders, 25730
pharmacotherapy & psychotherapy & environmental interventions, schizophrenic patients, research review, 6440
phenomenology & risk factors & neuroleptic treatment response, young adults vs elderly with early vs late onset schizophrenia, commentary, letter, 45507
phenomenology & risk factors & neuroleptic treatment response, young adults vs elderly with early vs late onset schizophrenia, commentary reply, letter, 45488
phenomenology as description of psychopathology & application to schizophrenia research, 13793
physical & dynamic aspects of EEG, schizophrenic patients, 21794
physician's vs Patient Rejection Scale ratings & correlation with relapse, assessment of rejection felt toward mentally ill patients, family members living with schizophrenic outpatients, Israel, 21806
physostigmine infusion, cholinergic hyperactivity & behavior resembling negative symptom profile, healthy male 21–45 yr olds, implications for pathophysiology of schizophrenia, 32705
Piagetian framework for assessment of cognitive organization, schizophrenic 12–18 vs 19–58 yr olds, 5877
pineal & habenular calcification & 3rd ventricle width, schizophrenic patients, 33650
pineal calcification & size, hallucinations, schizophrenic patients, letter, 1735
pineal calcification, females with premenopausal vs menopausal onset of chronic schizophrenia, 33652
pineal calcification size, adults with sudden vs insidious onset schizophrenia, 33651
pitch discrepancies in natural voice vs speech intonations, schizophrenic vs manic & reactive psychotic patients, 21835
place of birth & paternal occupation, schizophrenic patients, England, 33618
plasma & urine neopterin & creatinine, cell mediated immunity, depressed vs schizophrenic 18–75 yr olds, New Zealand, 25703
plasma aldosterone, schizophrenic patients taking vs not taking neuroleptic drugs, Great Britian, 45526
plasma amino acids as biological marker, male schizophrenic 29–52 yr olds, 9841
plasma concentrations of HVA & MHPG & 5-HIAA & symptomatology, schizophrenic 19–24 yr olds, 13790
plasma fluphenazine, treatment response, schizophrenic male 26–61 yr olds, 6806
plasma haloperidol, EEG variances & clinical response, schizophrenic 23–51 yr olds, 6715
plasma level of haloperidol & therapeutic response, schizophrenic patients, 30448
plasma lipoproteins, schizophrenic males, 5888
plasma neuroleptic levels, presence of akathisia or parkinsonism or tardive dyskinesia, schizophrenic 20–82 yr olds, Scotland, 6763
plasma of remoxipride vs haloperidol & prolactin, 18–61 yr olds with schizophrenia, Finland, 42450
plasma prolactin, prediction of relapse, unmedicated schizophrenic males, 29688
platelet MAO, schizophrenic patients with or without neuroleptic treatment, meta analysis, 17814

platelet serotonin & basal cortisol & DST, male 18–64 yr olds with schizophrenia vs psychotic vs nonpsychotic major depression vs schizoaffective disorder, 25714
platelet serotonin & lymphocyte stimulation, immune function, male 19–65 yr olds with schizophrenia vs major depression, Croatia, 25715
po vs decanoate haloperidol, plasma haloperidol & reduced metabolites, schizophrenic patients, 22698
polydiagnosis in genetic studies, schizophrenic pedigree, Sweden, 41612
polydiagnostic approach to relationship between self perceived cognitive disorders & diagnostic criteria, schizophrenic patients, 29701
polymorphism identification in exons of dopamine D2 receptor gene, schizophrenic vs delusional 20–63 yr olds, Italy, 25695
population analysis of monogenic vs polygenic models of genetic transmission, schizophrenic patients & their 1st degree relatives with good vs poor schizophrenia prognoses vs psychoses, Yugoslavia, 21824
porphobilinogen deaminase gene polymorphisms, schizophrenic patients, 21821
positive & negative & affective symptoms & neuroleptic side effects, chronic schizophrenic 40–65 yr olds in hospital vs community, 23159
positive & negative symptomatology, ventricle brain ratio & ventricular size & cortical atrophy, schizophrenic inpatients, 25810
positron emission tomography, assessment of dopamine D2 in basal ganglia & cerebral blood flow, schizophrenic patients, research review, 13786
positron emission tomography scanning of regional brain energy metabolism & dopamine receptor functions, schizophrenic patients, commentary, 5864
positron emission tomography scanning of regional brain energy metabolism & dopamine receptor functions, schizophrenic patients, commentary, 5873
positron emission tomography scanning of regional brain energy metabolism & dopamine receptor functions, schizophrenic patients, commentary, 5885
positron emission tomography scanning of regional brain energy metabolism & dopamine receptor functions, schizophrenic patients, commentary, 5907
positron emission tomography scanning of regional brain energy metabolism & dopamine receptor functions, schizophrenic patients, commentary reply, 5894
positron emission tomography scanning of regional brain energy metabolism & dopamine receptor functions, schizophrenic patients, commentary, 5896
positron emission tomography scanning of regional brain energy metabolism & dopamine receptor functions, schizophrenic patients, 5895
potential effects of sampling biases on findings from studies of sex & schizophrenia, 32033
predictors of outcome, schizophrenic patients, Singapore, 10 yr followup, 1740
predictors of positive clozapine treatment response, schizophrenic patients, 22716
prefrontal hypodopaminergia in schizophrenia & development of negative symptoms, treatment with levodopa, commentary reply, letter, 9843
premorbid & sociodemographic features & long term course & outcome, female schizoaffective patients with vs without onset in puerperium, Germany, 17821
premorbid adjustment & brain morphology & growth hormone & CNS dopamine activity & smooth pursuit eye movement, severity & drug treatment response & subtypes, 1st episode schizophrenic patients, 9866
premorbid adjustment, criminal vs noncriminal offenders with schizophrenia, Austria, 10114
premorbid psychosocial functioning & age of onset & time to 1st psychiatric hospitalization & severity & history of psychotic symptoms, schizophrenic 18–55 yr olds, 9854
prenatal & perinatal complications, perseverative errors on Wisconsin Card Sorting Test, schizophrenic vs nonschizophrenic adults vs nonschizophrenic siblings, 39864
prenatal exposure to influenza, schizophrenia, adults, England & Wales, commentary reply, letter, 17825
prenatal exposure to influenza, schizophrenia, adults, England & Wales, commentary, letter, 17791
preparatory interval & RT to tone, schizophrenic vs bipolar patients, erratum, 29558
preparatory interval & RT to tone, schizophrenic vs bipolar patients, 25729
prevalence & correlates of substance abuse, schizophrenic patients, research review, 9842
prevalence & covergence of negative & depressive symptoms, schizophrenic 18–48 yr old outpatients, 1730
prevalence & diagnostic specificity of K. Schneider's 1st rank symptoms, schizophrenic adults, Malaysia, comparison with UK vs Saudi Arabia vs Pakistan, 25838
prevalence & inception rates of treated schizophrenia, urban residents, England, 13755
prevalence of allusive thinking, parents of schizophrenic offspring, meta analysis, 37729
prevalence of autoantibodies, patients with schizophrenia or schizoaffective disorder, 21796
prevalence of autoantibodies, right vs left handed schizophrenic patients, 21791
prevalence of depressive symptoms, schizophrenic 16–54 yr olds, Italy, 17812
prevalence of endogenous mental disorders & schizophrenia, inbred family clans in isolated population, Algeria, translated article, 33535
prevalence of genetic transmission & role in sensitivity & specificity of diagnostic criteria, pedigrees of schizophrenic adoptees & their biological vs adoptive relatives, Denmark, 25824
prevalence of HIV infection, long stay schizophrenic & other psychiatric inpatients, 30943
prevalence of male vs female Ss in studies of 1st episode schizophrenia, schizophrenic patients, 9856
prevalence of partition delusions, elderly with late paraphrenia vs depression vs early onset schizophrenia vs young adults with early onset schizophrenia, 17702
prevalence of schizophrenic disorders in Portogruaro, over 15 yr olds, 1982–89, Italy, 37731
prevalence of substance abuse, 18–69 yr olds with schizophrenia vs affective or anxiety or other Axis I disorders, Canada, 21692
prevalence of unrecognized alcohol or cocaine or amphetamine or marihuana or opiate use, schizophrenic patients, 45531
primary & secondary negative symptoms in the deteriorative course of schizophrenia, 5878
primary negative syndrome & postimperative negative variations, chronic schizophrenic 25–41 yr olds, 33622
prior arrest history, risk for committing violent crime, adult males with primary diagnosis of schizophrenia vs substance abuse vs other disorder, 14008
proactive interference release & short term memory performance, schizophrenic adults, 13801
problems with selecting control subjects in schizophrenia research, 13760
processing load & negative vs positive thought disorder, visual selective attention performance, patients with schizophrenia vs manic type bipolar disorder, 33549
profiles based on regional cerebral glucose metabolism & patterns of ventricular enlargement, schizophrenic 19–40 yr olds, 29668
proglumide added to neuroleptics, schizophrenic patients, 14742
prognosis & atypical symptoms & familial vs sporadic distinction & other factors, untreated schizophrenic patients, 1925, Sweden, 21813
prognostic significance of index episode of affective disorder vs schizophrenia with delusions, 13–20 yr old psychiatric inpatients, France, 5 yr followup, 17698
prognostic validity of negative symptoms, 15–44 yr olds with 1st episode schizophrenia, 18 mo study, 21809
prolactin responses to haloperidol, Kraepelinian vs non-Kraepelinian schizophrenic patients, implications for diagnostic criteria & systems, 17810

prolonged postictal encephalopathy & EEG, 39 yr old male with bipolar schizoaffective disorder & paranoid schizophrenic 34 yr old male with clozapine induced seizures, 18744
prolonged psychotic relapse following sudden clozapine discontinuation, treatment resistant schizophrenic male 25 yr old, letter, 38580
pronunciation & lexical decision semantic priming, schizophrenic 21–40 yr olds, 21839
prophylactic haloperidol doses & plasma levels, schizophrenic patients, 6728
proton magnetic resonance spectroscopy of basal ganglia structures, patients with schizophrenia vs bipolar affective disorder, 21726
psychiatric methods for research on schizophrenia & other mental disorders, translated article, 37657
psychiatric morbidity, 16–50 yr old 1st degree relatives of schizophrenic patients, India, 41610
psychoanalytic psychotherapy, experience of being "living dead," schizophrenic patients & torture survivors, 42367
psychodynamic inpatient & outpatient day treatment & case management, schizophrenic clients, 18686
psychoeducation program, schizophrenic patients & their families, 30395
psychoeducational intervention, attitudes & conflicts & knowledge of disorder, family members living with schizophrenia, 38353
psychological assessment & intervention in schizophrenia, annotated bibliography, 29679
psychomotor profiles, schizophrenic patients, 29702
psychopathological subsyndromes & negative symptoms & cerebral alterations, schizophrenic patients, 5892
psychopathology & social status outcomes, patients with long term schizophrenia vs affective vs schizoaffective disorders, 17715
psychopathology & social status outcomes, patients with long term schizophrenia vs affective vs schizoaffective disorders, erratum, 29556
psychopathy & other criminal & clinical variables, prediction of general & violent criminal recidivism, schizophrenic vs nonschizophrenic offenders, 14023
psychosis induced PTSD, 16 yr old schizophrenic male, case report, 1732
psychosocial factors, single vs multiple suicide attempts, depressed or schizophrenic 20–41 yr olds, India, 21700
psychosocial intervention for schizophrenic 16–65 yr olds living at home & their relatives, community psychiatric nurses, 7087
psychosocial interventions, schizophrenic patients, 30273
psychosocial treatment, patients with schizophrenia, 46902
psychosocial treatment techniques based on vulnerability stress model, schizophrenic clients, 22484
psychosocial treatments of schizophrenia, 41603
psychotic drug therapy & psychotherapy & sociotherapy, schizophrenic patients, Croatia, translated article, 38359
public psychiatric facility interior design, supportive environment of stabilization, schizophrenic patients, 3012
P300 changes & clinical symptoms & neuropsychological parameters during acute vs remitted stages, schizophrenic adults, 5868
quality of life vs standard of living, schizophrenic 21–65 yr old outpatients, Sweden, 29710
raclopride action & effects & central D2 dopamine receptor occupancy, schizophrenic 21–40 yr olds, Sweden, 34565
raclopride binding sites in postmortem caudate & frontal cortex, schizophrenic 22–50 yr old violent suicide victims, 25837
rate of 1st admission schizophrenia, 15 yr olds & older, 1971–91, Denmark, 45521
rates & etiology of schizophrenia, West Indian immigrants, UK, 13769
rates of schizophrenia, children of mothers who had influenza during 2nd trimester of pregnancy in 1957 epidemic, commentary, 13765
ratio of plasma phenylalanine to other large neutral amino acids, schizophrenic 20–70 yr olds with vs without tardive dyskinesia, UK, 1724
reasons for noncompliance with medication, schizophrenic patients vs their family members vs primary nurses, 2657
recency hypothesis & historical epidemiology of schizophrenia, 41604
recent advances in & neurological side effects of pharmacotherapy of schizophrenia, 41586
receptor mediated neuroleptic-phosphoinositide signal transduction & intracellular calcium, neuroleptic action, analysis of neurotransmitter hypothesis of neuroleptic action & schizophrenia, 25813
record linkage method, assessment of cancer incidence, schizophrenic patients, Denmark & Hawaii & Japan, 17803
recurrent pseudocyesis, schizophrenic 39 yr old male with psychosis & intermittent hyponatremia & polydipsia, case report, 37748
red blood cell haloperidol reductase activity, plasma vs red blood cell reduced haloperidol, 15–64 yr olds with schizophrenia or schizoaffective or other mental disorders, Japan, 26778
reduced dosage fluphenazine decanoate maintenance regimens, symptoms & relapse & side effects, 18–60 yr old chronically psychotic vs remitted schizophrenic outpatients, Israel, 2 yr study, 34549
regional brain glucose metabolism during continuous performance test, electrodermal responder vs nonresponder schizophrenic 24–30 yr olds, 25819
regional cerebral blood flow during cognitive activation, depressed vs schizophrenic 29–73 yr olds, 45367
regional cerebral blood flow during Tower of London task & hypofrontality, neuroleptic naive vs treated schizophrenic patients, 17774
regional cerebral blood flow imaging with SPECT, diagnosis of schizophrenia & anxiety disorders & substance abuse, conference presentation, 21665
regional cerebral blood flow, 24–44 yr old monozygotic twins concordant vs discordant for schizophrenia, 17778
regional cerebral glucose metabolism in neocortex vs limbic cortex vs basal ganglia vs thalamus, schizophrenic patients, 9883
rehospitalization, social integration & positive withdrawal, male schizophrenic patients, implications for psychosocial rehabilitation, commentary, 3010
rehospitalization, social integration & positive withdrawal, male schizophrenic patients, implications for psychosocial rehabilitation, 3006
relatedness of schizophrenia & affective disorders & effect of season of birth on risk for bipolar disorder, commentary on literature review, letter, 25700
relation of brain imaging parameters to antipsychotic drug response, schizophrenic patients, meta analysis, 10680
relation of brain imaging parameters to antipsychotic drug response, schizophrenic patients, meta analysis, erratum, 30462
relationship between criteria for chronic hallucinatory psychosis vs schizophrenia vs schizoaffective disorder, nonaffective psychotic 20–84 yr olds, France, 29671
relationship between Scale for Emotional Blunting & Scale for the Assessment of Negative Symptoms & treatment response & premorbid functioning & negative symptoms, schizoprenic inpatients, 39801
relationship between 1st admission rates & incidence of schizophrenia, 1971–89, Scotland, 45511
relatives' expressed emotion, relapse, schizophrenic 17–45 yr olds, Spain, 2 yr study, 13792
relatives' expressed emotion, relapse, schizophrenic 17–56 yr olds, Italy, 9 mo followup, 13757
relevance of Freud's metapsychology to contemporary psychoanalysis, patients with schizophrenia or other psychotic or nonpsychotic psychiatric disorders, 22640
reliability & stability of Subjective Experience of Negative Symptoms self rating scale, hospitalized schizophrenic 22–63 yr olds, 39822
reliability & validity of Scale to Assess Unawareness of Mental Disorder, assessment of insight into own illness, patients with schizophrenia or schizoaffective disorder, 43739

reliability of best estimate diagnosis in genetic linkage analysis of 18–89 yr olds from pedigrees with schizophrenia or bipolar disorder, field diagnosticians & research psychiatrists, 17716
religious perspectives on schizophrenia, 37744
REM & NREM sleep features & abnormalities, schizophrenic patients, literature review, 37750
REM latency & cholinergic function, 19–43 yr old schizophrenics, 9859
REM sleep & memory & cognitive function, schizophrenic 19–46 yr olds, conference presentation, 17830
remediation of basic cognitive deficits, schizophrenic patients, 23188
remoxipride vs haloperidol, EEG brain map, drug free schizophrenic patients, 42483
research on chronicity in schizophrenia, 17805
research on expressed emotion & role in schizophrenia & other psychiatric & nonpsychiatric conditions, Europe, research review, 25651
responsiveness to haloperidol & glucose metabolic rate in caudate nucleus & putamen, schizophrenic 20–54 yr olds, 17784
right vs left ear performance on verbal dichotic listening task, adult males with schizophrenia vs bipolar affective disorder, India, 45532
rimcazole vs chlorpromazine, schizophrenic male 18–60 yr olds, 6705
risk factors & reduction for suicide, schizophrenic patients, literature review, 17786
risk factors for suicide, schizophrenic patients, 9876
risk for schizophrenia, children of mothers who had influenza during 2nd trimester of pregnancy in 1957 epidemic, 13766
risk for schizophrenic spectrum & affective disorders, 1st degree relatives of patients with rapid vs delayed neuroleptic response schizophrenic disorders, 29705
risk of schizophrenia or affective disorder, 1st degree relatives of patients with schizophrenia vs affective disorders, 21734
risk of schizophrenia or major mood disorder, 1st degree relatives of patients with schizophrenia or schizoaffective or bipolar disorder, 37664
risperidone vs haloperidol, schizophrenic adults, 2618
risperidone, 29–65 yr olds with psychotic major depressive episode or schizoaffective disorder depressive type, 18738
ritanserin, patients with schizophrenic psychosis vs neurotic vs endogenous depression, 42492
role of clinical review panels vs court hearings & guardianship requirement in legal refusal of medication, homeless schizophrenic 40 yr old male involuntary patient, 15818
role of general practitioners & family physicians in psychological care, use of shared care cards & liaison clinics, schizophrenic patients, 19017
round table in community based outpatient service, 22–84 yr olds with schizophrenia or personality or major affective disorders, Switzerland, 34852
sampling bias & discrepancies in studies on sex differences in schizophrenia, effect of commitment status, commentary, 32031
sampling strategies for linkage studies of schizophrenia & other complex disorders, 41576
schizophrenia symptomatology & drug factors, schizophrenic 18–60 yr olds with tardive dyskinesia, 42474
schizophrenic-like attentional deficit based on latent inhibition, rats with vs without systemic or intra-accumbens amphetamine vs psychosis prone vs schizophrenic patients, animal model, 24879
schizophrenic-like symptoms, male 20 yr old with tumor of left basal ganglia with ipsilateral cerebral hemiatrophy, case report, 6321
schizophrenic subtypes, CSF corticotropin releasing hormone & somatostatin & TRH, schizophrenic patients, 9836
scores on Psychosis Proneness Scales & presence of schizophrenia spectrum personality diagnoses, family members of schizophrenic patients, 37754
scores on Social Knowledge Scale, schizophrenic patients, 25832
season of birth, electrodermal activity, 16–65 yr olds with schizophrenia or schizophreniform or affective disorder with psychotic features, 5876
season of birth, incidence of dyslexia or schizophrenia spectrum disorders or neurological soft signs, male children & adolescents, 37596
season of birth patterns, patients with cycloid psychosis or schizophrenia with heavy vs low genetic loadings, 17797
season of birth, prevalence of minimal brain damage, schizophrenic patients, Italy, 5867
seasonality effect, schizophrenic adults, 25835
selective attention, auditory EPs, 8–16 yr olds at risk for schizophrenia, 21832
selenium biometabolism, schizophrenic patients, 37726
self & other differentiation as measured by human figure drawing, 11.8–17.5 yr olds with bipolar disorder & psychotic features vs schizophrenic vs schizoaffective vs conduct disordered patients, 37600
self organization of cognitive processing of novel vs familiar stimuli, 8–18 yr olds with infantile autism & 20–50 yr olds with schizophrenia in remission, application of two process theory, 21805
self rating of mood state vs clinician rating of affective state vs O rating of behavioral manifestations, assessment of depression, schizophrenic 19–56 yr olds, 5879
self reported vs interview rated negative mood, prediction of thought disturbance, medicated schizophrenic patients, 6 mo followup, 15952
semantic & logical & statistical properties of German version of Clinical Global Impressions Scale, depressed or schizophrenic or anxious patients, 4039
sera antibrain antibodies prevalence & binding, schizophrenic patients, 45505
serine & glycine metabolism in postmortem medial vs lateral temporal lobes, schizophrenic patients, 33664
serotonin agonist metachlorophenylpiperazine, hormonal temperature & behavioral responses & psychosis scores, male chronic schizophrenics vs healthy males, 9858
sertraline induced akathisia, female 48 yr old with schizoaffective disorder & 46 yr old with dysthymia & physical & sexual abuse history, letter, 46472
serum & reduced haloperidol levels & ratios, psychopathology & extrapyramidal symptoms, schizophrenic 19–49 yr olds, Germany, 18778
serum antibodies against organ specific CNS antigen vs serotonin vs gangliosides, 20–70 yr olds with schizophrenia vs schizoaffective vs major depressive disorder, 25737
serum cholesterol & suicidal behavior & attempts, patients with bipolar or monopolar depression or mania or schizoaffective disorder, Germany, 37687
serum iron & akathisia, chronic schizophrenic 31–65 yr old inpatients receiving antipsychotic medication, 29665
serum iron, schizophrenic patients with akathisia, letter, 9884
serum noradrenaline & HVA & dopamine beta-hydroxylase, schizophrenic 18–61 yr olds vs 17–57 yr old healthy 1st degree relatives vs normal 24–60 yr olds, Wales, 21841
serum perazine & desmethylperazine, therapeutic responses, schizophrenic 19–65 yr olds, conference presentation, 14685
serum prolactin binding protein, male schizophrenic patients treated with neuroleptics, 10735
SES & timing of diagnosis, social & employment outcome, schizophrenic patients, Denmark, 13 yr followup, test of social drift theory, 5884
severity & frequency of repetitive dysfunctional behaviors, institutionalized schizophrenic patients, 21816
severity of disorder & symptoms in reconceptualization of paranoid nonparanoid distinction in classification of schizophrenia, 29698
severity of psychopathology & negative & positive symptoms, 1st episode & other schizophrenic patients, 9880
sex & age & stage of illness, mean ventricular brain ratio, schizophrenic adults, commentary, 17837
sex & age & stage of illness, mean ventricular brain ratio, schizophrenic adults, commentary reply, 17775
sex & age of onset, psychopathology, patients with schizophrenic psychosis or paranoid syndromes, Germany, 41494

sex & diagnostic stringency & premorbid variables, incidence of schizophrenia, patients with nonaffective functional psychosis, England, 41571
sex & marital status, age of onset, schizophrenic patients, Denmark & Germany, 5890
sex & premorbid history & birth season & age of onset, familial risk for schizophrenia, schizophrenic patients, longitudinal study, 5871
sex, age at onset & symptomatology, schizophrenic 15–44 yr olds, Netherlands vs Germany vs Switzerland vs Yugoslavia vs Bulgaria vs Turkey vs Sudan, 5874
sex, age at onset of major affective disorder vs dysthymia vs schizophrenia & 1st admission, public psychiatric hospital inpatients, 41468
sex, age at onset, schizophrenic patients from families with at least 1 affected 1st degree relative, letter, 9865
sex, age at 1st hospitalization & residual symptomatology, hospitalized chronic schizophrenic patients, 1723
sex, cognition, schizophrenic patients, 21827
sex, illness onset & symptomatology, schizophrenic 12–59 yr olds, 10 developing vs developed countries, 17804
sex, onset age & course & outcome & premorbid function & incidence & phenomenology & familial risk & brain structure, schizophrenic patients, 13785
sex, season of hospital admission, schizophrenic patients, 1961–90, Scotland, letter, 45537
sex, symptom type & severity & premorbid adjustment & quality of life, schizophrenic patients, 17826
short term stability of task generated intrafamilial speech patterns, schizophrenic 18–32 yr olds & their parents, 41567
side effects & patient perceptions & medicolegal concerns of depot neuroleptics in long term maintenance, chronic schizophrenic patients, 30466
similarities between traits & genetics of Kallmann's syndrome & schizophrenia, 33473
simple vs complex task, handedness patterns, schizophrenic inpatients, 1 mo followup, 33643
simulation methods for inclusion of genetically related phenotypes in linkage analysis, schizophrenic patients, 25827
situs inversus & developmental dyslexia, 18 yr old schizophrenic male, letter, 45497
size of nucleoli from entorhinal cortex, leukotomized schizophrenic patients, letter, 25806
sleep EEG & dynamic properties of CNS, schizophrenic 22–34 yr olds, 45528
smooth pursuit & voluntary saccadic eye movements & attention & other neuropsychological functioning, schizophrenic patients, 33626
smooth pursuit eye movements, crack cocaine dependent vs schizophrenic males, 9733
smooth pursuit eye movements, drug naive or chronic or residual schizophrenic patients, implications for schizophrenia trait marker, 21789
smooth pursuit eye movements, schizophrenic vs depressed vs bipolar 15–72 yr olds, Scotland, 13670
social & residential features, incidence of schizophrenia, residents of Nagasaki City, Japan, 9873
social contact, risk of child's developmental deviance, schizophrenic mothers & their fetuses through preschoolers, Denmark, longitudinal study, 21801
social functioning & stress & burden & normative needs, relatives of schizophrenic patients with high vs low expressed emotion, 33657
social isolation & personality, schizophrenic 18–42 yr olds at 1st admittance, Denmark, 1 yr followup, 23161
social network therapy, schizophrenic patients, 15078
social network therapy, schizophrenic 19–65 yr olds, 1 yr followup, 34867
social schema & information processing & symptomatology, schizophrenic patients, 21793
social skills training in forensic psychiatry ward, social behavior & anxiety & nocturnal enuresis, schizophrenic 26 yr old male, case report, 30941
social skills training of conversational behavior, verbal skills across settings & conversants, schizophrenic 24–33 yr old inpatients, 34474
sociodemographic & clinical treatment characteristics, patients with idiopathic catatonia vs schizophrenia vs depression with catatonic symptoms, diagnostic implications, 45365
sociodemographic characteristics & social isolation & schizophrenia vs other diagnoses, psychiatric service utilization, residents of rural vs urban areas, Italy, 42711
somatic & psychiatric symptoms & prognosis & relapse, schizophrenic patients, 3 yr study, application of J. Jackson's hierarchical theory of mind brain correlation, 25844
Somnifen for sleep therapy, schizophrenic patients, 1920s–30s, 34594
spatial working memory deficits in oculomotor or haptic delayed response tasks, schizophrenic vs bipolar patients, 17718
SPECT analysis of relationship between symptom pattern & regional brain metabolism, psychotic unmedicated schizophrenic 22–52 yr olds, Scotland, 45499
SPECT, assessment of cerebral dopamine D2 receptor blockade due to antipsychotic treatment, schizophrenic 27–65 yr olds, England, 14687
SPECT findings, schizophrenic male 24 & 48 yr olds with catatonic syndromes of unknown origin, letter, 37734
spectral analysis of EEGs, schizophrenic patients, 33638
spectral composition of EEG during voluntary self paced movements, schizophrenic 18–64 yr olds, 5905
spectrum of clozapine response, 28–46 yr olds with refractory schizophrenia, 18790
spousal reciprocated self disqualification aspects of communication deviance, parents of offspring with schizophrenia vs other psychiatric disorders, 13809
square wave jerks & anticipatory saccadic intrusions into smooth pursuit eye tracking, patients with affective disorders vs schizophrenia, 9766
stability of backward masking performance, patients with schizophrenia vs affective disorders, 2 yr study, 29569
stability of expressed emotion & relapse, schizophrenic 21–79 yr olds & their relatives, Scotland, 5 yr study, 37746
staging in psychiatric classification of schizophrenia & unipolar depression & bipolar & panic disorder, 37652
standard vs low dose depot antipsychotic medication, psychosocial function & side effects & relapse, schizophrenic patients, 34530
status of excitatory amino acid receptors in schizophrenia, 33660
steady state plasma clearance of haloperidol, schizophrenic smokers vs nonsmokers on fixed oral drug dosages, 30495
stereological methods for estimation of brain volume & total number of neurons, normal & schizophrenic children through elderly, 21825
stress & psychological well being, caregivers of long term schizophrenic 19–75 yr olds, 15012
stressful life events prior to disorder onset, 16–50 yr olds with schizophrenia or mania or depressive psychosis, England, 25689
stressful life events, type & severity of symptomatology & self concept, 1st admission schizophrenic patients, conference presentation, 25817
structural & functional brain imaging in schizophrenia, 29708
subcortical & prefrontal hypodopaminergia in schizophrenia & development of negative symptoms, commentary, letter, 9846
subjective & perceptual experiences, cocaine addicted vs schizophrenic 17–40 yr olds, implications for cocaine experience as model psychosis, 1564
subjective attitude induced by patient & rapport, diagnosis of schizophrenia, physicians, 17823
subjective cognitive dysfunction, patients with schizophrenia or major depression, 29577
subsyndromes of tardive dyskinetic movements, patients with chronic schizophrenia, Scotland, 25805
subtype progression over yrs of illness & pathophysiological deterioration, 16–55 yr old schizophrenic patients, 2–32 yr followup, 33642
support for pseudoautosomal hypothesis of genetic etiology of schizophrenia, same sex adults in multiply affected families, France, 1725

susceptibility to epileptic seizures during clozapine treatment, schizophrenic 20–43 yr olds, Finland, 34560
sustained attention deficit, schizophrenic vs schizotypic males, Spain, 25731
symptom self monitoring for enhancement of self care, schizophrenic patients, 21803
symptom severity, lateralized abnormality in control of attention, schizophrenic 22–68 yr olds, 29678
symptomatic treatment including insulin shock & neuroleptics & antidepressants, patients with chronic episodic schizophrenia & secondary endogenous depression, Russia, 2612
symptomatology & electrodermal activity & premorbid adjustment, prediction of response to neuroleptic treatment, male schizophrenic 18–42 yr olds, 6755
symptomatology & life stressors, social networks & supports, long term schizophrenic 18–65 yr olds, England, 25808
symptomatology, acquisition of social skills during training program, inpatients with schizophrenia or schizoaffective disorder, 22625
symptoms & other clinical predictors of 1 yr outcome, schizophrenic patients, 29703
symptoms related to cognitive deficits in schizophrenia, 45534
systematic changes in group psychotherapy process, schizophrenic 43–69 yr olds, 15 mo study, 2533
T-cells & T-cell subgroups, disease course & prognosis & neuroleptic outcome, 18–58 yr olds with schizophrenia vs schizoaffective psychosis, 30491
tardive dyskinesia & mortality rate, 49–82 yr old schizophrenic patients, Japan, 4.2 yr study, 21810
tardive dyskinesia & Parkinsonism & positive & negative movement disorders, schizophrenic patients, 18772
tardive dyskinesia with severe pectoral muscle involvement, male schizophrenic 38 yr old, case report, 33630
task criterion, early visual recognition & processing deficits, schizophrenic 18–40 yr olds, 5893
temporal lobe metabolic asymmetry & severity of symptomatology, schizophrenic patients, conference presentation, 13762
test retest reliability of positron emission tomography analysis of age effects on raclopride binding & putamen to cerebellum ratios, healthy adults & schizophrenic patients, 9871
theoretical & clinical conceptualizations & treatment of anorexia nervosa, borderline vs schizophrenic patients, USSR, followup, 17707
theoretical & clinical issues in PCP/NMDA model of schizophrenia, 29680
theoretical framework & components of disorders of habitual social self & personal identity, schizophrenic patients, 17822
theoretical perspectives in expressed emotion therapy, families of schizophrenic patients, 6597
thiothixene, negative symptoms, chronic schizophrenic 31–60 yr olds, 2670
thrombin induced platelet calcium mobilization, patients with bipolar disorder vs major depression with vs without melancholia vs obsessive compulsive disorder vs schizophrenia, 21711
thrombin vs chlorpromazine vs haloperidol &/vs lithium, blood platelet calcium concentrations, healthy 19–37 yr olds vs schizophrenic 25–53 yr olds taking neuroleptics, 18719
time course & biological correlates of antipsychotic treatment, 16–40 yr olds with 1st episode schizophrenia, 38563
timing & precursors of social class decline, 16–50 yr olds with schizophrenia or depression or schizophreniform or bipolar disorders, England, 25716
training in use of Negative Symptom Assessment Scale & rating of use with schizophrenic patient, novice raters, 35123
transactional coping model & disease concept oriented toward living situation, strain & coping with illness, schizophrenic patients, 17835
transient side effects of clozapine, schizophrenic male 39 yr old, letter, 38544
trauma induced cerebral abnormalities, 24–47 yr olds with schizophrenia or schizoaffective-like psychoses, 17785
treatment & rehabilitation modalities, patients with schizophrenia or related disorders, 14467
treatment guidelines for valproate, patients with bipolar or schizoaffective disorder, 42459
trifluoperazine, progressive adult onset stuttering, 25 yr old male with schizophrenia with paranoid & catatonic features, case report, 22744
underrepresentation of female Ss in epidemiological studies of lifetime morbidity risk for schizophrenia, 33632
unilateral visual stimulation, false localization in left vs right hemifield, patients with schizophrenia or depression, translated article, 33563
use of ECT, schizophrenic patients, India vs Western world, letter, 42523
use of MMPI profiles in construct validity of revised Social Anhedonia Scale, assessment of schizotypy, college students, 31904
use of psychohistory in psychotherapy, schizophrenic patients experiencing psychological infanticide, 22506
use of spirograph, differential diagnosis of clinical forms of respiratory dyskinesia, schizophrenic males undergoing neuroleptic drug treatment, 5886
utility of alternative disease phenotypes based on behavioral markers for linkage studies, schizophrenic patients, 25822
valid vs invalid directional cues in left vs right visual field, automatic orienting of attention, schizophrenic adults, 41587
validity & stability of rationally based proxy case identification tool for diagnosis, outpatients with deficit vs nondeficit syndrome of chronic schizophrenia, 35898
validity of distinction between negative & positive symptoms, schizophrenic patients, Germany, 10–50 yr study, 5882
validity of Kiswahili version of Schroder et al Adult Psychiatric Sensory Integration Evaluation vs other occupational therapy assessments, schizophrenic 20–63 yr olds, Tanzania, 76
validity of Level of Expressed Emotion Scale, prediction of risk for rehospitalization, schizophrenic adults, 5 yr study, 31872
validity of National Adult Reading Test, estimation of premorbid intelligence, hospitalized & community resident schizophrenic patients, UK, commentary, letter, 43770
validity of National Adult Reading Test, estimation of premorbid intelligence, hospitalized & community resident schizophrenic patients, UK, 73
valproate, behavioral dyscontrol & aggression, 68 yr old female with chronic paranoid schizophrenia & mentally retarded 63 yr old female with schizoaffective disorder, 10701
ventricle brain ratio, schizophrenic patients, meta analysis, commentary reply, letter, 17834
ventricle brain ratio, schizophrenic patients, meta analysis, commentary, letter, 17792
ventricle to brain ratio & symptom severity & presence of positive & negative symptoms at onset, 1st break schizophrenic 18–30 yr olds, 9855
ventricular & temporal lobe size, clinical outcome, patients with 1st episode schizophrenia vs schizophreniform vs schizoaffective disorder, 2 yr followup, erratum, 9845
verbal hallucinations & negative symptoms, message inadequacies & self repair in instruction dialog, schizophrenic 16–50 yr olds, England, 13784
verbal learning & memory & frontal lobe dysfunction, patients with schizophrenia vs schizoaffective disorder, 45489
vigilance performance on Continuous Performance Test & Span of Apprehension Test, patients with schizophrenia vs affective disturbances, Norway, 13675
visual background masking, affectively disturbed vs chronic vs nonchronic schizophrenic patients, Norway, 25735
visual decoding performance on 2-flash fusion & backward masking tasks, male schizophrenic 23–44 yr olds, 29716
visual orienting performance & attentional asymmetry, schizophrenic patients, 17799
visual perceptual dysfunction, 18–41 yr olds with schizophrenia or affective disorders, 17689
vocational strengths & weaknesses, adults with schizophrenia or schizoaffective disorder, 29691

volume of prefrontal region & caudate & amygdala/hippocampus complex, deficit symptoms, schizophrenic patients, 17782
volumes of ventricular system subdivisions & positive vs negative symptoms, 1st episode schizophrenic 16–37 yr olds, conference presentation, 9844
vulnerability & stress factors related to psychotic relapse, recent onset schizophrenic 18–45 yr olds during index hospitalization vs stabilization period vs 1 yr of drug & psychosocial treatment, 9872
vulnerability to relapse, schizophrenic patients, 17838
Wechsler Memory Scale-Revised performance, schizophrenic patients, 21798
winter vs nonwinter season of birth, neuropsychological impairment, schizophrenic male 19–63 yr olds, 9848
word association task performance & positive & negative symptoms, schizophrenic 21–63 yr olds, 41580
zacopride, schizophrenic male inpatients, letter, 6774
zotepine vs haloperidol, schizophrenic patients with predominantly negative symptoms, 2614
1st contact rates of schizophrenia, Afro Caribbean residents of Camberwell, 1965–84, England, 13808
1st contact rates of schizophrenia, residents of Camberwell, 1965–84, England, 13763
1st trimester exposure to acute famine as risk factor for schizophrenia, adults, Netherlands, 17829
2-deoxyglucose induced metabolic stress, plasma progesterone & cortisol, schizophrenic males, 13758
3H spiperione binding capacity in mononuclear cells, 22–55 yr old probands with schizophrenia or schizoaffective disorders & their 1st & 2nd degree relatives, Germany, 41570
3rd ventricle enlargement, neuropsychological performance, schizophrenic 18–50 yr olds, 1712
3–28 day neuroleptic remediation, psychopathology, drug free chronic schizophrenic 18–45 yr olds, 2633
5-HT & dopamine interactions in schizophrenia & effects of atypical antipsychotic drugs, 41595
5-HT function in schizophrenia, research review, 41578
Schizophrenia [See Also Acute Schizophrenia, Catatonic Schizophrenia, Childhood Schizophrenia, Paranoid Schizophrenia, Undifferentiated Schizophrenia]—Books
The cognitive neuropsychology of schizophrenia. Essays in cognitive psychology, 29717
The concept of schizophrenia: Historical perspectives, 37757
Family work for schizophrenia: A practical guide, 22616
Innovations in the psychological management of schizophrenia: Assessment, treatment and services. The Wiley series in clinical psychology, 13811
Madness and modernism: Insanity in the light of modern art, literature, and thought, 13812
New biological vistas on schizophrenia. Clinical and experimental psychiatry, No. 6, 1742
Positron-emission tomography in schizophrenia research. Progress in psychiatry, No. 33, 37759
Schizophrenia simplified: A field guide to schizophrenia for frontline workers, families, and professionals, 5909
Schizophrenia [See Also Acute Schizophrenia, Catatonic Schizophrenia, Childhood Schizophrenia, Paranoid Schizophrenia, Undifferentiated Schizophrenia]—Chapters
Affective symptoms and schizophrenia: What are the implications for diagnosis and treatment?, 41615
Atypical neuroleptics for the treatment of schizophrenia, 2686
Becoming ordinary: Leaving the psychiatric hospital, 11088
Classical concepts of schizophrenia, 37768
Clinical interpretation of metabolic and neurochemical abnormalities in schizophrenic patients studied with positron-emission tomography, 37774
Cognitive alterations as markers of vulnerability to schizophrenia, 21849
Concepts of schizophrenia after Kraepelin and Bleuler, 37766
Concepts of schizophrenia: 1600–1860, 37770
Control groups in schizophrenia research: A neglected source of variability, 5917
A developmental model for the etiology of schizophrenia, 5924
Environment, schizophrenia, and academic psychology, 5916
Expressed emotion, communication, and problem solving in the families of chronic schizophrenic young adults, 17840

Scholastic Aptitude Test [See Coll Ent Exam Bd Scholastic Apt Test]
School Achievement [See Academic Achievement]
School Adjustment—Serials
broken vs intact home, home & health & social & emotional & school or college adjustment, 16–24 yr olds, 17140
change in parental work status, school adjustment before vs after transition to junior high school, adolescents & their parents, 2 yr study, 27530
depression & anxiety & adjustment & separation individuation, college students, 17759
development & reliability & construct validity of English & Spanish versions of Psychological Sense of School Membership, assessment of school belonging, middle & junior high school students, 24210
development & utility of self report instrument, assessment of stressful life events, high school students, implications for school adjustment, 8073
development & validity & reliability & factor structure of behavior rating scale, assessment of self rated adjustment problems, monolingual vs bilingual 14–17 yr old students, Algeria, scale appended, 43821
early grade retention, teacher ratings of adjustment & perceived competence & reading & mathematical achievement, low income Black & Hispanic elementary school students, longitudinal study, 3451
efficacy of information based enhancement program with vs without enhanced support, adjustment to college life, minority vs majority college freshmen, 35499
emotional & behavioral & academic adjustment correlates of antisocial behavior, 13–16 yr olds, 40935
employment & marital status & role participation of mothers vs fathers, perceived responsibility for child's school adjustment, college students, 41124
goal instability & social support, adjustment to college life, new college students, 35417
goal instability & social support, prediction of adjustment to college life, college freshmen, 19571
individual differences in optimism & self esteem & locus of control & coping, adjustment & performance, college freshmen, 3 mo & 2 yr followups, application of cognitive adaptation theory, 15464
interpretation & administration & scoring & reliability & validity of Student Adaptation to College Questionnaire, college students, 12063
issues in promotion of access & accommodations & independence, learning disabled college students, 3535
learning & attendance & performance & other indicators of school functioning, asthmatic children, research review, 23607
maternal social support, prediction of adjustment, kindergartners, 47253
multidimensional program with teacher & parent & group support, academic & social emotional transition from elementary to middle school, 6th graders, 39395
natural or custodial parent's marital status & age at parental divorce, college adjustment, college freshmen, 39297
parent child interactions, social adjustment during transition to school, 4.8–5.8 yr olds entering kindergarten, 27525
parent configuration & number of siblings, conformity to student role & absences & lateness & conduct, 1st graders, 3514
parental attachment & psychological separation, school adjustment, 1st yr female college students, 19561
parental involvement & life events & sociodemographic characteristics, prediction of early school adjustment, inner city K–1st graders, 2 yr study, 27542
parents' vs teachers' perceptions of child's temperament, prediction of child's adjustment to preschool, 3–5 yr olds & their parents & teachers, 43288
peer social support, psychological symptomatology & transition to junior high school, 6th–8th graders, 2 yr study, 11506

perceived parental strictness & monitoring & decision making opportunities, peer orientation & school adjustment, 6th graders, 1 yr followup, 44957
personality traits & school adjustment, 11–14 yr olds, application of 5-factor personality model, 3496
psychoeducational adjustment, immigrant children from Caribbean & Central America, US, implications for school psychologists, 23589
remigration from Germany, language proficiency & academic achievement & adjustment, junior high school students, Greece, 15470
reported child or adolescent abuse & psychopathology & college adjustment & dissociative experiences, female college students, 13676
Rite of Passage Experience community intervention program, elementary & middle & junior high school students, 39287
role of school counseling in transition from high school to college, college bound students with learning disabilities, 43370
school based drama prevention program, adjustment to school transitions, 6th–8th graders, 23674
school reintegration & related problems, chronically ill children & adolescents, 22243
self efficacy vs interest congruence vs commitment, career indecision & academic adjustment, college students, 3489
stressful life events, school adjustment, urban 5–13 yr olds, Australia, 35418
structured & reciprocal peer tutoring &/vs reward, mathematics achievement & school adjustment, 4th–5th graders at high risk for academic failure, 3342
transition to new educational environment, perceptions of academic competence & motivational orientation & scholastic anxiety & affect, 5th–8th graders, 31346
validity of Miller Assessment for Preschoolers, prediction of school related problems, at risk preschoolers, commentary reply, 28083
validity of Miller Assessment for Preschoolers, prediction of school related problems, at risk preschoolers, commentary, 28085
validity of Miller Assessment for Preschoolers, prediction of school related problems, at risk preschoolers, 28086
validity of Miller Assessment for Preschoolers, prediction of school related problems, at risk preschoolers, commentary, 28080
verbal fluency, prediction of peer problems, 9–11 yr olds with attention deficit hyperactivity vs learning disorders & school problems, 45804

rating of appropriateness of corporal punishment & intervention by psychologist for certain student behaviors, elementary & middle school administrators, 7379
role of caring ethic in educational leadership, 7372

School Attendance—Serials

age & school attendance, K-ABC Simultaneous & Sequential & Achievement scores, 8–12.5 yr old Sioux living on rural reservation, 31966
attendance motivation & self perceptions as learners & evaluation of student experience, 61–94 yr old college students in Donovan Scholars Program, 39200
classroom with vs without windows & warm white vs daylight fluorescent tubes, daily urine cortisol & classroom performance & body growth & sick leave, 8–9 yr olds, Sweden, 1 yr study, 27537
correlation between attendance & grades, psychology students, Canada, 35353
excessive school absence vs indicator of mental health problem, 13651
family systems approaches to school level attendance & review discipline board, resolution of school behavior problems, elementary school students, 39402
indigenous vs exogenous community based organization support, success of attendance improvement dropout prevention programs, middle school students, 27440
learning & attendance & performance & other indicators of school functioning, asthmatic children, research review, 23607
parent configuration & number of siblings, conformity to student role & absences & lateness & conduct, 1st graders, 3514
prior school attendance & academic & demographic & psychosocial factors, prediction of school outcomes & depressive symptoms & repeat pregnancy, pregnant 13–19 yr old Blacks & Hispanics, 11514
Project RAISE community adult advocacy & mentoring program, school attendance & achievement & grade promotion, at risk middle school students, 35307
restricted activity & work & school time lost due to dental problems & visits, 18–65 yr olds & older, 22908
school based health clinic use, absence & suspension & withdrawal & graduation or promotion rates, 6th–12th graders, 39400
school reintegration & related problems, chronically ill children & adolescents, 22243
season of birth & school attendance, junior high school students, Wales, 19553
sibling birth spacing, secondary school attrition & postsecondary school attendance, high school students, longitudinal study, 43265
social integration, student retention, Black college students, 3497
trends in attendance & reasons for missing classes, course grade & performance, college students, 27548

School Attendance—Chapters

Work, time and sickness in the lives of schoolchildren, 3288

School Club Membership—Serials
club membership as group counseling approach, motivation to improve academic performance, elementary school students, 15545
School Counseling—Serials
academic & career counseling, occupational segregation & empowerment, traditional & nontraditional female students, 3597
academic growth peer support counseling group & teacher student mentoring program for potential dropouts, intermediate school students & teachers, 31426
classroom guidance lessons, language & mathematics achievement & conduct grades & behavior & attitudes toward school, 4th–6th graders, replication, 35492
concerns at intake vs in needs assessment, Black male college students in counseling, 35501
consultation model for development of school counseling & guidance education, Botswana, 11254
counseling &/vs behavioral consulting model of intervention in school counseling, 19637
counseling issues in racial identity development, gifted Black students, 27607
demographics & problems & school counseling needs, Hispanic elementary & middle school students, 23664
developmental perspective on school counseling strategies for empowerment, homeless elementary school students, 23666
drug & alcohol use, academic interventions, 10th graders at risk for academic failure, 15564
efficacy of information based enhancement program with vs without enhanced support, adjustment to college life, minority vs majority college freshmen, 35499
emotional & grief responses to student's death from leukemia, high school students, 18 mo study, implications for school counseling, 11590
environmental experiential counseling model, handicapped students, 15561
ethical standards of American School Counselor Association vs American Association for Counseling & Development vs Association for Specialists in Group Work, 43126
evaluation & accountability of school counseling services, schools in midsize public school district, 35503
evaluation of short term school based counseling, self esteem, 9th–12th graders, 7547
extent of use of meditation & relaxation techniques in group counseling of adolescents with behavior problems, school counselors, 31437
family characteristics & self selection recruitment efficacy in school based prevention program, 4th–6th grade children of alcoholics & their parents, 27611
family systems approaches to school level attendance & review discipline board, resolution of school behavior problems, elementary school students, 39402
Gesell Institute of Child Development guidelines & developmental considerations, 10–14 yr olds, implications for guidance counselors, 15553
group counseling, school attrition, high school students, 35498
group guidance & counseling program based on multimodal approach, learning how to succeed in school, 6th–8th graders, 35487
group guidance curriculum for ESL students, newly immigrated high school students, Canada, 19649
guidelines for & expectations of magic as counseling tool, elementary & middle school counselors, 35500
historical perspective on interventions in school psychology, 27613
history of counseling & psychological services at Stanford University, 35485
implementation of mental health facet of school based clinic, identification & treatment of sexual abuse, 15–18 yr old Hispanic students, 47322
incidence & intervention strategies for bullying behavior, primary & secondary school students, England, 3605
integration & applications of & need for training in clinical neuropsychology, college counseling center psychologists, 15554
item response frequency & factor structure & reliability of university counseling center intake problem checklist, clients, 31907
joint hospital & school consultation & networking protection service, children at risk for physical or sexual abuse or medical neglect, 15049
mathematics anxiety reduction clinic, college students, 47313
metamodel for student development theory & developmental work with students at university & college counseling centers, male college student, case report, 31441
model developmental counseling & guidance program for school counseling, 43367
model of TV game show "Jeopardy" as career information aid in school counseling, high school students, 3602
needs assessment for counseling center, college students & staff, Botswana, 11584
neurolinguistic mirroring vs nonmirroring of nonverbal empathy & trustworthiness & positive interaction, male Choctaw 14–19 yr olds & White female guidance counselors, 39406
objectives & components to conflict resolution programs, 4th–6th graders, 35486
organizational consultancy role in educational environments, student counselors, 35488
parent vs school counselor led Adlerian parent study groups, attitudes & skills, parents of elementary school students, 11581
patterns of failure to return following intake, clients of male vs female school counselors, replication & extension, 19646
patterns of practice in provision of counseling & psychotherapy services in schools, school psychologists, 43368
peer mediation training, classroom conflict & use of resolution procedures, 1st–6th graders, 15552
perceptions of role & function & education programs & concepts of guidance vs counseling, school counselors, 35193
perspectives on National Curriculum policy & utilitarian view of education, implications for educational guidance & counseling, 35493
practice & training in skills based school counseling, secondary school counselors, 43068
practice of group therapy at university counseling centers, counseling center directors, 31433
preparation of students for military service, high school counselors, Israel, 15551
preventive discussion group in educational environment, female psychological development, female high school seniors, 19647
privileged communication & confidentiality & ethics & employer policy related to privacy in school counseling, clients & counselors, 43142
problems & identity conflicts & school counseling issues, biracial elementary & middle school students, 23669
process & functions of genograms in academic counseling, 39405
provision of educational resources & support services in school & offsite settings, females with emotional &/vs behavioral difficulties, England, 7521
psychological strategies & classroom suggestions, emotionally disturbed or disruptive college students, 35491
reliability & validity of state & trait forms of Depression Adjective Check Lists, university counseling center clients, 35899
research on sojourner adaptation, development of mission statements of international student advising offices in American universities, 7546
restructuring & flexibility needs of counseling delivery system, high school counselors, 19638
Rogerian approach to communication & counseling, 3rd grade victims of bullying incidents & their teacher, 23670
role in helping children with attention deficit disorders with or without hyperactivity, elementary school counselors, 14035
role in providing services to medically fragile children & their parents, elementary school counselors, 15559
role in school based career guidance & consultation, career counselors & assessment officers, 43369

role of expectations in educational practices & need for multicultural perspective, teachers & counselors of at risk elementary & middle school students, 23429
role of school counseling in staff development & inservice training for teaching & communications skills, teachers & school counselors, 31233
role of school counseling in transition from high school to college, college bound students with learning disabilities, 43370
role of school counselors in treatment process, children with attachment disorder, 35496
satisfaction with counseling report card designed to provide feedback about child's participation in school counseling, parents, 19639
school based drama prevention program, adjustment to school transitions, 6th–8th graders, 23674
school based family change group program, stress coping skills & cognitions, 5–7 yr olds, 31440
school based mentoring program, self concept & academic achievement, 10th graders at risk for dropping out, 43371
school based peer mediation training, sibling conflict & use of resolution skills in home setting, 4th–6th graders, 15548
school based psychoeducational interventions for stress management & wellness promotion, students, 11589
school based psychoeducational program, understanding mental illness & willingness to seek personal assistance, 11–13 yr old middle school students, 35489
school based solution focused brief therapy methods, male 5 yr old & female 7 yr old students, 47326
school counseling strategies, self inflicted stress & copout & burnout behavior, gifted students, 35490
school wide social skills assessment & training model of intervention, elementary school students at risk for psychological or social problems, 39397
small group counseling, academically retained primary students, 35483
social skills training, peer relations, elementary school students, 11583
special mind patterns & considerations & school counseling alternatives, gifted students, 30867
strategies of school based traumatic events response team following student's suicide or accidental death or presence at accident or other trauma, students, 35504
structure & evaluation of consultee centered & organizational development consultation programs, university counseling center, 43372
systems view of family therapy theory & practice in revolution of school counseling & public education, 39403
team approach to preliminary assessment & management techniques & classroom strategies & followup for students with attention deficit hyperactivity disorders, school counselors & teachers & parents, 31373
team crisis intervention in response to student's suicide, students, 11576
test item analysis & reliability & validity of multiple choice version of Benton Visual Retention Test, school counseling clients, Germany, 19989
university counseling center & community responses to fear & panic related to University of Florida serial murders, 1990, 3592
use of cognitive behavior therapy in school counseling, children of alcoholics, 31443
values & behaviors & attitudes, college students, implications for counselors & administrators, 31338
wellness promotion & counseling, elementary school students, 11585

Cascade computer model of self explanation effect in learning, students, 47238
cognitive & psychosocial facilitation via peer based interaction during cooperative learning with computers, students, 27451
collaborative inquiry approach to science instruction, conceptual knowledge & reasoning, language minority middle & high school students, 47186
Computer Based Precision Learning System written in Course Builder programing language, tutoring & evaluation of fluency in course material, college students, conference presentation, 11409
conceptions of & orientations to teaching, student learning, polytechnic lecturers, Hong Kong, 35260
conceptual change teaching workshop & instructional materials, strategy use & student learning, 7th grade life science teachers & students, 31286
construction of knowledge during collaborative concept mapping in science learning, high school physics students, 35371
constructivist approach to learning as conceptual framework for educational & psychological consultation, 43147
cooperative learning, spelling achievement, 2nd vs 4th vs 6th graders, Netherlands, 3461
cooperative vs individualized Logo learning environment, creativity & relationships & academic recognition & social acceptance, 8th graders, application of theories of L. Vygotsky & S. Papert, 35365
counterintuitive information in demonstration with vs without text, changing in thinking about physical science concept of free fall, male vs female 9th–11th graders, 3394
critique of Piagetian constructivism in & framework for sociocultural model of teaching & learning in science education, 15397
culturally sensitive instructional strategies, learning, African American students with learning disabilities, 11543
drug therapy, school learning & behavior, 8 yr olds with Down's syndrome, 34534
elements & integration of work task learning in elementary & secondary school classrooms, 3445
emotions, learning & achievement, students, implications for role of cognitive & motivational mediators, 15449
episodic knowledge vs metaphors vs interpretive frameworks vs emotions & values & aesthetics, science knowledge development, 1st vs 5th graders, Canada, 7452
ethnicity & verbal ability & instructional quality & motivation & course work & homework time, grades, male vs female high school students, application of model of school learning, 35359
experiential aspects of learning to program computers, college students, Sweden, 35681
extraversion & neuroticism & psychoticism, learning & motivation & responses to teaching methods & achievement, students, 3434
factors in successful use of classroom testing & promotion of learning, 7457
formal teaching vs guided vs free discovery vs play, memory & learning, primary school students, 3381
goal theory research & application to classroom learning & motivation, 3425
group size & exposure time, microcomputer based learning in language arts, 5th vs 6th graders, Canada, 11381
group size & instructional format & autonomy, cognitive & linguistic & social & materials use & task engagement behaviors, 5–9 yr olds, 7406
high access to personal portable computers, English & mathematics & science learning & achievement, primary & secondary & special education students, Northern Ireland, 35293
human capital/economics theory of creativity & educational productivity, commentary, 47111
integration of learning materials into interactive multimedia design using computers, Europe, 43230
integration of peer coaching & cooperative learning in science class, junior high & elementary school students, 35322
interaction videodisc instructional modules & goal orientations & self perceptions, learning outcomes, high school precalculus & trigonometry students, 39214
interactive computer environments, mathematics learning, middle & high school students, 3339
interactive videodisc instruction, learning time & performance & attitudes, students, 7425
IQ vs rate of teacher communication, acquisition of information & net recall, 7th graders, application of mathematical model, 7459
issues in use of inventories in assessment of learning processes, students, 31964
knowledge map vs text & communication aid with vs without strategy in cooperative learning, science learning, college students, 15398
knowledge map vs text communication aid, acquisition of scientific material in cooperative learning situation, college students with high vs low verbal ability, 35316
learning & attendance & performance & other indicators of school functioning, asthmatic children, research review, 23607
learning level achieved & method, long term retention of foreign language vs mathematics vs cognitive psychology vs literature course information, former students, 16333
learning skill of finding assumptions in critical thinking, freshmen vs senior college students, 19526
level of original learning & overlearning, long term retention of recall vs multiple choice items, college students, 4 & 11 mo followups, 35372
literacy assignment reasoning, student learning & motivation & attitudes, elementary school students & teachers & principal, 39229
literacy learning, moderately & profoundly hearing impaired preschool students, 23637
mediated instruction & relationships among cognitive components of working memory & representation & metacognition & performance, Logo learning & transfer, 2nd graders, 35360
metacognitive knowledge about school related reading, prelingually & profoundly deaf 14.6–19.4 yr olds, 19614
motivational & volitional characteristics & classroom environments, responsibility for learning & performance, elementary school students, implications for teaching methods, 15434
multiple computerized study tools, learning, college students, 19474
nature of involvement in academic discourse in reading & writing tasks, college students, 35369
organizational change from streamed to mixed ability classes, science instruction & classroom learning, low & high ability secondary students & their teachers, 3 yr study, 35297

orienting activities & locus of instructional control, learning of factual & procedural knowledge from interactive video, college students, 31293
perceived family achievement orientation & SES, values & attitudes toward school learning & achievement, Black & Hispanic & biracial 9–14 yr olds in urban schools, 39256
personal constructions & evaluation of planned vs unplanned learning, college students, 47225
planning & situated action in cognitive science, clarification of J. Lave's position on transfer of school learning, commentary, 40127
prior math achievement & learned helplessness vs mastery oriented attributional style, cooperative math learning outcome & attributions & self concept, 7th graders, Canada, 3421
program completion vs generation, learning activities & outcomes in elementary computer programing instruction, novice college students, 11435
Project Participate program & decision making process about interventions for independent & active participation in learning, 3–4 yr old preschoolers with severe motor disabilities, 23636
research methodologies developed to address pupil learning in classroom context, 39283
response confidence in processing of instructional feedback, 3rd vs 5th graders vs college students, 15454
role of computers in school reform & formation of learning communities in classrooms, 35306
role of culture in school & everyday learning & acultural teaching & research approaches, commentary, 31200
role of emotions & motivation & cognitions in adaptable school learning, 15431
role of knowledge acquisition & restructuring in conceptual development in astronomy learning, students, 15456
role of math education & LOGO programing in learning & teaching problem solving skills, elementary school students, Belgium, 15369
role of subjective competence & self assessment in learning, students, 31307
specialist vs classroom teacher effectiveness, physical education learning, 1st & 3rd graders, 3 yr study, 15379
spreadsheet system with database & graphics capabilities, constructivist method of learning science, students, 23473
strategic transfer as tool for academic problem solving & classroom learning, 19531
symbolic approach vs situated action worldviews vs theories of cognitive science, application to transfer of school learning & computer programs, commentary, 40073
teaching methods of tactual stimulation & gross motor movement exercises, cognitive learning, college students, test of M. Montessori's muscular movement theory, 23481
theoretical approaches to overcome encapsulation of school learning & misconceptions of moon phases, 14–17 yr olds, 31248
theoretical framework for research on learning processes, students, 39255
time of day, school learning, secondary school students, 7464
time since course completion & grade & context with & interest in course material & age, retention of conceptual vs specific knowledge in cognitive psychology, ex-college students, commentary reply, 3429
trends in levels of academic achievement & deficits in information & educational credentials, inadequate learning syndrome, Black & Asian & Native American students, 47229
view of challenging behavior of least able students as instructive in terms of emotional & intellectual difficulties of learning for all students, 43252
visual historical scenes, assessment of learning in history, 5–11 yr old primary school students, implications for History National Curriculum framework, 47227
vocabulary learning & teaching in literature discussion groups, 4th graders, 3435

School Learning—Books

Analysis of arithmetic for mathematics teaching, 3404
Educational psychology: Effective teaching, effective learning, 27352
Learning from textbooks: Theory and practice, 47200
Schools for thought: A science of learning in the classroom, 35248
Vision and school success: A guide to understanding vision's role in learning and what the teacher can do to facilitate learning in the classroom, 38344

School Learning—Chapters

Assessing constructions and constructing assessments: A dialogue, 23436
Assessment as an episode of learning, 28097
Auxiliary materials that accompany textbooks: Can they promote "higher-order" learning?, 47205
Benefits and costs of research that links teaching and learning mathematics, 31328
Clinical assessment of instructional performance in cooperative learning, 4154
Creating school conditions for developing intelligent behavior, 11445
Culture and curriculum: Dilemmas in the schooling of Australian Aboriginal children, 7479
Culture, context and the construction of knowledge in the classroom, 19541
Curricular designs that resonate with adolescents' ways of knowing, 31305
Dynamics of diversity in the teaching–learning process: A faculty development model for analysis and action, 31304
From protoquantities to operators: Building mathematical competence on a foundation of everyday knowledge, 3478
Impact of good and poor writing on learners: Research and theory, 47208
The impact of test anxiety on cognition in school learning, 19543
Learning potential tests with domain-general and domain-specific tasks, 35982
Learning, teaching, and testing for complex conceptual understanding, 20104
Measuring inductive reasoning skills: The construction of a learning potential test, 35979
Meeting the educational needs of all students in the heterogeneous class, 35381
New views of student learning: Implications for educational measurement, 20106
Posing problems: One aspect of bringing inquiry into classrooms, 39250
Research on learning and teaching addition and subtraction of whole numbers, 3409
Scripted cooperation in student dyads: A method for analyzing and enhancing academic learning and performance, 27361
Social categorization and intergroup acceptance: Principles for the design and development of cooperative learning teams, 27360
Teachers' knowledge of students as base for providing mediated learning experience, 11493
Technology and the design of generative learning environments, 23551
Testing a theoretical model of student interaction and learning in small groups, 27363
Understanding how students learn in classrooms, 3475
Understanding illustrations in text, 47210

School Leavers—Serials

intended year of leaving school & psychological distress & work attitudes, 10th–12th graders, Australia, 43299
perceptions of social & educational service use in school leaving process, carers of 17–20 yr olds with severe learning difficulties, England, 30834
school based health education, AIDS related health beliefs & intentions & cognitions, 16 yr old students vs school leavers, Scotland, 11377
sex & social background & ethnicity, reasons for & plans to leave school vs continue education, secondary school students, UK, 11511
spare time use & psychological well being, unemployed vs satisfied vs unsatisfied employed school leavers, 7 yr study, 23700

School Libraries—Serials

use of PsycBOOKS, college & university libraries, US, 27344

School Nurses—Serials
role expansion educational program, role performance & intrinsic vs extrinsic job satisfaction, 25–65 yr old school nurses, 9 mo followup, 11297
School Organization [See Educational Administration]
School Phobia—Serials
comorbid syndromal & symptomatic depression & school refusal behavior, research review, implications for classification & treatment, 41486
development & concurrent validity & reliability of Visual Analogue Scale for Anxiety-Revised, 8.6–17.6 yr olds with school refusal, 67
diagnostic criteria & behavioral interventions, children with school phobia vs separation anxiety, 14566
strategic family therapy, 14 yr old female with phobic school avoidance, 34444
team approach to school based behavioral treatment of school phobia & separation anxiety, male 3rd grader, implications for school based bond paradigm, 31428
School Phobia—Chapters
School phobia, 34385
School Principals—Serials
creative insubordination & management & leadership skills in school improvement, high school principals, 27376
early childhood development & education beliefs, kindergarten teachers vs their principals, 7387
empowerment & decision making in tall vs flat school organizational structure, teachers & principals, 7384
interactive videodisc computer based simulation of school principal role demands, experiential learning, educational administration graduate students, 23453
perceived academic needs of at risk students, urban school principals, 47144
perceived personal efficacy, teachers & principals, 27389
perceptions of school principals' communication effectiveness, job satisfaction, elementary school teachers, 7392
personal & contextual characteristics, school leadership & administrative behaviors, school principals, 35277
ratings of gifted teacher competencies, principals & educators of rural gifted students, comparison with 1981 national sample, 7382
socializing experiences, decision to pursue principalship & training, aspiring school principals enrolled in certification program, Canada, 23440
teacher & principal sex, perceptions of principal's leadership & own personal & interpersonal & organizational power, high school teachers, 47132
teacher characteristics important in hiring decisions, secondary school principals, 27375
team approach to teacher evaluation process, principals & teachers, 7373
School Psychologists—Serials
accuracy of analysis of achievement ability discrepancy scores, school psychologists, commentary, 11311
accuracy of analysis of achievement ability discrepancy scores, school psychologists, commentary reply, 11320
accuracy of analysis of achievement ability discrepancy scores, school psychologists, 11321
applications of Lowenfeld Mosaic Test for school psychologists, 35969
computer simulation program, research & training & evaluation of school psychologists, graduate students & professionals, conference presentation, 11244
demographic characteristics & job functions, burnout, school psychologists, 47065
expansion of roles & functions & perceived effectiveness & activity involvement of & need for prevention services from school psychologists, special education directors, 27285
incorporation of dynamic assessment into cognitive assessment courses, school psychologist trainers, 19347
national survey on professional supervision training & participation, school psychologists, questionnaire appended, 27259
nature & extent & demographic & job related correlates of burnout & coping strategies, school psychologists, 11283
need for psychoanalytic concepts in professional education, teachers & school psychologists, 35264
organizational & interpersonal & intrapersonal factors in & coping strategies for burnout, school psychologists, review of literature on helping professions, 27291
perception of time school psychologist spends in various role functions, satisfaction with psychologist, elementary & secondary school administrators, 15356
personality characteristics, award winning vs randomly selected school psychologists, 3222
perspectives on mandated continuing professional development & education, school psychologists, 19329
practices & collection of data on accountability, school psychologist practitioners, 1991, 23414
quality circle approach, work related problems, school psychologists, 31156
rating of appropriateness of corporal punishment & intervention by psychologist for certain student behaviors, elementary & middle school administrators, 7379
roles & training needs & job satisfaction, school psychologists in secondary school settings, 39162
school psychologist facilitated small group vs class discussions, school climate, 4th–6th graders, Israel, 15549
School Psychologists—Books
Effective consultation in school psychology, 7550
School Psychologists—Chapters
Appraisal for better curriculum, 7446
The school psychologist, 23344
Suicide prevention in schools: Facing the challenge, 7554
School Psychology—Serials
APA accredited doctoral training programs in clinical & counseling & school psychology, 1992, 19355
behavioral consultation training, remediation of students, behavioral & academic difficulties, school psychology students, 31125
community based crisis intervention school psychology services during Gulf War, 1991, Israel, 15555
consultation & prevention & intervention services for child sexual abuse, school psychologists, 31434
contribution of school mental health services to community wide emergency intervention during Persian Gulf War, parents & children, 1991, Israel, 7099
diagnostic features & psychoeducational risk factors & school psychology interventions, infants to adolescents with fetal alcohol syndrome, 10037
ecological systems approach & shift in focus of school psychology from individual problem child to environment, 31201
historical perspective on certification & licensure & accreditation in school psychology, 27256
historical perspective on contributions of females to school psychology, 27340
historical perspective on intelligence & other testing in school psychology, 27341
historical perspective on interventions in school psychology, 27613
historical perspective on school psychology as scientific & practical specialization, 27204
history of international school psychology, 27343
history of organizations in school psychology, 27197
history of professional training organizations in school psychology, 27253
incorporation of dynamic assessment into cognitive assessment courses, school psychologist trainers, 19347
institutional affiliations indicative of publication productivity & quality of universities' school psychology programs, authors of articles in major journals of school psychology, 1985–91, 39081
interpersonal perspectives on school based consultation research, conference presentation, 39394
multicultural themes & minority related courses & student exposure to culturally diverse clients & faculty in school psychology training programs, program directors, survey appended, 23380
patterns of practice in provision of counseling & psychotherapy services in schools, school psychologists, 43368
psychoanalytic & learning theories & school psychology interventions, selectively mute 6 yr old male & female, 15560
racial & ethnic minority topics in school psychology research, 1975–90, research review, 3275

school psychological issues in cultural influences, psychoeducational needs, African American students, 23667
scientist practitioner model of school psychology education & training, conference presentation, 39168
synthesis of current research on psychological & educational needs, African American & Spanish speaking students, implications for school psychologists, 23668
unsuitability of DSM-III-R for school psychology practice & functional analysis of behavior as alternative, commentary, 19642
unsuitability of DSM-III-R for school psychology practice & functional analysis of behavior as alternative, 11574
unsuitability of DSM-III-R for school psychology practice & functional analysis of behavior as alternative, commentary, 11579
unsuitability of DSM-III-R for school psychology practice & functional analysis of behavior as alternative, commentary, 11582
unsuitability of DSM-III-R for school psychology practice & functional analysis of behavior as alternative, commentary, 11588
unsuitability of DSM-III-R for school psychology practice & functional analysis of behavior as alternative, commentary reply, 11575

School Psychology—Books

Preschool and early childhood treatment directions. Advances in school psychology, 11351

School Psychology—Chapters

Caplan's contributions to the practice of psychology in schools, 35252
Caplan's ideas and the future of psychology in the schools, 35506
Integrating consultation into school psychological services, 7551
Model programs and service delivery approaches in early childhood education, 11448
The process of school consultation: Give and take, 7555
The school psychologist, 23344
School psychology in a multicultural community: Responding to children's needs, 7553
What does it mean to consult?, 7556
Young children with special educational needs, 11567

School Readiness—Serials

concurrent validity & regression line comparison of Spanish edition of Lollipop Test: A Diagnostic Screening Test of School Readiness-Revised, bilingual Hispanic preschoolers, Puerto Rico, 31965
early educational intervention programs, prevention of mental retardation & improvement in school readiness & educational progress, children of low IQ mothers, 19607
emphasis on school readiness, early enrollment & promotion practices, kindergartners, 7380
factor structure of Gesell School Readiness Screening Test, developmental age & school readiness, children entering kindergarten, 20087
predictive validity of Spanish version of Anton Brenner Developmental Gestalt Test of School Readiness, kindergartners, Costa Rica, 1 yr followup, 31988
prevalence of & issues in placement of students unready for 1st grade into pre-1st-grade transition classes, superintendents of New York State school districts, 39226
problems with & issues in students' developmental readiness for primary school level curriculum at nursery schools, 3–4 yr olds, Nigeria, 43206
role in early detection of children's school readiness, professional pediatric providers, 42677
sex & preschool experience & age of entry, academic readiness in kindergarten, 5.5 yr olds & older, 7462
social interpretations of kindergarten readiness, parents & teachers of kindergartners, 7461
validity of Gesell School Readiness Screening Test, prediction of educational placement & achievement, kindergartners, 2 yr study, 16043

School Superintendents—Serials

environmental factors, strategic decision making & change implementation, school superintendents, 15359
prevalence of & issues in placement of students unready for 1st grade into pre-1st-grade transition classes, superintendents of New York State school districts, 39226
social judgment & expectations, willingness to trust, school superintendents & teacher union presidents, implications for education reform, 19330

School Truancy—Serials

cultural communication perspective on skipping classes, high school students, 3493
factors of truancy, hidden vs reformed truant high school students & educational psychologists & teachers, 31354
perception of & within school factors influencing truancy, 14–18 yr olds, England, 31355
reasons for & characteristics & frequency of & guilt about cutting class, college students, Saudi Arabia, 3512
reliability & validity of School Refusal Assessment Scale, assessment of motivation for school refusal, elementary school students, 39775

Schools [See Also Boarding Schools, Colleges, Community Colleges, Elementary Schools, Graduate Schools, High Schools, Institutional Schools, Junior High Schools, Kindergartens, Military Schools, Nursery Schools, Technical Schools]—Serials

behavioral vs ecobehavioral perspectives on school based consultation, 43148
factors associated with choice of schools, parents of 6th & 8th & 9th graders, Israel, 7436
feedback sessions as open system in management of academic institutions, faculty, 19447
guidelines for school based suicide prevention, adolescents, 39404
human capital/economics model of creativity & school reform, commentary, 47109
human capital/economics model of learning & creativity & creative eminence & effective schools & teachers, commentary, 47108
information process & performance indicators, evaluation of school & educational quality, teachers & school administrators, Portugal, application of model, 27338
instructional consultation team & organizational change models in schools, 7549
integration of behavioral technology into urban public schools, educators, conference presentation, 39188
need for & advantages of specialized academies, African American male children, 39228
school based health clinics & mental health centers & social services, health status, adolescents, 35242
sex education & other implementation factors, HIV & AIDS education, public & private schools, 39201
teacher activities & interaction with students & student entry level ability, reading performance, kindergartners in 3 school districts observed at beginning & end of year, 47234
therapeutic support in special schools & units, children with emotional &/or behavioral disturbances, UK, 19648
utility of archival data on size & ethnic composition & SES & academic achievement, random assignment to conditions in drug prevention trial, elementary & junior high schools, 39202

Schools [See Also Boarding Schools, Colleges, Community Colleges, Elementary Schools, Graduate Schools, High Schools, Institutional Schools, Junior High Schools, Kindergartens, Military Schools, Nursery Schools, Technical Schools]—Books

Psychiatric consultation in schools: A report of the American Psychiatric Association, 47331
Research in educational settings. Applied social research methods series, Vol. 29, 3280

Schools [See Also Boarding Schools, Colleges, Community Colleges, Elementary Schools, Graduate Schools, High Schools, Institutional Schools, Junior High Schools, Kindergartens, Military Schools, Nursery Schools, Technical Schools]—Chapters

Educational and classroom management, 46172
Infecting our children with hostility, 3521
Learning disabilities from an educational perspective, 35471
Schooling and the school as a cross-cultural context for study, 7447

Sciatic Nerve [See Spinal Nerves]

Science Education—Serials
academic ability & science background, misconceptions & understanding concepts of atom & molecule, 12th graders, Canada, 3498
activity based inquiry oriented vs textbook approach to science learning, learning disabled junior high school students in special education classes, 39358
actual vs preferred science classroom environments, deep level learning, secondary school students, Nigeria, comparison with Australian data, 35376
alternative curriculums, change in conceptual framework of scientific understanding, 6th graders, 2 yr study, 35301
amount & organization & strategic application of domain knowledge, problem solving in physics class, college students, 35379
analysis of instructional recommendations in elementary science textbooks, mainstreamed students with disabilities, 47289
assessment of textbook graphic representation interpretation ability, 10th grade biology students, Israel, 3432
attitudes toward & preparation in science, preservice elementary teachers, 43169
attitudes toward concept mapping vs Vee diagramming metalearning tools, biology & chemistry & physics & math teachers, Nigeria, 27382
attitudes toward science & science teaching, K–12th graders, 47254
attitudes toward science & technology & society interactions, preservice vs inservice secondary science teachers, 47139
bridging strategies connecting instances of conceptual model in science instruction, learning, 6th graders, 3402
classroom environment & adult encouragement & socialization, attitudes toward study of science, females, implications for attracting females to science education, 35331
classroom environment, attitudes toward science, 7th–8th graders, replication, 11502
cluster analysis of science classroom environments, attitudes toward science, high school students, 27539
Cognitive Acceleration through Science Education project, science achievement & development of formal operational thinking, middle & high school students, UK, 3 yr follow-up, 35324
Cognitive Acceleration through Science Education Curriculum, formal operational thinking, middle & high school students, 19493
cognitive apprenticeship metaphor & conversational analysis of teaching, teacher student interaction in open inquiry science classroom, male high school students, Canada, 47187
collaborative inquiry approach to science instruction, conceptual knowledge & reasoning, language minority middle & high school students, 47186
collaborative problem solving promotion of scientific literacy, middle school students, 43262
compact disk demonstrations of auditory masking & loudness & pitch, college physics students, 39213
computer based feedback strategies, learning of science material, low ability 11th graders, 23482
computer program with questionnaire, diagnosis of problems & misconceived models of electrical circuits & other scientific concepts, college students, 23474
computer simulated experiment & problem solving approach, attitudes toward & achievement in chemistry & logical thinking, 9th graders, Turkey, 19472
computer simulation in learning exercise, intuitive & conceptual understanding of mechanical phenomena, 2nd yr engineering students, 35302
concept mapping ability, biology problem solving, college students in biology, Nigeria, 7423
concept mapping in microbiology program design, achievement, high school students, Israel, 3323
conceptions & beliefs about earthquakes, K–6th graders, implications for science education, 39315
conceptions of 2nd law of thermodynamics, 10th graders, Germany, implications for physics education, 31312
conceptual difficulties in understanding electrochemical & electrolytic cells in electrochemistry, 12th graders, Australia, 19524
conceptual model of electric circuits, self directed experimentation in scientific reasoning & learning in circuit laboratory, novice college physics students, 39270
conceptually integrated videodisc instruction, elimination of alternative conceptual frameworks in science, high vs lower ability 8th graders, 35311
construction of knowledge during collaborative concept mapping in science learning, high school physics students, 35371
constructivist models of learning & fundamental neurobiological structures, implications for science education, 16519
content controlled creative teaching, concept formation in physics learning, 6th–8th graders, Romania, 3 yr study, 19484
conventional modeling vs Thinking Aloud Pair Problem Solving teaching method, college chemistry students, 27458
cooperative vs individual concept mapping experience, science problem solving ability, male vs female college students, Nigeria, 23566
counterintuitive information in demonstration with vs without text, changing in thinking about physical science concept of free fall, male vs female 9th–11th graders, 3394
criterion referenced assessment system in science course, achievement & attitudes, male vs female high school students & their teachers, England, 23506
critical thinking in science education & fallacy in reasoning discourse, students, 7474
critique of Piagetian constructivism in & framework for sociocultural model of teaching & learning in science education, 15397
curriculum approaches to science education, mainstreamed students with disabilities, 19608
development & validity of research instrument Views on Science-Technology-Society, high school students, Canada, educational implications, 4144
direct instruction vs discovery teaching, science achievement, 4th–6th graders with learning disabilities or behavior disorders, 3533
empirical vs judgmental evaluation of gender bias in science test items, 5th graders, 28087
environmental studies course, environmental attitude defensibility & cognitive reasoning, college students, 19506
episodic knowledge vs metaphors vs interpretive frameworks vs emotions & values & aesthetics, science knowledge development, 1st vs 5th graders, Canada, 7452
factors in science achievement & attitude, 10th graders, 1 yr study, application of structural model, 3452
factors influencing response to anomalous data & change of preinstructional theories, scientists & science students, implications for science instruction, 39195
fast paced high school science courses, subject mastery & College Entrance Examination Board achievement, gifted 12–16 yr olds, 7539
genetics course using simulation software, problem solving through model revision vs model use, high school students, implications for model based science instruction, 19497
hierarchical concept centered schema vs traditional analysis, physics problem solution, college physics students, 35308
ideas about reducing greenhouse effect, elementary school students, 47247
incidental science knowledge & cognitive development & style, 5th graders, Italy, 3431
individual vs dyad working mode, strategies for physics problem solving in canonical vs noncanonical version of computer mediated learning environment, 10th graders, France, 31236
instructional strategies for conceptual change in physics education, erratum, 39205
instructional strategies for conceptual change in physics education, 15371
invention of board games in ecology classroom, 2nd–3rd graders, 11432
issues in conceptual change & appreciation in physics, students, 43210
issues in research & development in methods of assessing scientific literacy, 15433
issues in scientific thinking & argument, implications for science education, 43207

knowledge map vs text & communication aid with vs without strategy in cooperative learning, science learning, college students, 15398
learning strategies & prior chemistry knowledge & attitudes, misunderstandings following chemistry course, high school students, 11461
maternal employment status & parental separation, science achievement, male vs female 7th & 9th graders, test of feminine stereotypes hypothesis, 27512
mental abilities & content knowledge & problem solving skills, inservice & preservice earth & space science teachers, 19440
middle school ability grouping, science & mathematics achievement, 7th–9th graders, 15439
model of & practical procedures in content area special education science classroom, 6th graders in Chapter 1 or special or general education, 19606
nonconventional cognitive skill oriented teaching strategies & cognitive styles, student evaluation of faculty teaching performance, college & graduate science students, Canada vs Israel, 15360
note taking & self questioning training, science quiz performance, 5th & 6th graders, Canada, 27501
open inquiry science laboratory environments, development of integrated process skills, male 8th & 11th–12th graders, Canada, 31279
organizational change from streamed to mixed ability classes, science instruction & classroom learning, low & high ability secondary students & their teachers, 3 yr study, 35297
own & lab partner's intuitive vs transitional vs reflective scientific reasoning ability, biology achievement & motivation & enjoyment & reasoning gains, college students, 11476
perceptions of & training exposure to research ethics, research trainees in clinical & biomedical sciences, 23417
perceptions of classroom practices & attitudes toward science teaching, 10th graders, 1986 vs 1989, Canada, 31340
perceptions of junior high & high school science classes & teachers & course content, college students vs noncollegiate young adults, implications for science teaching methods, 3340
personal knowledge & sharing stories on astronomical research in science education, teachers & students, 47176
physics course, correction of naive beliefs about physical objects in motion, college students, 7408
physics teaching strategies, conceptual change in learning about collisions & conservation laws in mechanics, students, 39208
Piagetian developmental perspective on cognitive demands of genetics problem solving & issues on genetics instruction, high school students, 11430
Piagetian vs post-Piagetian conceptions of cognitive development, implications for early childhood science education, 7416
prior knowledge & instruction, understanding image formation concepts in physics course, elementary education students, 35259
problem based instruction in science course, problem solving processes, gifted high school students, 23658
problem solving ability, male vs female high school chemistry students, Nigeria, 23552
problem solving inservice education program, science teaching attitudes & behaviors, middle school science teachers, 11355
programing in Boxer, representation of molecules & learning of science, 16 yr old male high school student, 11414
reciprocal use of language & action & learning cycle in science instruction, social constructivist student learning & teaching beliefs & practices, elementary & junior high & high school teachers, 31253
remedial videodisk based instruction in earth & physical science concepts, attitudes toward science teaching, female preservice teachers, 27391
role of questioning in science teaching & learning process, primary school teachers & students, Great Britain, 47198
science course based on integrated concepts & practical applications vs memorization, science understanding & learning strategies, 8th graders, 23496
science education instructional strategies & curriculum evaluation & comparison, students with disabilities, literature review, 23629
science vs basal content reading, achievement in & attitude toward reading & science, 4th graders, 1 yr study, 3382
scores on Toledo Chemistry Placement Examination, prediction of performance in chemistry course, engineering students, 35350
self generated analogies, understanding of scientific phenomenon, college students, 35378
self reported test anxiety in English vs mathematics vs physical vs social science subjects, 17–38 yr old college students, 43284
sex, perceptions of sociocultural environment of science classroom, high school students, Nigeria, 11507
sexism & other aspects of 7th grade life science textbooks & potential to motivate participation & interest in science, female students, 11415
social construction of scientific concepts in collaborative concept mapping, high school physics students, Canada, 7429
social groups, scientific aptitude, Oraon tribal vs nontribal 10th graders vs college students, India, 27511
spreadsheet system with database & graphics capabilities, constructivist method of learning science, students, 23473
stage theory of alternative conception development in science, 2nd–12th graders, Israel, application of mathematical model, 28912
stereotyped understanding of science & scientists, 3rd vs 5th vs 8th graders, Malaysia, 7400
subject matter knowledge, classroom discourse, novice biology teachers, 35256
systematic modeling vs learning cycle teaching strategy, integrated science process skills & formal reasoning ability, 6th–9th graders, 11425
systematic teaching with imposed vs induced keyword mnemonics, science vocabulary learning & recall, 6th–8th graders with learning disabilities or emotional or behavioral disorders, 7518
teacher & student interactions & scaffolding in science education, 5–8 yr olds & their teachers, 7487
teacher assessment vs examination, assessment of practical skills in biological science, college students, England, 3426
teacher characteristics & attitudes & constructivist teaching methods as reflection of goals for science understanding & learning, high school science teachers & students, Australia, 10 wk study, 3436
teacher characteristics & instructional practices, students' science learning outcomes & attitudes, middle & junior high school students & teachers in exemplary science program, 3332
teaching strategy for conceptual change, understanding of light & its properties, 8th graders, Australia, 15374
theory of reasoned action, prediction of science track choice for college entrance, high school students, Korea, 35412
use of expert vs novice technique in science education research, commentary reply, 3403
use of expert vs novice technique in science education research, commentary, 3384
use of explicit vs tacit knowledge, performance in laboratory investigations in science class, 8th graders, Singapore, 35374
utility of Play-Doh modeling in learning neuroanatomy of sheep brain, college students, 27478
utility of theory of planned behavior model, prediction of behavioral intentions regarding enrollment in physics, 8th–11th graders, 3490

Science Education—Books

Philosophy of science, cognitive psychology, and educational theory and practice. SUNY series in science education, 11350

Science Education—Chapters

Anchored instruction in science and mathematics: Theoretical basis, developmental projects, and initial research findings, 11457
Knowledge and thought: Mental models that support scientific reasoning, 11455
Mediated learning experience at university level—A case study, 11491

Piaget's genetic epistemology: Epistemological implications for science education, 11451
Practical reasoning in the production of scientific knowledge, 11354
Psychology and epistemology: Match or mismatch when applied to science education?, 11446
Science curriculum for high ability learners, 39377
Sciences [See Also Adolescent Psychology, Applied Psychology, Biochemistry, Biology, Botany, Chemistry, Child Psychology, Clinical Psychology, Comparative Psychology, Consumer Psychology, Counseling Psychology, Developmental Psychology, Educational Psychology, Engineering Psychology, Epidemiology, Experimental Psychology, Forensic Psychology, Geography, Gerontology, Industrial Psychology, Mathematical Psychology, Mathematics, Medical Psychology, Medical Sciences, Military Psychology, Neuroanatomy, Neurobiology, Neurochemistry, Neuroendocrinology, Neurophysiology, Neuropsychiatry, Neuropsychology, Neurosciences, Physics, Physiological Psychology, Psychobiology, Psychology, School Psychology, Social Psychology, Social Sciences, Sociology]—Serials
academic & professional growth & development in science or mathematics field, male vs female adult winners of adolescent Westinghouse Science Talent Search, 37060
activation of emotional knowledge & sentence mapping & story density, representation of fictional characters' emotional states, college students, 8296
agreement & consensus in contructionist perspective on social construction of scientific knowledge & sociology of science, 31786
attitudes toward science & science teaching, K–12th graders, 47254
cliometric theory as actuarial approach to empirical history based philosophy of science, 12942
criterion of ideological justification & methodological demand & africentric conception of sciences, 7913
development & validity of research instrument Views on Science-Technology-Society, high school students, Canada, educational implications, 4144
domain specific knowledge in physics vs memory & interpretation by paraphrase or inference questions, scientific text comprehension at level of mental model, experts vs novices, 8326
ecological & research issues & needs of science & balance of animal rights, commentary reply, letter, 20365
education & economic factors & role models & self esteem, confidence in science, Hispanics vs African Americans vs Asians vs Whites, 5357
endorsement of religion & science as sources of knowledge & conflict between orientations, psychologists, 7332
epistemological approaches to relationship between & methods in natural & social sciences, conference presentation, 11891
H. G. Gadamer's conception of hermeneutic understanding & methdology of human sciences, 31781
issues in quantitative methodological lines of communication science, 809
language games in organizational science & managerial practice, managers, commentary, 23733
language games in organizational science & managerial practice, managers, 23728
literal vs analogical presentation of scientific learning material, comprehension of basic details vs inferential implications of scientific concepts, college students, 44140
main themes of writing by J. Dewey on logic & science, 43677
mathematics anxiety & interest in scientific careers, female college students, 11498
meaning of human science within history of psychology, 23995
metaphor of language games & misunderstandings & mischief in & similarities of organizational science & managerial practice, managers, commentary, 23730
metatheoretical principles as basis of philosophy of science, conference presentation, 43682
myths & misconceptions in philosophy of science & metascience of psychology, 3939
necessity of research methods for coping with uncertainty in application of scientific & psychological knowledge to formation of social policy, commentary reply, letter, 20175
necessity of research methods for coping with uncertainty in application of scientific & psychological knowledge to formation of social policy, commentary, letter, 20178
perceptions of job appropriateness & science relatedness for males vs females, secondary school students, England, 1127
personality & scientific giftedness, male vs female 6th graders, 924
phenomenological perspective on meaningful & scientific though not logical or causal analysis of psychological phenomena, 31788
physiological psychology & scientific freedom & Communist dogmatism, I. Pavlov, 39715
possible harmful uses of scientific & technological creativity, 45253
Primary School Teachers & Science Project, survey of understanding of force vs energy vs materials, primary science teachers, England, 7377
prior knowledge & conceptual content, use of metaconceptual criteria in scientific explanations, 6–12 yr olds, 13068
psychoanalysis as science, conference presentation, 10613
reasoned beliefs & preconceptions about epistemology of science, 11th–12th graders, Canada, implications for teaching, 15482
relationship of basic sciences to clinical reasoning in medical curriculum, medical students, 3197
role of applied cognitive science perspective in education, 31202
role of fractal geometry & deterministic chaos & other features of scientific revolution in psychoanalysis, 26697
sex & education & work status & religiosity & political utility & attitudes, confidence in science & technology, adults, 1973–89, 25549
social policy & scientific issues in use of aversive stimuli as treatment, patients with severe behavior disorders & developmental disabilities, 6589
soundness of prototype paradigm assumptions within cognitive science of core meanings referring to basic level, 24008
stereotyped understanding of science & scientists, 3rd vs 5th vs 8th graders, Malaysia, 7400
views on science & scientists, science teachers of 6–14 yr olds, India, 7386

Christian ethics and psychological explanations of "religious values" in therapy: Critical connections, 38452

A deeper unity: Some Feyerabendian themes in neurocomputational form, 15802
The gendered brain: Some historical perspectives, 1330
Psychology as science? The disciplinary status of psychology, 7896
The psychology of scientific myths, 3938
Psychology's mentalist paradigm and the religion/science tension, 21101
Science, values, and rationality: Philosophy of science from a critical co-constructivist perspective, 12947
Scientific Communication—Serials
advisor input into research, assignment of authorship credit for student's published dissertation vs nondegree research, psychology department faculty vs graduate students, 23483
analysis of & flaws in Code Blue report of adolescent health crisis, 1099
analysis of early childhood special education dissertations in "Dissertation Abstracts International", 1981–90, 43315
analysis of scientific debate on A. Grunbaum's thesis on scientific status of psychoanalysis, 32723
bibliographic analysis & policy considerations of IEEE Systems & Man & Cybernetics Society, 31447
C. L. Morgan's Canon as concession to G. J. Romanes' anthropomorphic approach to animal psychology & intentionalist account of evolution, 36298
chronology of psychoanalytic writings, N. L. Blitzsten, 6656
circumstances of Freud's discovery of transference during analysis of E. Eckstein & writing of "Studies on Hysteria", 10625
citation analysis & importance ranking & similarity of journals in applied & clinical psychology & related disciplines, 1981–88, 43012
citation analysis of articles published in drug & alcohol journals, 1984–88, 10016
citation analysis of journal titles listed by authors publishing in vs citing "Journal of Consumer Research", assessment of scientific communication patterns in consumer behavior & related disciplines, 1977–88, 7743
citation analysis of reference to articles in cognitive vs behavioral psychology vs psychoanalysis journals 1979–88, test of Kuhnian displacement thesis, 39713
citation bias in literature on good vs poor judgment & decision making, 1972–81, 28269
citations in social psychology textbooks & PsycINFO database & Social Sciences Citation Index, assessment of eminence in social psychology, psychologists, erratum, 19386
clinical practice & scientific research & professional issues & trends in pediatric psychology in " Journal of Pediatric Psychology", 1988–92, 19309
cocitation analysis of "Journal of Consumer Research", 31638
communication & collaboration problems, parapsychologists, Europe, 8428
communication & dissemination of thanatology knowledge to professional community & public, thanatologists, 27210
complexity & technical language in academic articles in "language" & "American Anthropologist", implications for intralanguage translation & enhanced communication, 12950
complexity of & publication trends in "Journal of Personality & Social Psychology", 1968 vs 1978 vs 1988, commentary, 7294
complexity of & publication trends in "Journal of Personality & Social Psychology", 1968 vs 1978 vs 1988, 7293
complexity of & publication trends in "Journal of Personality & Social Psychology", 1968 vs 1978 vs 1988, commentary, 7289
complexity of & publication trends in "Journal of Personality & Social Psychology", 1968 vs 1978 vs 1988, commentary, 7290
conceptual graphs in psychological literature, conference presentation, 43007
conceptualization of chronic pain without lesion in medical writings, 19th century, England, 18204
conjunction of social movement of feminism & academic discipline of psychology, implications for journal "Feminism & Psychology", 19308
consensus conference with active learning, clinical behavior change, medical residents & physicians, 43010
contact & collaboration with general practitioners, social workers vs community psychiatric nurses, England, 11225
contemporary views of leadership & individual differences in articles in journal "Leadership Quarterly", 5517
content & methodology & theories & publication trends in "Journal of Personality & Social Psychology", 1968 vs 1988, 7297
content & sources of articles in volumes 11–24 of' Vocational Evaluation & Work Adjustment Bulletin', 1978–91, comparison with previous volumes & other rehabilitation literature, 15229
content analysis of "Journal of Reading Behavior" & "National Reading Conference Yearbooks", 1952–91, 23324
content analysis of social work journal articles & racism in emphasis on individualistic intervention, minority clients, 1980–89, 23063
content of earliest edition of predecessor of "Consulting Psychology Journal" & reprint of 1936 statement, 7899
contributions to social work literature on alcoholism, social work educators & practitioners, 35113
correlation of frequency of diagnosis of obsessive compulsive disorder & rate of published research, 1969–90, letter, 37805
correlation of frequency of diagnosis of obsessive compulsive disorder & rate of published research, 1969–90, commentary reply, letter, 37810
costs & benefits of single vs multiple experiment psychology articles, 7296
current editors of APA primary journals, 1993, 46980
doctoral dissertations on reality therapy, 1970–90, bibliography, 38389
earlier vs current editorial review procedures for psychological journals, 7298
educational research course, attitude changes regarding research reported in psychological journals, public school teachers in graduate degree program, 7388
electronic publishing of scientific journals, 27201
ethical precautions in music therapy research, 16091
ethical principles & APA journal editing, 43135
experiences & lessons learned during teaching & textbook writing career, college social psychology professor, 27379
F. Platter's writings on mental handicap, 16th century, 18117
facets & impact of frustration theory proposed in highly cited article from "Psychological Bulletin", 13521
frequency of specialty journal articles on Christian marriage & marriage counseling & need for increased scholarship & research, 30404
Freud's concepts of consciousness & unconsciousness in "Studies on Hysteria" vs "Project for a Scientific Psychology", 29483
Freud's letters to J. Riviere, 1921–39, 5668
guidelines for redirection of "Journal of Consumer Research" & Association for Consumer Research to original goals, 31649
guidelines for review of prevention literature for journal publication, US Prevention Services Task Force, 39135
guidelines for successful publication in mental health journal, 39130
history of journal "Group Analysis" from correspondence journal to more formal publication on group analytic psychotherapy, 1967–92, 10604
identification of classic articles in special education of severely disabled students, expert panel, 31409
impact of research on adolescent self esteem & locus of control measures, commentary, 15898
institutional affiliations indicative of publication productivity & quality of universities' school psychology programs, authors of articles in major journals of school psychology, 1985–91, 39081
interference & schema based reconstructive memory processes & source confusion, recall of citation errors in scientific literature, college students & psychology faculty members, 32233
international communication & collaboration problems in parapsychology, French speaking researchers, 8438
international communication & collaboration problems in parapsychology, French speaking researchers, commentary, 40218

issues in field & changes in "Journal of Family Psychology", 9415
issues in knowledge transfer & development of databank on children & child safety design, 39602
journal article citations, editorial board members of social work vs psychology journals, commentary, 15227
journal article citations, editorial board members of social work vs psychology journals, commentary, 15221
journal article citations, editorial board members of social work vs psychology journals, commentary, 15225
journal article citations, editorial board members of social work vs psychology journals, commentary, 15226
journal article citations, editorial board members of social work vs psychology journals, implications for social work education, 15224
journal article citations, editorial board members of social work vs psychology journals, commentary, 15222
journal article citations, editorial board members of social work vs psychology journals, commentary, 15218
journal article citations, editorial board members of social work vs psychology journals, commentary, 15219
journal article citations, editorial board members of social work vs psychology journals, commentary, 15220
K. Lewin's work in specialized journal publications & impact on psychology, 1920–89, Spain, 11909
lack of improvement in current multitrait multimethod matrices for convergent & discriminant validity over matrices published in highly cited article from "Psychological Bulletin", 12090
literature on racial minority groups in psychology & education journals, 1952–73, 11226
methodological characteristics of mail survey procedures, studies published in "Journal of Counseling Psychology", 1980–89, 24271
methodology in history of psychology literature, 1975–86, research review, 39707
O. Pfister's "The Illusion of a Future" as reply to Freud's "The Future of an Illusion", 45311
official history of psychology vs content analysis of psychological journals, 19938
origins & history & impact of 4 frequently cited methodological & statistical articles from "Psychological Bulletin", 11924
personal story behind highly cited article in "Psychological Bulletin" on hippocampus & behavior & significance of citations, 12504
perspectives on psychological research & literature on unemployment vs other labor market phenomena, implications for social psychology, 23686
political implications for journal "Feminism & Psychology", 19306
popularity of article on assessment of fit in covariance structure analysis & citation analysis of methodology articles in "Psychological Bulletin", 1978 to present, 12081
printed journal usage & development of electronic text, human factors researchers, 3808
product centered vs cognitive strategies based vs generative thesis writing course, productivity & quality of writing, graduate research students, UK, 35327
professional societies & journals as intermediaries between creative persons & public, maintenance of moral standards, 47094
prominence & research productivity assessed through counseling psychology textbook & journal citation analysis, psychologists, 1980–90, 35105
prominence & research productivity assessed through publication citation analysis, APA Division 17 members, 1974–91, commentary, 35103
psychiatric research in "The American Journal of Psychiatry" & "Archives of General Psychiatry", 18483
psychotherapeutic treatment of drug & alcohol dependence, review of alcohol & addiction journals, 15134
publication history of highly cited article from "Psychological Bulletin" on multiple regression & suggestions for writing highly cited articles, 12086
publication in own journals & impact on peer review process, editors & associate editors of psychology journals, 19304
publications process & list of journals with manuscript details for research in marriage & family issues, 3151
quantitative & qualitative citation analysis of published research on feeding behavior, 1980–90, 35098
R. Pollard's address to APA regarding development of psychological services for deaf clients, 42701
reading behavior & comprehension strategies for & evaluative reactions to professional articles, social scientists, 32177
reanalysis of drug therapy vs psychotherapy in National Institute of Mental Health Treatment of Depression Collaborative Research Program General Effectiveness Report, 46144
reasons for high citation of original article from "Psychological Bulletin" on & durability of interest in locus of control construct, 13538
relationship between research plots in scholarly work & publication & academic recognition, social scientists, 39077
research performance as indicated by number of publications in British Psychological Society journals, university psychology department members, 1983–89, UK, 23325
research productivity & publication in British Psychological Society journals, university & polytechnic psychology departments, 1980–89, Great Britain, replication, 23326
review of national information clearinghouses for school age pregnancy & prevention resources for practitioners, 43013
reviewer judgments & editorial decision making for manuscripts submitted to "Canadian Journal of Behavioural Science", 1985–86, 31076
reviewer recommendations to accept vs reject submitted paper, prediction of editorial decisions, journal editors, 27199
roles of females in picture advertisements in medical journals, 35645
S. Ferenczi & O. Rank's transitional conceptualization of psychoanalytic process in "The Development of Psychoanalysis", conference presentation, 34489
scholarly productivity & insider dominance of Division 17's governing body of APA, graduates of selected universities, commentary on conference presentation, 35104
scholarly writings on unconscious & its relationships with communicative behavior, 12948
sex, publishing productivity, biochemists, longitudinal study, 15612
sex stereotyping of professional females in illustrations in trade publications, 1960–90, 41154
sociological theory on social science text writing & pursuit of feminist sociology based on females' experiences, 19310
special issue of "Journal of Mental Health Counseling" on mental health counseling for men, commentary, 42228
speech apparatus & spontaneous speech in Freud's "On Aphasia", 32435
statement of editorial policy & process for peer manuscript review of "American Psychologist", 1993, 19301
statistical methods for improving interrater reliability of peer manuscript review for "Journal of the American Academy of Child and Adolescent Psychiatry", 47004
substantive & procedural & ethical issues in "Journal of Educational Psychology" editorial policy, 23427
substantive content of journal "Education & Training in Mental Retardation", 1966–90, 22118
summary report of APA journal operations, 1992, 46983
themes of binding & bound energy & repetition compulsion in Freud's essay "Todestrieb", 5664
theory of subliminal self & unconscious & other psychical phenomena in works of psychologist F. W. Myers, 28368
treatment integrity of child based experimental studies in "Journal of Applied Behavior Analysis", 1980–90, literature review, 39942
trend analysis of group treatments in articles published in "Journal for Specialists in Group Work", 1976–90, 10573
trends in measurement of social validity in "Journal of Applied Behavior Analysis" & "Behavior Modification", 1968–90, 17505
trends in research topics & use of human Ss in "Journal of Experimental Analysis of Behavior", 1958–91, 16112

truth & relevance of psychoanalysis & hermeneutic generation of scholarly conversation & theoretically diverse dialogical community, commentary reply, 33440
truth & relevance of psychoanalysis & hermeneutic generation of scholarly conversation & theoretically diverse dialogical community, 33441
use of excerpts from journal articles in introductory & advanced psychology courses, college students, 15399
use of race in case presentations in "American Journal of Psychiatry", 1989–92, letters, 47002
use of stories & meaningful narratives about research in educational psychology & influence on education practice & policy, 11342
use of stories & meaningful narratives about research in educational psychology & influence on education practice & policy, commentary, 47113
women & power in general & feminist psychological literature, definition of power dealing with social differences besides sex, 17381
10 most cited articles in "Psychological Bulletin", past 4 decades, 15230

Scientific Communication—Books

The scientific elite: Nobel laureates' mutual influences, 15463

Sclera [See Eye (Anatomy)]

Sclerosis (Nervous System) [See Also Multiple Sclerosis]—Serials

bone marrow transplantation, neurophysiological assessment & stabilization, 12.5 yr old female with late infantile metachromatic leukodystrophy followed from infancy, 14812
developmental & behavior problems & epileptic seizures, 6 mo to 74 yr olds with tuberous sclerosis & learning disabilities, UK, 29499
lateralization of verbal memory in paired associate learning & logical memory tasks, patients with left vs right hippocampal sclerosis, Australia, 46091
limbic lesions & epilepsy & other clinical features, male 22 & 32 mo olds with autistic regression assessed through 7 & 8 yrs old, 33919
neuronal loss & astrogliosis of amygdala, patients with temporal lobe epilepsy with vs without hippocampal sclerosis, 46060
paranoid delusions & auditory & olfactory hallucinations, mentally retarded 25 yr old male with Capgras syndrome & tuberous sclerosis, letter, 9712
phonetic & acoustic features of dysarthria, female 29–79 yr olds with amyotrophic lateral sclerosis, 2281
presenting type & age of onset & number of seizures, intellectual disability, patients with tuberous sclerosis complex, Scotland, 14352

prevalence of autism, 3–11 yr olds with tuberous sclerosis, Scotland, 42059
Scopolamine—Serials
acute im scopolamine, flash visual EPs & EEG, healthy male 21–27 yr olds, 44720
amphetamine vs chlorpromazine vs ketamine vs scopolamine, acquisition & extinction of conditioned nictitating membrane response, rabbits, 16860
beta carboline ZK 93426, scopolamine &/vs mecamylamine vs nucleus basalis lesioning induced neocortical EEG slowing, male rats, 44712
choice apparatus configuration & post search reward presentation, scopolamine vs ketamine mediated short term memory & path optimization, male rats, 28680
cholinergic blockade with scopolamine or glycopyrrolate, eyeblink conditioning, male 18–50 yr olds, 32701
cholinesterase inhibitor NIK-247 vs tetrahydroaminoacridine vs physostigmine, scopolamine vs hippocampal lesions vs cerebral ischemia induced working memory impairment, male rats, 28793
continuous icv scopolamine, sustained attention, rhesus monkeys, 44590
continuous vs intermittent cocaine, behavioral responsivity to scopolamine & diazepam, male rats, 8933
cysteamine induced somatostatin depletion &/vs scopolamine, working & reference memory, male rats, 44698
dextrocycloserine or galanthamine, scopolamine induced learning & memory deficits in maze tests, male rats, 40567
estrogen, scopolamine inhibition of lordosis, female rats, 12835
GABA-aminotransferase inhibitor, scopolamine induced spatial navigation deficit, male rats, 16822
GABA antagonist CGP 35348, scopolamine induced amnesia, male mice, 40525
glucose, scopolamine induced acetylcholine overflow from hippocampus, male rats, 16766
im scopolamine, saccadic eye movements, healthy 20–25 yr olds, implications for aging, 32678
intrahippocampal NMDA receptor antagonists vs scopolamine, working & reference memory, male rats, animal model of Alzheimer's disease, 24952
methanesulfony fluoride, scopolamine induced amnesia, female rats, animal model of Alzheimer's type dementia, 28762
methysergide &/vs mecamylamine vs scopolamine, spatial learning & navigation, male rats, 8964
moderate pressure on snout with or without scopolamine vs amphetamine, immobility & neocortical & hippocampal electrical activity, rats, 12769
noradrenergic DSP4 lesion, pilocarpine reversal of scopolamine induced amnesia, male rats, animal model of Alzheimer's disease, 4905
oxiracetam, spatial memory & maze performance & scopolamine induced amnesia, male rats, 20960
oxiracetam vs aniracetam, scopolamine induced reference vs working memory impairment in rewarded alternation task, male rats, 20803
parachlorophenylalanine or scopolamine, selective attention in 5 choice serial RT task, male rats, 24906
physostigmine or scopolamine, object recognition & working memory on radial maze test, male rats, 20852
physostigmine with vs without scopolamine, active avoidance behavior & blood acetylcholinesterase inhibition, male albino guinea pigs, 12861
prefrontal cortex & hippocampus injected scopolamine, short term memory, female rats, 32612
pretest scopolamine, retrieval & memory storage decay in staircase maze procedure, male rats, 32670
scopolamine & cue salience, locomotor exploration following retention interval in response-to-change paradigm, male rats, 44669
scopolamine & MK-801 & NMDA, repeated learning acquisition paradigm, male rats, 8882
scopolamine &/vs haloperidol, bitemporal puromycin induced amnesia in aversive maze learning, mice, 20855
scopolamine &/vs triazole MDL 26,479, spatial delayed alternation & working memory, male rats, 24903
scopolamine, amphetamine conditioned place preference, male rats, 36824
scopolamine, amygdaloid intracranial self stimulation rates & evolution of kindling & seizure activity, male rats, 36728
scopolamine, attention & memory & learning, older vs younger adults, 20936
scopolamine, delayed matching to sample & T maze performance in olfactory tasks, male rats, 24971
scopolamine dosage, acquisition & retention of negative patterning discrimination, male rats, 738
scopolamine, haloperidol induced c-fos expression in nucleus accumbens & lateral septal nucleus & striatum, male rats, 12790
scopolamine in hippocampus, repeated spatial acquisition task performance, male rats, 20809
scopolamine, recall for stimulus & reward associations vs recognition memory, monkeys, 44568
scopolamine, recognition memory & inferior temporal neuron activity during delayed matching to sample task, monkeys, 36836
scopolamine, spontaneous yawning, male 20–35 yr olds, 44725
scopolamine with vs without training to higher criterion of learning, working vs reference memory in radial maze, male rats, 20916
scopolamine with vs without TRH, declarative or procedural memory, male rats, 4887
serotonergic antagonists, hippocampal rhythmical slow activity & neocortical low voltage fast activity, scopolamine treated male rats, 16880
strychnine insensitive glycine receptor antagonists & sigma agents & dizocilpine vs scopolamine, working memory, male rats, 8881
subchronic haloperidol with vs without scopolamine, vacuous jaw movement & rearing behavior, male rats, 40683
systemic scopolamine, brain self stimulation reward from A10 nucleus of ventral tegmental area, male rats, 20794
transdermal scopolamine intoxication & development of recurrent migraine, 20 yr old male naval crew member with sea sickness, 1 yr study, case report, 18887
TRH &/vs scopolamine, cognitive & behavioral effects & heart rate & BP & temperature, patients with Alzheimer's disease, 26908
ZK 93426, scopolamine induced impairments in visual vs verbal memory, healthy male 18–42 yr olds, 16765
Scopolamine—Chapters
Effects of NMDA modulation in scopolamine dementia, 25021
Scopolamine Hydrobromide [See Scopolamine]
Score Equating—Serials
collateral information exploitation & item response based procedures for equating tests with unknown item operating characteristics, 32015
equivalence of MMPI & MMPI-2 scores, 18–61 yr old psychiatric patients, 12006
item equivalence & cross validity of WPPSI-R & WISC-III, 3–16.9 yr olds, 35837
log linear smoothing, accuracy of chained equipercentile method of common-item small sample equating of test scores, examinees, 32012
perceived clinical comparability of MMPI & MMPI-2 scores, clinical psychologists, 12000
standard scores for & comparability of scores on Symbol Digit Modalities vs Digit Symbol Tests, 19–74 yr olds referred for neuropsychological evaluation, 12039
weighted vs unweighted common item equating vs missing data calibration method, test equating in G. Rasch's measurement model, adults, 24252
Score Equating—Chapters
On the equivalence of the traits assessed by multiple-choice and constructed-response tests, 27960
A Rasch approach to scaling issues in testing Hispanics, 3976
Trait equivalence as construct validity of score interpretation across multiple methods of measurement, 27947
Scores (Test) [See Test Scores]
Scoring (Testing) [See Also Cutting Scores]—Serials
adjustment of scores for shortened scales on MMPI-2 for calculation of J. K. Cooke's disturbance index, 27999

age & instructional set, performance on Seashore Rhythm Test of auditory discrimination using standard vs Signal Detection Theory sensitivity procedures, 18–25 vs 65–92 yr olds, 24186
age vs grade scoring, achievement scores & IQ achievement discrepancies & severity of discrepancy rates, retained vs nonretained students, 31970
analysis of sequential structure of Rorschach responses & location scores, college students, 24097
assessment center scoring method, cross situational consistency of assessor ratings, job candidates, 47349
command listing for Statistical Package for Social Sciences facilitating scoring of Leader Behavior Analysis II-Self scale, assessment of leadership style, managers, 31853
development & scoring & interpretation of Drug Use Screening Inventory, evaluation & treatment of drug & alcohol abuse, female 17 yr old, inventory appended, 20057
errors in WAIS-R administration & scoring, experienced practitioners vs graduate assistants, implications for IQ scores, 27923
factor structure & subtest content & reliability & concurrent validity & scoring of Syndrom Kurztest, patients with Alzheimer's disease, 20069
guidelines for administration & scoring of Complex Figure Test, translation of excerpts from 2 articles, 39859
interrater reliability of organizational quality scoring system for Rey-Osterrieth & Taylor Complex Figure Tests, assessment of constructional ability & figural memory, HIV positive patients, 24176
interrater reliability of scoring system of D. Kosti'c Global Test, articulatory evaluation of Hindi Speech Sounds, 9 vs 11 yr old with hearing impairment vs normal adult, India, 24055
interrater reliability on standard scoring criteria Wisconsin Card Sorting Test, novice vs experienced scorers & psychiatric patients, 4107
interscorer reliability & interpretation of texture in J. E. Exner's comprehensive system for scoring of Rorschach Test, judges, 35846
location & directions for scoring & norms for Wiggins Content Scales items of MMPI-2, 4067
mean raw score correction for random guessing in knowledge section of Sex Knowledge & Attitude Test, assessment of changes in sexual knowledge & attitudes due to sex education, medical students, 31963
method of scoring Life Experiences Survey, assessment of stress & relationship to self esteem, 14–19 yr olds, 35861
Perceptanalytic system for competency based training in Rorschach scoring in clinical psychology graduate education, 27233
performance in scoring medical residents' write in responses on examinations, microcomputer program vs physicians, 35785
reliability & validity & discrimination ability & scoring of Clock Drawing Interpretation Scale, assessment of constructional apraxia, 51–84 yr olds with dementia of Alzheimer's type, 12015
scoring algorithm & maximum likelihood estimation in 2 level factor analysis of clustered mathematics achievement data, 8th graders, 24248
scoring chart for Miller Assessment for Preschoolers, distortion of total score & individual differences, 2.7–5.6 yr olds, 31829
scoring criteria & protocols for Rey–Osterrieth & Taylor Complex Figure Tests, patients with HIV or ARC or AIDS, 39849
scoring criteria & subtypes & interpretation of deviant response & confabulation in Comprehensive Rorschach System, 24130
scoring methods for multiple true/false items, reliabilities & item difficulty & discrimination of scores, college students, 43700
scoring methods of Organic Brain Syndrome Scale of Brief Assessment Scale, recall of current vs last national leader & dementia screening, elderly in residential homes, Australia vs Germany vs UK, 120
scoring of response vectors ensuring maximum test retest correlation for binary response & normal factor analysis models, 35786
scoring system for evaluation of visual associations & reactivity to memory images of Rorschach inkblots, psychiatric outpatients, 8030
scoring systems for Rey Osterrieth Complex Figure Drawing Test, 57–65 vs 66–70 vs 71–75 vs 76–85 yr olds, 43795
theory & methodology in development of Rorschach content scoring for psychoanalytic development stage fixation in context of parallel fixation indices, 35853
validation of scoring method for Who am I responses, measurement of self esteem & psychological centrality, college students, 7964
validity & reliability of Italian version of General Health Questionnaire using alternate scoring methods, 18–65 yr old primary care patients, Italy, 39873
validity of logistic discriminant function analysis method, identification of differential item functioning of polytomously scored educational test items, 39880
validity of qualitative vs developmental scoring systems for Modified Version of Bender-Gestalt Test, assessment of school ability, 1st–2nd graders, 39876

Scotland—Serials

detoxification of domestic gas, suicide rate using domestic gas vs other vs all methods, 1950–62 vs 1963–75, Scotland, implications for suicide prevention, 21934
development of educational psychological services, socially deprived children & adolescents with difficulties in school, Scotland, 15557
employment status, psychological health, rural males vs females, Scotland, 23692
evaluation of preschool services, parents of 7 mo to 5 yr olds with Down's syndrome, Scotland, 23648
experiences with & attitudes toward community service placements for offenders, social service agency staff, Scotland, 27038
HIV related beliefs & preventive intentions & behaviors, sexually active 16–18 yr olds, Scotland, 30101
HIV related sexual risk behavior, 16–51 yr old female prostitutes, Scotland, 22285
relationship between 1st admission rates & incidence of schizophrenia, 1971–89, Scotland, 45511
sex, season of hospital admission, schizophrenic patients, 1961–90, Scotland, letter, 45537
sociodemographic characteristics, drug abusing HIV positive patients attending medical clinic, 1987–91, Scotland, 22270

Scotland—Chapters

The child witness in Scotland, 7887

Scratching—Serials

cutaneous stimulation of pinna, induced scratching & fos neuron activity in spinal segments, male decerebrated paralyzed cats, 12487
eticlopride vs cis-flupentixol vs SCH 39166 vs clozapine &/ vs D2 agonist 4-propyl-9-hydroxynaphthoxazine, FR controlled & catalepsy & scratching behavior, monkeys, 44717
intrathecal substance P vs substance P antiserum vs spantide, pilocarpine induced hindlimb scratching, male mice, 36868
medullary dorsal horn mu vs delta vs kappa opioid receptor agonists, facial scratching, male cynomologus monkeys, animal model of facial pruritus, 8983
5-carboxamidotryptamine or 5-methoxytryptamine, stimulation of 5-HT receptors & subsequent hindlimb scratching, male rats, 699
5-HTB21C antagonist ketanserin & agonist DOI, DOI induced ear scratching, male mice, 20840

Screening [See Also Drug Usage Screening, Job Applicant Screening]—Serials

affective & cognitive responses to disease detection & health promotion behaviors, 17–68 yr olds, 22967
alcoholism screening in family practice, 16 yr olds & older with routine medical problems, Canada, 26905
autoantibody screening for systemic lupus erythematosus, 15–92 yr olds admitted to acute psychiatric & psychogeriatric wards, England, 1537

availability of health related information & screening for developmental disabilities & health problems, 0–17 yr olds referred to child protective services, 2940
biochemical markers of alcohol consumption, implications for diagnosis & treatment of alcoholism, 22013
blinded HIV seroprevalence study to evaluate inner city public prenatal & family planning center's targeted HIV screening program, mostly Hispanic females, 22992
body dissatisfaction & borderline personality features, screening for bulimia risk, 12–18 yr old females, 2085
CAGE questionnaire, screening for drinking problems, 60 yr old & older medical outpatients, 4045
CAGE questionnaire vs consumption index, screening for prevalence of alcohol abuse or dependence, 16 yr old & older hospital patients, Malaysia, 21994
changes in sexually transmitted disease rates following HIV testing & posttest counseling, HIV positive vs negative 10–50 yr olds & older, 1 yr followup, 45996
child abuse screening, physically abusive vs nonabusive mothers with childhood history of abuse, 9920
cholesterol screening & educational handouts, health knowledge & diet & exercise changes, college students, 6 wk followup, 14903
cholesterol screening history & serum cholesterol, dietary & health practices, health fair participants, 18950
cocaine use & prostitution as risk factors for syphilis & public health screening intervention during outbreak, 11–52 yr olds, 14928
community outreach education program, behavior & knowledge of & attitudes toward breast cancer screening, female 50 yr olds & older, 6988
cost & psychological outcomes of presymptomatic DNA testing for Huntington's disease, adults, Canada, commentary reply, 34244
cost & psychological outcomes of presymptomatic DNA testing for Huntington's disease, adults, Canada, commentary, 34146
demographic characteristics & attendance patterns at public cholesterol screening, adults, 46720
demographic characteristics, underuse of mammography & Pap smear screening techniques, female 18 yr olds & older, 30703
demographics & cancer knowledge & attitudes & life satisfaction, utilization of mammography & Pap smear screening services, poor Black female 66–104 yr olds, 26960
demographics & health behaviors, participation in worksite cholesterol screening, college employees, 46724
depression & anxiety & other psychopathology after serological testing for HIV, adults at risk for HIV infection, 12 mo study, 45997
development of screeners from subset of questions from Diagnostic Interview Schedule, screening for depression or drug or alcohol problems, community residents & medical & mental health patients, 31915
Diagnostic Index as referral criterion for evaluation & intervention after delayed development screening, at risk preschool children, 26047
EEG & multimodal EPs & neurological & neuropsychological evaluation, neurologically asymptomatic HIV infected 22–44 yr olds, longitudinal study, 34087
ethical issues in genetic screening for disorders, 25658
evaluation of media based mammography program, knowledge of & intentions for mammography screening, adult female community residents, 18967
experience of & reasons for HIV testing, HIV seronegative vs seropositive female 20–57 yr olds, England, 45973
exposure & adherence to 1st round fecal occult blood tests, serial adherence to continuous screening for colorectal neoplasia, 65 yr olds & older vs younger, 42613
factors affecting intentions & decisions regarding HIV testing, 18–70 yr old bisexual or gay males, Canada, 38776
factors associated with failure to return for posttest counseling, clients screened for HIV, 14905
factors in recruitment & eligibility for clinical trial of putative antipsychotic drug, screened acute schizophrenic patients, 30449
feasibility & acceptability of & referrals from Pediatric Symptom Checklist, screening for psychosocial dysfunction, school age children in outpatient pediatric practice, 19014
health & mammography use, 40–84 yr old females, conference presentation, 18970
health beliefs & emotional control & locus of control, breast self examination & attendance for cervical smears, female 16 yr olds & older, Northern Ireland, 30722
high risk screening indicators, families in need of social work services, literature review, 42741
HIV testing & care experiences during prison incarceration, 14–62 yr old ex-prisoners, England, 46003
HMO participation & mammography usage, 50–74 yr old females, conference presentation, 18974
Illinois mandatory premarital HIV testing, marriage rate, couples, 22966
initial cholesterol level & demographic & psychosocial factors, eating behavior/dietary changes following cholesterol screening, 13–78 yr olds, Norway, 1 yr followup, 46728
instructional strategies with vs without cholesterol measurement & feedback, eating patterns, 10th graders, 46740
insufficiency of inability to recall names of British Prime Minister & Queen as screening for cognitive dysfunction, 75 yr olds & older, UK, 9343
interrater reliability of Structured Clinical Interview for Personality, screening for DSM-III-R Axis II disorders, psychiatric patients, 20040
issues in government regulation of disqualification due to criminal conviction, child minders, England, 30827
M. Johnson's HIV disclosure, HIV counseling & testing at Denver Public Health Department, clients, letter, 22955
Macintosh prototype of computerized speech recognition psychological assessment program, screening depressive symptoms, conference presentation, 41540
mammography utilization, inner city minority female 40 yr olds & older at health department vs HMO vs private hospital, implications for physician referral practices, 38752
mammography van service, awareness & breast cancer screen utilization, female 50–75 yr old community health center visitors, 30835
maternal age & serum markers & amniocentesis & ultrasonography, prenatal screening for Down's syndrome, pregnant 16–41 yr olds, commentary, 26086
maternal age & serum markers & amniocentesis, prenatal screening for Down's syndrome, pregnant 16–41 yr olds, 10164
mental health screening, prediction of completion of military enlistment, Air Force basic trainees, 6 yr followup, 47474
model of research partnership between social work faculty & health care settings, development of instrument to screen for need for social work, social workers in health care facilities, 7086
negative vs positive framing in mailed psychoeducational booklet, adherence to mammogram screening, female 50–74 yr olds with abnormal mammograms, 14896
neurodevelopmental screening by trained nurses & accuracy in clinic setting, referral rate to regional developmental center, 2–48 mo olds, Israel, 33932
nonverbal tasks, screening for writing dysfluency, learning disabled 6–16 yr olds referred for evaluation, 45823
number of cancer cases detected, promotion of cancer screening programs in rural hospitals, 42648
nutrition screening & elimination diet, nutritional status & behavior & food sensitivity, 9–11 yr olds with autism or other developmental disabilities, 4 yr study, 38018
parental observations & concerns, screening for developmental delays, 30–67 mo olds being screened for early intervention programs, 31381
patient characteristics & social risk screening, social work utilization, hospitalized patients, 7158
phenylketonuria neonatal screening program & dietary treatment, mental development, 11 yr olds & younger treated since birth, Portugal, 46573
predictors of HIV testing intention, parturient female 17–43 yr olds attending antenatal clinic, England, 46735

presence of lay vs professional health counselor at cholesterol screening & followup intervention, compliance with referral for retesting & diagnosis, 20–65 yr olds, 18965
presymptomatic testing for Huntington's disease, at risk adults, 1987–90, Wales, 14362
prevalence of undetected alcohol dependence, 18–85 yr old outpatients at mental health clinic, implications for quality assurance of mental health services, 2899
problem drinking screening, 65–96 yr old psychiatric patients of acute unit, 37951
psychiatric presurgical screening & outcomes after liver transplantation to infant, living donor relatives, 38708
psychological costs of cancer screening, UK, 10909
Q-tip pap smear from upper vagina, detection of cervical intraepithelial neoplasia, mentally retarded 15–63 yr olds, 10910
rape prevalence research methods & estimates & screening approaches, 37990
receiver operating characteristics analysis of Mini-Mental State Examination vs Information/Orientation subtest of Clifton Assessment Procedures, dementia severity screening, 75 yr olds & older, 8045
recruitment for & participation in hearing screening program & need for & interest in rehabilitation, hearing impaired 65–94 yr olds, 11092
reliability & validity of Child Abuse Potential Inventory, 19–44 yr old mothers of children with or without handicaps, 24109
risk of & participation in predictive testing for Huntington's disease, depression & distress & psychological well being, adults, Canada, 18426
role in screening of personality disorders for overseas missionary selection process, mental health professionals, 41655
screen in rates & magazine readership levels & measurement, respondents, 31658
screening criteria for diagnosis of somatization disorder, adults, 34012
screening difficulties & methods, 2 mo old male with extreme lethargy due to alprazolam poisoning by mother, case report, 33772
screening for depression, elderly hospitalized patients, commentary with reply, letter, 35901
screening for maladaptive behavior vs psychiatric assessment, prevalence of dual diagnosis of developmental handicap & mental illness, institutionalized developmentally handicapped clients, 38009
screening for ongoing or past childhood sexual abuse, family practitioners, 13873
screening for psychological disorders, 16–85 yr old primary care patients, Nigeria, 34811
selection & screening & hiring practices, corruption, Miami police force, 1980s, 3933
sensitivity & specificity of screening serum chemistries, detection of disulfiram induced liver test dysfunction, alcoholic inpatients, 42969
sentinel surveillance for prevalence of HIV-2, HIV-1 counseling clients & injecting drug users & patients with sexually transmitted diseases, 45994
social justice issues in mandatory screening of HIV infection, application of utilitarian vs Rawlsian perspective, 18956
sociodemographic characteristics & annual state AIDS rate, knowledge of HIV testing site, 18–57 yr olds & older, 46747
strength measures as screening method for diagnosis of lower back pain, 19–63 yr olds, implications for malingering, 10261
thyroid dysfunction tests, 17–82 yr old psychiatric inpatients, Canada, 5747
traditional screening measures & multidimensional assessment portfolios, gifted minority students, 27600
UNICEF mobilization & training project for detection & rehabilitation of speech & hearing disabilities, educational & health & grassroot workers in rural communities, India, 27185
utility of blood alcohol content measures, identification of problem drinking, DWI offenders, 10050
utility of routine laboratory screening in clinical practice, psychiatric patients, research review, 7032
voluntary worksite health risk appraisal & screening & health promotion counseling, health behavior & recall of recommendations, 18–69 yr old textile plant employees, 19669
4 stage model for school based assessment of attention deficit hyperactivity disorder, 7545

Screening [See Also Drug Usage Screening, Job Applicant Screening]—Books

Handbook for screening adolescents at psychosocial risk, 45348
Recognizing brain dysfunction: A guide for mental health professionals, 6413

Screening [See Also Drug Usage Screening, Job Applicant Screening]—Chapters

Antisocial behavior: Using a multiple gating strategy, 45690
Assessing the family, 45350
Assessment and evaluation in early intervention, 45812
Assessment of transplant candidates and prediction of outcome, 30684
Developmental screening, 39837
Eating disorders: Anorexia nervosa and bulimia nervosa, 45880
Psychoses, 45541
Selecting patients for toileting programs: A computerized assessment and management system, 7134
Suicide, 45700
Youth gangs, 45701

Screening Tests [See Also Psychological Screening Inventory]—Serials

Abbreviated Mental Test Score vs Mini-Mental State Examination vs Mental State Questionnaire, screening for dementia, elderly, 4114
advanced invitation for cervical smear with breast screening, clinic attendance for screenings, female 59–64 yr olds, England, 18963
age & binocular static visual acuity & horizontal visual field & contrast sensitivity screening criteria, crash involvement, 16–76 yr old & older drivers, 39611
automated screening schedule for childhood abuse victimization for use prior to 1st clinical interview, adult patients at community mental health center, 103
child behavior rating scales & checklists used in epidemiological surveys for primary care screening of mental disorders, children & adolescents, 8016
classification accuracy of Michigan Alcoholism Screening Test, schizophrenic outpatients, replication & reanalysis, 39815
combination of short screening tests for dementia with glyceryl monostearate-AGECAT organic levels as criterion, 65 yr olds & older, 16021
concurrent criterion validity of National Independent Living Skills Screening Instrument, deaf 16–51 yr olds, 31917
concurrent criterion validity of National Independent Living Skills Screening Instrument, deaf 16–51 yr olds, commentary, 31916
concurrent validity & regression line comparison of Spanish edition of Lollipop Test: A Diagnostic Screening Test of School Readiness-Revised, bilingual Hispanic preschoolers, Puerto Rico, 31965
concurrent validity & utility of teacher vs test based assessment for screening of risk of reading failure, K–2nd graders, Australia, 28082
construct validity of Holden Psychological Screening Inventory & NEO Five-factor Inventory, college students, 24078
criterion validity of Japanese version of Cross-Cultural Cognitive Examination, screening for dementia, 50–93 yr olds, Japan, 139
cross validity of Rule-In & Rule-Out scales of M Test, screening for malingering, male prisoners, 31920
demographic characteristics & perceived risk & cancer related worry & anxiety, interest in genetic test for colon cancer susceptibility, 18–99 yr olds, 42642
development & interrater reliability of Clinical Assessment of Psychopathology among Elderly Residents, screening for psychiatric disorders, nursing home residents, 97

development & reliability & validity of Personal Experience Screening Questionnaire, assessment of alcohol & other drug abuse, 12–18 yr old students vs juvenile offenders, 12029
development & validity of clinical screening instrument, assessment of compulsive buying, consumers, 15955
development of Alcohol Use Disorders Identification Test, screening for hazardous & harmful alcohol consumption, adults, 6 countries, 43780
development of Everyday Indicators of Impaired Cognition Scale, 57–102 yr old nursing home residents, 28032
development of microcomputer based Automated Performance Test System, screening for stress & toxic chemical & drug induced mental acuity performance loss, adults, 137
differential diagnostic potential of screening test, assessment of language disorder, 65–98 yr olds with dysphasia vs senile dementia of Alzheimer's type, England, 20054
education & age & sex, performance on neuropsychological dementia screening tests, 67–78 yr olds, Finland, conference presentation, 125
educational level, clock drawing ability for dementia screening, elderly, 35931
efficacy of Checklist for Autism in Toddlers, at risk 17–21 mo olds, 29936
Employee Reliability Inventory pre-employment screening, turnover rates & work related accidents & unauthorized absence, manufacturing employees, 20109
factor analysis & predictive validity of Child/Adolescent Dissociation Checklist, screening for multiple personality dissociative disorders, children & adolescents, 1 yr followup, 8019
factor structure & concurrent validity of Bracken Basic Concept Scale vs Stanford-Binet Intelligence Scale–4th Edition, screening of intelligence, African American 4.2–5.3 yr olds, 11962
factor structure & construct validity & utility of Quick Neurological Screening Test-Revised, learning disabled 6–13 yr olds, 24173
factor structure of Gesell School Readiness Screening Test, developmental age & school readiness, children entering kindergarten, 20087
feasibility & screening efficacy of tape recorded administration of Harvard Group Scale of Hypnotic Susceptibility, adults with chronic daily headache, 24039
followup telephone call vs letter, compliance with worksite appointment for mammography vs sigmoidoscopy, employees, 18981
Hospital Anxiety & Depression Scale as screening test, cancer patients, 35943
interview schedules & questionnaires for & problems with screening & measurement of depression, elderly, conference presentation, 35896
item analysis of Instrumental Activities of Daily Living Scale, screening for cognitive impairment & dementia, community dwelling elderly, France, 11996
medical & ophthalmological & demographic correlates of cognitive function measured by telephone interview, 65 yr old & older glaucoma outpatients, implications for dementia screening, 42074
mental status interviews vs run-in strategies, screening for urinary incontinence rehabilitation program, nursing home residents, 39874
mental status screening scales, assessment of cognitive impairment & primary & depressive dementia, patients, literature review, 75
modified vs informant's version of Personality Diagnostic Questionnaire, screening for comorbid personality disorders, psychiatric patients & relatives or friends as informants, commentary reply, 43754
modified vs informant's version of Personality Diagnostic Questionnaire, screening for comorbid personality disorders, psychiatric patients & relatives or friends as informants, commentary, 43749
modified vs informant's version of Personality Diagnostic Questionnaire, screening for comorbid personality disorders, psychiatric patients & relatives or friends as informants, 12003
occupational functioning screening questionnaire based on human occupation model, 65 yr old & older rehabilitation patients, 19265
polygraph examinations vs Bank Personnel Selection Inventory, screening for dishonesty & counterproductivity, 20–53 yr old job applicants, 8082
predictive validity of Alcohol Use Disorders Identification Test vs Short Michigan Alcoholism Screening Test & Diagnostic Interview Schedule, 18–70 yr old rural primary care patients, 35874
predictive validity of screening instrument, assessment of special education placement status, kindergartners, 20098
reliability & clinical utility of Bulimia Test as screening tool, female college students, New Zealand, 43788
reliability & validity of Reitan-Indiana Aphasia Screening Test for impaired brain functions in children, brain damaged 6–8 yr olds, 131
reliability & validity of Short Michigan Alcoholism Screening Test, assessment of parental alcoholism, college students, 4049
reliability of acuity card procedure, assessment of visual ability, severely or profoundly mentally retarded 1–63 yr olds, 39761
reliability of Children of Alcoholics Screening Test, assessment of family of origin drinking problems, self vs employer referred 17–77 yr old EAP clients, 31924
scoring methods of Organic Brain Syndrome Scale of Brief Assessment Scale, recall of current vs last national leader & dementia screening, elderly in residential homes, Australia vs Germany vs UK, 120
screening efficacy of Geriatric Depression Scale, elderly African Americans & Mexican Americans, letter, 43740
screening measure of verbal fluency & frontal lobe dysfunction, 7–14 yr olds with attention deficit hyperactivity disorder vs depression, 26050
screening tests vs research diagnosis vs family physician evaluation & classification, emotionally distressed patients seen in general medical settings, 5753
self report HIV antibody testing & posttest counseling, adults, 18266
sensitivity & specificity & stability & predictive values of screening questionnaires, detection of depression or dementia, 65–99 yr old continuing care geriatric inpatients, England, 101
sensitivity of screening questionnaire, assessment of alcohol consumption & problems & concerns & risk drinking, 15–89 yr old hospital inpatients, England, 6 mo followup, test of change model, 26005
social & motor & hearing & vision & language screening tests, prediction of diagnosis, autistic or learning disabled 8–19 yr olds, UK, 1999
specificity & sensitivity & positive predictive value of Mini-Mental State Examination, assessment of & screening for dementia, 75–85 yr olds & older, Sweden, 31940
standard counseling with interactive video vs stress prevention training, adults tested for HIV, 38668
standardization & cutoff points of Italian version of Self Reporting Questionnaire, psychiatric screening, general practitioners, Sardinia, 35878
stressful task induced BP reactivity testing in laboratory vs outpatient screening setting, normotensive vs hypertensive adults, 18320
use of Edinburgh Postnatal Depression Scale, postpartum females, 39820
use of Hospital Anxiety & Depression Scale as screening instrument, 69–99 yr old geriatric medical patients, 28064
utility of Academic scale from Developmental Profile II, screening for developmental problems, 6 mo to 6.2 yr olds, 31880
utility of CAGE screening instrument, assessment of severity & type of alcohol problems, 18–81 yr old primary care patients, 24134
utility of General Behavior Inventory, detection of affective illness & dysthymic disorder, 24–71 yr old psychiatric outpatients, 35873

utility of Lifestyle Criminality Screening Form vs clinical diagnoses of antisocial personality disorder, prediction of release outcome, medium security state prisoners, 18 mo followup, 31070
utility of Malmo modified Michigan Alcoholism Screening Test vs CAGE questionnaire vs self report, detection of drinking habits & heavy drinking, female 40 & 45 yr olds, Finland, 24147
utility of neurobehavioral screening battery, differentiation of effects of permethrin vs cypermethrin pyrethroids, rats, protocol appended, implications for toxicity classification, 39747
utility of Screening Assessment for Gifted Elementary Students, Hispanic 3rd–5th graders, 157
utility of screening questionnaires, assessment of psychiatric symptoms & illness behavior, pain clinic patients, Australia, 35950
validation of larger easier to see version of Allen Cognitive Level Test, assessment of cognitive functioning relevant to activities of daily living, 60–91 yr olds with probable Alzheimer's disease, 31942
validity & reliability of Pediatric Symptom Checklist, screening for psychosocial dysfunction, disadvantaged & minority inner city 6–12 yr olds, 20038
validity & utility of Geriatric Depression Scale & Brief Carroll Depression Rating Scale, male elderly hospitalized medical patients, 24131
validity of Alcohol Clinical Index, assessment of alcoholism, low income alcohol dependent males, 20015
validity of Dementia Questionnaire for Mentally Retarded Persons as diagnostic screening instrument, institutionalized mentally retarded 43–93 yr olds, Netherlands, 6 yr study, 77
validity of Dissociative Experiences Scale, assessment of multiple personality disorder, psychiatric patients, 43746
validity of Draw A Person Screening Procedure for Emotional Disturbance, emotionally disturbed special education students, 35966
validity of Edinburgh Postnatal Depression Scale outside postpartum year, mothers & fathers of 19–22 mo olds, England, 39831
validity of Hodkinson Abbreviated Mental Test Score, screening for dementia, over 59 yr olds, Italy, conference presentation, 7991
validity of old & new MMPI derived scales & short form of Michigan Alcohol Screening Test, alcoholic patients, 28006
validity of original vs revised Physical Activity Readiness Questionnaire, preliminary screening for physical fitness test, 15–69 yr old clients of fitness facilities, Canada, 24047
validity of screening test of D. Kosti'c articulation test battery, 1–14 yr olds with hearing impairment, India, 24054
validity of screening tests, prediction of school performance, kindergartners assessed through 3rd grade, 43825
validity of self report vs serological screening of prior sexually transmitted disease infection, iv drug users, 41738
Screening Tests [See Also Psychological Screening Inventory]—Chapters
Development of the DEST test for the early screening for dyslexia, 39840
Developmental screening, 39837
Scripts [See Schema]
Sculpturing—Serials
modeling with plasticine & disclosure of archaic psychic layers inaccessible through verbal forms, 9.5 yr old male & 2 adult female analysands, 46365
stereotyped gender imagery of female status & labor & social stratification in ceramic figurines, indigenous pre-Hispanic cultures, Southern Central America, commentaries with reply, 40719
stone sculpting workshop as countertransference training & supervisory technique, psychotherapists, 23379
Seasonal Affective Disorder—Serials
absorption ability & physical environment, quality of life & mood & cognitive performance, adults with vs without seasonal affective disorder, 1676
age & sex, prevalence of seasonal affective disorder vs general depression, 21 yr olds & older, Alaska, 9802
assumptions & experimental design in morning vs evening bright light therapy efficacy research, clients with seasonal affective disorder, 6833
behavioral responses to m-chlorophenylpiperazine during summer, patients with seasonal affective disorder, implications for serotonergic disturbances, 45449
bright light exposure, diurnal rhythm variation in & level of behavioral engagement during winter, 20–34 yr olds with bipolar II seasonal affective disorder, 14751
bright light exposure, regional EEG asymmetries, patients with seasonal affective disorder, 46546
bright light intervention, affect & sleep & characteristics of seasonal affective disorder, 62 yr olds & older, 38614
bright light treatment during summer, patients with seasonal affective disorder, 46547
bright light treatment, sleep EEG variables & subjective sleepiness, adult outpatients with seasonal affective disorder, Finland, 46569
brightness of therapeutic light visor, symptom response, adults with seasonal affective disorder, 30541
bupropion, 20–49 yr olds with seasonal affective disorder, 2626
cerebral glucose metabolism, patients with summer seasonal affective disorder, 17742
clinical definition of seasonal affective disorder, conference presentation, 9801
comorbid panic disorder, 20–50 yr olds with recurrent winter depression, 45442
concurrent anxiety disorders, responses to light therapy or antidepressant medication, patients with seasonal affective disorder vs nonseasonal depression, Canada, 42146
dawn simulation, patients with winter depression, 18797
demographic & diagnostic & symptomatic factors, prediction of response to phototherapy, females with seasonal affective disorder, erratum, 18805
depressive symptoms & self reported alcohol & carbohydrate & caffeine use, outpatients with seasonal affective disorder vs major depression &/vs alcohol dependence, 21640
diagnosis of seasonal affective disorder, female 75 yr old, case report, 17765
diagnostic & clinical & epidemiological aspects of seasonal depression & issues on light therapy, research review, 5806
diagnostic validity of DSM-III-R formulation of seasonal pattern as modifier for recurrent mood disorders & comparison with seasonal affective disorder, 41532
duration of & seasonal changes in depressive episodes & light therapy, patients with seasonal affective disorder with vs without recurrent brief depression characteristics, Germany, 17747
electroretinography parameters & retinal changes, patients with seasonal affective disorder, 9815
elevated serum TSH & hypothyroidism, patients with seasonal affective disorder, 13743
experimental design & measures of success in bright light therapy research, clients with seasonal affective disorder, 6831
frequency of seasonal affective disorder, clients receiving treatment for recurrent mood disturbances, Canada, 37720
gradual vs rapid dawn simulation, patients with winter depression, 18798
intake of sweets in 2nd half of day, rapidity & persistence of response to light therapy, 16–80 yr olds with seasonal affective disorder, 38619
light, disturbed circadian rhythms & seasonal affective disorder & nonseasonal depression, literature review, 5825
light therapy, regional cerebral glucose metabolism & functional brain patterns, adults with seasonal affective disorder, 10747
light therapy, spontaneous eyeblink rate, adults or premenopausal females with winter seasonal affective disorder, 38610
light therapy, urinary norepinephrine & normetanephrine & 3-methoxy-4-hydroxymandelic acid & MHPG & epinephrine & metanephrine & cortisol, female 24–57 yr olds with seasonal affective disorder, 22796
light therapy vs citalopram, female with seasonal affective disorder, case report, 26404

light treatment, circadian rhythms, 21–61 yr olds with seasonal affective disorder, Finland, 6828
light treatment, hemispheric language lateralization & hand tapping interference in winter vs summer, adult females with seasonal affective disorder, Russia, 38623
light treatment, thyroid function, adults with winter depression, 46548
light visor treatment, patients with seasonal affective disorder, Canada, 38616
methodological issues in morning vs evening bright light therapy efficacy research, clients with seasonal affective disorder, 6820
moclobemide, 30–58 yr old females with winter depression, 14708
morning & evening bright vs dim light, nighttime melatonin secretion, inpatients with seasonal affective disorder, 18808
morning light exposure, patients with winter depression with hypersomnia vs insomnia, 6826
morning light vs placebo treatment, patients with winter seasonal affective disorder, 22802
morning vs evening light treatment, melatonin onset, 22–61 yr olds with winter depression, replication, erratum, 2699
parental reports of seasonal mood & behavior changes, male vs female 4th–6th graders, implications for seasonal affective disorder, 33582
phototherapy, body temperature rhythms & diurnal type, adult females with seasonal affective disorder, 42515
phototherapy, monoamine neurotransmitter activity, 25–54 yr olds with seasonal affective disorder, 38622
placebo effect in interpretation of bright light treatment studies, clients with winter seasonal affective disorder, 6823
placebo in design & evaluation of light therapy research, clients with seasonal affective disorder, 6829
prevalence of seasonal affective disorder, outpatients, Japan, 37712
problems of identification of placebo control in light therapy research, clients with seasonal affective disorder, 6821
seasonal affective disorder with parallel fluctuations in drug abuse, cocaine abusing 25 yr old male, implications for role of pineal melatonin in substance abuse disorders, 1932
seasonal relapses, 24–60 yr olds with affective disorder, India, 17745
side effects of light therapy, patients with seasonal affective disorder, 38620
spectral distribution of broad spectrum fluorescent light, patients with seasonal affective disorder, 14749
symptom profile & course, female 13 & 15 yr olds with seasonal affective disorder, case reports, 13728
symptom profiles, patients with seasonal affective disorder vs unipolar vs bipolar depression, 25750

Seasonal Affective Disorder—Chapters

Environmental light and mood, 33611

Seasonal Variations—Serials

age of onset & sex, seasonality of admission for personality vs neurotic vs affective disorders vs schizophrenia, patients, 1976–86, England & Wales, 13685
arginine vasotocin vs prostaglandin E2 vs prolactin & season, release calls & plasma steroids, male vs female bullfrogs, 28674
birth month, referrals for special education, primary school students with emotional & behavioral difficulties, Great Britain, 27587
birth rates in winter & spring, schizophrenic subgroups with vs without high genetic loading, 1710
confounding effect of room & local temperature, seasonal variation in color vision measured by Nagel anomaloscope, adults, England & Germany, replication, 39994
cooling substrates, location & seasonal timing of agonistic interactions, female fur seals in densely packed colonies, 24573
duration of & seasonal changes in depressive episodes & light therapy, patients with seasonal affective disorder with vs without recurrent brief depression characteristics, Germany, 17747
intrusion at edge vs center of territory during vs before breeding season, defensive & other behavior, Australian magpies, 40274
iv levotryptophan & seasonal influences, mean peak delta prolactin response, melancholic patients, commentary, letter, 10658
lactation & seasonal changes in physical environment, mating behavior, female rhesus monkeys, 44301
light treatment, hemispheric language lateralization & hand tapping interference in winter vs summer, adult females with seasonal affective disorder, Russia, 38623
lithium, seasonal modulation of platelet serotonin uptake, 26–65 yr olds with affective disorders, 1 yr study, 6759
own & wife's job involvement & prestige & housework, seasonal stability & change in psychological responses to work & family roles, dual earner husbands, 1 yr study, 17307
parental reports of seasonal mood & behavior changes, male vs female 4th–6th graders, implications for seasonal affective disorder, 33582
perception of temperature elevation in seasonal heat adaptation, unclothed adult males, 12134
photoperiodically induced gonadal hormone secretion, seasonal pattern of male vs female odor preferences, male meadow voles, 8743
rearing & season & time of day & group composition, enclosure use & activity budget, nonparous sloth bears, 24585
resource availability & distribution & seasonality, aggression & territorial exclusion & resource defense, crested mangabeys, 16477
season & age & sex, social affinities between conspecifics, Pyrenean chamois, 24588
season & hibernation state, distribution & density of brain TRH receptors & brain arousal, winter vs summer euthermic vs hibernating ground squirrels, 4624
season of birth & average monthly temperature, age of crawling onset, 8–14 mo olds, 28861
season of birth & school attendance, junior high school students, Wales, 19553
season of birth, electrodermal activity, 16–65 yr olds with schizophrenia or schizophreniform or affective disorder with psychotic features, 5876
season of birth, incidence of dyslexia or schizophrenia spectrum disorders or neurological soft signs, male children & adolescents, 37596
season of birth patterns, patients with cycloid psychosis or schizophrenia with heavy vs low genetic loadings, 17797
season of birth, prevalence of minimal brain damage, schizophrenic patients, Italy, 5867
season of year, robbery & homicide rates, 1977–85, Israel, 37991
season, parent child involvement & parental monitoring & child's activities, dual vs single earner families, longitudinal study, 29245
season, survey vs sales estimates of alcohol consumption, Netherlands, 45166
seasonal & spatial resource variation, habitat use & group foraging, baboons, 475
seasonal body weight variations, preference for neural response to sucrose concentrations, mouse lemurs, 40232
seasonal changes & domestication, sexual maturation & plasma testosterone or estradiol, wild Norway rats selected for aggressiveness vs reduced aggressiveness toward humans, 28631
seasonal changes in social behavior, 2.5 yr old & older male vs female rhesus monkeys, 6 yr study, 44273
seasonal light cycles, behavioral & metabolic habituation to cohabitation, deer mice, 36619
seasonal patterns, incidence of psychiatric illness & mortality, literature review, 13656
seasonal patterns of binge purge frequency & mood & menstrual cycle, patients with bulimia nervosa, commentary, letter, 22141
seasonal patterns of mania & depression recurrence, patients with mood disorders, Italy, 25764
seasonal temperature changes, aggression & rule infractions, prisoners, 31064
seasonal temperature, crime rates, England & Wales, 6112
seasonal variation in leisure time physical activity, adults, Scotland, 43530

seasonal variations & admissions for mania in tropical climate, 21759
seasonal variations & ecological factors, foraging & dietary patterns, moustached vs saddle back tamarin monkeys, 28430
seasonal variations in assaults against staff, psychiatric patients in hospitals vs community residential housing, 1 yr study, 38802
seasonal variations in 5-HT, 8–18 yr olds with obsessive compulsive disorder, reanalysis, letter, 37779
seasonality & demographic & clinical features, patients with mood reactive atypical depression, 1684
seasonality effect, schizophrenic adults, 25835
seasonality patterns of 1st sexual intercourse, female 14–25 yr olds, 1114
sex & season, territorial behavior, European kestrels, 519
sex, season of hospital admission, schizophrenic patients, 1961–90, Scotland, letter, 45537
temporal & seasonal variation in perceived intensity of psychological problems, psychotherapy clients with depression or anxiety symptoms, UK, 3 yr study, 45412
weather & season, preference for outdoors vs stable & choice of lying places & feed & daily walking distance, dairy cows, 8553
winter vs nonwinter season of birth, neuropsychological impairment, schizophrenic male 19–63 yr olds, 9848
Seat Belts [See Safety Belts]
Second Language Education [See Foreign Language Education]
Secondary Education—Serials
consultation effectiveness, elementary & secondary schools, 1961–89, research review, 3274
family & high school experience factors, postsecondary educational plans & predisposition to attend college, 9th graders & their parents, 3500
gender & class differences & state educational policies, expansion of secondary school systems, students, France, 11362
holistic attitudes toward self & own high school experience, 20–45 yr old teacher education students, 7371
personal & demographic & educational characteristics of families, choice of single sex vs coeducational secondary schools, secondary school students, 11513
Piagetian developmental perspective on cognitive demands of genetics problem solving & issues on genetics instruction, high school students, 11430
practices & perceptions of grading disabled secondary vocational education students, teachers, 3566
time of day, school learning, secondary school students, 7464
3 yr linguistic analysis based academic language teaching project, public examination performance, 7th–9th graders, UK, 19481
Secondary Education—Chapters
Secondary education, 3290
Ways of improving discipline in secondary schools and classrooms, 23593
Secondary Reinforcement—Serials
condition inhibition training & stimulus inflation, associative conditioned inhibition, rats, application of R. R. Miller & L. D. Matzel's comparator hypothesis, 8473
full cleanliness training & token reinforcement, encopresis, 9 yr old male, 42547
multiple VI reinforcement with vs without reinforcement delay signal, response frequency potentiation vs overshadowing, pigeons, 16453
Secretarial Personnel—Serials
prevalence of major depression & work absenteeism & mental health service utilization, 18–64 yr old female secretaries & other full time employees, 17740
training & support & role in intake & therapeutic process, receptionists in family counseling agencies, 11258
Secretion (Gland) [See Also Endocrine Gland Secretion, Lactation, Salivation, Sweating]—Serials
daily experiences & mood & secretory immunity, adults, 44531
delta sleep inducing peptide &/vs arginine chlorhydrate, circadian rhythm of serum levels & secretion of growth hormone & prolactin, healthy female 17–26 yr olds, 28709
dosage of guanfacine vs sodium chloride vs clonidine, growth hormone secretion & systolic & diastolic BP & heart rate & sedation, healthy male 27–56 yr olds, Sweden, 28665
fluoxetine, development of hyponatremia secondary to syndrome of inappropriate antidiuretic hormone secretion, 83 yr old female with major depression, case report, 30479
host secretions, arrestment responses, parasitoids, 8754
immobilization stress, role of somatostatin release from median eminence in plasma growth hormone level, male rats, 24815
in vitro & in vivo regulation of synthesis & secretion & biological & other functions of amylin, literature review, 24794
kairomonal activity of aphid cornicle secretion, antennal examination & attack behavior, naive female aphidiids, 8744
Security (Emotional) [See Emotional Security]
Sedatives [See Also Alprazolam, Amobarbital, Atropine, Barbital, Chloral Hydrate, Chlorpromazine, Clozapine, Flurazepam, Haloperidol, Heroin, Meperidine, Methaqualone, Molindone, Nitrazepam, Pentobarbital, Phenobarbital, Reserpine, Scopolamine, Thiopental, Triazolam]—Serials
behavioral & subjective effects & choice of buspirone vs lorazepam, adult males with sedative drug abuse history, analysis of abuse liability, 45762
bentazepam vs cloracepate, 18–65 yr olds with anxiety disorders, 2639
frequency of prescriptions for sedative hypnotic drugs in general hospital, internal medicine vs surgery vs family practice vs psychiatry vs obstetrics gynecology patients, 30659
lipid solubility of sedative hypnotic drugs, hypothermic & hypnotic responses, long vs short sleep mice, 20842
major tranquilizers vs sedative vs anticonvulsant drugs, 2–55 yr olds with profound intellectual disability & multiple physical impairments, England & Wales, 22730
morphine &/vs pancuronium, stress response & plasma catecholamines & BP & ventilatory requirements, premature newborns with hyaline membrane disease, 18919
passive avoidance conditioning before vs after xylazine, state dependent retention, male rats, 739
pentobarbital vs ethanol vs flunitrazepam, in vivo 3H-SCH 23390 receptor binding, mice, 12803
Sedatives [See Also Alprazolam, Amobarbital, Atropine, Barbital, Chloral Hydrate, Chlorpromazine, Clozapine, Flurazepam, Haloperidol, Heroin, Meperidine, Methaqualone, Molindone, Nitrazepam, Pentobarbital, Phenobarbital, Reserpine, Scopolamine, Thiopental, Triazolam]—Chapters
Anxiolytics, sedatives, and miscellaneous drugs, 46180
Seeing Eye Dogs [See Mobility Aids]
Segregation (Racial) [See Social Integration]
Seizures [See Convulsions]
Selected Readings—Books
Gestalt voices. Frontiers in psychotherapy, 22539
Selection (Personnel) [See Personnel Selection]
Selection Tests [See Also Psychological Screening Inventory]—Serials
concurrent validity of personnel selection test & work simulation performance & supervisor ratings, clerical employees, 28110
concurrent validity of personnel selection test battery, assessment of job performance aptitude, machine operator applicants, 28115
development & interrater reliability of computer based personnel selection testing procedure, secretaries, 28113
development & laboratory simulation & field based validation of air traffic controller selection battery, air traffic controller trainees, 35983
development & validation of physical performance test battery, assessment of job performance aptitude, high pressure cleaning workers, 28104
development & validation of Sales Personnel Inventory, assessment of personality traits, sales representative job applicants, 28106
job analysis based construction & unitarian validation of Mathematical Skills Exercise, personnel selection, sales & merchandising representatives, 39889

job analysis based development & validity of Negotiation Skills Inventory, prediction of telephone negotiation & situational judgment, credit consultants, 39897
panel appraisal of job performance as criterion in development & concurrent validatity of entry level written examination, sheriff deputies & corporals, 28107
predictive efficiency of Electronic Data Processing Test, classification assessment into computer programer & operator fields, Air Force enlistees, 43845
relationship between validity & adverse impact & choice of fair personnel selection tests, 35989
validity of Multijurisdictional Police Officer Examination, prediction of training & job performance, police officer recruits, 39891
validity of Personnel Decisions Inc. Employment Inventory, prediction of performance & tenure, discount retail store associates & assistant managers & job applicants, 39885
validity of personnel selection battery, prediction of job performance, insurance agent support persons, 28101
validity of structured interview, selection of Air Force pilots, pilot trainees, 32000

Selection Tests [See Also Psychological Screening Inventory]—Chapters

Developmental determinants of individual action: Theory and practice in applying background measures, 28118

Selective Attention—Serials

ability to shift visual attention from central to peripheral target, 1 vs 3 mo olds, 25110
aging & full divided attention, automatic vs controlled memory processes, 17–23 vs 64–90 yr olds, Canada, 40821
attended vs unattended auditory stimulus discrimination, auditory EPs, 18–48 yr olds, 28588
attention allocation to eight presented left vs right of eye fixation, luminance increment detection vs identification, adults, replication, 234
attentional allocation during memory search, 18–26 vs 62–72 yr olds, 17046
attentional bias & visual field effects, bilateral visual presentation task performance, college students, 32090
attentional cues, engagement & disengagement operations of visual selective attention in RT paradigm, right handed schizophrenic males, 13796
auditory distractor, allocation of attention in selective adaptation along syllable articulation continuum, adults, 36130
auditory distractors, Stroop effect & negative priming in selective attention to visual targets, college students, England, 44171
auditory selective attention task with infrequent novel sounds, RT & auditory EPs, 26–53 vs 60–74 yr olds, 12622
central vs parafoveal cue validity probability & allocation of attention & reading ability, RT in identification of letter target to left vs right of fixation, congenitally deaf 18–30 yr olds, 14440
color vs form salience, perceptual selectivity in visual search, 18–25 yr olds, 4267
crossed & uncrossed hand posture & overt attention & external cues, vibrotactile choice RT, 40–70 yr olds with Parkinson's disease, 30165
dichotic presentation of competing word pairs, selective perception & representation, college students, 32130
dichotic tone stimulation & selective lateralized attention, auditory ERPs, 21–32 yr olds, 40452
divided & focused attention & problem solving issues in graphical display design, 19818
emotional content of dichotic listening stimuli, focused attention & RT, symptomatic vs asymptomatic depressed college students, 3 mo followup, 45458
exogenous vs endogenous cuing, automatic vs controlled visual field spatial attention orienting, drug free schizophrenic adults, 1714
facilitation vs interference, RT in focused vs divided attention tasks, 44–67 yr olds with chronic obstructive pulmonary disease, Italy, 18186
focused vs divided attention & task requirements, target detection & proximity judgment in dichotic vs binocular viewing conditions, male 20–30 yr olds, human factors implications, 36081
focused vs divided attention, implicit memory & recall & recognition of picture sequences, 18–41 vs 61–90 yr olds, 40188
frequency changes during intermodal selective attention task, tonotopic changes in auditory ERPs, adults, 36616
global vs local stimuli, RT in directed vs divided attention task, elderly with Alzheimer's disease, 14299
hemispheric spatiotemporal organization of brain electrical activity during selective attention, 20–35 yr old right handers, translated article, 44423
hierarchical multilayered neural network with selective attention, recognition & segmentation of connected characters in cursive handwriting, 35702
hypnotizability & selective attention deficits & alertness & processing capacity, 18–47 yr olds with closed head injuries, New Zealand, 42064
information trade offs & cue effects in selective attention to global vs local structure of naturalistic scene, adults, 16369
interest in text, reading strategies & recall, college students, 32172
interstimulus interval, selective attention induced auditory EPs & N1 enhancement vs processing negativity, 23–33 yr olds, 24778
model of temporal neural firing patterns as link between binaural masking level difference & spatial selective attention, 16221
neuropsychological application of Ruff 2 & 7 Selective Attention Test, patients with right vs left vs anterior vs posterior lesions, 24182
olfactory adaptation & selective attention, identification of components of odor mixtures, 19–48 yr olds, 24285
parachlorophenylalanine or scopolamine, selective attention in 5 choice serial RT task, male rats, 24906
perceptual selection & temporospatial integration & self estimates of wayfinding & distance estimation, 18–33 vs 57–85 yr olds, implications for selective attention & working memory, 9160
pitch & location of tone bursts, brain EPs & RT during auditory selective attention, 18–42 yr olds, 32504
preceding response stimulus interval, decay of negative priming of ignored locations at response stimulus interval of 500 vs 4000 ms, college students, 4404
probe location & onset asynchrony & target focused attention, EPs in visual search of array, right handed 18–27 yr olds, 36608
processing load & negative vs positive thought disorder, visual selective attention performance, patients with schizophrenia vs manic type bipolar disorder, 33549
reliability of Digit Cancellation Test, assessment of visual selective attention deficits & posterior to anterior cortical encroachment, patients with Alzheimer's disease, Italy, 24172
role of neocerebellum in voluntary shift of selective attention between sensory modalities, 4564
Rorschach assessed production of adaptive fantasy images, performance on measures of selective attention & reality testing & object relations, urban homeless Black & Hispanic 5.7–13 yr olds, 40900
selective attention, auditory EPs, depressed 18–44 yr olds, 32482
selective attention, auditory EPs, 8–16 yr olds at risk for schizophrenia, 21832
selective attention in physical & name match task & Stroop test, normal reading 3rd vs 5th graders vs reading disabled 5th graders, 41830
selective attention in verbal fluency & neural network modeling of Wisconsin Card Sorting Test, frontal lobe damaged patients, literature review, 30230
selective attention, RT & auditory EPs, 25–42 yr olds, 8718
selective attention strategy & prose learning, readers, literature review, 16368
selective attention to & color naming time for separated vs co-occurring color vs neutral vs threatening words, college students with high vs low trait anxiety, 40199

selective attention to physical threat stimuli, patients with panic disorder, Canada, 21852
selective attention vs internal noise, performance on letter & color matching tasks, healthy 18–48 vs 60–81 yr olds, 32850
selective attention while reaching toward object & ignoring other objects, use of internal representations, college students, 12302
selective auditory attention & pitch discrimination, ERPs, 23–33 yr olds, 44492
semantic negative priming & cognitive inhibition in selective attention, outpatients with obsessive compulsive vs other anxiety disorders, 29724
semantic relatedness of unattended words in left vs right visual field, lexical decision, adults, 28253
sensation seeking & extraversion & neuroticism & psychoticism, selective attention in dichotic listening task, college students, 9607
stimulus complexity, phasic alertness & information processing speed in selective & sustained attention, 16–45 yr olds with severe closed head injuries, Australia, 14336
stimulus identification or cues, attentional selection, 388
stimulus onset asynchrony & global vs local cues, role of spatial attention in identification of global vs local targets in hierarchically structured pattern, adults, 40200
stimulus response compatibility task without visual cues marking stimulus position, spatial distribution of selective attention, 17–36 yr olds, 17004
text salience, selective attention strategy & attention duration & intensity & learning & reading comprehension, reading success, 6th graders, 32892
time of day & introversion & neuroticism, selectivity in memory & attention, college students, England, 328
tone pips presented at high rates to left or right ear, ERPs & RT & negative difference waves in selective task, adults, 44499
visual attention & judgment of relative location of objects &/vs object parts, college students, application of spatial vs object based theory, 39979
visual selective attention & mnemonic memory processes & power in time epochs & correlation between left & right visual EPs, 9–13 yr olds, 12981
visual vs auditory relative stimulus frequency, expectancy & RT & attention, male rats vs adult humans, 4463

Selective Attention—Chapters

A cortical network for directed attention and unilateral neglect, 20637
Development of attention and metacognition, 21216
Electrocortical substrates of visual selective attention, 36617
Importance, interest, and selective attention, 3482
Interactions between object and space systems revealed through neuropsychology, 38308
"Seductive details" and learning from text, 3467
Using repetition detection to define and localize the processes of selective attention, 36258

Selective Breeding—Serials

active avoidance performance & hippocampal mossy fiber distribution, backcross lines derived from inbred DBA/2 vs C3H mice, 8640
aggression & morphine induced analgesia assessed by paw lick latency, C57BL/6J vs SJL/J mice vs F1 vs F2 vs backcross generations derived from classical Mendelian cross breeding, 40630
chlordiozepoxide, social & aggressive & escape & motor behavior & flumazenil binding & GABA receptor function, male mice selectively bred for low vs high aggression, 783
genetic control of muscarinic cholinergic sensitivity, crossbred rats of Flinders sensitive & resistant lines, animal model of depression, 16513
genetic selection for ethanol dependence, mice, animal model of alcohol dependence, 537
selective breeding, ethanol induced thermoregulation, HOT vs COLD male mice, 32365
selective breeding, ethanol intake, male Tyrone Maze Bright vs Dull rats, animal model of hereditary factor in alcoholism, 679
selective breeding for alcohol preference, heightened ethanol responsivity & 5-HT & dopamine neurotransmission & other characteristics, rats, animal model of alcoholism, conference presentation, 44370
selective breeding for alcohol withdrawal severity, mice, animal model of alcoholism, conference presentation, 44366
selective breeding for cocaine conditioned place preference, cocaine induced locomotor activity & drug discrimination, 3 generations of cocaine preferring rats, animal models of drug abuse, 20989
selective breeding for initial sensitivity to ethanol, rats & mice & other rodents, research review, conference presentation, 44368
selective breeding for taste aversion conditionability, food reinforced foraging in radial arm maze, taste aversion prone vs resistant rats, 40333

Selective Breeding—Chapters

Some uses of inbred strains, 8612
The value of recombinant inbred strains in the genetic analysis of behavior, 8606

Self Acceptance [See Self Perception]

Self Actualization—Serials

basic needs deficiency & self actualization, street vs mission homeless males, implications for concept of known groups & Maslow's hierarchy of needs, 13249
conceptualization & operationalization of self actualization, 19–64 yr olds, 9642
creativity & actualization & empathy, 18–92 yr olds, test of M. Rogers's theory of accelerating change in human development, 9219
history & self actualization & willingness to use services & health, Black vs White homeless males, 45055
meditation &/vs physical exercise, self actualization dimensions of inner directedness & time competence & low anxiety, 23–62 yr old graduate counseling students, 23395
perceived vs observed self determination of students with vs without disability labels, high school teachers, 31383
personal training & counseling as means of guidance toward self fulfillment, France, 10772
self actualization & locus of control, altruism, female college students, India, 13492
self actualization & social support, dietary nutritional intake, 60–83 yr olds, 21302
social psychological correlates of self actualization, 41340

Self Actualization—Books

The art of being, 17579
Coming to life, 34379
Growth through choice: The psychology of personal adjustment, 17582
I never knew I had a choice (5th ed.), 30412
Person to person: Positive relationships don't just happen, 41236

Self Actualization—Chapters

The Action Profile system of movement assessment for self development, 1490
Life crises and personal growth, 21580
On courage, 17588
The relation of interest to the motivation of behavior: A self-determination theory perspective, 1488
Religion and self-actualization, 21581

Self Assessment [See Self Evaluation]

Self Care Skills—Serials

antidepressants & other psychotropics & functional status & history of falls, development of falls, 70–105 yr olds in long term care, 1 mo study, 38590
behavioral dependency & support in interaction patterns with family members or home health nurses, community living elderly, comparison with institutionalized elderly, 1151
changes in adaptive & maladaptive behaviors following community placement to supervised apartment setting, multiply handicapped 18–22 yr olds, 41427
community based programs, living skills, deaf blind young adults, 23067
community based service, skill acquisition & problem behavior, mentally handicapped residents in supported accommodation vs hospital vs private family home, Wales, 5 yr study, 30837

concurrent criterion validity of National Independent Living Skills Screening Instrument, deaf 16–51 yr olds, commentary, 31916
concurrent criterion validity of National Independent Living Skills Screening Instrument, deaf 16–51 yr olds, 31917
coping behavior & psychosocial effects & help seeking behavior & self care, female 19–91 yr olds with urinary incontinence, Norway, 34059
cultural phenomenological perspective on continuity & change in physical self evaluation & self care, 50–59 vs 70–79 yr olds, 25303
depressive symptoms & cognitive capacity & chronic disease & SES, coping with physical & instrumental activities of daily living, community living elderly born in 1904–13 vs 1914–23, Finland, 37594
development & adaptation & evaluation version of Scales of Independent Behavior for visually impaired students, teachers, 16051
development & factor structure of Social Integration & Independence Questionnaire, 65 yr olds & older, questionnaire appended, 4019
development & standardization & psychometrics of Transition Competence Battery for Deaf Adolescents & Young Adults, assessment of vocational & independent living skills, deaf 18–19 yr olds, 70
dining skills by professional & direct care staff in normalized group setting, profoundly disabled 28–45 yr old residents, 1 & 2 mo followups, 30910
discriminant validity & interrater reliability of Appraisal of Self Care Agency scale, 65–99 yr old geriatric rehabilitation patients vs independent living elderly vs their nurses, Norway, 35951
divided half instruction, chained skill education in nonschool setting, moderately mentally retarded 16–18 yr olds, 7192
fire safety & exiting training using video prompting, moderately intellectually handicapped 21–35 yr olds living independently, New Zealand, 14574
group psychotherapy vs modular skills training, self management of symptoms & neuroleptic therapy, schizophrenic male veterans, 14492
group therapy vs daily living skills training, well being & visual acuity, female 47–63 yr old Cambodian refugees with psychosomatic blindness, 26480
history of policy & legislation & planning & services for & outcomes in transition to employment & independence, learning disabled secondary students, 19645
interrater reliability of & training on & experience with Functional Independence Measure, assessment of inpatient burden of care & activities of daily living, occupational therapists, 31878
junior life skills instruction, self esteem & self sufficiency, 7–13 yr olds in out of home care, conference presentation, 14985
limitations & valuative use of risk in assessment of ability to choose place of residence, elderly, 1168
motor & speech & self care & living skills task performance, kindergarten survivors of extreme premature birth, 5 yr study, 41969
occupational & music therapy, dressing completion times & caregiver involvement, 14 vs 29 yr olds with traumatic brain injury, 19183
operant & social learning & other components of independence training, independent living skills, visually impaired 7–9 & 19–20 yr olds, 34441
perceived independent living skills needs of underserved deaf clients, rehabilitation facilitators & mental health & independent living & social services & vocational rehabilitation professionals, 42123
predictors of perceived self care abilities, 60–100 yr old nursing home residents, commentary & reply included, 34927
psychiatric self care nursing model, assessment of agitation, patients with dementia, 23015
relationship between Halstead Reitan Neuropsychological Battery & functional daily living skills, geriatric patients with dementia, erratum, 42051
self care capabilities in preparation for menarche, premenarcheal 10–14 yr old Black females, 32815
self concept & self care & health status, independent 65–97 yr olds, nursing implications, 21299
shared senile self neglect, elderly married couple with Diogenes syndrome, case report, 18360
social adjustment & vocational status & other functioning, adults with learning disabilities, research review, 2032
Social Economy Therapy program, social & living skills, long term inpatients with severe psychotic disorders, 30373
universal self care requisition, homeless male 65–70 yr olds, 25302
validity & reliability of process skills scale of translated Assessment of Motor & Process Skills, Taiwanese 24–35 yr olds, US, cross cultural applications & implications for occupational therapy, 11932
validity of case manager & client reports using independent living & income & employment & family contact & problem behaviors, assessment of community functioning, mentally ill 24–75 yr olds, 19087
validity of Kinetic Person Drawing Task vs Scorable Self Care Evaluation vs Bay Area Functional Performance Evaluation, 19–58 yr old psychiatric day treatment clients, 43747
verbal praise with vs without music vs vibratory reinforcement, independent physical fitness performance, profoundly mentally retarded 10–18 yr olds, 30370

Self Care Skills—Chapters

Training social & independent living skills: Applications and impact in chronic schizophrenia, 23218

Self Concept [See Also Self Esteem]—Serials

academic motivation & sex role attitudes & personal orientation, male vs female high school students, 8 Caribbean territories, 9292
academic self concept & achievement expectancy, school withdrawal, African American vs White academically underprepared freshmen, 4 yr study, 35402
academic self concept & teachers' & parents' ratings of academic competence, achievement test scores, 7th graders, 39273
academic self concept, English- vs Spanish-speaking Mexican American 4th–6th graders, 7481
academic vs general self concept vs motivation vs classroom behavior vs locus of control, academic achievement, 7th–8th graders, 35362
achievement related expectancies & academic self concept & math performance, academically underprepared male vs female African American vs White college students, 35401
age distinctiveness of self concept, traditional vs nontraditional college age students vs faculty, 21537
alcoholic family background, identity development & evolution within relationships, lesbian clients, 33874
analytic psychology perspective on fractal nature of ego & development of self, 25610
application of E. H. Erikson's construct of identity to vocational identity & career development, 19663
application of Zen perspective & Morita therapy to concept of self & human nature, conference presentation, 34342
assessment of self description & change during psychoanalysis, 13–28 yr old female psychiatric inpatients, 34477
athletic activity, self concept & need for achievement, 18–40 yr old males with vs without physical disabilities, 2173
attachment to parents, emotional autonomy & perceived self worth & anxiety & depression, 12 yr olds, longitudinal study, 37150
attachment to parents, identity development & life satisfaction, 18–22 yr olds, 5396
attitude toward peers' perceptions of self & professional self concept, prediction of job burnout, teachers, Israel, 19446
auditory subliminal stimulation &/vs rational emotive therapy, self concept, college students, followup, 31438
autophotographic depictions of alcohol related identity, self reported drinking & expectancies & prediction of drinking, 18–39 yr old college students, 41188
birth order & self concept & participation in high risk recreational activities, 17–63 yr old parachutist association members, 47468
birth order, self affect relation of differential self guide strength & emotional vulnerability, college students, 5621

body image as component of self concept, 29–79 yr olds treated for breast cancer with mastectomy & delayed vs immediate reconstruction vs conservative surgery, 46682
body satisfaction & self concept, female vs male 3rd vs 6th graders, 37118
character change & derepression of early memories in intensive short term dynamic psychotherapy, self sacrificing patients, 6490
chronological & motor age & perceived competence, 3.2–5.1 yr olds, 32810
codependency as undifferentiated self & application of M. Bowen's family systems theory, 17544
cognitive dissonance task in presence of O, communicative & self concept regulating aspects of distancing behaviors, college students, 21471
cognitive phenomenological approach to self schema & esteem experiences during major life transition, 20–56 yr old females, 25533
concurrent validity of Rosenberg Self Esteem Scale & Self Perception Profile for Adolescents, 8th–12th graders, 35824
conscious & unconscious self concept, children of alcoholics vs dysfunctional families, 10028
construct validity of brief current form of Parental Bonding Instrument, assessment of perceived parental styles & correlation with self concept, adolescents, 15902
construct validity of Self Description Questionnaire III, accuracy of inference of other's self concept & self other agreement, significant others of college students, Australia vs Canada, 39779
cooperative learning &/vs social relations programs, self concept & academic achievement, 7th graders in mixed ethnic classes, Israel, 19470
correlates of leisure identity salience, college students & participants in serious leisure activities, 15728
creativity, psychosocial functioning & self image, female college students, 5631
cultural model for assessment of sense of belonging & identity & control, 14–25 yr old Black females, 9616
delinquency & perceived influence of others on identity, 13–16 yr olds, 29927
depressive symptoms & reassurance & negative feedback seeking & roommate's evaluation, adults, integration of J. Coyne's interpersonal theory of depression & self enhancement & self consistency theory, 45448
development & validity & reliability & factor structure of Arabic version of Dimensions of Self Concept scale, assessment of academic self concept, Arabic college students, 31962
development & validity of modified role identity measurement technique, assessment of self in role, adult blood donors, 24071
dialectical thought & layering & juxtaposition & interpretation of frames of reference in communication theory of identity, 33396
differential developmental processes & outcomes for males & females & instruction on gender & self development in interpersonal communication pedagogy, 39238
dimensions of self concept, 1st vs repetitive pregnant female 12–19 yr olds, 9285
directional questioning & memory base content & variability, self conception, college students, Canada, 25561
discrepancy between actual vs ideal vs own vs social self concept, social anxiety & depression, 20–31 yr olds, 17567
effects of use of psychological counseling on labeling & social interactions, self concept, college students, 2463
emergence of codependency as discursive formation & life story in search for identity & role of power & knowledge, 5718
emotionally significant life events & parent child relations during childhood, basic self & world beliefs, college students, 5597
Enhancing Approaches to Self Image program, self image, students, 19478
Eurocentric & inappropriate education, systematically engrained cultural self contempt & reexamination of C. G. Woodson's call for Afrocentric redirection in education, Blacks, 25365
evaluatively integrated thinking in self descriptions in social & academic situations, self esteem & negative affect, college students, 17568
existential anxiety & self & death concepts & denial & religiosity, college students, 25587
existentialist approach to J. E. Marcia's identity formation model, 5159
experience of sexual abuse, sex typed roles & sexual self concept, abused male 13–18 yr olds vs psychiatrically treated nonabused males, 29804
factor structure of Inventory of Personal Investment, assessment of work motivation & self concept, 18–79 yr old workers, Japan vs US, 163
family life & coping & peer group & ego & personal identity & hormonal influences on behavior & development, adolescents, research review, 21241
functions of self personified by father & role of identification in development, female analysands, 14636
grade retention, self concept & school engagement & academic performance, 3rd–6th graders, 3510
guided fantasy, academic self concept, 8–12 yr olds with learning difficulties referred to educational psychology service, 31429
guilt & anxiety & lack of self in psychotherapy vs Buddhism, 34347
high vs low identity achievement, family type & communication with parents, male 18–24 yr olds residing with parents, India, 21354
historical & modern psychoanalytic conceptualizations of self & contribution of evolutionary biology, 29484
historical overview of cognitive psychology & absence of self concept & meaning & need for alternative view, implications for humanistic psychology, 20136
history of L. Festinger's theory of cognitive dissonance & self image & impact on social psychology, commentary, 17502
history of L. Festinger's theory of cognitive dissonance & self image & impact on social psychology, commentary, 17518
homosexual desire & identity confirmation in "The Picture of Dorian Gray", 4985
homosexual identity & coming out requirement, gay & lesbian teachers, 41169
humor & self concept & coping with stress & well being, adults, research review, 29440
idealism & ideal self of I. Archer in H. James's "Portrait of a Lady", 799
identity complexity as indicator of mental health in clinical social work, clients, conference presentation, 34360
identity development & psychosocial intimacy of husbands vs wives, marital satisfaction, 22–59 yr old stable vs unstable married couples, 45098
identity disturbance & binge & purge cycle as emotional regulation & sensitivity to interpersonal contact, bulimic vs binge eating adults, 38068
identity formation & social maladaptation, African American & Latino adolescents in foster care residential group homes, 19089
identity style, strategies used to cope with academic problems & stressors, 18–25 yr old college students, 23576
identity transformations in & factors affecting successful dieting vs weight regain, obese adults in weight loss therapy groups, 46716
image congruity associated with place attachment & image of self within community, households, Australia, 9601
importance of sensitivity to ethnicity in security & identity & emotional adjustment in social work education, elderly clients, 21289
impulsivity & balance in & attempts to attain possible selves & social & communication skills, delinquent involvement, 13–17 yr old inner city high school vs incarcerated males, 45785
individualistic vs collectivistic cultural background, importance of social vs psychological aspects of self, Dutch vs Moroccan vs Turkish 6th–8th graders, Netherlands, 1131
influence exerted by significant aduits & peers in business & personal contacts, self knowledge, 9th–10th graders, translated article, 32966

informational vs normative vs diffuse/avoidant identity style, social cognitive reasoning, male vs female late adolescent college students, 44947
instrumental vs experiential orientation & formistic vs dialectical thinking, identity achievement & foreclosure in identity development, 22–40 yr olds, 13545
integration of career & personal identities in occupational development & wellness & counseling, 11601
internal stability & predictive validity of Marsh's Self Description Questionnaire-2, 14–15 yr olds, 27977
interracial interactional deficiency & self concept, social & racial identity development, Blacks, West Indies & West Africa & US, 13269
lesbian & gay identity development & career counseling issues, 23 yr old gay male MBA student, commentary, 31460
living into disability through spiritual journey, discovery of gifts & potentiality & positive self image, disabled females, 17648
locus of control & extraversion & neuroticism & psychoticism & academic self concept, academic attainment, secondary school students, South Africa, 35364
locus of control & self concept & styles of learning, high school students at risk for school failure, 3509
masculinity & sexuality & identity & homosexual experience & sex dynamics, gay male adults, Australia, 21431
maternal unipolar major depression, self concept & control & peer relations & social competence, 5–10 yr olds, 33588
math & verbal achievement & self concepts, 6th graders, Norway, application of internal external frame of reference model, 43267
mathematical model of self, 29439
model of evolutionary self construction based on principles of evolution & philosophy of pragmatism, 45270
model of identity transformation, recovering alcoholic lesbian 30–45 yr olds, 35031
mother vs father child boundary dissolution, identity exploration & commitment & development, female college students, 40909
motivation for & consequences of self verification of negative self concept through negative feedback, 29464
multimodal creativity program, self concept & affective & cognitive creativity, 3rd graders, 27420
multivariate analysis in research on self concept, gifted 8th graders, commentary, 11520
narcissism & object relations & development of self in psychotherapy, patients with paranoid phenomena, 22501
occupational identification & satisfaction with & perceived fairness of work assignment, organizational commitment, workers, 27694
parental & educational guidelines to enable development of self concept, successful adults with dyslexia, 6156
parental divorce or separation, perception of family relationships & self concept, college students, 33111
parental divorce prior to 11 yrs old vs 11–17 yrs old, progression through identity & intimacy crises, college students, 32980
perceived loving interactions of parents, self concept & evaluation of parents, high school students, replication, 25243
perceived support practices & support system failures, self concepts & parental evaluation, college students, 25573
personality & sex role orientation & self concept, female 40–55 yr old entrepreneurs vs nonentrepreneurs, India, 9635
personality characteristics & self concept & attitudes & eating patterns, prediction of risk for eating disorders, female 7th–10th graders, 45864
personality correlates of desire to merge identities with intimate partner, college students, 21540
positive vs negative self schema & recognition & incidental recall of positive vs negative words & RT, depressed vs nondepressed clinic referred 8–12 yr olds, 9823
problems & identity conflicts & school counseling issues, biracial elementary & middle school students, 23669
program for personal identification & cultural affirmation, deaf 13 yr old male with behavior & emotional problems, 30744
psychiatric symptomatology & self concept & locus of control & daily events, 25–55 yr olds with organic solvent exposure, 26138
psychoanalytic perspective on identity formation & idealization as defensive adaptive coping strategy, adult female incest survivors, 45667
psychoanalytic perspective on role of family structure & social influences in institutional vs impulsive conceptions of self, India vs US, 13524
psychotherapy, defenses to forget childhood sexual abuse & sense of self, 40 yr old female, conference presentation, 34322
pubertal timing & weight, body image & self concept & depression, 13–16 yr old males vs females, Norway, 36967
racial identity, attitudes toward feminism & locus of control & perceived importance of African American & feminist movements & racial designation, 18–75 yr old African American females, 5346
reliability & intercluster structure & construct validity of Q-Sort of Adolescent Images, assessment of individual & collective images, 14–19 yr olds & their parents, 11969
reliability & validity of Self-description Inventory, measurement of self concept, 17–19 yr olds, South Africa, 27979
representation of self in value theory approach to ecophilosophy vs transpersonal psychology, commentary, 32752
residential care vs private accommodation, self concept, 74–82 yr olds, 2986
retrospective vs current maternal vs paternal attachment, male vs female college students, test of self-in-relation model of development, 29214
role & self image & aura of domesticity during pet therapy with elderly, nursing home volunteers, 7128
role of conversation in development of frail identity, 67 & 86 & 97 yr olds, 6262
role of self investment in interpersonal perception, college students, test of idiographic approach to personality, 25574
roles & health & education, age identity & perceived well being, male vs female 40 yr olds & older, 25564
Rorschach indices of perceptual accuracy & self concept & reactivity, 3rd–5th graders with vs without learning disabilities, Spain, comparison with US data, 2029
salience of mothering identity, primiparous females, test of S. Stryker's theory, 9447
self & brand user image & loyalty, 18–60 yr olds, 23817
self & God & parent concepts, abused vs nonabused 5–13 yr olds, 5998
self & identity & functions of naming & similarity to minority groups, disabled, 25670
self affirmation & assessment & imaging & scripting in intrapersonal protocol for self concept improvement, 18668
self concept & adjustment to parental divorce, 9th–12th graders from intact vs maternal vs paternal custodial families, 37169
self concept & anxiety & knowledge of alcoholism issues, young adult children of alcoholics, 13983
self concept & body image, obese 15–20 yr old females, Egypt, 33974
self concept & extracurricular activities & family life & sex, gifted vs academically weak 7th–8th graders, 27575
self concept & locus of control & adjustment & intelligence, gifted vs normal students, India, 31421
self concept & money attitudes & spending or saving behavior, 18–34 yr olds, 41323
self concept & occupational membership, vocational choice, 18–40 yr old male student teachers, Nigeria, 3626
self concept & parental evaluation & perception of parents' parenting style, college students, 17322
self concept & participation in various leisure activities, adults, 27747
self concept & perception of family functioning, child guidance clinic vs nonclinic 12–16 yr olds & their parents, Australia, 5382
self concept & relationship with parents, life satisfaction, Chinese 11–16 yr olds, Hong Kong, 21251
self concept & self care & health status, independent 65–97 yr olds, nursing implications, 21299
self concept & sociometric status, rural vs urban 11–14 yr olds with vs without siblings, China, 9277
self concept, African American students, implications for special education, 11518

self concept as homosexual, survival strategies, HIV positive adult males, Sweden, case reports, 26233
self concept differentiation & psychological adjustment, college students & female 52 yr olds, 33319
self concept, prediction of recidivism, institutionalized male juvenile offenders, 45777
self concept vs personal responsibility for aversive outcome in cognitive dissonance, commentary, 9638
self concept vs self esteem, 17–22 yr olds, China, 25565
self concept, 11–18 yr old children of leprosy patients, India, 14151
self conception valence, self vs other focused attention effects on mood, college students, 9634
self esteem & attentional focus on own unique characteristics vs gender group conceptions, masculine vs feminine working self concept, female college students, 25425
self esteem & discrepancy between positive vs negative ideal vs actual self, 27–47 yr olds, 9614
self identified subselves & relation to personality, college students, 5614
self identity & intentional consumer behavior, adults, England, application of planned behavior theory, 27770
self image & perceived social support as indexes of adjustment to stressors, 14–23 yr olds with vs without cancer, 26258
self image measured by Offer Self-Image Questionnaire, German adolescents with anorexia nervosa, comparison with American samples, 33985
self image, 12–19 yr olds, Finland vs US vs West Germany, conference presentation, 5171
self image, 15–18 yr olds, Jamaica, 32994
self monitoring & public vs private performance of identical behaviors, self concept, college students, 1479
self perception & identity & peer relations, middle vs high school students labeled as nerds, 31348
self perception, visually impaired 12–19 yr olds, 6425
self perceptions & attributions, male 8.5–13 yr olds with vs without attention deficit hyperactivity disorder, 38012
self pity & comforting, narcissism & superego development & aggression & resistance to therapeutic change, analysands, conference presentation, 6661
self regulatory processes & possible selves, health behavior, community residing 55–89 yr olds, 5266
self rejection & avoidance vs attack coping style, drug use vs violence vs theft, 7th graders, 21928
self reported humor & healthy positive self concept, college students, Canada, 45247
self structure in borderline personality disorder, 9905
self understanding & recovery, adults with self defined nervous breakdowns, counseling implications, 41500
SES, self concept, adolescents, Nigeria, 37172
sex & age, field & laboratory indicators & self concept of physical fitness & academic achievement, 9–15 yr old students, Australia, 40773
sex & marital status, identity structures & psychological well being, married or divorced 18–55 yr olds, 9417
sex & stepfather vs stepmother family, perceived self competence & ambiguity of stepparent role & stepfamily myths, junior high school students, 9239
sex, identity development, 7th–8th graders, 3 yr study, 25259
sex role typing & multiple role involvement, depression vs anxiety vs substance abuse, female 18–51 yr olds, 9741
sex, self concept & acceptance & efficacy, 14–18 yr olds with spina bifida or cerebral palsy of cleft lip &/or palate, Canada, 26184
sex, self concept, 8th–12th graders, 37124
sex, self vs O ratings of self concept in family vs work contexts, 19–40 yr olds, 5633
sexual identity consolidation & peer & parental relationships, development, gay & lesbian adolescents, 17192
single sex vs coeducational high school education, achievement & self concept & social behaviors & career development, adolescent females, 7422
social & economic change, identity formation, college students, 1984 vs 1990, New Zealand, 40924
social & personal identity & emotional labor, service agents, 23753
social constructionist perspective on male therapeutic movements & self identity & essentialist masculinity, 26644
social information presented in clothing & jeans brand labels, correlation with wearers' views of self & personality, college students, 21502
social interaction process, self concept & interpersonal behavior ratings of other vs reflected vs self appraisal, 20–59 yr olds in human relations training groups, 41253
social psychological perspective on self transformation process in J. Habermas' conception of participatory democracy, 45141
social self & body esteem, bulimic females, 29989
social sensitivity & self concept, junior & senior high school & community college students with vs without learning disabilities, 18098
stimulus information amount & agreement vs disagreement with similar others, confidence in judgment, college students, Australia, 28259
strength of self protective vs enhancing motives in reaction to failure vs success feedback, college students, 9604
stress management program, locus of control & self concept & coping behavior, inner city 3rd graders, 19640
stress of life change experiences & demographic & social & health variables, self concept, college students, 1450
stressful life events, type & severity of symptomatology & self concept, 1st admission schizophrenic patients, conference presentation, 25817
structural models of academic self concept & effects of social context, literature review, implications for school psychology, 47260
structural validity of academic self concept scale, large scale archival data set of high school sophomores, 43839
TAT self image & needs &/vs environmental demands, heroin dependent males in methadone maintenance, 11108
teacher ratings of student anxiety, student expressed vs teacher inferred self image scores, male vs female 3rd graders, 15467
theoretical framework & components of disorders of habitual social self & personal identity, schizophrenic patients, 17822
theories on self & personality, elderly, 25311
theory of essential self, 45296
time spent in special education, global & mathematics self concepts, special needs 3rd–12th graders, 3558
transracial adoption, self esteem & identity & adjustment, Afro Caribbean & mixed race children with Caucasian adoptive parents, England, 12 yr followup, 37309
traumatic life circumstances, attitudes toward family & family members & self, college students from intact vs divorced families vs families with deceased parent, 37291
unscheduled school transfer, self concept & academic achievement & teacher & peer ratings, male vs female 3rd–5th graders, 2 yr study, 15448
upward vs downward social comparison of contraceptive behavior, self concept & mood & attitudes about birth control methods, female college students with high vs low self esteem, 25506
use of metaphor in life narratives to convey identity & self conceptualization, male mentally retarded deinstitutionalized 23–29 yr olds with psychiatric disorders, 26077
validity of multidimensional models & construct of self concept, 5th–6th graders, 1056
Western cultural conception of self & D. Hume's theory of self experience, 37520
yoga training, self ideal disparity, 17–39 yr olds, India, 43524

Self Confidence [See Self Esteem]

Self Congruence—Serials

birth order, self affect relation of differential self guide strength & emotional vulnerability, college students, 5621
cognitive phenomenological approach to self schema & esteem experiences during major life transition, 20–56 yr old females, 25533
discrepancy between actual vs ideal vs own vs social self concept, social anxiety & depression, 20–31 yr olds, 17567
pastoral tradition in Christian tenets of congruence & empathy & consistent love as antecedents of modern psychological therapeutic care, 2394
self discrepancy theory as framework for bulimic symptoms & associated depression & anxiety, actual-ideal discrepancy related to appearance from own vs parents' standpoint, female college students, 2069
time since employment & persistence & satisfaction & supervisors' evaluations, congruence, bank tellers, Israel, 4–6 mo followup, test of J. L. Holland's congruence theory, 7654

Self Congruence—Chapters

Caught in the crossfire: Positivity and self-verification strivings among people with low self-esteem, 45281
Changes in the valence of the self as a function of mood, 9661
On the highly positive thoughts of the highly depressed, 45288

Self Consciousness [See Self Perception]

Self Control—Serials

affect, abilities & strategies in inhibition vs simulation vs masking of facial affective expression, 2nd vs 4th graders, 32955
age, control beliefs in social & cognitive & health domains, 30–79 yr olds, 29447
aversive noise, self control choices & preference, college students, 12304
causal attributions for & coping with & self controlling behavior after stressful event, 21–59 yr olds, 37505
child & maternal characteristics at age 24 mo, prediction of self regulation & behavior suggestive of attention deficit hyperactivity disorder, 4 yr olds, erratum, 33931
child & maternal characteristics at age 24 mo, prediction of self regulation & behavior suggestive of attention deficit hyperactivity disorder, 4 yr olds, 2009
classroom cognitive behavior modification with timing device, self control, male 8.2 yr old with attention deficit hyperactivity disorder, 19590
cocaine vs fluoxetine, self control in choice between amount vs delay of reinforcement, male food deprived rats, 24928
cognitive style & risk taking & self control & other factors, perceptive & cognitive failure errors in decision making, computer operators, 8322

cognitive therapy vs bell & pad vs token economy methods, self control, children with nocturnal enuresis, 22875
collective anger management strategies in conflict based settings, abortion clinic escorts, 21405
control worries & loss of drinking control, normal vs alcoholic adults, 13973
density vs amount vs delay of reinforcement, self control vs impulsiveness, college students, 5605
FI reinforcement, self control vs impulsiveness, 5.3–7.1 yr olds, France, 5168
food deprivation level & reinforcer magnitude, choice between delayed reinforcers, female rats, animal model of self control, 460
HIV knowledge & attitudes & self control & ego identity development & other psychosocial & behavioral factors, prediction of high risk unprotected sexual intercourse, male college students, 22278
individual differences & food reinforcement delay & self perceived level of food deprivation, self control vs impulsiveness, 17–46 yr olds, 17545
individual differences & food reinforcement delay & self perceived level of food deprivation, self control vs impulsiveness, 17–46 yr olds, erratum, 40202
low self control & criminal opportunity as cause of crime, adults, test of M. R. Gottfredson & T. Hirschi's general theory of crime, 26028
low self control & criminal opportunity as cause of crime, adults, test of M. R. Gottfredson & T. Hirschi's general theory of crime, commentary, 26029
maternal unipolar major depression, self concept & control & peer relations & social competence, 5–10 yr olds, 33588
perceived sexual self control & high risk sexual behavior, 18–60 yr old gay males with vs without HIV, 6286
psychological determinants of occupational burnout, 20–62 yr old psychiatric nurses, Australia, application of M. Carver & M. Scheier's self control model, conference presentation, 7342
rage dyscontrol syndrome & suicidal behavior, 1833
reality discernment & fantasy about food taste, eating impulse control, college students, 24491
reality therapy, sex offenders, application of control theory, 22526
redressive & reformative & experimental functions of self control & coping with stress, 41330
relative amount & delay of reinforcement, demonstration of self control, 19–23 yr old human females, comparison with pigeon data, 8352
score on Self Control Schedule, prediction of response to drug vs cognitive therapy vs relaxation training, depressed adults, replication, 2409
self control & emotional coping expectancy & previous pain experiences & behaviors & personality intensity & latency & duration of postsurgical pain, 17–78 yr olds, 42583
self control, DUI, male vs female drivers, Canada, test of M. R. Gottfredson & T. Hirschi's general theory of crime, 25991
self control, juvenile delinquency, male junior & senior high school students, test of M. Gottfredson & T. Hirschi's general theory of crime vs social control theory, 45776
self control training package, female 8 yr old with sleep terror disorder, case report, 6 mo followup, 34695
social competence & self control & vocabulary ability, prediction of impulsive aggressive problem behavior, 4–5 yr olds, 1 yr followup, 40774
stimulus duration & instructions, voluntary control of penile responses to preferred vs nonpreferred stimuli, 21–32 yr old males, 16696
5-factor model of personality, health relevant measurements of hope & personal control & negative affectivity & emotional control, Navy recruits, technical report, 9602

Self Control—Books

Handbook of mental control. Century psychology series, 33349
Inhibition: History and meaning in the sciences of mind and brain, 4637
Self-directed behavior: Self-modification for personal adjustment (6th ed.), 34475

Self Control—Chapters

The assent of man: Mental representation and the control of belief, 33361
Behavioral disinhibition versus constraint: A dispositional perspective, 33389
Bypassing the will: The automatization of affirmations, 33378
Changing our minds: An introduction to mental control, 33391
A control theory interpretation of psychological research on aggression, 41351
Controlling anger: Self-induced emotion change, 33387
Controlling one's stream of thought through perceptual and reflective processing, 33353
Delay of gratification in children, 28888
Goal conflict and the self-regulation of action, 33356
How individuals control their own minds: A constructive narrative perspective, 33372
Lost mental control and exaggerated social control: Social cognitive and psychoanalytic speculations, 33248
Mental calibration: Forging a working relationship between mind and action, 33388
Mental control: Lessons from our past, 33382
Mental control of angry aggression, 33394
The mental control of depression: Psychological obstacles to emotional well-being, 33393
Mental control of eating: Excitatory and inhibitory food thoughts, 33364
Psychological distance in self-imposed delay of gratification, 37195
Self-control, 28281
The self-regulation of memory: For better and for worse, with and without hypnosis, 32243
Sensate body, directive mind: Physical sensations and mental control, 33355
Social foundations of mental control, 33390
Social mechanisms of constraint, 33254
Waking, dreaming, and self-regulation, 28361
Wanting but not having: The effects of unattained goals on thoughts and feelings, 33370
Worry: Unwanted cognitive activity that controls unwanted somatic experience, 33380

Self Defeating Behavior—Serials

defense mechanisms & repression types, adults with self defeating personality disorder vs other personality disturbances, 25882
empirical basis for self defeating behavior disorder diagnostic criteria & category, 17872
interrelationship between original & revised Millon Clinical Multiaxial Inventory & value of aggressive & self defeating personality scales, Vietnam veterans with combat related PTSD, 24124
presence of DSM-III-R sadistic & self defeating personality disorder criteria, rural mental health clinic outpatients, 17874
religiously oriented group counseling intervention, self defeating perfectionism, religiously devout college students, 26608
self defeating beliefs & attitudes & stressful life events, depression levels at beginning vs end of academic yr, college students, Australia, 1682
self defeating personality, ego strength & locus of control & coping strategies, college students, 5628
self defeating personality, pleasure from social & physical & individual activities & personal accomplishment, college students, 37532

Self Defeating Behavior—Chapters

Hyperbolic discounting, 28280
Psychotherapeutic approaches to masochism, 38440

Self Defense—Serials

victim's resistance & robber's weapon possession, likelihood of robbery completion & victim injury, 1979–85, 37989

Self Destructive Behavior [See Also Attempted Suicide, Head Banging, Self Inflicted Wounds, Self Mutilation, Suicide]—Serials

age of occurrence of childhood trauma, adults engaging in self destructive behavior, commentary, letter, 9951

anatomical explanation for self injurious aggressive stereotypic movements, profoundly retarded 29–44 yr olds, 18115
assessment of self injurious behavior, patients with developmental disabilities, 33925
behavioral techniques based on functional analysis, reduction of self injurious behavior, profoundly mentally handicapped male 17 yr old, 6585
beliefs & behavioral intentions about HIV testing, distress & thoughts of self destructive behavior following diagnosis of positive HIV status, 11–19 yr old runaways, 18283
bloodletting, females with bulimia nervosa, 45866
caloric intake & weight & self injurious behavior, male vs female 22–46 yr olds with profound or severe mental retardation, implications for endogenous opioid system, 6167
cessation of long term naltrexone, self injurious behavior, profoundly mentally retarded female 28 yr old, case report, 46431
childhood trauma & neglect, use of interpersonal relationships to mitigate behavior, adults engaging in self destructive behavior, commentary reply, letter, 9971
contingent shock intensity, severe self injurious behavior, blind profoundly mentally retarded female 24 yr old, 46308
contingent water mist treatment, cyclical self injurious slapping behavior, profoundly retarded 45 yr old female with possible rapid cycling bipolar disorder, 38474
deliberate self poisoning, Asian & Caucasian 12–15 yr olds admitted to hospital following overdose, England, 1843
dextromethorphan, self injurious behavior, 25 yr old male with organic mental disorder & severe mental retardation due to congenital rubella, case report, 2679
dialectical behavior therapy, female 18–45 yr olds with parasuicidal borderline personality disorder, commentary reply, letter, 26537
dialectical behavior therapy, female 18–45 yr olds with parasuicidal borderline personality disorder, commentary, letter, 26535
dimensionality & role of serotonergic dysfunction in suicidal behavior & self mutilation & trichotillomania, 9965
DRO & response interruption, stereotypic hand mouthing self injurious behavior, 3 yr old female with Rett syndrome, 46631
DRO schedule & compliance training, aggressive & self injurious & destructive behavior, autistic & moderately mentally retarded 31 yr old male, 2520
duration of self injurious behavior incident, social contact, 28 yr old male, case report, 9929
ego state therapy, self injurious behavior, 32 yr old female with borderline personality & 26 yr old female with multiple personality disorder, 38629
ethnographic study of genital piercing & branding & burning & cutting of other body parts, adults, US, 25528
fluoxetine & comparison to obsessive compulsive disorder, 29 & 26 yr old females with compulsive picking, 34584
fluoxetine with or without mechanical restraint, chronic depression & self injurious behavior, severely or profoundly mentally retarded patients, 46518
functional analysis & treatment, multiply controlled self injurious behavior, female & male profoundly mentally retarded 19 & 37 & 40 yr olds, 42298
functional assessment & nonaversive response interruption & reinforcement for task completion, head banging & other self injurious behavior, deaf blind 6 yr old male, 6586
functional communication training with vs without extinction or punishment, destructive behavior, inpatients with profound mental retardation & language skill deficits, 30359
high probability instructional sequence with vs without escape extinction, compliance & self injurious behavior, female 33 yr old with profound mental retardation, 30375
interaction of Rett syndrome features & operant conditioning, self injurious behavior, female 3.5 yr old, 26319
menstrual cycle phase & self injurious behavior, mentally retarded female 16–38 yr olds, 38042
naltrexone & Self-Injurious Behavior Inhibiting System, profoundly mentally retarded 28 yr old male with severe self injurious behavior, case report, 14722
nonaversive intervention & community resources, multiple outcomes in remediation of self injury, mildly mentally retarded 45 yr old male, case report, 3 yr study, reanalysis & commentary, 26577
nonaversive intervention & community resources, multiple outcomes in remediation of self injury, mildly mentally retarded 45 yr old male, case report, 3 yr study, reply to reanalysis & commentary, 26580
noncontingent vs differential reinforcement using social attention, reduction of self injurious behavior, female 32 & 40 & 42 yr olds with developmental disabilities, 30372
paradoxical response to sedative/hypnotics & self injurious & stereotypic behavior & EEG, developmentally delayed patients, 14726
pharmacological treatment, autistic male adults with extreme self injurious behavior, 30481
pharmacological treatment, self injurious behavior & aggression, patients with developmental disabilities, 34567
phenobarbital, exacerbation of self injurious behavior, profoundly mentally retarded male 35 yr old with tonic-clonic seizures, case report, 14713
prevalence & correlates of self injurious behavior, inmates vs psychiatric patients at maximum security forensic hospital, 41773
prevalence of behavioral control problems & multiple self damaging behaviors, 16–50 yr old alcoholic females, England, 17990
prevalence of nonfatal deliberate self harm on St. Valentine's vs Christmas Day, 17–78 yr olds, 1983–89, England, 45628
psychological & behavioral & physiological & neurochemical theories & compulsive behavior hypothesis of self injurious behavior, severely or profoundly mentally retarded, 45842
psychosocial adjustment & repeated self harm, 8–16 yr olds admitted for deliberate self poisoning, England, 14 mo to 7 yr followups, 21929
reinforcement & extinction components of DRO, self injurious behavior, female severely or profoundly mentally retarded 32 & 40 & 42 yr olds with or without Down's syndrome, 42294
response blocking procedure, reduction of self injurious hand mouthing, female 27 yr old with diffuse brain damage & 57 yr old with cerebral palsy, 30581
self neglect, female 35 & 38 yr olds without psychiatric disorders, commentary, letter, 29513
self neglect, female 35 & 38 yr olds without psychiatric disorders, 13643
sensory integrative approach to treatment, self injurious behavior, profoundly mentally retarded 41 yr old female, 34438
stimulus fading & extinction, self injurious escape behavior, male & female developmentally delayed 2 & 3 & 17 yr olds, 42295
tattoos, female 21–43 yr olds with borderline personality disorder & history of sexual abuse, England, letter, 25648
trends in suicidal behavior including self poisoning & self injury, 10–19 yr olds, 1976–89, England, 29779
whole blood 5-HT & platelet MAO activity & 5-HT2 receptor function, 22–56 yr olds with suicidal tendencies, 41697
wrist weights, reduction of sensory reinforced self injurious face slapping, developmentally disabled male 10 yr old, 5 mo followup, 42300

Self Destructive Behavior [See Also Attempted Suicide, Head Banging, Self Inflicted Wounds, Self Mutilation, Suicide] —Chapters

Effects of opioid receptor antagonists in the treatment of autism and self-injurious behavior, 38607
Psychotherapy with the self-destructive borderline patient, 38447
Self-wounding and personality disorder, 41526
Suicidality and the sequelae of childhood victimization, 25960
A transdisciplinary approach to self-injurious behavior, 41815

Self Directed Learning [See Individualized Instruction]

Self Disclosure—Serials
admission of & intention to change alcohol drinking problem, college students at risk for alcoholism, 18016
caretaker acceptance of possibility of sexual abuse, disclosure of abuse, 3 yr olds to premenarcheal children diagnosed with sexually transmitted disease, 17926
celebrity disclosure of HIV infection, AIDS related public attitudes, adult males, 30113
covert processes & self disclosure & interpretation techniques in brief individual therapy, 14501
cynical hostility, BP & heart rate reactivity during self disclosure, male college students, 36659
dilemmas imposed by disclosure & nondisclosure of own life threatening illness to patients & colleagues, therapists, 47102
direct path models of self disclosure by therapist & clients' willingness to disclose, college students, 14507
disclosure of HIV antibody status to main sex partner & impact on relationship, homosexual male 28–41 yr olds, 22292
effectiveness & interpersonal consequences of group modification of empathic & self disclosure verbalization, female college students, 9530
emotional self disclosure & esteem & relationship satisfaction, male vs female college students in dating relationships, 19575
emotionally focused couples therapy, in-session conflict interaction & intimate self disclosure, couples, 26591
goals in counseling vs hiring interview condition, self disclosure, college students, Japan, erratum, 9547
information about limits to therapeutic confidentiality, willingness to self disclose, clients, 42223
level of masculinity vs femininity, prediction of contextual variations in self disclosure to same sex stranger, male vs female college students, 9551
lifeline exercise, self disclosure & group cohesion & feedback, counselor trainees, 43063
loneliness, intimacy of disclosure in conversation with male vs female peer, male vs female 6th–7th graders, 9295
low vs medium vs high intimate self disclosures, reciprocity, male vs female kindergartners vs 2nd vs 4th vs 6th graders, Canada, 1115
M. Johnson's HIV disclosure, HIV counseling & testing at Denver Public Health Department, clients, letter, 22955
network therapy with videotaped disclosures, adult survivors of child abuse, 2467
patient & caregiver characteristics, disclosure & recognition of suicidality in consultation, suicide attempters & professional caregivers, 14461
problem severity & amount & flexibility of self disclosure, willingness to seek help from counselor vs others, college students, 26439
problems of self disclosure & stigma management, methadone maintenance clients, 19224
secure vs anxious ambivalent vs avoidant attachment style, trust & amount of & comfort with self disclosure, 17–52 yr olds, counseling implications, 21508
self disclosure of HIV infection to significant & less significant others, adult Hispanic males, 10293
self disclosure, socially anxious vs nonanxious female college students, application of motivational theory, 37517
sexual practices & self disclosure of HIV infection to partners, homosexual or bisexual lower income Hispanic & other seropositive males, 14238
therapist's self disclosure of bereavement, psychotherapeutic processes, 35–58 yr old clients, 38426
trait anxiety & psychological distress, disclosure in speech about anxious vs happy topic, college students, test of fever model, 13546
victim self disclosure vs expressions of fear evoking empathy, aggression as expressed with electric shocks, female college students, Japan, 41222

Self Disclosure—Chapters
Between truth and trust: Elements of direct address, 6554
Dyad gender structure, uncertainty reduction, and self-disclosure during initial interaction, 29368
Implications of self-disclosure on conversational logics, perceived communication competence, and social attraction: A comparison of Japanese and American cultures, 33253
The question of therapist self-disclosure in the treatment of a married gay man, 26519
Secrets in clinical work: A relational point of view, 26715
Stereotyping and affect in discourse: Interpreting the meaning of elderly, painful self-diclosure, 33288
Women's secrets—Women's silences, 26631

Self Efficacy—Serials
age, self rated ability, 27–86 yr old monozygotic & dizygotic twins, 25232
attachment to pets & empathy & self efficacy, kindergartners & 2nd & 5th graders, 9276
attitude toward mathematics & self efficacy & causal attribution & personality traits, 12–15.2 yr olds, Japan, 9297
attitudes toward health counseling & perceived barriers to prevention & efficacy in affecting client behavior, 34–62 yr old general practitioners & nurses, Sweden, 26983
attributional correlates of cessation self efficacy, smokers, 46921
belief in efficacy of group vs personal prevention of nuclear war, 9–18 yr olds, New Zealand, reprint, 1107
career decision making self efficacy, career decision making attitudes & skills, college students, 27627
career self efficacy, female college students with traditional vs nontraditional vs undecided occupational preferences, 35521
career self efficacy, occupational stresses of role overload vs insufficiency vs responsibility & vocational vs interpersonal vs psychological vs physical strain, female office workers, Japan, 7652
causal attributions & self efficacy cognitions & coping & burnout, teachers, 31216
collective efficacy, group performance on muscular endurance task, male vs female high school students, 13044
depression & self esteem & efficacy & work limitation & pain, 15–66 yr old injured workers, 30071
development & reliability & validity of cardiac diet vs exercise self efficacy instruments, 22–79 yr old cardiac rehabilitation participants vs marathon runners, 16035
development & validity of Occupational Self-Efficacy Index, middle aged & elderly, 16067
direct instruction vs self regulated strategy development with vs without goal setting, competition skills & self efficacy, learning disabled 5th–6th graders, 3568
downward comparison of coping efficacy with same sex others, infertile 23–41 yr old husbands vs wives, 22249
efficacy oriented counseling, career decision making self efficacy expectations, 3623

relaxation vs self instruction vs stress management cognitive behavior therapy approaches, anger management, physicians, 14555
reliability & item clarity of Self Management Inventory, 55–74 yr old patients with 2 or more chronic health problems awaiting hospital discharge, 20084
reliability & stability & validity of computer aided Self-Regulation Test for Children, 5–12 yr olds, Germany, longitudinal study, 31825
respiratory vs amplitude biofeedback with vs without respiratory instructions, respiratory sinus arrhythmia amplitude self regulation, 18–26 yr olds, 20766
school based self management skills program, transfer to home environment, moderately to severely mentally retarded 15–18 yr olds, 10539
school based Think First curriculum, management of anger & aggression & disruptive & antisocial behavior, urban at risk middle school students, followup, 11403
self efficacy vs social support, self management, 17–66 yr olds with epilepsy, 14813
self esteem & ego threat, self regulation & achievement, male 18–28 yr olds, 21528
self management & regulation education, psychosocial & physical functioning, 60–93 yr olds with heart disease, 6980
self management program, self perception, asthmatic 8–13 yr olds, Spain, 6 & 12 mo followups, 26862
self management skills, math achievement, behavior disordered 11–13 yr old middle school students, 27582

self management training including self instruction, acquisition & maintenance & generalization of behavior change skills, mentally retarded, 46299
self management with vs without progressive relaxation techniques, symptom severity, asthmatic children, Spain, 42575
self management with vs without relaxation vs pharmacological treatment, 8–13 yr olds with bronchial asthma with vs without high trait anxiety vs emotionally triggered attacks, 6 vs 12 mo followups, 30588
self regulation of slow cortical EPs, adult male depressed patients, 6591
self regulation training & assessment approaches for vaso-occlusive pain management, 9 yr old female with sickle cell anemia, 18850
self regulatory treatment program, high medication consumption, adult headache patients, 6863
self scheduling & training, self directed leisure activities, 31–57 yr olds with moderate intellectual disabilities living in supported community, 3040
self talk & mental imagery in thought, self leadership & performance, employees, 19710
social support & self care & esteem, over 40 yr olds assessed 1–2 yrs after myocardial infarction, 14260
socialization of behavioral self regulation through & compliance with everyday rules, toddlers & preschoolers & their mothers, 32954
standard coaching with public vs private self regulation, beam skill practice performance, 10–13 yr old competitive gymnasts, 35625
stimulus control procedure based on self management, 35 yr old female with bulimia nervosa following weight reduction surgery, Canada, case report, 38479
symptom self monitoring for enhancement of self care, schizophrenic patients, 21803
techniques for facilitation of sense of control & coping with pain, terminally ill patients & their families, 22885
verbal self regulation & mode of comparison rule presentation, listening skills, kindergartners vs 1st graders, 25154
walking education program, functional capacity & symptom management self efficacy, patients with osteoarthritis, 34768

Vigilant and avoidant coping in two patient samples, 34766

Self Medication—Serials

age, diets & self care & medication methods, Black diabetic 26–77 yr olds, 6948
alcohol use & self medication & related factors, male vs female patients with panic disorder & agoraphobia, 33672
cognitive status & self medication, medication knowledge & postdischarge compliance, 45–88 yr old medical patients, followup study, evaluation of pilot project, 14811
development of self medication administration program, therapy compliance, geriatric outpatients, 30628
health attitudes & use of nonprescription medications & home remedies & sources of self treatment information, 60 yr olds & older, 34821
hospital vs community oriented approach to herbal medicine promotion, appropriate use of self medication, rural families, Thailand, 34833
incidence & nature of unregulated self medication & drugs used, ambulatory surgery patients, 29830
medical consultation, nonprescription purchasing decisions, medical patients, 27013
medicalization of personal & social life problems & subjectivity in defining disease & promotion & advertising of self medication, 2841
medication advertising & promotion for self health care, 2845
patient controlled alfentanil, pain control, 20–90 yr olds undergoing shock wave lithotripsy of gall bladder stones, UK, commentary & reply, 34719
patient controlled analgesia, management of vasoocclusive pain, 9–22 yr olds with sickle hemoglobinopathies, 30668
patient controlled vs nurse administered im opioid analgesia, dosage consumed & postsurgical pain experience & length of hospital stay, 31–74 yr old patients, England, 42623
self care practices of nonprescribed treatment & lay consultation usage, Mexican & Puerto Rican adults, 38365
self injected im ketorolac tromethamine, patients with episodic migraine with or without aura, 22946
sickness, Western vs Chinese medicine vs faith healing vs self treatment, urban housewives, Japan, 18835

Self Monitoring—Serials

ambulatory self monitoring diary study of mental stress & physical activity triggers of silent vs symptomatic myocardial ischemia, patients with coronary artery disease, 42020
auditory feedback with vs without masking white noise, detection of self produced speech errors, stutterers, test of auditory feedback defect theories, 14134
educational program for self regulation of health behavior, psychosocial functioning & emotional behavior & alertness & symptoms, elderly with heart disease, 10884
explicit instruction in note taking with vs without self questioning, quality of notes & lecture content summarization, college students, 35325
instructions to monitor sensations vs emotions in cold pressor task, unpleasantness ratings & temperature estimates, college students, implications for parallel processing model of pain perception, 43936
intensive warmup & music as positive reinforcement during training, self pacing rates of pedaling exercycles & heart rate, mildly mentally retarded 12–19 yr olds, 34988
learning vs performance goal orientation & perceived ability, intrinsic & extrinsic valuing & persistence & self regulatory activities, college statistics students, replication, 23564
Marital Interaction Diary & self monitoring of behavioral ecology of stressful interactions, 21–65 yr old maritally distressed vs nondistressed couples, Australia, 17312
negative feedback, positive self monitoring & imagery & expectancy enhancement as criticism inoculation, basketball performance & coach evaluations, males, replication, 19766
paradox of self observation & analogies from quantum physics in current psychiatric theory, 2393
personal relevance & self monitoring, emotional reactions & behavioral intentions, consumers, 3773
process of motivation regulation for performance of necessary but uninteresting activities, college students, 1474
psychotherapeutic self regulatory technique to alter emotional & cognitive & volitional states & evoke natural neurochemicals, depression & anxiety & pain & substance abuse, substance abusing clients, 31017
role of self regulation techniques in training & use of cognitive strategies in sport participation, athletes, 39526
self modeling, aggression & noncompliance, 3–5 yr old male preschoolers with oppositional defiant disorder, 5–6 wk followup, 31375
self monitoring & corrective verbal feedback & contingent verbal praise, body rocking, congenitally blind male 23 yr old, 38469
self monitoring, articulation carryover, 7.7–10.9 yr olds with articulation disorders, 31047
self monitoring for behavior management in classroom settings, special education students, 1980–91, literature review, 31415
self monitoring, on task behavior during independent readiness tasks & maintenance without prompts, disabled vs nondisabled 4.4–6.7 yr olds with attentional difficulties & developmental delays, 19584

self monitoring program, frequency of negative statements, male mildly mentally retarded 12 yr old middle school student, 35451
self monitoring vs automated activity level measurement, patients with chronic back pain, 10262
self recording, off task behavior in special education classroom, male 15 yr old with attention deficit disorder & hyperactivity, 31411
self vs teacher monitoring during prereferral intervention, classroom behavior, nonhandicapped 5th & 6th graders at risk for special education & their teachers, 39328
systems perspective on self regulation, 41301

Tuning in and tuning out: Confronting the effects of confrontation, 33373
Self Mutilation—Serials
attempted suicide or self mutilation, 13–89 yr old Filipino immigrant vs indigenous Chinese patients, Hong Kong, 6027
clincial correlates of self mutilation, psychiatric inpatients, 41683
clinical management & psychodynamics of gender dysphoria, reference to genital mutilation in DSM-IV, 4–5 yr old males, case reports, 46213
clomipramine, development of self abusive behavior, 11.5 yr old male with Tourette's syndrome & obsessive compulsive disorder & attention deficit hyperactivity disorder, letter, 22702
dimensionality & role of serotonergic dysfunction in suicidal behavior & self mutilation & trichotillomania, 9965
D1 dopamine antagonists, L-DOPA induced self mutilatory behavior, neonatal male rats with 6-OHDA lesions, 8886
magnesium sulphate, autotomic behavior, peripherally deafferentiated male rats, implications for neuropathic pain control, 44615
major vs stereotypic vs superficial/moderate self mutilation & diagnostic criteria for repetitive self mutilation syndrome, 29771
psychiatric referral for self mutilation, rural 12–20 yr olds, Scotland, 41694
psychoanalytic perspective on development of body & self images & issues in eating disorders & delicate self mutilation, females, research review, 29491
self inflicted burns, psychiatric profile, suicide attempters vs self mutilators, Wales, 17949
self inflicted penile amputation as suicide attempt, male 25 & 28 & 32 yr olds, China, letter, 21968
self mutilating tooth autoextraction, 22 yr old male with Gilles de la Tourette syndrome, England, case report, 42049
self mutilation of analgesic digits, female 1 yr old with brachial plexus injury sustained at birth, comparison to animal models of deafferentation pain, 10401
6-OHDA & 5,6-DHT after transection of sciatic & saphenous nerves, autotomy & cervicothoracic & lumbosacral norepinephrine & dopamine & 5-HT levels, male rats, 20525
Self Mutilation—Chapters
"I Never Promised You a Rose Garden": Compulsive self-mutilation, 29825
Self Observation [See Self Monitoring]
Self Perception—Serials
acceptance & understanding of pain vs focus on solution in therapy, family therapy clients, 38491
accuracy of mother's vs teacher's vs peers' vs self predictions of performance on cognitive tasks, actual cognitive performance, 2nd vs 5th graders & their mothers & teachers & peers, 9176
accuracy of self vs observer's vs judge's prediction of recognition performance on general information recall questions, college students, 40165
achievement level, self perception & evaluation, 11–18 yr old students, England, application of academic achievement measures, 7468
age & health dimensions, global health perceptions, over 50 yr olds, 37478
age & self vs other referent & subjective probability of accident or apprehension, speeding & drunk driving behavior, male 17–72 yr old drivers, 47544
age & sex, self perception of competence & task values, 7–10 yr olds, 40901
age, personality & self knowledge & creativity, 20–87 yr old painters & poets & writers & film directors, 37527
assessment & nature of insight, 18–65 yr olds with mixed psychoses, England, application to patients in Singapore, commentary, letter, 41609
assessment & nature of insight, 18–65 yr olds with mixed psychoses, England, 17793
autobiographical narrative, self transcendence in midlife crisis, 40887
autobiographical remembering & self composition & personal constructs, 25532
awareness & monitoring & cognition in anosognosia, awareness of deficit after brain injury, commentary, 34175
basic speech communication course, perceived communication competence in class vs work vs social context, college students, 47169
behavioral exemplars vs abstract trait knowledge, trait judgments about self & others, college students, 9580

Benadryl vs Hismanal, cognitive information processing & detection of own performance decrements, male college students, 44710
birth order, self affect relation of differential self guide strength & emotional vulnerability, college students, 5621
body & self consciousness, attitudes toward clothing practices, females, 29288
body composition assessment in physical education classes, self consciousness & motivation to exercise, college students, 11522
brief individual dream interpretation, self understanding & symptomatology & self esteem, 18–32 yr olds, 18683
causal beliefs in mathematics achievement, Japanese high school students, Japan vs US, 43258
changes in attitudes & personal characteristics & self perceptions, college students, 2 yr study, 3503
changes in social desirability of conservative self labeling & attitudes, young adults, 13489
childhood & early adolescent social experiences, appearance anxiety, 18–24 yr old females, Canada, 5188
child's perceived academic competence, parent & child behaviors during solvable vs unsolvable tasks, high achieving male vs female 3rd graders & their parents, 13154
child's sex & mother's gender stereotypic beliefs, perception of child's math & sports & social abilities, mothers & their 11–12 yr olds, 12994
chronic self focused attention, stress reactions & risk for affective & cognitive dysfunction, college students, 1603
chronological vs perceived physical age & health status, Black 65–91 yr olds, 21298
clothing importance & self perception, female 13–19 yr olds with vs without scoliosis, 34045
cognitive therapy, depressive symptoms & self schemata, mildly to moderately depressed college students, 42281
comprehension of relationship between visual perception & knowledge formation in self vs others, 3 vs 4 yr olds, comparison with research on chimpanzees & rhesus monkeys, 5122
computer vs person mediated feedback, performance & motivation & feedback seeking & enjoyment & self esteem & public or private self consciousness, college students, 20343
conceptual models of recovery experiences & development of identity & serenity in homophobic society, alcoholic lesbian females, health care implications, 33834
concordance of parent's vs self perception of temperament, female adolescents with anorexia nervosa vs bulimia vs major depression, 41415
congruence of self vs campus leaders' perceptions of president's leadership, college & university presidents & other campus administrators, 3294
control related beliefs of perceived competence & contingency & depressive symptoms, 8–12 yr olds, 45476
coping resources & strategies & optimism & perceived control, anxiety & physical symptoms & cognitive functioning during Iraqi SCUD missile attacks, adults, 1991, Israel, 21562
course of insight disorder & underreporting of behavioral impairment & emotional dysfunction, 15–65 yr olds with closed head injury assessed 6 mo vs 1 vs 2–3 yrs postinjury, New Zealand, 46055
cultural phenomenological perspective on continuity & change in physical self evaluation & self care, 50–59 vs 70–79 yr olds, 25303
demographic & attitudinal predictors, self labeling as feminist, college students & 30–34 yr old females, 21403
denial of deviant sexual behavior & minimization or exaggeration of problems & social desirability & personality factors, adult male alleged sex offenders, 29915
development & reliability & validity of Patient's Experience of Hospitalization self report scale, assessment of acknowledgment vs denial of own illness, 18–51 yr old psychiatric patients, 71
development & reliability & validity of Reinvestment Scale, assessment of controlled processing & prediction of performance breakdown under pressure, college students, England, 35859
development & validity of modified role identity measurement technique, assessment of self in role, adult blood donors, 24071
differentiation of negative emotion structure in self & other perception, severity of symptomatology, patients with unipolar major depression, 13717
discrepancies in self report vs interpersonal perception of mood & life events & stress, relapse, remitted depressed patients, 1693
discrepancy between actual vs ideal vs own vs social self concept, social anxiety & depression, 20–31 yr olds, 17567
discursive personal narratives on experience & practice of freedom, 17 & 67 yr olds, 13499
disposition toward seeking power, self perceptions of power in organizational settings, 21–33 yr olds, 15652
effectiveness of US imported vs indigenous constructs in measurement of personality perception in Chinese context, bilingual 12th graders, Hong Kong, 43737
employment status, perceived self, married 22–40 yr old females, India, 29398
enterprise training, patterns of self construal as entrepreneurs, trainees, 7573
ethnography of self perception & sexual liaisons & sexual culture, 28 yr old male homosexual, China, 21434
evaluative orientation vs cognitive self description, determinant of ingroup formation & preference, male Moroccan vs Surinamese vs Turkish 13–17 yr olds, Norway, 9588
exercise training regularity, perceived body self consciousness, female 19–25 yr olds, 29458
expectations of vs willingness to pursue pleasant activities vs perceived insight to own problems as basis for self perpetuated ruminative responses to depressed mood, dysphoric college students, 45454
exposure to self referential stimuli, change in natural killer cell activity, anxious vs dysphoric adults, test of self discrepancy theory, 37668
factor structure & internal consistency of Social Interaction Self-statement Test, assessment of social anxiety & psychological distress, college students, 24089
factor structure & reliability & validity of Physical Self Perception Profile, college & postgraduate students, England, comparison to US data, 39782
factor structure of Love Attitudes & Self Conciousness & Self Monitoring Scales & relationship between love styles & self concept, college students, Portugal, 39781
failure vs neutral feedback on problem solving performance & induced self awareness, disinhibited eating, dieting vs nondieting female college students, 33302
false consensus, attribution of lexical categories of interpersonal qualities to self vs familiar vs unfamiliar others, 16–17 yr olds, 41261
family history & other major risk factors for coronary heart disease, self perceived risk, rural 35–74 yr old primary care patients, intervention implications, 26261
favorable vs unfavorable feedback & expectations of interaction with informed vs uninformed audience, self deception & performance attribution, college students, 41263
favorite color & self description, female college students, 1447
group cognitive behavioral treatment, self blame & guilt, mothers of moderately to profoundly mentally retarded children, 38509
happy thoughts & music, rating of self vs others on personality characteristics, college students, Canada, 13525
health & social characteristics & self perception, elderly 1989 National Senior Olympics participants, 5263
health concerns & history & self focused attention & negative mood, college students vs medical outpatients, 26214
holistic attitudes toward self & own high school experience, 20–45 yr old teacher education students, 7371
illusions of control & optimism in self evaluation, 10–19 vs 20–39 vs 40–59 vs 60 yr olds & older, Ireland, 9575
incidence & antecedents & correlates of self blame, 6–12 yr olds with divorcing parents, 18 mo study, 40913
incongruent self esteem & self worth perceptions, interest in acquisition of personality self knowledge, college students, 41342

individual temperament & self perception, 3rd vs 5th graders, 7490
induced mood, self evaluation, college students with low vs high self esteem, 25535
insight & clinical history & self monitoring of symptoms & intelligence & brain morphology, chronic schizophrenic patients, 21836
instruction in concepts of control theory psychology, readiness for self directed learning, college students, 23478
integrative psychotherapy, experience of self, clients with anxiety disorders, 10516
interaction videodisc instructional modules & goal orientations & self perceptions, learning outcomes, high school precalculus & trigonometry students, 39214
internal vs external imagery vs simple rest & exercise, heart rate & BP & perceived exertion, college students, 28656
introspective activity, self perception & insight & interpersonal choices, college students, 21474
Kantian philosophical & practical issues in consciousness & self consciousness & episodic vs other types of memory, implications for amnesia, 28813
leisure time physical activity, self perceived fitness, college students, England, 47466
links between appraisals & feedback given & received, appraisal of musical ability, bar band musicians, US & Canada, 29380
masculinity & femininity & locus of control & self esteem & acceptance, male scientists vs other professionals vs college students vs mental health clients vs perpetrators of domestic violence, 45250
measurement of self perceived age & relation to demographic vs nondemographic antecedent vs consequential variables, 60–70 yr old females, 5286
member status & subsequent leadership role, ratings of within group behavior for self acceptance & acceptance of others, small group members, 41216
meta accuracy in knowledge of how others see self, adults, application of social relations models, 41255
mirror self recognition & other awareness, synchronic imitation, 19 mo olds, Germany, 17006
mixed self valence, mildly vs severely depressed patients, test of N. A. Kuiper & L. J. Olinger's self worth contingency model of depression, 29620
models of self & others, perceived social support & attachment to family & friends, 18–25 yr olds, 32938
mother's employment status, self & family perception & school achievement, 10–12 yr olds & their low income single mothers, 12979
object relations & self representation & shame & self esteem & psychopathology, adult children of alcoholics vs other dysfunctional families, 41402
own vs parental perceptions of social skills, 6th–11th grade leaders, 1059
P. Lecky's theory of self consistency & contributions to cognitive therapy, 19311
parental vs own perceptions of competence & goal directed behavior, 6–12 yr olds with spina bifida & their parents, 45912
parental vs self reported problem behaviors, 11–19 yr olds, Netherlands, 5235
parental vs teacher vs peer support, self perceptions of competence, 3rd–6th graders, Korea, 39313
participation in traditional vs Unified Special Olympics, self worth & self perceived social skills & physical ability, male mildly mentally retarded 18–40 yr olds, 22132
peer vs self perceptions of competence in social & nonsocial domains, aggressive unpopular vs withdrawn vs aggressive withdrawn unpopular 4th–5th graders, Canada, 40916
perceived alcohol intoxication & blood alcohol concentration & psychomotor skills, 21–40 yr olds, 12849
perceived attainment & optimism, mathematics achievement & academic motivation, 9th graders, Japan, 11473
perceived attainment & optimism, mathematics achievement & academic motivation, 9th graders, Japan, erratum, 27500
perceived behavioral control, exercise intentions & behavior, adults vs 18–40 yr old pregnant females, analysis of I. Ajzen's theory of planned behavior, 23806
perceived competence of imaginary friends vs self, male vs female 2.9–6 yr olds, 9152
perceived control & selection & effectiveness of coping strategies, 62–94 yr old nursing home residents, 11040
perceived effort & ability of self & others & importance of individual contributions & group success, free riding & social loafing on group task, college students, 37419
perceived impression management costs, public feedback seeking & impression formation, college students, 17489
perceived level of femininity, primiparous mothers who chose breast vs bottle feeding, 41113
perceived parenting stress in mother child relationship & perceptions of self & child, mothers of 24–28 mo olds with vs without history of recurrent otitis media, 6 mo follow-up, 10214
perceived personal susceptibility to HIV/AIDS infection & injecting risk behavior, iv drug users, Australia, 1907
perceived severity of common cold symptoms, adult male vs female volunteers vs medically trained O, England, 18219
perceived teacher & family support & academic achievement & extracurricular activities & study habits & curriculum & school climate & satisfaction, graduating high school students vs dropouts, Canada, 15481
perceived uniqueness, adults with culturally stigmatized vs valued conspicuous vs concealable conditions, 33321
perceived vs actual motor competence, male vs female 9 vs 10 vs 11 yr olds, 44895
perception of patients' awareness vs denial of illness status & coping strategies & emotional symptoms, 60–74 yr old spouse caregivers of Alzheimer's disease patients, 22344
perception of self in sociology of schizophrenia, 1718
perception of significant other's problem solving style, self perceived effective vs ineffective problem solving, college students, counseling implications, 33268
perceptions of competence & control & coping strategies, learning disabled vs physically impaired 2nd–6th graders, 43319
perceptions of core procedural skills in family practice & training during residency & supervision, perceived competency in performing core procedures, family physicians & residents & faculty, 11310
perceptions of own & infant's behavior during interaction, depressed low SES Black mothers, 29605
perceptions of own & others risk for & knowledge of AIDS & preventive behavior, sexually active college students, 34101
perceptions of own writing competence & expectations of academic writing, elementary education preservice teachers, Canada, 7374
perceptions of self & body, 15–19 yr old pregnant females, 37166
perceptions of social competence & family dynamics, 12–19 yr old participants in school or independent sports, 37099
personal construct theory of athlete's self & performance profiles, 3754
personality & richness of self depiction & interpersonal connectedness of self in autophotographic self perception, college students, 37490
perspectives on self perception & ongoing supervision, psychiatric residential treatment center staff, 43037
pluralistic ignorance & misperception of social norm & own & estimated peer attitudes toward alcohol use, college students, 21454
positive vs negative adjectives used in self perceptions, depressed patients, 1657
positive vs negative self referent vs other thoughts during weighing vs eating vs mirror tasks, patients with anorexia nervosa vs bulimia vs normal vs symptomatic dieters, 2065
potential contributions of internal working models & social cognition theory to anticipatory guidance of parental tasks & behavior, parents & their infants, 34471
present vs future time frame, self applicability ratings for positive vs negative affect, college students, 29460
priming of self knowledge, asymmetry effect in judgments of similarity of self to others, 11th graders & college students, US & Poland, 5554
private & public self consciousness, clothing purchase criteria, female college students, Korea vs US, 43539

promotion of insight in sexual abuse treatment program, psychological growth & prevention of recidivism, incestuous fathers, 19294
psychological well being & life satisfaction & physician vs self ratings of health, 65–87 yr olds, 5267
psychometric properties of sex typing in behavioral & self perception domains, 1st vs 2nd born female vs male 8–14 yr olds, 39762
range of relevance of personal anticipations & judgments of self & others in & logical structure of personal construct systems, 9665
recognition & changing nature of Riel phenomenon of self misidentification & other symptoms, patients with Capgras or other delusional misidentification syndromes, 13800
relationship between self analysis & fiction writing in P. Roth's novels, 4986
reliability & internal validity of cognitive age measures in marketing & consumer research, 56–87 yr olds, 39903
reliability of P. R. Clance's vs J. C. Harvey's Impostor Phenomenon Scales, assessment of internal experience of intellectual phoniness, outpatients vs college students, 24123
religious involvement & self esteem & personal mastery dimensions of self perception, mental health & coping with stress, Blacks, 45062
repeated hyperbaric air with nitrous oxide, perception of & adaptation to narcosis & symptoms & RT, 24–35 yr olds, implications for divers, 4809
representations of baby & self as mother, 20–35 yr old females assessed in 7th mo of pregnancy vs 5th day vs 4th mo postpartum, 37332
retrieval of specific vs summary behavioral memories, trait judgments about self, college students, 41305
role of psychic representation of vagina in perception of mental defectiveness, females, 33428
self & other perception, depressed patients, 25768
self affirmation & interpersonal vulnerability & psychotherapy guidelines, clients with narcissistic psychopathology, 6508
self ascribed epistemic authority, experiential vs instructional learning, female college students, 29417
self awareness & consciousness & awareness of deficit after brain damage, commentary, 34178
self consciousness & dietary restraint & binge eating & weight fluctuation, male vs female college students, 2075
self critical vs dependent personality dimensions, patients with major depression vs panic disorder with agoraphobia, Canada, test of diagnostic specificity of self criticism & depression, 17678
self deception & views of reality, public figures & mentally ill, 25739
self envy interpretation in borderline structures & projective identifications during psychoanalysis, adult females, 26676
self esteem & feedback about ingroup vs outgroup performance, self & group evaluation, female college students, 5563
self focused attention as self understanding attempt vs awareness of thoughts & feelings, dysphoric 16–50 yr olds, Canada, 41536
self identified health concerns, homeless residents of single room occupancy hotels vs 21–60 yr old transients, implications for health care services, commentaries & reply included, 9374
self management program, self perception, asthmatic 8–13 yr olds, Spain, 6 & 12 mo followups, 26862
self monitoring & private self consciousness, J. L. Holland's vocational personality type, employed college graduates, 31457
self objectification & sociolinguistic alienation, elite competitive bodybuilders, 6 yr study, 15712
self perceived abilities & role of self reference in knowledge & use of imagery in mnemonic activity, high vs low imaging college students, Canada, 20265
self perceived problem solving ability, stress & coping processes, college students, 1462
self perceived social & personal needs & concerns, male vs female Protestant vs Catholic 15–18 yr olds, Northern Ireland, implications for guidance personnel, 13112
self perceived unpopularity, academic & emotional & behavior problems, preschoolers & 3rd graders, 40897
self perceived vs objective fitness & health & leisure activity & other fitness related factors, 18–64 yr olds, England, 3765
self perception & identity & peer relations, middle vs high school students labeled as nerds, 31348
self perception & perceived accuracy of trait description, college students, 13548
self perception of academic abilities & performance, school withdrawal, college students, 4 yr study, 35403
self perception, visually impaired 12–19 yr olds, 6425
self perceptions & perceptions of lesbian stereotypes, heterosexual vs lesbian college students, 9495
self perceptions of interpersonal & sexual functioning, adult females with major depression or bipolar disorder, 37710
self perceptions of scholastic competence & social acceptance & peer relations, male 5th graders with vs without learning disabilities in integrated setting, 2 yr followup, 43306
self rated inhibited anger, somatization & depression, adult family practice patients, 2143
self rated tendency to blush & self consciousness & embarassability, 17–60 yr olds, 21532
self reference task prior to viewing erotic videotapes, self schema activation & word recognition & sexual arousal during viewing, 18–35 yr olds, 33194
self vs audience perceptions of public speaking performance, adults with social phobia, 13840
self vs social perception of conversational language performance, 18–40 vs 61–88 yr olds, 5212
self vs therapist rated narcissistic needs & perceptions of interpersonal behavior, therapy group clients with Axis I or II diagnoses, 5719
severity of cognitive decline, self recognition in mirror & on video, 63–96 yr olds with dementia of Alzheimer's type, 18349
severity of disorder & perceived attitudes & social support & disability, 21–89 yr olds with tinnitus, 2348
sex & dream recall rates & lucidity training, self reflectiveness in textual information units of dream reports, college students, 36279
sex & perceived coaches' behaviors, perceptions of ability & motivation, 10–11 vs 12–14 vs 15–18 yr old swimmers, 9226
sex & self esteem & SES & vocational cognitive complexity, occupational attitudes & perceived abilities, 7th & 8th graders, 945
sex & sex role orientation & perceived social inadequacy, conversational activity & interruptions, college students in mixed sex groups, 9531
sex, importance of reflected appraisals vs self perceived competence vs social comparison as sources of self esteem, college students, 9633
sex, self confidence in persuasive & comforting & justificatory interpersonal communication, college students, 45177
sex, self perception, 8–12 yr olds with behavioral or emotional disturbances, 1544
similarity of self & others' perceptions of academic competence & achievement, middle school students, 47228
social class & urban vs rural community & teacher rated intellectual & social competence, self understanding, 12 yr olds, Iceland, 5182
social comparison in beliefs about own vs other's adult development, 21–35 vs 40–55 vs 60–80 yr olds, Germany, 32957
social distress & avoidance & performance expectancies & self vs partner vs O ratings of social competency, nondepressed vs dysphoric college students vs clients, 21752
social identity & self presentation in face to face vs written interview vs private questionnaire, self beliefs, college students, 21477
social interaction process, self concept & interpersonal behavior ratings of other vs reflected vs self appraisal, 20–59 yr olds in human relations training groups, 41253
stress resiliency, self views of personal qualities & expressive motor behavior styles, urban 10–12 yr olds vs their parents, 28997

subordinate's perceived knowledge of performance appraisal system, agreement between self & supervisor ratings, banking employees, 23727
symptomatology & cognitive vulnerability to depression, depressive information processing & self referent recall & personal hypothesis testing, college students, 41554
teacher expectation & self efficacy & attribution, self perceptions of dance competence, female college students & teacher in beginning jazz & modern dance class, 35394
techniques for promotion of reflection on own teaching practice & cognitive change, student teachers, Netherlands, 7376
therapeutic circumstances of feelings of competence vs incompetence during psychoanalysis, psychoanalysts, Sweden, 19399
trait self descriptiveness judgments, college students, test of trait summary & encoding specificity paradigms, 17554
voluntary adjustment & reflection & image of functional state in psychophysiological self regulation in extreme conditions, adults, translated article, 32539
3 vs 4 factor structure of & item variability in Self Consciousness Scale, introductory psychology students, 15914

The selfobject function of projective identification, 22660
A spectrum of psychoanalytic self theories, 45318
Subjectivity and self psychology: A personal odyssey, 17626
True selves, false selves, and the ambiguity of authenticity, 25626
Trust disturbance and the sexual revictimization of incest survivors: A self-psychological perspective, 17972
The two analyses of Dr. L: A self-psychological perspective on Freud's treatment of the Rat Man, 33453
The unmirrored self, compensatory structure, and cure: The exemplary case of Anna O, 33464

Self Realization [See Self Actualization]

Self Referral—Serials

family characteristics & self selection recruitment efficacy in school based prevention program, 4th–6th grade children of alcoholics & their parents, 27611
self selection for pain treatment, magnitude of regression to mean, patients with temporomandibular disorder, 12102

Self Reinforcement—Serials

alprazolam, cocaine self administration vs food maintained responding, male rats, 36774
apomorphine dosage, lateral hypothalamus electrical self stimulation & reward, male rats, 24881
buspirone vs gepirone, iv cocaine self administration, male rhesus monkeys, implications for treatment of cocaine abuse, 12785
caffeine dosage, self administration & reinforcement & withdrawal, 26–51 yr old moderate coffee drinkers, conference presentation, 4825
dorsomedial hypothalamic lesions, reward effectiveness of caudal medial forebrain bundle electrical self stimulation, male rats, 12557
D1/D2 dopamine agonist SDZ-205,152, oral ethanol self administration, male rats, 32688
ethanol concentration & FR response requirement, ethanol self administration in continuous access situation, rats from alcohol preferring P line, 40566
ethanol self administration in continuous access situation, water deprived male alcohol nonpreferring rats, 32616
etonitazine self administration & reinforcement, Lewis vs Fischer 344 male rats, implications for genetic differences in opioid reinforcement of operant behavior, 4934
fluphenazine vs 2-amino-5-phosphopentanoic acid in nucleus accumbens, oral ethanol self administration & reinforcement, male rats, 24970
food availability, cocaine vs food choice behavior, cocaine reinforced monkeys, implications for environmental determinants of drug choice, 28753
GABA antagonist isopropylbicyclophosphate vs benzodiazepine partial inverse agonist RO 15-4513 vs chlordiazepoxide, ethanol self administration, male rats, 40658
increasing response requirement on FR schedule, choice between iv cocaine vs food, rhesus monkeys, 12846
informational feedback & self beliefs, performance on self regulated task, college students, 402
L-tryptophan, breaking point under progressive ratio schedule of iv cocaine reinforcement, male rats, 32665
mapping of dorsal diencephalic substrate of brain electrical self stimulation reward, rats, 16592
methocarbamol, self injection & reinforcement & discriminative stimulus effect, male baboons, 4916
mu vs delta vs kappa opioid receptor antagonists beta funaltrexamine vs naloxonazine vs naltrindole vs nor-binaltorphimine, heroin self administration, male rats, 44694

multiple choice procedures, assessment of pentobarbital reinforcement, drug abusing 24–44 yr old males, 37938
nondrug alternative reinforcer & feeding conditions, acquisition of cocaine self administration, male rats, 36733
novel environment & physical stress, locomotor reactivity & nucleus accumbens dopamine, male rats predisposed or resistant to amphetamine self administration, animal model of drug addiction, 28547
oral self administration & physical dependence on diazepam vs triazolam vs ethanol, male baboons, implications for abuse liability of benzodiazepines, 12732
physical & general self esteem & self reinforcement & expectancy values in internally directed exercise behavior, college students, implications for health promotion, 37495
prior cocaine exposure, interaction of reinforcing & suppressant effects in conditioned taste aversion & self administration of cocaine, male monkeys, implications for abuse potential, 4803
prolonged high dosage cocaine, tolerance to reinforcing & self administration effects, male rats, 4785
self administered reinforcement efficacy of SKF 77434 & SKF 82958, male rats, erratum, 24981
self administered reinforcement efficacy of SKF 77434 & SKF 82958, male rats, 762
self generated rules, schedule controlled task performance, college students, 8364
self reinforcement levels, 22–60 yr old paranoid schizophrenic vs substance abuse patients vs bipolar patients in manic phase, 29510
self vs peer reinforcement, breast self examination, college students, 6990
SKF 38393, cocaine self administration, male squirrel monkeys, 24911

Self Reinforcement—Chapters

Determinants of cocaine self-administration by laboratory animals, 36350

Self Report—Serials

accuracy & precision of self reported weight & height, 15 yr olds vs their parents, Australia, 9109
accuracy of self reported weight in epidemiological vs treatment study data, meta analysis, 18129
affective & cognitive & instrument characteristics of self report measures, reliability of assessment of subjective well being & life satisfaction, college students, 27983
age, validity of self reported health data, chronically ill 18–97 yr olds, 1560
alcohol &/vs marihuana use, self reported problems, 15–45 yr olds, New Zealand, 10003
attributions for objective outcome & subjective appraisal of performance in sports, emotions, athletes, England, 13522
brief vs extended self report inventories, assessment of handedness, college students, 43691
clinical evaluation vs self reported experience sampling method, assessment of sadness & irritability & anhedonia, depressed adolescents, 42280
concordance between self report & clinical rating scales of depression during recovery, outpatients with major depression, Spain, 28018
concurrent validity of geriatric depression scale & Self-Rating Depression Scale, 64–90 yr old primary care patients, 35923
confirmatory factor analysis of mood data from self report scales, distinctiveness of anxiety & depression, adults & elderly, 45239
construction & reliability & validity of self report Internal State Scale, assessment of manic & depressive symptoms, patients with bipolar vs recurrent major depression, commentary reply, letter, 24106
construction & reliability & validity of self report Internal State Scale, assessment of manic & depressive symptoms, patients with bipolar vs recurrent major depression, commentary, letter, 24118
construction & reliability & validity of Family Emotional Involvement & Criticism Scale, self assessment of expressed emotion, over 40 yr olds treated at family medicine center, scale appended, 12025
convergent validity of self reports & arrests, assessment of violent offending, juvenile delinquents, 37986
correlation between self report vs medical records of illicit drug use & sexually transmitted diseases & HIV, pregnant 18 yr olds & older, 9726
cumulative vs stabilizing behavior effects of methadone maintenance assessed using retrospective self report data, heroin addicted patients, 1978–81, 42951
development & utility of self report instrument, assessment of stressful life events, high school students, implications for school adjustment, 8073
development & validation of Prosocial Tendencies Scale for Children, self report of likelihood of providing assistance, 10–17 yr olds, 35818
development of self report questionnaire, assessment of pathological vs nonpathological use of drugs, resident doctors, Venezuela, 39796
diagnostic efficiency of MMPI & Millon Clinical Multiaxial Inventory & Symptom Checklist-90-R, assessment of depression vs mania vs psychosis, psychiatric inpatients, 24160
diary vs retrospective recall vs summary methods, assessment of quantity & frequency of alcohol consumption, 16–70 yr olds, Netherlands, 9501
early criminal activity & IQ & personality traits & Psychopathy Check List scores, self rated personality patterns, male 32–40 yr olds originally studied 27 yrs earlier, Sweden, 18051
efficacy of self administered questionnaire vs interview, reporting of child sexual abuse, female adults, 45653
factor analysis of Beck Suicide Intent Scale, assessment of actions & beliefs regarding drug overdose, 13–18 yr olds, 35897
factor analysis of principle assessment components of pain experience & emotional functioning in self report measures, chronic pain patients, 24143
global self ratings vs health locus of control & perception of health behaviors, prediction of mortality, 70 yr olds & older, 29124
induced happy vs sad mood, report of lifetime symptoms of major depression & dysthymia, female college students, implications for diagnostic interviewing, 37690
interview techniques for self reported physical abuse victimization, delinquent male youth in juvenile correctional facility, followup study, 1986
labeling of relaxation techniques as hypnotic relaxation vs relaxation training, self reported relaxation effectiveness, 17–19 yr olds, 22581
mother's use of crack cocaine during pregnancy, postpartum quantitative analysis of crack cocaine from hair vs urine analyses vs self report, infants & mothers, 33862
neuropsychological complaint base rates, personal injury claimants without brain injury or toxic exposure or neuropsychological impairment, implications for forensic specialists, 11835
number of stimuli & speed & accuracy of choices & self report contingency, control of self reports about matching to sample, 18–46 yr olds, 28306
O vs self report vs biochemical verification of abstinence, adults trying to stop smoking, 2 to 180 day followups, replication, 35022
observation & self report of driving behavior & accident involvement, drivers, England, 39621
outcome expectancy & psychological predictors of unobserved physical activity, self efficacy self report vs motion sensor accounts, college students, 7708
overview of self report measures of attachment, adolescents & adults, 24083
parent vs teacher vs self ratings of behavioral & emotional psychopathology, 4–16 yr olds, 3 yr study, 9722
perceived accuracy of & factors in self reports of alcohol drinking, alcohol abusing 19–60 yr olds, treatment implications, 13979
positive &/vs negative item context, cognitive carryover in interpretation of self report item on modified Job Descriptive Index scales, employees, 20113
predictors of inconsistent self reports of drinking & life events, alcohol abusing adults, 6082
predictors of self reported confusion, 60–89 yr olds, 17238

rate of self reported symptoms associated with neuropsychological impairment, personal injury claimants with brain injury, 34198
reading ability & other contaminants & factor structure & construct validity of Externalizing & Internalizing scales of Youth Self Report, 11–18 yr old psychiatric inpatients, 13641
relationship between anxiety & fear & reliability & correlation of self report measures, 8–16 yr olds, Australia, 1090
reliability & diagnostic concordance of structured interview & self report questionnaires, diagnosis of personality disorders, research review, 15970
reliability & stability of Subjective Experience of Negative Symptoms self rating scale, hospitalized schizophrenic 22–63 yr olds, 39822
reliability & validity of retrospective self report of drug related & deviant behavior, narcotic addicted males, 10 yr followup, 29828
reliability & validity of self report measures of treatment outcome, homeless mentally ill adults, 39799
reliability of self reports of frequency of use & age of 1st use of alcohol & marihuana, secondary school students, 11995
responsiveness of self reported health status measures to change, 65 yr olds & older with vs without intervening illness or hospitalization or increase in drug regimen, 1 yr study, 35953
resting metabolic rate & energy expenditure & psychometric evaluation & self reported food intake, obese females, France, evidence for underreporting of food intake, 29982
role of mood-dispositional negative affectivity in relations between self reports of stressors & strains, research review & reanalysis, 37485
S selection procedures & adequacy of paper & pencil measures in self report studies of ophidiophobia, 33677
saliva test pipeline procedure, self report of alcohol use, 6th–8th graders, 29067
self deception & impression management & social desirability, self report of HIV risk behaviors, iv drug using adults, 37945
self monitoring, inflation on self-reports of GPAs on research & for personnel selection purposes, graduating college seniors, 29415
self rated belief in & reported experience of psychokinesis, self perceived success on psi/random number test, 15–69 yr olds, 8429
self rating of mood state vs clinician rating of affective state vs O rating of behavioral manifestations, assessment of depression, schizophrenic 19–56 yr olds, 5879
self report observational & electronic & mechanical measures & physiological indicators of human activity pertinent to nursing, 36139
self report of depression, children with cancer or diabetes, 22260
self report of eating & weight concerns & depressed mood, scores on structured clinical interviews for anorexia & bulimia nervosa & mood disorders, female 12–19 yr olds, 2084
self report questionnaire ratings of DSM-III-R criteria for narcissistic personality disorder, 18–70 yr old psychiatric patients vs their informants, 17873
self report survey vs count per population methods, assessment of mammography use, female 50–74 yr olds, 30706
self report validation of F & Fb & VRIN indices, detection of random responding on MMPI-2, college students, 3998
self report vs audiometric methods of hearing loss assessment, nursing home residents with normal vs impaired hearing, 24056
self report vs clinical assessment vs urinanalysis, detection of substance use, male psychiatric inpatients, 5729
self report vs serum cotinine levels, misclassification of smoking status, adults, 13398
self reported evasion & tax officers' classification & evasion in experiment, measurement of tax evasion, Netherlands, replication, 20173
self reported number of deviant sexual acts, sex guilt, paraphilic male outpatients, 29818
self reported pain & cognitive impairment, frail elderly institution residents, 41973
self reported symptoms of psychological distress, 21–34 vs 35–49 vs 50–64 vs 65 yr olds & older, 5607
self reported teaching behavior vs actual performance, medical school teachers, implications for teacher evaluation, 7308
self reported vs interview rated negative mood, prediction of thought disturbance, medicated schizophrenic patients, 6 mo followup, 15952
self vs parental report of longstanding illness, 15 yr olds & their parents, Scotland, 34019
self vs teacher ratings of Type A behavior pattern, 8th & 11th graders vs their teachers, Australia, 37159
sensitivity to change of self report measures, assessment of difficulty & dissatisfaction & pain in performance of activities of daily living, patients with rheumatoid arthritis, 8050
stability of self reported problems & psychopathology, 11–16 yr olds, Netherlands, 2 yr study, 37614
standardized self report measure vs clinician assessment of suicide risk, 18–21 yr old male military mental health clinic clients, Israel, 25911
test retest reliability & convergent & concurrent & discriminant validity of objective self report measure, assessment of prosocial moral reasoning, 7th & 10th graders, 15896
test retest reliability of self reported measures of disaster loss & preparedness & received & provided social support, hurricane survivors, 9 mo followup, 17562
theoretical constructs & development & reliability & validity of self report measures of parent adolescent attachment &/vs separation individuation, 31826
total energy expenditure & self reported vs actual caloric intake & exercise, diet resistant obese adults, commentary, 26113
total energy expenditure & self reported vs actual caloric intake & exercise, diet resistant obese adults, 26122
utility & reliability & validity of self report & interviewer measures, epidemiologic assessment of personality disorder diagnoses, 33714
utility of Autonomic Nervous System Inventory vs Daily Stress Inventory, prediction of self report of somatic complaints, college students, 31929
utility of interview vs diary, self report of health problems, 45–59 vs 60–74 vs 75 yr olds & older, 28878
utility of Malmo modified Michigan Alcoholism Screening Test vs CAGE questionnaire vs self report, detection of drinking habits & heavy drinking, female 40 & 45 yr olds, Finland, 24147
utility of repeated self report measures of sleep quality & amount, 18–47 yr old college students, 20697
utility of self report depression measures, diagnosis & assessment of early vs late onset subtypes, depressed 20–40 vs 60 yr olds & older, 24133.
validity & reliability & generalizability issues in evaluation of self report surveys on AIDS related knowledge & attitudes & behavioral risks, commentary, 30112
validity of Personality Diagnostic Questionnaire-Revised vs Personality Disorder Examination, diagnosis of personality disorders, 21–62 yr olds with panic disorder, 4064
validity of Retrospective Self Report of Inhibition, assessment of childhood inhibition & mental health problems, college students & 20–72 yr olds with panic disorder or depression, 98
validity of self report measures with vs without bogus pipeline procedure, assessment of cigarette smoking, meta analysis, 31796
validity of self report questionnaires, diabetic 20 yr olds & older, Norway, 18225
validity of self report vs performance based measures, prediction of health & mortality & institutionalization, 64–94 yr olds, 32
validity of self report vs serological screening of prior sexually transmitted disease infection, iv drug users, 41738
validity of self reported difficulties in learning to read & reading problems, parents of reading disabled 7.5–12 yr olds, 6150
validity of self vs parental report, assessment of past & present academic achievement, 5.7–90 yr old parents & offspring, 147

validity of self vs physicians' ratings of health, Mexican American 45–74 yr olds, 25527
Self Report—Books
Protocol analysis: Verbal reports as data (rev. ed.), 40142
Self Report—Chapters
A commonsense approach to personality measurement, 31861
Conceptual and methodological issues in current coping assessments, 20013
How do self-attributed and implicit motives differ?, 7975
Just the facts: Enhancing measurement of alcohol consumption using self-report methods, 15887
The McGill Pain Questionnaire: Appraisal and current status, 11956
Self-report measures of stress, 31859
Self-report measures: Principles and approaches, 19045
Self-report scales and procedures for assessing pain in adults, 11955
Timeline follow-back: A technique for assessing self-reported alcohol consumption, 15891
Using instruments of self-report to assess interventions: Examples, 19055
Using subject and collateral reports to measure alcohol consumption, 15889
Self Respect [See Self Esteem]
Self Stimulation [See Also Brain Self Stimulation]—Serials
abecarnil, self injection & discrimination & physical dependence & other behavioral pharmacology characteristics, male baboons, 16858
alprazolam, cocaine self administration vs food maintained responding, male rats, 36774
behavioral economics & regulation hypothesis of nicotine self administration, smokers, reanalysis of research, 697
caffeine dosage, self administration & reinforcement & withdrawal, 26–51 yr old moderate coffee drinkers, conference presentation, 4825
chronicity & dosage & injection spacing of cocaine, euphoria & dysphoria assessed by brain self stimulation thresholds, male rats, 4794
clozapine, cocaine self administration on progressive ratio schedule reinforcement, rats, 4853
clozapine vs haloperidol with vs without trihexyphenidyl, electrical brain stimulation reward threshold sensitivity in mesolimbic & nigrostriatal dopamine system, male rats, 36772
contingent morphine self administration with vs without previous exposure, diurnal & ultradian EEG cycles, male rats, 44629
deceptive & double blind administration of placebo vs actual marihuana, self administration & subjective responses, 18–27 yr old regular marihuana smokers, implications for drug reinforcement study, 29839
dopamine agonists & cocaine, self administration, male rats, implications for receptor modulation of reinforcement & drug therapies for cocaine users, 44589
dorsomedial hypothalamic lesions, reward effectiveness of caudal medial forebrain bundle electrical self stimulation, male rats, 12557
dosage & choice of self administered iv vs smoked cocaine, cardiovascular & subjective responses, cocaine abusing 26–38 yr old males, 1899
effects of drug dose on response rate vs ability to track reinforcement contingencies, iv self administration of midazolam, male rats, 4790
etonitazine self administration & reinforcement, Lewis vs Fischer 344 male rats, implications for genetic differences in opioid reinforcement of operant behavior, 4934
forced vs free choice procedure, self administration of caffeinated vs decaffeinated coffee, 23–52 yr olds, 24953
heroin self administration under progressive ratio schedule of reinforcement, male rats, 44715
individual vs paired housing conditions, acquisition of FR sufentanil aerosol self administration, male rats, animal model of drug abuse, 25010
iv self administration of GBR 12909 vs cocaine on FR vs progressive ratio schedule of reinforcement, male rats, 44714
light calisthenics & relaxation training, self stimulation, 8–13 yr old developmentally disabled males in group home, 30367
medial forebrain bundle & medial prefrontal cortex self stimulation electrodes with vs without cocaine, reward value, male rats, 36740
medial vs sulcal prefrontal cortex electrical stimulation induced motor activity & defecation & conditioned taste aversion, self stimulation acquisition, male rats, 577
methocarbamol, self injection & reinforcement & discriminative stimulus effect, male baboons, 4916
morphine vs naltrexone vs nalorphine, reinstatement of heroin self administration after extinction, rats, 771
nalbuphine vs butorphanol, cocaine vs food self administration, rhesus monkeys, 20926
nalbuphine vs butorphanol, cocaine vs food self administration, rhesus monkeys, erratum, 44678
naltrexone, acquisition of iv cocaine self administration, male rats, 40655
nondrug alternative reinforcer & feeding conditions, acquisition of cocaine self administration, male rats, 36733
oral cocaine self administration & concentration & session duration, locomotor activity & pharmacokinetics, male rats, 16804
physiological vs emotional stress, cocaine self administration, male rats, 40654
prenatal maternal stress, locomotor response to novelty & predisposition to amphetamine self administration, adult rats, animal model of drug addiction, 8889
prior cocaine exposure, interaction of reinforcing & suppressant effects in conditioned taste aversion & self administration of cocaine, male monkeys, implications for abuse potential, 4803
prolonged high dosage cocaine, tolerance to reinforcing & self administration effects, male rats, 4785
SCH 23390 in nucleus accumbens vs caudate nucleus, cocaine self administration, male rats, 40616
self administered vs response independent midazolam, differential sensitivity to discriminative stimulus effects, male baboons, 36709
self stimulation with umbilical cord, emotional reactions & inhibition & brain development & other psychophysiological consequences, fetuses, 9107
SKF 38393, cocaine self administration, male squirrel monkeys, 24911
withdrawal after unlimited access cocaine self administration, basal extracellular dopamine in nucleus accumbens, male rats, animal model of cocaine withdrawal, 21037
2-amino-5-phosphonovaleric acid in nucleus accumbens, iv cocaine vs heroin self administration, male rats, 16847
Self Stimulation [See Also Brain Self Stimulation]—Chapters
Self-stimulation and drug reward mechanisms, 20656
Self-stimulation of the ventral tegmental area enhances dopamine release in the nucleus accumbens: A microdialysis study, 20642
Self Talk—Serials
development & functional significance of private speech in academic vs laboratory context, learning disabled 3rd–6th graders with vs without attention deficit hyperactivity disorder symptoms, 33938
inner speech & subvocal articulation in verbal short term memory, anarthric 25 yr old female & 65 yr old male with pontine or frontal lobe lesion, 6347
private speech categories, cognitive task performance variables, 3–5 yr olds, test of L. Vygotsky's theory of self regulatory functions of language, 921
self talk & mental imagery in thought, self leadership & performance, employees, 19710
sex & age & low vs middle SES, verbal & nonverbal communication & private speech, 4–5 yr olds, 960
teaching method using positive self talk, writing attitudes & performance, students, 7432
think aloud protocols in solution of 1 vs 2 vs 3 step mathematical word problem, learning disabled vs average achieving vs gifted 6th–8th graders, 35456
think aloud self report instructions, strategies & performance in decision making, young vs older adults, 40822

Self Talk—Chapters
Errors in inner speech, 32792
The personal journey of a psychotherapist and his mother, 12269
Selfishness—Chapters
On the relation of altruism and self-interest, 5576
A theory of moral sentiments, 5649
Semantic Differential—Serials
educational posters concerning AIDS & prevention, semantic differential responses, 19–57 yr olds, Canada, 2847
normality of dimension scores for S. Ertel's impression differential, assessment of psychophysiological states, 18–43 yr olds, Czechoslovakia, 16
semantic differential analysis of connotative meanings for alcohol & cocaine & hashish & marihuana, Indonesian vs American graduate students, 13390
Semantic Generalization—Serials
superordinate category labels, taxonomic development in lexical memory, 3.2–4.9 yr olds, 899
syntactic context & shape bias in semantic generalization of lexical learning, 3–5 yr olds vs college students, 25131
Semantic Memory—Serials
auditory lexical decision performance & automatic access to semantics, 37–64 yr olds with Broca's aphasia, 46080
category retrieval practice, semantic memory & recall, college students, 12270
deficits in semantic memory processing, 60 yr olds & older with dementia of Alzheimer's type, 2253
developmental association between phonological memory & vocabulary knowledge, 4 yr olds, 4 yr study, 922
encoding of semantic memory & representation & understanding of event connectivity, implications for artificial intelligence, 4366
episodic & semantic memory, patients with Binswanger's vs Alzheimer's disease, 6341
EPs & RTs in semantic memory, adults, 12606
feedback & text version, surface vs situation vs semantic memory, college students, 8350
fluent vs nonfluent semantic & perceptual errors in freehand category drawing, 35–60 yr olds with aphasia, 18376
gist recall, 25–57 yr old females with multiple sclerosis, 14170
glycine prodrug milacemide & neutral vs semantic stimulus, memory & word retrieval, 19–34 vs 60–78 yr olds, commentary, letter, 718
hemispheric differences, categorical vs size judgment based on semantic memory vs visual imagery in processing pictorial stimuli, patients with schizophrenia vs affective disorder, 33518
hippocampal neuron loss, verbal memory vs intellectual ability vs language skills, epileptic patients with left vs right seizure foci before vs after mesial temporal lobe removal, 14345
induced mood state, priming effect in semantic memory task, college students, 16377
marihuana smoking & breath holding, associative processes & semantic memory & psychomotor performance, male 18–42 yr olds, 20808
organization & recall & response latency of event schema slot filler vs taxonomic category items, 5 vs 8 yr olds, Korea, 28974
phonological awareness & naming speed & verbal memory, word attack & identification & reading comprehension & spelling, 7.4–12.3 yr olds with severe reading disabilities, 10133
script generation of social episodes, semantic vs episodic recall, college students, France vs Poland, 12233
semantic amnesia for manipulable objects, 75 yr old male with lesion in occipito-parieto-temporal area, case report, 22414
semantic network representation of domain expert knowledge based on personal construct theory, implications for expert systems, 19838
semantic priming & stimulus modality, sensitivity in famous face recognition, Os, application of modularity theory, 28267
semantic priming, lexical decision in letter detection, college students, replication, 40074
semantic variables of sentence, verification RT distribution in semantic memory, college students, 20314
semantically vs phonologically related vs unrelated primes in lexical decision & prime target interval, conceptual & lexical representation processes in semantic memory, college students, 36165
storage & retrieval capacity, cued vs uncued semantic fluency, patients with Alzheimer's vs Parkinson's vs Huntington's disease, 18397
subjective organization, hypermnesia of pictures vs words vs riddles, college students, 8360
superordinate category labels, taxonomic development in lexical memory, 3.2–4.9 yr olds, 899
threat related & neutrally ambiguous primes, semantic activation & lexical decision, high vs low trait anxiety adults, England, 16292
visual presentation of verbal material, regional cerebral blood flow during short term memory & subvocal rehearsal tasks, males, letter, implications for neural correlates of working memory, 32427
Semantic Memory—Chapters
The age decline in memory: Can it be eliminated?, 28323
Events, narratives, memory: What develops?, 44936
Identifying subsystems of autobiographical memory: Commentary on Nelson, 44922
Impaired and preserved semantic memory functions in dementia, 14388
Noun phrase analysis with connectionist networks, 19872
Semantic knowledge in patients with Alzheimer's disease: Evidence for degraded representations, 14402
Semantic memory, priming, and skill learning in Alzheimer's disease, 14414
Semantics [See Also Antonyms, Homonyms, Synonyms]—Serials
age, development of word definitions, 5–12 yr olds, test of L. Vygotsky's theory of cultural development of higher psychological functions, translated article, 37043
associative relatedness of words, information incorporation & sentence processing, mentally retarded adolescents & adults, 6165
attended vs unattended & visual field separation of semantic primes, lexical decision task, college students, Spain, 4306
automatic semantic priming in lexical decision tasks, college students, 4339
behaviorism & cognitivism in interactive nonencoding representation in studies of language & meaning, commentary, 9055
block clustering, menu organization & derivation of semantic relationships among entities in 4th generation programing languages, implications for system design, 27801
cognate vs noncognate differential priming in lexical decision task, multilanguage semantic categorization repetition blindness, bilingual college students, Spain, 36183
cognitive & computational information processing & physical notational semantics, 31714
cognitive affective biases & evaluative meanings of adjectives in isolation, college students, Belgium, 36947
coherence inferencing & discourse structure building & semantic processing & lexical decision to inference related vs unrelated test words, right hemisphere damaged 50–80 yr olds, 22335
conceptions of semantic interpretation in cognitive theories of mental representation, 4343
conscious & deliberate distortion of verbalized pictorial images, semantic & textual characteristics of verbalization of distortion, college students, translated article, 24393
context effects on semantic domains, processing of categorical information in solution of word analogies, college students, 16294
cues based on belief term & pitch contour, comprehension of relative certainty, 3 vs 4 vs 5 vs 6 yr olds, 28937
cultural artifacts & semantics of basic emotions, 403
definitions of emotion concepts in terms of semantic primitives in metalanguage, 28850
difficulty & ambiguity of questions or cues, detection of semantic anomaly, 4.8–6.8 yr olds, 5124
domain specific view of semantics & prose production, 3rd graders, 28969

existence of privileged verbal access, organized unitary content hypothesis vs multiple semantics, commentary reply, 44796
expectancy & neutralization of postlexical checking, between language semantic priming effect in multilanguage lexical decision, bilingual 18–54 yr olds, 36189
exposure time for appropriate vs homophone vs visually similar prime, naming time & access of semantic information by phonological codes in visual word recognition, adults, 20268
extraversion & energetic arousal & time of day, semantic priming, college students, 4714
gender schema & attitude, semantic gender stereotypic vs nonstereotypic polarization & acquired connotation of words paired with male vs female pictures, adults, New Zealand, 32780
implications of language as encoding of reality for interactive nonencoding representations in studies of language & meaning, commentary, 9060
interactive nonencoding representation in studies of language & meaning, commentary, 9050
interactive nonencoding representation in studies of language & meaning, commentary, 9030
interactive nonencoding representation in studies of language & meaning, commentary, 9032
interactive nonencoding representation in studies of language & meaning, commentary, 9041
interactive nonencoding representation in studies of language & meaning, commentary, implications for semiotics, 9031
interactive nonencoding representation in studies of language & meaning, 9029
interactive nonencoding representations in studies of language & meaning, commentary, 9054
interactive nonencoding representations in studies of language & meaning, commentary, 9052
interactive nonencoding representations in studies of language & meaning, commentary reply, 9033
interactive nonencoding representations in studies of language & meaning, commentary, 9021
interactive nonencoding representations in studies of language & meaning, commentary, support for Prague school of structural & functional linguistics, 9068
interactive nonencoding representations in studies of language & meaning, commentary, 9069
interactive nonencoding representations in studies of language & meaning, commentary, 9066
interactive nonencoding representations in studies of language & meaning, commentary, 9067
interactive nonencoding representations in studies of language & meaning, commentary, 9075
intralexical & semantic relatedness of compound members & targets, interactive meaning activation of ambiguous nouns in novel nominal compounds, adults, 36153
joke structure & semantic ambiguity in informativeness & surprise effect, 16934
judgments of semantic meaning similarity in diagnostic categories of DSM-III vs diagnoses of concurrent disorders, clinicians, 21687
letter & semantic category fluency, 50–64 vs 75–91 yr olds, 37229
lexical & semantic problems in survey interview, Mexican Americans, 3952
lexical & semantic processing, sentence plausibility & meaning, college students, 5012
manifestation of salience in definitions, 44782
meaning & operators of concept of similarity in English & Hebrew & German languages, 16955
mental models perspective on discourse representation & text processing, analysis of combinatory semantics & anaphora & inference, 9045
modality specific vs unitary views of semantics, multiple semantics & agnosias, commentary reply, 46085
modeling & extending whole language scale semantic space & lexical resources, adaptability to differentiated discourse domains, conference presentation, 40753
modularity of sentence processing in locating "wh" gaps in semantically implausible "wh" phrases, college students & research assistants, 44785
narrative discontinuity vs continuity & mental representation, Yagua speakers, Peru, 21117
native linguistic coding deficits in phonology & syntax & semantics, foreign language learning problems, male 20 & 15 & 14 yr olds & female 15 yr old, 32167
neurolinguistic & interactional perspective on semantic pragmatic disorder, female 5.5 & 8 yr olds, 1 yr followup, 41920
nonword foil lexicality & semantic priming & word frequency, lexical decision & RT & priming benefit, college students, 12252
number of semantically related vs unrelated word & picture primes, reading latencies & category specific retrieval inhibition, anomic temporal lobe epileptic 28–46 yr olds, 26269
perceptual & semantic categorization & sensory performance, patients with right vs left brain damage, Germany & US, 2249
phonological & semantic performance in confusability paradigm, reading disabled vs nondisabled male 8–10 vs 14–16 yr olds, replication, 29960
positive vs negative instructions in symbolic paired comparisons with months, semantic interpretation & response latency, French speaking college students, Canada, 44073
preparation for alternate finger tapping vs syllable vocalization task, facilitatory priming for semantic sensibility judgments, college students, 12120
presentation mode & practice, latency of transcription & transliteration & pronunciation of Kanji characters, college students, 16958
prior knowledge vs explicitness vs clause order, comprehension of causal relationships in text, 5th & 6th graders, 9186
pronunciation & lexical decision semantic priming, schizophrenic 21–40 yr olds, 21839
propositional vs structural semantic analysis of medical diagnostic thinking, 6236
psycholinguistics based approach to analysis of communicative speech semantics, adults, translated article, 36946
psychosemantic approach to analysis of individual system of meanings & consciousness, translated article, 37524
reading comprehension & speed, semantic & syntactic judgment, college students, Australia, 8292
reassessment of past conditional verb form & late grammatical development & role of semantics, 4–8 yr olds, France, 28902
repetition & distinctiveness & semantic priming, recognition of familiar faces, college & postgraduate students, 36223
right vs left visual field presentation, judgment of semantic distance in word pairs, adults, implications for hemispheric dissociation, conference presentation, 12539
scale construction & construct validity of circular visual depiction of semantic relationships between Swedish interpersonal trait terms, college students, Sweden, 15932
semantic & conceptual development, rural vs urban vs elite 5 yr olds & older, Nigeria, 5102
semantic & pragmatic language changes, patients with dementia of Alzheimer's type, literature review, 18387
semantic & pragmatic levels of meaning in discourse theory of comic narrative, 16949
semantic & pragmatic organization of interjections in Mayali, Gunwinjguan adults, Australia, 16933
semantic & syntactic context, online word recognition & monitoring latencies, 20–29 vs 60–68 vs 70–79 vs 80–87 yr olds, 25166
semantic animacy & prosody & phonology & metrical word length, serial position & syntax in grammatical structure, college students, 28840
semantic associative vs identity priming & stimulus onset asynchrony, lexical access & spreading activation, 41–79 yr olds with left vs right anterior vs posterior lesion, 26299
semantic congruency & response time & accuracy in comparisons of point locations on line, college students, implications for semantic coding & expectancy theories of evidence accrual, 12238
semantic context of prime & target, facilitation vs inhibition effect & RT in lexical decision task & amplitude of N400 EPs during word recognition, 21–24 yr olds, Japan, 12230

semantic context vs expectancy, lexical decision & naming, 26–61 yr olds, 8311
semantic integration of sentences & memory for object noun, mentally retarded adolescents, 14076
semantic interference & orthographic facilitation in Stroop like definition naming task, college students, Netherlands, 20267
semantic meaning & use of modal catenatives in speech, 3 yr olds, 9148
semantic network & cognitive maps & clustering representations, adults & elderly with Alzheimer's vs Huntington's disease, 38223
semantic priming, cortical EP during auditory word recognition & lexical decision tasks, 19–30 yr olds, 28574
semantic priming effect of target word orientation, word recognition, college students vs elderly, 916
semantic priming effect size, lexical decision & pronunciation latency, young vs older adults, meta analysis, 25134
semantic priming, sensitivity in lexical decision, adults, 20284
semantic processing, incidental detection of verbal anomalies, college students, Scotland, 44057
semantic properties of locative action expressions, language impaired African American male 1.5 yr old, 1.5 yr study, 18164
semantic relatedness message structure & content & scene changes, attention to TV, college students, 32800
semantic relatedness of target & homophonous prime words & onset asychrony, phonological constraints on visual lexical access, college students, 44090
semantic relatedness of unattended words in left vs right visual field, lexical decision, adults, 28253
semantic representation & lexical decision times for interlingual polyseme vs homograph recognition, English & Afrikaans bilingual adults, South Africa, 819
semantic similarity & affect homogeneity of word list, free recall & recognition & discrimination of frequency of words, college students, 16345
semantic similarity & omission probability & alternatives, search strategies & response accuracy in selection of sequential vs simultaneous computer menus, college students, 15757
semantic similarity of adjacent items defined by proximity in multidimensional space, strength of semantic clustering & recall, college students, 28843
semantic vs grammatical code processing in language task, neuronal activity in left anterior inferior region of left prefrontal cortex, 42 yr old female, 44376
semantic vs grammatical information, cortical EPs, hearing vs deaf 18–32 yr olds, 14439
semantic vs nonsemantic orienting task, word recall & memory for visual vs auditory modality, 7–10 vs 17–24 vs 55–77 yr olds, 937
semantic vs rhyme cues, recognition vs cued recall, college students, 44147
semantic word choice in right-to-die questions & demographic characteristics, attitudes toward legalization of euthanasia & choice for self vs others, 21–93 yr olds, conference presentation, 31740
semantically anomalous metaphors, emotional impact of interpretation, adults, 4409
semantically bounded anomia, male 51 yr old with evacuated left occipital arterial iv hematoma & residual hemiparesis & homonymous hemianopia & alexia & memory impairment, 6354
semantics & pragmatics of set marking tag "and everything", 36951
semantics based reference resolution & criticism of coherence in text processing & copy editing, computerized comprehensibility system, technical report, 39626
semantics of interjection & emotive & volitive & cognitive classification, 16959
sensitivity of virtual N400 & slow wave & other components of EP to semantic incongruence of auditory sentences, 25–38 yr olds, 20667
sensitivity to linguistic dimensions of phonology vs semantic content vs morphological complexity, reading & writing & literacy acquisition in Hebrew, nursery school students vs kindergartners, Israel, 25135
singular epicene antecedents & pronominal disagreements & issues of sexism in language, TV interview speakers, 12964
sorting & clustering & naming, elicitation of semantic relations & enrichment of network knowledge representation of Pathfinder scaling technique, adults, implications for expert system development, 27823
syntactic categories & bootstrapping & semantic assimilation theories of language acquisition, 13037
syntactic vs semantic anomaly in sentences, cortical EPs, 18–25 yr olds, 24772
tomography assessed cerebral blood flow during kana word vs nonword reading task, college students, Japan, 36555
verb lexicon size & discourse condition of undergoer accessibility vs omission, acquisition of meaning of transitive verb "to eat", 1 yr olds, 2 yr study, 9188
word frequency & multiple repetition in semantic classification task, EPs, 19–33 yr olds, 20688
word frequency & visual similarity & pattern masking, role of phonology in access to meaning & RTs & errors in semantic categorization of Kanji homophones, Japanese speaking 19–35 yr olds, UK, 32178
word length & suppression & serial position & repetition, working memory & semantic encoding & proactive inhibition & implicit learning, adults with multiple sclerosis, 41978
word referent differentiation, development of conscious awareness in thinking, 10–11 yr olds, Estonia, translated article, 37064
wording changes for rectification of multiple ambiguities in classic "Linda" conjunction problem, problem performance & probability judgment, college students, replication, 40112

Semantics [See Also Antonyms, Homonyms, Synonyms]—Books

Frames, fields, and contrasts: New essays in semantic and lexical organization, 830

Semantics [See Also Antonyms, Homonyms, Synonyms]—Chapters

The concept of a semantic relation, 832
Degraded knowledge representations in patients with Alzheimer's disease: Implications for models of semantic and repetition priming, 14401
Distinctions in the study of linguistic semantics, 44812
Distributed symbol discovery through symbol recirculation: Toward natural language processing in distributed connectionist networks, 19860
Do young children use definite expressions for specific references?, 37089
"'Dress' is birthday" and "'sleep' is night." Young children's word definition strategies, 44930
Index of Contextual Intelligibility: Impact of semantic context in dysarthria, 41926
Language development, 13081
Lexical retrieval processes: Semantic field effects, 833
Semantic fields, prototypes, and the lexicon, 835
Semantic memory dysfunction in Alzheimer's disease: Disruption of semantic knowledge or information-processing limitation?, 14405
What is a concept?, 837

Semiotics [See Also Pragmatics]—Serials

conceptual & semiotic achievements in elementary mathematical cognition development, children, 40797
discourse analysis as methodology for semiotic psychology, 12963
elaboration of spatial semiotics & graphic structuring rules before learning to read & write, 3 vs 5 yr olds, 37047
evolutionary perspective on human speech & neurolinguistics vs other semiotic systems & animal communication, 32779
rhetorical responsive & ethical themes in Vygotskian approach to internalization of psychological functions & semiotic mediation, 40125
semiotic & content analysis of magazine ads & phenomenological interviews, prevalence & impact & experience of advertising resonance, adults, 7750

semiotic & iconical & symbolic & indexical interpretation of animal trademark emblems on fashion apparel, 35638
semiotic analysis framework for knowledge based clinical reasoning & competence & medical cognition, commentary, 40117
semiotic mediation of reality through linguistic & cultural tools in Vygotskyan perspective on learning about postal table, 12–13 yr olds, Sweden, 28954
semiotics & structures of diagnostic reasoning, commentary reply, 40109
Semiotics [See Also Pragmatics]—Books
Linguistics and psychoanalysis: Freud, Saussure, Hjelmslev, Lacan and others. Semiotic crossroads, Vol. 4, 9676
Semiotics of cities, selves, and cultures: Explorations in semiotic anthropology. Approaches to semiotics, 102, 37267
Semiotics [See Also Pragmatics]—Chapters
Aesthetics and visual semiotics, 25052
On structure and dialogicity in Prague semiotics, 44808
The semiotic relevance of human olfaction: A biological approach, 32059
Social interactionism versus social constructionism: Bakhtin, Rommetveit, and the semiotics of written text, 44809
Senegal—Serials
interpretations of Draw A Person Test variation, 7–13 yr olds, Senegal, 3984
Senile Dementia—Serials
bereavement adaptation, caregivers of spouses or parents with progressive dementia, 19104
circulating suppressing factor for muscarinic acetylcholine receptor binding, patients with vascular vs senile dementia of Alzheimer's type, conference presentation, 10375
citalopram vs placebo, depressed 65 yr olds & older with vs without somatic disorders &/or senile dementia, Denmark & Norway & Sweden, 10708
clinical symptoms & course & morphofunctional substrate, 55–87 yr olds with Alzheimer's disease vs senile dementia, 18371
coexistence of Ekbom syndrome & lilliputian hallucination, 84 yr old female with senile dementia, Japan, case report, 26303
distinctive clinical characteristics, autopsy patients with senile dementia of Lewy body type vs Alzheimer's disease, England, 26316
effect of social environment of residential care, elderly with senile dementia, UK, 42847
evaluation of care, elderly with senile dementia in long stay hospitals vs cantou form of communal nonmedical care, France, 7161
flash & pattern reversal stimuli, serial visual EPs, 65 yr olds & older with senile dementia of Alzheimer's type or multi-infarct dementia or major depression, Scotland, 10408
idebenone, 65–85 yr olds with senile dementia of Alzheimer's type, Italy, 30667
implicit memory & formation of new associations in serial RT task, elderly patients with very mild vs mild senile dementia of Alzheimer's type vs nondemented Parkinson's disease, 34173
long term tacrine vs Ginkgo biloba extract, hippocampal high affinity choline uptake, aged rats, animal model of senile dementia, 24916
neuropsychological specificity of higher mental functions, 55–91 yr olds with Alzheimer's disease vs senile dementia, USSR, translated article, 26306
regional cerebral blood flow & oxygen extraction & consumption, leukoaraiosis & severity of senile dementia, 50–81 yr olds, 10350
shared senile self neglect, elderly married couple with Diogenes syndrome, case report, 18360
short term recognition memory & matching to sample deficits, patients with senile dementia of Alzheimer's vs Lewy body type, 14343
visual hallucinations & 5 hydroxytryptamine receptors, patients with senile dementia, commentary, letter, 18364
visual hallucinations without cognitive impairment or other psychopathology, female 84 yr old with senile dementia, 14309
Senile Dementia—Chapters
Evaluation of HP 029 (velnacrine maleate) in Alzheimer's disease, 26945
Interaction of language and memory in major depression and senile dementia of Alzheimer's type, 13648
Neurodegenerative changes in aging and dementia: A comparison of Alzheimer and Lewy body type pathology, 14410
Topography, extent, and clinical relevance of neurochemical deficits in dementia of Lewy body type, Parkinson's disease, and Alzheimer's disease, 26361
Use of informants' reports to study memory changes in dementia, 14394
Sensation [See Perception]
Sensation Seeking—Serials
anxiety & sensation seeking, thyroxine & TSH plasma levels, females, 20731
cognitive motivations for alcohol use & sensation seeking, prediction of drinking problems, adolescents, 12 yr study, 37960
cross cultural validity & development of French abbreviated form of Sensation Seeking Scale, 15–62 yr olds, France, scale appended, 24072
development & factor analysis of Keeping Your Options Open Scale & correlation with sensation seeking, 18–56 yr olds, 15921
developmental perspective on & role of sensation seeking & egocentrism & socialization & peer influences in reckless behavior, adolescents, 13089
developmental perspective on & role of sensation seeking & egocentrism & socialization & peer influences in & psychosocial framework of reckless behavior, adolescents, commentary, 13124
driving patterns & alcohol usage & sensation seeking, adults in criminal justice facilities or alcohol rehabilitation programs, implications for DUI, 26023
extraversion & excitement seeking & openness to experience, music preference, college students, 36917
line bisecting & hemisphere predominance, prediction of personal optimism & preference for risky behaviors, right handed medical & college students, Germany & US, 553
musical preference, reckless behavior & sensation seeking & family relationships & self esteem, 10th & 12th graders, 1031
need for variety in consumerism, fashion innovators vs opinion leaders vs followers vs innovative communicators, 35640
novelty seeking & other personality traits, patients with Parkinson's disease vs orthopedic or rheumatology disabilities, analysis of hypothesis of dopamine related personality traits, 34209
optimum stimulation level, cognitive responses to advertisements & repetition & information search & variety seeking & decision making under risk & gambling & innovative behavior, consumers, 19797
peer influence & parental approval & tolerance of deviance & sensation seeking & alcohol expectancies, alcohol usage, 7th graders, 33009
psychobiological motives for disruptive behavior, need for stimulation of Type T personality, 2nd–3rd grade class clowns, 15478
sensation seeking & competitive trait anxiety, male college rodeo athletes vs wrestlers vs baseball players vs hang glider pilots, 15720
sensation seeking & extraversion & neuroticism & psychoticism, selective attention in dichotic listening task, college students, 9607
sensation seeking & gambling preferences & addictions, male 19–74 yr old gamblers, Scotland, conference presentation, 37868
sensation seeking & impulsivity & risk appraisal & behavior, college students, 17548
sensation seeking & other personality traits & drug & alcohol use & physical fitness & menstrual cycle, MAO levels, female college students, 36657
sensation seeking & risk taking & driving behavior & accidents & personality traits, male vs female 19–61 yr old drivers convicted of nonalcohol related offenses, 25550

sensation seeking & situational humor, college students, US & Germany, 5598
sensation seeking & social responsibility & hostility & alcohol use & high risk driving, college students with vs without DUI offenses vs impaired vs unimpaired driving, 22003
sensation seeking behavior & drug use & paranormal beliefs, male vs female college students, 37510
sensation seeking, college students, Kuwait, comparison to US data, 37539
sensation seeking, male vs female college students, Kuwait, 41337
sensation seeking, marital satisfaction & frequency of intercourse & sexual desire & arousal & assertiveness & attitudes & satisfaction, married females, 29294
sensation seeking, 26–60 yr old members of whitewater canoe & kayak club, 39542
sensation vs novelty seeking & harm avoidance & reward dependence, alcohol or chemical dependent male 23–69 yr olds, 37949
sex & sensation seeking, stimulus frequency & positive affect pattern in ratings of Japanese ideographs, African American college students, 37514
use of MacAndrew Alcoholism Scale of MMPI to relate sensation seeking & alcoholism, commentary, 86
venturesomeness & impulsiveness, high risk behavior, 18–20 yr olds, 33334
visual EP stimulus intensity & sensation seeking, 19–59 yr old thrill seekers, 36655
Sensation Seeking—Chapters
Out of sensory deprivation and into sensation seeking: A personal and scientific journey, 13580
The psychophysiology of extraversion, 8849
Sense Organ Disorders [See Also Ear Disorders]—Chapters
Aging and the sense of smell: Potential benefits of fragrance enhancement, 34276
Sense Organs [See Also Cones (Eye), Cornea, Ear (Anatomy), Eye (Anatomy), Olfactory Mucosa, Retina, Rods (Eye), Taste Buds]—Serials
localization of cyclic adenosine monophosphate phosphodiesterase in olfactory & gustatory & retinal sensory systems, male rats, 44384
methodological issues in studies of exposure to low level complex solvent mixtures, sensory irritation & neurobehavior, occupants of new buildings, 3744
Sensitivity (Drugs) [See Drug Sensitivity]
Sensitivity (Personality)—Serials
development & construct validity & factor analysis of Sensitivity to Feedback Scale, college students, 19996
equitable vs low payment for clerical task with high vs low payment information & sensitivity, self payment of allowed amount vs theft, college students, 27696
family resemblance in disgust & violence sensitivity & animal phobias, 12–28 yr olds & their 35–63 yr old parents, 21862
interpersonal & emotional & noise sensitivity, environmental evaluation, college students, Japan, conference presentation, 7792
interpersonal sensitivity, outcome, depressed 18–80 yr olds, Australia, 1 yr followup, 1655
interpersonal sensitivity, remitted melancholic vs nonmelancholic depressed patients, Australia, 33581
social style dimensions of communicative assertiveness & responsiveness, college students, Japan vs US, 21488
social style dimensions of communicative assertiveness & responsiveness, college students, Finland vs Japan vs Korea vs US, 21489
Sensitivity (Personality)—Chapters
Enhancing parent sensitivity, 18676
Sensitization (Protein) [See Anaphylactic Shock]
Sensitization Repression [See Repression Sensitization]
Sensorimotor Development [See Perceptual Motor Development]
Sensorimotor Measures—Serials
applicability of sequence comparison methodology, analysis of movement patterns & assessment of motor performance, 0–42 mo olds with vs without developmental delays, 31820
correlation between kinematic postural of movement measures & Dyskinesia Identification System Condensed User Scale, screening for tardive dyskinesia, developmentally disabled 23–60 yr olds, 20051
reliability of Minnesota Percepto-Diagnostic Test-Revised, assessment of visuomotor performance, patients with Alzheimer's disease vs focal cerebrovascular accidents, 28035
validity & reliability of adapted Assessment of Motor & Process Skills, measurement of praxis, 1–4.5 yr olds with developmental dyspraxia, 8018
validity of Mesker test of writing handedness, 4–5 yr olds at school entry, England, 24057
validity of Pediatric Clinical Test of Sensory Interaction for Balance, male vs female 4 vs 5 yr olds, implications for occupational therapy, 7933
Sensorimotor Measures—Chapters
Oral-facial sensorimotor function in spasmodic dysphonia, 39838
Sensorimotor Processes [See Perceptual Motor Processes]
Sensorineural Hearing Loss [See Hearing Disorders]
Sensory Adaptation [See Also Dark Adaptation, Light Adaptation, Orienting Responses]—Serials
adaptation & stimulus amplitude, vibrotactile amplitude discrimination & detection thresholds, 20–44 yr olds, 36061
adaptation & unmasking of tonal probe stimulus, enhancement of amplitude of compound action potential, gerbils, 4652
adaptation to 2nd achromatic color stimulus, stimuli luminance influenced achromatic color lightness, Os, application of ratio principle for color channels, 36067
age, loudness adaptation, 9–14 vs 20–45 yr olds, 32855
attention, adaptation of Schroder staircase, adults, 8221
auditory distractor, allocation of attention in selective adaptation along syllable articulation continuum, adults, 36130
binocular rivalry & target suppression, storage of motion aftereffect, adults, 260
brain stem commissural incision, short term vestibulo-ocular adaptation, cats, 28493
chemical stimulation of nasal trigeminal nerve, electrophysiological cross adaptation & chemoreceptor discriminative ability & receptive pathways, male rats, 16541
cognitive task, target pointing during & adaptation to prismatic displacement, adults, 8277
concealed color opponency & dark vs background adaptation, changes in shape of relative field sensitivities in medium vs long wavelength cone pathways, adults, test of 2 pathway 2 site detection model, 40362
cue contingent chromatic adaptation & McCollough effect & analogy with cue contingent drug tolerance, college students, 8337
difference in target & surround color & adapting light, chromatic adaptation in binocular asymmetric matching task, adults, 8228
duration & interstimulus interval & contrast & spatial & temporal frequency of pattern adapter vs forward pattern masker, contrast threshold of Gabor pattern, adults, 36077
early vs delayed visual feedback & spatial misalignment of eye & hand induced by optical displacement, adaptive coordination in pointing to visually implicit vs explicit target, college students, 40063
effort & relational body displacement alteration & visual feedback, adaptive perceptual motor processes, adults, 32123
factor analysis of Simultaneous Dichotic Loudness Balance technique & induced loudness adaptation, assessment of factor overlap between procedures, 15–43 yr olds, 25168
fixation distance & convergence condition & fast adaptation to lenses, compensatory eye movements & gain of vestibulo-ocular reflex during head rotation, 18–21 yr olds, 4674
frequency specific spatial adaptation & contrast sensitivity to lower case text on video display terminal, adults, 4672
horizontal & vertical rotation in dark environment & vestibular ocular reflex direction adaptation, male 19–35 yr olds, comparison with data on cats, 28465
interactive dual feedback adaptation model of accommodation & vergence following viewing of stimulus, adults, 4675

isoluminance & adaptation, color discrimination variation over color space, adults, 16180
multidimensional & unidimensional auditory stimulus context, magnitude estimation of loudness & pitch, listeners, implications for perceptual adaptation & response dependent assimilation, 28216
natural vs incandescent illumination, chromatic adaptation, adults, 16168
neural network of postreceptoral adaptation color appearance & representation in cortex, 27834
nondesensitizing zingerone vs capsaicin desensitization, citric acid & sodium chloride effects on sensory irritation & taste, adults, 44625
olfactory adaptation & selective attention, identification of components of odor mixtures, 19–48 yr olds, 24285
opposite adaptation of ears during simulated movement, changing loudness & movement aftereffect, adults, implications for channel hypotheses of sound level change & movement, 4282
pointing rate & visual feedback availability, visual & proprioceptive components of prism adaptation, college students, 8278
prey immobility & darkness, foraging behavior & prey location & capture speed, blind vs facilitative cave dwelling salamanders, 24620
prior auditory motion exposure, auditory motion perception thresholds, 22–44 yr olds, 4279
prism adaptation, patients with Alzheimer's vs Huntington's disease, 18396
rank orderings of photoreceptor photon catches from natural objects, contribution of 1st stage photoreceptor adaptation to color constancy, 24665
repeated topical capsaicin, individual differences in changes in sensory irritation, adults, 44632
rotational vs caloric stimulation & adaptation, vestibular ocular reflex changes, 7–81 yr olds, 28876
self & mutual olfactory cross adaptation of steroid androstenone & its nonsteroidal perceptual analog, adults, 43951
short term vertical position specific phoria adaptation vs multiple stationary vertical disparity binocular adaptation, pursuit & fixation phoria, 24 & 37 & 46 yr olds, 24322
space microgravity, sensory orientation & behavioral modification, astronaut, 20248
spatial & temporal frequency of grating stimuli, orientation bandwidth of visual system & pattern detection following adaptation & threshold discrimination, 19–27 yr olds, 8222
spatial frequency & 2 vs 4 hr visual display unit work, contrast adaptation & visual fatigue & related symptoms, college students, 27807
static head orientation & position relative to axis of body rotation, vestibular-optical reflex adaptation, 22–47 yr olds, 39976
target position vs direction specific adaptation, aftereffects in fixation vs pursuit phorias, 24 & 37 & 47 yr olds, 24300
target vertical disparity & separation & eye position, spatial spread of vertical phoria adaptation & aftereffects, 24–28 yr olds, 24321
trimethyl pyrazine & 2-propionyl-3-methyl furan, olfactory self vs cross adaptation as function of odor similarity, young adults, 16122
tuning of aftereffects & adaptation in spatial domain of visual cortex, cats, 589
tuning of aftereffects & adaptation in temporal domain of visual cortex, cats, 588
VDU text editing & contrast adaptation time course, male 25 & 29 yr olds, implications for VDU induced fatigue, 35658
wavelength adaptation, differential sensitivity of short wavelength sensitive cone color system, adults, 4690
2 stage manual exploration, haptic object property discrimination, 19–54 yr olds, 24284

Sensory Adaptation [See Also Dark Adaptation, Light Adaptation, Orienting Responses]—Chapters

Sensory deprivation and overload, 32054

Sensory Deprivation—Serials

dry flotation restricted environmental stimulation technique, effect of attention on rifle marksmanship, college students, 44173
monocular lid suture visual deprivation, RT & choice behavior to spectral sensitivity, cats, 12512
peripheral sensory deprivation, spatiotemporal reorganization & response latency of single neurons of ventral posterior medial thalamus, rats, 28534
postnatal orochemical deprivation during artificial rearing, organization & development of gustatory afferent terminal fields in nucleus of solitary tract, male rats, 20555
short or long term monocular deprivation during critical postnatal period, physiological & anatomical axonal changes in visual cortex, kittens, 44378

Sensory Feedback [See Also Auditory Feedback, Delayed Auditory Feedback, Visual Feedback]—Serials

decrease in sensory information, attentional demands & difficulty of postural balance adjustments, elderly vs young adults, 28233
facial tactual stimulation, localized perceptual responsiveness, 17–45 yr old upper limb amputees, implications for cortical map reorganization, 38130
food quality, sensory specific satiety, college students & staff, 16128
heterarchical distribution of control of motor system & brain & sensory input, evolution of central pattern generators & locomotion changes, cockroaches & lampreys & cats, conference presentation, 16533
hypoglossal & glassopharyngeal sensory feedback & reticular central pattern generators & surgical transection of selected nerves, evolutionary feeding behavior, frogs, conference presentation, 16568
kinesthetic vs visual feedback, computer mode error rate, college students with vs without computer text editing experience, Canada, 11776
movement control through skin & muscle & joint receptor feedback & CNS access to motor command signals, research review, conference presentation, 24676
prolonged tactile stimulation to forearm, spatial sensitivity of anomalous sensory feedback, college students, implications for neural reorganization, 36059
sensory stimulation to face, apomorphine induced control of turning toward vs away from manipulated side of face, male rats, 24986

Sensory Feedback [See Also Auditory Feedback, Delayed Auditory Feedback, Visual Feedback]—Chapters

Adaptive pattern classification and universal recoding, II: Feedback, expectation, olfaction, and illusions, 47600

Sensory Gating—Serials

blockade of cholinergic neurotransmission by cholinergic antagonists, auditory sensory gating in hippocampus, rats, 4856
dopamine in nucleus accumbens vs anteromedial striatum vs orbital cortex vs amydgala vs posterolateral caudate, sensorimotor gating of startle reflex, male rats, 774
gating of P50 response of auditory EP & catecholamine metabolism, schizophrenic females, 25845
gating phenomenon of mental movement simulation, role of supplementary motor area in generation of N30 frontal component of somatosensory EPs, adults, 8708
hippocampal CA1 neuronal development & accommodation & protein kinase C distribution, gated sensory information transfer & cognitive map building, neonatal rabbits, 44443
neural substrates of sensorimotor gating of startle reflex, implications for pathophysiology of mental illness, 595
nicotine gum, normalization of diminished sensory gating of P50 auditory EPs, 23–45 yr old relatives of schizophrenic patients, 21785
paired tone stimulus, auditory EPs in reticular formation & electrically induced auditory sensory gating in hippocampus, male rats, 40430
PCP vs NMDA antagonists CPP vs MK-801 vs sigma ligands, hippocampal sensory gating of auditory EPs, rats, animal model of psychosis, 16829
picrotoxin induced subpallidal GABA blockade vs peducolapontine tegmental nucleus lesions, prepulse inhibition of acoustic startle, male rats, animal model of behavioral gating, 24777
role of neocerebellum in voluntary shift of selective attention between sensory modalities, 4564

sensorimotor gating assessed by prepulse inhibition, 29–63 yr olds with obsessive compulsive disorder, 33689
spatial gating, movement perception of gratings in apertures, adults, UK, 20227
spinal interneurons' relay vs muscle activation functions during movement, conference presentation, 24694
yohimbine, sensory gating, male rats, implications for sensory processing in schizophrenia, 28781
Sensory Gating—Chapters
Neural dynamics of adaptive timing and temporal discrimination during associative learning, 47601
Sensory Handicaps (Attit Toward)—Serials
attitudes toward deaf parents, 18–54 yr olds, 26376
perceived stressful situations in which disability turns into handicap, adults with hearing disabilities, Sweden, 30258
Sensory Integration—Serials
characteristic sensory integration operation of cerebellum across components of motor behavior, conference presentation, 24651
efficacy of sensory integration treatment assessed by combining data from 2 prior studies, 5.2–8.6 yr olds with learning difficulties, Canada, 38456
integration of olfactory & tactile & visual aesthetic cues of appearance, impression formation for fabrics, female college students, implications for consumer behavior, 28171
maternally produced stimulus during gestation & labor & delivery & prenatal exposure within intrauterine environment, sensory experience, prenatal & newborn rat pups, 24610
model of communication between & interplay of audition & vision in identification of out of sight sound source, 16127
model of dynamic integration in visual system organized into streams for form & color & motion, 20231
prolonged tactile stimulation to forearm, spatial sensitivity of anomalous sensory feedback, college students, implications for neural reorganization, 36059
sensory integration treatment, academic & motor performance, 4.8–13 yr olds with or at risk for learning disabilities, research review, 23205
sensory integrative approach to treatment, self injurious behavior, profoundly mentally retarded 41 yr old female, 34438
sensory reorganization & perceptual plasticity & emergence of phantom limb following arm amputation, female 42 yr old with carpal tunnel syndrome, 38713
static head orientation & position relative to axis of body rotation, vestibular-optical reflex adaptation, 22–47 yr olds, 39976
visual feedback & intersensorimotor integration, skilled aiming movement, 5–6 vs 8–9 vs 11–12 vs 20–30 yr olds, 25116
Sensory Integration—Books
The merging of the senses. Cognitive neuroscience, 28466
Sensory Neurons [See Also Auditory Neurons, Baroreceptors, Chemoreceptors, Cones (Eye), Mechanoreceptors, Nociceptors, Photoreceptors, Proprioceptors, Rods (Eye), Taste Buds]—Serials
action of capsaicin on sensory neurons & in vivo antinociception, 16764
anesthesia, responses of trigeminal brain stem neurons & digastric muscle to painful electrical stimulation of tooth pulp, male cats, 28575
background illumination & intensity, time course of gain adjustment & light adaptation in responses of horizontal cells of retina, cats, 40444
background luminance & light intensity, lateral spread of light adaptation signals in retinal horizontal cell responses, cats, 40443
continuous tonal maskers, multiplicity of inputs in afferent path to & responses of primary auditory cortex neurons across frequency ranges, cats, 24700
current perspectives on complex interconnections between sensory neurons & systems & memory process, 16536
eccentricity, speed & direction selectivity of middle temporal neurons, macaques, 28585
electrical stimulation of peribrachial region of reticular formation, timing & amplitude of visual evoked discharge of lagged vs nonlagged cells of lateral geniculate nucleus, cats, 16622
ethanol, NMDA mediated neurite growth in sensory neurons from dorsal root ganglia in vitro, 8 day old chick embryos, 32610
extracellular stimulation of cerebral ganglia, switching of quiet swimming to hunting behavior or active avoidance or passive defense, sexually mature pteropod molluscs, 12563
light stimulus intensity, neural visual adaptation, male young vs adult vs aged rats, 32451
line contrast & length & duration of motion, motion sensitive units involved in direction discrimination for lines, adults, 40389
low voltage activation & calcium channel blockers, action potential latency & other membrane properties of touch vs pressure sensory neurons in spinal cord, lampreys, 32484
moving disks vs computer generated vs video images, selective response of descending contralateral movement detector neuron, locusts, 20576
moving stimuli applied to nonoverlapping skin sites within receptive field, processing of directional information by direction invariant & variant primary somatosensory neurons, monkeys, 40360
multigene family encoding odorant receptors on olfactory sensory neurons, implications for olfactory information processing, conference presentation, 44364
neurophysiological vs psychological functional theoretical approaches to goal directed activity vs reactivity in peripheral sensory neurons, 28481
pattern induced flicker colors, phase dependent lateral interaction effect on activity of color opponent neurons, 22–28 yr olds, 16579
perceptual motion coherence & middle temporal visual area neural sensitivity, rhesus monkeys, 12618
resolution & contrast sensitivity & receptive field organization of primary visual cortex cells correlating with cortical layers & cytochrome oxidase, bush babies, comparison with macaques & cats, 28497
role of proprioceptive information in production of isometric force pulses & handwriting & drawing, 42 yr old with loss of large sensory myelinated fibers, 42103
sensory data encoding & information transmission & computational reliability in spiking neurons, 20660
substance P theory & role of ocular sensory nerve pathways in pain transmission, patients with cluster headache & normal adults, 26208
taste discrimination by neural networks in response patterns of rat chorda tympani fibres & cortical taste neurons, implications for taste neuron coding, 39648
velocity & contrast & size in approaching vs receding image cues, visual detection & descending contralateral motion detector neuron response, locusts, 20585
Sensory Neurons [See Also Auditory Neurons, Baroreceptors, Chemoreceptors, Cones (Eye), Mechanoreceptors, Nociceptors, Photoreceptors, Proprioceptors, Rods (Eye), Taste Buds]—Chapters
Detector mechanisms of perceptions and emotions, 8847
Inferior temporal cortex: Neuronal properties and connections in adult and infant macaques, 16604
Snails' tales: Initial comparisons of synaptic plasticity underlying learning in Hermissenda and Aplysia, 12567
Sensory Pathways [See Afferent Pathways]
Sentence Comprehension—Serials
age & semantic appropriateness of read vs heard sentences, contextual priming & amplitude & latency of early & late EPs underlying language comprehension processes, 5–26 yr olds, 17033
appropriate vs anomalous final word of sentence, neurobiology of & EPs in sentence & language processing, language impaired 8–10 yr olds with reading disability, 38075
associative relatedness of words, information incorporation & sentence processing, mentally retarded adolescents & adults, 6165
cerebral blood flow in anterior cingulate cortex during attention & sentence processing tasks, 38–73 yr olds with vs without Parkinson's disease, 22360

conceptually plural antecedents & plural verbs & pronouns, naturalness & comprehension of conceptual anaphors & reading time, college students, Spain, 9036
content familiarity & concreteness & comprehensibility & interest, sentence recall, college students, 36182
contextual information, parsing strategies in sentence reading processes, college students, 24411
fixation on informative part of long target words, parafoveal guidance & priming effects in sentence comprehension task, college students, 32135
global causal inference making & mental operations during comprehension, explanatory coherence & talking aloud during reading of sentences & working memory, college students, 44167
grammatical modification of spoken sentences, comprehension, foreign adults learning Dutch as 2nd language, Netherlands, 9051
impairment of sentence comprehension & appreciation of mass vs count quantifiers, nondemented patients with Parkinson's disease, 38245
interpretation of threat in ambiguous sentences, college students with high vs low trait anxiety, 29438
lexical & semantic processing, sentence plausibility & meaning, college students, 5012
lipreading &/vs listening &/vs fingerspelling &/vs signed English presentations, sentence matching, severely vs profoundly deaf 10–17 yr olds, 22438
modularity of sentence processing in locating "wh" gaps in semantically implausible "wh" phrases, college students & research assistants, 44785
noninflectional linguistic cues, RT in sentence interpretation, native Chinese speaking adults, 44790
order of multiple connectives & category membership of connected arguments, interpretation of sentences, college students, Israel, implications for computer system design, 44055
phonological storage capacity & other language processing modules, sentence comprehension, female brain damaged patient, case report, implications for short term memory, 38267
preference choices for verb types & their complements, sentence processing, college students, 28847
prior expectation, natural language quantifier interpretation, college students, Scotland, 36944
script typicality & abstraction & hierarchical or temporal order & context, sentence comprehension, hearing adults, Sweden, application of script activation model, 44108
semantic cue word generation & sentence comprehension test sensitivity to verbal communication breakdown, patients with Alzheimer's disease, Italy, 42047
semantic integration of sentences & memory for object noun, mentally retarded adolescents, 14076
sentence naturalness, interpretation of conceptual vs matched plural anaphors, college students, 9064
task demands, plausibility judgments & decision processes & classification & asyntactic comprehension in sentence processing, aphasic 65–72 yr olds, case reports, 46045
theories of sentence processing not using empty categories, commentary, 40744
theories of sentence processing not using empty categories, commentary, 40745
theories of sentence processing not using empty categories, commentary reply, 40751
transfer in sentence processing, 19–44 yr old early vs late Chinese-English vs English-Chinese bilinguals, 16276
verb specific syntactic subcategorization constraints, complementizer effect in sentence processing & complementizer naming & reading time & eye movements, college students, 32171

Sentence Comprehension—Chapters

Cues as functional constraints on sentence processing in Chinese, 16320
Parallel constraint satisfaction as a comprehension mechanism, 19870

Sentence Structure—Serials

anchoring effect in judgments of sentence grammaticality, female college students, Japan, 9062
center embedded vs right branching relative clause structures in lexical decision vs sentence repetition, syntactic processing ability & RT, 20–29 vs 60–89 yr olds, 32856
grammatical or ungrammatical yes/no vs "wh" questions, EPs in syntactic displacement of constituent to beginning of clause or sentence & processing of unbounded dependencies, 18–31 yr olds, 36607
illness severity, syntactic complexity of written sentences, 72–77 yr olds with possible Alzheimer's disease, 30204
lexical & semantic processing, sentence plausibility & meaning, college students, 5012
modal particle in sentence, interpretation of forcefulness, adults, Netherlands, test of social choice theory, 36943
modularity of sentence processing in locating "wh" gaps in semantically implausible "wh" phrases, college students & research assistants, 44785
order of multiple connectives & category membership of connected arguments, interpretation of sentences, college students, Israel, implications for computer system design, 44055
patterns of sentence production & language disruption, 55 yr old left handed female stroke victim, case report, commentary reply, 14265
patterns of sentence production & language disruption, 55 yr old left handed female stroke victim, case report, commentary, 14272
prior knowledge vs explicitness vs clause order, comprehension of causal relationships in text, 5th & 6th graders, 9186
prosodic cues, minimal attachment of word to developing phrase structure & resolution of ambiguities in spoken language comprehension, adults, England, 4323
range of clause types in language experience vs eclectic vs remedial reading schemes, K–6th graders, implications for grammatical development, 27439
reading time for sentences with subordinate clauses, comprehension, English- vs Spanish-speaking college students, 8301
semantic variables of sentence, verification RT distribution in semantic memory, college students, 20314
sentence article type & object transportability & animacy, mental model of location based organization preferences, college students, 16287
sentence structure & subject strategy & working memory, errors in solution of verbal problems, adults, Australia, 44063

Sentence Structure—Chapters

Self-correcting connectionist parsing, 19867

Sentences—Serials

age & passage of time, immediate vs final free recall for action events vs sentences vs nouns, 17–30 vs 60–80 yr olds, 362
amplitude comodulation, auditory object formation & grouping together of simultaneous components of speech signal in sentence perception, 18–34 yr olds, 16223
argument against positivist definition of sentence as ideal string of words & linguistic datum based on isomorphic competence performance distinction, 21114
causal attributions, judgment of typicality of events in sentences, students, 21498
conditional sentences in narrative vs descriptive vs expository discourse, 823
distinctiveness of bizarre imagery, immediate vs delayed recall of sentences, college students, 20327
list vs sentence context & lexical priming & sentence meaning, bias in word identification & associations & nonword conversion, college students, test of modular &/vs interactive models, 16286
prosodic structure, sentence meaning & recognition, college students, 40126
sensitivity of virtual N400 & slow wave & other components of EP to semantic incongruence of auditory sentences, 25–38 yr olds, 20667
sentence & event processing therapy, poststroke dysphasic female, case report, 39056
sources of variability in speechreading sentences, 16–37 yr olds, application of generalizability analysis, 272
syntactic vs semantic anomaly in sentences, cortical EPs, 18–25 yr olds, 24772

syntactically compatible vs incompatible verbs in sentences, conceptual vs verbatim regeneration in short term recall, college students, 24465
viewing of videotaped sentences in isolation vs following why questions, speechreading, hearing impaired 38–79 yr olds, assessment & therapeutic implications, 42120
Sentencing [See Adjudication]
Separation (Marital) [See Marital Separation]
Separation Anxiety—Serials
anxious attachment, discrimination of psychiatric status, psychiatric outpatients vs nonpatients, Canada, 45415
diagnostic criteria & behavioral interventions, children with school phobia vs separation anxiety, 14566
hypnoanalytic regression, anger & separation anxiety due to separation from God at conception, Mormon 40 yr old female, case report, 38626
mislabeling of panic attacks as asthma, female 32 yr old with history of separation anxiety, case report, 37807
parental caregiving style & childhood separation anxiety & anxious ambivalent attachment style as risk factor, agoraphobic patients, meta analysis, 21863
personality & attachment & marital adjustment, effects of short separation from partner on distress, female flight attendants, 17316
prevention of harmful effects of limbo during separation from family, children in child welfare placement, 7109
separation anxiety & covert hostility content of dreams & screen memories & life situations, patients with panic disorder, 37789
sex of 2nd child & sibling dyad, separation anxiety, employed 2nd time mothers, 25406
team approach to school based behavioral treatment of school phobia & separation anxiety, male 3rd grader, implications for school based bond paradigm, 31428
theoretical considerations & psychodynamically & behaviorally oriented interventions, missionary children with separation anxiety disorder, 42200
Separation Anxiety—Chapters
Childhood depression, 26567
Children with separation anxiety disorder, 5959
Critical conceptual issues in the analysis of separation-distress systems of the brain, 28570
A dimensional analysis of a pictorial experimental paradigm measuring children's developmental anxieties, 15910
Separation anxiety disorder, 41651
The use of two houses in play therapy, 46273
Separation Individuation—Serials
attachment to & utilization of transitional object, separation behaviors, 18–36 mo olds observed during daily separation from caregivers, 33005
construct validity of Separation Individuation Test of Adolescence, assessment of separation individuation & family functioning & psychological adjustment, college students, 19986
depression & anxiety & adjustment & separation individuation, college students, 17759
differentiation & emotional cutoff from family & anxiety, female college students from divorced families, 21381
emotional autonomy & perceived support from parents, adjustment, 14–18 yr olds, 32967
home leaving status & family functioning & separation individuation & cognitive processes & personality, prediction of adjustment, college freshmen, 15471
L. Marcher's somatically based theory of human & psychomotor development & body psychotherapy & individuation & mutual connection, interview, 6485
parental sex role orientation, individuation, 18–22 yr olds, 5452
problems encountered in course of separation from spiritual teacher or guru, disciples, 9380
psychiatric outpatient treatment program, separation conflict, adolescents with volatile inhalant abuse & their families, Germany, conference presentation, 27158
psychoanalytic developmental model of fixation during separation individuation & relation to Alcoholics Anonymous, addicted patients, 33854
psychoanalytic perspective on sibling dynamics & separation individuation issues & sister transference & countertransference, adult female psychiatric patient, 46197
self & other differentiation as measured by human figure drawing, 11.8–17.5 yr olds with bipolar disorder & psychotic features vs schizophrenic vs schizoaffective vs conduct disordered patients, 37600
separation & individuation & autonomy vs dependency issues in psychotherapy supervision, supervisors & trainees, 3208
separation & mourning in transference in brief psychotherapy, adjustment to suicide of family member, clients, 10504
separation individuation & borderline personality characteristics & diagnosis, psychiatric inpatients, UK, 1793
separation individuation & Oedipus complex & other psychocultural issues, analysands from Confucian societies, 10629
separation individuation, gender identity development & depressive configurations, male vs female college students, 29289
separation individuation issues, symptoms of restricting anorexia nervosa vs bulimia, female college students, 45872
sexuality & aggression in development & separation from parents, adolescents, 28987
theoretical constructs & development & reliability & validity of self report measures of parent adolescent attachment &/vs separation individuation, 31826
transference & countertransference & separation individuation & ability to love, 45 yr old impotent male analysand, 2594
Separation Individuation—Chapters
The adolescent individuation process, 5244
Septal Nuclei—Serials
amygdala vs septal vs hippocampal injection of NMDA vs cholinergic muscarinic vs GABA-A receptor agonists vs antagonists, retention, male rats, 8916
anxiolytic effects of electrolytic vs kainic & quisqualic acid lesions of posterior septum, behavior in elevated plus maze & shock probe burying tests, male rats, 4610
electrical stimulation of medial preoptic area isolated from septum by roof cut, lordosis reflex, female rats, 40416
fimbria stimulation, negative wave components of long term potentiation in lateral septum, male mice, 36602
in vivo intraseptal muscimol vs bicuculline, septo-hippocampal cholinergic activity during spatial working memory performance, male mice, 12772
intraseptal cholinolytics, hippocampal rhythmic slow activity, male cats, 32627
intraseptal GABA or benzodiazepine receptor ligands, high affinity choline transport in hippocampal synaptosomes, male rats, 32713
involvement of pathways connecting septal region & hippocampal formation in memory, male 25 yr old with amnesia following arteriovenous malformation in left ventricle, case report, 18423
lesion of left cerebellar interpositus nucleus, medial vs lateral septal nuclei activity during classical conditioning of nictitating membrane & eyelid, male rabbits, 4603
linopirdine, retention of inhibitory avoidance & acquisition of spatial discrimination & locomotor activity, septal lesioned male rats & mice, animal model of Alzheimer's disease, 24853
medial septal area muscimol, long vs short term memory in inhibitory avoidance & water maze place learning & rewarded alternation, male rats, 12847
medial septal lesion, operant delayed vs undelayed go/no go discrimination & memory, male rats, 12533
medial septal lesion, spatial vs nonspatial working memory, male rats, 40378
medial septal lesion, T maze acquisition & hippocampal acetylcholinesterase, male rats, animal model of age related cholinergic & memory dysfunction, 28520
medial septal morphine with vs without systemic vs intraseptal glucose, spontaneous alternation & inhibitory avoidance, male rats, 20964
medial septum & mammillary body lesions, memory of serial position, male rats, 40369

medial septum lesions, long term potentiation in commissural or mossy fiber & CA3 pathways & working spatial memory & hippocampal & fimbrial acetylcholinesterase, male rats, 24673
medial vs dorsolateral septal nuclei lesions, reference & working memory in place & cue radial maze task & hippocampal theta, rats, 16563
microdialysis vasopressin vs vasopressin antagonists into septum during behavior test, acquisition of pole jumping behavior, male rats, 8893
morphological properties of septal synaptic contacts in hypothalamic aggression region, rats, 36475
MRI study of incidence & size of cavum-septum pellucidum, schizophrenic patients vs affective patient controls, 41581
pretraining vs posttraining muscimol in medial septal area, retention in place learning & inhibitory avoidance task, male rats, 16834
septal &/vs raphe cell grafts, hippocampal choline acetyltransferase & choline & serotonin & behavior, septohippocampal lesioned rats, implications for treatment of neurodegenerative diseases, 8620
septal lesions, higher order conditioned taste aversions, male rats, 24662
transmission of galanin fragments in medial septal area, hippocampal theta & choice accuracy in working memory task, male rats, 4582
vasopressin & oxytoxin in septum, social recognition of intruder, male rats, 8958
Septum [See Septal Nuclei]
Sequential Learning—Serials
cognitive research & recommendations for updating elaboration theory model of sequencing & organizing educational courses, 19505
cognitive research & recommendations for updating elaboration theory model of sequencing & organizing educational courses, commentary, 19486
discriminability & sequential priming, RT & choice & detectability during visual search, pigeons, 432
scopolamine & MK-801 & NMDA, repeated learning acquisition paradigm, male rats, 8882
sequence learning & production, mentally retarded female 45 & 61 yr olds, 45850
Sequential Learning—Books
Mechanisms of implicit learning: Connectionist models of sequence processing. Neural network modeling and connectionism, 43617
Serial Anticipation (Learning)—Serials
obstacle proximity, anticipatory limb adjustments during locomotion, 20–31 yr olds, 44047
Pavlovian stimulus & reinforcer contingencies vs anticipatory sequence effects, behavioral contrast, pigeons, 4454
serial pattern learning by motor responding vs observation, college students, 4383
symptoms during panic attacks & anticipation of consequences, 18–61 yr olds with panic disorder with vs without agoraphobia, 33687
Serial Learning [See Also Serial Anticipation (Learning)]—Serials
cued response speed accuracy trade off, relative judgment of recency & serial retrieval processes in short term recall of order information & RT, college students, 44153
distraction, attentional vs nonattentional sequence learning & transfer in serial RT task, adults, 16334
distributed presentation of visual stimuli, recency effect on serial recall task, college students, replication, 16347
environmental context & number of lists before vs after critical list, serial learning in proactive vs retroactive interference, college students, 20313
formation of sequence classes in stimulus order training, 9–10 yr olds & adults, 28961
hippocampal &/vs amygdala lesions, acquisition of serial pattern, male rats, 44392
interpolation of irrelevant spoken word between successive digits, disruption of serial recall in auditory digit span test, 19–57 yr olds, 44129
intralist distractor task, disruption of forward vs backward serial recall, college students, implications for theory of distributed associative memory, 44150
list learning & phylogeny & ontogeny of serial memory, pigeons & monkeys, 40262
medial septum & mammillary body lesions, memory of serial position, male rats, 40369
negative priming, CRs in serial conditioning procedure, rats, 16442
ordered series of 5 olfactory stimuli, inference about novel stimulus pair, rats, 12353
phonological & categorical similarity of words in list, long term memory for word order in incidental learning tasks, college students, 20319
phonological similarity of visual letter sequences, immediate serial recall during simple vs complex rhythmic finger tapping, college students, 36243
primacy & recency effects in serial recognition task, rhesus monkeys, implications for role of initiating response, 4446
reading &/vs generation of items in word list, reconstruction & free recall & incidental learning of items & long term retention of serial order, college students, 40189
reliability & temporal stability & predictive validity & subset analysis of serial averaging approach in performance testing, college students, comparison with data from soldiers, 7919
routine word associations, online serial task completion, frontal lobe damaged patients, 38232
segmentation of pitch glide stimulation vs synthesized vowel sounds & subsequent changing state effect, visual short term serial recall, college students, 40168
serial recall of lipread vs auditory vs audiovisual memory lists with vs without verbal suffix, recency effect & disruption by suffix, college students, Netherlands, 16335
short term memory for order & item information in delayed matching-to-successive-samples paradigm, pigeons, 36339
song model exposure frequency, serial order effect on song acquisition, male nightingales, 20428
spatial cues, judgments of temporal order for digits presented to right vs left visual field, college students, 32141
TODAM2 model of storage & retrieval of item & associative & serial order information, 28317
tone sequences vs speech pitch, visual serial recall & phonological coding in working memory, adults, 20312
transfer of conditional stimulus control & classification in sequence learning, 8–9 yr olds, 977
transfer of serial relations in loudness pattern discrimination, European starlings, 4442
transposition of letter sequence, RT & errors in short term memory performance, college students vs elderly, 887
verbal short term memory for serially ordered lists, application of network model of articulatory loop, 4372
Serial Learning [See Also Serial Anticipation (Learning)]—Chapters
Serial organization in a distributed memory model, 381
Serial Position Effect [See Also Primacy Effect, Recency Effect]—Serials
display durations & verbal load & serial position & visual suffix, span of apprehension, college students, Canada, implications for visual working memory, 44139
immediate vs delayed recall & recognition & retention of primacy vs recency regions of word list, adults with Huntington's vs Alzheimer's disease, 30218
medial septum & mammillary body lesions, memory of serial position, male rats, 40369
order position, beverage taste ratings & intention to buy, 13–20 yr olds, 3782
primacy & recency effect in verbal free recall & standardized norms for serial position curve, normal 40–90 yr olds & 40–79 yr olds with Alzheimer's disease vs amnesia vs frontal lobe damage, Italy, 18355
retention interval, memory for serial lists of pictures, 25–35 vs 65–75 yr olds, 44880
semantic animacy & prosody & phonology & metrical word length, serial position & syntax in grammatical structure, college students, 28840
serial position & primacy & recency effects on working memory & statistical variability, animals, 437
serial position in presentation of exemplars, research on verbal description of music prototypes, implications for neural networks, 4278

song model exposure frequency, serial order effect on song acquisition, male nightingales, 20428
temporal or serial order of unpredictable visual events, short term memory & judgments of recency, monkeys, animal model of order memory, 24534
tone pattern frequency vs intensity vs duration vs serial position, short term acoustic recognition memory, 23–41 yr olds, 24466

Serotonin—Serials

ACTH &/vs adrenalectomy, 5-HT-2 receptor mediated wet dog shakes & receptor binding sites in forebrain neocortex, male rats, 723
acute tryptophan depletion & serotonin dysregulation, symptom worsening, autistic female 35 yr old, case report, 45800
acute tryptophan depletion, exacerbation of depression & body dysmorphic disorder, female 42 yr old receiving 5-HT reuptake inhibitors, letter, 10652
acute vs chronic swim exercise, cortical vs hypothalamic vs hippocampal vs brain stem 5-HIAA & 5-HT metabolism & synthesis & turnover, male rats, 24666
acute vs subchronic atypical neuroleptic 3-PPP vs clozapine vs sulpiride vs haloperidol, dopamine & serotonin turnover in nucleus accumbens vs corpus striatum, male rats, 36742
advances in 5-HT pharmacology, implications for psychiatry, conference presentation, 16776
age & strain & anesthesia, response to serotonin as noxious stimulus, Sprague-Dawley vs Wistar-Kyoto vs hypertensive rats, 4601
allopurinol or fluoxetine, sensitivity to psilocybin or LSD induced hallucinations, hallucinogen abusing male 38 & 40 yr olds, 18029
alprenolol vs practolol vs n-trifluoro-methylphenyl piperazine vs 8-hydroxy-2-di-n-propylamino tetralin, sexual behavior, male rats, 4788
altered serotonergic activity, females with dysphoric PMS, literature review, 41541
amitriptyline vs clovoxamine, cognitive performance, depressed outpatients, 14732
anatomic location & neurochemical characterization of 5-HT containing neurons & inhibitory postsynaptic potentials of ganglion cells, lobsters, 44497
anpirtoline, light dark aversion & 5-HT receptor affinity, male mice, implications for anxiolytic-like potential of anpirtoline, 44679
antidepressant paroxetine radioligand measured 5-HT uptake sites in postmortem frontal & cingulate cortices & hypothalamus, 16–75 yr old suicide victims, 25888
antidepressants & metabolites, blockade of dopamine & norepinephrine & serotonin uptake in brain synaptosomes, male rats, 28673
antidepressants, 3H-cyanoimipramine binding in limbic & neocortical serotonin uptake sites, male rats, 32649
autoradiographic mapping of 5-HT uptake sites & receptors, postmortem brains of 27–82 yr olds with schizophrenia, 37740
benzodiazepine vs tricyclic antidepressant pretreatment vs escapable shock, prevention of learned helplessness & in vivo frontal cortex 5-HT following escapable stress, male rats, 20958
bifemelane, discrimination learning, serotonin deficient male rats, 4884
binding of serotonergic ligands to brain 5-HT1 & 5-HT2 & 5-HT3 receptors, alcohol preferring AA vs alcohol avoiding ANA male rats, 16558
blood plasma from 28–41 yr old females with PMS, serotonin uptake in brain synaptosomes, male rats, 8614
blood 5-HT & cognitive functioning, autistic probands & their parents & siblings, 33917
blood 5-HT, cortical synaptosomes & blood platelet 5-HT-2 receptor binding, 22–29 yr olds & epileptic 7–44 yr olds, Germany, 26266
brain 3H-imipramine & 3H-citalopram binding & serotonin innervation patterns, postmortem brains of 24–50 yr olds vs male rats, 24875
buspirone & other 5-HT receptor selective drugs, stimulus generalization, 1-3-trifluoromethylphenyl piperazine discriminating male rats, 20877
buspirone, patients with obsessive compulsive disorder refractory to fluvoxamine, 38567
cardiovascular effects of repeated dosing of paroxetine vs amitriptyline, depressed patients & healthy males, 14741
chlormethiazole or diphenylhydantoin pretreatment, serotonin induced behavioral syndrome, male rats, 16780
cholecystokinin receptor agonist devazepide, inhibition of 5-HT vs cholecystokinin induced anorexia, food deprived male rats, animal model of anorexia nervosa, 20850
chronic clozapine vs haloperidol, characteristics & binding of serotonergic 5-HT1C receptors in choroid plexus & striatal D2 dopamine receptors, rats, 4816
chronic clozapine vs haloperidol, 5HT1C receptor binding in choroid plexus, male rats, 36816
circadian rhythm of serotonin uptake by platelets & blood melatonin & serotonin & cortisol & prolactin, healthy male 27–35 yr olds, Sweden, 12660
citalopram, anxiety & aggressiveness & impulsiveness & neuroleptic doses, 28–57 yr olds with psychosis vs borderline personality disorder, conference presentation, 38557
citalopram, depressed elderly with or without vascular or Alzheimer's type dementia, 18732
citalopram dosage, depressed 19–72 yr olds, 18758
citalopram dosage, relapse after change to placebo, depressed patients, 18759
citalopram, intended & unintended effects, depressed patients, meta analysis, 18702
citalopram vs traditional tricyclic antidepressants, patients with major depressive disorder, 42455
citalopram, 25–49 yr olds with panic disorder with or without agoraphobia, 18740
clinical & physiological & psychopathological characteristics, platelet 5-HT during withdrawal & abstinence, 18–66 yr olds with alcohol abuse or dependence, 37918
clinical pharmacology of paroxetine, 14698
clomipramine induced myoclonus & serotonin syndrome, depressed male 30 yr old, letter, 10695
clomipramine or fluoxetine or fluvoxamine, male 18–58 yr olds with paraphilias or sexual addictions or obsessions, 10726
clomipramine or lofepramine, peripheral noradrenergic & serotonergic function, patients with panic disorder, 22696
clomipramine vs selective 5-HT reuptake inhibitors, obsessive compulsive disorder, conference presentation, 18722
clomipramine with vs without lithium, platelet adenylate cyclase activity & serotonergic functioning, depressed patients, 26762
clozapine, 5-HT2 & dopamine D2 receptor occupancy, 22–47 yr olds with schizophrenia or schizoaffective disorder, 46492
CNS serotonergic neurotransmission, depression & antidepressant drug treatment, conference presentation, 17760
cocaine, regional brain norepinephrine & dopamine & serotonin & their metabolites, male mice, 20869
cognitive & psychomotor effects of paroxetine, healthy adults & elderly & patients with major depression, 12794
combined nortriptyline & 5-HT reuptake inhibitor with vs without concurrent lithium, 36–84 yr olds with resistant recurrent depression, 14728
combined nortriptyline & 5-HT reuptake inhibitor with vs without concurrent lithium, 36–84 yr olds with resistant recurrent depression, commentary, letter, 46524
combined nortriptyline & 5-HT reuptake inhibitor with vs without concurrent lithium, 36–84 yr olds with resistant recurrent depression, commentary, letter, 46430
combined nortriptyline & 5-HT reuptake inhibitor with vs without concurrent lithium, 36–84 yr olds with resistant recurrent depression, commentary reply, letter, 46515
CSF & urine & platelet serotonin & other monoamines, suicide behavior, hospitalized patients, Sweden, 45678
CSF 5-HIAA & prolactin response to fenfluramine vs platelet 5-HT-2 receptor binding, depressed inpatients with vs without history of suicidal behavior, 1681
d-AP159 vs buspirone, anticonflict activity, male rats with intradorsal raphe lesions of serotonergic neurons, 21013
death rate from self poisoning with physician prescribed antidepressants & relation of serotonin levels to suicide attempts, depressed patients, 17935

desglycine arginine vasopressin vs ACTH4-7 pro-gly-pro vs dalargin vs learning of 2 way avoidance conditioned reflexes, left vs right brain norepinephrine & serotonin, female rats, translated article, 4591
desipramine vs sertraline vs fenfluramine vs clomipramine vs fluoxetine, dogs with chronic canine acral lick dermatitis, animal model of obsessive compulsive disorder, 8960
desipramine, 5-HT vs morphine vs adenosine analog induced spinal antinociception, male rats, 4917
desmethylimipramine & propranolol, brain beta adrenergic & 5-HT-2 receptors, male rats, 36828
development of brofaromine & moclobemide & other reversible MAO inhibitors, tyramine potentiation & therapeutic efficacy & 5-HT reuptake inhibition, animals & humans, 25006
development of drugs selective for serotonin receptor sites for therapeutic action, conference presentation, 6796
development of selective serotonin reuptake inhibitors & reversible MAO inhibitors for treatment of depression, 18776
development of selectively active drugs for & physiological & biochemical role of 5-HT3 receptor in mammalian brain, 28662
dexfenfluramine, brain 5-HT & weight gain, pregnant rats & their offspring, 4910
diazepam vs ipsapirone vs putative anxiolytic, extracellular 5-HT & 5-HIAA in ventral hippocampus during elevated X-maze behavior, male rats, 21048
dimensionality & role of serotonergic dysfunction in suicidal behavior & self mutilation & trichotillomania, 9965
discriminative stimulus effects of anpirtoline, male rats, 24989
dosage of sertraline, CNS effects & therapeutic window, male 21–29 yr olds, 20884
ECS, serotonin 1A receptor binding in cerebral cortex & hippocampus & hypothalamus & 8-OH-DPAT induced hypothermia, male rats, 16584
ECT, platelet serotonin uptake, 30–70 yr olds with bipolar disorder, Italy, 46565
electric foot shock vs conditioned fear stress, brain 5-HT & tryptophan & 5-HIAA & defecation & freezing behavior, male rats, 36521
endogenous 5-HT & multiple 5-HT3 antagonists, cocaine induced hyperactivity, male rats, 21011
ethanol, extracellular dopamine & serotonin in nucleus accumbens, high vs low alcohol drinking rats, 12915
ethanol, release & metabolism of dopamine & 5-hydroxytryptophol in vivo, male rats, animal model of alcoholism, 601
feeding &/or copulatory behavior, medial preoptic area of dopamine & 5-HT & 5-HIAA & DOPAC, male rats, 40374
fenfluramine challenge, plasma prolactin as indicator of 5-HT receptor hypersensitivity, 21–50 yr olds with panic disorder, Australia, 45543
fluoxetine prior to recreational MDMA, serotonergic mechanisms underlying subjective effects & neurotoxicity, 23–45 yr olds, 45737
fluvoxamine & tryptophan depletion, serotonin dysfunction, male 55 yr old with Parkinson's disease & major depression, case report, 14714
fluvoxamine, obsessive compulsive disorder, conference presentation, 18760
fluvoxamine, platelet & plasma serotonin, 25–62 yr olds with major depression, 10664
fluvoxamine, whole blood serotonin & platelet numbers, patients with mood disorders, letter, 30472
hypothalamic serotonin agonists & 5,7-dihydroxytryptamine, regulation of lordosis, female rats, 44567
icv 5,7-dihydroxytryptamine cortex lesions, GABA & 3-alpha, 5-alpha-tetrahydrodeoxycorticosterone induced cortical chloride uptake, adrenalectomized vs intact male rats, 769
impairment of serotonin binding to lymphocytes & monocytes, 21–45 yr olds with tension type headache, 22200
in vivo rostromedial hypothalamic dopamine & 5-HT & DOPAC & 5-HIAA & spontaneous feeding, female rats, 20572
indeloxazine & its optical isomers, cerebral activation & EEG & selective 5-HT & norepinephrine uptake & passive avoidance learning & consciousness disturbances, male rats with or without concussions, 40673
interaction of S-adrenosylmethionine & clomipramine, serotonin syndrome, female 71 yr old with affective disorder, commentary, letter, 26745
interactions between stress hormones & sympathetic nervous system & hypothalamo pituitary adrenal axis & cerebral serotonergic systems, literature review, 32378
intrastriatal volkensin lesions, receptor binding & cellular localization of 5-HT1A & 5-HT2 receptors in neocortex, rats, 557
ip ethanol, regional brain dopamine & norepinephrine & serotonin & their metabolites, male mice, 12838
isatin, stress & serotonergic system response, rats, conference presentation, 4885
iv levotryptophan, prolactin response, depressed patients, commentary reply, letter, 10714
light therapy vs citalopram, female with seasonal affective disorder, case report, 26404
lisuride, serotonergic & dopaminergic action & drug discrimination & radioligand binding to 5-HT & dopamine receptor subtypes, male rats, 4841
lithium biochemistry & pharmacology, serotonergic signaling & synaptic & behavioral effects, animals, literature review, 4886
lithium, seasonal modulation of platelet serotonin uptake, 26–65 yr olds with affective disorders, 1 yr study, 6759
lithium, serotonergic response to acoustic stimuli, male rats, 4944
long term pretreatment with cocaine, serotonergic regulation of ACTH & secretion of corticosterone, male rats, 12905
LY 248686 vs LY 248685, in vivo & in vitro monoamine uptake & food intake, rats, implications for use as antidepressant, 21047
MDMA, long vs short term 5-HT2 receptor binding sites in frontal cortex, male rats, 20990
metachlorophenylpiperazine & desmethylimipramine, cortisol responses & relationship between serotonin & norepinephrine functioning, patients with major depression vs panic disorder, 9757
methiothepin & repeated fluoxetine vs dexfenfluramine vs zimelidine vs sertraline, frontocortical 5-HT release, male rats, 12779
mild stress with vs without moclobemide vs sleep deprivation, 5-HT-1C receptor initiated penile erection & depression, male rats, animal model, 36841
minaprine vs desipramine vs scopolamine vs IM/P/3/4, 4-aminopyridine or oxotremorine induced hypothermia, male mice, 4954
MK-801, ethanol discrimination, N/Nin vs 5-HT compromised Fawn-Hooded rats, 40669
molecular biology & clinical applications & behavioral effects of 5-HT receptor subtypes, conference presentation, 16549
morning bright vs dim light therapy, 24 hr rhythms of blood serotonin & serum melatonin, patients with major depressive disorder, Germany, 10756
morphine with vs without naltrexone, extracellular 5-HT & 5-HIAA in diencephalon, male rats, 28712
naphtylpiperazine 5-HT1A agonist S 14671, 5-HT1A receptor mediated activity, male rats & mice, 12839
neonatal chlorimipramine, decrease of 5-HT neurotransmission in raphe nucleus, rats, animal model of endogenous depression, 40706
neonatal 5,7-dihydroxytryptamine, maze learning & memory & number of 5-HT neurons of hippocampus vs medial & dorsal raphe nuclei, male rats, 12906
neuroanatomical & morphological characteristics of interaction between corticotropin releasing factor producing neurons & 5-HT axons in bed nucleus of stria terminalis, male rats, 4612
neuroendocrine markers of serotonin responsivity, patients with major depressive disorder & rats, 5843
norfluoxetine enantiomers, in vivo serotonin inhibition, male rats & mice, 16775

olfactory bulbectomy with vs without trazodone vs imipramine vs amytriptyline, 5-HT 2 & 5-HT 1A receptor binding in frontal cortex & limbic structures & hypothalamus, male mice, 40583
ondansetron antagonism of 5-HT3 receptor during fluvoxamine treatment, antiobsessional response, patients with obsessive compulsive disorder, 22760
parachlorophenylalanine induced 5-HT depletion, stress impact on corticotropin releasing factor & c-fos RNA expression in paraventricular nucleus & plasma ACTH & corticosterone, male rats, 40368
paraventricular nucleus 5-HT vs fluoxetine vs d-norfenfluramine vs ip metergoline, meal patterns & macronutrient selection, male rats, 40609
paroxetine, anxiety & agitation, depressed patients, 14682
paroxetine, endogenous & reactive & other subgroups of depression, 14716
paroxetine, patients with melancholia or severe depression, meta analysis, 26786
paroxetine vs amitriptyline, depressed 18–77 yr old outpatients, 14667
paroxetine vs amitriptyline, depressed 65 yr olds & older, 14694
paroxetine vs imipramine, outpatients with major depressive disorder, 14684
paroxetine vs imipramine, 18–65 yr olds with major depression, 46441
paroxetine vs lorazepam with vs without alcohol, cognitive function & psychomotor performance, healthy male 60–85 yr olds, 24912
paroxetine vs mianserin, sleep, depressed 65 yr olds & older, 14680
paroxetine vs placebo, depressed 18–65 yr olds, 38545
paroxetine vs placebo, 18–65 yr old outpatients with moderate to moderately severe depression, 14675
peripheral 5-HT, satiation in sham vs actual feeding, food deprived male rats, 20998
pharmacological profile & metabolism of citalopram & other selective serotonergic reuptake inhibitors, 16733
phenelzine or brofaromine, plasma 5-HT & 5-HIAA & relation to clinical improvement, 20–60 yr olds with major depressive disorder, 14674
piracetam, passive avoidance retention & brain norepinephrine & dopamine & serotonin & their metabolites, male albino rats, 4879
plasma concentrations of HVA & MHPG & 5-HIAA & symptomatology, schizophrenic 19–24 yr olds, 13790
plasma factor, platelet aggregation & serotonin uptake, patients with unipolar depression, 13732
platelet & whole blood serotonin, suicidal behavior & symptom severity & comorbid borderline personality disorder & aggression, depressed patients, 13731
platelet serotonin & amino acids, 5–14 yr olds with infantile autism, 38014
platelet serotonin & lymphocyte stimulation, immune function, male 19–65 yr olds with schizophrenia vs major depression, Croatia, 25715
platelet serotonin uptake & concentration, patients with panic attacks, 17858
platelet 3-H serotonin uptake, former alcoholic adults & their children & adult offspring, France, 29850
platelet 5-HT, hyperserotonemic & normoserotonemic mothers & fathers & siblings of autistic children, 41788
potassium chloride in frontal cortex & exposure to novel environment, forebrain 5-HT release, isolation vs socially reared male rats, 44381
predator induced stress, brain 5-HT & 5-HIAA & tryptophan, male bicolor damselfish, 36584
premenstrual vs postmenstrual po 5-HTP, blood cortisol & beta endorphin & 5-HIAA & 5-HTP & platelet 5-HT uptake, 18–45 yr old females with late luteal phase dysphoric disorder, 1625
probable akathisia induced by sertraline, female 18 yr old inpatient with major depression, letter, 46469
prolonged milnacipran, downregulation of adrenoceptors & uptake & accumulation of serotonin & noradrenaline, male rats, 12731
prophylactic lithium uptake rate of platelet 5-HT transport & relation to reductions in morbidity, depressed patients, 18696
propranolol vs LY 53857 5-HT blockade, lithium chloride mediated plasma epinephrine & norepinephrine & glucose, male rats, 12749
quipazine with vs without pirenpirone vs pizotyline vs pindolol, testosterone induced dominance & aggression, male rats, animal models, 4746
raphe serotonin neurons & MAO localization, postmortem brain stems of 66–93 yr olds with senile dementia of Alzheimer's type vs Parkinson's disease, Switzerland, 26276
recent advances in serotonin receptor biochemistry & agonist sumatriptan & other treatment strategies & mechanisms, patients with migraine, 26877
renaissance in serotonin pharmacology, new antidepressants & serotonergic mechanisms, 42490
replacement of human 5-HT receptor amino acid with rodent 5-HT asparagine, pharmacological variation, 20950
respiridone induced 5-HT & dopamine receptor occupancy in brain, healthy male 35 & 40 yr olds, Sweden, implications for treatment of schizophrenia, 44697
responsivity of platelet serotonin receptor complex, female 14–33 yr olds with bulimia or anorexia nervosa, conference presentation, 10181
ritanserin antagonism of 5-HT2 receptor during fluvoxamine treatment, antiobsessional response, patients with obsessive compulsive disorder, 22711
ritanserin, assessment of 5-HT2 receptor sensitivity & slow wave sleep, 27–52 yr olds with anxiety disorders, 13823
role of central serotonin in suicidal & impulsive aggressive behavior, 17898
role of serotonin in attention deficit hyperactivity & conduct & other disruptive behavior disorders, children, literature review, 33809
role of serotonin neurotransmitter system in & neurobiology of impulsivity & impulse control disorders, 33553
role of serotonin subtypes in eating disorders & sleep & thermoregulation & sexual behavior & anxiety & aggression & schizophrenia & depression, 1545
role of 5-HT in psychiatric disorders, conference presentation, 25656
role of 5-HT-1A receptors in pathophysiology of depression & action mechanism of antidepressants, animals & humans, 20948
sc buspirone, regional brain 5-HT & dopamine synthesis, female rats, animal model of buspirone action, 16875
sc cocaine, in vivo synaptic dopamine & 5-HT in ventral tegmentum & psychostimulant motor & other behavior in reinforcement paradigm, male rats, 4750
seasonal variations in 5-HT, 8–18 yr olds with obsessive compulsive disorder, reanalysis, letter, 37779
selective serotonin reuptake inhibitors, patients with depression or PMS or substance abuse or obsessive compulsive or panic or personality or eating or other disorders, 18705
selective serotonin reuptake inhibitors, patients with depressive disorders, conference presentation, 10678
serotonergic action of fluoxetine or citalopram or buspirone or ritanserin or ondansetron or chlordiazepoxide, alcohol & water intake, alcohol preferring male rats, 40625
serotonergic drugs, apomorphine induced locomotor activity, male rats, 36910
serotonergic influence from nucleus raphe obscurus on neurons in periaqueductal gray, male rats, 32410
serotonergic pathway lesions, choice between delayed positive reinforcers, female rats, 44449
serotonergic sequelae of low cholesterol & risk for violent death, multiple national cohorts, implications for cholesterol lowering drug therapy, 41667
serotonergic system, postmortem brains of suicide victims, 9917
serotonin & dopamine in pathophysiology of obsessive compulsive disorder & response to serotonin uptake inhibitors, conference presentation, 17849
serotonin & D2 receptor affinities of clozapine, 4868

serotonin agonist metachlorophenylpiperazine, hormonal temperature & behavioral responses & psychosis scores, male chronic schizophrenics vs healthy males, 9858
serotonin function & neuroanatomy of obsessive compulsive disorder, 25860
serotonin hypothesis of obsessive compulsive disorder symptoms & pathophysiology, conference presentation, 17867
serotonin hypothesis of suicide risk, research review, 17938
serotonin induced platelet protein kinase C activity & translocation during manic episode & lithium treatment, patients with bipolar affective disorder, 45440
serotonin receptors, sertraline induced food intake, male rats, 36781
serotonin reuptake inhibitor & antipsychotic, male 44 yr old with autism & Tourette's syndrome, case report, implications for relationship to obsessive compulsive disorder, 46491
serotonin vs methysergide in locus ceruleus & brachium conjunctivum, duration of hypnosis & flexor muscle contraction, male rabbits, 4820
sertraline following fluoxetine intolerance, 19–78 yr olds with major depression, conference presentation, 18709
serum antibodies against organ specific CNS antigen vs serotonin vs gangliosides, 20–70 yr olds with schizophrenia vs schizoaffective vs major depressive disorder, 25737
sex & preweaning vs nonhandling, latent inhibition & dopamine & serotonin turnover, adult rats, 4466
short vs long term ethanol & withdrawal, agonist stimulated phosphoinositide hydrolysis & 5-HT1A & 5-HT2 & alpha 1 adrenergic receptors in cerebral cortex, male rats, animal model of alcoholism, 24957
single vs chronic paroxetine, 5-HT induced head twitches & phosphatidylinositol hydrolysis in cortex & spinal cord, mice with vs without neonatal 5,7-dihydroxytryptamine, 40618
social interaction & elevated plus maze induced anxiety, GABA & 5-HT uptake, male rats, animal model of anxiety, 44399
sodium cromoglycate, brain serotonin turnover, morphine dependent vs abstinent mice, 44719
sodium valproate augmentation of fluoxetine or fluvoxamine, depressed female 67 & 80 yr olds with panic attacks or hypochondriasis, letter, 10666
SPECT assessed 5-HT2 receptors ligand uptake in brain, 18–68 yr olds with major depression, 37683
stimulus intensity dependence of auditory evoked N1/P2 component in auditory cortex, behaviorally relevant serotonergic neurotransmission, 32399
striatal activity of dopamine & serotonin & their metabolites, postmortem brains of 49–75 yr olds with Huntington's disease, 46069
sulpiride vs fluvoxamine, development of frontal lobe syndrome, male 42 yr old with obsessive compulsive disorder & Tourette's syndrome, letter, 18728
swim performance & retention & acetylcholine & serotonin dependent neocortical low voltage fast & hippocampal rhythmical slow activity, old rats, animal model of senile dementia & Alzheimer's disease, 28654
temporal pattern of brain 5-HT vs dopamine vs norepinephrine vs DOPAC, male rats on single diet vs food selection paradigms, 16661
terguride discrimination, central dopaminergic & serotonergic functions, male rats, 4966
tolerability & safety of optimal therapeutic dosage of paroxetine, depressed patients, 14697
tryptophan depletion paradigm, study of role of 5-HT in antidepressant action, depressed patients, conference presentation, 17753
unilateral dopamine depletion in neostriatum with vs without grafts, 5-HT hyperinnervation & rotational response, neonatal rats, 4627
uptake of serotonin into platelets & cognitive function, 65–87 yr olds with Alzheimer's disease, 42063
urinary MHPG & DST response to clomipramine & maprotiline, depressed 20–65 yr olds, Turkey, test of hypothesis of noradrenergic & serotonergic depressive subtypes, conference presentation, 33606
urine dopamine & 3-methoxytyramine & DOPAC & HVA & 5-HT, autistic 2–12 yr olds, France, 6133
visual hallucinations & 5 hydroxytryptamine receptors, patients with senile dementia, commentary, letter, 18364
vitamin E deficient diet, hippocampal monoamine & 5-HT turnover, female rats, animal model of vitamin deficiency disorder, 44389
whole blood 5-HT & platelet MAO activity & 5-HT2 receptor function, 22–56 yr olds with suicidal tendencies, 41697
zotepine vs clozapine vs risperidone vs haloperidol, central 5-HT2 receptors & 5-HTP induced head twitches, male rats & mice, 40542
3H-imipramine & 3H-paroxetine binding, assessment of platelet 5-HT uptake sites, depressed patients, 37696
4-methoxytranylcypromine vs tranylcypromine, brain & liver & heart A-MAO activity & pons-medulla & hypothalamus & hippocampus 5-HT, male rats, 765
5-carboxamidotryptamine or 5-methoxytryptamine, stimulation of 5-HT receptors & subsequent hindlimb scratching, male rats, 699
5-HT & dopamine interactions in schizophrenia & effects of atypical antipsychotic drugs, 41595
5-HT & parachlorophenylalanine & 5,7-dihydroxytryptamine, regional brain somatostatin-like & neuropeptide Y-like immunoreactivity, male rats, animal model of affective disorders, 20889
5-HT, activation of fine afferent units in medial articular nerve of normal vs arthritic knee joints, cats, 4813
5-HT activity in psychotic major depression, conference presentation, 17763
5-HT creatinine sulphate, food intake, male genetically obese vs lean mice, 36743
5-HT disturbance hypothesis of mood lowering in major depression, 37717
5-HT function in causation & treatment of depressive illness, 13718
5-HT function in schizophrenia, research review, 41578
5-HT lesions in fornix fimbria, latent inhibition of conditioned suppression, male rats, implications for hippocampal 5-HT terminal involvement, 40354
5-HT, locomotor & exploratory & operant & aggressive behavior & stimulus reactivity & perception & information processing, animals, implications for psychopathology, 4550
5-HT receptor ligand E-4424 vs diazepam vs buspirone vs ipsapirone, inhibition of behavioral response to aversive situation, mice vs rats vs marmosets, animal model of anxiety, 693
5-HT receptor recognition site density in postmortem amygdala & hippocampus, patients with Alzheimer's disease, 38213
5-HT receptor subtypes, aggression, rodents, animal models of serotonergic modulation of aggression, 12855
5-HT receptor subtypes, tolerance & cross tolerance to MDMA induced spatial pattern of locomotor activity & other motor behavior, male rats, 20825
5-HT release, norfenfluramine & fenfluramine induced locomotor & investigatory & other behavior, male rats, 44591
5-HT releasers vs antagonists at lumbar level, spontaneous tail flick elicitation, serotonergic neuron lesioned vs nonlesioned rats, implications for receptor mediating induction location, 28487
5-HT reuptake blockers or MAO inhibitors, patients with obsessive compulsive disorder with comorbid social phobia, 22697
5-HT reuptake inhibitor, contingent negative variation, depressed 20–65 yr olds with anxious agitation & impulsivity vs retardation & blunted affect, letter, 10711
5-HT reuptake inhibitors & other drug therapy, patients with borderline or schizotypal personality disorders, commentary, letter, 26757
5-HT system functioning, suicidal &/or impulsive aggressive behavior, patients with mood &/or personality disorders, 1591
5-HT uptake blocker vs antagonists, physostigmine induced yawning, 15 day vs 2 mo old male rats, 21025

5-HT-1A receptor activation, hyperbaric oxygen induced hypothermia, male rats, 36504
5-HTP & benserazide & chlorophenylalanine, positron emission tomography assessed brain uptake & utilization of beta-C5-HTP, healthy male 28–43 yr olds, 36860
5-HTP vs serotonergic agonists, 5-HT syndrome behaviors including forepaw treading vs hindlimb abduction vs headshakes vs resting tremors vs vocalizations, 3–28 day old vs adult rats, 4874
5,7-dihydroxytryptamine induced central serotonergic depletion with vs without dextroamphetamine or beta carboline FG-7142, exploratory & motor behavior, male rats, 20913
5,7-dihydroxytryptamine induced depletion of brain 5-HT, paraventricular nucleus norepinephrine induced food intake, male rats, 20836
8-OH-DPAT, in vivo striatal release of 5-HT, male rats, 16799
8-OH-DPAT vs raphe nucleus lesion vs parachlorophenylalanine, anxiolytic effect during elevated plus maze & shock probe burying tests, male rats, 36896
Serotonin—Chapters
Effects of prolonged stress on the activity of monoaminergic systems in the anterior hypothalamic area of ewes during the early and mid periods of seasonal anestrus, 8811
Long-term pharmacological treatment of obesity, 6818
Regulation of [[superscript]3H]-ketanserin and [[superscript]3H]-clonidine binding sites in the rat frontal cortex: Effect of immobilization stress, 8854
Serotonergic involvement in feeding suppression after immobilization stress, 8837
Serotonergic mechanisms in the pathogenesis of schizophrenia, 1751
Serotonin in personality disorders with habitual violence and impulsivity, 37642
Serotonin in the pathogenesis of anxiety, 28567
Serotonin neurotransmission in cocaine sensitization, 21063
Serotonin re-uptake inhibitors in obsessive-compulsive disorder: What is their therapeutic role?, 42502
Serotonin Agonists—Serials
acute vs chronic imipramine vs tandospirone or tandospirone metabolite 1-PP, tetralin induced 5-HT behavior & DOI induced head shake & forebrain 5-HT & beta adrenergic receptors density, male rats, 44744
alprenolol vs practolol vs n-trifluoro-methylphenyl piperazine vs 8-hydroxy-2-di-n-propylamino tetralin, sexual behavior, male rats, 4788
anger & anxiety responses to m-chlorophenylpiperazine challenge, patients with generalized anxiety disorder, implications for role of serotonergic dysfunction, 17848
antiaggressives fluprazine & eltoprazine vs various 5-HT receptor agonists, anxiety & fear related behaviors in elevated maze test, male mice, 28774
antidepressant trifluoromethylphenylpiperazine induced inhibition of acetylcholine release in hippocampal synaptosomes, rats & guinea pigs, 40586
anxiolytic & antidepressant function & action of arylpiperazine derivatives, 12845
behavioral responses to m-chlorophenylpiperazine during summer, patients with seasonal affective disorder, implications for serotonergic disturbances, 45449
buspirone vs NDO-008 vs 8-OH-DPAT with vs without cyanopindolol, ethanol intake & preference, high vs low ethanol preferring male rats, 8929
buspirone vs various monoamine agonists vs antagonists, buspirone discrimination, male pigeons, 4878
cerebral depressant & anxiolytic properties of benzodiazepines vs 5-HT receptor ligands, implications for animal models of drug treatment of anxiety, 4846
chronic diazepam, sensitivity of 5-HT receptors to zacopride & biguanide, male rats, 12729
clozapine vs haloperidol vs ritanserin vs MDL 72222 vs buspirone, clozapine discrimination, male rats, 40702
cocaine with vs without yohimbine vs alprenolol, 5-HT-2/1C agonist DOI induced head twitch response, 5-HT-2 receptor supersensitive male mice, 40544
corticosterone, 8-OH-DPAT induced food intake & rectal temperature & growth & 5-HT behavioral syndrome & plasma corticosterone, male rats, 16781
discrimination training of apormorphine vs 8-OH-DPAT vs D2 antagonists, acquisition & generalization of buspirone discrimination, male rats, 40662
dorsal hippocampal 8-OH-DPAT, choice accuracy & latency in spatial discrimination, male rats, 20827
dorsal or median raphe injection of 8-OH-DPAT, response inhibition in operant tasks, male rats, 44400
dose level, efficacy & safety of acute sumatriptan treatment, 18–60 yr olds with migraine headaches, conference presentation, 38719
efficacy & tolerability & receptor selectivity of sumatriptan, patients with acute migraine, 38725
fenfluramine or fluoxetine vs amphetamine or phenylpropanolamine, licking during sucrose ingestion, male rats, 24841
flumazenil vs 5-HT1 blockers, anxiolytic action of diazepam vs 5-HT1A anxiolytics in avoidance exploratory behavior paradigm, male mice, 20914
fluoxetine vs RU 24969 vs dexfenfluramine & carbohydrate vs protein proportions in diet, food intake, male rats, 24931
gepirone, cocaine dependent adults, conference presentation, 7224
gepirone, 19–59 yr olds with generalized anxiety & panic disorder with agoraphobia, Canada, 38582
haloperidol vs ondansetron vs ICS205-930, 5HT agonists 1-phenylbiguanide vs m-chlorophenylbiguanide induced behavior & place & taste aversion conditioning, male rats, 36785
hyperphagia induced by 8-OH-DPAT, gnawing & chewing stereotypy vs operant food intake, nondeprived male rats, 36759
inescapable footshock stress, ipsapirone induced plasma catecholamine & corticosterone, male rats, 722
interaction of dihydroergotamine or sumatriptan with trigeminovascular systems, cats & 22–40 yr olds with migraine, animal model, 26888
ipsapirone, ACTH & plasma renin & corticosterone & defecation & prolactin responses to physical & emotional stress, male rats, 8965
ipsapirone, aggressive behavior & reactions to novelty & specific neural receptor binding, wild vs domesticated male rats, 4882
ipsapirone, conditioned active & passive behavior in defensive burying & probe avoidance paradigm & plasma epinephrine & norepinephrine & corticosterone, male rats, 12816
ipsapirone dosage & frequency & duration prior to vs after operant conditioning, tolerance, female rats, 4804
ipsapirone, potentiation of nifedipine induced antidepessant or anxiolytic effect, male rats, animal models of anxiety & depression, 4935
ipsapirone vs cannabidiol vs diazepam, anxiety in simulated public speaking test, 20–30 yr olds, 32719
m-chlorophenylpiperazine, cortisol & prolactin & behavioral responses, psychiatric patients with history of suicide attempts, letter, 17924
m-chlorophenylpiperazine, stimulus control & discrimination, male rats, 40705
medial preoptic area infusion & dosage of 8-OH-DPAT, lordosis behavior, female proestrous rats, 28785
mediobasal hypothalamic 8-OH-DPAT vs buspirone vs NAN-190, lordosis & sexual proceptivity & other behavior, female rats, 16876
melatonin, therapeutic effects of 5-HT reuptake inhibitors, patients with obsessive compulsive disorder, letter, 2664
meta chlorophenylpiperazine, slow wave sleep, healthy 21–39 yr olds, 28728
mianserin vs eltoprazine vs ketanserin with vs without 5-HT-1C receptor agonist 1-3-chlorophenylpiperazine, conditioned place aversion, male rats, 36863
mixed 5-HT agonist/antagonist EG 5893, ethanol intake, rats with induced alcohol preference, 40674
naphtylpiperazine 5-HT1A agonist S 14671, 5-HT1A receptor mediated activity, male rats & mice, 12839
neuroendocrine responses to m-chlorophenylpiperazine or L-tryptophan challenge, females with bulimia nervosa, 14092

nicotine with buspirone vs gepirone, nicotine dose response function under FR 30 schedule of food presentation, male pigeons, 44691
nonselective 5-HT agonist 5-MeODMT vs 5-HT1A selective 8-OH-DPAT &/vs 5-HT2 selective DOI, myoclonic body jerking, male guinea pigs, 36763
oral m-chlorophenylpiperazine, precipitation of dystonia, schizophrenic male 49 yr old, letter, 46411
po vs iv m-chlorophenylpiperazine with vs without prior metergoline, patients with obsessive compulsive disorder, 30497
prenatal ethanol, 5-methoxy-N,N-dimethyltryptamine induced forepaw treading & hind limb abduction & 5-HTP & carbidopa induced wet dog shakes, rats, 20859
presynaptic vs postsynaptic 5-HT1A receptor agonists vs antagonists, 8-OH-DPAT induced hypothermia, male mice, 20925
quipazine or 8-OH-DPAT administration to suprachiasmatic nuclei, phase shift in drinking behavior & wheel running, male rats, 36761
recent advances in serotonin receptor biochemistry & agonist sumatriptan & other treatment strategies & mechanisms, patients with migraine, 26877
repeated 8-OH-DPAT, conditioned avoidance response, male rats, 24877
ritanserin vs RU 24969 vs 8-OH-DPAT, latent inhibition in conditioned suppression of drinking, male rats, implications for serotonergic function in schizophrenic attentional disorder, 32593
selective serotonin agonists &/vs antagonists, semistarvation induced excessive wheel running, male rats, 25012
selective 5-HT agonists, spinal nociceptive transmission & NMDA induced behaviors, male rats, 44683
serotonergic agonists vs antagonists vs benzodiazepine derivatives, anxiety in Voleg's drinking conflict & shock threshold & open field tests, male rats, animal model of anxiety, 21004
serotonin agonist metachlorophenylpiperazine, hormonal temperature & behavioral responses & psychosis scores, male chronic schizophrenics vs healthy males, 9858
serotonin agonists & antagonists & receptors & other drugs, sexual receptivity, female rats, literature review, 4869
serotonin agonists or antagonists, isolation induced aggression, male mice, 36870
serotonin receptor subtypes, MDMA induced exploratory behavior & locomotion & hyperactivity, male rats, 8875
sertraline induced akathisia, female 48 yr old with schizoaffective disorder & 46 yr old with dysthymia & physical & sexual abuse history, letter, 46472
spinal 8-OH-DPAT & buspirone & CGS 12066B & 5-carboxamidotryptamine & other 5-HT receptor agonists, nociception, male mice, 44571
tandospirone & 1-(2-pyrimidinyl)-piperazine, brain uptake & receptor binding & open field activity, male mice, 12840
tandospirone or buspirone, retention of fear conditioning, male mice, 32684
tricyclic antidepressants vs neuroleptics vs antihistamines & other drugs, phenylpiperazine induced hypothermia, male mice, 40694
trifluoromethylphenylpiperazine or chlorophenylpiperazine, hyperthermia at high ambient temperatures, male rats, 24915
various 5-HT receptor agonists, prepulse inhibition & startle reflex amplitude, male rats, 32689
WY-48,723 vs WY-50,324 vs WY-47,846, 5-HT-1A receptor activation & behavioral syndrome & antidepressant activity in forced swimming test, male rats, 44724
5-carboxamidotryptamine vs 8-OH-DPAT in periaqueductal gray, D, L-homocysteric acid induced defense responses, male rats, 684
5-HT agonist isapirone vs 5-HT receptor specific antagonists, ethanol intake in free choice paradigm, male rats, 40684
5-HT agonist m-chlorophenylpiperazine, locomotion & rearing & novelty preference in free exploration situation, male mice, implications for anxiogenic properties, 36780
5-HT agonist meta chlorophenylpiperazine, development of late occurring migraine headache, bulimic females, 26723
5-HT agonist sumatriptan, cerebral artery blood flow velocity, 18–65 yr olds with migraine headache, 10810
5-HT agonist S20244 & its enantiomers, anxiolytic-like effects during light/dark choice test, male mice, 36779
5-HT agonists & antagonists, in vitro phase shift in suprachiasmatic nuclei, male rats, 36858
5-HT agonists, ejaculation latency & other copulatory behavior, male rhesus monkeys, 40650
5-HT agonists, learning & memory in step down avoidance task, male ddY mice, 44690
5-HT agonists or 5-HTP, conflict behavior in elevated plus maze test, rats, animal model of anxiety, 40678
5-HT agonists, schedule induced polydipsia, tegmental vs locus ceruleus lesioned male rats, implications for CNS integration in stress coping reactions, conference presentation, 16810
5-HT agonists TFMPP vs RU 24969 in peripheral vs medial hypothalamus, food intake stimulation, male rats, 8896
5-HT agonists vs antagonists, discriminative stimulus effects of opioid U50,488 vs spiradoline, female pigeons, 40532
5-HT agonists vs antagonists, ethanol & food intake behavior, male rats, 20878
5-HT antagonists & agonists, haloperidol induced & dopamine blockade mediated catalepsy, male rats, implications for antipsychotic drug side effects reversal, 44692
5-HT receptor agonist S-20499 with or without haloperidol, D2 dopamine receptor binding & apomorphine induced yawning & penile erection & body temperature, male mice & rats, 767
5-HT receptor agonists vs antagonists, footshock induced ultrasonic vocalization, male rats, 44718
5-HT receptor ligands MDL 73005EF & 8-OH-DPAT, exploratory behavior & locomotion & anxiety, male mice, animal model of anxiety, 36838
5-HT releasers vs antagonists at lumbar level, spontaneous tail flick elicitation, serotonergic neuron lesioned vs nonlesioned rats, implications for receptor mediating induction location, 28487
5-HT-1A receptor agonists, inhibition of unpunished drinking & paw licking reaction on hot plate, male rats, 28735
5-HT-1A vs 5-HT-1B agonists, spinal nociceptive thresholds & withdrawal reflexes, male rats with spinal transection, 740
5-HTB21C antagonist ketanserin & agonist DOI, DOI induced ear scratching, male mice, 20840
5-HTP vs serotonergic agonists, 5-HT syndrome behaviors including forepaw treading vs hindlimb abduction vs headshakes vs resting tremors vs vocalizations, 3–28 day old vs adult rats, 4874
5-HT1-like receptor agonists vs antagonists, sleep wake patterns vs wakefulness, male rats, 4782
5-HT1A receptor agonists in animal models & clinical & preclinical studies of anxiety & depression & impulsivity, 20994
5-HT1B agonist RU-24969 vs MDMA & other 5-HT agonists, locomotor & investigatory behaviors, male rats, test of presynaptic 5-HT release in hyperactivity, 44709
5-HT2 agonist DOI with vs without ketanserin, 5-HT2 receptor mediated head twitching, male mice, 12762
8-OH-DPAT, cholecystokinin induced food intake suppression, male rats, 4896
8-OH-DPAT, drug discrimination & generalization & hippocampal 5-HT-1A receptor binding, male rats, 757
8-OH-DPAT, food intake in nonoperant vs operant feeding, food deprived male rats, 40555
8-OH-DPAT in hypothalamic paraventricular nuclei vs dorsal raphe nucleus, plasma ACTH & food intake, male rats, 32679
8-OH-DPAT, in vivo striatal release of 5-HT, male rats, 16799
8-OH-DPAT infusion to midbrain central gray in vs in vicinity of dorsal raphe nucleus, lordosis inhibition, sexually receptive female rats, 21024
8-OH-DPAT vs imipramine with vs without propranolol vs NAN-190, locomotor activity in forced swimming wheel test, male reserpinized mice, 32645

8-OH-DPAT vs raphe nucleus lesion vs parachlorophenylalanine, anxiolytic effect during elevated plus maze & shock probe burying tests, male rats, 36896
Serotonin Antagonists [See Also Dihydroxytryptamine, Fluoxetine, Lysergic Acid Diethylamide, Mianserin, Molindone, Parachlorophenylalanine]—Serials
abrupt fluvoxamine withdrawal, development of discontinuation syndrome & psychological & somatic & perceptual symptoms, adults with panic disorder, 42410
acute & subchronic ritanserin, aggression & social investigation & home cage behaviors & immobility, male mice, 44621
acute administration of 5-HT receptor antagonist BRL 46470A, social & exploratory behavior in home vs unfamiliar cage, mice, 8900
acute dystonic reaction to fluvoxamine, 36 yr old female with obsessive compulsive disorder & Gilles de la Tourette syndrome, letter, 46442
alprenolol vs practolol vs n-trifluoro-methylphenyl piperazine vs 8-hydroxy-2-di-n-propylamino tetralin, sexual behavior, male rats, 4788
analgesic & antidepressant efficacy of 5-HT2 antagonist ritanserin vs amitriptyline, depressed patients with chronic migraine &/or tension headaches, Italy, 22746
anxiety, psychomotor & antistress effects of ritanserin vs alprazolam vs diazepam, healthy males, 24868
anxiolytic activity of 5-HT3 antagonist BRL 46470A, rats & rabbits & guinea pigs, animal models of anxiolysis, 44582
biochemical & psychopharmacological properties of 5-HT receptor antagonist SR 46349B, male mice & rabbits & rats & guinea pigs, 12873
buspirone vs NDO-008 vs 8-OH-DPAT with vs without cyanopindolol, ethanol intake & preference, high vs low ethanol preferring male rats, 8929
buspirone vs various monoamine agonists vs antagonists, buspirone discrimination, male pigeons, 4878
caerulein &/vs ondansetron, exploratory behavior & locomotion in open field, female rats, 36900
CGS 10746B vs isradipine vs MDL 72222 vs ibogaine, cocaine discrimination, male rats, 32697
chronic diazepam, sensitivity of 5-HT receptors to zacopride & biguanide, male rats, 12729
chronic immobilization stress with vs without serotonin antagonist vs beta-2 adrenergic blocker pretreatment vs chronic corticosterone, immobility time in tail suspension test, male mice, 24870
citalopram & neuroleptics, clinical condition & impulsiveness & aggressivity & anxiety, 28–57 yr old psychotic or borderline patients, case reports, 14699
cocaine with vs without prazosin vs ondansetron, FI 120 vs FR 30 schedule responding, pigeons, 4947
cyproheptadine, phenelzine induced anorgasmia & recurrence of depression, depressed 37 yr old male, letter, 10743
discontinuation of chronic ritanserin, withdrawal symptoms, 18–39 yr olds, 719
endogenous 5-HT & multiple 5-HT3 antagonists, cocaine induced hyperactivity, male rats, 21011
etoperidone, sympathetic & hypothalamo pituitary adrenal responses to physical & psychological & metabolic stressors, 20–34 yr old males, Italy, 40539
flumazenil vs 5-HT1 blockers, anxiolytic action of diazepam vs 5-HT1A anxiolytics in avoidance exploratory behavior paradigm, male mice, 20914
fluvoxamine induced polydipsia, female 30–39 yr olds with dysthymic disorder & 40 yr old with panic attack disorder with agoraphobia, letter, 42408
fluvoxamine, male patients with idiopathic genital pain with vs without affective disorders, letter, 6967
fluvoxamine, side effects, alcoholic clients in relapse prevention, 42936
haloperidol vs ondansetron vs ICS205-930, 5HT agonists 1-phenylbiguanide vs m-chlorophenylbiguanide induced behavior & place & taste aversion conditioning, male rats, 36785
haloperidol vs serotonin antagonists, stimulus generalization, male rats trained in clozapine discrimination, 21041
increased fluvoxamine dose, development of serotonin syndrome like symptoms, male 35 yr old with obsessive compulsive disorder, case report, 46475
ketanserin & mianserin, delayed neuronal death induced by cerebral ischemia, gerbils, 20891
ketanserin &/vs physostigmine dosage, memory, aged male rats, 24951
MDL 72222 vs ketanserin vs methysergide, breaking points on progressive ratio iv cocaine reinforcement, male rats, 24917
MDL 73,147EF, emotional CR mediated latent inhibition, male rats, animal model of treatment of attention deficits in schizophrenia, 4875
mediobasal hypothalamic 8-OH-DPAT vs buspirone vs NAN-190, lordosis & sexual proceptivity & other behavior, female rats, 16876
methiothepin & repeated fluoxetine vs dexfenfluramine vs zimelidine vs sertraline, frontocortical 5-HT release, male rats, 12779
methysergide &/vs mecamylamine vs scopolamine, spatial learning & navigation, male rats, 8964
methysergide vs ritanserin vs ICS-205,930 with vs without naltrexone, insulin hyperphagia, male rats, 4842
methysergide vs ritanserin vs ICS-205,930 with vs without naltrexone, 2-deoxy-D-glucose hyperphagia, male rats, 4738
methysergide vs ritanserin vs ICS-205,930, 2-deoxy-D-glucose antinociception in tail flick vs jump test, male rats, 20853
mianserin vs cyproheptadine vs zacopride vs ICS 205-930 with vs without yohimbine, audiogenic seizures & locomotor activity, 20–27 vs 30–37 day old DBA/2 mice, 12885
mianserin vs eltoprazine vs ketanserin with vs without 5-HT-1C receptor agonist 1-3-chlorophenylpiperazine, conditioned place aversion, male rats, 36863
mixed 5-HT agonist/antagonist EG 5893, ethanol intake, rats with induced alcohol preference, 40674
naloxone vs methysergide, antinociception following escape behavior induced by midbrain tectum electrical stimulation vs bicuculline, male rats, 12755
ondansetron antagonism of 5-HT3 receptor during fluvoxamine treatment, antiobsessional response, patients with obsessive compulsive disorder, 22760
ondansetron, defensive response to threat, male vs female rats, 32699
ondansetron, operant behavioral dependence induced by chlorodiazepoxide withdrawal following tolerance, female rats, 24888
ondansetron, psychological & psychomotor effects of amphetamine, male 21–74 yr olds, 766
parachlorophenylalanine & methysergide induced inhibition of 5-HT synthesis, spatial working memory, male rats, 36791
parachlorophenylalanine vs mianserin vs methysergide vs methiothepin vs metergoline, immobilization vs restraint stress induced LH release, male rats, 36707
paraventricular nucleus 5-HT vs fluoxetine vs d-norfenfluramine vs ip metergoline, meal patterns & macronutrient selection, male rats, 40609
paroxetine with vs without caffeine vs theophylline vs theobromine vs pentoxifylline, 5-HTP induced head twitches, 5,7-dihydroxytryptamine vs pargyline pretreated male rats, 36808
pharmacological & biochemical & behavioral properties of dopamine & 5-HT2 antagonistic antipsychotic AD-5423, rats & mice & dogs & monkeys, 28758
pharmacology of serotonin reuptake inhibitors vs tricyclic antidepressants, depressed patients, conference presentation, 26792
presynaptic vs postsynaptic 5-HT1A receptor agonists vs antagonists, 8-OH-DPAT induced hypothermia, male mice, 20925
pretreatment with 5-HT receptor subtype antagonists, food intake suppression by 1-2,5-dimethoxy-4-iodophenyl-2-aminopropane, male rats, 24843
risperidone dosage vs ritanserin vs haloperidol, ethanol preference, male rats, 36850
risperidone, persistent behavioral disturbances, mentally retarded 15–58 yr olds, 34587

risperidone, 29–65 yr olds with psychotic major depressive episode or schizoaffective disorder depressive type, 18738
ritanserin &/vs zimeldine, waking behavior & REM & slow wave sleep, cats, 24984
ritanserin antagonism of 5-HT2 receptor during fluvoxamine treatment, antiobsessional response, patients with obsessive compulsive disorder, 22711
ritanserin, assessment of 5-HT2 receptor sensitivity & slow wave sleep, 27–52 yr olds with anxiety disorders, 13823
ritanserin, cyanamide induced alcohol preference, male rats, 40636
ritanserin, patients with schizophrenic psychosis vs neurotic vs endogenous depression, 42492
ritanserin, slow wave sleep, 24–62 yr olds with major depression, 10725
ritanserin vs chlordiazepoxide, sleep wakefulness disturbances after acute vs discontinuation of chronic cocaine, male rats, 12771
ritanserin vs flupenthixol, dysthymic 26–64 yr olds, Denmark, 18727
ritanserin vs RU 24969 vs 8-OH-DPAT, latent inhibition in conditioned suppression of drinking, male rats, implications for serotonergic function in schizophrenic attentional disorder, 32593
ritanserin vs 5-HT3 antagonist ICS205930 in medullary nucleus raphe magnus or nucleus reticularis gigantocellularis, morphine analgesia elicited from periaqueductal gray, male rats, 20894
ritanserin, weight loss & anorexia & hypodipsia induced by spontaneous benzodiazepine withdrawal, benzodiazepine dependent female rats, 44626
safety & efficacy of sertraline in general practice & primary care, patients with major depression & general practitioners, UK, conference presentation, 26785
safety & efficacy of sertraline, patients with obsessive compulsive disorder, conference presentation, 26726
selective serotonin agonists &/vs antagonists, semistarvation induced excessive wheel running, male rats, 25012
serotonergic agonists vs antagonists vs benzodiazepine derivatives, anxiety in Voleg's drinking conflict & shock threshold & open field tests, male rats, animal model of anxiety, 21004
serotonergic antagonists, hippocampal rhythmical slow activity & neocortical low voltage fast activity, scopolamine treated male rats, 16880
serotonin agonists & antagonists & receptors & other drugs, sexual receptivity, female rats, literature review, 4869
serotonin agonists or antagonists, isolation induced aggression, male mice, 36870
serotonin antagonist GR 38032F vs chlordiazepoxide vs 5-HTP, potentiated startle response, male rats, animal model of anxiolytic treatment of anxiety, 4802
sertraline & other selective serotonin reuptake inhibitors in acute & long term treatment of major depression, conference presentation, 26760
sertraline, tics & mental phenomena, female 15 yr old with Tourette's syndrome, letter, 22894
short & long term fluvoxamine, patients with obsessive compulsive disorder, 6758
sigma & 5-HT-2 receptor ligand DuP 734, potential antipsychotic effect, male rats & mice, animal model of psychosis, 24863
sigma & 5-HT2 receptor antagonist DuP 734, receptor binding & electrophysiological & behavioral & neuropharmacological profile, male rats & guinea pigs, 24991
sustained 5-HT-2 antagonist amperozide, suppression of cyanamide induced ethanol consumption, male rats, implications for alcoholism treatment, 32675
zacopride, schizophrenic male inpatients, letter, 6774
5-HT agonist isapirone vs 5-HT receptor specific antagonists, ethanol intake in free choice paradigm, male rats, 40684
5-HT agonists & antagonists, in vitro phase shift in suprachiasmatic nuclei, male rats, 36858
5-HT agonists vs antagonists, discriminative stimulus effects of opioid U50,488 vs spiradoline, female pigeons, 40532
5-HT agonists vs antagonists, ethanol & food intake behavior, male rats, 20878
5-HT antagonist amperozide, systemic cyanamide induced alcohol preference, rats, 20941
5-HT antagonist odansetron, cholecystokinin induced feeding behavior & lysine vasopressin & cortisol secretion, prepubertal pigs, 20956
5-HT antagonist 205-930, ethanol vs water reinforced responding, male rats, implications for alcoholism treatment, 40595
5-HT antagonists & agonists, haloperidol induced & dopamine blockade mediated catalepsy, male rats, implications for antipsychotic drug side effects reversal, 44692
5-HT antagonists &/or haloperidol, MDMA discrimination, male rats, 20865
5-HT receptor agonists vs antagonists, footshock induced ultrasonic vocalization, male rats, 44718
5-HT releasers vs antagonists at lumbar level, spontaneous tail flick elicitation, serotonergic neuron lesioned vs nonlesioned rats, implications for receptor mediating induction location, 28487
5-HT synthesis inhibitor p-chlorophenylalanine, lordosis behavior, castrated male vs ovariectomized female rats with vs without dorsal raphe nucleus lesion, 36799
5-HT uptake blocker vs antagonists, physostigmine induced yawning, 15 day vs 2 mo old male rats, 21025
5-HT uptake inhibitors vs tricyclic antidepressants, plasma tryptophan availability, adult patients with depression, 42462
5-HT-1A antagonist NAN-190 with or without cocaine, intermittent vs continuous cocaine withdrawal induced locomotor behavior, male rats, 36807
5-HT-3 antagonist ondansetron, cigarette smoking & smoke exposure & mood, 21–39 yr olds, 36911
5-HTB21C antagonist ketanserin & agonist DOI, DOI induced ear scratching, male mice, 20840
5-HT1-like receptor agonists vs antagonists, sleep wake patterns vs wakefulness, male rats, 4782
5-HT1A receptor antagonist S-UH-301, behavioral & neurological effects, rats & mice & monkeys, animal models of anxiety, 20938
5-HT1C vs 5-HT2 receptor antagonists, discriminative stimulus effects of clozapine, pigeons, 20879
5-HT2 agonist DOI with vs without ketanserin, 5-HT2 receptor mediated head twitching, male mice, 12762
5-HT3 antagonist MDL 72222, ethanol discrimination & generalization to pentobarbital vs morphine, selectively bred high vs low alcohol drinking male rats, 20904
5-HT3 antagonists, attenuation of mesolimbic dopamine induced hyperactivity, female rats, 32600
5-HT3 receptor antagonists, cocaine induced suppression of A9 vs A10 dopamine neuron firing in substantia nigra pars compacta vs ventral tegmentum, male rats, 24847
8-OH-DPAT vs imipramine with vs without propranolol vs NAN-190, locomotor activity in forced swimming wheel test, male reserpinized mice, 32645

Serotonin Metabolites [See Hydroxyindoleacetic Acid (5-)]

Serotonin Precursors [See Also Tryptophan]—Serials

benzodiazepines & antidepressant & serotonin positive drugs, blood cortisol, dexamethasone resistant vs sensitive 17–79 yr olds with affective disorders, translated article, 34566

Serpasil [See Reserpine]

Serum (Blood) [See Blood Serum]

Serum Albumin—Serials

acute restraint stress, serum IgE antiovalbumin antibody production, male mice, 28622
plasma albumin of black & polar bears & woodchucks & ground squirrels in hibernating vs summer active states, ileum contractility & naloxone antagonism, male guinea pigs, 16743

Service Personnel [See Also Technical Service Personnel]—Serials

alcohol service training program, beliefs & knowledge & establishment policies regarding safer drinking, servers & managers, 19668
content analysis of themes of service climate, financial service company employees, 7691
emotional labor & job autonomy & involvement & self monitoring ability, emotional exhaustion & job satisfaction, bank & hospital employees, conference presentation, 35581

employment in electronics or garment plants vs service sector, health & biological & emotional & cognitive reactions to lifestyle & employment, 16–28 yr old females, Mexico, 28870
history of substance use & abuse & job performance, 15–75 yr old supermarket employees, 29853
incentive bonus model for electronic performance monitoring in customer service departments, 15615
intervention based on D. Premack's model of reinforcement, quality performance, restaurant employees, 35555
occupational stress, job satisfaction, business vs service vs commonwealth clerical employees, India, conference presentation, 15640
perceived organizational obstacles & commitment & customer contact, financial performance & customer & job satisfaction, bank employees & customers, 47421
prediction of typical & maximum performance criteria by cognitive ability tests, White vs Black supermarket cashiers, 31503
server's standing vs squatting during initial visit to table, tip amount, restaurant customers, 43540
service encounters as rites of integration, psychological involvement & closeness with service providers, customers, development of information processing model, 23815
service focus inside vs outside organization & customer contact, perceptions of importance of top management visibility, service based professional employees, 27681
social & personal identity & emotional labor, service agents, 23753
type of help & information given to clients, behavior therapists vs social supporters/hair stylists, 10540
type of service & perceptions of procedural & interactional fairness, responses to service failures, consumers, 7735
Servicemen [See Military Personnel]
Severely Mentally Retarded—Serials
active treatment program, nonadaptive behavior during leisure periods, severely or profoundly retarded adults in residential unit, replication, 23149
aggressive incidents, male moderately to severely mentally handicapped residents of long term care center with vs without psychiatric diagnosis, Ireland, 34929
autism & moderate or severe mental retardation, 6–15 yr olds with fetal alcohol syndrome, Canada, 6065
behavior during group teaching, 16–21 yr olds with moderate or severe mental retardation vs their teachers, 15514
behavior therapy, activities of daily living & temper tantrums, severely mentally retarded aphasic 10 yr old female, case report, 22588
behavioral continence training, bladder control & self initiated toileting, severely & profoundly mentally handicapped 18–29 yr olds, 10 yr followup, 22576
behavioral intentions, prediction of time until out of home placement, families with 3–8 yr olds with severe mental handicap, 6 yr study, 30924
behavioral training through parent participation & training, mentally handicapped 4–8 yr olds & their mothers, India, 26579
caloric intake & weight & self injurious behavior, male vs female 22–46 yr olds with profound or severe mental retardation, implications for endogenous opioid system, 6167
cognitive profiles, mildly vs moderately vs severely mentally retarded adolescents, 14087
compliance training, aggression, severely retarded chronically aggressive 28 yr old institutionalized male, case report, 38470
computer based auditory stimulus control shaping, auditory discrimination learning & responding to spoken words, 20 & 64 yr old severely mentally retarded females, 19609
constant time delay procedure with multiple exemplars, teaching appropriate responses to lures of strangers, severely mentally retarded 38 & 40 & 48 yr olds, commentary, 38461
constant time delay procedure with multiple exemplars, teaching appropriate responses to lures of strangers, severely mentally retarded 38 & 40 & 48 yr olds, 38462
costs of & need for financial assistance to families for in home care, autistic or severely mentally retarded patients, 30865
costs of & need for financial assistance to families for in home care, autistic or severely mentally retarded patients, commentary, 30874
costs of & need for financial assistance to families for in home care, autistic or severely mentally retarded patients, commentary, 30882
costs of & need for financial assistance to families for in home care, autistic or severely mentally retarded patients, commentary, 30877
descriptive & experimental analyses in nonaversive behavioral treatment, self injurious behavior, severely mentally retarded 58 yr old male, 30354
development of measurement & interpretation procedures, assessment of behavior state patterns, 2.4–19.7 yr old students with severe & profound multihandicaps, 35963
differential vs extensive sign training, overselective attention & simultaneous communication & speech comprehension, severely mentally retarded 4.3–11.4 yr olds, 35458
exclusion performance in matching to sample & emergent naming, severely mentally retarded 12–78 yr olds, 14075
extensive vs mediated sign training, overselective attention & simultaneous communication & speech comprehension, 6.7–12.8 yr olds with severe mental retardation or severe learning disabilities, 35457
extinction & DRO, aggression, severely mentally retarded 11 yr old male with cerebral palsy, case report, 22571
functional analysis of problem behaviors, establishment of symptoms & selection of therapy, 7 yr old mildly intellectually disabled & 23 yr old severely disabled males, case reports, 46307
handedness, nonspeaking 8–37 yr olds with moderate or severe or profound mental retardation, 22128
health care, parents of children with moderate vs severe mental retardation, Canada, 18997
identification of classic articles in special education of severely disabled students, expert panel, 31409
lifestyle development process planning model, 7 & 8 & 34 & 53 yr olds with severe intellectual disabilities, Canada, 15072
methods for functional assessment of stereotypic behavior, severely to profoundly mentally retarded 23–46 yr olds, 2045
momentary vs traditional DRO, stereotyped behavior, severely mentally retarded 7–19 yr olds, 38464
move from hostel to small group homes, quality of life, adults with severe or profound mental handicap, 2 yr study, 2911
multifaceted training package, quality of instructional interactions in habilitative programs, direct care staff working with severely mentally retarded 23 & 27 & 37 yr old males, 15269
objects with vs without social stimulus properties, stereotyped & object orientation behavior, severely mentally retarded 6.6–14 yr olds, implications for social skills, 14079
peer delivered self instructional training, work performance, severely mentally retarded 14–16 yr olds, 11179
perceptions on facilitating friendships between disabled & nondisabled students, teachers of students with moderate to profound disabilities, 43320
prediction of activities preferred by severely retarded adults, residential program staff members, 41877
prevalence & diagnosis of Gilles de la Tourette disorder, severely or profoundly mentally retarded male 35 & 52 & female 27 yr olds, 26080
psychological & behavioral & physiological & neurochemical theories & compulsive behavior hypothesis of self injurious behavior, severely or profoundly mentally retarded, 45842
reliability & validity of Papcsy-DePaepe Dynamic Balance Test vs Bruininks-Oseretsky Test of Motor Proficiency, assessment of dynamic balance, severe & profoundly mentally retarded, 35881
reliability of acuity card procedure, assessment of visual ability, severely or profoundly mentally retarded 1–63 yr olds, 39761

reliability of structured interviews for assessment of challenging behaviors, severely to profoundly intellectually disabled 14–40 yr olds, 45848
requesting vs labeling reinforcement strategies, acquisition of expressive signing, severely mentally retarded 4.4–6.9 yr olds, 35440
school based self management skills program, transfer to home environment, moderately to severely mentally retarded 15–18 yr olds, 10539
scripted routine, communication, severely mentally retarded 15–18 yr old males, 2516
skill acquisition & generalization of training strategies in community supported employment program, female moderately mentally retarded 30 yr old vs severely mentally retarded 27 yr old, 11191
social & play skills training, initiation of activities with nondisabled peers, 10 & 12 yr old nonverbal severely mentally handicapped males, 38466
social guide model, social relationships, adult females with moderate to severe mental retardation, 38472
staff management procedures, time spent on target categories, stimulative custodial care & training for severely & profoundly retarded clients, residential staff, 39103
stimulus control analysis & acquisition of control of aggressive behavior & learning to bathe self, 20 yr old male with Down's syndrome & severe retardation & uncontrollable seizures, 15064
Task Demonstration Model vs Standard Prompting Hierarchy in group instruction, correct responses & task engagement, severely or moderately mentally retarded 16–21 yr olds, 3553
teaching of multiple exemplars & self instruction, generalization & response maintenance in problem solving task, severely mentally retarded 30–55 yr olds, 15069
training in manding & use of communicative request gestures, severely or profoundly mentally retarded 14–32 yr olds, conference presentation, 22621
validity of facilitated communication & potential influence by assistant, 29 yr old severely mentally retarded female making allegations of sexual assault, 26088
validity of facilitated communication, severely or profoundly mentally retarded 21–74 yr olds with or without autism, 46967
verbal questions with vs without photographic depictions, choices, severely mentally handicapped adults with communication difficulties, 14073

Severely Mentally Retarded—Chapters

Massed trials revisited: Appropriate applications in functional skill training, 43334
Research basis of instructional procedures to promote social interaction and integration, 43345

Severity (Disorders)—Serials

acetazolamide, self evaluated functional ability & motor task function & tremor severity, 41–83 yr olds with essential tremor, 2779
ACTH & DST response, endogenous ACTH & beta endorphin & beta lipotropin & cortisol & androstenedione, patients with minor vs major depression with vs without melancholia, 45456
affective & behavioral responses to headache pain, prediction of subsequent pain duration & severity, adult headache sufferers, 2146
age of onset & consequences & severity of dependence, family pattern of alcoholism model, male alcoholic inpatients, 45764
agraphia errors & aphasia & motor performance, elderly with very mild vs mild vs moderate dementia of Alzheimer's type, 22373
alcoholism severity, presence of A1 allele of D2/TaqI A restriction fragment length polymorphism, alcoholic 25–79 yr olds, Japan, 29829
anesthesia dose dependent EEG & severity dependent changes in metabolic & toxic coma, application of anesthesia model, 26342
auditory & visual EPs & severity of neurological dysfunction, mentally retarded 17 yr old male with undiagnosed classical phenylketonuria, 45832
bimodal frequency distribution in severity of visual hemineglect, elderly with unilateral cerebral infarct lesions, 34217
care load, 8.6–28.5 yr olds with severe cerebral palsy with moderate to borderline mental retardation, replication, 22979
characteristics & personal & family history, 18–65 yr olds with mild vs moderate vs severe DSM-III-R alcohol dependence, 1988, US, 25987
characteristics of abuse & degree of psychological impairment, sexually abused female 5–16 yr olds, 45659
childs' medical severity & stress appraisal & psychological symptoms & adjustment, mothers of 2 mo to 18 yr olds with myelomeningocele, 18211
cognitive & learning & behavioral problems, 9 yr olds with minor neurological dysfunction, Netherlands, 18377
cognitive test scores related to early vs late computed tomography findings of lesion type & severity, 16–70 yr olds with closed head injury, Finland, 6408
concurrent validity of CFF & flicker thresholds, assessment of dementia severity, 67–89 yr olds with primary degenerative dementia of Alzheimer's type, 6348
conservative treatment, severity of & attitude toward pain, patients with chronic low back pain, 4 mo followup, 38728
construction & administration & psychometrics of rating scales, measurement of severity & outcome of obsessive compulsive disorder, 24120
construction of fatigue scale, assessment of severity, 18–45 yr olds, 31868
degree of motor disability & mental retardation, variability of repeated visual acuity testing, 1.5–8 yr olds with cerebral palsy & mental retardation, 1533
development & reliability of Visual Analogue Scale, assessment of subjective feelings & perceptions & sensations & symptoms, critically ill patients, 16033
development & validity of hierarchical classification of chronic pain severity, adults with back pain vs headache vs temporomandibular disorder, 1 yr followup, 10260
development & validity of Nursing Severity Index, assessment of admission severity of illness based on nursing diagnoses, hospital patients, 1985–1988, 15977
development of self report Vertigo Symptom Scale, assessment of severity & anxiety & depression & handicap, 18–80 yr olds with vertigo, 15990
diagnostic & demographic factors, prevalence & severity & resolution of pain & functional ability, 14 yr old & older hospital patients, Canada, 6 mo study, 7136
differentiation of negative emotion structure in self & other perception, severity of symptomatology, patients with unipolar major depression, 13717
disability severity & birth order & age, interactions with siblings, 2–13 yr olds with cerebral palsy, Greece, 46046
disease activity & health status & self efficacy, pain behavior, male adults with rheumatoid arthritis, 41972
disease severity & progression, intelligence & memory & nonverbal performance & information processing speed & mood, HIV positive vs negative drug users, Scotland, 14230
disease severity & social functioning & clinical predictors & auditory P300 amplitudes, remitted vs residual schizophrenic 19–68 yr olds, 45535
disease severity, regional cerebral blood flow, 52–84 yr olds with Alzheimer's disease & mild or moderate dementia, 2265
disease severity, word list & spatial pattern recall, 56–89 yr olds with dementia of Alzheimer's type, application of cognitive dual process theory, 42092
drug use severity & poor psychiatric functioning & concurrent alcoholism, prediction of treatment retention & outcome, cocaine abusing adults, 1 yr followup, 23230
duration & age of onset, severity of symptoms & psychopathology, female 13–38 yr olds with bulimia nervosa, 22150
factors predictive of integrated educational placement, students with severe disabilities, 39342
grade of headache & cervical X-ray & computerized tomography findings, adults with mild vs severe head injury, Japan, 22261

history of unwanted sexual experience & severity of bingeing & vomiting, bulimic adult females, 2087
illness severity & symptom onset & sociodemographics, differentiation of DSM-III-R diagnostic categories, patients with generalized anxiety vs panic disorder with vs without agoraphobia, Germany, 29737
illness severity, depressed mood & neuropsychological deficits, male homosexuals with HIV, 18277
illness severity, syntactic complexity of written sentences, 72–77 yr olds with possible Alzheimer's disease, 30204
impulsiveness & disorder severity, patients with bulimia vs anorexia nervosa, England, 45856
incidence of current or lifetime affective disorder & borderline personality, psychiatric & eating disorder symptoms, bulimic patients, 33986
injury severity & alcohol abuse, neuropsychological outcome, head injured adults, 11 mo followup, 42050
injury severity & attentional deficits & Wechsler Memory Scale-Revised performance, 16–74 yr olds with closed head injury, 34222
injury severity & time postaccident & age & duration & cost of treatment, prediction of outcome, patients with automobile accident induced traumatic brain injury, 23207
interdisciplinary treatment approach, severely disturbed 18–35 yr olds in community based residential units, Sweden, 10455
interrater reliability of psychiatric & psychological diagnoses of mental retardation severity, mildly to severely mentally retarded 18–79 yr olds & psychiatrists & psychologists, 26091
judgments about presence & severity of students' learning vs emotional vs conduct problems, elementary school teachers, Greece, comparison with school psychologists, 47128
length of posttraumatic amnesia & coma duration & age as severity markers, prediction of quality of life outcomes, adult & elderly patients with traumatic brain injury, 26337
methacholine or salbutamol, ability to assess bronchoconstriction severity, 6–14 yr olds with chronic asthma, Italy, 42585
methods for rating severity of trichotillomania, 33561
mild vs moderate disease stage, EEG band width, elderly with Alzheimer's disease, 34203
mode of acquisition & severity & individual response patterns, college students with acrophobia, 33682
negative parenting behaviors in childhood & combat exposure, prediction of symptom severity, Vietnam veterans with PTSD, test of person event interaction model, 1773
neuropsychological assessment & cognitive effects, children & adolescents with mild head injuries, literature review & commentary, 42034
parental responses to & description & severity & correlates & family impact of child's sleep problems, 5–20 yr olds with severe learning difficulties & their parents, England, 29958
perceived parental rearing practices, relationship with key relatives & social anxiety & disease severity, schizophrenic 18–51 yr olds, Germany, 9861
perceived severity of common cold symptoms, adult male vs female volunteers vs medically trained O, England, 18219
perceptions of illness severity, Ngawbere households, Panama, implications for cross cultural analysis & operationalization, 37579
physical & psychological & physiological functioning, dysfunctional vs functional chronic vs acute low back pain patients, 18207
premilitary stress, PTSD symptom severity, Vietnam veterans, 37814
premorbid risk factors & pathological use of alcohol & other substances & chronicity & consequences of drinking, alcoholic subtypes, alcoholic patients, 1882
pretreatment illness severity, choice & outcome of psychotherapy vs relaxation training vs behavior therapy vs pharmacotherapy, depressed adults, 2390
prevalence & causes & severity of dementia, 85 yr olds, Sweden, 26335
primidone vs mephobarbital, illness severity & affective cycle rate, 19–55 yr olds with affective disorders, 42436
psychometrics of Disability Rating Form, therapists rating severely mentally ill 20–74 yr olds, 85
psychosocial stress & cognitive performance & personality traits & attentional functioning, prediction of disability, 19–51 yr olds with whiplash injury, 6 mo followup, 30066
receiver operating characteristics analysis of Mini-Mental State Examination vs Information/Orientation subtest of Clifton Assessment Procedures, dementia severity screening, 75 yr olds & older, 8045
Recognition Memory Test, detection of exaggerated or malingered memory impairment, patients with mild head trauma seeking financial compensation vs patients with moderate & severe brain injury, 22385
regional cerebral blood flow & oxygen extraction & consumption, leukoaraiosis & severity of senile dementia, 50–81 yr olds, 10350

development of Sexual Harassment Proclivities Scale, female vs male college students, 39767
experience of sexual harassment during medical school & residency, male vs female medical residents, 31106
experience of verbal vs sexual vs physical abuse vs threat of physical harm by physician, 26–71 yr old female nurses, 11274
female target's commitment to relationship, perception of sexual harassment by male, male vs female college students, 1336
framing techniques in narratives of sexual harassment experiences & role of hegemony & dominant interests in organizations, working women, 47424
gender identity & sex role attitudes, prediction of attitudes toward & judgments of sexual harassment, male vs female college students, 25899
history of complainant-accused romance, judgments & responses to sexual harassment complaint, male vs female college students, 21958
incest-like sexual abuse &/or harassment in missions communities, 41020
legal rights & responsibilities of involved parties in workplace sexual harassment, 31593
offender/student sex & type of behavior, perceptions of contrapower sexual harassment, male vs female 24–67 yr old college teachers, 17930
organizational & victim consequences of & coping with workplace sexual harassment, female victims, 27698
paradigmatic assumptions of sex related violence & harmdoing & impact on workplace sexual harassment research, 27739
perceptions of physical vs verbal sexual harassment, male vs female college students, implications for Equal Employment Opportunity Commission Guidelines on sexual harassment, 17942
potential role of forensic evaluation of plaintiff's mental & emotional condition in defense of sexual harassment cases, 11850
power & sex of harasser & victim, perceptions of academic sexual harassment, male vs female college students with masculine vs feminine orientation, 21909
power & workplace sexual harassment, 27718
prevalence & perceptions of sexual harassment in workplace, 27722
prevalence & treatment of sexual harassment, health care personnel, 1980–90, literature review, 3226
psycholegal considerations & family therapy as treatment choice, victims of sexual harassment, 46345
psychological & legal topics of consultation as expert witness on sexual harassment, forensic psychiatrists, conference presentation, 27876
role of sexual interpretations of female's friendly behavior in workplace sexual harassment, 27738
severity of situation & target response & sex, perceptions of & responses to sexual harrassment, male vs female college students, application of social exchange theory, 9934
sex & sex type & supervisor subordinate status differential & type of job & workplace, perception of sexual harassment, college students, test of sex role spillover model, 19733
sex of initiator of harassment & type of behavior, perceptions of hypothetical harassment by professor toward student, female vs male college students, 35409
sex, perceptions of sexual harassment of females, college students, India, 33765
sex role adaptation & sexual harassment management strategies, male vs female coal miners vs supervisors, 11670
sexual harassment training, knowledge & attitude change, rural community care workers, 7313
social desirability of female plaintiff vs male defendant, verdict & judgment of defendant guilt & monetary reward in sexual harassment case, male vs female college student mock juries, 31762
social psychological perspective on & person & situational factors in workplace sexual harassment, female victims, 27734
sociological explanations for failure to pursue sexual harassment claim in case of Supreme Court nominee C. Thomas & former employee A. Hill, 3647
theoretical model of female disadvantage in workplace sexual harassment conflict & conflict resolution, 27728
type of sexual harassment & victim's sex & marital status & response, perceived appropriateness of response & attribution of blame, male vs female college students, India, 25921
types of personal & environmental sexual harassment, research review, policy implications, 1822
workplace sexuality & sexual harassment, 27729
Sexual Harassment—Chapters
Alternative knowledge sources in explanations of racist events, 1254
The invisible intruder: Women's experiences of obscene phone calls, 37914
Sexual Intercourse (Human) [See Also Dyspareunia, Extramarital Intercourse, Incest, Premarital Intercourse, Rape] —Serials
acceptance of traditional feminine roles & rape myths & experience with pressure for sexual intercourse, female college students, 33152
age & use of licit & illicit drugs, sexual activity & contraceptive behavior, 11–20 yr olds, France, 17143
AIDS knowledge, use of condoms during genital & anal sex, college students, 45995
biological & situational & traditional determinants, return to coitus after childbirth, mothers, Philippines, 2 yr study, 25438
childhood gender nonconformity, genitoerotic role & AIDS exposure, homosexual males, implications for taxonomy development, 17414
coital alignment technique, mutual & female coital orgasms, adults, replication, implications for sex therapy, 29298
diltiazem, 33 yr old male with sexual & orgasmic headaches, 18868
discourse analytic approach to language describing heterosexual sex & relationships, male vs female adults, 25431
experience of sexual intercourse, attitudes & perceived social influences & self efficacy assessments regarding condom use because of AIDS, 12–19 yr olds, Netherlands, 46743
factors in intent & communication behavior & use of condoms in 1st time sexual relationship with new partner, male vs female college students, 5473

frequency of sexual activity & excitability of orgasms & communication & erotophilia & relationship closeness, sexual satisfaction, married female 25–31 yr olds, 41176
frequency of unprotected anal intercourse & attitudes about condom use & other factors, gay or bisexual African American males, implications for AIDS, 18288
HIV knowledge & attitudes & self control & ego identity development & other psychosocial & behavioral factors, prediction of high risk unprotected sexual intercourse, male college students, 22278
language & discourse on male dominance & female passivity in heterosexual practice, sexual coercion within heterosexual relationships, adult females, 21433
motivations for sexual intercourse, male vs female college students, 19552
neurohormonal & psychophysiological interrelationships among coital & parturition & lactation responses, females, 4681
seasonality patterns of 1st sexual intercourse, female 14–25 yr olds, 1114
sexual contact with clients/patients as breach of duties due to undue influence, lawyers & psychotherapists, 27313
sexual functioning during postcoital test, physiological reproductive processes, infertile females, 14156
sexual intercourse & stimulation, progress of labor, pregnant females & their spouses, 33128
sexual intercourse, salivary testosterone, heterosexual male vs female 21–30 yr olds, 4704
sexual precedence, perceived legitimacy of sexual refusal & attributions about date rape & consensual intercourse, college students, 17948
sexual risk behavior, motivations for birth control pills & condom usage, 17–19 yr olds, Norway, implications for transmission of sexually transmitted diseases & HIV, 21270
sexuality & marital sexual relations & intimacy & compatibility, 19–29 yr old abused wives, 29756
situational factors & thought processes, justifications for unprotected intercourse, heterosexual college students, England, implications for AIDS education, 10890
situational factors & thought processes & other variables, safe vs unprotected intercourse, 15–21 yr old homosexual males, Australia, comparison with data from older males, 9244
social & economic & other characteristics of community, timing of & contraceptive use during 1st intercourse, female 20 yr olds & younger, 32939
social correlates of unsafe sexual intercourse, gay vs bisexual vs heterosexual adults, Australia, 1335
sociodemographics & factors from differential association vs social learning vs containment vs control theories, sexual activity, male vs female 13–18 yr olds, 9234
temporal & spatial features of sexual interactions of "finishing", street prostitutes & car clients, Netherlands, 5483
use of condoms or other contraceptives during last intercourse, college students, 1982 vs 1992, 37386

Sexual Masochism—Serials

autoerotic fatality due to masochistic sexual stimulation with power hydraulic farm machinery, 42 & 62 yr old males, 33785
contact seeking & sadomasochism content of male homosexual written graffiti, 13369
psychoanalytic perspective on sadomasochistic sexual fantasy & enactment as developmental & therapeutic advance, 28 & 33 yr old psychotherapy clients, commentary reply, 34314
psychoanalytic perspective on sadomasochistic sexual fantasy & enactment as developmental & therapeutic advance, 28 & 33 yr old psychotherapy clients, 34313
psychoanalytic perspective on sadomasochistic sexual fantasy & enactment as developmental & therapeutic advance, 28 & 33 yr old psychotherapy clients, commentary, 34326

Sexual Reassignment [See Sex Change]
Sexual Receptivity (Animal) [See Animal Sexual Receptivity]
Sexual Reproduction [See Also Fertility]—Serials

age & body size & dominance patterns & reproductive behavior, male 2–9 yr old kudus, 36413
anorexia & bulimia nervosa & partial syndromes, reproductive functions & sexuality & fetal & infant health, 6192
attachment & early experiences with death & its correlates & development of alternative reproductive strategies, humans, application of life-history theory, commentaries & reply included, 25082
attitudes toward marriage & procreation & homosexuality, 6–25 yr olds & their heterosexual vs lesbian single mothers, 40919
conceptualizations of sexual reproduction & menstruation & aging, role as custodians of fertility & perpetuation of society, postmenopausal females in Giriama society, Kenya, 21412
cooperative nesting, reproductive success, related vs unrelated female large carpenter bees, 2 yr study, 8574
copulation frequency, paternity assurance in extrapair copulations, northern fulmars, 4507
degree of reproductive synchrony, female macaques in large captive colony, 4490
early reproductive maturation, rank status & lifetime reproductive success, female rhesus monkeys, 32315
evidence against pheromonal inhibition of reproduction among nestmate queens, queen ants, 36356
extracts of male paragonial glands in thorax, sexual receptivity & oviposition & reproduction, female onion flies, 16869
frequency & success of intraspecific parasitic egg laying & typical nesting behavior, canvasbacks, 40316
heritable vs environmental factors, reproduction related behaviors, male vs female monozygotic twins reared separately, 40335
homosexuality & bisexuality as aspect of reproduction management in response to environmental conditions, conference presentation, 41171
host encounter rate & preference & realized diet & motivation in oviposition behavior, checkerspot butterflies, 20453
knowledge & understanding of reproductive health terms & anatomy & body functions & sexuality, female 13–18 yr olds, 13028
male body size, mate choice & reproductive success, female broad headed skinks, 40279
medial amygdaloid nucleus peptidergic circuit for reproductive behavior, rats, 28550
mental or physical stress or violence, production & amplification of sexual arousal & orgasm & reproduction, humans & plants & animals, 25913
neuroendocrine & physiological factors & photoperiodic & other environmental cues, reproductive diapause, male insects, conference presentation, 16656
number of pregnancies vs births vs abortions & psychological symptoms & stress, body shape & menopause age & symptoms, postmenopausal females, Austria, 12652
oviposition & egg attendance & brooding behavior, male giant water bugs, implications for evolution of paternal backbrooding of Belostomatinae subfamily, 32345
perceptions of menstrual & reproductive cycles, females, 633
perinatal thymectomy, reproductive function & sexual behavior, rats, 12628
phenotypic effect of Pgm-3 gene & social organization of polygynous colonies, reproductive success & survival, fire ant queens, 40334
predation pressure & host plant phenology, maternal defensive & aggressive & reproductive behaviors, Gargaphia solani vs Gargaphia tiliae, 12411
reproductive & sexual cycles & behavior & conception, free ranging female langurs, 4535
reproductive costs of polygyny, Kipsigis & Datoga females, Kenya & Tanzania, 41068
reproductive cycle & sexual behavior, female moor macaques, 32336
reproductive health knowledge, 10–16 yr olds, Nigeria, 37062
reproductive options & health care policy for identification, females with HIV, 38174
sexual functioning during postcoital test, physiological reproductive processes, infertile females, 14156

show off behavior, patterns of meat acquisition & association between individuals & mobility & reproductive success, male Kubo 15 yr old & older hunters, Papua New Guinea, 33076
spinal efferent pathways from hypothalamic paraventricular nucleus, photoperiodic reproductive responses, hamsters, 4634
subsequent & immediate vs 15 min delayed mating without ejaculation, sperm number present 1 hr postejaculation during initial mating, male prairie vs montane voles, 12636
territorial & courtship & other behavioral & hormonal correlates of alternative reproductive strategies, male tree lizards, test of relative plasticity & challenge hypotheses, 28453
thyroxine, photoperiodic control of energy balance & food intake & reproductive status, male hamsters, 12853
Sexual Reproduction [See Also Fertility]—Books
Reproductive issues for persons with physical disabilities, 38146
Sexual Reproduction [See Also Fertility]—Chapters
Eating disorders and reproduction, 45881
Future directions for research on reproductive issues for people with physical disabilities, 38155
The male perspective, 45108
Menstrual and reproductive function in the eating disorders, 41908
Reproductive decisions, 17365
Sex, succession, and stratification in the first six civilizations: How powerful men reproduced, passed power on to their sons, and used power to defend their wealth, women, and children, 33063
Sexuality, disability, and reproductive issues through the lifespan, 38149
A summary of normal female reproductive physiology, 36652
Women and reproduction, 37370
Women's reproductive life cycle issues, 21427
Sexual Sadism—Serials
interpretation of psychopathology in Rorschach test, 31 yr old White psychopathic male convicted of sexual homicide, case report, 18062
psychoanalytic perspective on sadomasochistic sexual fantasy & enactment as developmental & therapeutic advance, 28 & 33 yr old psychotherapy clients, 34313
psychoanalytic perspective on sadomasochistic sexual fantasy & enactment as developmental & therapeutic advance, 28 & 33 yr old psychotherapy clients, commentary reply, 34314
psychoanalytic perspective on sadomasochistic sexual fantasy & enactment as developmental & therapeutic advance, 28 & 33 yr old psychotherapy clients, commentary, 34326
Sexuality—Serials
anorexia & bulimia nervosa & partial syndromes, reproductive functions & sexuality & fetal & infant health, 6192
assessment & treatment of sexual behaviors & dysfunctions, females with cancer, 38188
attachment & romantic relationships & sexual behavior & sexuality, implications for risk & prevention of HIV infection, 21432
celibacy vs monogamy vs free experimentation subcultures of sexuality, college students, Canada, 17410
conceptual definition of heterosexuality & need for unified feminist theory of sexuality, 33200
continuing education sexuality workshop, nurses, 3174
cultural logic about sexuality & responsibility & attribution for AIDS, adolescents, implications for prevention, 6301
development & factor analysis & reliability & validity of AIDS Psychosocial Scale, assessment of AIDS related sexuality, college students, South Africa, test appended, 24091
education in effects of disease on sexuality, 37–71 yr olds with chronic obstructive lung disease, implications for role of nurses, 2846
factor structure of Sexuality Scale, assessment of sexual esteem & depression & preoccupation, college students, 27988
gender & sexuality & gender markers of various creatures & characters in TV show "Pee Wee's Playhouse", 9080
heterosexual presumption & ego functions, male analysands, 6665
importance of attention to nonverbal communication & sexuality of dying patients, nurses, 31075
issues in sexual sciences, 1980s, 29296
Jungian perspective on role of demon lover & sexuality in mid life return of unresolved issues, 13118
knowledge & understanding of reproductive health terms & anatomy & body functions & sexuality, female 13–18 yr olds, 13028
knowledge about & attitudes toward AIDS & sexuality of high risk groups, 22–64 yr old nurses & doctors, South Africa, 3223
Lacanian metaphysical perspective on Platonic epistemology & unconscious in Socrates' logos on love & sex in "Phaedrus", 28800
masculinity & sexuality & identity & homosexual experience & sex dynamics, gay male adults, Australia, 21431
memory mechanisms & origins of alcohol expectancies & effects on sexuality, 25452
parallel processes & sexuality in supervisory relationships, opposite sex supervisors & social work students, 3183
perspectives on politics of androgyny & sexuality in all male & all female theater, Japan, 5459
phenomenological analysis of meaning & experience of sexuality, 30–66 yr old females, 33158
postpositivist view of meaning of science & future of research in sexology & sexuality, 33198
psychoanalytic theory on sexuality as instinct vs sensuality as motivation, 1502
religious beliefs, sexuality & sex therapy, sexually dysfunctional adults, conference presentation, 14518
role in disabled patient's adjustment to changes in sexual function, nurses, 3225
role of sexual interpretations of female's friendly behavior in workplace sexual harassment, 27738
sex, sexuality & sexual attitudes & behaviors, meta analysis, 41182
sex therapy, clients with spinal cord injuries & their partners, 38676
sexual characteristics, 23–33 yr old females with borderline personality disorder, 9907
sexual coercion as product of evolutionary psychological adaptation to rape vs side effect of general psychological adaptation, males, commentaries & reply included, 9968
sexual counseling, clients with traumatic brain injury & their partners, 38678
sexual history & satisfaction & marital adjustment, adults with obsessive compulsive vs panic vs depressive disorders, 41511
sexual norms & values & morality in study of sexuality & sexual behavior, 17405
sexuality & body image & reproductive issues while growing up, 13–28 yr old females with congenital heart disease, 38200
sexuality & disability materials, 1982–92, annotated bibliography, 45339
sexuality & humor & incongruity of cartoons, funniness ratings, male vs female college students, 28330
sexuality & marital history & child abuse, China, 17895
sexuality & marital sexual relations & intimacy & compatibility, 19–29 yr old abused wives, 29756
sexuality in & sexual & nonsexual determinants of sex offenses, conference presentation, 10081
sexualized transference in art therapy, 27 yr old Black male with chronic paranoid schizophrenia, case report, 2715
social & sexual issues in counseling, clients with cerebral palsy, reprint, 38679
social context of sexuality & sexual beliefs & implications for safe sex, Greek vs Anglo vs homeless 15–18 yr olds, Australia, 21256
sociocultural changes, sexuality & sexual behavior, adolescents, implications for World Health Organization research, conference presentation, 5176
sociocultural conceptions of sex & sexuality & gender identity & variance, implications for labeling, 17408
systems perspective on family sexuality in sex education, 15370
training in sexuality & disability, social workers in hospital or habilitation or rehabilitation facilities, 43034

workplace sexuality & sexual harassment, 27729
Sexuality—Books
Adolescent sexuality. Advances in adolescent development, Vol. 5, 17194
Exploring human sexuality, 21445
Human sexuality today, 41186
Sex-life: A critical commentary on the history of sexuality, 45158
The shadow of Dionysus: A contribution to the sociology of the orgy, 25440
Vested interests: Cross-dressing & cultural anxiety, 21444
When part of the self is lost: Helping clients heal after sexual and reproductive losses. The Jossey-Bass social and behavioral science series and The Jossey-Bass health series, 22538
Sexuality—Chapters
Affection, love, intimacy, and sexual relationships, 41816
Aging and sexuality, 17255
Alcohol and female disinhibition, 13400
Gender differences in the perception of vocal sexiness, 20246
Historical and theoretical perspectives on adolescent sexuality: An overview, 17202
Love and sexuality in narcissistic personalities: A clinical report, 45611
Male sexuality and power, 41357
Not in front of the children: Responding to right wing agendas on sexuality and education, 3287
Outcome of psychotic breakdown in adolescence: The perverse solution, 6691
Sexuality and male dominance, 37374
Sexuality and reproductive health behavior, 45006
Sexuality, disability, and reproductive issues through the lifespan, 38149
Sexuality issues, 1575
Sexuality, schooling, and adolescent females: The missing discourse of desire, 27481
Sexually Transmitted Diseases [See Venereal Diseases]
Shamanism—Serials
multidisciplinary perspective on contemporary shamanism & shamanic healing, research review, 17273
psychospiritual or irrational aspects of childbirth, shamanic midwifery traditions for pregnancy & childbirth with focus on Navajo Monsterway ritual, 10881
Shame [See Guilt]
Shape Perception [See Form and Shape Perception]
Shared Paranoid Disorder [See Folie A Deux]
Sharing (Social Behavior)—Serials
age & temporal monitoring ability & motivation, equal sharing of desirable object, 3–12 yr olds, 40921
food sharing & transfers & other behavior, captive brown capuchin monkeys, 24578
methadone treatment, illegal narcotics use & syringe sharing patterns & HIV exposure risk education, iv drug users, New Zealand, 7251
need & sharing rules & observability, bargaining behavior in 3 person ultimatum game, college students from Western vs Eastern European countries, Austria, 5521
needle sharing & other risk related drug behaviors & HIV status, iv drug using 18–40 yr olds & older, 18286
predictors of needle sharing, iv drug users entering treatment, 39036
rate of needle return in needle exchange program, iv drug abusers, implications for HIV prevention, 23249
sex & age & length of habit, group drug usage & needle sharing, injecting drug users, Australia, 10000
social contexts of needle sharing & associated HIV risk, male vs female 15–55 yr old drug injectors, Scotland, 45703
Sharing (Social Behavior)—Chapters
Sharing and collective action, 17527
Two nonhuman primate models for the evolution of human food sharing: Chimpanzees and callitrichids, 12462
Sheltered Workshops—Serials
perceived costs & benefits of supported vs sheltered employment & cost effectiveness of employees' quality of life, developmentally disabled 22–55 yr old employees & taxpayers & society, 27172
resource components approach to collecting & reporting costs of habilitation training & sheltered workshops & supported employment, adults with developmental disabilities, 30977
Shelters—Serials
admissions & health care policies & services & capacity at homeless shelter, homeless urban females, 29145
advantages & disadvantages of shelter living & need for social service assistance & permanent housing for homeless females & their children, shelter staff members, 30833
asylum-like quality of & institutional life in homeless shelter, 29153
building type & design of shelter, victims of domestic violence, 34886
demographic & homelessness characteristics, lifetime & annual & current illicit drug & alcohol use, homeless Black 18–35 yr olds & older in shelters, 26000
demographics & level of acceptance from staff & clients & motivation & length of & reasons for service, volunteers at rape crisis centers & shelters for battered females, 14965
ethnographic approach to mental health consultation in shelter, homeless & runaway youths, 19069
feminist perspective on service needs, children in shelters for battered females, 34865
history & purpose & daily life & financing of Frauenhaus shelter, battered females & their children, Germany, 2910
housing preferences, homeless males vs females in shelters, 38884
loss of privacy & environmental control over homeless shelter & attributional style & helplessness & history of depression, homeless adults, 5316
low demand respite residence, treatment resistant & noncompliant mentally ill homeless females, 2913
needs, 17–61 yr old females exiting domestic violence shelter, 34889
physical & sexual assault prior to & after leaving home, single homeless females living in shelters, Canada, 23049
postshelter advocacy services, access to community resources & postshelter abuse & quality of life, abused females leaving domestic violence shelter, 11004
psychiatric & substance abuse history & victimization, homeless low income mothers requesting shelter, 19086
shelter experiences, health seeking behavior, chronically homeless 50–68 yr old males, 46715
videotape project on HIV transmission in shelter living, male residents & staff of homeless shelter, implications for AIDS prevention, 7007
Shelters—Chapters
Agency response to domestic violence: Services provided to battered women, 11011
Shifts (Workday) [See Workday Shifts]
Shock Therapy [See Also Electroconvulsive Shock Therapy, Insulin Shock Therapy]—Serials
patient controlled alfentanil, pain control, 20–90 yr olds undergoing shock wave lithotripsy of gall bladder stones, UK, commentary & reply, 34719
Shoplifting—Serials
efficacy of cluster analysis in development of taxonomy, 18–88 yr olds suspected of shoplifting, 37892
occurrence & characteristics of recorded shoplifting, under 10 to over 60 yr old offenders, 1985–89, Great Britain, 29910
public identification of high risk products, theft reduction & reactions, grocery store customers & employees, Sweden, 35753
shoplifting patterns, bulimic patients, 10182
Shopping [See Consumer Behavior]
Shopping Centers—Serials
positive & negative aspects of electronic scanning in supermarkets, commentary, 31629
Short Term Memory—Serials
accessibility of goal category during processing of goal achievement sentence in text, college students, test of encoding vs buffer vs high level reinstatement vs low level inference hypothesis, 16260
age & German vs French version of reading span test, assessment of language independence of working memory for reading, bilingual 23–50 yr olds, Switzerland, 40180

age & narrative organization & memory presentation mode, working memory & use of cues in referent choice strategies, 19.9–71.2 yr olds, 9179
age & sex, immediate recall & delayed memory performance on Rey Auditory-Verbal Learning Test, 16–76 yr olds, 967
age & working memory, differences in matrix reasoning, 18–80 yr olds, 44898
age, acquisition & retention of delayed reversal task, 7–27 mo old male mice, 8470
aging & aviation expertise & working memory demands, processing & recall & comprehension of aviation vs general narratives, young vs elderly pilots, 950
alpha-2 adrenergic agonist medetomidine vs antagonist atipamezole, working memory, male rats tested at 6.5–10.5 & 17–18 mo old, 16745
angle of inclination & retention interval, short term memory distortion for object position on inclined plane, college students, test of model of dynamic representations, 44131
application of delayed matching to sample paradigm, acoustic pattern recognition & short term memory, 7–10 yr olds vs adults, 25115
articulatory loop & visuospatial & other components of working memory, depressed patients, 45434
articulatory suppression & phonological similarity & storage & word length & presentation rate, immediate vs delayed serial recall & working memory, college students, Italy & England, 40174
assessment of phonological working memory, 3 yr olds, England, 43704
attention & short term memory, EPs, adults with chronic fatigue syndrome, 14196
attention to physical vs social threat vs positive emotional word in dual task, cued recognition & short term memory, patients with panic disorder, erratum, 25854
attention to physical vs social threat vs positive emotional word in dual task, cued recognition & short term memory, patients with panic disorder, 5926
background noise & working memory capacity, speechreading performance, 22–52 yr olds, 40044
biological & behavioral & computational components in models of working memory, 36246
caffeine & time of day & history of caffeine consumption, short term memory & mental arithmetic & reading comprehension & serial search & verbal reasoning, 19–39 yr olds, 24941
changing state of speech, disruption of short term memory & irrelevant speech effect, college students, 356
choice apparatus configuration & post search reward presentation, scopolamine vs ketamine mediated short term memory & path optimization, male rats, 28680
cholecystokinin agonist vs antagonists, appetitively motivated learning & spatial working memory, male rats, 32631
cholinesterase inhibitor NIK-247 vs tetrahydroaminoacridine vs physostigmine, scopolamine vs hippocampal lesions vs cerebral ischemia induced working memory impairment, male rats, 28793
chronic nicotine &/vs mecamylamine, working memory, female rats, 36819
chronic nicotine, mecamyline & scopolamine challenge to postwithdrawal maze learning & memory facilitation, male rats, 16809
cognitive strategies, short term memory for movement distance & location, college students, 20264
combined acetone & ethylacetate at maximum allowable workplace concentrations, RT & short term memory & neurobehavior, adult males, Germany, 761
comparative cognition & animal models of cognitive processes in recent memory & attention, animals, commentary, 8463
comparative cognition & animal models of cognitive processes in recent memory & attention, animals, 8492
comparative cognition & animal models of cognitive processes in recent memory & attention, animals, commentary, 8501
concurrent memory load, hemispheric difference in visual field advantage in mental rotation rate, right handed 18–38 yr olds, 36498
concurrent validity of Star Counting Test, assessment of attentional regulation of working memory, college students, Netherlands, 39739
cued response speed accuracy trade off, relative judgment of recency & serial retrieval processes in short term recall of order information & RT, college students, 44153
cysteamine induced somatostatin depletion &/vs scopolamine, working & reference memory, male rats, 44698
deficiencies in working memory resources for processing & storage & allocation, 18–25 vs 60–94 yr olds, 9144
deficit in central executive component of working memory & frontal lobe test performance, severely head injured patients, 2273
delay in sample offset & comparison onset in conditional discrimination training, strength of internal stimulus representations, pigeons, 44261
delta-9-tetrahydrocannabinol, hippocampal cell firing rate & short term memory in delayed match to sample task, male rats, 28718
development of gamma neural network architecture, temporal processing & matching of temporal structure of short term memory to input signal space, 15787
development of memory task, assessment of neuronal activity in auditory working & reference memory in single situation of stimuli, male rats, 12540
display durations & verbal load & serial position & visual suffix, span of apprehension, college students, Canada, implications for visual working memory, 44139
disturbed articulatory rehearsal, brain damaged 57 yr old male, test of working memory model, 14281
duration & information content of visual stimulus, immediate recall, 22–32 yr olds, Ireland, 8365
efficiency of working memory capacity in Japanese vs English vs ESL version of reading span test, college students, Japan, 4389
empirical challenges to modal model of short term memory & status of coding concept & dual trace theory, 36227
everyday memory dimensions & working memory & intelligence, 18–22 yr olds, 8361
familiar vs novel nonsense syllables, left vs right frontal vs temporal vs parietal lobe auditory EP correlates of short & long term recognition memory, 14 mo olds, 17051
galanin vs scopolamine vs ketamine vs MK-801, delayed nonmatching to sample, male rats, 44716
global causal inference making & mental operations during comprehension, explanatory coherence & talking aloud during reading of sentences & working memory, college students, 44167
glucose, cold induced delayed matching-to-sample performance & working memory, male rats, 40516
high speed stimuli presentation, false recognition of prototype numbers & words in very short term memory, graduate students, 40190
hippocampal aspiration lesions, nonspatial working memory during continuous nonmatching to sample task, male rats, 16544
hippocampal CA1 subfield lesions, preoperative training & subsequent spatial working memory, male mice, 24659
hippocampal lesions, recognition of nonspatial delayed nonmatching to sample lists, male rats, implications for involvement in short term memory, 36560
icv dopamine in ventral pallidum/substantia innominata, cognitive & motor processes during short term memory task, male rats, 36843
individual differences in working memory & correlation with academic achievement, 5–18 yr olds, 15453
individual differences in working memory & E vs S paced word span & reading comprehension, high vs low span college students, test of 4 hypotheses, 4303
inner speech & subvocal articulation in verbal short term memory, anarthric 25 yr old female & 65 yr old male with pontine or frontal lobe lesion, 6347
inspection time during immediate recall & IQ, 19–30 yr olds, Ireland, 8346
intrahippocampal NMDA receptor antagonists vs scopolamine, working & reference memory, male rats, animal model of Alzheimer's disease, 24952

ip vs intrahippocampal mecamylamine, working vs reference memory, male rats, 40644
kinesthetic vs abstract signals, interference between location & distance information in motor short term memory, 18–20 yr olds, Japan, 8274
length of retention interval with vs without distraction, verbal & nonverbal recall & short term memory, 37–77 yr old with untreated Parkinson's disease, England, 42102
listening comprehension & working memory skills, 7–8 yr olds with reading comprehension deficits, 9195
mathematic models for Brown-Peterson methodology for study of retention of individual verbal items over short time periods, 4385
medial septal area muscimol, long vs short term memory in inhibitory avoidance & water maze place learning & rewarded alternation, male rats, 12847
medial septal lesion, spatial vs nonspatial working memory, male rats, 40378
medial septum lesions, long term potentiation in commissural or mossy fiber & CA3 pathways & working spatial memory & hippocampal & fimbrial acetylcholinesterase, male rats, 24673
medial vs dorsolateral septal nuclei lesions, reference & working memory in place & cue radial maze task & hippocampal theta, rats, 16563
memory load & verbal vs visual presentation, role of working memory & strategies in syllogistic reasoning, Scotland, 40096
metatheory of short term memory similar to general model of cognition, 36248
neuronal firing patterns in inferotemporal cortex during visual short term memory task, monkeys, 36572
nicotine polacrilex gum, short term memory RT, female 21–45 yr old smokers vs nonsmokers, 40672
NMDA in dorsal hippocampus, working memory & neuronal degeneration, male rats, 8980
NMDA receptor antagonists CGS 19755 vs MK-801, time discrimination & short term memory, male mice, 24848
nonspatial working memory deficits, male rats with lesions of hippocampus vs fornix, 44439
nucleus basalis magnocellularis muscimol with vs without bicuculline, working & reference memory, male rats, 16735
number of consecutive night shifts, mental effort in short term memory task following 32 hr recovery, male cargo transport workers, Netherlands, 27731
odor trail cue use vs working memory, water maze learning, female vs male rats, 16448
opiates & benzodiazepines & anticholinergic agents & other drugs of abuse, short term memory in delayed matching to sample task under operant conditioning paradigm, male monkeys, 44643
Oriya orthography, oral reading, 5th graders with high vs low working memory capacity, India, 25144
oxiracetam vs aniracetam, scopolamine induced reference vs working memory impairment in rewarded alternation task, male rats, 20803
parachlorophenylalanine & methysergide induced inhibition of 5-HT synthesis, spatial working memory, male rats, 36791
PCP, acquisition & long vs short term retention of spatial tasks, rats, 40602
perceptual selection & temporospatial integration & self estimates of wayfinding & distance estimation, 18–33 vs 57–85 yr olds, implications for selective attention & working memory, 9160
performance on 2 tasks & fluid intelligence & short term memory under instructions of accuracy vs speed, college students, Australia, 40191
phonologic similarity of visually presented letter sequences & silent mouthing of irrelevant words during study, sequence memory, college students, implications for working memory model, 36244
phonological representation in working memory in pseudoword repetition & copying & semantic-syntactic comparison, foreign language learning, elementary school students, Finland, 3 yr study, 5128
phonological short term memory & individual differences in language development, bilingual school age siblings, 37056
phonological similarity & concurrent irrelevant articulation, short term memory recall of repeated & novel word lists, college & postgraduate students, 44136
phonological storage capacity & other language processing modules, sentence comprehension, female brain damaged patient, case report, implications for short term memory, 38267
photothrombotic lesions of frontal cortex, short term memory capacity in delayed nonmatching to position task, male rats, 16576
physical context, recall or recognition of actions immediately after performance vs 24 hrs later, 18–29 vs 67–90 yr olds, 9183
physostigmine or scopolamine, object recognition & working memory on radial maze test, male rats, 20852
pragmatic & morphosyntactic factors, accessibility of discourse entities in short & long term memory, college students, 28316
prefrontal cortex & hippocampus injected scopolamine, short term memory, female rats, 32612
prenatal cocaine vs amfonelic acid, open field behavior & working memory & spontaneous alternation & activity level, adolescent & young adult male rats, 16794
prior inspection memory & attention & imagery, perceptual recognition of ambiguous figures, college students, 43975
proactive interference release & short term memory performance, schizophrenic adults, 13801
problem classification & working memory span, word problem solution accuracy, children, 37061
quisqualate vs NMDA antagonists vs ifenprodil, spatial working memory during spontaneous alternation & learning & recall during passive avoidance task, male mice, 20955
reading skill, phonological analysis & verbal working memory & pseudoword reading performance, skilled vs less skilled 4th graders vs skilled 2nd graders, Australia, 900
recall & recognition memory, male 23 yr old with short term phonological memory deficit, 46038
reliability & validity of reading span test, assessment of working memory & word recall & comprehension in reading, 17–27 yr old newly enlisted Air Force personnel, 11947
role of working memory in performance of complex cognitive activities, 348
sc nicotine dosage, attention & information processing & short term memory, patients with Alzheimer's disease, England, 14824
scopolamine &/vs triazole MDL 26,479, spatial delayed alternation & working memory, male rats, 24903
scopolamine, delayed matching to sample & T maze performance in olfactory tasks, male rats, 24971
scopolamine, recognition memory & inferior temporal neuron activity during delayed matching to sample task, monkeys, 36836
scopolamine with vs without training to higher criterion of learning, working vs reference memory in radial maze, male rats, 20916
segmentation of pitch glide stimulation vs synthesized vowel sounds & subsequent changing state effect, visual short term serial recall, college students, 40168
selective impairment of central executive component of short term memory, right handed 29 yr old with head injuries, 2322
sensitivity & test reliability & validity of short forms of Morris water maze, reference & working memory measurement of cognitive deficit, 2 vs 16 vs 24 mo old rats, 15873
sentence structure & subject strategy & working memory, errors in solution of verbal problems, adults, Australia, 44063
serial position & primacy & recency effects on working memory & statistical variability, animals, 437
set size & coordination between items in working memory & visual perception, response latency & serial position effect in list processing tasks, college students, 40082
short term memory, alternation rates & generation of random sequences in coin tossing tasks, 2nd vs 8th graders vs college students, 13050

short term memory as focus of attention on activated portion of long term memory, 36226
short term memory for conceptual information, 36242
short term memory for order & item information in delayed matching-to-successive-samples paradigm, pigeons, 36339
short term memory for timing of irregular sequences of auditory vs visual signals, college students, 4400
short term memory, male Vietnam veterans with combat related PTSD, 45547
short term memory requirements of concurrent nontemporal task, memory & visual searches & time estimation & production, 18–38 yr olds, 44143
short term memory storage of phonological vs visuospatial information, EPs, 19–39 yr old males, 20679
short vs long spatial memory, male vs female adults, 32203
similarity of auditory vs visual phonological stimuli, verbal short term memory, left brain damaged 21–82 yr olds with aphasia, 18418
social prototypicality vs target description vs memory term, recognition, 16–18 yr olds, Poland, 8353
spatial short term memory performance in 17-arm radial maze analog paradigm, college students, implications for comparative psychology with rats, 28319
spatial working memory deficits in oculomotor or haptic delayed response tasks, schizophrenic vs bipolar patients, 17718
specific vs generalized deficit in verbal vs visuospatial working memory as result of process vs storage functions, reading vs math disabled children, Canada, conference presentation, 45818
speech perception & phonological short term memory deficit, brain damaged aphasic 52–62 yr olds, 30216
speed & number of tones, short term auditory memory & acoustic processing, 15–31 yr olds with developmental receptive language disorder vs autism, 14044
stimulus temporal occurrence & spatial position & short term memory trace, college students, 44141
strychnine insensitive glycine receptor antagonists & sigma agents & dizocilpine vs scopolamine, working memory, male rats, 8881
subliminal music, short term recall, adults, 350
syntactic complexity & working memory, reading comprehension, 60–74 yr olds, 1162
syntactically compatible vs incompatible verbs in sentences, conceptual vs verbatim regeneration in short term recall, college students, 24465
temporal or serial order of unpredictable visual events, short term memory & judgments of recency, monkeys, animal model of order memory, 24534
test anxiety & working memory & prior knowledge deficits, reading comprehension, college students, Spain, 12215
tetrahydroaminoacridine vs physostigmine vs oxotremorine, working memory, male rats with basolateral vs corticomedial amygdala lesions, 20949
text content familiarity & syntactic complexity, working memory & prose recall, in vs out of school female young adults vs elderly, 9157
tone pattern frequency vs intensity vs duration vs serial position, short term acoustic recognition memory, 23–41 yr olds, 24466
tone sequences vs speech pitch, visual serial recall & phonological coding in working memory, adults, 20312
trait anxiety & situational stress, working memory, college students, 8367
transmission of galanin fragments in medial septal area, hippocampal theta & choice accuracy in working memory task, male rats, 4582
transposition of letter sequence, RT & errors in short term memory performance, college students vs elderly, 887
triazolam vs other hypnotics, CNS sedation & short term memory, healthy 18–50 yr olds, 40594
varying delay interval & pattern size, visuospatial memory, 17–59 yr olds, 8181
verbal & visuospatial tasks involving working memory, interference with ability to worry, college students, Australia, 40121
verbal recoding of visual stimuli in short term memory, long term memory encoding & mental image rotation, college students, 4292
verbal short term memory for serially ordered lists, application of network model of articulatory loop, 4372
visual presentation of verbal material, regional cerebral blood flow during short term memory & subvocal rehearsal tasks, males, letter, implications for neural correlates of working memory, 32427
visual short term memory & oscillatory neuronal activity in temporal pole, male monkeys, 36544
word length & suppression & serial position & repetition, working memory & semantic encoding & proactive inhibition & implicit learning, adults with multiple sclerosis, 41978
word length, speech rate & short term memory span, elderly with Alzheimer's type dementia, 38251
word list priming, anagram problem solving vs free recall as test of implicit memory, elderly with Alzheimer's disease, 2303
working memory & cognitive bases of intelligence, college students, Poland, 4388
working memory & other characteristics, effect of task complexity on cognitive performance, 18–80 yr olds, 966
working memory, age related differences in integrative reasoning, college students vs elderly, 5126
working memory capacity & vocabulary knowledge & bridging of related ideas near vs far apart in text, inference processing, college students, 16296
1 night sleep deprivation, problem solving & task processing & short term memory task, college students, 358
5 vs 15 sec intervals, short term retention of spatial locations in tapping & backwards counting, college students, 8366

Short Term Memory—Books

Mechanisms of age-cognition relations in adulthood. John M. MacEachran Memorial Lecture Series, 5140
Working memory and severe learning difficulties. Essays in cognitive psychology, 2034

Short Term Memory—Chapters

Analysis of short- and long-term enhancement produced by one-trial conditioning in Hermissenda: Implications for mechanisms of short- and long-term memory, 12371
Dissociations between component mechanisms in short-term memory: Evidence from brain-damaged patients, 38307
Investigating a verbal short-term memory deficit and its consequences for language processing, 143
Memory and expectancy in delayed discrimination procedures, 8509
Molecular interrelationships between short- and long-term memory, 12574
A new theoretical framework for understanding reading and spelling tasks, 41848
Patterns of short-term memory impairment in Alzheimer's disease, 14404
The perturbation model of short-term memory: A review and some further developments, 380
Testosterone, attention and memory, 16713
"Time present and time past.", 470
Using repetition detection to define and localize the processes of selective attention, 36258
Working memory and the mind, 40426
Working memory, automaticity, and problem difficulty, 20295

Short Term Potentiation [See Postactivation Potentials]
Short Term Psychotherapy [See Brief Psychotherapy]
Shoulder (Anatomy)—Serials

shoulder vs elbow EMG muscle activity onset during forelimb reaching, rats, 28617
visual judgment of low vs medium vs high postural angles of shoulder flexion, engineering students, ergonomic implications, 31671

Shyness [See Timidity]
Sibling Relations—Serials

characteristics of arguments with older sibling vs mother, 2nd born 33 mo olds, 1122
differential maternal behavior & nonshared sibling experiences, internalizing vs externalizing behavior problems, 4 vs 7 yr old siblings & their mothers, reprint, 1063

divided custody, sibling relations, children of divorced parents, 29242
influence of older siblings vs peers on cognitive development, K–1st graders, 32851
maternal labeling of giftedness & birth order, sibling relations, 10–16 yr olds, 25260
psychoanalytic perspective on love & rivalry in development of relationships between self & mother vs sibling, identical twin male infants & their mother, 2 yr study, 5036
psychoanalytic perspective on sibling dynamics & separation individuation issues & sister transference & countertransference, adult female psychiatric patient, 46197
relationship involvement & sibling's perceived competency, 16–55 yr old nondisabled siblings of mentally retarded 18–46 yr olds, Australia, 2057
relationship of mother vs father with older sibling as infant & with both siblings, conflict & aggressive interaction, sibling pairs with 5.4–6.6 & 1.8–4.7 yr olds, 9452
relationship work & other processes in long term conjoint psychotherapy, 10 & 11.5 yr old male siblings in foster care, conference presentation on case report, 30391
school based peer mediation training, sibling conflict & use of resolution skills in home setting, 4th–6th graders, 15548
sibling & family relations & substance use, high risk 14–18 yr old pregnant or parenting or nonpregnant females, 1902
sibling relationships & caregiving for elderly parents & each other, elderly siblings, 17321
sibling separation & risk & protective factors, symptoms & school performance & social functioning, 0–15 yr olds before vs during vs after foster care placement, 23070
teaching younger siblings, academic achievement, 9th & 11th graders, replication, 2 yr study, 39274
time out vs overcorrection, aggression, siblings & their mothers, 1 mo followup, 18624

Sibling Relations—Books

Brothers & sisters—A special part of exceptional families (2nd ed.), 22264
The effects of mental retardation, disability, and illness on sibling relationships: Research issues and challenges, 25672
Siblings in South Asia: Brothers and sisters in cultural context. Culture and human development, 45101

Sibling Relations—Chapters

Adult sibling relationships of persons with mental retardation, 26103
Brothers' lives: Kinship and ethnopsychology in north India, 45112
Conflicts between siblings, 25294
Contemporary themes in research on sibling relationships of nondisabled children, 25280
The dialectics and norms of self interest: Reciprocity among cross-siblings in a Sri Lankan Muslim community, 45103
Equality and hierarchy between adult brothers: Culture and sibling relations in north Indian urban joint families, 45104
Ethnographic and ecocultural perspectives on sibling relationships, 25686
Issues and interventions for young siblings of children with medical and developmental problems, 25682
Lifetime research on siblings of persons with mental retardation, 26102
Parameters for inclusion in studies on sibling relationships: Some heuristic suggestions, 25677
Sibling interaction, 13190
Sibling myths in a south Indian fishing village: A case study in sociological ambivalence, 45111
Sibling relations and marriage practices: A comparison of north, central, and south India, 45106
Sibling relations in the family context, 25685
Sibling relationships in creative lives, 1492
Siblings and out-of-home placement, 26100
Siblings in North America and South Asia, 45102
Siblings of children with chronic illnesses: A categorical and noncategorical look at selected literature, 25679
Siblings of children with dual diagnosis, 25678
Siblings of children with learning disabilities, 26076
Siblings of children with physical disabilities and chronic illnesses: Studies of risk and social ecology, 25681
Siblings of persons with mental retardation: A historical perspective and recent findings, 26101
Sociocultural contexts: Examining sibling roles in South Asia, 45113
Using multiple forms of family data: Identifying pattern and meaning in sibling–infant relationships, 9426

Siblings [See Also Brothers, Heterozygotic Twins, Monozygotic Twins, Sisters, Triplets, Twins]—Serials

actual vs parents' perceived knowledge of cancer, sibling psychological response & adjustment & social competence & behavior problems, sibings & parents of children with cancer, England, 2223
age & sex & presence of younger sibling, knowledge about babies & relation to sex role development, 4–7 yr olds, 1037
anxiety & defenses assessed with Perceptgenetic Object-Relation Test, 18–58 yr old siblings of patients with recent onset vs chronic schizophrenia vs mental handicap, 25842
birth order & siblings' sex, self perception of interpersonal power, African- vs Caucasian-American males vs females, 29354
burden & involvement & social support & mental health & community service use during caregiving to elderly, spouses with vs without children vs adult children with vs without siblings, 19097
career choices & value orientations, 26–53 yr olds with developmentally disabled siblings, 33924
characteristics, siblings of patients with eating disorders, literature review, 18155
cognitive performance, 50 yr old & older siblings & adult children of elderly with probable early vs late onset Alzheimer's disease, 1–6 yr study, 6378
concordance for sex, sibling pairs with schizophrenia or other psychotic disorders, 33641
depression & social adjustment & amount of child care & domestic responsibility, 7–17 yr old siblings of autistic male children, Canada, 26044
development of individual differences in parental relationships & others within family processes, male 30 mo old & female 18 mo old siblings & their mother, 29006
differences in family processes & individual adjustment, 10–18 yr old siblings from divorced families living together vs apart, 25237
disability severity & birth order & age, interactions with siblings, 2–13 yr olds with cerebral palsy, Greece, 46046
format of support group within family services program, female 13 & 17 yr old siblings of psychiatrically hospitalized children, 46582
genetic vs environmental mediation on Home Observation for Measurement of Environment & Mental Development Index, 12 mo old nonadoptive vs adoptive sibling pairs, 12 mo followup, 9084
life stage adoption issues & social work interventions, birth mothers & siblings, 30830
mother's expectations of typical child behavior & conduct problems & household responsibilities & self care, male vs female 6–13 yr old siblings of children with Down's syndrome & their mothers, 26081
motivation for & social support in caregiving & involvement after parents' death, sibling caretakers of seriously mentally ill, 42822
needs & desire for & sharing & withholding of information inside vs outside of family, adults with schizophrenic sibling, 41589
neuropsychiatric & cognitive & developmental disorders, siblings & parents of 2–11 yr olds with infantile autism/autistic disorder vs 7–8 yr olds with attention & motor & perception deficits, 1996
neuropsychological indicators of disorder vulnerability, schizophrenic patients vs their healthy siblings, 5880
nonrandom segregation of alleles at DXYS14 locus, siblings with schizophrenia, support for pseudoautosomal locus hypothesis, 1716
number & birth order & spacing intervals & sex of sibling configurations, Black vs White preschoolers, 1940–80 cohorts, 859

parallel secular increase in child & adolescent onset affective disorders, siblings of prepubertal probands with major depressive disorder, 1692
parent configuration & number of siblings, conformity to student role & absences & lateness & conduct, 1st graders, 3514
perceived vs actual social support, adult siblings, 13305
perception of sibling visitation, female 21–37 yr olds hospitalized postpartum, 23144
plasma immunoglobulin induced inhibition of binding of serotonin agonist to hippocampal receptors, autistic children & their parents & siblings, conference presentation, 26042
psychological & legal issues in & donation center policies on informed consent & risk assessment of sibling bone marrow donation, 14866
self concept & sociometric status, rural vs urban 11–14 yr olds with vs without siblings, China, 9277
sex & age & family structure, coping & family adaptability, 5.2–16.6 yr old siblings of pediatric cancer patients, 42014
sex ratio, dyslexic children & their siblings, 2022
sibling birth spacing, secondary school attrition & postsecondary school attendance, high school students, longitudinal study, 43265
sibling play therapy, long term growth & self esteem & interpersonal skills, homeless children, 30410
siblings' sexual orientation, homosexual vs heterosexual adult females, implications for familial homosexuality, 21430
sibship size, contagion of participation in skill development program vs conduct disorder vs other child psychiatric conditions, 4–16 yr olds, Canada, 5708
sources & effects of emotional role strain, oldest siblings vs spousal caregivers of elderly, 30885
stress & problem solving & coping & attributional style & family functioning & beliefs & attitudes & psychological symptomatology, 7–28 yr old siblings of severely head injured patients, 30059
structure of sibling interactions, 2–13 yr olds with cerebral palsy & their siblings, 46047
TV coviewing with older sibling, reactions to & recognition of normal vs dream sequence version of suspenseful movie scene, preschool age children & their older siblings, 33013
twin & sibling & adoption methods in evolutionary based studies of genetic & environmental influences, 44373
validity of self reported nonshared environmental factors, prediction of personality differences, 18–22 yr olds & their 14–25 yr old siblings, 37140
vulnerability to drug misuse & comorbid psychopathology, siblings of cocaine addicted adults, 33858
Siblings [See Also Brothers, Heterozygotic Twins, Monozygotic Twins, Sisters, Triplets, Twins]—Chapters
Measurement considerations in the identification and assessment of stressors and coping strategies, 25680
Toward a more general model for research on the well-being of siblings of persons with disabilities, 25675
Sick Leave [See Employee Leave Benefits]
Side Effects (Drug) [See Also Drug Addiction, Drug Allergies, Drug Dependency, Drug Sensitivity]—Serials
acute dystonia associated with fluoxetine, male 39 yr old with social phobia & panic disorder & recurrent major depression, letter, 14670
acute dystonic reaction to fluvoxamine, 36 yr old female with obsessive compulsive disorder & Gilles de la Tourette syndrome, letter, 46442
acute tryptophan depletion, exacerbation of depression & body dysmorphic disorder, female 42 yr old receiving 5-HT reuptake inhibitors, letter, 10652
adverse drug reaction to disulfiram therapy, conference presentation, 26767
adverse effects & overdose toxicity of older antidepressants vs fluoxetine & other newer drugs, implications for suicide risk, 18736
adverse effects of switch from fluoxetine to desipramine, female 27 & 54 yr olds with major depression, letter, 2678
adverse psychic reactions to psychotropic drugs, psychiatric patients, Germany, 8 yr study, 46448
adverse reactions to triazolam & other benzodiazepines, 30506
alpidem, psychomotor & mnesic performance, 65–80 yr olds with generalized anxiety or adjustment disorders with anxious mood, Italy, 18725
alprazolam dose, plasma alprazolam concentration & treatment response & side effects, patients with panic disorder & agoraphobia, 14706
alprazolam pretreatment, morphine analgesia & side effects, healthy male 22–30 yr olds, 12753
aniracetam efficacy & tolerability, 65–80 yr olds with senile dementia of Alzheimer's type, 42618
anticholinergic activity of parent compounds of prescribed medications, postoperative delirium, 29–74 yr old surgical intensive care patients, reanalysis of original data, 38739
anticholinergic effects of commonly prescribed drugs, elderly patients, 10731
anticonvulsants, extraocular muscle disorders & retinal & lens abnormalities & other adverse ocular reactions, psychiatric patients, 34546
antidepressant induced rapid cycling, 39–68 yr olds with affective mood disorders, case reports, 30473
antidepressants, development of dementia & myoclonus & peripheral neuropathy & lipid storage in skin, female 60 yr old with encephalopathy & psychiatric disorders, case report, 22715
antidepressants or neuroleptics or lithium or benzodiazepines, adverse effects on genitourinary & sexual function, literature review, 34570
antiparkinsonian drugs, neuroleptic induced rabbit syndrome & other parkinsonian symptoms, schizophrenic 44–67 yr olds, 10734
antipsychotic drug interactions & therapeutic efficacy & side effects, 30467
assessment methods of psychotropic drug side effects, patients, 2627
assessment of psychotropic drug induced teratogenicity in human therapeutics, 2637
atenolol vs nifedipine, sexual function, male 65–70 yr olds with moderate hypertension, 34743
autoimmune serological abnormalities consistent with drug induced lupus & drug treatment, 53 yr old male with late onset atypical psychosis following neuroleptic malignant syndrome, case report, 2649
awareness of lithium toxicity risks, psychiatric patients, letter, 26780
azidothimidine, neuropsychiatric side effects, HIV positive patients, 6951
behavioral sensitization to steroid therapy & prednisone induced psychosis, female 17 yr old with Crohn's disease, case report, 42612
benzodiazepines & antidepressants, risk of injury, elderly patients, 18767
benzodiazepines, neuroleptic induced dystonia, manic patients, commentary reply, letter, 26750
benztropine, tardive oculogyric dystonia & psychotic symptoms, schizophrenic 22 yr old male, Australia, 30507
bismuth subgallate as colostomy deodorant, paranoid ideation & memory impairment & olfactory & gustatory dysfunction & toxic encephalopathy, 74 yr old male, case report, 42646
bupropion associated mania, depressed patients with HIV infection, commentary reply, letter, 14871
bupropion, exacerbation of tics, 7–12 yr olds with comorbid attention deficit hyperactivity disorder & Tourette's syndrome, 22763
bupropion induced mania & mixed affective state, depressed male 50 yr old with HIV infection, commentary, letter, 14816
bupropion induced weight gain & carbohydrate craving, male 44 yr old with chronic pain & major depression, letter, 10740
bupropion overdose, development of single tonic clonic seizure, depressed female 39 yr old, letter, 42428
buspirone induced euphoria, 71–75 yr olds with probable dementia of Alzheimer's type & generalized anxiety disorder, letter, 18904
buspirone induced psychosis, HIV positive male 52 yr old, case report, 6966

buspirone, psychotic deterioration, 11–12 yr olds with anxiety disorders, case reports, 22761
captopril & hydromorphone, development of cognitive failure & coma following renal failure, female 85 yr old with breast carcinoma & arterial hypertension, case report, 38705
carbamazepine in drug treatment regimen, development of asterixis, female 59 & 21 & 63 & male 48 yr olds with bipolar disorder or mania or schizophrenia, case reports, 18768
carbamazepine induced thrombocytopenia, female 40 yr old with partial complex seizures, letter, 18888
carbamazepine maintenance, development of systemic lupus erythematosus, female 21 yr old with bipolar affective disorder, 14727
carbamazepine, total serum cholesterol, patients with major depression or bipolar or multiple personality disorder, 18708
cardiovascular effect of carbamazepine, crack cocaine smokers, conference presentation, 11114
cardiovascular effects of tricyclic & newer antidepressants, depressed patients, conference presentation, 34545
cetirizine vs terfenadine vs triprolidine, driving performance & cognitive or memory RT & sleep latency, healthy 24–41 yr old males, 21030
chronic lithium treatment, thyroid abnormalities, Chinese 17–57 yr olds, Hong Kong, implications for ethnic differences in lithium side effects, 18751
cigarette smoking & sex & age, psychopathology & neuroleptic doses & side effects, 23–64 schizophrenic patients, 10682
citalopram, intended & unintended effects, depressed patients, meta analysis, 18702
clinical assessment of antipsychotic drug induced movement disorders & extrapyramidal side effects, patients, 2616
clinical efficacy of buspirone vs benzodiazepines, performance & sleep & subjective reactions, humans, 42468
clinical features & pathophysiology & differential diagnosis & treatment, patients with tardive dyskinesia or neuroleptic malignant syndrome or cocaine related syndromes, 5771
clomipramine, development of concurrent severe agranulocytosis & hepatitis, depressed male 67 yr old, 42404
clomipramine induced catastrophic illness, male 22 yr old psychiatric patient taking phenelzine & chlorpromazine, case report, 6797
clomipramine induced myoclonus & serotonin syndrome, depressed male 30 yr old, letter, 10695
clonazepam & baclofen, molindone hydrochloride induced painful legs & moving toes syndrome, female schizophrenic 51 yr old, 30508
clonazepam, impulsivity & aggression & hyperactivity & other behavior side effects, epileptic 1.5–11 yr olds with generalized absence & myoclonic or partial seizures, 2782
clozapine & lithium induced agranulocytosis, female 59 yr old with schizoaffective disorder, case report, 42497
clozapine, development of chronic leukocytosis & neutrophilia during stressful rehabilitation, depressed male 55 yr old, 46514
clozapine, development of obsessive compulsive symptoms, female 30 & 32 yr olds with treatment refractory schizophrenia, letter, 46496
clozapine exacerbation of bulimia nervosa, female 29 yr old with schizoaffective disorder, letter, 10659
clozapine, induced agranulocytosis & CNS & other adverse effects, patients, conference presentation, 10696
clozapine induced epileptic seizures, schizophrenic patients, Finland, 22741
clozapine induced myoclonic & grand mal seizures, 26 yr old schizophrenic male, letter, 46445
clozapine induced myoclonic jerks & drop attacks, male 40 yr old with treatment refractory schizophrenia & severe tardive dyskinesia, letter, 14664
clozapine induced obsessive compulsive symptoms, chronic schizophrenic 33–41 yr olds, 30442
clozapine induced spiking fever & profuse diarrhea, 19 yr old psychotic male, letter, 46497
clozapine induced toxic hepatitis, female 44 yr old with paranoid schizophrenia, letter, 46466
clozapine, pleural & pericardial effusions, chronic schizophrenic female 39 yr old, letter, 10669
clozapine, schizophrenic 18–62 yr olds with treatment resistant psychosis or neuroleptic induced severe extrapyramidal side effects, Netherlands, 6808
CNS disorder progression after discontinuation of L-tryptophan, depressed 48 yr old female with eosinophilia-myalgia syndrome, case report, 14709
cognitive & psychomotor effects of paroxetine, healthy adults & elderly & patients with major depression, 12794
cognitive distraction vs relaxation training, side effects of chemotherapy, 20–77 yr old cancer patients with high vs low anxiety, 22947
corticotropin analog Org 2766, Vinca alkaloid induced neuropathy, patients with non-Hodgkin's lymphoma or Hodgkin's disease, 14865
cyclobenzaprine, development of prolonged periods of delirium, healthy 80 & 82 yr olds, letter, 30459
cyclosporine induced delusions, 63 yr old male with cardiac transplantation, England, letter, 10808
cyproheptadine, phenelzine induced anorgasmia & recurrence of depression, depressed 37 yr old male, letter, 10743
daily clozapine, EEG alterations & development of seizures, 15 yr old & older psychiatric patients, Germany, 46450
debrisoquine oxidation phenotype, acute dystonia, neuroleptic treated psychiatric patients, 26781
depot neuroleptics, development of amenorrhea, chronic schizophrenic female 21–44 yr olds, letter, 26737
desipramine, development of stuttering & jaw myoclonus, depressed 28 yr old male, letter, 18754
desipramine induced changes in skin & iris color, female depressed 61 yr old, letter, 30517
desire for & perceived control of health care & choice of antiemetic treatment, distress, 25–78 yr old cancer patients undergoing chemotherapy, commentary & reply included, 10855
dextromethorphan during fluoxetine therapy, development of visual hallucinations, female obese dysthymic 32 yr old, letter, 10646
dietary potassium supplementation, renal & other adverse effects of long term lithium, animals & patients, 16792
diethyl proprion for weight reduction, induced organic psychosis, female 46 yr old, case report, 42607
dihydroergotamine, development of claudication & vasospasm, female 43 & 51 yr olds with migraine headache, 26923
discontinuation of lithium & nortriptyline, 63 yr old male with drug induced Creutzfeldt-Jakob-like syndrome, case report, 14817
discontinuation of metoclopramide, haloperidol induced dystonia & parkinsonism, 23 yr old female with melancholic major depression, letter, 18749
disulfiram induced lead intoxication, 56 yr old male with paranoid schizophrenia & alcohol abuse, commentary, letter, 46487
disulfiram, psychiatric complications of drug interactions, patients with alcohol dependence or organic brain syndromes & other psychiatric disorders, reply to commentary on literature review, 23256
disulfiram, psychiatric complications or drug interactions, patients with alcohol dependence or organic brain syndromes & other psychiatric disorders, commentary on literature review, 23253
dosage of sertraline, CNS effects & therapeutic window, male 21–29 yr olds, 20884
drug related iatrogenesis, elderly patients, nursing implications, 30521
drug therapy or ECT, patients with steroid induced psychosis, 10445
drug therapy selection & disease stage & side effects & concomitant drugs, geriatric patients with Parkinson's disease, 30654
drugs, etiology of stroke, literature review, 6331
D1 & D2 dopamine antagonist zuclopenthixol & haloperidol, tardive dyskinesia suppression & concomitant parkinsonism induction, 47–79 yr old psychiatric patients, Finland & Denmark, 42454

ECT, major depression following timolol & acetazolamide, male 65 yr old with glaucoma, letter, 26899
efficacy & adverse effects of clozapine, psychotic symptoms or outbursts of rage & aggression, brain injured 21–44 yr olds, 46679
efficacy & adverse effects of fluoxetine, 9–18 yr olds with mood disorders or bipolar disorder, 26746
efficacy & adverse side effects & other characteristics of xantinolnicotinate, patients with cerebral insufficiencies due to dementia &/or organic brain syndromes, 42605
efficacy & effects of moclobemide vs doxepin on sexual function, patients with major depression, conference presentation, 30496
efficacy & safety & tolerability of raclopride, 19–63 yr olds with schizophrenic or schizophreniform disorder, 18712
efficacy & side effects & hyperprolactinemic effect of levosulpiride vs racemic sulpiride, 24–80 yr olds with somatoform disorders, 14800
efficacy & side effects of clozapine, schizophrenic 17–75 yr old inpatients, 6772
efficacy & side effects of fluoxetine vs amitriptyline, 21–63 yr olds with major depressive disorder, Australia, 38556
efficacy & side effects of paroxetine vs imipramine, 18–70 yr olds with endogenous &/vs reactive depression, 26764
efficacy & tolerability & safety of dopamine agonist remoxipride, schizophrenic 18–69 yr olds, UK, 26718
efficacy & tolerability of fluoxetine vs mianserin, cognitive & behavioral performance, 60–80 yr olds with depressive disorder, 38562
EKG QTc prolongation as potential mechanism of desipramine related death, 8 & 9 yr olds males, case reports, 26790
epidemiology & pathogenesis of clozapine induced agranulocytosis, schizophrenic patients, 6750
ethosuximide, development of manic episode, 11 yr old male with absence seizures, letter, 22743
excitatory & other side effects of moclobemide, 26–78 yr olds with treatment refractory depression, case reports, 34542
experimental or clinical or epidemiological methods, assessment of epileptogenic potential of psychotropic drugs, patients, 2628
flumazenil, reversal of benzodiazepine sedative effects & precipitation of benzodiazepine syndrome, 2666
flunarizine, development of sleep disturbances & perceptual disorders, 46 & 56 yr old females with migraine prophylaxis, case reports, 26932
fluoxetine & pimozide, development of severe sinus bradycardia, male 77 yr old with dementia, 46648
fluoxetine, development of aggressive or violent behavior, psychiatric patients, 26743
fluoxetine, development of galactorrhea & hyperprolactinemia, female 17 yr old with bulimia & depression & suicidal behavior, Israel, letter, 2641
fluoxetine, development of hyponatremia secondary to syndrome of inappropriate antidiuretic hormone secretion, 83 yr old female with major depression, case report, 30479
fluoxetine, emergence of suicidal ideation, depressed patients, research review, 30499
fluoxetine induced adverse cutaneous reactions, 21–45 yr olds with major depression or obsessive compulsive disorder, 14707
fluoxetine induced akathisia & other extrapyramidal symptoms, suicidal ideation, female 32 yr old with major depression, 22728
fluoxetine induced akathisia & suicidal ideation, female 24–45 yr old psychiatric patients, letter, 10738
fluoxetine induced akathisia vs impact of viewing media coverage of fluoxetine's suicidal ideation effects, commentary, letter, 26748
fluoxetine induced hypomania, female depressed 29 & 44 yr olds, letter, 14721
fluoxetine induced painful prolonged erection & loss of ejaculation, male 41 yr old with major depressive disorder, letter, 18763
fluoxetine induced spontaneous prolonged erections & impaired ejaculation, 41 yr old male with major depression, letter, 46523
fluoxetine induced suicidal preoccupation, psychiatric outpatients, letter, 18699
fluoxetine induced vaginal anesthesia, depressed female 37 yr old, letter, 46468
fluoxetine induced vascular symptoms, male 38 yr old with dysthymia & characterologic dysfunction, letter, 18733
fluoxetine retreatment, relationship of akathisia to previous suicide attempts, depressed 25–47 yr olds, commentary reply, 2663
fluoxetine retreatment, relationship of akathisia to previous suicide attempts, depressed 25–47 yr olds, commentary, 2660
fluoxetine, severe emotional disturbances & suicidal ideation, female 32 yr old with depression & bulimia nervosa, case report, 18735
fluoxetine vs protryptyline, weight loss, overweight depressed 16–61 yr olds, 2654
fluoxetine vs tricyclic antidepressant &/vs placebo, emergence of suicidal thoughts & acts, patients with major depressive disorder, meta analysis, 18701
fluoxetine vs tricyclic antidepressants, development of weight loss & nausea & anorexia, 60–71 yr olds vs 75 yr olds & older with vs without depression, 10660
flupenthixol induced priapism, paranoid schizophrenic & mildly mentally retarded male 26 yr old, letter, 22713
fluvoxamine induced polydipsia, female 30–39 yr olds with dysthymic disorder & 40 yr old with panic attack disorder with agoraphobia, letter, 42408
fluvoxamine induced symptom exacerbation, 53 yr old female with residual schizophrenia, case report, 18769
fluvoxamine, side effects, alcoholic clients in relapse prevention, 42936
GABA transaminase inhibitor vigabatrin as therapeutic agent, striatal dopamine receptors & development of psychosis, epileptic patients, 14843
galactorrhea in neuroleptic malignant syndrome, female 18 yr old with schizophrenia, Spain, case report, 42475
genetic polymorphism in drug oxidation, adverse reactions to psychotropic drugs, elderly, conference presentation, 38552
glycoprotein, clozapine induced agranulocytosis, male schizophrenic 28 yr old, case report, conference presentation, 2615
granulocyte colony stimulating factor, clomipramine induced agranulocytosis, female 37 yr old with obsessive compulsive disorder, letter, 26744
haloperidol or other neuroleptic, positive symptoms & extrapyramidal side effects, acutely schizophrenic 18–53 yr olds, 6703
haloperidol related dyskinesias, autistic 3–6 yr olds, 6761
high dose hydromorphone, severe pain & induced cognitive impairments assessed by neuropsychological testing, 61 yr old male with prostatic tumor, 38714
hyperparathyroid adenoma, 58 yr old female in lithium therapy for manic depressive psychosis, case report, 6699
icv dopamine induced symptoms, male 52 yr old with treatment resistant idiopathic Parkinson's disease, 10827
idiosyncratic side effects of short half life benzodiazepine hypnotics on sleep, 8920
ifosfamide, development of encephalopathy & mental status changes, 49–73 yr olds with malignancies, 22930
im haloperidol vs fluphenazine vs clozapine vs remoxipride vs melperone, dystonia, cebus monkeys, animal model of neuroleptic induced extrapyramidal syndromes, 4758
imipramine & BP & hypertension risk, 13–17 yr old psychiatric inpatients, 26753
imipramine induced motor & vocal tics, 8 & 16 yr olds with major depression & genetic vulnerability for tics, case reports, 14720
imipramine, weight change during maintenance treatment, patients with recurrent unipolar disorder, 3 yr study, 18723
incidence & correlates of fluphenazine induced extrapyramidal symptoms, 1st episode schizophrenic patients, conference presentation, 6712
increased fluvoxamine dose, development of serotonin syndrome like symptoms, male 35 yr old with obsessive compulsive disorder, case report, 46475

intensive educational program, knowledge of & attitudes toward psychotropic medications & their side effects, 10–17 yr old psychiatric inpatients, 26719
interaction of clozapine & D1 & D2 antagonists, prevention & treatment of extrapyramidal syndromes & tardive dyskinesia, monkeys, 4799
interaction of S-adrenosylmethionine & clomipramine, serotonin syndrome, female 71 yr old with affective disorder, commentary, letter, 26745
issues in & techniques for measurement of opioid analgesic induced side effects, children with postoperative pain, 2822
iv haloperidol induced torsades de pointes arrythmia & lengthening of Q-T interval on EKG, male 39 & 48 & 61 yr old medical patients, 38722
iv haloperidol, injection site reactions, 20–38 yr old psychiatric patients with history of substance &/or alcohol abuse, commentary, letter, 2638
L-tryptophan, induction of sexual disinhibition, male 72 yr old with unipolar depression, case report, 22751
levomepromazine & fluvoxamine induced seizures, female 26 yr old with obsessive compulsive & schizotypal personality disorder, case report, 42433
levomepromazine & other neuroleptics, chlorpromazine induced abnormal skin pigmentation, patients with chronic schizophrenia, 34529
lithium & carbamazepine, fluoxetine induced mania, male 33 yr old with manic depression, 30460
lithium carbonate, intracellular lithium & sodium & potassium & lithium ratio, 17–69 yr old psychiatric patients, 6716
lithium carbonate therapy, leucocyte counts, manic depressive 20–64 yr olds, 1 yr study, conference presentation, 38538
lithium, development of myxedema coma & flaccid paralysis & prolonged respiratory failure, 60 yr old female, 6815
lithium, development of thyroid disease & immunological responses, patients with manic depression, 10737
lithium dosing strategies, serum lithium & renal function, 2632
lithium, hunger & food intake & body weight, male 32–59 yr olds, 688
lithium induced neurotoxicity at normal therapeutic levels, female 33 & 49 & 68 yr olds with bipolar disorder & depressed mood, 42407
lithium prophylaxis, frequency of labial herpes recurrences, patients treated for affective disorders, Poland & US, 6788
lithium, smooth pursuit eye movements, healthy males, implications for smooth pursuit eye movement dysfunctions in affective disorder patients, 20854
lithium toxicity induced Capgras syndrome, depressed female 74 yr old, case report, 14673
lofepramine vs dothiepin, memory & psychomotor function, healthy 22–44 yr olds, 32568
long term benzodiazepine effects on memory & psychomotor performance & mood & their reversal during withdrawal, patients, 42409
long term chlorpromazine, development of fatal ischemic colitis, mentally handicapped male 49 yr old, 2625
long term levodopa therapy, panic disorder-like states, patients with Parkinson's disease, 30673
long term lithium & EEG abnormalities, 27–84 yr old psychiatric patients, Sweden, 22710
long term lithium induced uremia, 70 yr old female with cycloid psychosis, 10733
lorazepam, cyclosporine induced catatonia & negativism, 54 yr old female with bone marrow transplant, letter, 26873
lorazepam, neuroleptic induced catatonia, 16 yr old male, case report, implications for theory of stages in neuroleptic malignant syndrome, 22770
lorazepam, neuroleptic induced dystonia, patients with mania or schizophrenia, commentary, letter, 26772
lorazepam vs clonazepam vs alprazolam molecular structure & half life, duration of cognitive & neuromotor impairment & drug plasma levels, healthy males, 32614
lorazepam vs oxazepam, priming & explicit memory, healthy 18–36 yr olds, 40541
lormetazepam ingestion, development of acute exogenic psychosis, male 11 yr old, 46483
low dose apomorphine challenge, subjective & objective tardive akathisia, 29–68 yr olds with schizophrenia or paranoid personality disorder or major depression treated with neuroleptics, 34574
low dose fluoxetine & development of manic symptoms, male mildly mentally retarded 13 yr old with attention deficit hyperactivity & conduct disorder, 26773
loxapine, induction of manic symptoms, male 35 yr old with schizoaffective psychosis, 22724
manic behavior as side effect of selegiline treatment, 62 yr old female & 41 yr old male with Parkinson's disease, 38716
MAO inhibitors induced hypertensive headache & orthostatic hypotension, patients, letter, 30468
MDMA induced panic disorder, male 23 yr old with no prior psychiatric history, 21875
medical adverse reactions to & consequences for selection of antidepressants, 10707
methodological issues in research on neuropsychological effects of CNS prophylaxis, children with leukemia, research review, 46654
methylphenidate vs dextroamphetamine vs pemoline, BP & heart rate & EKG, children with attention deficit hyperactivity disorder, 26775
metoclopramide induced parkinsonism & depression, 46 yr old female medical patient, Japan, case report, 2801
moclobemide vs amitriptyline, psychomotor performance & cognitive function, healthy male 19–39 yr olds, 40560
model of lithium induced hypothyroidism, implications for lithium treatment side effects, 6813
monitoring of serum phenytoin concentration, recurrent generalized seizures & psychotic behavior, 17 yr old female with sickle cell anemia, case report, implications for neuropsychiatric toxicity, 30656
morphine vs meperidine, postoperative patient controlled analgesia or side effect frequency, 8–16 yr old orthopedic surgery patients, 2825
morphine with adjuvant medication, pain relief & side effects, cancer patients, 2819
nefazodone, neuroendocrine function & temperature, healthy males, 28791
nemonapride, induction of neuroleptic malignant syndrome, female 17 yr old with acute schizophrenic symptoms, Japan, 42448
neuroleptic induced akathisia, female profoundly mentally retarded 40 yr old, 46432
neuroleptic induced movement disorders, mentally retarded institutionalized adults, Australia, 2995
neuroleptic malignant syndrome & diabetic keto acidosis, schizophrenic 44 yr old male, case report, 30456
neuroleptic treatment characteristics & other variables, prediction of course of tardive dyskinesia, psychiatric outpatients, 22690
neuroleptic treatment, formation of cutaneous striae, patients with schizophrenia or schizoaffective or schizophreniform disorder, 18739
neuroleptic treatment, vomiting, 24–57 yr olds with schizoaffective disorder or schizophrenia, Canada, letter, 6802
neuroleptics, development of simultaneous tardive dyskinesia & parkinsonism & brain GABA pathway connection regulation, monkeys, animal model for glutamate hypothesis of tardive dyskinesia, 24891
neuroleptics, development of supersensitivity psychosis with concurrent episodic vomiting, male 37 yr old with psychiatric disorder, case report, 14710
neuroleptics with vs without anticholinergics, occurrence of acute dystonia, male vs female 18–87 yr old psychiatric inpatients, 42489
neuropsychiatric disturbance after withdrawal from prolonged corticosterone treatment, female 66 yr old with agitated depression & morbid jealousy & dementia-like state, case report, 14691
neuropsychological & physical side effects of metoprolol, males vs females with essential hypertension, 2807
nonsteroidal anti-inflammatory drug usage, cognitive performance, elderly, 18905

nortriptyline, memory self assessment & performance, 61–84 yr olds recovered from major depression, conference presentation, 10703
number of side effects, prescription patterns for various antidepressants, psychiatrists vs other physicians, 42439
nursing process model of efficacy & side effects of clozapine, psychotic clients, 14695
obesity & distribution of adipose tissue, female psychiatric patients taking psychotropic drugs, Australia, 46519
onset of lithium induced hypothyroidism, 22–87 yr olds, France, 42500
ophthalmologic effects of antidepressant & neuroleptic & benzodiazepine & carbamazepine & lithium therapy, 6760
oral m-chlorophenylpiperazine, precipitation of dystonia, schizophrenic male 49 yr old, letter, 46411
perphenazine, development of priapism, 36 yr old male with paranoid schizophrenia, letter, 18782
pharmacokinetics & pharmacodynamics & side effects of mood stabilizers lithium & valproate & carbamazepine, implications for treatment of bipolar disorder, 42478
phenobarbital, exacerbation of self injurious behavior, profoundly mentally retarded male 35 yr old with tonic-clonic seizures, case report, 14713
phenoxybenzamine cessation, development of spontaneous panic attacks, male 58 yr old, 30451
pimozide induced acute dystonic reaction, 6.9 yr old autistic male, case report, 38548
placebo vs triazolam vs lormetazepam, development of anxiety & psychiatric side effects, 40–70 yr old poor sleepers, commentary reply, letter, 30438
plasma fluvoxamine or maprotiline, clinical improvements & side effects, depressed patients, 46464
po dextromethorphan, cognitive & other side effects, 50–75 yr olds with history of cerebral ischemia, 18869
PRN medications for agitation as risk factor for falls, geropsychiatry inpatients, 18697
probable akathisia induced by sertraline, female 18 yr old inpatient with major depression, letter, 46469
professional vs media risk communication on aspirin use & Reye's syndrome, public awareness & consumer behavior change & syndrome incidence, children, 10904
prolonged ECT seizure duration related to trazodone, female 70 yr old with major depression, letter, 26754
psychomotor & memory effects of nefazodone vs imipramine with vs without alcohol, healthy 18–41 yr olds, 40573
psychotropic drugs, agranulocytosis side effect, patients, 2640
psychotropic drugs used as antidepressants, behavioral toxicity, adults, 714
psychotropic induced restless legs syndrome, female 18–67 yr old psychiatric patients, case reports, 6800
psychotropics, immunological function, organ transplant recipients, 34755
pyrexial reactions to psychotropic medication, elevation of creatin kinase as feature in diagnosis of neuroleptic malignant syndrome, drug therapy patients, 42467
pyridostigmine bromide as nerve agent exposure pretreatment, visual functions, male aviator candidates, 12911
rates of prescribing medications, hospitalization for adverse effects, 1966–85, England & Wales, 46477
recent advances in & neurological side effects of pharmacotherapy of schizophrenia, 41586
relationship of antidepressant treatment to rapid cycling, patients with bipolar affective disorder, commentary reply, letter, 46429
relationship of antidepressant treatment to rapid cycling, patients with bipolar affective disorder, commentary, letter, 46529
resolution of oral estrogen induced hyperthyroidism following discontinuation, female 21 yr old with disturbed mood, letter, 10820
retarded ejaculation or ejaculatory incompetence during fluoxetine therapy, males with major depression or obsessive compulsive or panic disorder, letter, 34568
role of brain iron status in neuroleptic induced movement disorders, 5774
role of melatonin in antipsychotic action & parkinsonism & motor side effects of neuroleptics, 2665
safety & efficacy of sertraline, patients with obsessive compulsive disorder, conference presentation, 26726
schizophrenia symptomatology & drug factors, schizophrenic 18–60 yr olds with tardive dyskinesia, 42474
sertraline following fluoxetine intolerance, 19–78 yr olds with major depression, conference presentation, 18709
sertraline induced akathisia, female 48 yr old with schizoaffective disorder & 46 yr old with dysthymia & physical & sexual abuse history, letter, 46472
serum drug levels & kinetic properties & side effects of phenacemide, epileptic patients, 2824
side effects & patient perceptions & medicolegal concerns of depot neuroleptics in long term maintenance, chronic schizophrenic patients, 30466
side effects of benzodiazepines in treatment of insomnia, conference presentation, 6953
side effects of combined MAO inhibitors & tricyclic antidepressants, depressed patients, 2677
side effects of long vs short acting benzodiazepines, conference presentation, 30487
substitution of nortriptyline for imipramine, reversal of ejaculatory failure side effects, 44 yr old male with panic disorder, 2669
tacrine, exacerbation of mild parkinsonism, 67 yr old female with Alzheimer's disease, case report, 6946
therapeutic & adverse effects of benzodiazepines, elderly, 46530
therapeutic efficacy & side effects of fluoxetine vs mianserin, 60–80 yr olds with depressive disorder, Italy, 22737
tianeptine, therapeutic efficacy & side effects, 21–82 yr olds with major depression, 1 yr study, 6757
time to onset of fluoxetine vs trazodone induced mania, psychiatric patients, letter, 42495
tolerability & antidepressant effects of brofaromine, 35–68 yr olds with neurotic depression or manic depressive psychosis depressed type, 42420
tolerability & safety of paroxetine, patients with unipolar or bipolar depression, conference presentation, 10672
tolerability & side effects of moclobemide, patients with major depression, 10647
tolerability of moclobemide vs amitriptyline, 18–65 yr olds with major depression, 10649
transdermal scopolamine intoxication & development of recurrent migraine, 20 yr old male naval crew member with sea sickness, 1 yr study, case report, 18887
transient side effects of clozapine, schizophrenic male 39 yr old, letter, 38544
tranylcypromine or phenelzine induced vascular crisis, depressed male 42 & 43 & 49 yr olds, case reports, 2676
treatment applications & side effects & other characteristics of fluoxetine, 34578
treatment, patients with lithium induced polyuria or nephrogenic diabetes insipidus, 38662
treatment with weak magnetic field stimulation of brain & subjective reports, male 67 yr old with idiopathic Parkinson's disease with severe levodopa therapy related on off motor fluctuations, 14852
triazolam induced nocturnal bingeing & amnesia, moderately overweight female 53 yr old, case report, 2653
triazolam vs other hypnotics, CNS sedation & short term memory, healthy 18–50 yr olds, 40594
tricyclic antidepressant induced mania, male 38 yr old with major depressive disorder triggered by closed head injury, letter, 18773
trimethoprim-sulfamethoxazole, development of visual hallucinations & delusions, female 74 yr old with urinary tract infection, 46669
usage patterns & adverse effects & addictive potential of anabolic androgenic steroids, 41715
veralipride & neuroleptic induced tardive dystonia, manic depressive 47 yr old female with menopausal vasomotor flushes, case report, 30463
worsening of symptoms during fluoxetine treatment, elderly with Parkinson's disease, 10811
wrist tremor as early sign of drug induced parkinsonism, 18–69 yr old psychiatric patients treated with phenothiazine or butyrophenone, 34525

3,4-methylene-dioxyethylamphetamine, development of toxic psychosis, healthy volunteers, letter, 25982
5-HT agonist meta chlorophenylpiperazine, development of late occurring migraine headache, bulimic females, 26723
Side Effects (Drug) [See Also Drug Addiction, Drug Allergies, Drug Dependency, Drug Sensitivity]—Books

Psychotropic drugs and seizures, 22795
Reproductive and sexual adverse effects of psychotropic drugs, 22793
Stimulant side effects in children, 22781
Tardive dyskinesia, 22780
What are the differences between abecarnil and conventional benzodiazepine anxiolytics?, 12927
Side Effects (Treatment) [See Also Side Effects (Drug)]—Serials
administration by clinical psychologists vs oncologists vs nurses, effectiveness of systematic desensitization for chemotherapy induced nausea, cancer patients, 6884
age, recovery of memory functions after ECT, depressed patients, 34608
androgen deficiency due to chemotherapy with cytotoxic agents &/or bilateral salpingo-oophorectomies, sexual functioning, female 39–62 yr olds, 34732
BP changes during ECT, anterograde memory, 19–79 yr olds with major depression with vs without cardiovascular illness, 34609
cancer & hemorrhagic stroke & nonillness related mortality as adverse effects of cholesterol reduction treatment, 10835
cardiovascular complications during ECT, 54–84 yr olds with major depression & pre-existing cardiac disease, 46575
cranial radiotherapy, neuropsychological disturbances, 2–15 yr olds with medial edge intracranial tumors, Spain, 34724
drugs, cognitive side effects of ECT, patients & animals, 34555
ECT alteration of seizure threshold, depressed patients, 34601
ECT, delayed transient amnesia & disorientation, 39 yr old female with recurrent major depressive disorder, case report, 30538
ECT, development of Cheyne-Stokes respiration, depressed 65 yr old male, case report, 18802
ECT induced hypomania, patients with major depression, letter, 22799
ECT induced interictal delirium, patients with Parkinson's disease & depression, commentary, letter, 18883
ECT induced status epilepticus, male psychotic 18 yr old with pre-existing moderate mental retardation, letter, 46563
ECT, memory assessed with Randt Memory Test, depressed 19–79 yr olds, 34610
ECT with succinylcholine induced prolonged apnea, depressed female 70 yr old with heterozygous atypical cholinesterase, case report, 22813
effects of use of psychological counseling on labeling & social interactions, self concept, college students, 2463
high technology tests & obstetrical procedures during pregnancy & delivery, psychological state, adult females & their unborn & newborn children, 26931
iatrogenesis, immobile elderly patients, nursing implications, 30055
incidence of ECT induced interictal delirium, depressed 55–81 yr olds with history of cerebrovascular accident, 2694
incidence of haloperidol decanoate injection site reactions, psychiatric patients, commentary, letter, 22749
incidence of haloperidol decanoate injection site reactions, psychiatric patients, commentary reply, letter, 22727
interactions of novel antidepressants with maintenance ECT, depressed 26–80 yr old females, 26803
interpleural analgesia use & complications, chronic benign pain management, ventilator dependent quadriplegic female 49 yr old, 42597
intrauterine device use & side effect knowledge & age & education, female 18–44 yr olds, Finland, 22839
long term recurrent hospitalization before 2 yrs old, development of misdirected attachment behavior, female infant with multiple congenital anomalies, 11052
need for ophthalmological screening for retinopathy prior to light therapy, depressed patients, commentary on case report, letter, 18807
neuropsychiatric & neuroradiological perspectives on effects of bilateral prefrontal lesions, lobotomized schizophrenic 49–72 yr olds, Finland, 42517
nocturnal phantom shocks, patients with implantable cardioverter defibrillator for malignant ventricular arrhythmias, letter, 26894
nonpharmacological treatment, psychological side effects, tension & migraine headache patients, 26836
number & duration of seizures in ECT, interictal cognitive & attention & memory changes, 63–80 yr olds with depression, 2698
obsessive compulsive disorder following craniotomy for brain tumor, 36 yr old female, 2812
post-ECT delirium & role of medication status, patients with Parkinson's disease & associated mood disorders, commentary, letter, 18921
post-ECT delirium & role of medication status, patients with Parkinson's disease & associated mood disorders, commentary reply, letter, 18915
post-ECT delirium & role of medication status, patients with Parkinson's disease & associated mood disorders, commentary, letter, 18938
postictal psychosis following temporal lobectomy, male 24–44 yr olds with intractable epilepsy, 34740
pretreatment caffeine, efficacy & cognitive side effects of ECT, depressed 18–75 yr old inpatients, 46551
prevalence of black patch delirium, 8–88 yr olds undergoing cataract surgery, 34717
progressive muscle relaxation training & other psychological techniques, adverse side effects of chemotherapy, cancer patients, 2745
psychiatric consultation, rehabilitation effectiveness & psychosocial adjustment, female 25–42 yr olds with upper extremity lymphedema after breast cancer treatment, 42565

psychoanalysis, development of transient migraines, anxious & depressed 34 yr old female, 26679
rapidly cycling bipolar II disorder following liver transplantation, 43 yr old male, case report, 38741
self administered alfentanil vs morphine, pain relief & side effect intensities, bone marrow transplant patients with oral mucositis, 6927
serum aluminum, neurocognitive performance, 20–75 yr olds on hemodialysis, 14803
side effects of light therapy, patients with seasonal affective disorder, 38620
spontaneous post-ECT myoclonic jerks, female 26 yr old with psychotic depression & bulimia, case report, 22800
stereotactic infrathalamic lesions & anterior cingulotomies, induction of speech & swallowing & gait disturbance, male 40 yr old with Tourette's syndrome & obsessive compulsive disorder, 46676
stimulus intensity & right unilateral vs bilateral electrode placement, efficacy & cognitive effects of ECT, depressed patients, 34604
unmodified ECT induced internal tissue injury assessed by serial measurements of acute phase reactants, 15–55 yr olds with acute functional psychosis, Nigeria, 22808
Side Effects (Treatment) [See Also Side Effects (Drug)]—Chapters
ECT and memory, 30546
ECT stimulus dosing: Relations to efficacy and adverse effects, 30550
ECT technique: Electrode placement, stimulus type, and treatment frequency, 30545
Is electroconvulsive therapy safe?, 6837
Liver transplantation, 30697
Sierra Leone—Chapters
Ritual homicide in Sierra Leone, 38003
Sight Vocabulary—Serials
matching with vs without fading of extra stimulus pictorial prompts vs feedback cuing, paired associate sight word learning, kindergartners, Australia, 35334
simultaneous prompting vs constant time delay procedures, sight word learning, moderately mentally retarded 10–11 yr old students, 7530
stimulus fading vs shaping vs time delay vs feedback only in teaching sight words & reading for daily living, moderately developmentally delayed 29 & 44 & 46 yr olds, 30363
Sign Language—Serials
acquisition of formational aspects of location & handshape & movement in American Sign Language, deaf or hearing 6–14 mo olds with deaf parents, 14 mo study, 34269
acquisition of personal pronouns in American Sign Language & use of pointing & gesture, deaf offspring of deaf parents assessed from age 6 mo to 2.3 yrs, longitudinal study, 26370
biodemographic characteristics & socialization processes & use of sign language, viewing of deaf sports, 21–74 yr old deaf spectators, 34270
cortical mapping & dissociation of cortical & single unit activity in spoken & American Sign Language, hearing right handed female 26 yr old with intractable epilepsy, 22363
differential vs extensive sign training, overselective attention & simultaneous communication & speech comprehension, severely mentally retarded 4.3–11.4 yr olds, 35458
directed rehearsal with vs without positive reinforcement, acquisition & generalization of manual signs, mentally retarded hearing impaired adults, 2564
emotional condition, production & perception of emotion in facial & manual expression & prosody in American Sign Language, deaf adults, 2360
extensive vs mediated sign training, overselective attention & simultaneous communication & speech comprehension, 6.7–12.8 yr olds with severe mental retardation or severe learning disabilities, 35457
hand preference in use of American Sign Language, deaf or hearing 6–14 mo olds with deaf parents, 14 mo study, 34255
indication of linguistic characteristics of American Sign Language in written documents, deaf community members, implications for document investigators, 18448
issues in literacy & reading & sign language instruction, deaf students, 3542
manually coded English sign systems' morphemic incompatibility with visual modality & learnability, reading achievement & expressive English skills, deaf 7.1–14.10 yr olds, 14441
neural basis of & cerebral specialization for American Sign Language & motor behavior, left & right lesioned & deaf signers with motor disorders, literature review, 30063
noise & visual obstruction, distance of hand from body during signing & vocal intensity, hearing 23–41 yr olds, 16953
nonlinguistic gesturing ability, 76 yr old deaf male with left hemisphere stroke & sign language aphasia, case report, 14424
parental signing skills, deaf adults with hearing parents, 2358
perceptions of difficulty of learning & linguistic structures of American Sign Language, deaf vs hearing teachers vs hearing students in sign language studies, 3365
perceptions of importance of oral/aural & sign components of simultaneous communication, deaf or hard of hearing professionals, 42126
program based on modified incidental teaching strategies, use of manual signing, nonvocal mentally retarded 39 yr old male, 15193
recognition memory for sign language vocabulary, beginning vs advanced 23–64 yr olds in community American Sign Language classes, 9058
requesting vs labeling reinforcement strategies, acquisition of expressive signing, severely mentally retarded 4.4–6.9 yr olds, 35440
sign language incorporated into complex phonic tic behavior, female 23 yr old with Tourette's syndrome, 30211
sign language motherese, 26–33 yr old deaf mothers & their deaf 8–11 mo olds, Japan, 22441
situations & settings of Australian Sign Language usage, deaf 1–95 yr olds, Australia, 2351
speech perception & production skills, profoundly hearing impaired 16–17 yr olds from oral vs total communication educational background with vs without deaf parents, 19591
use of speech & sign in signed English classroom, teacher style & pupil performance, profoundly deaf 4.7–11.8 yr olds, 7534
use of speech & sign in signed English classroom, teacher style & pupil performance, profoundly deaf 4.7–11.8 yr olds, commentary, 7532
use of speech & sign in signed English classroom, teacher style & pupil performance, profoundly deaf 4.7–11.8 yr olds, commentary reply, 7533
visibility of partner, rate of sign production & distance of hands from body, deaf 31–67 yr olds, 18453
visual mental image generation & maintenance & rotation, deaf vs hearing American Sign Language signers, 34259
Sign Language—Chapters
The circle from gesture to sign, 21123
Modularity and constraints in early lexical acquisition: Evidence from children's early language and gesture, 17118
The nature of the linguistic and communicative difficulties of children with autism, 38023
Perceptual and cognitive aspects of recognition of signs in peripheral vision, 22460
Phonological processes and sign language development, 38345
Sign language acquisition: Developmental aspects, 22448
The status and functional role of fingerspelling in BSL, 21125
Sign Rank Test [See Wilcoxon Sign Rank Test]
Sign Test—Serials
Wechsler performance IQ & verbal IQ sign test, prediction of delinquent behavior, male juvenile delinquents, 15986
Signal Detection (Perception)—Serials
age & instructional set, performance on Seashore Rhythm Test of auditory discrimination using standard vs Signal Detection Theory sensitivity procedures, 18–25 vs 65–92 yr olds, 24186

amplitude comodulation, auditory object formation & grouping together of simultaneous components of speech signal in sentence perception, 18–34 yr olds, 16223
application of signal detection theory to evaluation of expert judgment, 12225
application of signal detection theory to visual target acquisition, 40007
auditory use of frequency change cues of multiple stimuli, coherence effects on signal detectability, adult listeners, 12187
bone tissue vs air conduction of acoustic & ultrasound stimuli, auditory masking & signal detection in inner ear, 25–48 yr olds, translated article, 32117
cigarette smoking, novel & signal & frequent tone stimulus evoked skin conductance response, adult male smokers in abstinent vs smoking conditions, Japan, 36678
click signals & noise bursts masker intensity & duration & interval, behavior of delayed evoked otoacoustic emission, 21–49 yr olds, 16227
duration & prior vs simultaneous gating & fringing of masker &/vs flicker bands, detection of 50 vs 240 ms signal in comodulation masking release task, college students, 277
duration & temporal location of signal in auditory stimulus, spectral & temporal weights in spectral shape discrimination, college students, 16224
general Gaussian recognition model as extension of signal detection theory & qualitative construction of underlying perceptual space, 8111
matching vs nonmatching word vs nonword utterance in simultaneous speech reading, lexical mediation in detection of speech in noise, adults, 4283
maze arm incline vs brightness, choice accuracy in radial arm maze performance, male rats, application of signal detection theory, 32291
mechanisms & models of attention in auditory signal detection, 40041
noise masker spectrum level & signal frequency & delay, overshoot in detectability of sinusoidal signal in left vs right ear, normal or hearing impaired 20–63 yr olds, 6424
perceived speed vs failure of recombination of 1-dimensional signal into 2-dimensional plaid pattern motion signal, adults, 16178
process dissociation framework for study of Freudian slips & projective tests & subliminal perception & signal detection theory as unconscious influences, 25614
reduced spectral contrast & loss of frequency resolution simulated by short term spectral envelope smearing, speech reception threshold & vowel & consonant identification in noise, college students, 4286
self vs machine paced immediate vs delayed visual feedback, signal error detection accuracy in computerized quality control simulation, 20–35 yr olds, 32154
sensing & decision making components of signal regularity effect in simultaneous vs successive vigilance performance, college students, application of signal detection theory, 4405
signal characteristics & shape discrimination & target detection using echolocation, 6 yr old female false killer whale, 16399
signal detection vs mental arithmetic stress vs rest, heart rate & respiratory sinus arrhythmia EKG & T wave amplitude, college students, Germany, 16698
somesthetic perception sensitivity on heart beat & signal detection & respiratory resistance tasks, male vs female college students, implications for laterality, 36671
stimulus uncertainty, acoustic discrimination during contextual interference, 20–28 yr olds, mathematical model of signal detection, 8246
subitizing vs counting enumeration & visual feature detection, RT & accuracy, college students, implications for spatial preattentive processing, 28327
temporal differences between color pathways within retina as origin of subjective colors, test of temporal signal processing model, commentary, 44407
utility of signal detection methods & nicotine dependence & other risk factors for smoking relapse, adult former smokers, 6061
waking vs hypnotic condition, signal detection task performance, low vs medium vs high hypnotizable college students, 12316
z scores on continuous recognition memory tests, fulfillment of assumptions of theory of signal detection, 18–30 yr olds, implications for assessment of brain disordered patients, 4110

Signal Detection (Perception)—Chapters
Masking release for gap detection, 44037
The "royal road" to the unconscious revisited: A signal detection model of dream function, 28352
Signal detection analyses of dimensional interactions, 229
Signal detection theory as data analysis method and psychological decision model, 20158

Signal Intensity [See Stimulus Intensity]
Significance (Statistical) [See Statistical Significance]
Significant Others—Serials
attachment behavior toward mother vs network member vs stranger, 12–15 mo olds, 25227
construct validity of Self Description Questionnaire III, accuracy of inference of other's self concept & self other agreement, significant others of college students, Australia vs Canada, 39779
decremental vs continuity vs compensatory models, assessment of changes in types & sources of social support from significant others, recently widowed vs married vs unmarried elderly, 13289
dispositional vs situational attributions about relationships with parents & intimate others & quality of current intimate relationship, female vs male 18–23 yr olds, 17341
inferences about clients' significant others & blame & change maneuver in psychotherapy, psychotherapists, 18515
influence exerted by significant adults & peers in business & personal contacts, self knowledge, 9th–10th graders, translated article, 32966
partner involvement in group cognitive behavioral stress coping intervention, treatment outcome, 19–59 yr olds with chronic headaches, 30578
perceptions of significant others in life & reasons for significance, 11–12 vs 15–16 yr olds, Scotland, 13121
perspectives on extrafamilial relationships & right to grieve, 41217
prevalence of child abuse, single mothers' boyfriends, 1839
rational evaluation & perceived opinions of significant others, prediction of cohabitation vs marriage intentions, 18 & 22 & 26 yr olds, Netherlands, 41064
relationship with deceased & preventability of death, intensity & duration of grief response, close friends & family of disaster victims, 1 & 3 yr followups, commentaries & reply included, 9610
relationships with grandparents or significant elders, values & goals & life choices, 17–50 yr old college students, 37120
roles in biological family & self created networks of friends & family members & long term companion relationships, elderly lesbians & gay males, 17409

Silent Reading—Serials
development of Keefe Inventory of Silent Reading, diagnosis of reading miscues, female 3rd grader with probable learning disability, 43826
incidental detection of graphemically dissimilar rhymes during listening vs aloud vs silent reading, college students, Israel, implications for phonological processing, 36174
linguistic properties of text, RT & dual task performance & processing of expressions during oral vs silent reading, 12th graders, Sweden, 5101
whole to part reading diagnosis in silent reading comprehension, 5th & 8th graders with reading difficulties, 31380

Similarity (Stimulus) [See Stimulus Similarity]
Simile [See Figurative Language]
Simple Schizophrenia [See Schizophrenia]
Simulation [See Also Computer Simulation, Flight Simulation, Heuristic Modeling, Markov Chains, Mathematical Modeling, Simulation Games, Stochastic Modeling]—Serials
aggressive vs prosocial modeling sequences in token economy based computer task, aggressive behavior & perception of situation, 5.8–6.6 yr olds, Spain, analysis of patterning theory, 17188

assessment center simulation, training for job application process, students, Germany, 7583
behaviorally based neural networks & modeling & other computational approaches to neuroscience, research review, 35712
clinician characteristics, development of standardized case simulations & treatment planning criteria for anxiety or affective disorders, mental health experts, 11277
ethical & evaluative & theoretical issues in prejudice reduction simulations, college students, commentary, 17524
ethical & evaluative & theoretical issues in prejudice reduction simulations, college students, 17492
ethical & evaluative & theoretical issues in prejudice reduction simulations, college students, commentary reply, 17491
evaluation of spectral smearing as simulation of reduced frequency selectivity during masking, adults, implications for assessment of hearing impaired, 10435
financial performance on business simulation exercise vs other measures of learning, college students, 7397
forgery ability & processes assessed through simulation of target features of handwriting symbols, volunteers, 33900
in vivo instruction with vs without prior simulation, safety skills, moderately disabled 10.3–11.9 & 15.1–19.5 yr olds, 41866
instructions to simulate amnesia, performance on word vs fragment completion indirect memory tests, college students, implications for detection of malingered amnesia for crime, 2277
lesioning of Search via Recursive Rejection connectionist model by internal noise & elimination of processing units, simulation of abnormal human visual search & distractor grouping, 24303
maximum likelihood vs marginal estimation methods & simulation vs estimation based model, 20135
modeling & extending whole language scale semantic space & lexical resources, adaptability to differentiated discourse domains, conference presentation, 40753
nocturnal lormetazepam vs oxazepam, morning on-the-road vs simulated driving performance, male 25–31 yr olds, analysis of driving simulator test sensitivity, 28787
opportunism approach to problem solving in process of model formulation, expert modelers in production planning & forecasting & auditing, implications for design of expert system, 44120
perceptions of emergency services during simulated aircraft disaster exercise, adults with simulated spinal cord injuries, 11085
personal combat imagery, simulated psychophysiological responses of PTSD, Vietnam combat veterans without PTSD, 29735
photographic slides & videotapes as medium for simulation of service setting, test of consumer congestion on service experience, adults viewing tapes vs actual purchasers, 7731
preference for & discrimination between photographs of simulated vs actual urban scenes, city residents, 254
psychometric properties of standardized case simulations, assessment of clinical judgment & treatment planning, mental health experts & counselors & counseling trainees, 11278
Simu-Real simulation approach to organizational change, 39505
simulation exercises in disability awareness training, attitudes & behavior toward physically disabled, nondisabled, 10215
software package DATASIM, generation of simulated data for experimental or crossbreak or multivariate research designs in social or behavioral science, conference presentation, 39933
tools for visual simulation of architectural space, college students, 19828
trends in & applications of simulations & games to military training & other military functions, 39557
visual simulation as help system, understanding of computer functions, 14–15 yr olds, Finland, 5089
visualization vs modeling vs endpoint training, topographic map interpretation, college students, 28241

Simulation [See Also Computer Simulation, Flight Simulation, Heuristic Modeling, Markov Chains, Mathematical Modeling, Simulation Games, Stochastic Modeling]—Chapters
Distancing and dual representation, 37073
Methodological issues in research on legal decision-making, with special reference to experimental simulations, 23914
Simulation and experimentation in family research, 41090

Simulation Games—Serials
ability vs motivation vs interest vs confidence vs cohesion vs organizational formality factors, performance in business simulation, college students, 7684
attitudes toward geriatric educational board game Gerontopoly & effect on knowledge of elderly concerns, dental & college students, 25306
BAFA BAFA simulation, ethnocentrism & dogmatism & enjoyment of diversity & motivation toward multicultural instruction, college students, 31241
business policy simulations, acquisition of managerial skills, college students & alumni, 7610
environmental concern & cooperative vs competitive behavior in simulated commons dilemma, college students, 9553
external validity of business games with interpersonal & leadership & other social skill components, business career success, college students, 5 yr study, 31510
forecasting accuracy in business games, assessment of management team's ability, college students, commentary reply, 31531
forecasting accuracy in business games, assessment of management team's ability, college students, commentary, 31538
forecasting accuracy in business games, assessment of management team's ability, college students, commentary reply, 31537
games & simulation games vs conventional teaching techniques, educational benefits, literature review, 7427
integration of functional & strategic management skills, business game performance, college students, 31539
low fidelity simulation in team coordination & performance research for critical work environments, 19676
social field & individual aspiration levels, face to face bargaining, game players, 5522

Simulators [See Simulation]

Sin—Serials
perceived responsibility & judgments of sin & sickness in general theory of social motivation, 45221
psychospiritual importance & contemporary understanding of concept of sin in Christian pastoral counseling, 22829
refutation of J. C. Heinroth's theory of origin of mental illness in sin & physical illness of soul, commentary, 21696

Sin—Chapters
Sin and guilt in faith traditions: Issues for self-esteem, 21342

Singapore—Serials
assessment & nature of insight, 18–65 yr olds with mixed psychoses, England, application to patients in Singapore, commentary, letter, 41609
demographic & other characteristics, 10 yr old & older suicide victims, 1986, Singapore, comparison with other countries, 29799
demographic characteristics & rate & methods & circumstances of parasuicide, 18–24 yr old male military conscripts, Singapore, 6006
expertise &/vs trust, perceptions of source credibility in persuasive communication, college students, Australia vs Singapore, 37466
mortality ratio & pattern, 15–91 yr old public mental health inpatients vs outpatients, Singapore, 38815
perceptions of organizational approaches to productivity improvement, employees of domestic vs Western owned companies, Singapore, implications for culture related organizational structure, 23771
recovery vs maintenance of depressive disorder vs death, depressed elderly, Singapore, 5 yr followup, 41545
rhetorical visions in content analysis of newspaper articles, male vs female managers, Singapore, 35564

Single Cell Organisms [See Microorganisms]

Single Parents—Serials
analysis of standard economic model of labor supply, hours behavior, single mothers, 23679

construction & reliability & validity of scale measuring adjustment to parenting, 22–38 yr old divorced vs separated mothers, 24043
divorce, childrearing satisfaction & involvement & expectations & perceived well being of children, Black vs White divorced custodial mothers, 13299
dynamics of successful single parenting, 27–54 yr old successful single parents, 37328
factor structure of Center for Epidemiologic Studies-Depression Scale, 20–74 yr old Mexican American vs Puerto Rican mothers from single vs couple headed households, 4087
family interventions, realignment & readjustment after divorce or separation, single parent families, 2537
family situations & demands & social work services, single fathers, 1970s vs 1980s, 14978
family structure & parent child relationship problems, single fathers & their children, 25391
feminist therapy, changes in family structure, newly divorced mother, 46191
financial strain & welfare status & environmental factors, discussions with children on financial matters & personal worries, 25–58 yr old single mothers of 10–17 yr olds, 17355
labor force plans, female college students from single parent households, economic & counseling implications, 27628
mental health counseling perspective on legal & social & psychological history of & trends in paternal child custody, single fathers, 2480
mother's employment status, self & family perception & school achievement, 10–12 yr olds & their low income single mothers, 12979
prevalence of child abuse, single mothers' boyfriends, 1839
psychosocial characteristics & parental functioning, homeless mothers & their children, 45121
receipt of child support, single fathers with custody, erratum, 5393
work & family role demands & beliefs & social support, depression & role strain & perceptions of child's behavior, single mothers & their 2.8–5.4 yr olds, 1300

Single Parents—Chapters

The economics of parenting apart, 33137
Family art therapy with single-parent families, 34673
Female-headed African American households: Some neglected dimensions, 45114
Single-parent families, 11531
Single parents: In need of pastoral support, 34629

Single Persons—Serials

depression & psychosocial distress, single females vs married males vs females with Parkinson's disease in stable vs impaired relationships, 10407
development of trends & economic influences in TV series addressing single working females, 1966–90, 5019
intent to parent & childbearing attitudes, unmarried 21–30 yr olds, 9436

Sisters—Serials

age & weight at menarche, females with bulimia nervosa vs their sisters, England, 18143
female sibling & parents' age & education & relationship with mother vs father, psychological distress, 25–40 yr old males, 17340
psychoanalytic perspective on sibling dynamics & separation individuation issues & sister transference & countertransference, adult female psychiatric patient, 46197

Sixteen Personality Factors Question—Serials

conceptual map of Axis II personality disorders based on MMPI & 16PF, 15–76 yr olds, 1792
correlation between & concurrent validity of Millon Clinical Multiaxial Inventory-II & 16PF, couples in outpatient marital therapy, 24074
personality characteristics, 19–49 yr old physically abusive parents, development of 16PF typology, 9925
psychometrics & administration & application of 16PF & High School Personality Questionnaire & Children's Personality Questionnaire, 7965
16PF & MMPI validity scales, assessment of truthfulness, male 20–72 yr old alleged sex offenders, 4060

Size [See Also Apparent Size, Body Size, Brain Size, Family Size, Group Size, Litter Size, Size Constancy, Size Discrimination]—Serials

age & object category typicality vs size, encoding of perceptual vs conceptual attributes & probability of recall of objects, preschoolers, 17062
apparent size & speed of computer simulated aerial predators, alarm calls & antipredator behavior, male chickens, 44287
attentional modulation of size & color of context circles, size perception, adults, 20230
change in size of 1 vs 2 letters in 1 vs 2 words, legibility & perceptual grouping in visual word recognition & reading speed, 19–58 yr olds, 40075
coin size & perceived value, probability of picking up old vs new 5 pence coin, passersby, England, 1431
consistent vs contradictory motion parallax & relative size cues, apparent depth in Benussi effect, college students, 43958
contextual factors & congruity effect & RT for comparative judgments of stimulus magnitude, college students, 44107
diameter of incremental vs decremental foveal disks, brightness vs apparent contrast matching & symmetrical vs asymmetrical perception of luminance, adult male, 20206
diameter of incremental vs decremental foveal disks, brightness vs apparent contrast matching & symmetrical vs asymmetrical perception of luminance, adult male, erratum, 28183
display size, visual search with symmetric vs asymmetric target distractor pairs, chimpanzees vs adult males, 44262
dissociation of discrimination thresholds for time to contact & rate of angular expansion of moving stimuli, male 23 & 31 yr olds, 36092
formula for determination of power attainable in 2-sample tests with sample of limited size, application of J. Cohen's tables, 28128
haptic vs visual volume cues, size-weight illusion, 17–40 yr olds, 36060
keyboard size & experience, typing speed & error rates & preference for touchscreen keyboards, college students, 31673
letter size & orientation, perception of normal vs reflected letters, college students, 24332
line contrast & length & duration of motion, motion sensitive units involved in direction discrimination for lines, adults, 40389
memory for size of drawings vs photographs, college students, 8351
object size & surface contact area, movement time, 21–31 yr olds, 44053
organization size & failure, HMOs, 23027
perception of proportioned apparel, female college students, 47479
pineal calcification & size, hallucinations, schizophrenic patients, letter, 1735
pupil size, chromostereopsis & chromatic diplopia, adults, 16209
response to song repertoires of different sizes & proposed experimental designs, songbirds, commentary reply, 20431
response to song repertoires of different sizes & proposed experimental designs, songbirds, commentary, 20466
selective interference by cortical electrical stimulation, verbal vs visual access to size representation, female 39 yr old with intractable epilepsy of left temporal lobe, 22366
sequential disk size & interdisk distance, critical duration in perception of illusory contours of Kanizsa triangle, 31–43 yr olds, 36082
set size, P300 latency & RT during memory retrieval of concrete vs abstract kanji characters, 18–26 yr olds, 8359
size & visual field of stimulus, hemispheric processing of global vs local information in divided attention task, right handed college students, Spain, 546
size of & open vs closed & occluded vs not occluded repeated figure, ability to recognize stimulus, adults, 43961
size of square or rectangle, mathematical model of perception of area, 21–52 yr olds, 247
size overestimation of horizontal local letter components in global letter image, 43963

spatial scale of visual stimuli, perceived geometric angle & speed of rotation, adults, 32104
stimulus size & visual experience, perception of haptic horizontal vertical illusion, sighted vs early vs late blind adults, 46129
target set size, attention & RT in visual search, 24–63 yr olds, 4251
test stimulus size & wavelength, loss of foveal vs parafoveal flicker sensitivity during dark adaptation, adults, 8196
Size (Apparent) [See Apparent Size]
Size (Group) [See Group Size]
Size Constancy—Serials
target disparity & perceived depth, precision of objective vs angular size judgments & constancy, adults, 248
Size Discrimination [See Also Apparent Size]—Serials
complete & incomplete occlusion of precollision velocity & angle information, visual perception of relative mass, adults, Sweden, commentary & replication, 43997
gravity cue hypothesis of estimation of distance to & size of visually perceived moving objects, 8230
individual differences in estimation of body & physical object size, female college students, Canada, 43944
informative reversal transformation of geometric illusions size perception, college students, conference presentation, 16175
intelligence, effect of rating behavior on size magnitude estimation, adults, Sweden, 24277
object familiarity, magnitude estimation of apparent size, college students, 8217
regular vs random size of orientation cue, spatial interval discrimination, adults, 249
Skeletomuscular Disorders [See Musculoskeletal Disorders]
Skewed Distribution—Serials
Bayesian approach to extensions of Rasch's multiplicative Poisson model, 8110
correlation of skewness of RT distribution with psychometric "g" on elementary cognitive tasks, college students, 4191
FORTRAN program for identification of coefficients from power method for transformations of standard normal variable to nonnormal variables with prespecified skewness & kurtosis, 32020
modified comparison of 1 step M-estimators of location in psychometric measures with heavy tailed distributions & more than 2 groups, 32024
skewed sucrose concentration distributions & context & sequential effects, rating of sweetness intensity of sucrose solutions on linear vs 7 point category scale, 20–27 yr olds, Netherlands, 12141
Skill Learning [See Also Fine Motor Skill Learning, Gross Motor Skill Learning]—Serials
ACT theory of skill acquisition & transfer & combination of old & new skills in human computer interaction training, new task learning rate, adults, 43571
assigned vs participant set vs generalized goals, skill acquisition & retention in prone shooting task, college students, 4408
automatic behavior in skills acquisition, 28–63 yr old mental health & school counselor trainees, 23376
care skill training, training transfer & occupational flexibility, motor mechanic & baker trainees in vocational college, 19482
child initiated vs academically directed vs middle of road preschool models, social & motor & language & adaptive development & skill mastery, 2–5.5 yr olds, 31267
cognitive behavioral skills training, self management of illness, chronic schizophrenic outpatients, conference presentation, 18619
cognitive factors, computer programing skill acquisition, Air Force recruits, 28320
cognitive skill training, hypnotic responding alone vs with E, 17–42 yr olds with low vs real vs faked high hypnotizability, Canada, 44192
constant time delay teaching procedure, chained vocational skills, trainable & educable mentally retarded high school students, 43311
contextual variety in physical education class, badminton skill acquisition & performance, college students, 11440
development of generic nonnormal simulator training checklist in Advanced Qualification Program entry pilot training, beginning pilots, Ireland, 31685
divided half instruction, chained skill education in nonschool setting, moderately mentally retarded 16–18 yr olds, 7192
dynamic systems approach to & amplitude & frequency & phase lag in skill acquisition, male adults, 4397
first aid training, duration & acceptability of injury treatment of self & other, 7–10 yr olds with intellectual or learning or behavior disabilities, 29503
flashing photograph & discrimination & directed rehearsal training, recognition of facial expressions of emotion, mentally retarded 20–29 yr olds, 10168
generalization of skills taught by occupational therapists, adult psychiatric clients, 27171
gerontological & geriatric curriculum, knowledge & attitudes toward elderly & interview skill behavior, 3rd yr medical students, 47023
home center based portage training, skill acquisition & development quotients, disadvantaged 1–6 yr olds with developmental delays, India, 23625
home vs center based training program, reduction of developmental deficits, children, India, 18 mo followup, 3557
implicit & explicit memory & skill learning in cognitive motor task, young adults vs elderly, 925
initial self efficacy & performance & achievement motivation & individual & situational constraints, development of self efficacy & reaction to skills training, college students, 29441
inner game vs progressive teaching method & hemispheric dominance, motor skill learning, college students, 11405
instructional strategy with 2 schedules of knowledge of performance & results feedback, skill acquisition on shooting task, college students in rifle class, 11382
integrative framework for information processing & cognitive ability determinants of individual differences in skill acquisition, 36220
life skills training program, 22–69 yr old mothers of developmentally disabled 2–14 yr olds, 20–26 mo followup, 26647
memory skills training & change in expectations, memory complaints & performance, 69–93 yr olds, 9340
microcomputer instructional programs, attitudes & development of computer skills, male vs female 3–6 yr olds, 15364
model of leader development integrating skill learning & perspective taking & information processing approach to adult development, 37446
model practice vs verbal rehearsal individualized instruction, physical education skill & academic learning, 4th graders, 11427
neuropsychological functioning, prediction of competence in & acquisition of skills in training programs, psychiatric inpatients, 8 mo study, 23194
online feedback, natural language computer interface performance & skill retention, adults, 31666
peer teaching program, acquisition & generalization of first aid skills, 7–11 yr olds with mild or moderate intellectual disabilities, 23628
perceived importance & teaching of safety skills, preschool vs elementary vs junior high vs high school special education teachers, 7514
picture board vs voice output communication aid, preferred communication device & communication skill acquisition & generalization, profoundly mentally retarded male 22 yr old, 41880
practice progressions & difficulty level of skills, volleyball skill learning, 9th graders, 11469
problem solving safety skills program, prevention of work injuries & generalization to & maintenance in natural work environments, 28–62 yr olds in supported employment service, 15179
progression vs final test practice & skill refinement & motivation, volleyball skill learning, 9th graders, 11422
scene detail & visual prediction & guidance augmentation & speed of roll response, landing skill acquisition & transfer, male 18–30 yr old college students in aviation course, 31687

self management training including self instruction, acquisition & maintenance & generalization of behavior change skills, mentally retarded, 46299
sex & ability, individual differences in acquisition of air traffic control skill, adults, implications for selection instruments, test of P. L. Ackerman's theory of cognitive ability determinants, 4221
sex & short &/vs long term vs do your best goal setting, skill acquisition & retention of rifle shooting task, college students, 11712
skill development & sportsmanship & discipline & fun & winning & goal emphasis, coach & 9–13 yr old football players, 13148
study skills training &/vs career counseling, retention, college students at high risk for dropping out, 35497
summary of knowledge of results, perceptual motor skill learning, college students, Canada, 28312
system of least prompts in small group instruction, acquisition of discrete skills & word reading & secondary nontarget stimuli, moderately mentally retarded 7–9 yr olds, 39333
system of least prompts in small group instruction, acquisition of discrete skills & word reading & secondary nontarget stimuli, moderately mentally retarded 7–9 yr olds, commentary, 39362
teacher instructional variables, volleyball learning, 8th graders, 47170
teacher training in question answer relationships vs traditional teaching methods, student reading comprehension skills, special education resource room teachers & learning disabled 1st–9th graders, 15522
theories & practices in direct skills teaching vs training in rehabilitation, 3051
type of practice condition, task performance & development of verbalizable knowledge about task in occupational training & skills transfer, 16–19 vs 30–39 yr olds, 9180
4 component instructional design model for training complex cognitive or high performance skills, 7438

Skill Learning [See Also Fine Motor Skill Learning, Gross Motor Skill Learning]—Chapters

Augmented feedback for enhanced skill acquisition, 24389
The development of skill in mental arithmetic: An individual differences perspective, 21225
Inductive reasoning: Competence or skill?, 28290
The long-term retention of skills, 376
Procedural and declarative learning: Distinctions and interactions, 14406
Systems of motor skill, 12206
Teaching the use of cost-benefit reasoning in everyday life, 28291
Therapy with direction, 14554

Skilled Industrial Workers—Serials

concurrent validity of personnel selection test battery, assessment of job performance aptitude, machine operator applicants, 28115
joint vs coordinated control system, log loader operation performance, novice vs experienced machine operators, 47529
parameters & concrete manifestations of creativity, mass scale professional laborers, translated article, 39458
task & ability oriented job analysis inventory, forecasting predictions of job skills & ability, skilled trade employees, 4159

Skills [See Ability]

Skin (Anatomy)—Serials

distribution of putative odor receptor proteins in olfactory epithelium, male rats, 44416
lateral eyes & dermal photoreceptors, initiation & orientation of locomotion, river lampreys, 36570
mechanical & thermal skin stimulation, pain response of spinothalamic tract neurons, male rats with experimental peripheral neuropathy, animal model, 585
moving stimuli applied to nonoverlapping skin sites within receptive field, processing of directional information by direction invariant & variant primary somatosensory neurons, monkeys, 40360
neuroleptic treatment, formation of cutaneous striae, patients with schizophrenia or schizoaffective or schizophreniform disorder, 18739
perception of discontinuous vs continuous movement over mandibular skin, adults, 223
sex & age & skin compliance, tactile discrimination, 18–84 yr olds, 32052
skin color bias toward own race, African American college students, implications for social work, 13266

Skin Conduction [See Skin Resistance]

Skin Disorders [See Also Alopecia, Dermatitis, Herpes Simplex, Lupus, Pruritus]—Serials

acne, self esteem & body image & exacerbation of bulimia, 22 yr old female, commentary on case report, letter, 22146
acne, self esteem & body image & exacerbation of bulimia, 22 yr old female, reply to commentary on case report, letter, 22144
Bowenian family systems theory of etiology, 37 yr old wife & stepmother with psoriasis, 10225
depression & alexithymia & coping style & emotional loss, 18–50 yr old females with alopecia areata vs other skin diseases, Italy, 6249
features & management of psychosomatic dermatological syndromes, 22252
fluoxetine induced adverse cutaneous reactions, 21–45 yr olds with major depression or obsessive compulsive disorder, 14707
knowledge & attitudes & behaviors related to skin cancer risk factors, 9th –10th graders, 30140
locus of control, health & hygiene attitudes & behavior, 16–74 yr olds with organic vs psychosomatic dermatological disorders, Italy, 14190
prompt recognition & treatment of scurvy with ascorbic acid, 55 yr old male with scurvy & delusions & depression, case report, 34721
psychiatric & somatic diagnoses & other characteristics of referrals to university hospital psychiatric psychosomatic consultation liaison service, patients with dermatologic disorders, Italy, 34962

Skin Disorders [See Also Alopecia, Dermatitis, Herpes Simplex, Lupus, Pruritus]—Books

Skin deep: A mind/body program for healthy skin (rev. and exp. ed.), 22844

Skin Disorders [See Also Alopecia, Dermatitis, Herpes Simplex, Lupus, Pruritus]—Chapters

Dermatologic problems, 2195

Skin Electrical Properties [See Also Skin Resistance]—Serials

electrodermal activity & positive vs negative symptomatology, schizophrenic patients, 45500
electrodermal activity & slow brain potentials & RT, 23–48 yr old inpatients with neurotic depression, Germany, 33591

Skin Resistance—Serials

additional stimulation after preexposure & schizotypal traits & latent inhibition in electrodermal Pavlovian conditioning, 16–32 yr olds, Germany, 4718
aversive stimulation, skin resistance & acquisition vs extinction sensitivity in operant conditioning, female currently vs remitted depressed patients, 17766
cigarette smoking, novel & signal & frequent tone stimulus evoked skin conductance response, adult male smokers in abstinent vs smoking conditions, Japan, 36678
cognitive demand & positive vs negative motivational content, skin conductance & heart rate during guessing task, 36–59 yr olds with paranoid vs nonparanoid schizophrenia, 5891
contingent & postimperative negative variation & skin conductance response, schizophrenic 25–41 yr olds, Germany, 25811
current concerns, skin conductance responses to & affective ratings of words vs self generated thoughts, college students, 32549
dietary restraint, preference & skin conductance orienting responses to food vs nonfood odors, fasted vs nonfasted 18–25 yr olds, 28174
emotion related skin conductance & evaluation of motivationally similar target on ambiguous vs unambiguous traits, male college students, 33259

frustration induced by discontinuation of reinforcement, force of leverpressing & skin conductance, college students, 40505
heart rate & skin conductance responses to cognitive dissonance in performance expectancy paradigm, college students, replication, 40494
internal consistency & temporal stability of classically conditioned skin conductance responses, college students, 40439
long & variable duration CS & aversive UCS, tonic & phasic electrodermal responses, college students, 20757
passive vs active attention while listening, skin conductance response, 6–12 yr olds, 9105
simultaneous lateralized visual field presentation of happy & angry facial pictures with vs without shock UCS, skin conductance response, female college students, Norway, 36674
skin conductance & autonomic responsivity, 20–40 yr olds with closed head injuries, 2306
skin conductance & temperature & pressure sensitivity threshold at amputation stump & contralateral limb, 23–73 yr olds with phantom limb pain, 14180
skin conductance reaction habituation test, assessment of anxiogenic activity of flumazenil or caffeine or theophylline or dextroamphetamine or piracetam or other psychostimulants, female mice, 24967
skin conductance responses during extinction of backward masked vs nonmasked conditioned fear relevant stimuli, 17–47 yr olds, Sweden, 24828
strategy for regulation of attachment system, skin conductance during Adult Attachment Interview, college students, 12682
unattended auditory stimuli, EP vs heart rate & skin conductance response & pulse amplitude & volume vs orienting response, 18–27 yr olds, 12609
user friendly vs hostile bank transaction programs, heart rate & skin conductance, college students, 20761

Skin Resistance—Chapters

Skin conductance, heart rate, and active-passive coping, 8848

Skin Temperature—Serials

convergence of skin & rectal temperature in heat & humidity conditions, prediction of heat tolerance & collapse, adults, 4682
hypnotic suggestion of pain vs analgesia, skin temperature, adults with atopic eczema, 2136
induced hypnotic analgesia in arm vs back of neck, physical changes in skin temperature, college students, 12712
menthol & heat vs cooling, perceptual effect at normal skin temperature, adults, 8906
morphine, deep body & peripheral skin temperature, male rats, 44732
pain stimulus, analgesia & skin temperature in formalin & tail flick tests, rats & mice, implications for tests of nociception, 44540
skin conductance & temperature & pressure sensitivity threshold at amputation stump & contralateral limb, 23–73 yr olds with phantom limb pain, 14180
skin temperature biofeedback training, cognitive & developmental factors & mental health, 7–16 yr olds, 44827
standard vs novel biofeedback training, skin temperature, 7–16 yr olds, 16979

Skinner (Burrhus Frederic)—Serials

application of essentialism vs selectionism distinction in cognitive science to Skinner's behavior analysis & theory, 11915
application of Skinner's nonpolitical empiricism & behavior control to cultural analysis & intervention & social action & change in postmodern society, 13222
behavior analysis of socially constructed knowledge based on Skinner's principles of verbal behavior, 13482
convergence of Skinner's study of verbal behavior & poststructuralist linguistics, 44778
discussion of Skinner's article "Superstition in the Pigeon", 1948, 458
epistemological & ethical implications of Skinner's radical behaviorism, 4
existential approach to Skinner's radical behaviorism, 11902
final vs efficient causation in Skinnerian psychology & modern concept of teleological behaviorism, 11916
fundamentals of Skinner's behaviorism, 11901
historical origins & nature of Skinner's concept of operant unit, 11903
history of & Skinner's contributions to shift from mechanistic to functional behaviorism, 11914
history of Skinner's contributions to animal research in space, 1960s to 1970s, 12344
history of Skinner's contributions to animal research in space, 1960s to 1970s, reprint, 44219
issues in Skinner's physicalist perspective on inner events, 15867
knowledge of Skinner's radical behaviorism, college students majoring in psychology, Jordan, 7473
misunderstanding of Skinner's work & distinction between cognitive behavior therapy & behavior therapy, conference presentation, 18561
new literature of global survival & well being & views of B. F. Skinner on future of humankind, 5307
parallels between life & work of Skinner & C. Darwin & Skinner's views on natural selection & life & death, 11899
parallels between theory of natural selection & Skinner's operant conditioning & analysis of hyperselectionism & hyperbehaviorism, commentary, 12943
personal experience of altered consciousness induced by psilocybin mushrooms & reactions of Skinner & A. Maslow, psychologist, 45162
principle of selection by consequences in Skinner's behavior analysis & views & application to cultural evolution, 13270
principles of Skinner's self interpretive behavior analytic theory, 11904
radical behaviorism of Skinner & neocognitivism, 19932
relationship of Skinner's radical behaviorism to mechanistic vs relational scientific frameworks, 11900
Skinner & technological & reformist orientation in operant psychology, commentary, 35767
Skinner & technological & reformist orientation in operant psychology, commentary reply, 35772
Skinner & technological & reformist orientation in operant psychology, commentary, 35766
Skinner's early research on reflexology & operant conditioning, 1930s, 11905
Skinner's legacy to infant behavior & learning & development, 12989
Skinner's scientific & intellectual impact on psychology, 11910
Skinner's system of naturalized ethics & values, 12944
Skinner's views on behavioral vs intentional explanations in psychology, 11898
Skinner's views on evolutionary process & models of proximate & ultimate causation in psychology, 11897
Skinner's views on social values & control & other issues, 13218

Skull—Serials

emergence of psychotic disorder, 3–36 yr olds with congenital corpus callosum agenesis & posterior fossa atrophy in Andermann syndrome, 6356
ethnohistorical perspective on etiology & symptoms & treatment of fallen fontanelle, infants, 41959
serum zinc & family sinistrality, hand & eye & foot preference & skull length & serum gonadal hormone binding globulin, right handed 17–19 yr olds, 13005

Slang—Serials

types & functions of medical slang, medical students & physicians, 34677
use of expletives, lower class female 20–40 yr olds, 818
use of slang & taboo words, male vs female 12–17 yr olds, South Africa, 1054

Sleep [See Also NREM Sleep, REM Sleep]—Serials

acetylcholinesterase inhibitor SDZ ENA 7113, sleep EEG & REM density, 18–40 yr old males, 20880
additive effect of 2 disorders, sleep EEGs, male patients with primary major depression vs primary alcoholism & secondary major depression, 29506
age & sex, psychomotor activity & sleep, adults with unipolar vs bipolar depression, 1678

alcohol use, periodic limb movements during sleep, 19–81 yr olds with sleep disorders, 41934
alertness & sleep during military service, male conscripts, Finland, 27756
antidepressants or corticotropin hormone or ebiratide, sleep EEG & nocturnal hormones, depressed 21–66 yr olds, 22765
attention & stress & negative emotion, sleep, adults with sleep onset vs sleep maintenance insomnia, 34069
behavioral treatment & accuracy of parents' reports of sleep behavior, sleep disordered 12–36 mo olds, 42564
beta carboline abecarnil, epileptic activity vs slow wave vs REM sleep vs EEG vs voluntary vs automatic vs immobile behaviors, WAG/Rij vs Wistar rats, animal model of epilepsy treatment, 4764
brain stem auditory EPs during wake vs sleep, introverted vs extraverted female 17–28 yr olds, 36690
bright light intervention, affect & sleep & characteristics of seasonal affective disorder, 62 yr olds & older, 38614
bright light treatment, sleep EEG variables & subjective sleepiness, adult outpatients with seasonal affective disorder, Finland, 46569
caregiver reported nocturnal exacerbation of disruptive behaviors, rate of decline in mental function, patients with Alzheimer's disease, 26271
cetirizine vs terfenadine vs triprolidine, driving performance & cognitive or memory RT & sleep latency, healthy 24–41 yr old males, 21030
circadian rest & activity cycles & sleep patterns, elderly community residents with insomnia, 30064
clinical & therapeutic aspects of sleep related respiratory resistive loads with vs without associated obstructive apneas, infants & children, conference presentation, 26173
clinical remission due to drug or cognitive therapy, EEG sleep parameters, patients with major depression, 41539
computerized EEG spectral analysis & sleep staging, evaluation of sleep structure, patients with sleep disorders or on hypnotics, 26771
country of origin, sleeping habits & inability to fall asleep, 11–16 yr olds, Europe, 32830
daily social rhythms & subjective sleep quality & objective sleep & impairment, healthy 71–91 vs 19–28 yr olds, 9345
day vs evening physical exercise, nocturnal sleep, 21–36 yr old healthy males, 12669
daytime napping & nocturnal sleep & sleep wake patterns, healthy 20–30 vs over 77 yr olds, 5034
daytime sleepiness & EEG alertness, 20–33 vs 51–64 vs 75–82 yr olds, 24770
dehydroepiandrosterone & its sulfate, ethanol vs pentobarbital induced hypothermia & sleep induction, male rats, 16827
delaying or advancing sleep & light schedules, shift of circadian temperature rhythms, 23–53 yr olds, implications for shift work, 28615
delta sleep inducing peptide, tiredness & sleep structure & quality, 36–65 yr olds with chronic insomnia, Netherlands, 38696
diet, quantity & quality of sleep, 23–53 yr olds, 5 day study, 28345
dimensionality analysis & informational aspects of sleep EEG, schizophrenic 22–34 yr olds vs male 20–32 yr olds unmedicated vs under influence of lorazepam, 9875
EEG & periodic mechanisms in cerebral activity during sleep, 12–76 yr old neuropsychiatric patients and normal adults, implications for brain damage, 6353
EEG sleep parameters & subjective sleep quality & subsyndromal depressive symptoms, spousally bereaved elderly, 4.5 mo followup, 8781
EEG sleep parameters, 18–50 yr olds with panic disorder vs major depression, 25720
EEG sleep, patients with ACTH dependent vs independent Cushing's syndrome vs major depressive disorder, 17659
EEG waveforms & sleep patterns & architecture & pathology, elderly with vs without dementia, literature review, 26270
effects & correlates of parent-child cosleeping, Hispanic vs Black vs White females, literature review, 41131
empirical & neurological model of role of sleep in associative learning & recuperative processes, cats, 573
environmental noise, health & sleep & annoyance & other subjective responses & psychosocial relations & anxiety & stress & Type A behavior & attitudes, 19–78 yr olds, 47538
familial vs communal child sleeping arrangements, work attitudes & behavior, kibbutz parents, Israel, 3703
formalin, sleep disruptions & limb shaking & licking & kicking responses, preweanling rats, 20868
haloperidol therapy vs withdrawal, sleep EEG & efficiency, clinically stable vs relapsed schizoprenic male 26–45 yr olds, 2658
icv acidic fibroblast growth factor, food intake & sleep, male rats, 20844
icv calcium channel blocker omega-Conotoxin prior to ip ethanol, spontaneous & evoked tremor & righting & sleep, male rats, 32588
idiosyncratic side effects of short half life benzodiazepine hypnotics on sleep, 8920
implicit & explicit memory for word pairs presented during REM or Stage 2 sleep, male graduate or medical students, 409
initial vs continued administration vs withdrawal of buspirone, sleep induction & maintenance & stages, insomniac & anxious 26–61 yr olds, commentary, letter, 46457
initial vs continued administration vs withdrawal of buspirone, sleep induction & maintenance & stages, insomniac & anxious 26–61 yr olds, commentary reply, letter, 46482
interhemispheric EEG during sleep, symptomatic vs asymptomatic depressed patients, 41530
lateral distribution & neuronal origin of motor activity during sleep, patients with panic disorder, 17855
levodopa treatment, sleep quality, 54–68 yr olds with idiopathic Parkinson's disease, 46661
localized radiation treatment, changes in sleep & subjective fatigue & relationship to interleukin-1B, male 45–80 yr olds with prostate cancer, 42595
maintenance of chronic total sleep deprivation in light dark schedule, sleep & food intake & weight & temperature & energy expenditure & other effects, male rats, 20710
MDMA, sleep EEG, 28–33 yr olds, Germany, 28711
minor irritants &/vs positive experiences, quality of sleep, adults, 36700
morning vs afternoon sleep, polysomnographic & subjective sleep quality, males on simulated night shift work schedule, 27727
napping & caffeine, alertness & performance on night work shift, 21–38 yr olds, 35611
nocturnal penile tumescence & sleep EEG & testosterone secretion, males with major depression, 37714
nocturnal plasma levels of cytokines interleukin-1-beta & interleukin-6 & tumor necrosis factor-alpha, healthy male 21–30 yr olds, Germany, 16647
nocturnal sleep EEG, HIV positive 22–49 yr olds, Germany, 42008
nocturnal sleep interruption, isolated sleep paralysis, normal 18–21 yr olds, 408
nocturnal vs diurnal sleep vs sleep deprivation, EEG during resting wakefulness, 23–27 yr olds, 20664
observation & description of sleep & sleep disorders in works of C. Dickens, 794
Ottawa shift system, mental & physical health & personal & social & work disruption & alertness & sleep, police personnel, UK, 11888
pairing of tone & electrotactile stimulation to ear while asleep vs awake, lick suppression CR while awake, male rats, 440
parallel distributed processing approach to model of attention & cognition & physiological & other aspects of sleep & dreaming in neural network, 7834
paroxetine vs mianserin, sleep, depressed 65 yr olds & older, 14680
permanent vs rapidly rotating night shifts in 24 hr staffing, sleep & circadian rhythm adjustment & performance & health & satisfaction, workers, research review, commentary, 23794

permanent vs rapidly rotating shifts in 24 hr staffing, sleep & circadian rhythm adjustment & performance & health & satisfaction, workers, research review, commentary, 23799
permanent vs rapidly rotating shifts in 24 hr staffing, sleep & circadian rhythm adjustment & performance & health & satisfaction, workers, research review, 23800
permanent vs rapidly rotating shifts in 24 hr staffing, sleep & circadian rhythm adjustment & performance & health & satisfaction, workers, research review, commentary reply, 23801
permanent vs rotating day vs night work shift, sleep patterns & quality & disturbances, 22–64 yr old female nurses, 23404
personality traits, subjective characteristics of sleep, left vs right sighted 18–22 yr olds, translated article, 36676
placebo vs triazolam vs lormetazepam, development of anxiety & psychiatric side effects, 40–70 yr old poor sleepers, commentary reply, letter, 30438
polysomnographic features, manic vs depressed 18–36 yr olds, erratum, 25774
polysomnographic measures, patients with insomnia or depression or narcolepsy, meta analysis, 29498
prebedtime activities & sleep satisfaction & length, college students, 8753
pregnanolone vs pregnanolone sulfate with vs without ethanol & pentobarbital, pentylenetetrazole induced convulsions & temperature & sleep time & motor activity, male rats, 4866
problems with consent to use & application of portable sleep monitors, nursing home residents, 46863
psychotherapy with vs without imipramine & EEG sleep characteristics, 21–65 yr olds with endogenous with vs without melancholic vs nonendogenous subtype recurrent unipolar depression, 5812
quiet sleep duration, behavioral sensitivity to single vibroacoustic stimulus, 37–41 week old fetuses, 40814
research on sleep & sleep disorders, 1992–93, bibliography, 44502
restless sleep & relation to illness intrusiveness & depressive symptoms, outpatients with rheumatoid arthritis & renal disease & multiple sclerosis, 34017
rigidity & circumference of penile tumescence during nocturnal sleep vs in response to visual erotic stimuli, male 21–64 yr olds with hypogonadism, 30019
role of prefrontal cortex in sleep & sleep loss & behavior, application to psychiatric disorders, 37590
rotating vs nonrotating shift work schedule, sleep wake patterns & sleepiness & automobile accidents & medication errors, nurses, 15286
simulated microgravity from head down tilt bed rest, circadian cycles, adult males, implications for space shuttle missions, 20707
sleep & dream parameters, Type A vs Type B college students, Canada, 659
sleep & fatigue & creativity & personality orientation, 14–35 yr olds, India, 12701
sleep & fatigue characteristics, patients with chronic fatigue syndrome vs multiple sclerosis, 38110
sleep & general anesthesia as altered states of consciousness, 16387
sleep & growth hormone & cortisol, adolescents with major depressive disorder, 1661
sleep & mood during cocaine withdrawal, 21–39 yr old inpatients in abuse treatment unit, 23254
sleep & penile tumescence monitoring during morning naps, healthy males, implications for assessment of male erectile disorder, 41951
sleep & sleep disorders & headache syndromes, research review, 26207
sleep & sleep disorders, 1982–91, annotated bibliography, 10228
sleep & temperament, 11–27 mo olds, 13000
sleep & wake cycles & 6-sulphatoxymelatonin secretory patterns, blind 12–18 yr olds, 14446
sleep deprivation & triazolam, EEG NREMs & EMG & sleep wake cycle & sleep homeostasis, male rats with lesions of suprachiasmatic nuclei, 12901
sleep deprivation duration, REM & NREM & other sleep pattern recordings, narcoleptic 17–43 yr olds, 10410
sleep disordered breathing, spousally bereaved 60–80 yr olds, 1 yr followup, 26182
sleep duration & self reported Type A behavior, college students, replication, 5617
sleep EEG & dynamic properties of CNS, schizophrenic 22–34 yr olds, 45528
sleep EEG & neuroendocrine & neurochemical correlates, male 64 yr old with 48 hr rapid cycling bipolar disorder, case report, 45441
sleep EEG, patients with panic disorder without depression, 41647
sleep EEG variables, depressed vs anorexic 15–21 yr old females, Belgium, 5700
sleep patterns, pregnant 22–40 yr olds in 3rd trimester, 404
sleep patterns, 8–10 yr olds with reading disabilities, 38033
sleep, psychiatric patients, commentary on meta analysis, 1608
sleep, psychiatric patients, meta analysis, 1583
sleep quality & morning activity, depressed moclobemide treated elderly vs patients with multi-infarct vs Alzheimer's type dementia, 25653
sleep stage, search activity or renunciation mediation of memory & retention in prepared vs unprepared learning, 20705
sleeping cluster patterns & communal roosting, Barbary macaques, 24555
slow wave vs REM sleep in & length of morning vs afternoon nap following total sleep deprivation treatment, mood, depressed inpatients, Germany, 42524
snoring & occurrence of anxiety dreams, male 60–65 yr old WWII veterans with PTSD, 25855
social isolation, pentobarbital pharmacokinetics & sleep & hypnotic action & urinary metabolites, male rats, 25009
sodium lactate, median sleep stage & frequency of awakening during nocturnal sleep, 20–59 yr olds with panic disorder, 17854
somnopolygraphy & other advances in assessment of neurophysiology of sleep, 35 yr old female with sleep disorder, 22241
stimulus control & sleep restriction & hygiene & cognitive therapy, male 37 yr old with insomnia, 30583
structure of nocturnal sleep & personal anxiety & motivation of achievement, healthy 21–47 yr olds, 12697
symptom remission vs clinical state, EEG sleep & REM latency & delta sleep ratio, elderly with recurrent major depression, 29618
time of night patterns for periodic leg movement in sleep, patients with vs without narcolepsy or sleep apnea, 10210
transient insomniac state, epinephrine excretion during & self estimates for naps, male college students, 12661
transitional object usage & presleep preparation rituals & psychopathology, 18–55 yr olds, 29504
Upright Napping procedure for self observation & recording of spontaneous hypnagogic imagery, 4414
usefulness & validity of model based automatic K-complex detector, 21–55 yr olds with vs without dysthymia, 37682
utility of repeated self report measures of sleep quality & amount, 18–47 yr old college students, 20697
zopiclone, withdrawal induced sleep related discontinuance symptoms, benzodiazepine dependent patients, 30512
3,4-methylenedioxyethamphetamine analog of MDMA, psychological functioning & EEG sleep, healthy 28–50 yr olds, 28717

Sleep [See Also NREM Sleep, REM Sleep]—Books
Encyclopedia of sleep and dreaming, 36292
The neuropsychology of sleep and dreaming, 8691
Why we nap: Evolution, chronobiology, and functions of polyphasic and ultrashort sleep, 16665

Sleep [See Also NREM Sleep, REM Sleep]—Chapters
Developmental aspects and a behavioral model of human sleep, 17000
Effects of sleep and circadian rhythms on performance, 8809
Evolution, chronobiology, and functions of polyphasic and ultrashort sleep: Main issues, 16679
The phasing of sleep in animals, 16666

The Postawakening Testing technique in the investigation of cognitive asymmetries during sleep, 8694
Sleep–wake rhythms and sleep structure in the first year of life, 16998
The timing and structure of spontaneous naps, 16667
Sleep Apnea—Serials
autonomic stress responses, 20–69 yr olds with moderate vs severe obstructive sleep apnea syndrome vs snoring, 22254
clinical & therapeutic aspects of sleep related respiratory resistive loads with vs without associated obstructive apneas, infants & children, conference presentation, 26173
compliance with nasal continuous positive airway pressure treatment, 28–79 yr olds with obstructive sleep apnea vs nonapneic snoring, conference presentation, 26896
continuous positive airway pressure, neuropsychological deficits & daytime somnolence & vigilance impairment, male 35–65 yr olds with obstructive sleep apnea syndrome, Canada, 6 mo followup, 34709
depression & other psychiatric disorders, patients with obstructive sleep apnea, Hong Kong, commentary, letter, 38114
effectiveness of & other issues in uvulopalatopharyngoplasty, patients with obstructive sleep apnea syndrome, conference presentation, 26919
lifetime & current alcohol consumption, adults with sleep apnea/hypopnea syndrome, 10224
Multiple Vigilance vs Multiple Sleep Latency Test vs Stanford Sleepiness Scale ratings, assessment of daytime sleepiness & other sleep disorders, patients with sleep apnea, conference presentation, 41954
nocturnal hypoxemia & sleep disruption & excessive daytime sleepiness & cognitive deficits, 35–65 yr olds with obstructive sleep apnea syndrome, conference presentation, 26195
prevalence & evolution of obstructive sleep apnea syndrome & relation to cardiovascular disease, conference presentation, 26199
prosthetic mandibular advancement, adult males with sleep apnea, 22931
relationship between obstructive sleep apnea & depression & other psychiatric disorders, implications for treatment, 30046
Sleep Apnea—Chapters
Emotional aspects of sleep disorders: The case of obstructive sleep apnea syndrome, 42579
Sleep Deprivation—Serials
activity & rest & sleep deprivation, National Guard members, implications for training exercise scheduling, 7722
age, sleep loss & circadian rhythms & personality traits, 20–60 yr old flight crew personnel, 35674
alcohol & sleep deprivation, stimulus intensity & quality & response compatibility induced choice RT, male 21–35 yr old social drinkers, 16801
alpha methylparatyrosine induced catecholamine depletion, mood & alertness, normal male sleep deprived vs rested 21–36 yr olds, 36831
amphetamine vs nicotine vs deprenyl, effects of prolonged sleep deprivation on sleep latency & cognitive & behavioral & physiological functioning, male 21–41 yr olds, 20947
biperiden during REM sleep deprivation, REM sleep attempts, healthy adults, 754
biperiden, nap REM sleep after sleep deprivation, depressed adults, 6719
chronic total sleep deprivation, regulation of brain noradrenergic receptors, male rats, 32452
chronobiological & light therapy & sleep deprivation, patients with sleep disorders, translated article, 38617
early vs late nap, effect of noise on sleep inertia & spatial memory task performance, 19–27 yr old males, 8796
early vs late sleep deprivation with antidepressants, plasma TSH & triiodothyronine & prolactin & cortisol, depressed adults, 42518
knowledge of results & rewards as compensation for sleep deprivation & signal degradation & time on task, choice reaction task performance, 21–34 yr old males, 44115
magnetic field treatment, drive behavior & similarity to effect of REM sleep deprivation, 27 yr old female with multiple sclerosis & 62 yr old male with Parkinson's disease, Greece, 14854
maintenance of chronic total sleep deprivation in light dark schedule, sleep & food intake & weight & temperature & energy expenditure & other effects, male rats, 20710
mild stress with vs without moclobemide vs sleep deprivation, 5-HT-1C receptor initiated penile erection & depression, male rats, animal model, 36841
nocturnal vs diurnal sleep vs sleep deprivation, EEG during resting wakefulness, 23–27 yr olds, 20664
paradoxical sleep deprivation, memory for shock avoidance conditioning, male rats, 40260
partial sleep deprivation, EEG during REM sleep & wakefulness, male college students, 32257
partial sleep deprivation intervention, thyroxine & triiodothyronine levels, depressed 20–77 yr olds, letter, 10759
pemoline & methylphenidate, mood & sleepiness & cognitive performance during sleep deprivation, 18–28 yr old male Navy personnel, technical report, 20798
pemoline vs methylphenidate, effects of 64 hr sleep deprivation on mood & sleepiness & cognitive performance, male 18–28 yr old Navy personnel, 20799
REM sleep deprivation, chloride & magnesium adenosine triphosphatase activity in brain, male rats, 40391
REM sleep deprivation, elderly with mixed vs pure depression & dementia symptoms, 9701
response to therapeutic sleep deprivation, prediction of subsequent fluvoxamine vs maprotiline response, patients with major depression, 42443
sleep deprivation & triazolam, EEG NREMs & EMG & sleep wake cycle & sleep homeostasis, male rats with lesions of suprachiasmatic nuclei, 12901
sleep deprivation &/vs alpha methylparatyrosine, cognitive performance, 21–36 yr old males, 8650
sleep deprivation, dopamine & opioid receptor binding & other biochemical & motor & behavioral responses, male rats, animal model of stress induced insomnia, 24672
sleep deprivation duration, REM & NREM & other sleep pattern recordings, narcoleptic 17–43 yr olds, 10410
sleep deprivation, immediate early gene RNA expression in brain, female rats, 24827
sleep deprivation, male 81 yr old with depression & Parkinson's disease, letter, 22810
sleep deprivation treatment, male 45 yr old with rapid cycling bipolar affective disorder, case report, 38611
sleep deprivation, vigilance, introverted vs extraverted 22–33 yr olds, translated article, 36654
sleep deprivation with vs without amphetamine, attention during RT task, male 21–35 yr olds, 28685
sleep deprivation with vs without naps, reasoning & task performance & possible role of circadian rhythms in sleep inertia, adult male Navy personnel, 20703
slow wave vs REM sleep in & length of morning vs afternoon nap following total sleep deprivation treatment, mood, depressed inpatients, Germany, 42524
stimulant drugs, effects of sleep loss or sustained operations on performance, military personnel, 23808
successful total sleep deprivation followed by consecutive sleep phase advance, relapse prevention, patients with major depression, 30542
total sleep deprivation & nortriptyline, depressed 28–57 yr olds, conference presentation, 22757
total sleep deprivation, cerebral blood flow, 27–65 yr olds with major depression, 25794
total sleep deprivation, human growth hormone levels, males with major depression, 17736
total sleep deprivation, prolactin response to sulpiride, male patients with major depression, 46554
total sleep deprivation, work vs self paced task performance, meta analysis, conference presentation, 16652
total sleep deprivation, 29–65 yr olds with major affective disorder, 34602
total 1 night sleep deprivation, serum beta endorphin & ACTH, 22–74 yr olds with melancholia, 21762
1 night sleep deprivation, problem solving & task processing & short term memory task, college students, 358
Sleep Deprivation—Chapters
The effects of polyphasic and ultrashort sleep schedules, 16680

Leonardo da Vinci and ultrashort sleep: Personal experience of an eclectic artist, 16678
Minimal sleep to maintain performance: The search for sleep quantum in sustained operations, 16674
Narcolepsy and the pathological aspects of multiple napping, 18265
Selected problems of analysis and interpretation of the effects of sleep deprivation on temperature and performance rhythms, 20717
Sleep deprivation, 8853
Sustained-operations studies: From the field to the laboratory, 16714
What is the limit for prolonged sleep reduction? An objective evaluation of the Leonardo da Vinci ultrashort sleep strategy, 16681
Sleep Disorders [See Also Insomnia, Narcolepsy, Sleep Apnea, Sleepwalking]—Serials
abrupt vs tapered discontinuation of triazolam, rebound insomnia with vs without disturbed sleep, 20–50 yr olds, 2662
alcohol use, periodic limb movements during sleep, 19–81 yr olds with sleep disorders, 41934
anxiety vs major depression, sleep pattern disturbances, stress clinic patients, 37672
behavior & sleep disorders, male 29–64 yr olds with complex partial seizures, 2323
behavior modification & diphenhydramine hydrochloride, sleep wake schedule disorder, 9 yr old male with Angelman syndrome, case report, 2403
behavioral treatment & accuracy of parents' reports of sleep behavior, sleep disordered 12–36 mo olds, 42564
biological factors in sleep disorders, mentally handicapped children, 14085
carbamazepine & methylphenidate, 17 yr old male with Kleine-Levin syndrome, case report, 26890
carbamazepine, REM sleep behavior disorder, male 68 yr old, case report, 26871
characteristics of night terrors & related psychiatric symptoms, 20–77 yr olds, 22218
chronobiological & light therapy & sleep deprivation, patients with sleep disorders, translated article, 38617
circadian nonentrainment 24 hr sleep wake cycle, blind male 63 yr old with chronic sleep disorder, 3 mo study, 45903
classification & features & management, patients with sleep & sleep wake cycle disorders, 6217

Sleep Inducing Drugs [See Hypnotic Drugs]
Sleep Onset—Serials
alprazolam, cerebral blood flow & memory & sedation & plasma epinephrine & norepinephrine, healthy male 18–25 yr olds, 28776
anticipatory sleep onset time, male night vs continuously rotating shift workers, Brazil, 27732
Benadryl vs Hismanal, mood & physiological measures & antihistamine detection & subjective symptoms including drowsiness, 20–36 yr old male college students, 44711
caffeine, metabolic rate & sleep efficiency & latency, male 18–30 yr olds, development of physiological arousal model of insomnia, 20810
clonidine dosage, cardiovascular & neuroendocrine & sedative responses, male 21–27 yr olds, 16874
core & optional sleep, healthy 25–35 vs 88–102 yr olds, 1175
EEG of sleep onset period, 15–50 yr olds with insomnia, 14191
fluoxetine & chloral hydrate, development of prolonged drowsiness, 42 yr old female with recurrent depressive disorder, letter, 22705
iv caffeine benzoate during amobarbital interview, prevention of falling asleep, 20–75 yr olds with catatonic mutism, 30486
morning vs evening ethanol, sleep latency & sleepiness & divided attention & auditory vigilance, healthy 21–45 yr old males, 4906
objective measures vs subjective ratings of daytime sleepiness & CNS performance, healthy 19–25 yr olds, 32263
practice guidelines for use of Multiple Sleep Latency Test in diagnosis of sleepiness disorders, 107
reliability & factor analysis of Epworth Sleepiness Scale, assessment of daytime sleep propensity, healthy medical students vs 18–78 yr olds with obstructive sleep apnea or other sleep disorder, 7918
REM & sleep latency, adolescents with endogenous depression, 13726
RS 86, REM sleep latency, healthy members of families at high risk for psychiatric disorders, 13677
scheduled naps, daytime alertness & frequency of sleep attacks & quality of life, 21–65 yr old narcoleptic patients, 38731
sleep restriction & stimulus control & relaxation training, home based polysomnography & power spectral analysis of EEG, adults with chronic sleep onset insomnia, 26845
tiredness & daytime sleepiness, 35–50 yr olds, Finland, implications for traffic safety, 20699
Sleep Treatment—Serials
sleep promoting mechanisms in sleep hygiene counseling, patients with sleep disorders, 22873
Somnifen for sleep therapy, schizophrenic patients, 1920s–30s, 34594
Sleep Wake Cycle—Serials
anxioselective anxiolytic DN-2327 vs diazepam, vs buspirone, EEG & sleep wake stages & motor & other behavior, cats, 24895
behavioral treatment approach based on optimization of sleep wake schedule, attention & learning deficits, mentally handicapped 12–42 yr old males, 30357
capsaicin in late meal, oxygen consumption & temperature & sleep wake cycle, adult males, Australia, 16768
changes in consistency of self reported sleep habits, college students, 1978 vs 1992, 24797
circadian nonentrainment 24 hr sleep wake cycle, blind male 63 yr old with chronic sleep disorder, 3 mo study, 45903
classification & features & management, patients with sleep & sleep wake cycle disorders, 6217
coffee consumption, workday vs nonworkday sleep behavior & mood, 31–50 yr old male locomotive engineers on irregular work schedule vs their 27–47 yr old wives, 27719
consecutive work nights, health & sleep behavior & job satisfaction & evaluation of & motivation for night work & lifestyle & social support & coping & risk factors, female night nurses, Belgium, 27720
core & optional sleep, healthy 25–35 vs 88–102 yr olds, 1175
daytime napping & nocturnal sleep & sleep wake patterns, healthy 20–30 vs over 77 yr olds, 5034
delayed vs advanced shift rotation with vs without quick return, health & sleep disturbance & social & domestic disruption & job satisfaction, industrial & service shift workers, 27714
EEG & periodic mechanisms in cerebral activity during sleep, 12–76 yr old neuropsychiatric patients and normal adults, implications for brain damage, 6353
enterostatin, onset of feeding & grooming & exploratory & sleep & drinking & activity behavior, female rats, implications for early satiety effect on appetite, 44665
illness & psychosomatic symptoms & sleep behavior, shift work selection, applicants for blue collar jobs, Sweden, 11705
light intensity during light phase, diurnal sleep wake distribution, 6–8 vs 30–32 mo old male rats, implications for light therapy in elderly, 28632
moclobemide, sleep wake cycles & EEG parameters, patients with major depression, conference presentation, 30488
modulation of 24 hr sleep wake cycle, behavioral abnormalities & symptoms, under 4 yr olds with infantile autism, 4 yr study, 38017
morning vs afternoon sleep, polysomnographic & subjective sleep quality, males on simulated night shift work schedule, 27727
NMDA receptor antagonist NPC 12626, REM & NREM sleep & sleep wake states, male rats, 12898
ontogeny & regulation of sleep wake rhythm, 4 mo olds, 11 mo study, France, 28868
parental attitudes & cosleeping & nighttime habits & other factors, night waking & crying patterns, 3 mo to 2 yr olds, Korea, 9096
ritanserin vs chlordiazepoxide, sleep wakefulness disturbances after acute vs discontinuation of chronic cocaine, male rats, 12771
sleep & wake cycles & 6-sulphatoxymelatonin secretory patterns, blind 12–18 yr olds, 14446
sleep & wakefulness patterns & relation to subsequent developmental disabilities, premature infants, 38020
sleep & wakefulness time estimates, 21–47 yr olds in isolation, 16642
sleep deprivation with vs without naps, reasoning & task performance & possible role of circadian rhythms in sleep inertia, adult male Navy personnel, 20703
sleep management & parental coping, parents of newborns with apparent sleep problems, England, 42541
sleep wake cycle & other nighttime behaviors, domestic dogs, 36618
temporal isolation, motor activity & sleep wake cycle, adults, 36620
tianeptine, sleep wakefulness cycle & overnight cortical EEG, male monkeys, erratum included, 36713
time of day vs circadian influenced sleep inertia measured during logical reasoning task, adults, 36638
timing of sleep & wakefulness, elderly with Alzheimer's disease, 10333
zopiclone vs flunitrazepam vs triazolam vs levomepromazine, sleep wake schedule change & daytime condition, 21–28 yr olds, 24910
5-HT1-like receptor agonists vs antagonists, sleep wake patterns vs wakefulness, male rats, 4782
Sleep Wake Cycle—Books
Why we nap: Evolution, chronobiology, and functions of polyphasic and ultrashort sleep, 16665
Sleep Wake Cycle—Chapters
Adult napping and its effects on ability to function, 16669

Beyond circadian regulation: Ultradian components of sleep-wake cycles, 16671
The effects of polyphasic and ultrashort sleep schedules, 16680
Evolution, chronobiology, and functions of polyphasic and ultrashort sleep: Main issues, 16679
The function of dreaming in the cycles of cognition: A biogenetic structural account, 28360
The impact of irregular sleep-wake schedules on circadian rhythms and the role of "anchor" sleep, 16673
Interhemispheric EEG activity in sleep and wakefulness: Individual differences in the basic rest-activity cycle (BRAC), 8733
Lateralized task performance after awakening from sleep, 8704
Leonardo da Vinci and ultrashort sleep: Personal experience of an eclectic artist, 16678
Minimal sleep to maintain performance: The search for sleep quantum in sustained operations, 16674
Narcolepsy and the pathological aspects of multiple napping, 18265
Sleep-wake rhythms and sleep structure in the first year of life, 16998
Thermoregulation and control of the ultradian wake-sleep cycle, 16675
The timing and structure of spontaneous naps, 16667
Waking, dreaming, and self-regulation, 28361
What is the limit for prolonged sleep reduction? An objective evaluation of the Leonardo da Vinci ultrashort sleep strategy, 16681

Sleepwalking—Serials

clonazepam, 34 yr old females with somnambulism & hallucinations, case reports, 26893
sleep related dissociative disorders & natural vs artificial somnambulism & continuity with deep hypnosis & double consciousness, 2133
sleep related dissociative disorders & natural vs artificial somnambulism & continuity with deep hypnosis & double consciousness, commentary reply, 2132
sleep related dissociative disorders & natural vs artificial somnambulism & continuity with deep hypnosis & double consciousness, commentary, 2168

Slow Learners—Serials

distinctiveness of IQ test criteria profiles, differential diagnosis, learning disabled vs slow learning 6–13 yr olds, 38030

Slow Wave Sleep [See NREM Sleep]

Slums [See Poverty Areas]

Smell Perception [See Olfactory Perception]

Smiles—Serials

major orbicularis oculi with zygomatic actions & other behavior markers, recognizability of smiles of enjoyment, adults, 20194
neuroanatomical & other markers of enjoyment vs nonenjoyment smiles, normal & brain damaged adults, research review, 28506

Smiles—Chapters

Sex, lies, and smiling faces: A brief report on gender differences in 3-year-olds' deceptions, 5071

Smoking (Tobacco) [See Tobacco Smoking]

Smoking Cessation—Serials

abstinence & relapse rates following smoking cessation, adult self quitters, 2 day through 6 mo followups, 11118
abstinence from smoking, diagnosis & treatment of psychiatric disorders & withdrawal effects, psychiatric patients, 41406
affect regulation & nicotine addiction, cigarette smoking behavior & cessation & abstinence & relapse, 1889
age & sex & experience, smoking initiation & offers & cigarette acquisition & craving & quitting attempts & difficulty & peer smoking & parental influence, 12–17 yr olds, 1111
appetite vs metabolic changes, weight gain associated with smoking cessation, 35–57 yr old males, erratum, 15091
attributional correlates of cessation self efficacy, smokers, 46921
behavioral training with vs without nicotine gum & physical exercise, smoking cessation, 50 yr old & older chronic smokers, 12 mo followup, 35021
beliefs about cause & benefits of smoking cessation maintenance, smoking abstinence, recent ex-smokers, 12 mo followup, 33213
brief counseling from family physician with vs without nicotine gum vs brief health education session with nurse, smoking abstention, smokers, 2 mo & 1 yr followups, 11130
brief interventions, patients with excessive alcohol use or cigarette smoking, Australia, 11116
brief telephone outreach as recruitment & intervention strategy in smoking cessation, 25–74 yr old smokers, 15109
chronic disease events & other characteristics, prediction of smoking cessation & relapse, 65–85 yr old & older smokers, 3 & 6 yr followups, 15126
citric acid aerosol inhaler, smoking abstinence & craving & negative affect, smokers, 30986
cognitive & affective responses to cessation behaviors, successful coping during smoking cessation, adults, 2 & 4 & 8 wk & 3 mo followups, 42955
college based smoking cessation course, 16 yr old vocational college student smokers, England, 7544
controlled smoke delivery apparatus, measurement of stopping point of rapid smoking, male heavy smokers, 11119
costs & benefits of health education approach to smoking cessation, pregnant female smokers at maternity clinics, 31025
counseling self efficacy & training in behavior change & beliefs about causes of overweight & smoking, counseling patients to lose weight or quit smoking, physicians, 38832
craving to smoke during active task engagement, outcome of graded smoking reduction, smokers, 46936

Joint involvement episodes as context for development, 9215
Management and leadership as relational phenomena, 7695
Marketing discourse and practice: Towards a critical analysis, 19808
Mere exposure effects with outgroup stimuli, 33282
Relationships and behaviour: The significance of Robert Hinde's work for developmental psychology, 17203
Representational competence in shared symbol systems: Electronic media from radio to video games, 37078
Research on communal and exchange relationships viewed from a functionalist perspective, 21493
Social aspects of obsessive-compulsive disorder, 45584
Social inclusion of older adults with mental retardation, 38938
Social interaction skills and nonverbal behavior, 9564
Social mechanisms of constraint, 33254
The social origins of individual mental functioning: Alternatives and perspectives, 37008
Social referencing and theories of status and social interaction, 45225
Social relationships, 41446
Social sources and interactive functions of emotion: The case of embarrassment, 9597

Social Isolation—Serials
academic achievement & social isolation, perceptions of teacher's adaptation to student needs, middle & high school students, 27549
ACTH analog ORG 2766, social withdrawal & play behavior & gaze coordination, autistic 5.3–15.2 yr olds, 22695
active vs passive reasons for attributing social withdrawal to peers on sociometric test, 1st vs 3rd vs 5th graders, 1139
adult's inner child & dangers & isolation of living in large city, Switzerland, 9282
air temperature vs isolation vs contact comfort, ultrasonic vocalizations, rat pups, 4485
castration prior to prolonged isolation, brain biogenic amines & metabolites, muricidal vs nonmuricidal male rats, 586

classroom based intervention strategy & Procedures for Establishing Effective Relationship Skills Program, social interaction, socially withdrawn female 5.5 & 7.4 yr olds & male 9 yr old, 35449
clomipramine vs mianserin vs amitriptyline vs maprotiline &/vs yohimbine or prazosine, aggressive & motor behavior, socially isolated male mice, 32592
clozapine, frequency & duration of restraints & seclusion, psychiatric patients in state mental hospitals, 23145
connectionist adaptive control system model for increased aggressiveness after brief social isolation, adult fish, 36377
corticotropin releasing factor, pecks at food or wall & distress vocalization & other behavior, isolated low vs high fearfulness vs sociality, Japanese quails, 44661
corticotropin releasing factor vs its antagonist administered by freehand injection vs indwelling cannula, locomotor activity & vocalization, isolated guinea pig pups, 16785
dilemma of & intervention for reclusiveness & isolation induced by social ostracization, gifted 9 yr old male, 9232
economic problems & social isolation & single motherhood & impact of gender related biases, homeless & poor females, 45050
environmental isolation vs enrichment, behavior & neuroanatomy, male rats with frontal cortex lesions, 20551
experiences of & coping with isolation, highly successful deaf high school students, 2347
exposure to unfamiliar adult male conspecific vs mother, inhibition of ultrasonic vocalizations, socially isolated preweanling rats, 12447
family vs peer vs isolation rearing, motivation for social play, juvenile rats, 4509
frequency & duration & emotional impact of & other issues in seclusion, psychiatric patients, 11049
health & housing conditions & lack of social contacts, 1st admittance depressed 18–49 yr olds, Denmark, 23162
health & housing conditions & lack of social contacts, 1st admittance schizophrenic 18–42 yr olds, Denmark, 23160
home cage vs social isolation contexts, acoustic variation in phee calls, male vs female marmosets, 36410
imipramine vs fluoxetine vs metergoline vs pimozide, cooperative paired vs single performance, previously pair housed isolated rats, animal model of depression, 4961
isolation & confinement & stress & reduced physical activity, BP & blood volume regulating hormones & electrolytes & creatinine & urea, male 25–33 yr old astronauts, Norway, 28640
isolation induced aggression, male ABG vs AB/Halle mice, test of locus variation, 40338
isolation rearing, dopamine agonist influenced behavioral stereotypy & locomotor activity & monoamine function in caudate putamen vs prefrontal cortex vs nucleus accumbens, female rats, 16796
neighborhood deterioration & environmental characteristics & other factors, social isolation, 55 yr olds & older, Canada, 25308
neonatal capsaicin, isolation induced aggressive behavior & hypothalamic substance P, adult male CD-1 mice, 32582
peer support groups in rehabilitation, elderly &/or blind or isolated patients, 38990
physical isolation at beginning of developmental stages & exposure to heterosemispecifics during preadult stages, mating behavior, female flies, 8552
potassium chloride in frontal cortex & exposure to novel environment, forebrain 5-HT release, isolation vs socially reared male rats, 44381
removal from nest & isolation at room temperature & body size & weight & fur growth, heat loss & development of homeothermy, 2–30 day old C3H mice, 40474
return to natal group following separation, cortisol & lymphocyte response, male juvenile rhesus monkeys & their mothers, psychophysiological implications of stress, 36667
separation & reunion with mother vs male vs placement in empty cage, cooing vs girning & affiliative vocalization, infant rhesus macaques, 4512
serotonin agonists or antagonists, isolation induced aggression, male mice, 36870
sleep & wakefulness time estimates, 21–47 yr olds in isolation, 16642
social & spatial relationships & isolation during fawning season, parturient female deer, 40313
social isolation & personality, schizophrenic 18–42 yr olds at 1st admittance, Denmark, 1 yr followup, 23161
social isolation, development of combinatorial manipulation, 1–6 vs 3–6 mo old baboons, implications for comparative psychology, 24549
social isolation, emotional behavior & antibody response, C57BL/6 vs BALB/c mice, 28476
social isolation, frequency of aggressive attacks & dominance hierarchy, juvenile angelfish, 36374
social isolation of occupational setting, interpersonal distance, female employees of government agency, 43511
social isolation, pentobarbital pharmacokinetics & sleep & hypnotic action & urinary metabolites, male rats, 25009
social isolation, plasma corticosterone & leucocytes & motor & other behavior, 7–10 day old Japanese quails selected for high vs low sociality, 28474
social isolation, subthreshold stimulation induced aggressive behavior after priming, male Siamese fighting fish, 24592
social isolation, threat or grimace or lipsmack facial expressions, rhesus monkeys, 8543
social isolation vs group living, lordosis response to manual palpation vs male, young vs old female rats, 12423
social isolation, 3H-isradipine & conotoxin binding sites in frontal cortex & caudate nucleus & hippocampus, female rats, assessment of changes in L-type & N-type voltage sensitive calcium channels, 4574
social support system & residential transition & ethnocultural factors, emotional & social isolation, older French- vs English-Canadian adults, US, 17241
social vs solitary setting, reinforcing effects of diazepam, healthy 21–38 yr olds, 20887
sociodemographic characteristics & social isolation & schizophrenia vs other diagnoses, psychiatric service utilization, residents of rural vs urban areas, Italy, 42711
subchronic morphine, isolation stress induced hypertension, male rats, 44649
support groups, feelings of isolation from others, bereaved, 22827
temporal isolation, motor activity & sleep wake cycle, adults, 36620
time spent in seclusion or restraint, VA psychiatric inpatients, 7138
use of & client characteristics in locked door seclusion in child & adolescent psychiatric state hospital, 12–18 yr old psychiatric inpatients, 34940
12 hr light dark alternation, circadian & ultradian variations in carbon dioxide emission, grouped vs separated male rats, 20696

Social Isolation—Chapters

Children's perceptions of social withdrawal: Changes across age, 29107
Effects of social separation on immune function and brain neurotransmitters in cebus monkey (C. apella), 20785
Sex and violence on Acali: Six females and five males isolated on a raft on the Atlantic and the Caribbean for 101 days, 13463
Social isolation and wife abuse: A research report, 9991
Social withdrawal in childhood: Considering the child's perspective, 29088
Social withdrawal, inhibition, and shyness in childhood: Conceptual and definitional issues, 29102
Socialization factors in the development of social withdrawal, 29095
The Waterloo Longitudinal Project: Correlates and consequences of social withdrawal from childhood to adolescence, 29101

Social Issues [See Also Crime, Homeless, Human Rights, Peace, Poverty, Social Discrimination, Social Equality, Social Integration, Unemployment, War]—Serials

model of acquisition of social knowledge & competence, 37417
necessity of helper & interpersonal skills in relationship with breast cancer patient, occupational therapist, 15290
needs for assessment of treatment vs social skills, long stay psychiatric inpatients, Wales, 42886
negative affect in expressed emotion of family members, social skills & perception, 18–55 yr olds with schizophrenia or schizoaffective disorder, 45519
negative assertion, roommate's perception of general likability & social competency, female college students, 1413
nonexclusionary time out package, inappropriate classroom behavior, preschoolers, 35397
operant & social learning & cognitive behavioral intervention strategies, children with social skills deficits, 46351
own vs parental perceptions of social skills, 6th–11th grade leaders, 1059
parent child relations & perceptions of each other, self & peer perceived social competence, 9 vs 11 yr olds & their parents, Israel, 37160
parental bonds in childhood & social competencies & outcome attributions & self efficacy & social support, college students, 5518
parental marital status & conflict & family stress & perceptual relationship with mother, cognitive & social competence, 11–15 yr olds, 17191
parenting style & Type A behavior & social competence, 6–12 yr olds & their parents & teachers, 9247
participation in traditional vs Unified Special Olympics, self worth & self perceived social skills & physical ability, male mildly mentally retarded 18–40 yr olds, 22132
perception of optometrist's interpersonal skills & qualities, 15 yr olds & older, 2735
perceptions of social competence & family dynamics, 12–19 yr old participants in school or independent sports, 37099
postsecondary outcomes & social competencies & life transitions, learning disabled adults, educational implications, 19604
prosthetic memory aid, dyad conversational content & social skills, 74–88 yr olds with dementia, 30971
psychometric properties of sociometric peer nominations & utility for social competence assessment, preschoolers, 37106

psychometrics of Disability Rating Form, therapists rating severely mentally ill 20–74 yr olds, erratum, 31888
psychosocial functioning, learning disabled children, 10155
quality of peer interactions & complexity of social reasoning & peer influences, 3–5 & 6–12 & 13–17 yr olds, research review, implications for social skills assessment & intervention, 44948
rejection strategies & unwanted interpersonal advances from males, female college students & bar patrons & employees, 9478
self concept & loneliness & social relationships & skills, learning disabled vs low achieving 3rd–6th graders, 18091
self contained vs resource room class placement, academic & social achievement, mildly mentally handicapped students, literature review, 7531
self esteem & perceived vs actual competence in cognitive & social & physical domains, 10 yr olds with motor coordination problems, Norway, 21257
self reported loneliness & teacher rated aggressive & hyperactive behavior & peer rated social acceptance & competence, mildly mentally retarded 10.6–13 vs 15.2–17 yr olds, Israel, 29967
self reported social skills & classroom behavior & peer interaction & task orientation, mildly mentally retarded 10–17 yr olds, Israel, 39346
self vs teacher rated social competence, depressed vs conduct disordered 6th–8th graders, 1553
sex & sex role orientation & perceived social inadequacy, conversational activity & interruptions, college students in mixed sex groups, 9531
shyness, communicative adaptability & interpersonal skills constructs of competence, college students, 21482
similarities in social cognitive & communication skills, prediction of attraction & satisfaction, married couples, 13285
social & cognitive & behavioral skills & intentions to use drugs, posttreatment drug use following release into community, adolescents, 29867
social class & urban vs rural community & teacher rated intellectual & social competence, self understanding, 12 yr olds, Iceland, 5182
social competence & active vs avoidant coping behavior, 7.9–13.8 yr olds with divorced parents, 44969
social competence & self control & vocabulary ability, prediction of impulsive aggressive problem behavior, 4–5 yr olds, 1 yr followup, 40774
social competence interview &/vs video game &/vs mirror drawing &/vs mental arithmetic stress tasks, prediction of ambulatory BP, Black vs White 13–16 yr olds, 25083
social competence, nonhandicapped vs low interacting vs mildly retarded vs behaviorally disordered vs developmentally delayed vs orthopedically handicapped vs speech impaired 3–5 yr olds, 37603
social competency & maladaptive behaviors, 3–17 yr olds with Down's syndrome, India, 22129
social distress & avoidance & performance expectancies & self vs partner vs O ratings of social competency, nondepressed vs dysphoric college students vs clients, 21752
social exchange theoretical framework for analysis of social skills development & training in educational settings, children, 27546
social functioning, persons with learning disabilities, bibliography, 10148
social information processing model for interpretation of social skill deficits, physically abusive married males, 5994
social problem solving & social cognition & other aspects of bullying, primary school age bullies & victims, Australia, 37163
social problem solving skills, social acceptance by same sex peers, 4–5 yr olds, 44974
social role functioning & health perceptions & general well being, patients performing clean intermittent catheterization, Norway, 1 yr study, 38692
social skills & anxiety & communication motivation & social expressivity & behavioral involvement, depressed vs nondepressed college students, 5841
social skills & behavior problems, K–3rd graders with learning disabilities vs low vs average/high achievement, 4 yr study, 45821
social skills & depression, substance abusing 11.4–18.8 yr olds, 29889
social skills & environmental obstacles, school vs nonschool friendship patterns, Black vs White 7th–9th grade males vs females, 37108
social skills & responses to marital conflict, maritally violent vs nonviolent male 20–46 yr olds, 1825
social skills & sexual behaviors & risks, adolescents, implications for AIDS related sexual social skills training, 34693
social skills, children with learning disabilities, meta analysis, 10159
social skills, preschoolers in romantic vs same vs cross sex friendship dyads, 32995
social skills training program, perceptions of behavioral social skills & relationship & conflict resolution, parent adolescent dyads with conflict, 10590
synchrony of change in illness severity & social disability, 16–65 yr old primary care patients with anxiety &/or depression, Netherlands, 45399
transactional analysis approach to social competence & anxiety withdrawal & anger aggression, affect & behavior in mother child interactions, 2.3–6.1 yr olds & their mothers, Canada, 17158
type & frequency of social skills included in individualized education programs, rural K–12th graders with behavior disorders or learning disabilities or mental retardation, 7524
use of Interpersonal Behavior Survey, assessment of social skills & aggressiveness & psychological distress, day hospital patients, 31877

Socioeconomic Class Attitudes [See Also Lower Class Attitudes]—Serials

authoritarianism & sociopolitical beliefs & perceived socioeconomic threat & perception of social security, stereotyped beliefs about unemployed, adults, Netherlands, 35515
intelligence test scores & involvement in Judaism & identification with middle class values & need for achievement, Jewish inmates, 14027
labor market & process & home ownership & sociodemographics & working class subculture, economic beliefs, blue collar workers, Canada, 23762
SES & educational background, perceptions about economic concepts & socioeconomic preferences, adults, Poland, 29160
SES & other characteristics & attitudes toward gambling, lottery players, Cameroon, 39541
social class & educational level & other demographic characteristics, economic & social beliefs, 18–65 yr olds & older, Australia, analysis of paradox of socialism, 9373

Socioeconomic Status [See Also Family Socioeconomic Level, Income Level, Lower Class, Lower Income Level, Middle Class, Middle Income Level, Social Class, Upper Class]—Serials

ability to concentrate & academic achievement, low vs high SES 1st graders, Israel, 3449
age & sex & SES & educational attainment & other variables, trajectories of functional impairment, 58–63 yr olds, 10 yr study, 13627
age & sex & SES & educational attainment & other variables, trajectories of functional impairment, 58–63 yr olds, 10 yr study, 1547
antisocial behavior & parent discipline & monitoring & SES, early police arrest, 4th grade males, 7 yr study, test of model, 22047
anxiety & other perceived asthma triggers, indigent vs nonindigent asthma patients, 41980
asymmetric levels of individual endowment, proportion of voluntary contribution to provision of group benefit, college students, Israel, 45192
birth weight vs stature vs SES vs head circumference, prediction of brain pathology &/or mental retardation, 7 yr olds diagnosed as microcephalic during infancy, longitudinal study, 2048
caller's occupational status & helper's SES in wrong number technique, decisions to help make phone call, adults, 33265
childrearing practices & other factors, motor development, Black vs White 1st graders of different SES, commentary, 9102
childrearing practices & other factors, motor development, Black vs White 1st graders of different SES, commentary reply, 9101
demographic characteristics & SES & cosmetic & functional impairment, psychological adjustment & behavior problems, 4–16 yr olds with brain tumors, 46018

demographic characteristics & social relationship & SES & religion, satisfaction, Blacks vs Whites, 5639
depiction of target person in affluent vs less privileged circumstances, perception of target person personal qualities, 16–18 yr olds from working vs middle class, England, 21500
discrepancies in labor force & occupation & SES, male vs female deaf high school graduates, implications for career awareness programs for females, 18450
economic & sociodemographic factors, participation in Supplemental Security Income program, elderly, 13196
economic status & traditionality of background, dimensions & basis of self esteem, 6th & 8th & 10th graders, Nepal, 40960
education & job status & SES & personal religiosity & religious affiliation, support for corporal punishment in schools, adults, 27531
educational background & SES, value orientations, 18–53 yr old African American females, 33328
electrolyte intake & SES, Black 25–50 yr olds, implications for hypertension, 12642
ethnicity & acculturation & economic status, living arrangements, unmarried female 55 yr olds & older of Japanese vs Chinese vs Filipino vs Korean descent, 33030
ethnicity & SES, low consensus deviant behavior, college students, 37903
family disruption during childhood, socioeconomic inheritance & social mobility, Black vs White male 20–64 yr olds, 33057
family planning policy & education & income, fertility rate, rural couples married before 1969 vs between 1978–80, China, 17361
family SES & supportive home visiting by teachers, success of & parental involvement by nonprofessional tutoring in reading, children, UK, 3397
health care access & psychosocial & socioeconomic factors, help seeking behavior & nonemergency use of hospital emergency room services, patients, 23148
high vs low SES, acquisition of wh-words, Hindi speaking 2–5 yr olds, India, 28935
history & evolution of idealization of leanness as adaptive response & cultural change, upper class males vs females in affluent countries, implications for mating & job competition, 25366
income level & professional status, social & emotional & economic & personality problems, female 19–20 yr olds attending professional vs nonprofessional colleges, India, 29394
interdisciplinary perspective on basic propositions of & institutional prospects & research agenda for socioeconomics, 41002
literacy & instructional patterns, urban low SES kindergartners inexperienced with print, 1.4 yr study, 3364
long term vocational functioning & SES, adults with severe closed head vs spinal cord injuries, Canada, 18395
maternal mental illness & social status & sex of child & birth order & caretaking situation, mother infant interaction, mothers and their 4 mo olds, 8 mo followup, 21724
occupational direction & control & planning & SES & personality, depression & distress, psychiatric patients, application of social causation model, 37698
physical & environmental & socioeconomic criteria, prediction of housing satisfaction, rural families, 29326
prevalence & school achievement & social background & self evaluation of school experiences & upper secondary school education, mildly mentally retarded 6th graders in regular schools, Sweden, 39359
preventive self efficacy & health behavior & SES & health status, cost savings & quality of life changes, elderly Medicare beneficiaries, 40977
receipt of free or reduced price lunches, self esteem, low SES 6th vs 7th vs 8th graders, 5178
relationship between measures of subjective psychological well being & income & other objective economic well being variables, household survey data, 1181
SES & age & sex & working sector, career paths, 23–67 yr olds, Canada, test of model of integrative vocational development, 3629
SES & child cognitive functioning, parenting attitudes & behaviors & problems, parents of mildly or moderately mentally retarded 6–18 yr olds, 14065
SES & clinical characteristics & treatment methods & circumstances of presentation, drug related admissions, psychiatric care facilities patients, Nigeria, 31009
SES & current vs lifetime rate of psychiatric disorders, Blacks vs Whites, 13689
SES & demographic characteristics, beliefs about health effects of cigarette smoking, adults, 13383
SES & demographic characteristics, living arrangements, elderly, developing countries, 9342
SES & district size & expenditures per student & teacher preparation, reading achievement, 4th graders, Alaska, commentary, 11462
SES & extent & nature of & attitudes toward parent involvement in child playgroups, playgroup leaders & parents of under 5 yr olds, UK, 33129
SES & family structure & maternal education & self perception of health, health status, Black vs White 2–11 yr olds, 36976
SES & group consciousness & empowerment, political behavior & interests & alienation, Black 55 yr olds & older, 17244
SES & health, adults, literature review, 41275
SES & health, social participation, retired 66 yr olds, Finland, 16 yr study, conference presentation, 13207
SES & need for psychosocial rehabilitation, ex-probationers, 1981–87, India, 3133
SES & other demographic variables & attitudes toward equal opportunity issues, African Americans, 29185
SES & other sociodemographic factors & health behaviors, body mass index, southern Black 25–50 yr olds, 16685
SES & parenthood status & marital history & personality & social support & stress & mental health, marital disagreements, couples, 3 yr followup, 17320
SES & psychosocial & situational characteristics, safety behaviors to reduce risk of child injury, parents of preschoolers, 30035
SES & reciprocal vs asymmetrical intergenerational aid, perceived quality of relationship with adult children, parents, 17351
SES & sex & cognitive competence, field dependence vs independence cognitive style, 7–8 yr olds, Spain, 37119
SES & social class & perceived social support & economic stress, adult males vs females, Jamaica, 16686
SES & social relationships & psychological well being & health practices, maintenance of good self rated health, male 45 yr olds, Canada, 18 yr study, 21522
SES & timing of diagnosis, social & employment outcome, schizophrenic patients, Denmark, 13 yr followup, test of social drift theory, 5884
SES & TV violence vs family situation comedy, aggressive behavior, 6th–7th grade Black males, 5218
SES, coping strategies, high vs low functioning 21–53 yr olds with manic depression, Philippines, 21753
SES in egalitarian educational system, academic achievement, male vs female 16 yr old middle school students, Norway, 3460
SES, self concept, adolescents, Nigeria, 37172
SES, sexual intercourse & contraceptive behavior & premarital pregnancy, 15–20 yr old Blacks vs non-Blacks, 21239
sex & SES, occupational preferences & perceptions, 15–16 yr olds, France vs Portugal, 17171
smoking behaviors & motivations to quit & SES, African American vs non-Hispanic White 25–64 yr olds, 30726
social causation & childhood experiences & health selection, relationship of SES & health, monozygotic vs dizygotic twins reared together vs apart, 30720
social class & other factors influencing confidentiality for mothers with HIV, health professionals, 30105
social class & socioeconomic circumstances, psychological health & psychiatric morbidity, 23 yr olds assessed since birth, Great Britain, 29565
social support & economic & psychological factors, child health, rural 25–39 yr old mothers with at least 1 5 yr old or younger, Yemen, 45334

socioeconomic & demographic characteristics, child maltreatment, urban African American & Hispanic communities, 1820
socioeconomic & demographic characteristics, child maltreatment, urban African American & Hispanic communities, commentary, 21939
socioeconomic & environmental sanitation & demographic & maternal care factors, diarrhea occurrence, 3 yr olds & younger, Republic of Congo, 34050
socioeconomic & family factors & social influences, development of conduct disorder, 10 yr olds originally assessed at birth & age 5, UK, 9949
socioeconomic & other factors in changing suicide rates, elderly, 1974–87, commentary, letter, 41686
socioeconomic & perceived risk variables, willingness to pay for risk reductions for well vs less defined hazards, adults, 27795
socioeconomic & subcultural factors, 1st premarital intercourse, Mexican American vs Anglo 13–19 yr old females, 1123
socioeconomic characteristics, US vs foreign born Mexican American 14–21 yr olds, 5213
socioeconomic factors in changing suicide rates, elderly, 1974–88, commentary reply, letter, 41692
socioeconomic vs obstetric risk factors, amphetamines vs opiate addicted adult offspring vs siblings of mothers given analgesic & sedative drugs during labor, Sweden, 26003
subculture vs marginality vs perceived discrimination & effects of assimilation on social distance, use of public outdoor recreation areas, Mexican Americans, 47463
upper middle class vs rural vs economically deprived inner city environment, types of stressors & coping strategies & control beliefs, female 10–14 yr olds, Egypt, 29008
validity of Home Observation for Measurement of Environment scale, low vs middle to high income 12–44 yr old mothers & their low birth weight infants, 15882

Socioeconomic Status [See Also Family Socioeconomic Level, Income Level, Lower Class, Lower Income Level, Middle Class, Middle Income Level, Social Class, Upper Class]—Books

Social stratification and socioeconomic inequality: Vol. 1: A comparative biosocial analysis, 32349

Socioeconomic Status [See Also Family Socioeconomic Level, Income Level, Lower Class, Lower Income Level, Middle Class, Middle Income Level, Social Class, Upper Class]—Chapters

Conflict management and social competence, 25289
Deprivation and poor health in childhood: Prospects for prevention, 10468
Economic status and subjective well-being: A review of the literature and an agenda for future research, 5291
Educational and economic outcomes for adolescent mothers, 37186
Ethnic identity and political consciousness in different social orders, 5247
Intergenerational links in earnings, income, and wealth in the United States: Evidence for the contribution of genetic factors, 33062

Socioenvironmental Therapy [See Milieu Therapy]

Sociolinguistics—Serials

content analysis of sociolinguistic interview, use of poetic devices in argumentation, French speaking 38 yr old male laborer, Canada, 822
cultural use & universal interpretation displayed in madre terms of personal address, Colombia, 816
D. Tannen's vs K. Horney's perspectives on normal vs neurotic aspects of conversational styles, males vs females, 32775
mathematical model of intercultural interactions based on sociolinguistic inference & harmony in communication, 29133
reductionist vs sociolinguistic theory of language based on speech style vs social behavior, conference presentation, 16923
role of sex & power & language in community & social interactions, 16930
self objectification & sociolinguistic alienation, elite competitive bodybuilders, 6 yr study, 15712
social order & respect & kinship, address in social interaction, Mijikenda societies, Kenya, 37437
sociolinguistic & communication differences, hard of hearing vs deaf teachers, implications for traditional medical vs sociocultural models, 42127
sociolinguistic variation in admissions & denials of guilt in criminal court trials & police interrogations, defendants or suspects & professional interviewers, Sweden, 32778

Sociolinguistics—Chapters

Language, affect, and social order, 16970

Sociology [See Also Sociobiology]—Serials

communication needs in interdisciplinary research & differences in field research in sociology vs psychiatry, conference presentation, 18467
cultural vs structural perspectives on sociology of money, 5299
ethnomethodology in sociology, conference presentation, 11892
mainstreaming in context of G. Allport's contact theory & other sociological models, hearing impaired & normally hearing students, 23627
social theory as antecedent to social policy & practice concerning Black family experience, 41076
socioecologic & genetic & economic factors in health & health care & impact on medical education, application of input output model, 23387
sociological & economic & political dimensions of environmental crises & response of social work profession, 39075
sociological explanations for failure to pursue sexual harassment claim in case of Supreme Court nominee C. Thomas & former employee A. Hill, 3647
sociological models of structure action contingencies & parallel distributed processing within social networks, 33216
sociological theory of E. Durkheim in analysis of organizations & management, 23784
sociological theory on social science text writing & pursuit of feminist sociology based on females' experiences, 19310
unethical aspects of open methods in social research, 8154
work autonomy & employee relations in organizational behavior model, Norway, application of social & economic theory, 23772

Sociology [See Also Sociobiology]—Books

The shadow of Dionysus: A contribution to the sociology of the orgy, 25440
Voicing concerns: Sociological perspectives on contemporary education reforms, 3278

Sociology [See Also Sociobiology]—Chapters

Doing gender, 21428
On the specificity of racism, 3286
The sociology of conversion, 13257
Special needs: Personal trouble or public issue?, 3283

Sociometric Tests—Serials

academic major & similarity of peer, assessment of liking & respect with Interpersonal Judgment Scale in math problem solving situation, female college students, 39780
reliability & validity of revised version of Social Networks Inventory, assessment of interpersonal relationships, college students & psychiatric inpatients, 35921
sociometric measures of social status & behavioral descriptors, risk for school failure, kindergartners, 43274

Sociometry [See Also Sociometric Tests]—Serials

aggression vs withdrawal vs sociability vs cognitive ability, peer relations, K–6th graders with popular vs rejected vs neglected vs controversial vs average sociometric status, meta analysis, 17175
clique membership & structural equivalence & prominence in sociometric network, gang policy response, urban communities, 23965
conduct problems & sociability vs withdrawal & adaptability vs responsivity to peer expectations, 6–8 vs 8–10 vs 10–12 yr old aggressive &/vs rejected males, 25197
factor structure of shortened version of Pupil Evaluation Inventory, 3rd–5th graders, 26
functional interrelations between & structural location of groups within social systems, patterns of prejudice, South Africa, application & extension of realistic conflict theory, 25469

network position & face to face vs computerized settings, power in negotiation, adult actors, 9552
peer acceptance & friendship quality & satisfaction & loneliness & social dissatisfaction, 3rd–5th graders, 44976
peer interactions & adjustment, rejected or neglected children without friends, implications for teachers, 23577
proportion of positive to aggressive behavior in videotaped interaction, sociometric ratings of trait descriptors for target, female 4th–6th graders, 17174
psychometric properties of sociometric peer nominations & utility for social competence assessment, preschoolers, 37106
ratings of peers' likeableness & academic ability & selection for academic team member vs playmate, kindergartners vs 3rd vs 6th graders, conference presentation, 44953
self concept & sociometric status, rural vs urban 11–14 yr olds with vs without siblings, China, 9277
social skills training program, generalization across school settings & sociometric peer evaluation & self concept, mildly handicapped 3rd–6th graders, 3572
sociometric status & relationship with parents, beliefs about familiar & unfamiliar peers, 4th–5th graders, 29047
sociometric status, attributions for social outcomes & loneliness & social anxiety & avoidance, male vs female 3rd vs 5th graders, 28998
structural similarity or positions, perceived interpersonal similarity, college students, 9545
subtypes & sociometric stability of peer rejection, rejected male 5–7 yr olds, 1045
teacher rated prosocial behavior & peer rated sociometric likability, 3–4 yr olds, 1 yr study, 29000
use of spreadsheet program & matrix manipulation, analysis & interpretation of sociographic data, application to AIDS transmission data, conference presentation, 39959
validity of sociometric status screening vs observation of interaction & interviews, 8–11 yr old disruptive males, 9222
Sociopath [See Antisocial Personality]
Sociopathology [See Antisocial Behavior]
Sociotherapy—Serials
historical origins & social & clinical applications of testimonio, psychological trauma, victims of state terrorism, 26415
Sociotherapy—Chapters
Observation at the ward, 39067
Sodium [See Also Sodium Ions]—Serials
acute hypernatremia, plasma & CSF sodium & water intake, juvenile vs adult rats, 12637
bilateral chorda tympani nerve transection, depletion induced sodium appetite, male Wistar vs Fischer 344 rats, 16583
bretazenil vs Ro 15-4513, preference & aversion to hypertonic vs isotonic saline, male rats, 40536
captopril blockade of angiotensin II, ethanol induced salt appetite & plasma protein, male rats, 32618
chronic sodium azide, acquisition & retention of Morris water maze task & mitochondrial cytochrome oxidase in platelets, male rats, animal model of Alzheimer's disease, 8868
deoxycorticosterone acetate vs adrenalectomy, food & water & sodium chloride solution intake, male rats, 12899
development of sodium & potassium activated adenosine triphosphatase in bipolar illness, 33585
dexamethasone vs RU 28362 &/vs aldosterone, food & water & sodium intake & weight gain, male rats, 698
dexfenfluramine, salt induced BP elevation, male salt sensitive rats, 4909
hedonic responses to glucose vs fructose vs sodium chloride vs pure vs flavored sucrose solutions, sucrose likers vs dislikers, 12138
hypertonic saline, plasma epinephrine & norepinephrine & cortisol & ACTH & arginine vasopressin, 23–45 yr old males, implications for physiology of panic attacks, 32680
lasix induced sodium depletion or lithium chloride toxicosis, saline solution vs water intake, C57BL/6J vs 129/J male mice, 44362
lithium & sodium diet, circadian rhythm of lithium clearance & toxicity, male mice, 16864
moderate vs severe zinc deprivation vs supplementation, sodium chloride taste thresholds & discrimination of sodium chloride vs sucrose, male rats, 12631
neonatal sodium restriction, somatic & sensorimotor behavior development, 44524
neuroleptic medications & psychosis, 25–63 yr old smokers with polydipsia & hyponatremia, 3 yr study, 30028
nondesensitizing zingerone vs capsaicin desensitization, citric acid & sodium chloride effects on sensory irritation & taste, adults, 44625
nonpeptide angiotensin receptor antagonists, angiotensin II stimulated water intake & salt appetite, male rats, 20980
preference threshold & preference maximum concentration for & intake of sodium chloride solution, male Sprague Dawley vs Long Evans rats, 8590
quinine vs sodium chloride vs glucose vs L-amino acids vs fruit juice vs hydrochloric acid, single neuron activity in gustatory cortex, male monkeys, animal model of taste perception, 624
repeated stress with vs without high sodium chloride diet, plasma & regional brain neuropeptide Y & norepinephrine & epinephrine, male rats, 12497
salt appetite, patients with psychosis & intermittent hyponatremia & polydipsia, letter, 37749
salt intake, foot shock stress induced heart rate & BP, spontaneously vs borderline hypertensive vs normotensive Wistar Kyoto male rats, 28621
sex & clinical improvement & severity of depression or anxiety, blood magnesium & sodium & potassium, patients with unipolar vs bipolar depression, 37719
shelter availability & group size, salinity preference, red intermoult vs green male shore crabs, 16482
sodium chloride content of food, meal patterns & food & water & sodium chloride intake, male rats, 12634
sodium chloride vs nonsodium salts vs citric acid vs sucrose stimulation, neuronal response in nucleus of solitary tract, sodium chloride deprived rats, 36574
sodium chloride vs sodium phosphate, sweet taste enhancement of amino acids, adults, Japan, 24290
sodium depletion, salt appetite compensation, 17–24 day old preweanling & weanling rats, 32517
tongue amiloride, saltiness perception, 18–31 yr olds, 8942
Sodium [See Also Sodium Ions]—Chapters
Differential responses to salt intake–stress interactions: Relevance to hypertension, 16720
Sodium Ions—Serials
sodium ions, ionophore induced lithium ion transport across human erythrocyte membranes, 8860
tachykinin induced sodium ion excretion by kidney or water retention, cell dehydration induced water ingestion, male rats, 4899
Sodium Lactate [See Lactic Acid]
Sodium Pentobarbital [See Pentobarbital]
Solvent Abuse [See Inhalant Abuse]
Solvents [See Also Toluene]—Serials
acute repeated perchloroethylene exposure, neurobehavioral & neurophysiological variables, healthy male 19–32 yr olds, 677
combined acetone & ethylacetate at maximum allowable workplace concentrations, RT & short term memory & neurobehavior, adult males, Germany, 761
long term exposure to trichloroethylene solvents, neurological manifestations, 19–68 yr old metal degreasers, Denmark, 41933
memory & attention efficiency, patients with toxic encephalopathy due to organic solvent exposure, 18173
methodological issues in studies of exposure to low level complex solvent mixtures, sensory irritation & neurobehavior, occupants of new buildings, 3744
psychiatric symptomatology & self concept & locus of control & daily events, 25–55 yr olds with organic solvent exposure, 26138
research on acute effects of workplace organic solvent exposure, workers, 3737
styrene &/vs trichloroethylene, brain stem auditory EPs, male rats, 28771
4-tert-butyltoluene, auditory & flash EPs, male rats, implications for measurement of neurotoxicity, 28737

Solvents [See Also Toluene]—Chapters
Organic solvents, 10202
Somalia—Serials
attitudes toward & health effects of female circumcision, 11 yr old & older rural females, Somalia, 41038
culturally sensitive care for complications of female circumcision & genital mutilation, female 19–34 yr olds, Somalia, implications for health care services, 42667
origin of infibulation & relation to division of labor & pastoral way of life, Somalia, 5344
rationale for & gender identity issues in & psychosocial consequences & abolition of infibulation, females, Somalia, 10854
Somatization Disorder [See Psychosomatic Disorders]
Somatosensory Cortex—Serials
ablation of areas 3a &/vs 3b &/vs 1 &/vs 2, serial & parallel processing of tactual information & responsivity & modality properties of neurons in hand representation, female rhesus monkeys, 8664
carrageenin induced inflammation & somatic noxious vs nonnoxious stimuli, hyperalgesic modification in nociceptive pathways vs spontaneous activity of somatosensory neurons, rats, 8729
exteroceptive vs interoceptive stimulation, neuronal activation modulation of cyclical process impulse frequency in somatosensory cortex, male cats, translation, 32408
food reinforcement schedules, sensorimotor cortex neuron activity during operant conditioning, rabbits, translated article, 24780
hand preference vs bimanual traction tasks, alteration of abnormal cerebral glucose utilization, male monkeys with periarticulate cortex lesions, 8628
lateral hypothalamic or sensorimotor cortex acetylcholine & carbocholine & carbathin & adrenaline, hypothalamocortical electrical activity & water intake, cats, implications for thirst, translation, 32578
locus ceruleus lesion 1 vs 2 wks prior vs simultaneous to right sensorimotor cortex injury, cerebellar norepinephrine induced facilitation of motor recovery, rats, 36488
magnetic coil stimulation of sensorimotor cortex, cortically generated somatosensory EPs during suppressed sensory perception, adults, 32498
motor cortex tetanic stimulation, long term potentiation of neurons in somatosensory cortex, adult cats, 32406
neurokinin receptor analogs, dorsal horn neuronal somatosensory responses, cats, erratum, 4791
noradrenergic neurotoxin DSP-4 with or without clonidine vs phenoxybenzamine, motor function recovery from sensorimotor cortex lesions & glutamatergic sprouting & noradrenergic depletion, male rats, 16741
sensorimotor cortex magnetic pulse stimulation, electrical cutaneous stimulation perception & EMG, adults, 24775
unilateral lesions to contralateral homotopic cortex, dendritic arborization of layer V pyramidal neurons in sensorimotor cortex, male rats, 565
unilateral locus ceruleus lesion, sensorimotor cortex injury recovery, male rats, 20508
Somatosensory Evoked Potentials—Serials
age, EEGs & brain macropotentials during skilled motor perceptual task, male 6–14 yr olds & adults, Italy, 32813
amplitude modulation frequency of vibration, amplitude & latency of steady state somatosensory EPs, 18–28 yr olds, 8727
anatomic organization of somatosensory & auditory EPs in parietotemporal cortex, adult rats, 44466
auditory vs pain stimulated EPs & motor RT measured latency in afferent conduction, male 28–42 yr olds, 20682
clinical symptoms & disability & MRI & somatosensory & motor EPs, 18–75 yr olds with syringomyelia, 22378
correlation of late auditory & median nerve somatosensory EPs with neuropsychological test scores, patients with senile dementia of Alzheimer's type vs multi-infarct dementia, 8042
different stimulus conditions, somatosensory EPs & signals processing, college students, 12603
electrical stimulation of median nerve, amplitude of somatosensory EPs & central conduction time & vertical balance of central processing, left vs right handed 17–37 yr olds, 16566
environmental enrichment, flash & somatosensory EPs & grip performance & motor activity, male rats, implications for neurotoxicity screening methods, 28596
gating phenomenon of mental movement simulation, role of supplementary motor area in generation of N30 frontal component of somatosensory EPs, adults, 8708
hydrogen sulphide &/vs carbon dioxide &/vs carvone, chemosensory EPs, 18–37 yr olds, 12608
iv S-adenosyimethionine vs GM1 ganglioside vs oxiracetam vs L-acetylcarnitine vs naloxone, somatosensory EPs, ischemic stroke patients, 34211
left vs right hand use, modulation of somatosensory EPs during isometric contraction, right handed 26–42 yr olds, 24762
magnetic coil stimulation of sensorimotor cortex, cortically generated somatosensory EPs during suppressed sensory perception, adults, 32498
maturational development of median long latency somatosensory EPs, 6–13 yr olds with vs without congenital hypothyroidism vs adults, 38116
median & posterior tibial nerve stimulation, scalp topography of somatosensory EPs, 7–43 yr olds with Down's syndrome vs healthy 65–88 yr olds, 45841
multichannel EEG frequency analysis & somatosensory EPs, 42–86 yr old patients with Alzheimer's disease vs multi-infarct dementia vs frontotemporal degeneration, 42094
painful vs nonpainful electrical stimulation of sural nerve, somatosensory EPs & scalp distribution & reference sites, healthy 18–27 yr olds, 20666
perception of hunger or satiety or tiredness, EPs, 21–29 yr old males, application of H. Helson's frame of reference theory, 24752
peroneal nerve stimulation & activity, tibial nerve somatosensory EP, male 28–40 yr olds, 20687
repetitive tactile stimulation of receptive fields, somatosensory EPs & neuronal response modification, monkeys, 20668
sexual arousal, somatosensory EPs induced by electrical stimulation of dorsal penile & posterior tibial nerves, 27–47 yr old males, 4650
somatosensory EPs from right vs left posterior tibial nerves & nonverbal intelligence, 19–21 yr olds, test of speed hypothesis of information processing, 628
somatosensory EPs recorded from cortical surface vs scalp, normal 18–36 yr olds vs 4–78 yr old neurological patients, 10328
stimulus repetition, change in somatosensory EPs & adaptation, humans, research review, 44490
stimulus train & voluntary movement ability, movement related brain potentials, male 22–58 yr olds, 36597
transcranial magnetic stimulation during muscle relaxation vs contraction, motor EPs from hand vs foot muscles, 16–35 vs 51–86 yr olds, 12616
warning stimulus, somatosensory EPs before RT task, 20–31 yr olds, implications for input modulation during motor perception, 40432
Somatostatin—Serials
acute or chronic diisopropylfluorophosphate &/vs atropine, somatostatin binding in frontoparietal cortex vs hippocampus, rats, 36704
antidepressant & antimanic drugs, somatostatin in brain regions, male rats, 8921
apomorphine, growth hormone, 18–49 yr olds with panic disorder vs minor vs major depression, Belgium, 29564
baclofen or somatostatin, electrical properties of neurons in ventromedial hypothalamic nucleus, male rats, 12615
cold water swim stress with vs without naloxone vs naltrindole vs beta funaltrexamine, intrathecal somatostatin vs substance P induced nociceptive responses, male mice, 32643
CSF corticotropin & TRH & somatostatin, hospitalized 18–90 yr olds with schizophrenia vs dementia vs mood vs anxiety disorders, US & Hungary, 25631

CSF corticotropin releasing hormone & TRH & somatostatin, 54–90 yr old female inpatients with senile dementia of Alzheimer's type vs multi-infarct vs simple dementia, 18345
CSF somatostatin, 18–65 yr olds with obsessive compulsive disorder, 25849
cysteamine induced somatostatin depletion &/vs scopolamine, working & reference memory, male rats, 44698
growth hormone response to pyridostigmine, 22–65 yr olds with obsessive compulsive disorder, Ireland, implications for cholinergic supersensitivity, 45566
haloperidol, somatostatin-like immunoreactivity in CSF, chronic schizophrenic 23–42 yr olds, 2645
icv octreotide vs cysteamine, nicotine induced prostration & immobility syndrome & convulsions, male rats, 21044
immobilization stress, role of somatostatin release from median eminence in plasma growth hormone level, male rats, 24815
midazolam vs thiopental vs somatostatin, chronic ethanol vs ethanol withdrawal induced striatal dopamine & DOPAC & HVA & turnover ratio, male rats, 16778
multiple somatostatin & its analogs, locomotor activity & receptor binding in nucleus accumbens, male rats, 44708
neuroleptic treatment, CSF somatostatin, 24–64 yr old schizophrenic vs other psychiatric patients, Finland, 34548
postnatal sc somatostatin vs CPP-1, neurobehavioral & physical development & separation distress & learning ability, rat pups, 785
prenatal methylazoxymethanol acetate induced microcephaly, cerebral cortical somatostatinergic cytological expression, 3 mo old male rats, 16836
prenatal vs postnatal cocaine, somatostatin binding in olfactory bulb, rat pups, 8966
schizophrenic subtypes, CSF corticotropin releasing hormone & somatostatin & TRH, schizophrenic patients, 9836
somatostatin analog octreotide, pain intensity & relief, acromegalic patients with severe headache & other pain patients, 46691
somatostatin neurochemistry in Alzheimer's disease & major depression & senile dementia of Alzheimer's type & Huntington's & Parkinson's disease & multiple sclerosis & schizophrenia, 13606
substance P & somatostatin, nociceptive responses, diabetic vs nondiabetic male mice, 24909
5-HT & parachlorophenylalanine & 5,7-dihydroxytryptamine, regional brain somatostatin-like & neuropeptide Y-like immunoreactivity, male rats, animal model of affective disorders, 20889

Somatotropin—Serials

apomorphine, blood serum growth hormone & vasopressin & oxytocin neurophysin, male schizophrenic inpatients, Belgium, 29689
behavioral & social & emotional adjustment, 3–16 yr olds with isolated growth hormone deficiency & their parents, 34002
chronic immobilization stress, growth hormone & TSH secretion & response to hypothalamic regulation, male rats, 44501
clonidine & desmethylimipramine, blunted growth hormone responses in mania, commentary, letter, 10668
clonidine, blunted growth hormone responses in mania, commentary reply, letter, 10671
clonidine challenge, growth hormone & BP & pulse & sedative responses, patients with endogenous vs nonendogenous depression, England, 45451
clonidine challenge, growth hormone & MHPG & BP & heart rate & anxiety & sedation responses, patients with panic disorder, 13819
clonidine challenge, growth hormone responses, males with panic disorder never treated with antidepressants, Belgium, 25871
cocaine abstinence, plasma growth hormone & HVA & prolactin & MHPG responses to L-dopa, cocaine dependent 19–47 yr olds, 10030
delta sleep inducing peptide &/vs arginine chlorhydrate, circadian rhythm of serum levels & secretion of growth hormone & prolactin, healthy female 17–26 yr olds, 28709
desipramine discontinuation, growth hormone response to clonidine, male 28–37 yr olds, 4920
desipramine induced growth hormone response & DST, 21–65 yr olds with obsessive compulsive disorder, Ireland, 25863
dopamine D2 partial agonist SDZ HDC-912 vs quinolinone derivative OPC-4392 vs Amisulpride, apomorphine induced prolactin vs growth hormone secretion, schizophrenic patients, 38546
dosage of guanfacine vs sodium chloride vs clonidine, growth hormone secretion & systolic & diastolic BP & heart rate & sedation, healthy male 27–56 yr olds, Sweden, 28665
fearful behavior & body size & weight & stature & serum somatomedin insulin-like growth factor I levels, male vs female purebred nervous vs normal pointer dogs, animal model of anxiety, 16515
growth hormone deficit, autistic 12.9 yr old male, letter, 41800
growth hormone releasing factor & clonidine, blunted growth hormone response, 20–44 yr olds with panic disorder, replication, 21889
growth hormone response to apomorphine test, assessment of dopamine receptor sensitivity, hospitalized patients with major depression with vs without history of suicide attempts, 9953
growth hormone response to clonidine & levodopa challenge, sexually vs physically abused male 6.4–18.7 yr olds, commentary, letter, 1851
growth hormone response to clonidine & levodopa challenge, sexually vs physically abused male 6.4–18.7 yr olds, commentary reply, letter, 1828
growth hormone response to TRH challenge, families with 2 chronic schizophrenic 22–40 yr olds & 1 1st degree healthy relative, 9881
growth hormone secretion status, 7–69 yr olds with myotonic dystrophy, 38097
growth hormone therapy, neuropsychiatric & physiological changes, elderly with hyposomatotropinemia & other patients, implications for psychoendocrinology of aging brain, 22915
human transforming growth factor overexpression, spleen natural killer cell activity & plasma steroids & stress induced behavior, male transogenic mice, implications in carcinogenesis, 12466
immobilization stress, role of somatostatin release from median eminence in plasma growth hormone level, male rats, 24815
iv glucose tolerance test, blood serum growth hormone & TSH & plasma cortisol & insulin, normal weight females with bulimia, 29981
levodopa & clonidine & growth hormone releasing hormone, growth hormone secretion, growth retarded 1–6.5 yr olds with Down's syndrome, 46505
MDMA, serum cortisol & prolactin & growth hormone & BP & heart rate, healthy male 29–50 yr olds, 44627
noradrenaline function & growth hormone response to clonidine & MMPI scores, 23–60 yr olds with major depression, Belgium, 5821
sleep & growth hormone & cortisol, adolescents with major depressive disorder, 1661
total sleep deprivation, human growth hormone levels, males with major depression, 17736

Somatotropin—Chapters

Growth hormone response to clonidine and cortisol secretion pattern predict changes in peripheral blood lymphocyte subsets in major depressive patients, 21782

Somatotypes—Serials

aerobic exercise program, heart rate & aerobic capacity & body fat percentage & weight & somatotype, 18–32 yr olds with Prader-Willi syndrome, 6 mo study, 38781
attributions of personality traits & sex role behaviors to female vs male body builders, male vs female college students, 17514
full domain of traits associated with endomorph & ectomorph & mesomorph in free response & semantic differential formats, White college students, 41247

sociocultural norms for body size & shape in personal advertisements seeking companionship, male vs female advertisers, 45226
socioecological variables & cultural hypotheses, attitudes toward female body shape, reanalysis of cross cultural data, 1243
stereotypes about female body types & personality & occupations, 18–27 yr old female college students, 9470
Somesthetic Perception [See Also Cutaneous Sense, Kinesthetic Perception, Pain Perception, Pain Thresholds, Tactual Perception, Temperature Perception, Texture Perception, Vibrotactile Thresholds, Weight Perception]—Serials
behavioral analysis & treatment based on interoceptive classical conditioning, 52 yr old male with gagging & vomiting response to bladder &/or similar visceral sensation, 1 yr followup, 22858
clinical considerations & etiologic hypotheses & treatment of visual & somatosensory & olfactory & gustatory hallucinations, 5742
cow's vs soy placebo milk, milk mucus sensation & belief in milk mucus effect, adults, 40475
disturbance in 2 point discrimination on upper extremities, 7–14 yr olds with cerebral palsy, 38265
dorsal column lesions, proprioception of fingers, monkeys, 28508
electrical stimuli, electroreception & sensory modalities correspondent to medullary & midbrain electrosensory centers & behavioral responses, ratfish, 44473
environmental & biobehavioral state variables, orienting responses, profoundly mentally disabled 8–20 yr olds, 14082
epidural anesthetic morphine, aversive stimulus induced sensory & pain detection & pain tolerance thresholds, healthy adults, Denmark, 28676
facial tactual stimulation, localized perceptual responsiveness, 17–45 yr old upper limb amputees, implications for cortical map reorganization, 38130
fear & panic & cognitions & bodily sensations during Behavioral Approach Test, claustrophobic patients, 21888
filling in gaps in visual vs somatosensory perception, patients with scotomas of cortical origin vs phantom limbs, 38129
horizontal head & trunk rotation in dark environment, self motion perception, 18–30 yr olds with vestibular function loss, conference presentation, 30259
ibotenate hippocampal lesions, discrimination of interoceptive vs exteroceptive sensory cues of hunger & satiation, male rats, 40356
individual differences in heart beat tone simultaneity detection & temporal location perception, college students, 12140
individual differences in motion sickness susceptibility during head movements in parabolic flight & peripheral vestibular mechanisms & velocity storage & dumping, 18–35 yr olds, 10226
interoception, panic disorder patients, research review, etiology implications, 37787
interoceptive acuity for cardiac sensations at rest vs posthyperventilation, college students with panic attacks, 25851
life stress & anxiety & body consciousness, hypervigilant decision making in analogies task, college students, 21526
methacholine or salbutamol, ability to assess bronchoconstriction severity, 6–14 yr olds with chronic asthma, Italy, 42585
neural network controllers based on feedback error learning & modular architecture, recognition of manipulated objects by somatic &/or visual information, 47572
prolonged olfactory or visceral symptoms & simple partial seizures, epileptic 23–55 yr old males, 10385
psychological distress & perceived functional disability & symptom magnification, torque variability, patients with chronic low back pain, 18232
respiratory symptom history & dairy intake, belief in & sensations associated with milk mucus effect, adults, Australia, 40458
sensory retraining, hemiplegic 44–81 yr olds with sensory deficit in hand following stroke, Israel, 34999
skin stimulus sensation followed by stimulus to somatosensory cerebral cortex, delay of conscious sensory experience, patients with dyskinesias, 34199
somatosensation, body size perception through video distortion technique & image marking procedure & kinesthetic size estimation, normal weight 20–30 yr old females, Germany, 43947
somesthetic perception sensitivity on heart beat & signal detection & respiratory resistance tasks, male vs female college students, implications for laterality, 36671
somesthetic task performance, patients with damage to ventrolateral vs dorsomedial somatosensory association cortices, 38221
surgery, psychophysical thresholds for heat & mechanical pain & tolerance & roughness discrimination, male 13 yr old with tumor compression posterior insula & parietal operaculum, 6925
thalamic ventroposterior medial nucleus neuronal response to noxious heat & innocuous cool air puff stimuli to face, male monkeys, 36490
tic symptoms, premonitory sensory urges, 8–71 yr olds with Tourette's syndrome, 18216
time of day, force discrimination task, male college students, erratum, 40472
time of day, force discrimination task, male college students, 20702
trait anxiety & coping style, individual differences in correlations between perception of bodily sensations & physiological parameters, females, 4726
vestibular & leg proprioception, self motion perception in space, 27–47 yr olds, 32049
visual roll stimulus, postural adjustment vs self motion perception latencies, 18–45 yr old Air Force personnel, 28627
Somesthetic Perception [See Also Cutaneous Sense, Kinesthetic Perception, Pain Perception, Pain Thresholds, Tactual Perception, Temperature Perception, Texture Perception, Vibrotactile Thresholds, Weight Perception]—Chapters
Heartbeat perception, coping, and emotion, 32055
Perception of physiological changes in normal and pathological anxiety, 29743
Somatic versus vestibular gravity reception in man, 16152
Strategies in blood pressure estimation: The role of vigilance, cognitive avoidance, and gender, 32056
Somesthetic Stimulation [See Also Tactual Stimulation]—Serials
acoustic &/vs somatosensory stimulation, single unit activity in lateral nucleus of amygdala, male rats, implications for role of amygdala in stimulus convergence during fear conditioning, 44442
carrageenin induced inflammation & somatic noxious vs nonnoxious stimuli, hyperalgesic modification in nociceptive pathways vs spontaneous activity of somatosensory neurons, rats, 8729
excitatory vs inhibitory phase related external suction baroreceptor carotid stimulation, heart rate vs psychological differentiation, 19–35 yr olds, Germany, 20695
genetic determination, individual differences in need for sensory stimulation & emotional reactivity, male rats, 36468
guidelines for cutaneous stimulation modalities & positioning & movement in pain relief, terminally ill patients & their caregivers, 23087
horizontal & vertical rotation in dark environment & vestibular ocular reflex direction adaptation, male 19–35 yr olds, comparison with data on cats, 28465
late stage prenatal opioid agonists, response to cutaneous perioral stimulation & locomotor activity, fetal rats, implications for mu & kappa receptor involvement in fetal behavior, 44727
linear vestibular stimulation, body rocking behavior, institutionalized profoundly mentally retarded adults, 9 wk followup, 14750
medial thalamic neuronal response to somatosensory stimulation, neurogenic pain patients undergoing medial thalamotomy, Switzerland, 41955
neuroanatomy & head touch & tap vibratory stimulation, plasticity of reversal behavior & nonassociative learning, hermaphrodite vs male Caenorhabditis elegans, 20560
pseudorandom rotation, optokinetic & horizontal vestibular ocular reflex, 7–81 yr olds, 28873
rotational vs caloric stimulation & adaptation, vestibular ocular reflex changes, 7–81 yr olds, 28876

skin stimulus sensation followed by stimulus to somatosensory cerebral cortex, delay of conscious sensory experience, patients with dyskinesias, 34199
somatosensory pressure, tonic immobility & grasping reaction, bilaterally labyrinthectomized male rats, 44428
somatosensory stimulation, response of neurons in pedunculopontine tegmental nucleus & intralaminar thalamus, rats, 32393
stimulus onset asynchrony of closely spaced percutaneous stimulus pairs, amplitude & latency & disynaptic pathway mediation of early component of blink reflex, 18–46 yr olds, 44511
tail electrical stimulation, visual flash EPs in ventral lateral geniculate nucleus neuronal units, male rats, 12500
topical application of capsaicin to sciatic nerve, spinothalamic neuronal response to noxious or mechanical or innocuous stimulation, macaques, 44598
vestibular &/vs visual vestibular vs optokinetic stimulation, nystagmal reflex, neck muscle lesioned pigmented rats, 28625
vestibular stimulation, motor deficit & hemiplegia & somatoparaphrenic delusions, 69 yr old female with unilateral neglect due to right parieto-temporo-occipital infarct, 2310
vibrotactile stimulation &/vs erotic video, erectile & other sexual & affective & cognitive responses, 21–61 yr old males, 4683
visual & somatosensory information alteration, postural sway amplitude, 7–81 yr olds, implications for sensory integration, 28875
whole body vibration stimulation, aversive response in passive avoidance paradigm, domestic fowl, implications for welfare in transportation, 44220
Somnambulism [See Sleepwalking]
Sonar—Serials
muscimol induced inactivation of Doppler shifted constant frequency area of auditory cortex, sonar frequency discrimination, Jamaican mustached bats, 20577
Sons—Serials
androgynous mother son relationships & bondings in African American & African West Indian novels of youth, 12936
attachment theory perspective on adult relationship with father, 29–45 yr old sons, erratum, 9437
attitudes toward homosexuality & family ethos of affection/obligation & stress, parental caregivers of gay sons with AIDS, 34111
attributions & aggressiveness of interactions, mothers & their 7–9 yr old sons from married vs divorced families, 17354
behavioral problems & other reactions to father absence due to father's incarceration vs other causes, sons, literature review, 9241
clinical vs empirical studies of mother son sexual abuse prevalence, literature review, 33773
cortisol level, antisocial personality & childhood conduct disorder symptom counts in parents & children, 10–12 yr old sons of fathers with vs without psychoactive substance abuse, 37613
diazepam, euphoric responses & role of GABA benzodiazepine receptor complex in risk for alcoholism, adult sons of alcoholic fathers, 25973
female sibling & parents' age & education & relationship with mother vs father, psychological distress, 25–40 yr old males, 17340
frequency & quality of interaction, similarity in masculine vs feminine sex role orientation, fathers & their 12 yr old sons, Finland, 21247
marital conflict, parent son interaction, 3.4–6.8 yr old males & their parents, 5400
parental conflict & child delinquency, male 13–17 yr olds & their mothers from clinical vs nonclinical families, 1972
paternal alcohol consumption, biopsychosocial correlates & home environment & drinking behavior, male high school students, Australia, 13105
risk factors for behavior problems, 3 yr old sons of alcoholics, 25979
self reported sensitivity to alcohol, sons of alcoholics, meta analysis, 13968
sociodemographic & sociocultural factors & sex of children, contraceptive use, 18–49 yr old mothers, Canada, 33126
temperament & problematic behavior & psychiatric status & task concentration & effort & constraint demands, gross motor activity, 10–12 yr old sons of substance abusing fathers, 29871
3 generational retreat, father son relations, adult males in therapy & their fathers &/or sons, 26588
Sons—Chapters
Paternal absence: Psychotherapeutic considerations in boys, 6555
Sorority Membership—Serials
attitudes toward alcohol & exposure to fraternity or sorority, problem drinking, 1st yr college students, implications for screening, 10049
Sorting (Cognition) [See Classification (Cognitive Process)]
Sound [See Auditory Stimulation]
Sound Localization [See Auditory Localization]
Sound Pressure Level [See Loudness]
Sourness [See Taste Perception]
South Africa—Serials
attitudes toward & preferences for own vs other ethnic groups, Zulu adults, South Africa, 21349
behavior modeling training, self reported supportive vs abusive behavior toward Black subordinates, White supervisors, South Africa, 39472
clinical & demographic characteristics & treatment, Black & Indian 1–18 yr olds referred to psychiatric outpatient clinic, South Africa, 21639
content & group dynamics & theoretical underpinnings & impact of Stereotype Reduction Workshop, South Africa, 7689
content analysis of diary passages, 12–14 yr olds, South Africa, 28915
countertransference in trauma work, therapists working with victims of political violence, South Africa, 26456
cultural & temporal tenacity of & construction of measurement instrument for sex role identity & stereotypes, college students, South Africa, comparison with 25 cultures, 17387
demographics & metric equivalence of UCLA Loneliness Scale, college students, South Africa, comparison with data from US & Puerto Rico & Iran, 31852
drug & alcohol abuse & EAPs & other treatment, South Africa, 22019
EAP, PTSD, employees involved in critical mining incidents, South Africa, 23708
education, authoritarianism, English vs Afrikaans speaking White adults, South Africa, 29416
English vs Afrikaans as dominant language spoken by employees & racial composition of organization, ethnic attitudes, Afrikaner vs Colored vs Black vs Asian workers, South Africa, 19720
epidemiological & economic & social & political factors, hypertension, South Africa, implications for health care psychology, 26260
failure of affirmative action programs on model of development, Black & female managers, South Africa, 43425
family disorganization & pregnancy, Black adolescents, South Africa, 5161
functional interrelations between & structural location of groups within social systems, patterns of prejudice, South Africa, application & extension of realistic conflict theory, 25469
history of intergroup relations & social identity theory & other research themes in social psychology, South Africa, 13440
illness & health beliefs, Black 16–63 yr old primary care patients, South Africa, 46610
involuntary migration, perception of control, Black 10–13 yr olds living in resettlement site, South Africa, 1098
issues in acceptance of crowd & social psychological factors & expert testimony in murder trials, South Africa, commentary, 39683
issues in acceptance of crowd & social psychological factors & expert testimony in murder trials, South Africa, commentary, 39667
Jungian evolutionist perspective & racism in research & cross cultural application of analytical psychology, psychiatrist M. V. Buhrman, South Africa, 25618

leisure & spare time habits & activities & characteristics & overall life satisfaction, Black 16–25 yr olds, South Africa, conference presentation, 3766
limits of classical realist account of social science life & sources of meaning in F. W. de Klerk's opening of parliament speech, 1990, South Africa, 17369
locus of control & extraversion & neuroticism & psychoticism & academic self concept, academic attainment, secondary school students, South Africa, 35364
negotiation process & political violence during transition from apartheid to democratic majority rule, South Africa, 33145
parasuicides, Blacks adults, South Africa, 45658
parents' aspirations & academic achievement, Black Xhosa 13–17 yr olds from monogamous vs polygynous families, South Africa, 9229
perceived legitimacy & stability of intergroup hierarchy, prejudice & outgroup discrimination & hostility, Black vs White college students, South Africa, 5341
personality variables, perception of political events, White students from liberal English-medium vs conservative Afrikaans-medium university, South Africa, 33341
pregnancy & birth & customs, South Africa, 41029
Protestant work ethic attitudes, Black high school vs college students, South Africa, 11524
race & racism in psychology, South Africa, 5343
racism & perceived medical marginality & sociopolitical factors, psychiatric health care delivery, psychiatric hospital staff, South Africa, 23164
rational actor vs social consciousness managerial belief systems & racial attitudes, managers, South Africa, 27654
sex & cultural differences, neuroticism, adolescents & adults, South Africa, 5197
sex & culture, self perception of social desirability, college students, South Africa vs Canada, 45257
sex, psychoticism & extraversion vs introversion & neuroticism, 15 yr olds, Bophuthatswana, 9272
sex, test anxiety, college students, South Africa, 39306
social support from Black colleagues vs White superiors, work stress & personal strain, Black clerks, South Africa, 11664
special education services, Black students with disabilities, South Africa, 39353
validity of Senior South African Individual Scales-Revised, intelligence measurement, Black vs White vs Indian 7–16 yr olds, South Africa, 24065
validity of Test for Visual Analysis Skills, White 6–8 yr olds with visual perceptual problems, South Africa, 15979
South Africa—Chapters
Torture and the helping professions in South Africa, 25949
Violence as a weapon of the dispossessed, 37915
South America [See Also Argentina, Brazil, Chile, Colombia, Ecuador, Peru, Venezuela]—Chapters
Cocaine problems in the coca-growing countries of South America, 37973
South Korea—Serials
cultural & other psychosocial factors, burden, caregivers to impaired elderly, South Korea, 30869
RT & intelligence & sex, 9 yr olds, South Korea, 9156
techniques & strategies in formal & informal community & industrial mediation, mediators, South Korea, 39691
South Korea—Chapters
Korean gifted and non-gifted children's attitudes towards family, teacher, friend and self as assessed by sentence completion tests, 39325
South Pacific [See Also American Samoa, Western Samoa] —Serials
psychological development, adolescents, Samoa, analysis of M. Mead & D. Freeman controversy, 13104
South Vietnam [See Vietnam]
Southeast Asia [See Cambodia, Indonesia, Malaysia, Philippines, Singapore, Thailand, Vietnam]
Spaceflight—Serials
artificial gravity in manned space flights, adaptation & orientation & movement control, 40498
chronic immobilization induced simulated weightlessness, vitamin A status, male rats, animal model of space flight stress, 12711
crew member communication in space, astronauts & cosmonauts, 3853
cultural miscommunication & interpersonal friction in multinational space shuttle missions, astronauts, 1981–90, 33238
expert vs lay mental models of perceived failure & process & exposure risks of using nuclear energy sources in space, lay activists, implications for risk communications design, 11787
exposure to microgravity & space travel, perceptual illusions & other neurologic changes, astronauts, 12640
history of Skinner's contributions to animal research in space, 1960s to 1970s, 12344
history of Skinner's contributions to animal research in space, 1960s to 1970s, reprint, 44219
nonspecific & visuospatial cognitive processing during 6 day space mission, male cosmonaut, 39549
spaceflight on Soviet Biosatellite COSMOS 2044, muscarinic cholinergic & GABA receptor density in striatum & motor & sensory & olfactory cortices & cingulate gyrus, rats, 20538
Spain—Serials
alcohol consumption patterns, 14–70 yr olds, Spain, 37396
attitudes toward acceptability of aggression in different situations, college students, Spain vs Finland vs Poland, 37470
conceptually plural antecedents & plural verbs & pronouns, naturalness & comprehension of conceptual anaphors & reading time, college students, Spain, 9036
drug consumption & usage patterns, 14–70 yr olds, Spain, 6045
history of psychiatry, Spain, 18461
K. Lewin's work in specialized journal publications & impact on psychology, 1920–89, Spain, 11909
number & diagnostic category of deaths attributed to alcohol consumption, adult males vs females, 1986, Spain, 45768
prevalence of psychiatric disorders, urban 65 yr olds & older, Spain, 9780
relatives' expressed emotion, relapse, schizophrenic 17–45 yr olds, Spain, 2 yr study, 13792
Rorschach indices of perceptual accuracy & self concept & reactivity, 3rd–5th graders with vs without learning disabilities, Spain, comparison with US data, 2029
sublingual sufentanil, male with severe episodic pain, letter, 42603
theoretical background & history & organizational structure & ritual transcendence of place in carnivalesque rite of "Las Fallas", Spain, 1247
utility of Tolerance Questionnaire, discrimination of major vs minor cigarette consumption, smokers, Spain, 24187
Spanish Americans [See Hispanics]
Spasms—Serials
nonconvulsive paroxysms, patients with epilepsy vs migraine, 2319
surgery, development of early nonverbal social communication skills, 4–25 mo olds with intractable infantile spasms, 2780
Spatial Ability—Serials
ability to give correct route directions from map, 6 vs 8 vs 10 vs 12 yr olds vs adults, 898
age & sex, comprehension of person-map-space relations, 5–12 yr olds, 44885
age, Morris water maze assessed spatial abilities, albino Sprague-Dawley vs pigmented Long-Evans rats, 24548
amphetamine, recovery of spatial mapping function after cerebral ischemic injury, female gerbils, 4766
binding activity of excitatory amino acid receptors vs spatial recognition ability, male rats with methylazoxymethanol induced forebrain microencephaly, 4628
confirmatory factor analysis of motor & psychomotor & visual spatial tests, right handed 9–12 yr olds, Canada, implications for neuropsychological assessment, 4111
directional hypokinesia in spatial hemineglect & other neuropsychological features, female 49 yr old with ischemic lesion of right frontal lobe & basal ganglia, case report, 10336
diurnal oscillations in hemispheric performance on verbal & spatial tasks, female right handed 18–25 yr olds, Spain, 32511

familiarity with computers & spatial reasoning proficiency, speech &/vs gestures in manipulation of graphic on computer screen, adults, 27788
hand preference, spatial ability & skill differences between hands, 14–15 & 17–50 yr olds, 21133
handedness & spatial processing strategy preference, image generation skills, college math & science vs art students & 7th–9th graders, 37019
hippocampal vs amygdaloid lesions, spatial learning in radial 8 arm maze, male C57BL/6 vs DBA/2 mice assessed 1 vs 4 wks postsurgery, 12482
individual differences in hypnotic susceptibility & visuospatial skills, afterimage persistence, adults, 20193
lead vs polychlorinated biphenyls vs brain lesions, discrimination reversal learning & delayed spatial alternation, monkeys, analysis of lesion model of toxicant effects, erratum, 4850
learning & development, spatial knowledge & representation ability, children & adolescents with congenital vs adventitious blindness, Spain, 30263
left vs right vs bilateral lesions of posterior parietal vs medial agranular cortex, egocentric vs allocentric spatial processing & hemispheric asymmetries, male rats, 12522
linguistic inefficiency & executive dysfunction & spatial disabilities during childhood, learning disabilities & attention deficit hyperactivity disorder in adulthood, 29939
memory for & ability to reproduce visuospatial patterns, patients with Alzheimer's disease, US & Italy, 46056
perceived reachable distance by dynamic touch with irregular objects, college students, 43949
performance on verbal vs visuospatial cognitive tasks, patients with Parkinson's disease with left vs right motor predominance, 18382
practice & feedback, performance in judgments of relative velocity of moving objects & relative distances from target destinations, male vs female college students, 28196
reduced platform interval lighting & pseudorandom platform position, place navigation in water maze, male rats, 436
reliability of nontemporal measures of computerized block design task performance, college students, 11941
sense of direction, visual spatial ability & mental geographic updating, college students, 44000
sex, spatial ability & landmark memory & strategies for route learning, college students, Canada, 16338
sociocultural information in problem solving & development of spatial thinking in everyday activity, 32872
spatial & verbal ability, impairment in analysis of global vs local features of complex visual stimuli, elderly with Alzheimer's disease, 6350
spatial ability & cognition, neighborhood knowledge & use, elderly, 1170
spatial ability, atypical language & visuospatial dominance & handedness & immune vulnerability, male vs female adults, 8 yr study, 36163
spatial ability in prediction of educational & occupational group membership, high school graduates, 11 yr study, application to test validation designs, 31465
spatial attention, male adults with HIV infection, 10295
spatial learning & open field & nocturnal & other behaviors, lupus prone MRL-lpr vs MRL=+/+ mice, animal model of neurobehavioral dysfunction, 8788
spatial skills in 2 & 3 dimensional mental rotation, male vs female college students, replication, 307
target cancellation & horizontal line bisection visuospatial performance, 42–70 yr olds with unilateral right hemisphere damage, England, 22365
testosterone vs estradiol vs ACTH levels, spatial vs verbal vs musical performance, late adolescents, Germany, 12692
verbal & spatial ability & diagrams &/or summaries during computer aided reading, free recall & comprehension, 13 yr olds, Australia, 35309
verbal vs spatial skill impairment, directed attention to & processing of global vs local forms, elderly with Alzheimer's disease, 34204
visualization vs modeling vs endpoint training, topographic map interpretation, college students, 28241
visuospatial ability, tracing & other visuomotor responding, elderly with Parkinson's disease, 38282

Spatial Ability—Chapters
Horizontality of water level: A neo-Piagetian developmental review, 40876
Reasoning and spatial abilities, 5153
Sex differences in spatial abilities: Evolutionary theory and data, 12184
Sex differences in visuospatial skills: Implications for hominid evolution, 32361
Visuospatial ability and language processing in reading disabled and normal children, 41842

Spatial Discrimination [See Spatial Perception]

Spatial Distortion—Serials
distortion of spatial & temporal resolution of video stimuli, emotion recognition from facial expression, college students, 259
inversion of normal vs Thatcher faces vs nonface stimuli, recognition, college students, 24323
line orientation, line bisection, right brain damaged 47–69 yr olds with left visuospatial neglect, test of Newtonian model of length perception distortion, 34152
oblique lines between vs outside shafts in Ponzo-like patterns, visual distortion & spatial attention, college students, Canada, 4264

Spatial Frequency—Serials
check size & single trial response variability, visual pattern reversal EP amplitudes, male vs female 61–75 yr olds, 8726
conjunctions of spatial frequency & orientation as function of stimulus parameters & response requirements, EPs, male graduate students, 32489
contrast & spatial & temporal frequency & angular velocity of sinusoidal drifting gratings, perception of curvilinear vection, 22–28 yr olds, 43999
eccentricity & spatial aliasing by extrafoveal retina, discrimination of low pass filtered vs unfiltered edges, adults, 16169
edge sharpness of blurred disks & spatial frequency of concentric cosine gratings, matching of center brightness maxima vs minima vs apparent contrast, adult male, 28185
equal vs unequal interocular contrast & binocular spatial frequency pattern encoding, binocular unmasking, Os, application of phase vector vs summation models, 24319
frequency specific spatial adaptation & contrast sensitivity to lower case text on video display terminal, adults, 4672
fundamental vs harmonic spatial frequency range of visual stimuli presentation to left vs right visual field, hemispheric asymmetry, male right handed adults, 16557
individual differences in contrast sensitivity & spatial mechanism development, 4 mo olds, comparison with data from 1–3 mo olds, 32890
local gain control & focal accommodation of spatial frequency, application of Self Similar Stack vision model, 36079
luminance & contrast & spatial frequency, age related changes in visual EPs, 19–84 yr olds, 32503
physostigmine, amplitude vs phase spatial frequency of visual EPs, cats, 40519
pupil size & grating orientation, wavefront aberration & ocular modulation & phase transfer function, adults, 4688
reversal rate, discrimination of phase shifting grating patterns, 1 mo olds, 13045
spatial & temporal frequency of grating stimuli, orientation bandwidth of visual system & pattern detection following adaptation & threshold discrimination, 19–27 yr olds, 8222
spatial & temporal frequency of moving stimuli, retinal starburst amacrine cell release of acetylcholine, rabbits, 36545
spatial bandwidth & scale & contrast & separation & visibility of Gabor bars, 3 line spatial interval discrimination, adults, test of E. H. Weber's law for position, 16181
spatial bandwidth & temporal presentation, contrast sensitivity to patch stimuli, adults, 36089
spatial contrast sensitivity display driver for assessment of visual performance, 8192
spatial discrete trial conditioned discrimination procedure, visual acuity, domestic hens, 8466
spatial frequency & contrast & exposure duration, separation discrimination thresholds for embedded visual targets with vs without masking, adults, 16163

spatial frequency & orientation & other cues, discrimination of spatial pattern of gratings, adults, 8212
spatial frequency & retinal illuminance & exposure time in wave display, contrast sensitivity to spatial noise, 25–27 yr olds, 43996
spatial frequency & 2 vs 4 hr visual display unit work, contrast adaptation & visual fatigue & related symptoms, college students, 27807
spatial frequency adaptation & test duration, elevation of detection thresholds for patterns of spatial frequency & orientation, adults, 44013
spatial frequency bandwidth & highpass vs lowpass filtered images, perceived image duration, adults, Scotland, 4259
spatial frequency of gratings, hemispheric asymmetry in visual EPs, right handed 20–40 yr olds, 32487
spatial frequency of interference fringes & distortion gratings, curve, Os, 32072
spatial frequency of Munsterberg or Cafe Wall illusions, cooperative coding by visual cortical cells in representation of visual borders of illusions, adults, 8226
spatial frequency of sinusoidal gratings, computer model of texture discrimination with local Fourier analysis, adults, 242
spatial frequency of 2 dimensional pattern motion, coherence capture & perceived direction of gratings, adults, 4273
spatial frequency selectivity & inhibition of split fusion apparent motion between 2 vs 3 Gabor patches, adults, 250
spatiotemporal reliability of EEG amplitude distribution during baseline vs activation recording condition, 18–39 yr olds, 44467
stimulus duration & spatial frequency & fixational eye movements, acuity & contrast sensitivity threshold for real & artificial zebra stripes, adults, 8214
stimulus generalization to sinusoidal gratings of different spatial frequencies, goldfish, implications for training in testing animal visual thresholds, 16398
stimulus spatial frequency & dichoptic vs monocular & continuous vs brief presentation, mislocations of vertical bars, adults, 12174
target's spatial frequency, perceptions of grating pattern duration & RT to grating onsets & offsets, adults, 8183
temporal & spatial frequency & contrast, speed & auditory matching & perceived flicker rate & frequency discrimination in fovea & periphery, adults, 24333
tuning of aftereffects & adaptation in spatial domain of visual cortex, cats, 589
uncertainty of difference in spatial frequency vs reference contrast, discrimination thresholds in single vs dual judgment task, adults, 28191
vertical separation & spatial frequency of strips of horizontal gratings, vernier acuity, adults, 24331
visual color stimulus, spectral sensitivity & spatial selectivity interaction in pattern onset-offset psychophysics & electroretinogram, adult Os, 32087
visual laterality & asymmetry in spatial frequency processing, reply to commentary on literature review, 36492
visual sine wave grating stimuli of 2 frequency components, phase reversal discrimination, Os, 36068
wavelength adaptation, differential sensitivity of short wavelength sensitive cone color system, adults, 4690

Spatial Imagery—Serials

fixed vs freely rotated photographic plan maps, perception of angular placement & aboveground height & distance from scene, college students, 28172
handedness & spatial processing strategy preference, image generation skills, college math & science vs art students & 7th–9th graders, 37019
integration of pictorial/spatial & verbal information in communication, linguistic analysis of prepositions, 16935
memory vs perception generated spatial models in mind, 44096
narratives with varying spatial scenes & multiple points of view, formation of separate mental models & neutral vs single character perspective taking, adults, 16263
rate of presentation of imagery processing information, 2 vs 3 dimensional imagery task performance, college students, 44084
repeated exposure to well structured descriptions vs randomly presented information, time distance relation in mental scanning of visual images, college students, 16259
sex & instructional & format characteristics, performance on spatial memory & mental image rotation tasks, college students, 32097
viewing position & image quality, perceptual organization & pattern recognition of 2-dimensional images, support for recognition-by-components theory, erratum, 39980
visual mental image generation & maintenance & rotation, deaf vs hearing American Sign Language signers, 34259
visualization vs modeling vs endpoint training, topographic map interpretation, college students, 28241
visuospatial representation & color association in mental visualization of numbers, 17 yr old male & 23 yr old female, 4337

Spatial Imagery—Chapters

Spatial mental models, 40149

Spatial Memory—Serials

age & medial prefrontal cortex lesion, development of spatial delayed alternation & memory, rat pups, 16545
age, development of memory for visual spatial information in picture reconstruction task, 3–11 yr olds, Germany, 17064
age, episodic spatial memory, 15–85 yr olds, Canada, 40853
age, potentiation in hippocampal CA1 region & spatial memory, male F344 rats, 40357
aging & dietary caloric restriction, spatial & nonspatial reference & working memory, 3 vs 11 vs 25 mo old male rats, erratum, 24806
aging, visuospatial memory, 20–90 yr olds, 13047
amyloid precursor protein 695 isoform, wild strain vs transgenic mice with impaired spatial memory, animal model of Alzheimer's disease, 36470
availability of erroneously chosen 1st choice arm during 2nd choice, spatial delayed matching-to-sample task performance & memory in starburst maze, rats, 24518
background context & orientations of stimuli in implied rotation, visual representational momentum & remembered orientation, college students, 40164
benzodiazepine antagonist ZK93426, spatial memory & attention in radial maze task, chronic alcohol treated vs forebrain cholinergic projection lesioned rats, 4821
brief environmental enrichment, spatial learning & memory & hippocampal protein kinase C, rat pups, 24699
cache recovery patterns, Clark's nutcrackers, 36336
cholecystokinin agonist vs antagonists, appetitively motivated learning & spatial working memory, male rats, 32631
counting task difficulty & attentional distribution, word recognition & spatial memory, college students, England, 40150
dexmedetomidine vs atipamezole vs tacrine, spatial short term memory assessed using delayed nonmatching to position task, 7 vs 22 mo old male rats, 24983
dextrocycloserine or galanthamine, scopolamine induced learning & memory deficits in maze tests, male rats, 40567
displacement, use of route based landmarks & spatial memory in foraging & navigatory behaviors, honeybees, 40282
domain specific knowledge about scenes, prediction of recall & location memory for objects in scenes, 3–5.6 yr olds, 25155
duration of working vs reference spatial memory testing, time course of cholinergic activation in septo-hippocampal & nBM-cortical pathways, male rats, 12506
early vs late nap, effect of noise on sleep inertia & spatial memory task performance, 19–27 yr old males, 8796
edge vs distance effects on landmarks, spatial memory, black capped chickadees vs pigeons, 12352
evaluation of cue collection & cognitive reorganization, optimal path choice in free search paradigm, dogs, 24529
fasting vs complete vs restricted ad libitum food intake, spatial memory, male rats assessed at 6 vs 12 vs 19 vs 24 mo old, conference presentation, 8474
fimbria fornix lesion & hippocampal removal, spatial memory in delayed nonmatching to position task, male rats, 24643

frontal lobe mediated planning & organization, spatial memory, 19–23 vs 60–90 yr olds, test of spatial organization dysfunction hypothesis, 33034
ganglioside administration following bilateral middle cerebral artery occlusion, spatial memory & kinesis & praxis behavior, rats with induced cerebral ischemia, animal model of stroke recovery, 36537
glycine site antagonist 7-chlorokynurenic acid, hippocampal long term potentiation & acquisition of spatial memory, male rats, 4663
grooming & spatial memory behavior, mutant male mice, animal model of mucopolysaccharidosis type VII, 40460
gross locomotion & tactile sensorimotor & spatial memory, middle cerebral artery severed rats, animal model of cerebral ischemia, 32453
hippocampal CA1 subfield lesions, preoperative training & subsequent spatial working memory, male mice, 24659
hippocampal lesion, spatial continuous recognition & nonspatial memory tasks, male rats, 40376
hippocampal long term potentiation, spatial learning performance, a-calcium-calmodulin kinase II mutant mice, 4619
ibotenic acid lesion of nucleus basalis magnocellularis & noradrenergic depletion, maze task acquisition & memory in spatial navigation, male rats, animal model of Alzheimer's disease, 20567
in vivo intraseptal muscimol vs bicuculline, septo-hippocampal cholinergic activity during spatial working memory performance, male mice, 12772
intentional vs incidental learning conditions, free recall vs recall of spatial location, 32–77 yr olds with right vs left brain damage, Israel, 26340
intrahippocampal striatal grafts with vs without atropine, spatial memory & high affinity choline uptake & muscarinic receptor binding, male rats with fornix lesions, 4595
lesions of nucleus basalis magnocellularis &/vs dorsal noradrenergic bundle, spatial discrimination learning & memory, male rats, 36528
locomotion & firing rate of hippocampal theta cells, radial maze spatial working memory, young vs old male rats, 24698
long term spatial memory for caches, Clark's nutcrackers, 20402
map memorization, order of drawing & describing landmarks & mental organization of environments, college students, 16360
medial septal lesion, spatial vs nonspatial working memory, male rats, 40378
memory for & ability to reproduce visuospatial patterns, patients with Alzheimer's disease, US & Italy, 46056
motivation & individual differences in encoding, memory for spatial location, college students, 44160
movement vs color discrimination interference, object vs spatial memory performance, 18–21 yr olds, implications for functional dissociation in visual memory, 36250
naloxone vs flumazenil, morphine vs diazepam induced spatial memory deficits, male rats, 730
neonatal MK-801, spatial learning & memory, adult rats, 8905
neonatal 5,7-dihydroxytryptamine, maze learning & memory & number of 5-HT neurons of hippocampus vs medial & dorsal raphe nuclei, male rats, 12906
network model simulation of hippocampal place fields & computation of goal directed trajectories & memory fields, 47575
nitric oxide synthesis inhibitor L-NAME, synaptic plasticity in conditioned eyeblink & water maze learning & memory, rats & rabbits, 36734
normative data for & validity of Visual Spatial Learning Test, assessment of memory, 56–97 yr olds with vs without dementia, 12014
object stimulus features vs location, spatial memory, food storing marsh vs nonstoring great tits, 439
orientational instructions & spatial diagram of route, memory for landmarks & sequential order & turns & configurations, 25–40 vs 60–75 yr olds, 940
oxiracetam, spatial memory & maze performance & scopolamine induced amnesia, male rats, 20960
parachlorophenylalanine & methysergide induced inhibition of 5-HT synthesis, spatial working memory, male rats, 36791
PCP, acquisition vs retention of spatial continuous recognition memory task, male rats, 36806
posterior cingulate cortex, spatial navigation memory & sensorimotor activity & EEG & cortical anatomy, rats lesioned in infancy vs adulthood, implications for neuroplasticity, 4589
postnatal undernourishment, spatial learning ability, rats, 8759
priming about neighboring vs distant city or building with nonspatial information, spatial location ability & integration in memory of spatial & nonspatial information, college students, 16279
pyrithiamine induced thiamine deficiency & diencephalic lesions, spatial learning & anterograde & retrograde memory, male rats, animal model of Wernicke-Korsakoff syndrome, 724
quinpirole, longlasting undrugged effect on locomotor & stereotyped & open field & spatial learning behaviors, male rats, 36762
resting EEG hemispheric asymmetry & visual spatial memory, patients with obsessive compulsive disorder, 41633
retention & spatial learning over lupus-like disease course, autoimmune MRL-lpr mice, implications for cognitive & behavioral effects of change in severity, 36644
retention interval & stay vs shift response strategies, spatial memory in radial maze task, nutcrackers, 24542
selective muscarinic M1 cholinergic agonist AF102B, spatial learning & cognitive performance, male C57BL/10 mice with deficit in spatial memory, animal model of cognition, 21029
sex & instructional & format characteristics, performance on spatial memory & mental image rotation tasks, college students, 32097
short vs long spatial memory, male vs female adults, 32203
single positive site experience, spatial memory task performance, marsh vs blue tits, 4432
spatial cue & subsequent target, RT in choice task, pigeons, implications for role of memory & associative processes in model of spatial attention, 16457
spatial deficit vs defect in inhibitory processing, retention in delayed spontaneous alternation paradigm, lurcher mutant mice, implications for cerebellar involvement, 40248
spatial learning in water maze task & choline acetyltransferase & high affinity choline uptake in frontal cortex & hippocampus & striatum, aged male rats, 44397
spatial mapping memory in maze learning task, alcohol dependent adult males, Australia, test of equiavailability principle, 41711
spatial memory & adaptive specialization & size of hippocampus, birds & mammals, commentary reply, 28548
spatial memory & adaptive specialization & size of hippocampus, birds & mammals, commentary, 28552
spatial memory & adaptive specialization & size of hippocampus, birds & mammals, 590
spatial memory & stereotypy in radial arm maze performance, gerbils, implications for hippocampus lesion masking, 36529
spatial short term memory performance in 17-arm radial maze analog paradigm, college students, implications for comparative psychology with rats, 28319
spatial working memory deficits in oculomotor or haptic delayed response tasks, schizophrenic vs bipolar patients, 17718
speech rate vs movement time, verbal & spatial span recall prediction, college students, England, 16297
temporal & spatial location cues, key pecking rate, pigeons, 4473
variable interval probe test for repeated measurement of spatial memory, male rats, 39949
visuospatial memory, elderly patients with mild vs moderate senile dementia of Alzheimer's type, 2312
1 trial object & spatial recognition tests & radial arm maze, neurobiological study of memory, male rats, 24670

6-OHDA with or without desmethylimipramine, enriched postweaning environment induced cortical thickening & spatial learning & memory, male rats, 4890
Spatial Memory—Chapters
Animals' perception and memory for places, 429
Behavioral paradigms: General procedures and spatial memory, 8602
Correlation between zinc level in hippocampal mossy fibers and spatial memory in aged rats, 28566
Foraging by rats on a radial maze: Learning, memory, and decision rules, 8512
Memory for spatial position across saccadic eye movements, 40017
Memory related motor planning activity in posterior parietal cortex of macaque, 20623
Memory's view of space, 40196
Neurobiology of an attribute model of memory: Role of prefrontal cortex, 8699
Precision of the eye position signal, 40019
Representation of space and motion in man, 24371
Spatial memory in hoarding and nonhoarding tits (Paridae), 8513
Spatial memory structure and capacity: Influences on problem-solving and memory-coding strategies, 467
Spatial Organization—Serials
age & sex & automobile orientation, recognition memory for automobiles vs faces, 7–11 yr olds vs college students, England, 40807
age, development of memory for visual spatial information in picture reconstruction task, 3–11 yr olds, Germany, 17064
angle of hard copy adjacent vs orthogonal to VDT screen & text highlighting, text editing & text & background screen reversal, experienced vs naive computer users, 39592
angular orientations between target & distractor, visual search for oriented lines, adults, 20235
apparent contracting interparallel extents of Mueller-Lyer illusion, perception of Poggendorff misalignment illusion, adults, 24298
apparent motion, mental rotation & estimated orientation of clockhand & perpendicular bar, 19–30 yr olds, 44065
application of computer aided proximity index, measurement of spatial learning impairment severity, young vs old rats, 40243
asymmetric perception of space in visuotactile-kinesthetic bisection tasks, female right handed 19.5 yr olds, implications for egocentric reference, 36073
background context & orientations of stimuli in implied rotation, visual representational momentum & remembered orientation, college students, 40164
bandwidth of spatial information with order moving from coarse to fine detail & spatial frequency of edge information, order bias in perceptions of image quality, college students, 8215
cerebellectomy, learning & retention of spatial orientation task & spatiotemporal organization of exploratory behavior, male rats, 20517
color & luminance contrast, preattentive detection & pop out of line orientation vs motion, adults, 24309
complete & incomplete occlusion of precollision velocity & angle information, visual perception of relative mass, adults, Sweden, commentary & replication, 43997
conjunctions of spatial frequency & orientation as function of stimulus parameters & response requirements, EPs, male graduate students, 32489
cooperation persistence during spatial version of Prisoner's Dilemma computer simulated game, implications for biological systems & evolution & altruism, 13444
cue location & color, dominance of attention to stimulus location during attention to color & shape, college students, Israel, 20338
dark vs equiluminant background illumination & luminance mean & contrast & cues, directional sensitivity to color & orientation carried motion, adults, 28189
demographic characteristics & gender orientation & behaviors, spatial preferences in residential kitchens, married couples, 11782
diagonal line targets orientational asymmetry of vertical or horizontal lines outside central focus of attention, RT, college students, 43964
dimensional organization of stimuli, texture discrimination, pigeons, 4429
display position & response matching of visual stimulus, interference in & speed of left vs right voice vs manual response, adults, 349
display size, representation & selection of relative position of shapes & attention in visual search tasks, college students, Canada, 39990
distance between target & masks, contrast detection thresholds for flanked foveal Gabor signal & space dependent lateral interactions between spatial channels, adults, 36091
distinct vs shared features of visual stimuli, cortical involvement & RTs & ERPs in visual scanning, female macaques, 44383
eccentricity, position & movement acuities in spatial scaling, adults, 8232
edge orientation & movement direction, apparent misalignment perception, college students, 43966
element similarity & line orientation, texture segmentation & pop out & grouping of targets in preattentive vision, adults, 16187
emergent perceptual features in visual display design with vs without explicit instructions, dynamic failure detection speed & accuracy, college students, 3835
evaluation of cue collection & cognitive reorganization, optimal path choice in free search paradigm, dogs, 24529
experimental corroboration of Mapping Homogeneity principle & changes of frontoparallel metric of perceived spatial relations during visual motion, Os, 20209
exposure duration for arrays with repeated familiar &/vs novel words, novel popout & familiar sink-in for recall of position of words, college students, 20217
expression of perceived & remembered visual areas in figure recognition & recall, college students, replication, 36080
externalization of spatial representation & scale model construction vs verbal distance simulation & mobility, children & adolescents, Spain, 18446
eye vs head movement & perceived distance, perceived direction of target motion, Os, test of spatial motion model, 24325
figure ground relationship of stimulus variables, perception of reversed Mueller-Lyer illusion, college students, 24327
filter band width & center frequency, contrast energy thresholds for & spatial integration of band pass filtered patterns, adults, 36086
fixed vs freely rotated photographic plan maps, perception of angular placement & aboveground height & distance from scene, college students, 28172
focused attention in 3 dimensional space, college students, 43953
frontal facing vs slanted signs, egocentric vs object centered frames of reference in interpretations of direction indicated by sign, college students, 12165
frontal lobe mediated planning & organization, spatial memory, 19–23 vs 60–90 yr olds, test of spatial organization dysfunction hypothesis, 33034
general properties & perception of motion & depth in moire patterns, 44001
Gestalt laws of grouping by similarity of achromatic color as similarity of luminance at retinal level vs lightness at distal level, college students, 32096
grouping judgments of random dot patterns by proximity & relation to CODE & other grouping algorithms, college students, 43935
hand held object eigenvector of inertia & spatial orientation, perception of orientation by dynamic touch, college students, 24287
hierarchical model & structure & neural mechanisms of spatial cognitive maps, animals, 28408
history of & developments in nonisomorphic representations of nonspatial variables as spatial variables, conference presentation, 8093
horizontal vs vertical orientation, contrast detection thresholds for elliptical Gaussian blobs, adults, 28178

horizontal vs vertical spatial irregularity, radial maze performance, rats, implications for animal exploratory & foraging behaviors, 24536
implicit vs explicit preparation instructions & random vs blocked preparation intervals, RT & hand advantage in spatial precuing task, college students, 12128
indirect vs direct mapping of stimulus response location & crossed vs uncrossed hand placement & practice, transfer performance on choice reaction task, college students, 44102
informative reversal transformation of geometric illusions size perception, college students, conference presentation, 16175
instruction conditions, ability to encode contextual information regarding spatial information, 18–30 vs 40–55 vs 65–80 yr olds, 9134
intensity & auditory field of broad band sound, topographic representation of auditory space in external nucleus of inferior colliculus, guinea pigs, 12491
interaural difference & spectral shape cues, narrow band sound localization in horizontal & vertical dimensions, 22–36 yr olds, 24343
interrater reliability of organizational quality scoring system for Rey-Osterrieth & Taylor Complex Figure Tests, assessment of constructional ability & figural memory, HIV positive patients, 24176
inversion, coding of & detection of change in relational vs isolated facial features, adults, 32223
inversion of Thatcherized vs spatially distorted vs grotesque expression faces, perceived grotesqueness, college students, 43954
jitter in orientation &/vs position of textured elements, segregation of mesh derived textures in figure detection task, adults, 8200
lateral head motion, monocular perception of surface orientation in depth of rectangle vs trapezoid, college students, 43994
layout of radio frequency display on instrument approach plates, RT & errors in location of target frequency, 19–61 yr old airline pilots, 35677
length of test line & gap between shaft & wings & framing effects, perceived length of line in reversed Mueller-Lyer illusion, college students, test of enclosure hypothesis, 12170
letter size & orientation, perception of normal vs reflected letters, college students, 24332
line displacement in equivalent configurations, perception of clarity & brightness of illusory figures, college students, test of G. Kanizsa's model of amodal completion, 24297
line orientation, line bisection, right brain damaged 47–69 yr olds with left visuospatial neglect, test of Newtonian model of length perception distortion, 34152
location vs pairing of pictures, development of intentional vs incidental memory & recall, 1st–3rd graders, India, 13057
map memorization, order of drawing & describing landmarks & mental organization of environments, college students, 16360
mathematical model of & psychophysical aspects in interdependence of signal dependent vs independent RT components during visual spatial position detection, Os, 175
maze arm length, choice in arm revisitation, male rats, 36324
monocular vs binocular viewing, temporal & spatial errors in 1-handed catching, male 16 yr old expert catchers, 24360
monocular vs binocular vision & postural sway & lighting influenced spatial uncertainty, ball catching, 18–38 yr olds, 24362
motion cues vs geometrical orientation, visual pattern orientation discrimination, honeybees, implications for cortical processing, 32281
network analysis vs communication gradients approach to organizational communication structures & impact of technological & spatial factors, 7688
neural network simulation of motion induced transformations of spatial representation, implications for cerebellar cortex modeling, 15793
neural network Vector Associative Map modules, learning of head centered visuomotor representation of 3-dimensional target position, 35704
object & facial recognition & spatial localization & line orientation, adults with left vs right anterior temporal lobectomy, 42598
object color & category location, spatial attention & expectancy, adults, implications for spotlight model, 12301
optic flow motion patterns, heading perception robustness, 28–59 yr olds, 4269
orientation & phase differences, texture segregation, adults, 28192
orientation & viewpoint & depth cues & mono vs stereo conditions, recognition of familiar & novel views of 3-dimensional objects, adults, 16167
orientation of parallel line texture between or without vertical lines, modification of strength of Poggendorf illusion, college students, 12164
orientation of real axes flanking vertical, perception of virtual axis effect & 2-dimensional orientation illusions, adults, 44012
orientational instructions & spatial diagram of route, memory for landmarks & sequential order & turns & configurations, 25–40 vs 60–75 yr olds, 940
parsing & spatial relations of object parts, speed & accuracy of object identification, college students, 32071
perceived belongingness through figural alignment &/vs common fate, perceived lightness contrast, college students, 43952
perception of features of neon color spreading without prerequisite figural conditions, experienced Os, implications for mechanisms of classical color assimilation, 43957
perceptual & cognitive spatial learning processes, college students, 40153
perceptual selection & temporospatial integration & self estimates of wayfinding & distance estimation, 18–33 vs 57–85 yr olds, implications for selective attention & working memory, 9160
picture content information, expectations of spatiotemporal characteristics of next picture, 2 vs 3 mo olds, 988
principal interest & greatest stimulus weight & directional cues in mirror reversed vs original depictions of paintings, aesthetic evalution, sinistral vs dextral college students, 16562
pupil size & grating orientation, wavefront aberration & ocular modulation & phase transfer function, adults, 4688
random distribution vs high vs moderate spatial clustering of display item features, perceptual confirmation bias & framing effects in estimates of feature numerosity, college students, 40097
rate of presentation of imagery processing information, 2 vs 3 dimensional imagery task performance, college students, 44084
reduced platform interval lighting & pseudorandom platform position, place navigation in water maze, male rats, 436
regular vs random size of orientation cue, spatial interval discrimination, adults, 249
residence acclimatization & physical orientation, fighting behavior, resident & intruder nereid worms, 12428
retina area stimulation & optic flow, judgment of heading, Os, 36074
separation discrimination threshold in visual encoding of relative spatial position, Os, analysis of Weber's law for separation, 24295
sequential disk size & interdisk distance, critical duration in perception of illusory contours of Kanizsa triangle, 31–43 yr olds, 36082
shape & directionality of geometrical vs biological vs calligraphical stimulus, bias in apparent forward facing motion, college students, 20223
shape vs location object attributes, representation in memory, college students, 16365
size overestimation of horizontal local letter components in global letter image, 43963
sodium arsanilate induced labyrinthectomy, spatial learning in radial arm maze, male rats, conference presentation, 40397

spatial & temporal frequency of grating stimuli, orientation bandwidth of visual system & pattern detection following adaptation & threshold discrimination, 19–27 yr olds, 8222
spatial & temporal organization of work, number of trips taken in U shaped unit, hospital nurses, France, 23131
spatial & verbal ability, impairment in analysis of global vs local features of complex visual stimuli, elderly with Alzheimer's disease, 6350
spatial bandwidth & scale & contrast & separation & visibility of Gabor bars, 3 line spatial interval discrimination, adults, test of E. H. Weber's law for position, 16181
spatial configuration of environment, preferences for urban spaces, college students, 23840
spatial context of frame, Poggendorff illusion perception, college students, 44002
spatial cues, judgments of temporal order for digits presented to right vs left visual field, college students, 32141
spatial frequency & orientation & other cues, discrimination of spatial pattern of gratings, adults, 8212
spatial landmark stability & reward predictability, spatial & discrimination learning, rats, application of associative learning principle of predictability, 28388
spatial location & extramaze visual cues, choice behavior in radial arm maze, male rats, 44233
spatial location of line & cuing, line bisection judgments, normal 22–37 yr olds, 4261
spatial locative words in locative action expressions, 1.5–3 yr olds, 9194
spatial orientation of aperture & toy object, reaching & handedness behavior, 10 mo olds, 28931
spatial parsing in object centered visual neglect, male 54 yr old with posterior hemisphere damage due to stroke, 46058
spatial perspective taking in description of location of object, college students with vs without conversational partner, 33239
spatial position & handedness & hand of performance, tactile line bisection, 18–51 yr olds, implications for neuropsychological functioning & cerebral organization, 44420
spatial preferences for open vs enclosed kitchen designs, married male vs female 23–80 yr olds, 35661
spatial preferences in open field, zebra finches, 24609
spatial proximity & similarity of stimulus & response sets, precuing benefits in choice RT keypressing task, college students, 16249
spatial strategies & lateral biases in depth representation, preschoolers to 7th graders, US vs Israel, 32859
steady fixation vs free looking, apparent contraction of spatial separation between moving visual objects along direction of motion, Os, 20207
stimulus duration & spatial separation, auditory apparent motion perception, female adults, 4285
stimulus response compatibility task without visual cues marking stimulus position, spatial distribution of selective attention, 17–36 yr olds, 17004
stimulus temporal occurrence & spatial position & short term memory trace, college students, 44141
structural forms of collinearity & closure, parsing of forms into separate components & same vs mirror image discrimination, 20–57 yr olds & male agnosic 71 yr old, 6342
subjective spatial organization & perception of transparency, orientation contingent color aftereffects, 25–43 yr olds, 4271
target letter string above vs below fixation & cue validity & presence of irrelevant stimuli & word frequency & lexical status, spatial attention in lexical decisions, adults, 12234
target visibility & contrast & exposure duration & separation, role of putative spatial filter & local sign mechanisms in line vernier detection thresholds, adults, 36097
temporal & spatial features of sexual interactions of "finishing", street prostitutes & car clients, Netherlands, 5483
temporal & spatial metaphors of spoken vs written discourse, 9042
text with normal vs filled vs random spatial disruptions, reading speed, college students, 16277
theoretical context of Space Contraction in Motion effect in visual kinematics, 20208
validity of cue to stimulus in left vs right visual field, RTs & errors in & EP correlates of shift of attention to spatial location, 9–12 yr olds with L vs R type dyslexia, 18099
vertical vs horizontal vs oblique optokinetic stimulation & gravitoinertial force in parabolic flight, optokinetic nystagmus & perception of visual stimulus orientation, 28–47 yr olds, 635
viewing position & array alignment, representation of depth in drawings, 4.4–6.2 yr olds, 979
viewing position & image quality, perceptual organization & pattern recognition of 2-dimensional images, support for recognition-by-components theory, erratum, 39980
viewing strategies of 3-dimensional shape learning, college students, Scotland, 20226
visual attention & judgment of relative location of objects &/vs object parts, college students, application of spatial vs object based theory, 39979
visual attention in form identification task, perceptual grouping, adolescents & adults, 12145
visual field framework with tilted room & body, perception of true vertical & horizontal, adults, reprint, 12144
visual field framework with tilted room & body, perception of true vertical & horizontal, adults, commentary on reprint, 12173
visual half field stimulus presentations of varying angular orientations, RT in mental rotation task, right handed male vs female college students, 40131
visual localization & segmentation of oriented textures, 14–18 week olds, England, 13030
visual perceptual grouping & role of cooperative neural connections & emergent features & lateral vs terminator relationships of subjective contour, 28187
visuospatial judgment of line direction, patients with stroke produced lesion of left vs right hemisphere, 18378
3-dimensional apparent motion of lines vs outline triangles vs light points, college students, 43974
5 vs 15 sec intervals, short term retention of spatial locations in tapping & backwards counting, college students, 8366

Spatial Organization—Chapters

Distancing and dual representation, 37073
Spatial organization and habitat use, 17526
Visual analysis and representation of spatial relations, 44025

Spatial Orientation (Perception)—Serials

ability to give correct route directions from map, 6 vs 8 vs 10 vs 12 yr olds vs adults, 898
acceleration, perceptual scaling of intensity & estimated displacement amplitude of short duration low frequency oscillatory motion, 19–57 yr olds, 39973
acquisition & integration of configural knowledge of vertically aligned spatial layout in building complex, college & graduate students, 43558
activity dependent mathematical model of self orientation of receptive field columns in visual cortex, 36539
actual vs real nearness of line vs spot, sighting down diagonal line on Poggendorff pattern & anti-illusory effects, college students, 12169
adaptive vs remedial approach to occupational therapy, topographical orientation deficit, 67 yr old female with right cerebrovascular accident, 46953
age & sports practice, development of controlled covert orienting of visual attention, 13 vs 16 vs 25 yr old tennis players vs nonplayers, 13060
age, reestablishment of orientation when lost, male 16–83 yr old recreational hunters, Canada, 9155
AGF2 vs GM1 ganglioside &/vs dextroamphetamine, shock avoidance & spatial reversal & place learning task performance, male rats with neostriatal lesions, 36757
artificial gravity in manned space flights, adaptation & orientation & movement control, 40498
attentional & visual orienting deficits, high functioning autistic 13–27 yr olds, Canada, 26061
balance & head movement & gaze stability & spatial orientation & upright locomotion, oscillopsia, patients with bilateral labyrinthine function loss, 30266
benzodiazepine antagonist ZK 93 426, spatial navigation deficit attenuation, male nucleus basalis lesioned rats, 16821

blocked learned route, spatial goal expectancies & maze path orientation, female rats, reprint, 12366
blocked learned route, spatial goal expectancies & maze path orientation, female rats, commentary on reprint, 12363
buspirone dosage, hippocampal function & spatial navigation in water maze, male rats, 16826
cerebral ischemia & CA1 cell loss, spatial learning in Morris water maze, female gerbils, 36499
client stress associated with orientation & mobility training, visually impaired clients & mobility instructors & welfare workers, 38995
computer simulated square blocks collision event with vs without ricochet & direction vs velocity based heuristic, judgment of relative mass, college students, Japan, 16133
depth illusion of interference patterns produced by overlapping linear grids at edges of treads as contributing factor in disorientation & accidents on escalators, 32092
diagonal line targets orientational asymmetry of vertical or horizontal lines outside central focus of attention, RT, college students, 43964
distance from target of noise interference, judgments of orientation of imaginary line for formation of visual group, adults, implications for visual channels & boundaries, 12162
domains of orientation & motion & depth perceptual systems, 32061
dynamic visual acuity test, assessment of visual vestibular interaction, 24 yr old male naval aviator with loss of spatial awareness due to defective vestibulo ocular equilibrium reflex, 6427
edge extraction vs early visual experience, 3 dimensional orientation & identification of objects in photographs & line drawings, Os, 12150
edge vs distance effects on landmarks, spatial memory, black capped chickadees vs pigeons, 12352
effort & relational body displacement alteration & visual feedback, adaptive perceptual motor processes, adults, 32123
evaluation of cue collection & cognitive reorganization, optimal path choice in free search paradigm, dogs, 24529
exogenous cue, spatial distribution of covert visual attention in target discrimination paradigm, college students, Canada, 32246
externalization of spatial representation & scale model construction vs verbal distance simulation & mobility, children & adolescents, Spain, 18446
feedback conditions of limited access to map vs review of previously read sentences vs postprocessing text reading, text memory of descriptions of town, college students, 40173
figure ground context provided by Kanizsa square, configural superiority effect in identification of line segment orientation, adults, 39983
fixed vs freely rotated photographic plan maps, perception of angular placement & aboveground height & distance from scene, college students, 28172
flumazenil & CGS 8216 & methyl beta carboline-3-carboxylate & diazepam, spatial learning & thigmotaxia in open field, male rats, implications for anxiogenic dissociation, 40624
flying behavior & direction & navigation immediately after release, trained vs untrained homing pigeons, 8506
frontal facing vs slanted signs, egocentric vs object centered frames of reference in interpretations of direction indicated by sign, college students, 12165
GABA-aminotransferase inhibitor, scopolamine induced spatial navigation deficit, male rats, 16822
gravity, spatial orientation, monkeys, development of sensory conflict mathematical model, 40470
hand held map as supplement to wall signs, navigation in hospital outpatient department, adults, 34970
hand held object eigenvector of inertia & spatial orientation, perception of orientation by dynamic touch, college students, 24287
horizon & texture & perspective & color cues in visual scene, somatogravic illusion, adult males, 12139
horizontal head & trunk rotation in dark environment, self motion perception, 18–30 yr olds with vestibular function loss, conference presentation, 30259
icv cholinotoxin AF64A dosage, activity level & exploration & spatial orientation & rotational behaviors & norepinephrine & 5-HT & dopamine & their metabolites in frontal cortex & hippocampus, mice, 24918
inclination of context lines, length perception magnitude of Ponzo illusion, male pigeons, 36300
information collected on direct vs detoured outward journey, navigational orientation, homing pigeons, 16496
irritability & orientation & adrenocortical & cardiac activity, neonates, Germany, 32827
landmarks, spatial search tasks, pigeons, 457
lateral eyes & dermal photoreceptors, initiation & orientation of locomotion, river lampreys, 36570
left brain compensatory strategies in visual recognition & topographical orientation & time planning, female 16 yr old with right brain damage, Switzerland, 38224
leg movement, equilibrium & head-trunk orientation coordination, 22–50 yr old experienced vs naive dancers, 292
light vs dark & static roll of pitch positions, 3 dimensional eye position rotation vectors on Listing's plane, rhesus monkeys, 4673
local variation in orientation & curvature, visual search, college students, 20236
map environment vs O misalignment, errors in location finding, college students, 24329
match of depth intervals on ground plane to frontal intervals at same distance & walking toward location with closed eyes or pointing while walking, 20–33 yr olds, 12160
memory of orientation of monarchic profile on coinage vs stamps, college students, England, 8363
mental rigidity in Piagetian displacement & classification tasks, blind 6.3–13.8 yr olds, 26369
mental set shifting, spatial orientation, patients with Parkinson's disease, 14339
model for retinocentric & geocentric & egocentric & pattern-centric levels of representation in veridical detection of visual orientation of objects, 28209
monocular vs binocular viewing of 3-dimensional convex vs concave objects with vs without size cue, Mueller-Lyer illusion of egocentric distance, adults, England, 39987
motor performance repetitions, perceived foot position, 70–80 vs 21–23 yr olds, 40986
narratives with varying spatial scenes & multiple points of view, formation of separate mental models & neutral vs single character perspective taking, adults, 16263
natural upright vs unfamiliar inverted stimulus orientation, recognition of biological motion of animal pattern, adults vs 3–4 & 6–7 yr olds, 39998
neonatal vs adult lesion to visual cortical areas 17 & 18 & 19, visual orienting & nystagmus & depth discrimination, cats, 40411
NMDA antagonist 2-amino-5-phosphonovalerate dosage, spatial learning & hippocampal long term potentiation, male rats, 40534
offshore escape response & ground slope & wave & celestial cue use in orientation, striped hermit crabs, 36351
onshore escape response & celestial & slope & landmark cue use in directional orientation in water, male sand fiddler crabs, 36358
optical flow & spatial constancy & visual perception of curvature, 43965
orientation disparity & conflicting perspective, stereoscopic slant perception & slant axis anisotropy, adults, 20213
perception of orientation & self motion under conditions of sensory conflict, prediction & prevention of motion sickness & receiver responses to nauseogenic & unusual environments, literature review, 22262
perceptual selection & temporospatial integration & self estimates of wayfinding & distance estimation, 18–33 vs 57–85 yr olds, implications for selective attention & working memory, 9160
physical & visual & orientation sensory deficits, male 62 yr old with right occipital pole infarction, case report, 2289

posterior cingulate cortex, spatial navigation memory & sensorimotor activity & EEG & cortical anatomy, rats lesioned in infancy vs adulthood, implications for neuroplasticity, 4589
practice & feedback, discrimination of orientation of pair of straight lines suggestive of cognitive set effects, adults, 16198
practice & feedback, performance in judgments of relative velocity of moving objects & relative distances from target destinations, male vs female college students, 28196
precue stimuli & arm &/vs direction change, RT latencies in movement plan restructuring vs spatial orienting tasks, 18–31 vs 65–80 yr olds, 28895
recognition by components incorporating general viewpoint invariance vs stimulus variations dependent of object orientation theoretical models of visual perception, 12178
role of hippocampus in cognitive mapping & representation of environment, animals, 44435
sense of direction, visual spatial ability & mental geographic updating, college students, 44000
signs vs you-are-here maps, route preferences & heuristics for wayfinding in unfamiliar complex building, adults, 39606
solar orientation & escape direction learning, Idotea baltica, 32309
spatial ability & cognition, neighborhood knowledge & use, elderly, 1170
spatial attention, mental rotation, right handed 19–25 yr olds, 36261
spatial clustering behavior during semi-lunar tidal cycle, hermit crabs, 16472
spatial inference in nonvisual navigation of complex routes, blindfolded sighted vs adventitiously vs congenitally blind 18–59 yr olds, 22440
spatial landmark stability & reward predictability, spatial & discrimination learning, rats, application of associative learning principle of predictability, 28388
spatial learning in 3 dimensional maze, rats, 438
spatial navigation learning & BP, male spontaneously vs renal hypertensive rats, 44527
spatial orientation of tactual stimulus, braille identification, sighted vs blind adults, 4227
spatial orientation vs mental set shift ability vs ideational fluency, under vs over 60 yr olds with Parkinson's disease, 18427
spatiomotor cuing & sighted vs blind left vs right hand finger movements in left vs right hemispace, 62 yr old right handed male with unilateral left neglect from right cardiovascular attack, 6399
spatiotemporal response properties to linear head acceleration in vestibular neurons, decerebrated rats, 44385
spectrum light of varying wavelength, magnetic compass orientation, male red spotted newts, 16657
static head orientation & position relative to axis of body rotation, vestibular-optical reflex adaptation, 22–47 yr olds, 39976
stimulus blindsight vs neglect, visual perception vs nonconscious visuospatial localization, college students, application of signal detection theory, 28190
stimulus orientation congruency, visual search time, college students, 12159
stress induced exploratory hesitancy, spatial cue acquisition & maze learning, rats, 24546
substrate brightness, turning & turn alternation, woodlice, 8479
thigmotactic vs gravitational vs chemotactic vs phototactic cues, structural guideline orientation & taxis, Camponotus pennsylvanicus & Tapinoma sessile, 8445
training in virtual worlds, learning of spatial procedural & spatial navigational tasks, adults, 16191
type of inversion illusions in zero gravity, male college students, 32048
unilateral labyrinthectomy, visually cued vs noncued goal location in spatial orientation task, guinea pigs, 24793
unilateral tetrodotoxin lesion of dorsal hippocampus, lateralization of place navigation in water maze task, male rats, 40361
variance in perceptual cues for verticality, environment vs object vs viewer centered spatial frame of reference interpretation, college students, 32070
velocity gradient & ratio & image compression, perceived orientation in depth & 3-dimensional shape for perspective translations & orthographic rotations of dihedral angles, adults, 39981
vestibular & leg proprioception, self motion perception in space, 27–47 yr olds, 32049
viewing position & array alignment, representation of depth in drawings, 4.4–6.2 yr olds, 979
viewing position & image quality, perceptual organization & pattern recognition of 2-dimensional images, support for recognition-by-components theory, erratum, 39980
visible surface layout & geographical slant, perceived maximal slope & affordance for walking, college students, 16247
vision & olfaction, homing & orientation performance, pigeons, 4538
visual control of linear braking & tau function of body angle in upright landing from forward somersault, trampolinists, 12136
visual cues & target orientation assessment during air combat simulation, Air Force pilots, technical report, 32102
visual field framework with tilted room & body, perception of true vertical & horizontal, adults, commentary on reprint, 12173
visual field framework with tilted room & body, perception of true vertical & horizontal, adults, reprint, 12144
visual mental image generation & maintenance & rotation, deaf vs hearing American Sign Language signers, 34259
visual perception & extrapolation of linear trajectories of moving stimuli, adults, 16189

Spatial Orientation (Perception)—Chapters
The development of spatial hearing in human infants, 17091
Factors influencing postural stability: Effects on features of eye movement in an orientation task, 39977
Identification of disoriented objects: A dual-systems theory, 44021
An integrated model of the Simon effect, 16118
Landmarks, the hippocampus, and spatial search in food-storing birds, 427
Multisensory integration in microgravity, 16161
Perception of motion and position relative to the earth, 16146
Representation of space and motion in man, 24371
Sense of body position in parabolic flight, 16150
Spatial orientation of the vestibular system, 16154
Three psychophysical principles in the processing of spatial and temporal information, 423

Spatial Perception [See Also Apparent Distance, Apparent Movement, Apparent Size, Autokinetic Illusion, Depth Perception, Distance Perception, Motion Perception, Size Discrimination, Spatial Distortion, Spatial Organization, Spatial Orientation (Perception), Stereoscopic Vision]—Serials
age & spatial cues, visuospatial attention RT, 19–79 yr olds, 39988
age, activation of regional cerebral blood flow during object recognition vs spatial tasks, young adults vs elderly, erratum, 20531
age, object vs spatial recognition, 4–24 mo old male rats, 36297
angle of inclination & retention interval, short term memory distortion for object position on inclined plane, college students, test of model of dynamic representations, 44131
assessment of unilateral visuospatial neglect, right brain damaged patients, UK & Germany & France & Italy, 34216
asymmetric perception of space in visuotactile-kinesthetic bisection tasks, female right handed 19.5 yr olds, implications for egocentric reference, 36073
attentional modulation of size & color of context circles, size perception, adults, 20230
attentionalist vs representationalist interpretation of unilateral neglect & nature of spatial representation, 38331
auditory EP amplitude asymmetry & cognitive ability in visual spatial task, female 7–14 yr olds with Turner's syndrome, 18240

availability of erroneously chosen 1st choice arm during 2nd choice, spatial delayed matching-to-sample task performance & memory in starburst maze, rats, 24518
cerebellectomy, learning & retention of spatial orientation task & spatiotemporal organization of exploratory behavior, male rats, 20517
chronic ACTH analog Org 2766, mineralocorticosteroid receptor antagonist RU28318 induced spatial & inhibitory avoidance learning, male rats, 36848
cognitive behavioral modification approach, verbal mediation in spatial matching task, 7–14 yr olds with Turner's syndrome or nonverbal learning disabilities, 17665
color vs spatial location cue, accuracy of location matching, pigeons, 8480
computer simulated square blocks collision event with vs without ricochet & direction vs velocity based heuristic, judgment of relative mass, college students, Japan, 16133
construct validity of Judgment of Line Orientation, measurement of spatial perception, learning disabled vs psychiatrically disordered 7–14.6 yr olds, 16025
contrast sensitivity & spatial localization deficits, strabismic vs anisometric amblyopic patients, 6430
crossed aphasia without visuospatial neglect, female 49 yr old right hemisphere stroke patient, 34130
development of visual structures & spatial vision & oculomotor skills, infants, 37034
dextroamphetamine induced rotation, egocentric vs allocentric spatial learning, male rats, 20837
disparities in contrast &/vs apparent motion, directional bias in perception of spatial separation in cluster illusions, adult Os, 32081
dissociation of object & spatial processing domains in neurons of prefrontal cortex, monkeys, 40420
dorsal hippocampal 8-OH-DPAT, choice accuracy & latency in spatial discrimination, male rats, 20827
duration of prior exposure, fatigue & set effects in configurational perception of reversible ambiguous figure, college students, 24308
extra dot in high vs low density cluster of pseudorandom dots, sequential mapping of weighting functions for visual location in vernier acuity task, adults, 261
family history of alcoholism, visual spatial learning, male vs female college students, 45718
fimbria fornix lesions, spatial & nonspatial component of place & cue learning & reference & working memory, male rats, 20566
floor plan complexity in computer simulated environment & familiarity, wayfinding & spatial cognition & sketchmap task performance, college students, 24312
functional associations among posterior brain regions for occipitotemporal & occipitoparietal pathways of extrastriate visual cortex in object & spatial vision, male 19–34 yr olds, 20537
haloperidol, spatial vs nonspatial learning, male rats, 20962
hand advantage, RT in spatial precuing tasks, college students, Netherlands, application of spatial proximity hypothesis, 28224
hippocampal lesion, visual acuity & size-difference threshold, pigeons, 24648
horizontality representation in haptic version of water level task, female vs male 19–34 yr olds, Canada, 43931
icv 192 IgG-sapozin induced immunotoxin of forebrain cholinergic system, choline acetyltransferase activity in hippocampus & cortex & water maze spatial learning impairment, female rats, 40642
integral vs separable dimensions, asymmetries & interactions among processing of position & width & contrast of light bar, college students, implications for neuron mapping, 12175
intersensory perception of complex alphanumeric auditory spatial patterns, graduate students, 44032
intervention for & development of understanding of conservation & length concepts, 5–26 yr olds with Down's syndrome, England, 19601
ketamine vs L-glutamic acid diethyl ester, spatial & nonspatial learning, male rats, 32652
lateral head motion, monocular perception of surface orientation in depth of rectangle vs trapezoid, college students, 43994
learning & development, spatial knowledge & representation ability, children & adolescents with congenital vs adventitious blindness, Spain, 30263
left vs right hemisphere preferences in visuospatial perception, depressed vs manic patients with vs without psychotropic medication, 17737
length of test line & gap between shaft & wings & framing effects, perceived length of line in reversed Mueller-Lyer illusion, college students, test of enclosure hypothesis, 12170
lesion to area 7 of parietal cortex, short term visuospatial memory & visual EPs, rhesus monkeys, 24702
line displacement in equivalent configurations, perception of clarity & brightness of illusory figures, college students, test of G. Kanizsa's model of amodal completion, 24297
line orientation, line bisection, right brain damaged 47–69 yr olds with left visuospatial neglect, test of Newtonian model of length perception distortion, 34152
linopirdine, retention of inhibitory avoidance & acquisition of spatial discrimination & locomotor activity, septal lesioned male rats & mice, animal model of Alzheimer's disease, 24853
liquid crystal display surface incident ambient illumination forward field of view adaptation luminance, detection of gap in Landolt-C type acuity target, male 25–37 yr olds, 16179
locomotor activity & object oriented exploration & habituation & response to spatial change, 5–6 vs 24–27 mo old male rats, 20455
long & medium wavelength cone information, spatial reconstruction of signals from short wavelength cones in visual system, adults, 24653
luminance &/vs color gratings, visual spatial contrast sensitivity, adults, 4256
MDMA induced cortical serotonin depletion with vs without atropine, spatial navigation & skilled reaching & stimulus property judgments during foraging & other behavior, male rats, 20970
monocular vs binocular views of novel 3-dimensional shapes, recognition & representation in long term memory, college students, Canada, 12156
nature of blind spot in spatial visual system, 24316
negative feedback control model of near response to distant or 3-dimensional space mediated by proximal convergence & accommodation, 4685
network model of hippocampal place cells, computation of location from visual cues, 27841
neural network learning mixture models of spatial coherence, 35696
neural network model of hierarchy of maps in visual cortex & egocentric spatial representation in early vision, 39649
normal vs spatial reading instruction, verification of spatial inferences as indication of construction & maintenance of spatial situation model, college students, 44124
object color & category location, spatial attention & expectancy, adults, implications for spotlight model, 12301
opponent neural processing of outflow eye movement commands, head centered representation of 3-dimensional target position, 39989
orientation & viewpoint & depth cues & mono vs stereo conditions, recognition of familiar & novel views of 3-dimensional objects, adults, 16167
parietal cortex vs hippocampal lesions, acquisition & retention of spatial task, rats, 20547
parsing & spatial relations of object parts, speed & accuracy of object identification, college students, 32071
partial vs total reversal of one-to-many conditional discriminations, sample matching & common coding of hue & line associations, pigeons, 24551
patterns varied spatiotemporally vs varied in space only, numerosity discrimination, Os, 43926
PCP, acquisition & long vs short term retention of spatial tasks, rats, 40602

pentobarbital delayed matching to sample & temporal response differentiation & incremental repeated acquisition & progressive ratio & conditioned position responding, male rhesus monkeys, 40563
perceived reachable distance by dynamic touch with irregular objects, college students, 43949
peripheral vs central symbolic cues & stimulus onset asynchrony, endogenous & exogenous visual spatial attention shifts, 17–21 vs 53–82 yr olds, 918
perseveration & variability in repeated spatial discrimination reversal water escape task, 3 vs 21 mo old male rats, 20379
posterior parietal vs temporal cortex lesions, visual spatial & gross kinetic functioning & equilibrium, rats, 28529
prenatal oxazepam, initial & reversal learning of swimming navigation, adult mice, 40546
procedure for production of luminance distribution of perceived image of scene & mathematical modeling of visual inhomogeneity & decreased acuity with eccentricity, Os, 240
proximal motion pattern vs height in picture plane & background, perception of shrinking in apparent motion, college students, 24302
reliability of line cancellation & bisection vs clock drawing test, diagnosis of unilateral spatial neglect, 47–79 yr old patients, 28036
reliability of Piagetian spatial conception tasks, assessment of cognitive development, 5–7 yr olds, translated article, 24066
response choice structure & error feedback, sensitivity to constant vs image acceleration cue, judgment of landing location of free falling projectiles, adults, 20199
retention & spatial learning over lupus-like disease course, autoimmune MRL-1pr mice, implications for cognitive & behavioral effects of change in severity, 36644
retinal eccentricities & location, shape & extent of spatial interaction zones in parafovea during spatial discrimination, 24–34 yr olds, 4687
reversible lesions to dorsolateral prefrontal & posterior cortices, spatial discrimination & memory in cognitive visuomotor integration task, male monkeys, 36551
saliency of perceptual & spatial cues, source monitoring & memory, young adults vs elderly, 915
sc sufentanil, spatial learning & navigation, normotensive Wistar vs renal hypertensive male rats, 36906
scopolamine &/vs triazole MDL 26,479, spatial delayed alternation & working memory, male rats, 24903
scopolamine in hippocampus, repeated spatial acquisition task performance, male rats, 20809
semantic congruency & response time & accuracy in comparisons of point locations on line, college students, implications for semantic coding & expectancy theories of evidence accrual, 12238
sex, spatial perception in water level problem, college students, 36096
shape & size dissociation, perception of symmetry, adults, 8218
short term memory storage of phonological vs visuospatial information, EPs, 19–39 yr old males, 20679
size of square or rectangle, mathematical model of perception of area, 21–52 yr olds, 247
spatial frequency & contrast & exposure duration, separation discrimination thresholds for embedded visual targets with vs without masking, adults, 16163
spatial frequency & retinal illuminance & exposure time in wave display, contrast sensitivity to spatial noise, 25–27 yr olds, 43996
spatial frequency bandwidth & highpass vs lowpass filtered images, perceived image duration, adults, Scotland, 4259
spatial frequency of interference fringes projected onto retina, changes in neural spatial contrast sensitivity at photopic level due to aging of visual system, 17–29 vs 60–80 yr olds, 36071
spatial gating, movement perception of gratings in apertures, adults, UK, 20227
spatial location of line & cuing, line bisection judgments, normal 22–37 yr olds, 4261
spatial parsing in object centered visual neglect, male 54 yr old with posterior hemisphere damage due to stroke, 46058
spatial pooling & resolution of luminance & color contrast, adults, 43987
spatial scale of visual stimuli, perceived geometric angle & speed of rotation, adults, 32104
spatial vs nonspatial representations of words vs nonwords & RT, 20–25 yr olds, Italy, 317
stationary fixation vs eye movements in computer generated visual tracking display, heading perception, adults, 20229
stimulus complexity in color & location in block pattern, holistic vs dissociative perception of symmetry, college students, 4260
stimulus onset asynchrony & global vs local cues, role of spatial attention in identification of global vs local targets in hierarchically structured pattern, adults, 40200
streptozotocin, spatial discrimination learning & hippocampal choline acetyltransferase activity, male young vs middle aged rats, animal model of dementia, 36725
structure of spatial judgment skill related to tennis ball trajectories, 16–23 yr old soccer or tennis players, 44052
subcortical connections of object & spatial vision cortical processing pathways of inferior temporal & posterior parietal cortex, rhesus monkeys, 28484
subitizing vs counting enumeration & visual feature detection, RT & accuracy, college students, implications for spatial preattentive processing, 28327
tactile perception of scratch direction measuring posterior column dysfunction, adults & 14–83 yr olds with spinal cord vs functional neurological disorders, commentary, 2296
target vertical disparity & separation & eye position, spatial spread of vertical phoria adaptation & aftereffects, 24–28 yr olds, 24321
target's spatial frequency, perceptions of grating pattern duration & RT to grating onsets & offsets, adults, 8183
threshold vs suprathreshold unilateral vs bilateral ECT, hemispatial neglect, depressed patients, 2700
verbal visuospatial correlation & single physiological brain processes, individual & sex & race differences in intelligence, commentary, 12236
vertical & horizontal bar bisection & displacement of visual midline, 30–70 yr olds with attitudinal scotomata, 38336
viewing orientation & target spatial position & depth cues & binocular disparity, spatial judgments with monoscopic vs stereoscopic perspective displays, adults, 16210
vinconate, basal forebrain lesion induced spatial learning deficits, male rats, erratum, 16798
visual color stimulus, spectral sensitivity & spatial selectivity interaction in pattern onset-offset psychophysics & electroretinogram, adult Os, 32087
visual field presentation, performance on modified vs original categorical vs coordinate spatial relations task, 18–21 vs 56–86 yr olds, 928
visual motion stimuli, ventral intraparietal area neuronal selectivity to direction & speed & distance, monkeys, 36497
visual search patterns, unilateral neglect, female 73 yr old stroke patient, 6325
visual vs haptic mode & rod length & mass position, cross modal perceived extent of rod, college students, 43962
visuospatial & linguistic mechanisms in discrimination of mirror image letter reversals in reading & relationship to confused left/right body awareness & reading disabilities, 22107
visuospatial learning & psychophysical activation & attention, nonalcoholic 25–42 yr olds with vs without family history of alcoholism, 6074

Spatial Perception [See Also Apparent Distance, Apparent Movement, Apparent Size, Autokinetic Illusion, Depth Perception, Distance Perception, Motion Perception, Size Discrimination, Spatial Distortion, Spatial Organization, Spatial Orientation (Perception), Stereoscopic Vision] —Chapters

Animals' perception and memory for places, 429
Geographical perspectives on spatial cognition, 32186
Mechanisms which mediate discrimination of 2D spatial patterns in distributed images, 46122
Optics, receptors, and spatial vision in human infants, 17082
A perspective on machine vision, 7828

Psychological perspectives on spatial cognition, 32058
Search and choice in urban housing markets, 32184
Spatial representation in infancy and early childhood, 32911
The structure of cognitive maps: Representations and processes, 32187
Spearman Rho [See Rank Difference Correlation]
Special Education—Serials
ability & achievement regression to mean, multidisciplinary team, discretionary special education placement decisions, learning disabled K–11th graders, reanalysis of data, 3544
academic acceleration, academic & psychosocial outcomes, mathematically gifted adolescent students, longitudinal studies, research review, 39376
academic achievement & risk for dropping out of high school, African American 15–19 yr old unwed mothers, implications for special education, 11559
activity based inquiry oriented vs textbook approach to science learning, learning disabled junior high school students in special education classes, 39358
alternative instruction program in regular classroom, special education placement practices & teacher acceptance of program, at risk K–6th graders, 5 yr study, 27578
analysis of early childhood special education dissertations in "Dissertation Abstracts International", 1981–90, 43315
application of behavior analysis in Morningside Model of Generative Instruction, adult literacy & children's learning & attention problems, child & adult students, 15503
applications of chaos theory to special education & developmental disabilities, 39339
assisted reading techniques, reading fluency, students with or at risk for reading disabilities, research review, 14934
attitudes & beliefs & expectations regarding special education services, mothers of 10–18 yr old learning disabled special education students, 11562
barriers to implementation of career education in special education, special education teachers & administrators, 3565
barriers to implementation of career education in special education, special education teachers & administrators, commentary, 3548
beliefs about & roles & responsibilities in meeting needs of at risk & integrated exceptional students, elementary school teachers, Canada, 31227
birth month, referrals for special education, primary school students with emotional & behavioral difficulties, Great Britain, 27587
categorical & programing changes in special education services, rural preschool to high school students with disabilities, 3 yr study, 47276
changes in legislation by Education, Health & Social Services Department, education & support services, emotionally & behaviorally disturbed children, Great Britain, 27566
characteristics of effective social skills interventions in early childhood special education, preschoolers with disabilities, 31402
clinical profiles & need for special education kindergarten placement, Head Start children with disabilities, 3 yr study, 43327
cognitive & language development hypothesis, speech & language education, mentally retarded special education students, 3536
college based Special Educational Needs Curriculum Enhancement Courses on practical/vocational skills, secondary residential school students with emotional & behavioral problems, England, 27567
comfort with provision of accommodations for learning disabled students, community college faculty, 27591
community based instruction, development of adaptive behavior, 15–22 yr old high school students with moderate to profound mental retardation, 27584
compliance with parental participation requirements in PL 94-142 state & federal special education regulations, parents & state officials, 7517
consultancy, development of service plan, special education school staff & learning support teachers, 15345
consultation in special education with vs without direct instruction, responses, elementary general education teachers of learning disabled students, 43167
contributions of gifted education to general education, 23663
cultural imperatives & need for changes in special education programs, students with learning &/or behavior disorders, 31405
curriculum model of mainstream & special educational provision, students with emotional & behavioral difficulties, Great Britain, 27583
curriculum provision, teachers & students in special units for emotional & behavioral difficulties, England, 27565
decision model & role of facts & values behind PL 99-457 in policy making, infants & toddlers with disabilities & their families, 3545
definitions & international & national & state practices in assessment of changes in special education needed for success in educational outcomes, students with disabilities, commentary, 15516
definitions & international & national & state practices in assessment of educational outcomes, students with disabilities, 15532
demographic characteristics & handicapping condition & service experiences, children in foster care &/vs special education, 10985
development & implementation of Colorado Individual Performance Profile for determination of service options, hearing or visually impaired students, 159
development of & roles in individualized family service plans & early intervention, special education staff & parents, 39352
development of Post-16 curriculum for integrated further education, students with profound & multiple learning difficulties, conference presentation, 7512
development of program for transition from specialist provision to mainstream schooling, learning disabled elementary school student with management problems, 23630
Developmentally Appropriate Practice approach & early childhood special education, disabled young children, commentary, 19597
differential treatment & education & other issues, socially maladjusted vs seriously emotionally disturbed students, 13612
doctoral dissertation research on attitudes toward gifted education programs, bibliography, 27599
E. S. Ellis's instructional model for integrative cognitive strategy & content area instruction, adolescents with learning disabilities, commentary, 47281

implications of diverse family characteristics for early education & services & policy, families of children with disabilities &/or risk conditions, 11545
importance & components of initial needs assessment in gifted education program, 27598
individually paced precalculus course, preparation for advanced level work, academically talented 8th–12th graders, 19633
initiatives on increasing rights & involvement in own special education needs assessment, children, 47271
integration of literacy & reasoning instruction, deaf learners, 39347
interpretivist approach to research in special education, early career researchers, 47268
issues in closing of residential school, emotionally & behaviorally disturbed children with above average intelligence, Great Britain, 27590
issues in delivery of special education programs & services, disabled children & youth, commentary, 15511
issues in delivery of special education programs & services, disabled children & youth, 15510
issues in literacy & reading & sign language instruction, deaf students, 3542
issues in participation in childrens' special education, African American parents, 11547
issues in special education & mainstreaming & need for coordinated health care & early diagnosis, disabled students, Nigeria, 7508
judicial review cases & legislation, students with special education needs, England, implications for educational psychologists, 47614
language resource room approach to integrated classroom & pull out method of instruction, children with speech or language impairments, 31382
least restrictive environment in educational placement patterns, severely disabled students, 15499
legal requirements for postsecondary institutions for provision of accommodations, disabled students, 35437
mainstreaming vs special education, language & mathematics ability, 13 yr olds in mixed ability vs special classes, 7520
medical & educational resources support models for special & primary & secondary school & mainstream environments & integration process, physically disabled 3–16 yr olds, UK, 39343
model for appropriate physical education, multiply disabled 16 yr old male, 7510
model of & practical procedures in content area special education science classroom, 6th graders in Chapter 1 or special or general education, 19606
model policy of legal rights for special education services & enforcement by federal agencies & diagnostic issues, children with attention deficit disorder, commentary, 31737
model policy of legal rights for special education services & enforcement by federal agencies, children with attention deficit disorder, 31739
model policy of legal rights for special education services & enforcement by federal agencies, children with attention deficit disorder, commentary, 31750
motivational & socioemotional aspects of E. S. Ellis's instructional model for integrative cognitive strategy & content area instruction, adolescents with learning disabilities, commentary, 47297
National Council for Accreditation of Teacher Education's revised standards & development of knowledge based statement & research based behavioral model for special education programs, 35462
nature of & funding for preschool & kindergarten programs for gifted children, 35479
newborn & mother sociodemographic & health status characteristics, special education placement, 3rd graders, conference presentation, 19592
nonintellectual personal attributes & satisfaction with educational acceleration, intellectually gifted 18 vs 23 yr olds originally assessed as 7th–8th graders, 23660
outcomes of segregated vs integrated special education services, students with learning needs, 43328
parent evaluation instrument or public preschool gifted program, parents of gifted 3 & 4 yr olds & kindergartners, 27602
participation in elementary enrichment program, academic accomplishments & aspirations & goals, gifted high school seniors, 39373
perceived teaching efficacy & student SES & learning problem etiology, special education referral, early childhood & elementary & junior high school teachers, 43165
perceptions of effects & features of residential schooling, male secondary students with emotional & behavioral difficulties, Great Britain, 27568
perceptions of staff support & development program, multidisciplinary personnel of residential special school for children with emotional & behavioral problems, England, 31095
personal & teaching efficacy, special education referral decisions for student with behavior &/or learning problems, special education vs regular teachers, 39360
perspectives on recent education legislation & special needs provision & support services, special education students, England, 23631
perspectives on Regular Education Initiative & reading comprehension improvement approach to integration in regular classrooms, mildly handicapped students, implications for special education, 15505
planning for prevention & early intervention & rehabilitation & special education needs, children with orthopedic or hearing or visual or emotional or mental or communicative disabilities, 3043
postsecondary outcomes & social competencies & life transitions, learning disabled adults, educational implications, 19604
postulates of school reform in general & special education, children with emotional or behavior disorders, 3554
postulates of school reform in general & special education, children with emotional or behavior disorders, commentary, 35459
predictive validity of screening instrument, assessment of special education placement status, kindergartners, 20098
prevalence & government programs & nongovernment organizations supporting special education, disabled under 15 yr olds, Bangladesh, 7535
principles of & knowledge bases for special & general education & school learning environment, general & special education teachers & other educational personnel, 7527
principles of equity, needs assessment policy & practice in special education, New Zealand, 39361
provision of special education services to families with disabled children, principals & counselors & social workers, Jordan, 19616

provision of supportive work with families of students with emotional & behavioral disturbances, special schools, UK, 31408
pull-in vs pull-out approaches to reading service delivery, achievement & time spent in reading vs nonreading activities, 2nd–5th graders in special or remedial education, 3546
quality & curriculum content of individualized education programs in special vs general education classrooms, teachers of retarded or multiply disabled or emotionally disturbed 5–13 yr olds, 27580
quality of design for focus groups in early childhood special education research, 31371
Rating Inventory for Screening Kindergartners scale, prediction of future placement in special education resource classrooms, teachers, 24203
REDSIL 4th generation evaluation model of gifted education programs, 27605
reduction of teacher attention, on task behavior, 5–6 yr olds with special needs, 31390
referral to placement ratio, 5–19 yr olds with or without learning disabilities referred for special education evaluation, 47269
role of cultural differences & self awareness in practice of early intervention special education, professionals working with culturally diverse families of children with disabilities, 11546
role of language & literacy in & planning & implementation of integrated experience based unit, classroom & student teachers working with profoundly hearing impaired students, 23649
roles & procedures in special education assessment in public schools, educational psychologists, US vs UK, 31232
satisfaction with accessibility & special services & accommodations & perceived barriers in higher education, disabled students, 27596
selection methods & criteria for conductive education, 3.7–5.7 yr olds with cerebral palsy, England, 3532
SES & father absence & family size, special education eligibility, White vs Black vs Mexican American mentally retarded or learning disabled 8–13.5 yr olds, 15491
sex, referral to & enrollment in gifted programs, K–13th graders, 23657
shortcomings & proposal for new models of special education, African American students, 11550
simultaneous prompting & instructive feedback in teaching rebus symbol identification & classification, developmentally delayed 36–42 mo olds, 35465
social participation in specialized vs integrated educational environments, 3–4 vs 4.1–5.6 yr olds with visual impairments, 39334
social systems & attitudes toward physical activity, physical activity participation, emotionally disturbed 14–21 yr olds in mainstreamed vs adapted physical education classes, 35455
sociocultural & WISC-R factors, educational placement, learning disabled or mentally retarded minority elementary school students, 31370
sociohistorical perspective on development of reading & unification of literacy instruction approaches, special & regular education students, 27571
special education coursework requirements for state certification of elementary school counselors, supervisors of teacher certification, 43045
special education perspectives on whole language vs direct approach to reading & literacy instruction, commentary with illustrative cases, 47288
special education perspectives on whole language vs direct approach to reading & literacy instruction, commentary, 47284
special education perspectives on whole language vs direct approach to reading & literacy instruction, commentary, 47296
special education perspectives on whole language vs direct approach to reading & literacy instruction & cognitive strategies, commentary with illustrative case, 47278
special education perspectives on whole language vs direct approach to reading & literacy instruction, commentary, 47290
special education perspectives on whole language vs direct approach to reading & literacy instruction, 47272
special education placement, 6–14.8 yr olds with language & school behavior disorders, 19610
special education resource consultation model of intervention & support & services, 39329
special education services, Black students with disabilities, South Africa, 39353
special education services, change in classification &/or programing, rural preschool to secondary school students, implications for policy consultation, 43312
special educators' sociohistorical based strategies, support for ongoing parent participation, disabled children in transition to adulthood, 47265
special vs regular classroom programing, higher cognitive processes, gifted vs average ability 3rd–5th graders, 7540
status of gifted educational programs in Connecticut in absence of state program mandate, education professionals, 1989–91, 27603
student & classroom factors, risk of referral to special education, 7.2–11.4 yr olds & their teachers, 47294
student teacher ratio, special education instruction, learning disabled or emotionally/behaviorally disturbed or educable mentally retarded 1st–6th graders & their teachers, 31413
student's academic & adaptive behavior progress, satisfaction with child's education & school, parents of elementary school students with moderate intellectual disability, Canada, 43326
techniques for enhancement of home-school collaboration & parental involvement, practitioners of children with disabilities, 11552
time out in adjustment programs in schools & rehabilitation facilities, 23603
time spent in special education, global & mathematics self concepts, special needs 3rd–12th graders, 3558
total & average & excess costs of special education, 1985–86, 23608
training & developmental readiness, learning phonological manipulation skills, 4–6 yr olds with learning disabilities, 47287
training in safe responding to strangers' lures, developmentally delayed preschool students, 23615
use & operational definition of term "best practice" in special education, 23634
visual limitations & educational techniques & services, teachers & parents of children with albinism & adults with albinism, 22168
Vygotskian theory of language development & special education provision & practice, special education students, Russia, 47266
W. E. Deming's concept of total quality education, transformation & improvement of public & special education, 15325
20/20 Analysis approach to identification for placement in special education, students, 23635

Special Education—Books

The Carolina Curriculum for Infants and Toddlers with Special Needs (2nd ed.), 43331
Case studies of mildly handicapped students: Learning disabled, mildly mentally retarded and behavior disordered, 23651
Despite mental handicap: Learning to cope with adult daily life, 23650
Educating children with multiple disabilities: A transdisciplinary approach (2nd ed.), 43332
Education for special needs: Principles and practice in Camphill Schools, 7536
Experiencing special education: What young people with special educational needs can tell us, 35469
Learning problems & learning disabilities: Moving forward, 35468
Persons handicapped by rubella: Victors and victims—A follow-up study, 39366
Strategies for teaching students with mild to severe mental retardation, 43330

Teaching the student with spina bifida, 15534
Special Education—Chapters
Advances in special education legislation and attention deficit hyperactivity disorders, 47303
Applying contextual features of general case instruction and interactive routines to enhance communication skills, 43344
Best practices in assessing academic achievement, 35976
Best practices in the vocational assessment of special needs learners, 35975
Computer applications in the schools for students with mild disabilities: Computer-assisted instruction and computer-managed instruction, 43340
Conductive education: If it wasn't so sad it would be funny, 47304
Day treatment alternative: A model of innovation, 39368
Defining best diagnostic practices, 35981
Developing educational software for gifted and talented children: A Dutch example, 39385
Developing instructional adaptations, 43357
Early childhood services for children with severe disabilities: Research, values, policy, and practice, 43356
Educating all students: The future is now, 43352
Education reform, 31420
Educational strategies for gifted learning disabled children, 39369
Establishing spontaneous verbal behavior, 43354
Extended year special education programming: A legal analysis, 43349
Extended year special education programming: Educational planning, 43335
Finding and helping young people with exceptional mathematical reasoning ability, 3590
A free, appropriate public education for children with neurobiological disorders—sometimes available only through due process litigation, 3585
Functional assessment: Dynamic and domain properties, 39882
Gifted education and the protection of privilege: Breaking the silence, opening the discourse, 27606
Handling and positioning, 43353
A humanistic perspective of the education of the gifted and talented individual, 39380
Identifying gifted and talented children and adolescents around the world, 19635
Implementing learning strategy instruction in class settings: A research perspective, 3581
Implications of research on deaf and hearing children's language learning, 23653
Innovations in early childhood education: Models that support the integration of children of varied developmental levels, 19625
Integrated early childhood programs: Research on the implementation of change in organizational contexts, 19624
Integration and deaf people: The policy and power of enabling environments, 47302
Language intervention: Research and implications for service delivery, 19623
Learning disabilities from an educational perspective, 35471
Liaison with school districts: The 3 R's—Roles, rights, and responsibilities, 39367
Monitoring progress: Wentwood statistical analysis, 20108
Nurturing the affective aspects of giftedness: A neglected component of talent development, 39383
Personalisation through social education, 23656
Research basis of instructional procedures to promote social interaction and integration, 43345
Rights and recourses, 15819
The sensorimotor systems: A framework for assessment and intervention, 43339
A "Sixth Form College" for mentally handicapped adolescents: Wentwood Education, 23655
Social skills: Review and implications for instruction for students with mild mental retardation, 43347
Special needs: Personal trouble or public issue?, 3283
Supporting the education of students with severe disabilities in regular education environments, 43342
Talent development: Potential for developing nations, 39378
Using cognitive-behavioral techniques to improve classroom performance of students with mild mental retardation, 43348
Visual and linguistic determinants of reading fluency in dyslexics: A classroom study with talking computers, 43350
Working with families, 43338
Special Education Students—Serials
behavior during group teaching, 16–21 yr olds with moderate or severe mental retardation vs their teachers, 15514
behavior state conditions & classroom environmental variables, multiply handicapped 3.8–21.3 yr old students, 39338
collaborative communication instruction teaming to facilitate meaning based curriculum, development of communicative competence, students with severe multiple disabilities, 43305
constraints of line of sight method on classroom communication, 13–15 yr old deaf students & their teachers, 35452
contingency management program, appropriate classroom behavior during visitation by school leadership personnel, 6th–7th grade special education students, 35433
curriculum based measurement, assessment of satisfactory achievement standards & potential for reintegration into general education reading classroom, 3rd–5th graders in special education, 43837
demographics & social & behavioral variables of peer relations & coping skills & work habits, success in mainstreamed general education, special or regular education 3rd–6th graders, 1 yr followup, 19588
descriptive analysis & DRO, reduction of problem behaviors, 10–14 yr olds with Down's syndrome or cerebral palsy & their teachers, 43323
development of measurement & interpretation procedures, assessment of behavior state patterns, 2.4–19.7 yr old students with severe & profound multihandicaps, 35963
differential vs extensive sign training, overselective attention & simultaneous communication & speech comprehension, severely mentally retarded 4.3–11.4 yr olds, 35458
eclectic counseling, educational mainstreaming, female special education student, 35454
extensive vs mediated sign training, overselective attention & simultaneous communication & speech comprehension, 6.7–12.8 yr olds with severe mental retardation or severe learning disabilities, 35457
factors predictive of integrated educational placement, students with severe disabilities, 39342
feminist perspective on sex differences, psychosocial & moral development drawing responses to fairy tales, seriously disturbed special education students, treatment implications, 1523
gender bias in teachers' perceptions of & attention to primary students with special needs, teachers vs other educational personnel, 39337
history & contributing factors & decision making processes involved in full inclusion in general education classrooms, autistic children & youth, 15523
holistic approach to special education assessment, mildly to moderately disabled students, 47283
issues in allocation of financial resources for integration of children with special education needs, Local Education Authorities, Great Britain, 31389
language resource room approach to integrated classroom & pull out method of instruction, children with speech or language impairments, 31382
life centered career education approach to adjustment services, daily living & personal & social & occupational skills & career development, special education & at risk students leaving school system, 23602
microcomputer based videodisc assessment of social skills, special education elementary school students, 11551
multicultural reading program, middle school students with special needs, 23620
perceptions of & exposure to multicultural inservice training for special education teachers with African American students, school administrators, 11360
perceptions of & planning for mainstreaming special education students, elementary & middle & high school teachers, commentary, 39356

perceptions of & planning for mainstreaming special education students, elementary & middle & high school teachers, 39357
perceptions of special education students' risk for substance abuse & need for school based drug education programs, special education teachers, 19589
perspectives on recent education legislation & special needs provision & support services, special education students, England, 23631
planning & programing of student to student support teams, special needs students, 31385
prevalence & characteristics of preschool mainstreaming programs, early childhood educators, 47299
prevalence of adoptees, neurologically vs perceptually vs emotionally impaired 6–19 yr old public vs private school special education students, commentary, 11542
Reading Mastery vs Superkids reading instruction program, reading achievement, special education elementary school students, 23633
requesting vs labeling reinforcement strategies, acquisition of expressive signing, severely mentally retarded 4.4–6.9 yr olds, 35440
revision & reliability of Classroom Environment Scale, 10–21 yr old special education students with behavior disorders &/or emotional disturbances, 24225
risk factors & programs for prevention of substance abuse, special education students, 39344
selection methods & criteria for conductive education, 3.7–5.7 yr olds with cerebral palsy, England, 3532
self monitoring for behavior management in classroom settings, special education students, 1980–91, literature review, 31415
teacher experience & expertise, motor appropriate on & off task behavior in physical education class, mainstreamed vs nondisabled 1st–6th graders, 11565
temperament or personality characteristics & relation to classroom behavior, exceptional children, commentary, 39348
temperament or personality characteristics & relation to classroom behavior, exceptional children, 39349
time spent in special education, global & mathematics self concepts, special needs 3rd–12th graders, 3558
type & frequency of social skills included in individualized education programs, rural K–12th graders with behavior disorders or learning disabilities or mental retardation, 7524
validity of Draw A Person Screening Procedure for Emotional Disturbance, emotionally disturbed special education students, 35966

Special Education Students—Books

Case studies of severely/multihandicapped students, 39365
Experiencing special education: What young people with special educational needs can tell us, 35469

Special Education Students—Chapters

Shut in, shut out: Dance movement therapy with children and adolescents, 3584

Special Education Teachers—Serials

attitudes toward education of disabled children, educational administrators & principals & special & general teachers, India, 3550
cognitive map of classroom teaching & discussion methods, teacher of 12–18 yr old gifted & talented students, 35473
constraints of line of sight method on classroom communication, 13–15 yr old deaf students & their teachers, 35452
design of learning environment, encouraging ownership & risk taking & responsibility in literacy learning, deaf 4th–5th graders & their teachers, 23642
experiences in teaching learning disabled 4th–5th graders, male 30 yr old learning disabled 1st yr teacher, 39158
experiences in teaching learning disabled 4th–5th graders, male 30 yr old learning disabled 1st yr teacher, commentary, 39157
immediate vs delayed feedback supervision procedures, acquisition of systematic instruction skills, female special education preservice teachers, 3311
inservice training in collaborative problem solving & goal setting, 39–58 yr old special education teachers of multiply impaired children, 15340
issues in & strategies for preparation for work with disabled children & youth in 21st century, special education teachers & related services personnel, commentary, 31414
issues in & strategies for preparation for work with disabled children & youth in 21st century, special education teachers & related services personnel, 31406
method of discrete time survival analysis, study of duration & timing of events & discrete time hazard model of career paths, special educators, 13 yr study, 39171
model of service delivery for regular education classrooms, consultative collaborative teachers of visually handicapped students, 39335
notices & requirements for university special educational personnel in "The Chronicle of Higher Education", 27380
perceived importance & teaching of safety skills, preschool vs elementary vs junior high vs high school special education teachers, 7514
perceptions of & exposure to multicultural inservice training for special education teachers with African American students, school administrators, 11360
personal reflections on qualitative research of teaching methods & cognitive maps & professional practical knowledge of gifted education teacher, researcher, 35472
principles of & knowledge bases for special & general education & school learning environment, general & special education teachers & other educational personnel, 7527
ratings of gifted teacher competencies, principals & educators of rural gifted students, comparison with 1981 national sample, 7382
retention & attrition in special education & career decision influences, teachers, literature review, 47124
role of language & literacy in & planning & implementation of integrated experience based unit, classroom & student teachers working with profoundly hearing impaired students, 23649
roles & responsibilities on augmentative & alternative communication services teams, special education teachers, 15347
speech & sing classroom communication practices & preferences, teachers of deaf students, Australia, 3549
teacher training & experience, perceptions of behavior problems in special school settings, teachers of mentally handicapped students, India, 27588
views on planning school to work transition for learning disabled or mentally retarded students, secondary special educators, 23632

Special Education Teachers—Chapters

Personnel preparation: Directions for the next decade, 43171
Reason, rhythm, relaxation and the new literacy: Implications for curriculum differentiation to meet the special educational needs of pupils with specific learning difficulties, 43173

Specialization (Academic) [See Academic Specialization]

Specialization (Professional) [See Professional Specialization]

Species Differences—Serials

aggressive & agonistic behavior, Formica lugubris vs Formica rufa ant workers from sympatric vs allopatric colonies, 32338
anesthetics, photoresponses, 4 species of drosophila, 40339
antennal contact frequency & location & context & social function, Solenopsis invicta vs Myrmica rubra vs Lasius fuliginosus ants, 44291
attacker vs defender behaviors, intraspecific fighting tactics, male vs female prairie vs montane voles, 16487
auditory duration discrimination, adults vs male monkeys, 44222
brain 3H-imipramine & 3H-citalopram binding & serotonin innervation patterns, postmortem brains of 24–50 yr olds vs male rats, 24875
category discrimination of artificial polymorphous stimuli by feature learning, pigeons vs college students, 44241
cholecystokinin-JMV-180 &/vs cholecystokinin-8, liquid diet intake & locomotor activity, male rats vs mice, 12730
cliff swallow chick begging call, acoustic perception & response latency, adult cliff swallow vs European starlings vs adult humans, 4434
clutch hatching success & body size, mating rate, 2 species of male midwife toads, 44314

cohousing, subsequent reconciliation behavior with conspecifics, juvenile rhesus vs stumptail macaques, 40281
comparative evolution of penile morphology & sexual selection & social systems, primate species, reanalysis, 32282
conditioned discrimination in electrolocation of capacitive objects, species of mormyrids emitting electric organ discharges with differing waveforms, 8730
contact proneness & monogamy in field, huddling behavior in laboratory, pine vs meadow vs prairie vs montane voles, 28450
dietary composition, chimpanzees, 8 yr study, comparison with sympatric lowland gorillas, 44344
display size, visual search with symmetric vs asymmetric target distractor pairs, chimpanzees vs adult males, 44262
environmental constraint vs motor competition hypothesis of neonatal disappearance of prenatal facial wiping, Norway vs cotton rats vs Mongolian gerbils vs spiny mouse fetuses, 4532
escalating predatory threat, defensive response behavior, garter vs ribbon snakes, analysis of stable sequence of response models, 24564
ethanol, hedonic sensitivity in place conditioning paradigm & activity, male rats vs mice, 32601
evolution of nonconceptive sexuality, bonobos vs chimpanzees, 40326
fecal odors, intraspecific & interspecific burrow marking, sympatric plethodontid salamanders, 506
feeding neophobia, hand vs field raised swamp vs song sparrows, 4502
food cache recovery rate, hoarding willow vs nonhoarding great tits, 4539
food distribution, foraging competition, rhesus monkeys vs hamadryas baboons, 40289
hue, binary simultaneous discrimination, coatis vs kinkajous, 414
indices for estimation of association between species or individuals or groups in behavioral studies, animals & plants, 12091
individual body mass & temporal pattern & frequency & sound pressure, species specific call characteristics during agonistic behavior, male Trichopsis vittatus vs schalleri vs pumilus gouramis, 24602
individual distinctiveness & information capacity of chick begging calls & parent offspring recognition, cliff vs barn swallows, 40303
infant development & parental care, diademed sifaka vs captive white sifaka lemurs, 16474
interspecies differences in kin recognition & discrimination, anuran amphibians, research review, 12384
issues in human lack of instincts & distinction between humans' organic & animals' biological needs, 20483
joint territorial behavior, saddle-back vs moustached tamarin monkeys, 44324
kinematic & motor patterns & morphology, aquatic prey capture & feeding, 6 species of larval & adult salamanders, 16514
light-dark vs constant dark cycles, plasma melatonin levels & circadian locomotor rhythms, pinealectomized starlings vs sparrows, 24799
male exposure duration, vaginal cytology & behavioral receptivity & estrus attainment, parous vs nulliparous female montane vs meadow vs prairie vs pine voles, 12667
mating strategies, dart poison frog species with male vs female parental care, 516
mating system & social organization, 3 species of tree shrews, 40277
nesting ecology, biting behavior during escape, 2 species of bumblebees, 489
NMDA stimulus discrimination & generalization, male rhesus monkeys vs pigeons, 36716
object stimulus features vs location, spatial memory, food storing marsh vs nonstoring great tits, 439
olfactory threshold & discrimination & performance, female squirrel monkeys vs 26–39 yr olds, 28379
onset of egg laying, copulation frequency, monogamous bird pairs of various species, 28420
optokinetic stimulus, initial eye velocity & steady state velocity gain & afternystagmus duration peak velocity & duration of vestibular nystagmus, 7 teleost species, implications for neural storage, 4576
overlap of visual fields, ipsilateral retinal projections, 2 species of turtles, 20533
phase shift vs blocking, learning time place food availability pattern, insectivorous vs granivorous weavers, 8541
predation pressure & host plant phenology, maternal defensive & aggressive & reproductive behaviors, Gargaphia solani vs Gargaphia tiliae, 12411
prey immobility & darkness, foraging behavior & prey location & capture speed, blind vs facilitative cave dwelling salamanders, 24620
properties of 40 Hz EP response measurement of spectral sensitivity vs magnocellular vs parvocellular pathway cells, adult humans vs macaques, 40451
reconciliation & postconflict behavior, ringtailed vs redfronted lemurs, 40296
replacement of human 5-HT receptor amino acid with rodent 5-HT asparagine, pharmacological variation, 20950
representation of saccadic eye displacement by oculomotor vs perceptual system, oculomotor localization, human adults vs female monkeys, 12499
scramble competition rambling & discrimination & courtship in mating, short vs longer lived species of butterflies, 4545
seasonal variations & ecological factors, foraging & dietary patterns, moustached vs saddle back tamarin monkeys, 28430
sexual & agonistic & other social behaviors in interspecific & intraspecific encounters, different species of gerbils, 4493
sexual dimorphism & return to receptivity after mating & remating behavior, species of male vs female Hawaiian drosophila, 12442
signalling systems & male female encounters, allopatric vs sympatric gerbil species, 44284
single positive site experience, spatial memory task performance, marsh vs blue tits, 4432
social density, copulation & mate guarding & territoriality, yellow vs black billed magpies, 12383
social grouping tendencies & conspecific separation induced distress during encounter with human, juvenile goats vs sheep, 44311
social learning & tool use imitation, chimpanzees vs 2 yr old humans, 44247
social status & reproductive & agonistic contexts & environmental change, intrasexual dominance & scent marking & allomarking rates, Lemur fulvus vs macaco, 36370
spatial short term memory performance in 17-arm radial maze analog paradigm, college students, implications for comparative psychology with rats, 28319
stimulus duration ratio discrimination in forced choice 2 alternative paradigm, college students, comparison with pigeons, 24278
stimulus target path prediction, psychomotor performance, rhesus monkeys vs college students, 420
subsequent & immediate vs 15 min delayed mating without ejaculation, sperm number present 1 hr postejaculation during initial mating, male prairie vs montane voles, 12636
temperament & motor & other behavioral contrasts, male cynomolgus vs lion tailed macaques, 24575
time course of aggressive arousal, female hamsters vs male rats, 16490
utility of reproductive index, valuation of relationship between breeding success & habitat quality, Grasshopper vs Vesper vs Savannah sparrow, 36435
visual search in multiple alternative matching to sample paradigm, RT, chimpanzees vs college students, 24516
visual vs auditory relative stimulus frequency, expectancy & RT & attention, male rats vs adult humans, 4463
vocal learning of own vs cross fostered food calls, adult female rhesus vs Japanese macaques vs their normally raised vs cross fostered offspring, 8566
vocalization similarities, European vs North American black billed vs yellow billed magpies, 24634

Species Differences—Chapters

A comparative approach to language parallels, 32357
Comparative cognitive development, 32312

Differences in behavioural development in closely related species: Birdsong, 16507
Neuroethological perspectives on the human brain: From the expression of emotions to intentional signing and speech, 613
On the neurobiology of vocal communication, 608
Social behavior and organization in the Macropodoidea, 36451
Social conflict in two monogamous New World primates: Pairs and rivals, 36447
Tool use, language and social behavior in relationship to information processing capacities, 32472
Species Recognition—Serials
choice behavior in discrimination of parasitized vs non-parasitized hosts, female Opius dimidiatus wasps, 32340
cliff swallow chick begging call, acoustic perception & response latency, adult cliff swallow vs European starlings vs adult humans, 4434
cohesive & agonistic behavior & interindividual distances & colony member & sibling discrimination, Columbian ground squirrels, 28433
comb wax compounds, nestmate recognition, honey bees, 478
conspecific vs heterospecific introductions, nestmate recognition & acceptability duration & effectiveness, ants, 515
cuckoo egg & nestling recognition adaptation, parasitized great reed warbler host parents, application of imprinting cost model, 36338
discriminant analysis of overlap & separation of song features critical to conspecific recognition, sparrows & other avian species, test of sound environment hypothesis, 44321
ectostriatum vs Wulst lesions, discrimination between video images of quails vs conspecifics, pigeons, 16594
egg recognition & stealing, thick billed murres, 36372
frequency difference vs ratio, song recognition, male white throated sparrows, 12414
heterospecific vs conspecific facial feature discrimination, RT measures of feature salience, budgerigars, 4428
heterospecific vs conspecific male advertisement calls, preferential response & call recognition, female Neotropical frogs, implications for mate selection behavior, 44270
intercall interval, discrimination of meadow vs rock pipit tsip calls, meadow pipits, 484
interspecific host discrimination & competitive ability, female dendrocerus lacticeps vs dendrocerus carpenteri, 8571
learning vs predisposition, preference for filial vs neutral object, chicks, 24538
mucus from stressed conspecifics vs heterospecifics, withdrawal, terrestrial slugs, 507
own vs alien breed specific syllable phonology & song segmentation, copulation solicitation displays, female common canaries, 28455
perception of individually distinctive variations in electric organ discharges from conspecifics, Gymnotus carapo, 416
serial vs repeated song repertoires, discrimination of territorial neighbor vs stranger, male American restarts vs yellow warblers, 40323
song based species discrimination & behavior assessment, female blackbirds, 40280
song motif parameters, species discrimination & aggressive territorial responses, male blackbirds, 28424
species odor response, newborn male wild house mice fostered on or exposed to scents of maternal conspecifics vs prairie deer mice vs rats, 522
standard vs altered mating songs, species recognition, green lacewings, 20468
tactile & visual cues, host recognition, parasitoid Pimpla instigator wasps, 32344
vasopressin & oxytoxin in septum, social recognition of intruder, male rats, 8958
Species Recognition—Chapters
The perception of pitch constancy in bird songs, 428
Spectral Sensitivity [See Color Perception]
Speech [See Oral Communication]
Speech and Hearing Measures—Serials
automated technique for estimation of speech reception thresholds in multitalker babble, normal 20–42 yr olds & hearing impaired 57–83 yr olds, 24112
computerized evaluation of duration of speech pauses & correlation to mood & interhemispheric transit, applications to diagnosis & treatment of mood disorders, 1761
delay of aural habituation due to extensive hearing testing, hearing impaired child, 35065
dynamic vs static conventional assessment of cognitive modifiability & factorial pattern, deaf vs hearing 49–75 mo olds, 18457
noninvasive laboratory instrumentation method, assessment of speech physiology & development of behavioral goals & biofeedback remediation of stuttering, 38 yr old male, case report, 7274
reliability & validity & speed of execution of Battery of Basic Computerized Audiometry Tests, 7.5–12 vs 65–80 yr olds vs 18–64 yr old noise exposed industrial workers, 31821
self report vs audiometric methods of hearing loss assessment, nursing home residents with normal vs impaired hearing, 24056
validity of Performance Inventory for Profound & Severe Loss vs MMPI, assessment of psychopathological disturbances, 19–62 yr olds with otosclerosis, 24125
Speech Anxiety—Serials
anticipated communication & communication apprehension, negative & task relevant thinking & recall, college students in public speaking course, 16914
communication apprehension & cognitive performance, elementary & high school & college students, meta analysis, 35395
communication apprehension & self perceived communication competence, academically at risk middle & junior high school students, implications for classroom strategies, 11463
high vs low effort task & assessment order, speech length & attitude toward public speaking, speech anxious college students, test of erasure explanation of internal state & behavior incongruity, 1404
Pennsylvania State University Reticence Program vs public speaking course, reduction of communication apprehension & shyness, college students, 11399
positive thinking preceding visualization of speech phobic image, heart rate & subjective report of speech anxiety, college students, 24490
process constraints treatment analog, behavioral signs of fear of public speaking, 18–59 yr olds with verbalization vs visualization cognitive style, 30348
reliability & validity & comparability of thought listing vs Public Speaking Thought Test, adults with public speaking anxiety, 4036
speaking anxiety & school achievement & crime, commentary reply, 29932
speaking anxiety & self esteem & educational achievement, female inmates, commentary reply, 37978
speaking anxiety & self esteem & educational achievement, female inmates, commentary, 1966
visual aids in public speech, anxiety, college students, 21853
visualization &/vs education, public speaking apprehension, male vs female college students, 22619
worrisome vs relaxing thinking, heart rate & subjective fear during imagined phobic image, speech phobic female college students, replication, 29720
Speech Characteristics [See Also Articulation (Speech), Pronunciation, Speech Pauses, Speech Pitch, Speech Rate, Speech Rhythm]—Serials
acoustic measurements of fundamental frequency & jitter & shimmer in fluent vocalized utterances, stuttering 36–56 mo old males, 14118
acoustic variables, neural network estimation of speech intelligibility, hearing impaired speakers, 6433
adaptive nature of & acoustic & phonetic transformations during informal conversational vs articulated speech vs baby talk, test of theories of variability in speech, conference presentation, 16945
age & sex & amplification of speech, nasalance, hearing impaired 3.7–17.5 yr olds, 26372
age & speech rate & passage difficulty, memory for speech, 61–79 yr olds & college students, 44164
age, ratings of use of bad or abusive vocal behaviors, parents of 3–7 yr olds, rating scale appended, 44833

age, utterance length & syntactic category use & speech rate, normally fluent vs stuttering 2.6–12.5 yr olds, 26130
anticipatory tonal coarticulation in Thai noun compound, 22–71 yr olds with bilateral brain damage, Thailand, 46054
audience design factors & societal norms, variation in production of Creole vs standard English, 2–4 yr olds, Trinidad & Tobago, longitudinal study, 40859
changing state of speech, disruption of short term memory & irrelevant speech effect, college students, 356
characteristics of vocal communication with parents vs grandparents, 18–20 yr olds, 5379
children's speech production, 17–23 mo olds & 2–3 yr olds vs adults, application of perceptual based model, 32865
cochlear implants vs tactile vs hearing aids, speech intelligibility, children with early vs late onset deafness, 26913
comparative method of study of speech & methods of differentiating underlying forms of phonetic variants, conference presentation, 16948
computer program for analysis of effects of stiffness & damping parameter values on speech stress & syllable position & vowel quality & other linguistic factors, 36949
constancy of interstress intervals in fluent speech during adaptation trials, male stuttering 17 & 20 yr olds, followup, 2101
continuous repetition of normally vs slowly spoken word, habituation & frequency of verbal transformations, college students, replication, 40047
conversational tempo & obvious vs subtle social interaction structure, attributive affect, adult speakers vs dyad partners vs Os, 25483
cross cultural experience, perceived vocal features & personality traits of male American vs Korean speakers, college students, US vs Korea, 41262
cultural & social significance of speech play, Bali, 40756
deficits in production of vowels & unnasalized speech & other speech characteristics, genetic isolation & extinction, Neanderthal population, 9056
development of computer based speech program, training for stop consonant production, 20–35 yr olds, 15194
dialectic functions of speaking & silence in dialog, 28845
dialog with & mental representation of computer system vs human E, male 18–33 yr olds, implications for design of speech system interfaces, 39583
distribution of sentence fragments in spontaneous narratives, 60–74 vs 75–90 yr olds, 5272
disyllabic vocalizations, prosodic organization, Japanese vs French 18 mo olds, 5100
duration of speech interval, intrarater & interrater reliability of ratings of speech naturalness of stuttering clients in treatment, experienced vs inexperienced college student judges, 12022
English vs Russian intonation, emotive responses, adults, Canada vs Russia, 40747
experimental vs naturalistic approaches to study of speech error detection & correction, 270
familiar vs unfamiliar word presentation style, frequency of verbal transformation, college students, 8255
final stop consonant & phonemic vowel experience, vocalic duration & F1 offset frequency voicing cues, native English vs Japanese vs Mandarin Chinese speaking adults, 12954
fundamental frequency contour & tone latitude of speech, affective signalling, patients with ischemic infarction of right inferior frontoparietal region, Taiwan, 14342
grammatical & acoustic correlates of perceived subjective speech pauses, adults, 32110
imitation of intonation contours in spoken sentences, 3 vs 5 yr olds, 25136
immature speech patterns & maternal responses, unusual phonological behavior, female 13 mo old, 7 mo study, 28950
Ineraid cochlear implant, vowel production, deaf adults, longitudinal study, 7277
labial vs alveolar vs velar articulation & speech rate, voice onset time value, male college students, 12969
level of demand of parent's requests & length & complexity of utterance, disfluencies in conversational responses to questions vs assertions, 4–10.6 yr old stutterers & their parents, 18166
linguistic & word structure characteristics in interview, differentiation of personality organizations, neurotic vs borderline vs psychotic patients, Sweden, 41485
linguistic background & perception of cues of amplitude & duration, native speakers of English vs Estonian, US & Estonia, 25065
live vs prerecorded speech, live vs computer interactive video tracking simulation measurement of tracking rates & inter-S variability & between story differences, 24–30 yr old listeners, 15779
male vs female infant vs adult directed speech, attentional &/or affective preference, 6–8 wk olds, 9182
map task corpus of unscripted dialog, study of linguistic phenomena of spontaneous speech, 17–30 yr olds, Scotland, 4993
maternal childrearing style & speaker's role status & cultural features of communication situation, nature & form of speech acts, female 5–6 yr olds & their mothers, France vs Canada, 37312
mixed vs same sex dyads, sex differences in dominance & submissiveness in conversation, 3rd graders, 9275
moraic vs syllabic segmentation of spoken Japanese words, native speakers of Japanese vs English vs French, Japan & France, 44791
motherese vs normal speech register & active vs passive listening, speaker evaluation, 18–43 yr olds with vs without head injuries, 2272
neoglottal vs esophageal vs normal speech, perception of speaker's sex & normality & intelligibility & rate & rhythm & intonation, listeners, 32106
noise & visual obstruction, distance of hand from body during signing & vocal intensity, hearing 23–41 yr olds, 16953
oral & motor & perceptual analysis of speech disorders, 46–81 yr olds with progressive supranuclear palsy, 34195
patterns of sentence production & language disruption, 55 yr old left handed female stroke victim, case report, commentary reply, 14265
patterns of sentence production & language disruption, 55 yr old left handed female stroke victim, case report, commentary, 14272
peak-and-level model of variation in clearness & focus within read vs natural speech & application to synthetic speech for improved naturalness & acceptability, listeners, conference presentation, 16943
perceived nasalance & nasality of 3.3–13 yr olds with cleft palate or other craniofacial disorders, speech language pathologists & graduate students, conference presentation, 41987
phonemic status & phonetic familiarity & acoustic salience, speech perception & place distinction, adult Farsi vs English speakers exposed to unfamiliar Salish language, 278
phonetic characteristics of foreignness in speech, female 56 yr old with foreign accent syndrome following cerebrovascular accident, Australia, 14267
pitch discrepancies in natural voice vs speech intonations, schizophrenic vs manic & reactive psychotic patients, 21835
prosodic properties of read vs spontaneous speech, adults, UK, implications for design of automated speech recognition systems, 5001
qualitative acoustic analysis, study of disordered production of vocalic segments, 54–62 yr old males with apraxia, letter, 26132
rate & relative timing & other speech characteristics, 20–71 yr olds with Parkinson's vs Huntington's vs Wilson's disease of basal ganglia vs Broca's aphasia vs normal adults, 14364
reductionist vs sociolinguistic theory of language based on speech style vs social behavior, conference presentation, 16923
relative timing in continuous speech production, hearing impaired 18–25 yr olds, test of biological constraint model, 6435
sentence accent & word stress & class, acoustic properties & reduction & duration & identification of Dutch vowels, adults, 40758

sex & dialect, speaking, adults, analysis of studies from TIMIT database, 811
sex & nasal cross sectional area & fundamental frequency, nasalance scores, normal speaking adults, 5003
sex, indirectness in conversation, 35–45 yr old spouses with children, application of Gricean maxims, 21483
short term stability of task generated intrafamilial speech patterns, schizophrenic 18–32 yr olds & their parents, 41567
speaking rate & vowel duration & context & stress, formant track shape of Dutch vowels, adult speaker, 825
speaking rates & RT latencies & interrupting & child speech disfluencies, male 3.3–4.7 yr old stutterers & their mothers, 18162
speech intelligibility & swallowing difficulties, patients with dysarthria & dysphagia due to stroke or Parkinson's disease, 41960
speech intensity & prosody correlates & application to speech synthesis, conference presentation, 16937
speech output type & aided message length & partner reauditorization, perceptions of communicative competence of augmentative communication system user, 20–65 yr olds, 19279
speech rate & loudness, cardiovascular reactivity during reading task or semistructured interview, college students, 12708
speech rate, production of tense vs lax vowel duration, fluent vs nonfluent aphasic adults, 38214
speech rate, voice onset time contrasts in consonant production, nonfluent vs fluent aphasic adults, 38215
speech samples from normal speaking vs dysarthric 6–11 yr olds, perceived personality traits & physical appearance, 13 yr olds, 41918
speech synthesis systems & research on variability in speech, implications for future text to speech systems, conference presentation, 16936
stimulus variability in speech production, perception & memory & retention & detection of differences between speech sounds, 2 mo olds, 933
syllabic stress & finality, perceptual predisposition & attention in word production, 1.4–1.9 yr olds, 28911
syllable boundaries of Spanish vs English words, RT on syllabification task, Spanish- vs English-speaking college students, Australia & Spain, 40742
talker differences & reverberation vs noise degradation, vowel identification, hearing impaired 50–69 yr olds vs 20–46 yr olds, 18452
task difficulty & synthesized vs human speech quality, performance of alarm initiated tasks & recall, college students, implications for plant control rooms, 15697
temporal characteristics of monosyllabic vs bisyllabic vs trisyllabic words & intraword timing, Thai speaking 23–60 yr olds with unilateral brain lesions with vs without fluent vs nonfluent aphasia, 46053
temporal characteristics of speech & practice & number of talkers, consonant recognition, normal hearing adults vs 44–65 yr olds with cochlear implants, comparison with other data, 18932
temporal stimulus accents, verbal production & motor accompaniment synchronization, 5.5 yr old musicians vs nonmusicians, France, 9147
types & onset of slips of tongue, 1.3–6 yr olds, 930
use of articles & duration of grammatical morphemes, French speaking 4–6 yr olds with specific language impairment, 41919
use of baby talk in task instructions to mature vs baby faced 44–54 mo olds, college students, 21122
use of deictic terms & lexical retrieval & utterance length, fluent vs nonfluent aphasic vs right hemisphere damaged 31–87 yr olds, 38294
utilization of static & dynamic speech cues in vowel identification, 24–60 yr olds with multichannel cochlear implant, 11194
vocal attractiveness & maturity, person perception, college students, 1405
vocalic formant transitions, speech perception, 3–7 vs 20–40 yr olds, 5121
voice onset time during sobriety vs intoxication, 21–26 yr olds, 9509
voice quality & acoustic characteristics & personality impressions & attractiveness perceptions, college students, 41234
vowel duration in English words with final letter /d/ vs /t/, Chinese or Taiwanese nonnative English speakers, 36940
word frequency & regularity of stress & neighborhood, stress assignment in reading words aloud & RT in lexical decision & naming times, adults, Italy, 12953
word length, syllable duration, fluent vs nonfluent aphasic 33–83 yr olds, 30163

Speech Characteristics [See Also Articulation (Speech), Pronunciation, Speech Pauses, Speech Pitch, Speech Rate, Speech Rhythm]—Chapters

An acoustic study of apraxia of speech in patients with different lesion loci, 41929
Social class, maternal speech and the child's semantic orientation, 37090
Speech and prosodic problems in children with neurofibromatosis, 41991
Temporal information in speech: Acoustic, auditory and linguistic aspects, 44041

Speech Development [See Also Retarded Speech Development]—Serials

abuse &/or neglect, speech & language development, children, literature review, 21932
age, phonetic & phonological & speech development, deaf vs hard of hearing 0–3 yr olds, 14448
children's speech production, 17–23 mo olds & 2–3 yr olds vs adults, application of perceptual based model, 32865
consonant & phonological harmony as representational vs processing deficit, female 2 yr old, Germany, 895
developmental changes in phonetic sensitivity & speech perception & production, commentary, 44874
developmental model of adult phonological organization based on emergence of phonemes in young child's speech reorganization & production, 44906
EEG of sensorimotor cortex during real & mental movement, ambidextrous vs left handed 6 yr old males with vs without general speech underdevelopment, 14141
identification & progression & prevention & prototypic categories of stuttering, preschool & school age children, commentary reply, 14121
identification & progression & prevention of & parental influences on stuttering, preschool & school age children, commentary, 14112
identification & progression & prevention of stuttering, preschool & school age children, commentary, 14124
identification & progression & prevention of stuttering, preschool & school age children, commentary, 14137
metacognition & metalinguistic approach to relationship between & development of speech acts & corresponding mental states, preschool & school age children, educational implications, 37048
milieu teaching approach, acquisition of prelinguistic communication skills, male 20 mo old with Down's syndrome & mentally retarded 23–30 mo olds, 27595
motor & speech & self care & living skills task performance, kindergarten survivors of extreme premature birth, 5 yr study, 41969
parenting & parent child interaction & communication, individual differences in child language learning, 7–12 mo olds & their parents, 2.5 yr study, 9151
performance constraint on compensatory lengthening in phonological development, 1 yr old, 17066
phonological development & perceptual orientation to speaker's vocal & facial displays, infants, commentary, 44887
phonological selectional constraints on & syllabic length of & consonant clusters & phonemes in attempted spoken words, 2 yr olds, 3 yr study, comparison with adults, 9136
pitch contours of maternal speech, comfort state vocalizations, male infants observed during 1st 26 wks of life, Japan, 9173
progression & prevention of stuttering, preschool & school age children, commentary, 14132
progression & prevention of stuttering, preschool & school age children, commentary, 14140

progression & prevention of stuttering, preschool & school age children, commentary, 14119
progression & prevention of stuttering, preschool & school age children, commentary, 14114
progression & prevention of stuttering, preschool & school age children, 14122
sensory management & experiential enrichment & individual instruction in speech development program, hearing impaired children, 31045
speech development in educational program, deaf students, Canada, 31401
speech intervention, hearing impaired 0–3 yr olds, 31043
speech perception & production models, infants, commentary, 44876
variation in prelinguistic vocal & word production & intentional communication, English vs French vs Japanese vs Swedish infants & preschoolers vs their mothers, 44910
vocal motor schemes & individual differences in speech perception & production development, infants, commentary, 44911

Speech Development [See Also Retarded Speech Development]—Books

Baby talk: The art of communicating with infants and toddlers, 44920
Nonverbal vocal communication: Comparative and developmental approaches. Studies in emotion and social interaction, 525

Speech Development [See Also Retarded Speech Development]—Chapters

Development of verbal communication in persons with moderate to mild mental retardation, 38045
Development of vocal signaling in human infants: Toward a methodology for cross-species vocalization comparisons, 1018
An interactive approach to language and communication for non-speaking children, 35067
Is early speech situational? An examination of some current theories about the relation of early utterances to the context, 37085
Perspectives on early language from typical development and Down syndrome, 38049
Psychoacoustics and speech perception: Internal standards, perceptual anchors, and prototypes, 17110
The representation of spoken language in children, 32932
Speech intelligibility and communicative competence in children, 21157

Speech Disorders [See Also Articulation Disorders, Dysphonia, Stuttering]—Serials

agraphic writing abnormalities, 49 yr old male with severe aphemia, case report, 2096
aphonia, female 55 & male 74 yr old with thalamosubthalamic infarction, 38262
clinical & neuropsychological findings, 33 yr old male with epileptic transient aphemia, case report, 38272
clinical & neuroradiological features, male 79 & female 59 & 69 yr olds with palilalia due to neurological disorders, case reports, 34185
contextual & linguistic variables, intelligibility of words by 4–5 yr olds with developmental phonological disorder, adult listeners, 18167
EEG of sensorimotor cortex during real & mental movement, ambidextrous vs left handed 6 yr old males with vs without general speech underdevelopment, 14141
etiological factors, 9–17 yr olds with severe speech & language disorders, England, 2102
family history & concordance of speech & language disorders, school age monozygotic vs dizygotic twins, 14128
family incidence of language disorders or dyslexia or learning disabilities or stuttering or hearing impairment, 4–27.5 yr olds with histories of preschool phonology disorders, 10195
imaging technologies, structural & functional analysis of brain behavior relationships & speech & language performance & pathology, 26135
inner speech & subvocal articulation in verbal short term memory, anarthric 25 yr old female & 65 yr old male with pontine or frontal lobe lesion, 6347
instruction in supporting communication with augmentative communication systems, caregivers of 18 & 26 yr old females with motor & speech impairments, 2974
issues in characterization of nonsense speech as glossolalia or speech or thought disorder, schizophrenic patients, 37753
issues in characterization of nonsense speech as glossolalia or speech or thought disorder, schizophrenic patients, commentary, 37742
issues in characterization of nonsense speech as glossolalia or speech or thought disorder, schizophrenic patients, commentary, 37725
language functioning, schizophrenic patients with speech disorder vs fluent aphasic 55–71 yr olds, commentary, 21658
language functioning, schizophrenic patients with speech disorder vs fluent aphasic 55–71 yr olds, commentary reply, 21660
language resource room approach to integrated classroom & pull out method of instruction, children with speech or language impairments, 31382
linguistic skills & personality traits, 4.7–5 yr olds with moderate phonological disorder, 28 yr followup, 14116
low threshold mechanical stimulation, cutaneous reflex responses in jaw closing system, 4–6 vs 7–8 yr olds with disordered speech, 14144
oral & motor & perceptual analysis of speech disorders, 46–81 yr olds with progressive supranuclear palsy, 34195
phoneme feature distinctions & class & relationship to child's grammar in induction of phonological change, 3.5–5 yr olds with phonological disorders, replication, 14117
phonetic representation & realization of consonant clusters, 3.3–6.7 yr olds with functional speech disorders, comparison with adults, 2093
preschool phonology disorders, phonology & reading & spelling performance, 4–45 yr olds, 2097
quantitative & developmental differences in standing long jump, speech impaired vs nonimpaired 3–5 yr olds, 33996
singing instruction, speech production, neurologically impaired adults with expressive speech disorder, 39052
speech & language therapy, phonological segmentation skills in production of real words vs nonwords, 5 yr old with deviant phonological production, Great Britain, 23299
UNICEF mobilization & training project for detection & rehabilitation of speech & hearing disabilities, educational & health & grassroot workers in rural communities, India, 27185
validity of Speech Disorders Classification System & Articulation Competence Index & Speech & Prosody-Voice Profile, children with developmental phonological disorders, application to genetics, 24148

Speech Disorders [See Also Articulation Disorders, Dysphonia, Stuttering]—Books

Postlingually acquired deafness: Speech deterioration and the wider consequences. Trends in linguistics: Studies and monographs, 62, 34274

Speech Disorders [See Also Articulation Disorders, Dysphonia, Stuttering]—Chapters

Acoustic/perceptual taxonomies of speech production deficits in motor speech disorders, 41931
Botulinum treatment for orolingual-mandibular dystonia: Speech effects, 42633
Developmental verbal dyspraxia: A longitudinal case study, 2109
Kinematic, electromyographic, and perceptual evaluation of speech apraxia, conduction aphasia, ataxic dysarthria, and normal speech production, 41444

Speech Handicapped—Serials

costs & effects of home parent training vs clinic based low parent involvement program, speech & language & family functioning & general development, speech disordered 2–3 yr olds, 2 yr followup, 19278
naturalistic conversation training, speech production, male & female 3.8–4.3 yr olds with speech impairments, 42983
role in reification & ranking in assessment of speech language impairments, speech language pathologists, 45883

Speech Measures [See Speech and Hearing Measures]

Speech Pauses—Serials
computerized evaluation of duration of speech pauses & correlation to mood & interhemispheric transit, applications to diagnosis & treatment of mood disorders, 1761
feeling of knowing, recognition & intonation & delays in answers to factual questions in conversational setting, college students, 28321
grammatical & acoustic correlates of perceived subjective speech pauses, adults, 32110
mood content & temporal pacing of speech & voice quality & fundamental frequency, depressed mothers, 25755
pause before novel target word, quick incidental learning of object vs attribute word, specific language impaired 51–69 mo olds, 14136
speech pauses & repairs in narratives, autistic vs mentally retarded vs nondisordered school age children, 41802
word prominence & position & intrinsic duration & time interval, lengthening of & pausing after phrase final word as prosodic vs syntactic representation, college students, US & Canada, 28837
Speech Perception—Serials
acoustic & lexical stimulation, phonetic integration in duplex perceptual organization of speech, college students, 28217
acoustic & phonetic & lexical rule & knowledge based system, automated speaker independent speech recognition in French language, 7807
acoustic variables, neural network estimation of speech intelligibility, hearing impaired speakers, 6433
acoustic vs phonetic representation of speech, mismatch negativity EPs, 23–29 yr olds, 32499
advances in speech recognition technology, 11806
age, vowel perception in native vs nonnative speech, 4–12 mo olds vs adults, implications for consensus hypotheses, 44915
allocation of attention to coda of 1st vs onset of 2nd syllable of spoken word, RT in detection of target syllable, French vs Spanish speaking college students, France, 40045
amplitude comodulation, auditory object formation & grouping together of simultaneous components of speech signal in sentence perception, 18–34 yr olds, 16223
amplitude sensitive ear muffs, speech recognition during background noise, normal hearing 18–22 yr olds, 268
analysis of errors on affective prosodic listening task, left vs right hemisphere damaged 30–82 yr olds, 14363
analysis of face naming errors in serial stage models of speech production, college students, 20240
applications of & human factors issues in automatic speech recognition, UK & US, 7776
attention, perception of phonetic segments, college students, 20241
attention to periodic sounds & language specific speech segmentation, 0–1 yr olds, commentary, 44863
audio vs visual headphone vs soundfield presentation of speech stimuli from 4–5 yr olds, judgments of phoneme errors, graduate students, 8248
auditory detection threshold & discrimination & speech perception, hearing impaired 40–70 yr olds with 8th nerve vs left vs right temporal cortex pathology, 14444
auditory EP component mismatch negativity & discrimination of synthetic vowels, aphasic male 46–77 yr olds with left posterior vs anterior brain damage, Finland, 26265
augmented chart data structure with efficient word lattice parsing scheme, automated speech recognition, 7805
automated technique for estimation of speech reception thresholds in multitalker babble, normal 20–42 yr olds & hearing impaired 57–83 yr olds, 24112
automatic speech recognition of speaker independent Italian language speech database, 7809
awareness & speech & other error detection in Perceptual Loop & Node Structure theory, 32248
awareness & speech & other error detection in Perceptual Loop & Node Structure theory, commentary, 32249
awareness & speech & other error detection in Perceptual Loop & Node Structure theory, commentary, 32247
backward speech, recognition memory & rated truth & discrimination of new vs repeated corresponding forward statements, college students, Canada, 36106
Bayesian learning for hidden Markov model with Gaussian mixture state observation densities, speech recognition system performance, speakers, 8104
bilateral contralateral routing of signal hearing aid, speech perception in noise, asymmetrically hearing impaired 16.5–85.1 yr olds, 26881
brain lateralization during perception of syllables, 16–42 yr old stutterers, 14145
characteristics & applications of & guidelines for computer based voice recognition, 31720
cognitive style of category width, categorization & auditory & visual discrimination & decision in bimodal speech perception, college students, 36171
communication training in audiologic rehabilitation, speech comprehension & self perception of hearing handicap, 61–83 yr old hearing aid users, assessment implications, 42903
connectionist vs conventional network classification systems, identification of spoken utterances of words yes & no, 7842
consonant recognition, native speakers of English vs German vs French with cochlear implants, US & Europe, 27186
consonants in initial position of word vs medial consonants varying in number & order, auditory perceptual judgments of consonant production, 3–7 yr olds, 37059
context effects & coarticulation & perceptual compensation in speech perception, application of double weak theory, 16236
continuous repetition of normally vs slowly spoken word, habituation & frequency of verbal transformations, college students, replication, 40047
conventional vs super bass bone anchored hearing aid, speech recognition, 7–40 yr olds with severe mixed hearing loss, 18925
critical band, vowel discrimination, adults, 16242
degree of hearing loss & shape of audiogram, effect of hearing aid on speech perception in noise, 60–70 yr olds, Netherlands, 11099
detection & recognition of stop consonants, normal hearing vs hearing impaired adults, 2364
detection thresholds for silent temporal gaps between simulated voiceless stop & vowel markers, college students, 36113
developmental changes in phonetic sensitivity & speech perception & production, commentary, 44874
dichotic listening with English vs Chinese words, bilingual vs monolingual right handed college students, implications for interhemispheric language processing, 44789
dichotic speech & complex pitch discrimination, 7.2–20 yr olds with unilateral acquired left vs congenital right hemisphere brain injury, 22386
dichotic 3rd formant transition & base of synthetic syllable, discrimination & integration of acoustic information & organization of speech perception, 3–4 mo olds, 21169
discrimination & phonemic vs syllabic categorization of multisyllabic utterances, 4 day olds, 44861
discrimination & phonetic equivalence of visually influenced & audiovisually compatible syllables, college students, 16239
duration & interval parameters of voice samples, identification of mock abductor's voice immediately vs 24 hrs vs 1 wk following voice exposure, college students, 8265
duration of contrastive portions, grammatical morphological limitations & discrimination of speech stimuli with consonant contrasts, specific language impaired 4.5–5.6 yr olds, 14127
ear model based architecture & features of phonetically based multilayered neural networks for vowel classification, 7835
early literacy knowledge & experience, contextual vs language based speech act comprehension strategy, 3–4 yr olds, Canada, 3 yr study, implications for developmental linguistic pragmatics, 28951
electrode position & repetition rate, psychophysical discrimination of symmetric trajectory pairs & speech perception, early vs late deafened cochlear implant patients, 38698

elevated speech reception threshold & central auditory measure abnormalities, 10–63 yr olds with normal hearing acuity & impaired speech perception in noisy conditions, 32111
evaluation of comprehensibility of speech synthesis types, adults, 8257
evidence for acoustic basis of cross linguistic phonotactic constraints, 16232
experimental vs naturalistic approaches to study of speech error detection & correction, 270
exploitation of speech knowledge in & architecture of neural networks for speech recognition, 7838
familiar vs novel nonsense syllables, left vs right frontal vs temporal vs parietal lobe auditory EP correlates of short & long term recognition memory, 14 mo olds, 17051
familiar vs unfamiliar word presentation style, frequency of verbal transformation, college students, 8255
features used in speech recognition & changes due to Lombard reflex & effect on intelligibility, male vs female adults, France & US, implications for automatic speech recognition, 36116
frequency importance functions for monosyllabic words in high vs low context spoken sentences, normal hearing 15–28 yr olds, 269
fundamental frequency & steady states vs parallel vs crossed gliding pitch contours, perceptual segregation of simultaneous vowels with harmonic vs shifted vs random components, college students, 32107
fundamental frequency of speech, accent perception, English- vs Japanese-speaking adults, 16229
fuzzy logic vs prelabeling integration training models, transfer & retention in learning to lipread, female college students, 44033
grammatical & acoustic correlates of perceived subjective speech pauses, adults, 32110
habituation & recovery to & memory of same vs different speech sounds, neonates, 1 day followup, 28962
innate factors & early language specific experience & phonetic perception, infants, native language magnet theory vs word recognition & phonetic structure acquisition model, 44883
intensity & duration of final syllable of sentence, perception of vowel & syllable duration, adults, letter, 24346
interaural level & time delay & envelope fluctuation & orientation & number of maskers, intelligibility of & recognition thresholds for monaural vs binaural speech, normal vs hearing impaired adults, 26366
isolated vs in sentence word vs speech segment recognition in measurement of speech reception, postlingually deafened 30–87 yr olds with multichannel cochlear implants, 15192
left vs right ear advantage, auditory ERPs during monaural vs dichotic verbal stimulation, 19–30 yr olds, 44026
linguistic background & perception of cues of amplitude & duration, native speakers of English vs Estonian, US & Estonia, 25065
literacy, syllable boundary judgments in oral pause-break task, English- vs Arabic- vs Blackfoot- vs Korean- vs Swiss German-speaking adults, 16225
live vs prerecorded speech, live vs computer interactive video tracking simulation measurement of tracking rates & inter-S variability & between story differences, 24–30 yr old listeners, 15779
male vs female infant vs adult directed speech, attentional &/or affective preference, 6–8 wk olds, 9182
manually perceptilble phonemic variation in speech, mismatch negativity in ERPs, 7–11 yr olds, comparison with adult data, 40828
matching vs nonmatching word vs nonword utterance in simultaneous speech reading, lexical mediation in detection of speech in noise, adults, 4283
method for automatic speaker recognition in open sets of voices, 7804
monaural hearing aid, speech identification abilities, patients with bilateral symmetric sensorineural hearing impairment, Scotland, 18885
moraic vs syllabic segmentation of spoken Japanese words, native speakers of Japanese vs English vs French, Japan & France, 44791
motherese vs normal speech register & active vs passive listening, speaker evaluation, 18–43 yr olds with vs without head injuries, 2272
multichannel cochlear implant, speech perception, congenitally vs postlingually deaf 3–15 yr olds, 2789
multichannel cochlear implant with spectral maxima sound vs mini speech processor, speech perception, profoundly deaf, 11195
natural vowel perception & transmission of formant & fundamental frequency & vowel duration, deaf 21–59 yr olds with Ineraid cochlear implant, 11098
neoglottal vs esophageal vs normal speech, perception of speaker's sex & normality & intelligibility & rate & rhythm & intonation, listeners, 32106
noise, perceptual restoration of isolated vowels, 21–35 yr olds, 16241
noise, recognition of auditory & orthographic CVC syllables, 21–58 yr olds, development of model of context effects in speech recognition, 36109
objective quality measure, assessment of speech quality of bit reduction coding, female adults, 275
parameters in articulation index calculation of speech intelligibility, 44792
perception & production of Spanish fricatives, Chicano 6 yr olds & adults, test of differential effect of context vs labial predominance hypothesis, 17028
phoneme & speech discrimination & perception, phonologically impaired 5–6 yr olds, England, 22154
phoneme response categories & perception of synthetic vs natural speech & stimulus range, identification of English phonemes /l/ vs /r/, native speakers of Japanese, Japan, 16243
phonemes vs syllable speech object processes in primed matching task, college students, Belgium, test of speech unit hypothesis, 44028
phonemic status & phonetic familiarity & acoustic salience, speech perception & place distinction, adult Farsi vs English speakers exposed to unfamiliar Salish language, 278
phonemic vs phonetic characteristics, discrimination of nonnative segmental contrasts, adult English speakers vs native Japanese speaking learners of English, 4996
phonetic context, perception of & distinction between voiced vs voiceless fricative consonants, adults, 5011
phonetic development research limitations, infants, commentary, 44912
phonetic segment as unit of speech perception, commentary, 12197
phonetics & phonology of perceptually motivated articulatory covariation, 16233
phonological boundary rank & coincidence with intonation contour boundary, expectance of longer preboundary syllable duration, adult English listeners, 4999
predictability of speech & telephone line conditions during receiver amplification & magnetic coupling of hearing aid, speech perception, hard of hearing 25–69 yr olds, Canada, 14427
prelinguistic vocal & word production & recognition & language specific speech perception, infants, commentary, 44914
processed fundamental frequency information vs whole speech signal, speech reception & voice pitch encoding, profoundly hearing impaired 22–37 yr olds, 46127
processing interactions between segmental & suprasegmental information, adult native speakers of English vs Mandarin Chinese, 32150
prosodic properties of read vs spontaneous speech, adults, UK, implications for design of automated speech recognition systems, 5001
prosody, speech perception, 1 mo olds, 37023
recurrent neural network architecture based on hidden Markov model for speech & word recognition, 7833
recurrent neural network for multitalker connected recognition of spoken English letter names, 7839
reduced complexity multipulse speech coder, understandability of compressed speech, 7803

reduced spectral contrast & loss of frequency resolution simulated by short term spectral envelope smearing, speech reception threshold & vowel & consonant identification in noise, college students, 4286
reliability & validity of magnitude estimation vs category scaling vs paired comparisons, hearing aid evaluation of speech intelligibility, hearing impaired 60–87 yr olds, 15894
research on speech processing strategies, development of cochlear multiple channel implantable hearing prosthesis, deaf children & adults, Australia, 7182
research on speech processing strategies, development of cochlear multiple channel implantable hearing prosthesis, deaf children & adults, Australia, commentary with reply included, 7194
role of speech perception in phonological assimilation rules, adult listeners, 16230
RTs for vowels vs consonants in phoneme detection task, 19–46 yr olds, England, 8261
semantic representations & naming disorders in spontaneous & constrained speech production, aphasic 17–71 yr olds, 14351
sensitivity to predominant stress patterns of words, vocabulary development, 6 vs 9 mo olds, 40823
sentence accent & word stress & class, acoustic properties & reduction & duration & identification of Dutch vowels, adults, 40758
sound identification, speech production error remediation, 5–7.8 yr olds with functional articulation disorders, 27184
specific linguistic experiences, perception of auditory & visible speech information in foreign vs native syllables, English &/vs French speaking college students, Canada, 28218
speech & acoustic changes in suprasegmental & segmental production following reimplantation from single to multichannel cochlear implant, deaf preadolescent female who lost her hearing at age 6.5 yrs, 19277
speech importance noise detection threshold, prediction of speech recognition threshold & correlation with pure tone threshold average, 6–86 yr olds with hearing loss, 14432
speech perception & phonological short term memory deficit, brain damaged aphasic 52–62 yr olds, 30216
speech perception & production models, infants, commentary, 44876
speech rate & divided attention, immediate recall of spoken passages, 18–27 vs 60–78 yr olds, 17068
speech recognition & synthesis in intelligent systems, 11804
stimulus familiarity & discriminability, recency effect in recall of speech vs nonspeech sounds, college students, 40048
stimulus variability in speech production, perception & memory & retention & detection of differences between speech sounds, 2 mo olds, 933
subjective tone identification thresholds for acoustically filtered complex musical tones & phoneme identification thresholds for Mandarin Chinese, 20–33 yr old native speakers, 44798
syllabic consonants & speaking rates, speech recognition, conference presentation, 16951
syllable boundaries of Spanish vs English words, RT on syllabification task, Spanish- vs English-speaking college students, Australia & Spain, 40742
Symbion Ineraid vs Nucleus cochlear implant, speech discrimination & pitch perception, postlingually deaf adults, Norway, 3056
talker differences & reverberation vs noise degradation, vowel identification, hearing impaired 50–69 yr olds vs 20–46 yr olds, 18452
techniques for high quality compression of wideband speech, listeners, 8242
temporal characteristics of speech & practice & number of talkers, consonant recognition, normal hearing adults vs 44–65 yr olds with cochlear implants, comparison with other data, 18932
time waveform in vs distribution of energy among electrode channels. coding of formant frequency in vowel recognition, patients with Ineraid cochlear implant, letter, 27182
unambiguous syllabic structure vs ambisyllabic consonants & match between syllable & target, latency in monitoring of spoken Dutch words, 18–26 yr olds, 20245
understanding & accuracy & strategies in glossing of child's utterances & words, caregivers of speech delayed 3.2–5.9 yr olds, implications for intelligibility assessment in phonological disorders, 14126
use of acoustic cues in audiovisual perception of speech, adults with moderate or severe or profound hearing loss, 42119
variable frame rate analysis in airborne reconnaissance continuous speech recognition system, 7808
vocal motor schemes & individual differences in speech perception & production development, infants, commentary, 44911
vocal tract constrictions for vowels in speech simulations, perception of vowel phoneme boundaries, phonetically trained graduate students, 16226
vocalic formant transitions, speech perception, 3–7 vs 20–40 yr olds, 5121
voice & vowel length in phonological representations, word identification, college students, Netherlands, 16231
vowel perception strategies, deaf school age children to adults with cochlear implants, 18929
word frequency bias & ambiguity, extrinsic & intrinsic effects on auditory word recognition & RTs in phoneme identification, college students, 16258
word recognition & phonetic structure acquisition model of speech perception development, commentary, 44905
word recognition & phonetic structure acquisition model of speech perception, infants, 44875

Speech Perception—Chapters

An acoustic study of apraxia of speech in patients with different lesion loci, 41929
Auditory segregation of competing voices: Absence of effects of FM and AM coherence, 44042
Categorical vocal signaling in nonhuman primates, 528
Conjunction errors as a tool for the study of perceptual processing, 16149
Connectionist models of speech perception, 19861
Errors, ambiguity, and awareness in language perception and production, 32794
Index of Contextual Intelligibility: A perceptual analysis of intelligible versus unintelligible productions in severe dysarthria, 41932
Inexperienced listener ratings of dysarthric speaker intelligibility and physical appearance, 41925
Lipreading and audio-visual speech perception, 21124
Perceptual analysis of the dysarthrias in children with athetoid and spastic cerebral palsy, 42117
Phonetic versus acoustic account of feature interaction in speech perception, 16244
Plausibility, parsimony, and theories of speech, 16969
Psychoacoustics and speech perception: Internal standards, perceptual anchors, and prototypes, 17110
Speech perception and production by a self-organizing neural network, 47591
Speech production and perception in patients with cerebellar lesions, 38309
Temporal information in speech: Acoustic, auditory and linguistic aspects, 44041
Unifying awareness and on-line studies of speech: A tentative framework, 16967

Speech Pitch—Serials

acoustic analysis of speech rate & pitch in diagnostic differentiation, 60 yr olds & older with Parkinson's disease vs major depression, 13615
anticipatory tonal coarticulation in Thai noun compound, 22–71 yr olds with bilateral brain damage, Thailand, 46054
applications of synthesized voice source model for continuous control of pitch period, adults, 39627
coping style vs voice measures vs heart rate & sweating & muscle tension, indication of stressor provoked anxiety, female 22–58 yr olds, 8770
formant frequency & vowel duration, role of spectral & temporal cues in vowel identification, adults with sensorineural impaired hearing, 14442
fundamental frequency patterns of speech to 3–4 mo olds, 24–29 yr old mothers, Japan, 1302
maximal syllable production rate & frequency reproduction, 15–58 yr olds with Wilson's disease, 34031

mood content & temporal pacing of speech & voice quality & fundamental frequency, depressed mothers, 25755
pitch contours of maternal speech, comfort state vocalizations, male infants observed during 1st 26 wks of life, Japan, 9173
processed fundamental frequency information vs whole speech signal, speech reception & voice pitch encoding, profoundly hearing impaired 22–37 yr olds, 46127
sex & nasal cross sectional area & fundamental frequency, nasalance scores, normal speaking adults, 5003
speech rate, vocal intensity & fundamental frequency, 19–27 yr olds, 28844
visual vs auditory vs tactile learning modality, voice pitch matching accuracy, K–3rd graders, 35319
voice pitch & nonverbal amplitude convergence in dyadic interview, Air Force personnel & Arabic speakers, US & Egypt, 44783

Speech Processing (Mechanical) [See Also Compressed Speech, Synthetic Speech]—Serials

age & sex & amplification of speech, nasalance, hearing impaired 3.7–17.5 yr olds, 26372
algorithm for wideband speech coding at 16 kbit/second, videophone application, 11805
development & testing of contextual effect model, female speakers of Japanese, implications for speech recognition systems, 39625
dialog with & mental representation of computer system vs human E, male 18–33 yr olds, implications for design of speech system interfaces, 39583
features used in speech recognition & changes due to Lombard reflex & effect on intelligibility, male vs female adults, France & US, implications for automatic speech recognition, 36116
joint source & channel trellis coding of line spectrum pair parameters for speech transmission over noisy channels, 11808
Macintosh prototype of computerized speech recognition psychological assessment program, screening depressive symptoms, conference presentation, 41540
message creation & editing & transmission & reception, utilization of synthesized vs digitized computer speech, 15776
objective quality measure, assessment of speech quality of bit reduction coding, female adults, 275
peak-and-level model of variation in clearness & focus within read vs natural speech & application to synthetic speech for improved naturalness & acceptability, listeners, conference presentation, 16943
recognition & learnability of & speed of interaction with & reactions to voice & touch driven natural language editor VIPX, expert & college student speakers, 3820
Speech Knowledge Interface, identification of & design of rule set for place of articulation of plosives, male 24–48 yr olds, 27827
Speech Knowledge Interface in capture of phonetics expertise for design of knowledge based system, experts, 27821
speech output type & aided message length & partner reauditorization, perceptions of communicative competence of augmentative communication system user, 20–65 yr olds, 19279
speech performance, functionality of speech recognition system, 38–48 yr olds, implications for interactive educational products, 32115
structural design & effectiveness of hidden Markov model based speech phonetic feature recognizer, comparison with recognizers based on conventional speech units, 27819
textual &/vs symbolic visual feedback from simulated automatic speech recognition device, performance on verbal decision task, college students, implications for control room systems, 27784
vocal tract constrictions for vowels in speech simulations, perception of vowel phoneme boundaries, phonetically trained graduate students, 16226

Speech Processing (Mechanical) [See Also Compressed Speech, Synthetic Speech]—Chapters

Speech perception and production by a self-organizing neural network, 47591

Speech Rate—Serials

acoustic analysis of speech rate & pitch in diagnostic differentiation, 60 yr olds & older with Parkinson's disease vs major depression, 13615
age & speech rate & passage difficulty, memory for speech, 61–79 yr olds & college students, 44164
age & word length & rehearsal, identification & articulation rate in memory span, 5 & 8 & 11 yr olds, 40819
continuous repetition of normally vs slowly spoken word, habituation & frequency of verbal transformations, college students, replication, 40047
familiar vs unfamiliar word presentation style, frequency of verbal transformation, college students, 8255
IQ vs rate of teacher communication, acquisition of information & net recall, 7th graders, application of mathematical model, 7459
labial vs alveolar vs velar articulation & speech rate, voice onset time value, male college students, 12969
maximal syllable production rate & frequency reproduction, 15–58 yr olds with Wilson's disease, 34031
memory span, serial verbal recall rate, 4–5 yr olds, 9133
processing speed & articulation rate & memory, 8–10 vs 18–35 yr olds, 934
rate & relative timing & other speech characteristics, 20–71 yr olds with Parkinson's vs Huntington's vs Wilson's disease of basal ganglia vs Broca's aphasia vs normal adults, 14364
speaking rate & vowel duration & context & stress, formant track shape of Dutch vowels, adult speaker, 825
speaking rate, speech movement velocity profiles of lower lip & tongue tip during production of stop consonants, 19–35 yr olds, 25057
speech rate & divided attention, immediate recall of spoken passages, 18–27 vs 60–78 yr olds, 17068
speech rate & loudness, cardiovascular reactivity during reading task or semistructured interview, college students, 12708
speech rate & loudness, fear & anxiety & sadness & depression & cardiovascular arousal, male college students, Israel, 44552
speech rate, coarticulatory nasalization of vowels, English vs Spanish speakers, 16954
speech rate, perceived speaker credibility, college students, Korea vs US, test of collectivism vs individualism hypothesis, 5556
speech rate, production of tense vs lax vowel duration, fluent vs nonfluent aphasic adults, 38214
speech rate similarity, social attractiveness & compliance, college students, 13427
speech rate, vocal intensity & fundamental frequency, 19–27 yr olds, 28844
speech rate, voice onset time contrasts in consonant production, nonfluent vs fluent aphasic adults, 38215
syllabic consonants & speaking rates, speech recognition, conference presentation, 16951
word length, speech rate & short term memory span, elderly with Alzheimer's type dementia, 38251

Speech Rhythm—Serials

attention to periodic sounds & language specific speech segmentation, 0–1 yr olds, commentary, 44863
rhythm & prosodic speech cues, rule learning in language structure development, 5.4–8.4 yr olds with specific learning impairments, 18109
word prominence & position & intrinsic duration & time interval, lengthening of & pausing after phrase final word as prosodic vs syntactic representation, college students, US & Canada, 28837

Speech Therapists—Serials

agreement with survey results on practice of voice therapy for voice disorders, clinicians, survey appended, 35064
application of paramita practices to professional & personal ethics in clinical process, speech & language pathologists & audiologists, 47092
attitudes toward & collection & analysis procedures in language sampling practices, school based speech language pathologists, 46963
attitudes toward computers in home based treatment of aphasic patients, speech therapists, 31159

desirability & usefulness of subjective vs objective measures of speech language pathology clinical performance, female graduate student clinicians vs supervisors, 3180
grammar facilitation programs presented by parents vs speech pathologist, 3.7–5.8 yr olds with language impairment, 27183
knowledge & skills & attitudes essential to competence in work with children & learning disabled & elderly with neurological disorders, speech therapists, UK, 19404
methods in determining knowledge & skills & attitudes essential to competence in work with children & learning disabled & elderly with neurological disorders, speech therapists, UK, 19379
role in treating dysfunctions following traumatic brain injury, speech language pathologists, 46965
self supervision training, communication disorders specialists, 35140
Speech Therapy—Serials
agreement with survey results on practice of voice therapy for voice disorders, clinicians, survey appended, 35064
alternatives to barriers to collaboration in provision of school based speech language pathology services, speech language pathologists, 47327
biofeedback & speech & language therapy, prosody & dysarthria, female 74 yr old with Parkinson's disease, 23300
computerized speech training with glossometry & palatometry, profoundly hearing impaired children, 15186
conceptual analysis in speech rehabilitation, dysarthric patients, implications for physiological approach, 46962
consideration of Canon of Ethics of Canadian Association of Speech-Language Pathologists & Audiologists in standards of private practice, Canada, 47088
costs & effects of home parent training vs clinic based low parent involvement program, speech & language & family functioning & general development, speech disordered 2–3 yr olds, 2 yr followup, 19278
delivery mode of school district's speech language services, satisfaction, parents vs teachers vs principals, 11580
development of computer based speech program, training for stop consonant production, 20–35 yr olds, 15194
grammar facilitation programs presented by parents vs speech pathologist, 3.7–5.8 yr olds with language impairment, 27183
intervention & rehabilitation based on cognitive analysis of language processes, male 48 yr old with acquired dyslexia, 31048
language therapy with emphasis on word finding skills, word retrieval, severely language impaired 7.2–8.7 yr olds, 42987
linguistic specific approach to "wh" question forms training & generalization, sentence production deficits, aphasic 62–72 yr olds, 31057
naturalistic conversation training, speech production, male & female 3.8–4.3 yr olds with speech impairments, 42983
noninvasive laboratory instrumentation method, assessment of speech physiology & development of behavioral goals & biofeedback remediation of stuttering, 38 yr old male, case report, 7274
outcome measurement & economic evaluation of clinical practices in speech & language pathology & audiology, Canada, commentary, 46961
outcome measurement & economic evaluation of clinical practices in speech & language pathology & audiology, Canada, commentary, 46964
outcome measurement & economic evaluation of clinical practices in speech & language pathology & audiology, Canada, 46960
phonetic & phonologic speech remediation, hearing impaired children, 31052
phonologically based treatment, oral & written picture naming & oral reading, aphasic 49–75 yr olds with severe word retrieval deficits, 31053
precision fluency shaping program, 15.1–46.3 yr old male stutterers, Netherlands, 6 mo followup, 35061
rationale & theoretical origins & procedural aspects of semi-intensive fluency therapy, stutterers, 35066
relationship of music therapy to cognitive linguistic model of language rehabilitation, hearing impaired preschoolers, 18820
reliability of lexical facilitation strategy in speech therapy, increased informativeness of target objects, language impaired 29–40 mo olds, 31054
remedial & retrieval interventions, children & adolescents with word finding difficulties, 11193
self administered therapy homework assignment for aphasic patients, speech therapists, UK & Ireland, 31044
sensory management & experiential enrichment & individual instruction in speech development program, hearing impaired children, 31045
sentence & event processing therapy, poststroke dysphasic female, case report, 39056
singing instruction, speech production, neurologically impaired adults with expressive speech disorder, 39052
speech & language therapy, phonological segmentation skills in production of real words vs nonwords, 5 yr old with deviant phonological production, Great Britain, 23299
speech intervention, hearing impaired 0–3 yr olds, 31043
speech language therapy, deaf adolescents & adults, 31060
speech therapy, stuttering-like behavior while playing French horn, 32 yr old male stutterer, case report, 35063
stimulation technique vs linguistically oriented learning approach to training in use of interrogatives & prepositions, aphasic 27–66 yr olds, 42986
systems approach to resolution of therapeutic relationship problems, male 10 and female 14 yr olds with communication disorders & their clinicians, 31056
traditional classroom vs video based anchored instruction, understanding of role of language theory in speech therapy interactions, college students, 39227
types & availability of speech & language therapy services, aphasic clients, UK, 39055
videotaped replaying of parent child communication as indirect treatment, speech, 5 yr old female with stuttering problem & her parents, case report, 3129
visual & written information therapy, female 66 yr old with Wernicke's aphasia with jargon after left hemisphere stroke, 42984
Speech Therapy—Books
Dysarthria and apraxia of speech: Perspectives on management, 41924
Speech Therapy—Chapters
Dysarthria following Reye's syndrome: A case report, 42990
Then, now, and the path between: A brief history of language intervention, 23307
Use and perceived value of perceptual and instrumental measures in dysarthria management, 42989
Speechreading [See Lipreading]
Speed [See Velocity]
Speed (Response) [See Reaction Time]
Spelling—Serials
acquisition of spelling skills, 8–16 yr olds with leukemia, 14251
anxiety & positive vs negative mood, threat vs neutral spelling & usage interpretations of ambiguous homophones, 18–25 yr olds, 41327
code emphasis direct instruction in Project Success Summer Program, reading & spelling skills, dyslexic college students, 15506
computerized constructed matching to sample, spelling performance, 14 & 20 yr old mentally retarded students, 3570
cooperative learning, spelling achievement, 2nd vs 4th vs 6th graders, Netherlands, 3461
delayed identity matching to complex sample tasks, spelling & emergent picture & printed word relations, 9–13 yr old male students with academic deficits, 23641
development & evaluation of error analysis method, assessment of phonological performance in spelling & reading, female 7–8 yr olds, 5125
developmental interactions of disabilities in reading & spelling & mechanical arithmetic, learning disabled 7–8 vs 9–14 yr olds with different patterns of neuropsychological assets & deficits, 29959
dynamic measure of phonemic awareness, prediction of progress in reading & spelling & phonemic awareness, nonreading kindergartners, 156
Franklin Elementary Spellmaster spelling correction device, children with spelling difficulties, 5079

grapheme frequency & lexical priming, spelling of unfamiliar words, Spanish speaking college students, Spain, application of spelling models to language with shallow orthography, 32774
handwriting speed & spelling, dyslexic vs normal 10 yr olds vs 8 yr olds at same spelling level, England, 19603
handwriting vs letter tiles vs computer based instruction, early spelling acquisition, learning disabled elementary school students, 3573
impaired reading & spelling skills, 10.6 yr old male & 11 yr old female with developmental verbal dyspraxia, 4 yr followup, 2010
instruction in phoneme awareness, invented spelling, kindergarten students, 3395
interactive vs word only feedback in talking computer program, spelling & phonological skills, 7–14 yr olds with reading &/or spelling deficits, 3576
intraindividual Curriculum Based Measurement norms of academic growth rates in reading vs spelling vs math, 1st–6th graders, 2 yr study, 27493
knowledge of word structure & decoding & spelling, performance & instruction, 3rd–5th graders, 7413
Latin vs other 2nd language study, spelling proficiency, 11th graders, 7404
maternal support & cognitive preschool competencies & prior scholastic achievement, 3rd grade spelling & reading & arithmetic performance, 5.5–7.3 yr olds, Germany, 3 yr study, 11483
misspellings, English speaking college students writing in English vs German, England, 16957
orthographic coding & neuromotor function & visual motor integration lower level developmental skills, handwriting & spelling & narrative & expository composition, 1st–3rd graders, 9083
orthographic vs phonological processing & development of word recognition & spelling, dyslexic 9–15 yr olds, 2 yr followup, 45816
parent tutored cued spelling technique, spelling performance, 8–9 yr olds, England, 31250
phonological awareness & naming speed & verbal memory, word attack & identification & reading comprehension & spelling, 7.4–12.3 yr olds with severe reading disabilities, 10133
phonological segmentation & reading & spelling of words with exceptional vs regular spelling patterns, 1st–2nd graders, 32870
phonological skills in reading & spelling & speaking, 11–12 yr olds with spelling disorders, 6151
phonological structure teaching program, phonemic awareness & word identification & decoding & spelling, preschoolers, 1 yr followup, 23479
prereading phonological abilities, prediction of reading & spelling skills, 10 yr olds, 6 yr followup, 9196
preschool phonology disorders, phonology & reading & spelling performance, 4–45 yr olds, 2097
principles of & classroom & research issues in text to speech computer systems & hypertext for reading & spelling development, students, 3355
proofreading, spelling error detection, 5th graders, 23476
reading & spelling ability, phonological vs orthographic coding of & errors & response latencies in matching of rhyming &/vs visually similar word pairs, college students, 8305
reading & spelling difficulties & cognitive impairments, German speaking 2nd–4th graders with developmental dyslexia in regular writing system, 35464
reliability & concurrent validity of qualitative spelling inventory, assessment of orthographic knowledge & reading achievement, 12–16 yr olds, 146
role of phonological factors in spelling development, 5095
self efficacy & outcome expectancy & spelling & writing performance, college students, 39268
spelling & writing development, good vs poor spelling 4th graders, Canada, longitudinal study, 929
spelling-to-sound "friends" vs "enemies", single word reading performance, 16–38 yr old dyslexic college students, Wales, 6159
spelling uncertainty & application of grammatical rule, handwriting movement RT, right handed 20–25 yr olds, 40060
text conversion into new regularized orthography, writing speed & spelling accuracy, college students, 4995
word specific knowledge & spelling ability, word recognition & spelling production, college students, 44786
write-say teaching method, spelling accuracy, learning disabled 10.5–13.6 yr olds, 23622
writing vs tracing vs computer keyboarding teaching condition, spelling performance, 3rd–4th graders with vs without learning disabilities, 27469

Spelling—Books
Beginning to spell: A study of first-grade children, 25179
Psychology, spelling and education. Multilingual matters, 17076

Spelling—Chapters
Alphabetic spelling: Predicting eventual literacy attainment, 17101
Children's spelling of English inflectional morphology, 1000
Cognitive theories of spelling and implications for education, 17122
Computer-based spelling remediation for dyslexic children using the SelfSpell environment, 43351
The developmental acquisition of silent letters in orthographic images, 995
Developmental differences in phonological spelling strategies, 17127
A framework for orthographic assessment and remediation, 17123
An integrated view of word knowledge: Correlational studies of the relationships among spelling, reading, and conceptual development, 1029
Interactions between lexical and assembled spelling (In English, Italian and Welsh), 17084
'Invented' spelling and learning to read, 17106
Methodological issues in the investigation of spelling and spelling development, 17117
On recognizing misspelled words, 17097
On the relations between learning to spell and learning to read, 25188
Oral and written spelling impairments, 2337
Phonological spelling in young children and some origins of phonetically plausible and implausible errors, 17126
The relationship between word recognition and spelling, 1014
Spelling and speaking in pre-lingual deafness: Unexpected evidence for isolated 'alphabetic' spelling skills, 19619
Spelling is integral to learning to read, 17094
Spelling remediation for dyslexic children using the SelfSpell programs, 19622
The vowel and what follows: A phonological frame of orthographic analysis, 1016
Why are some 'normal' readers such poor spellers?, 18169
The write stuff: A case of acquired spelling disorder, 2193

Sperm—Serials
subsequent & immediate vs 15 min delayed mating without ejaculation, sperm number present 1 hr postejaculation during initial mating, male prairie vs montane voles, 12636
utilization of naturalistic sexual behavior & artificial vagina in semen collection, nonanesthetized captive male orangutan, implications for genetic diversity preservation, 40320
1 vs 2 wk prenatal ethanol, gonadal organ weight & sperm count & onset of puberty, rats, 16825

Sperm Donation [See Tissue Donation]

Spina Bifida—Serials
assessment of impact of child's illness on family, mothers in families with 5–11 yr olds with spina bifida, 6239
cerebral white matter structures & verbal & nonverbal cognitive skills, children with congenital hydrocephalus, 6357
childs' medical severity & stress appraisal & psychological symptoms & adjustment, mothers of 2 mo to 18 yr olds with myelomeningocele, 18211
health related stressors & daily hassles & coping strategies, parents of preschoolers to 8th graders with myelomeningocele, 10253
level of task abstraction, linguistic performance & frequency of irrelevant utterances, children with spina bifida & hydrocephalus, 2257

parental vs own perceptions of competence & goal directed behavior, 6–12 yr olds with spina bifida & their parents, 45912
perceptions of & responses to alpha fetoprotein testing & abortion & related parent choices, parents of 2 mo to 18 yr olds with spina bifida, 42626
self perception of competence & satisfaction with parenting & well being, mothers of children with spina bifida, replication, 22354
social support & maternal & child adjustment & mother child interaction, parents & their 6–11 yr olds with spina bifida without mental retardation, 18179
urinary & bowel control & incontinence & need for catheterization or other assistance, 4–18 yr olds with myelomeningocele, 2288
visual recognition memory & sensorimotor abilities & cognitive development, 3–21 mo olds with myelomeningocele, 2295
Spina Bifida—Books
Teaching the student with spina bifida, 15534
Spina Bifida—Chapters
Building mathematic skills, 15537
Conducting psychological assessments, 11949
Developing a school outreach program, 15543
Developing abstract concepts, 15536
Intervening for language-learning disabilities, 15538
Schools and families working together, 15535
Social acceptance and disability awareness, 15541
Social and emotional development, 15540
Spina bifida and hydrocephalus, 42630
Transition planning to adulthood, 15542
Working with perceptual-motor skills, 15539
Spinal Column—Serials
clothing importance & self perception, female 13–19 yr olds with vs without scoliosis, 34045
partial rhizotomy of dorsal root ganglion, EMG & sensory EPs & side effects & pain, 26–69 yr olds with intractable cervical pain, 30672
Spinal Cord [See Also Dorsal Horns, Dorsal Roots, Extrapyramidal Tracts, Lumbar Spinal Cord, Pyramidal Tracts, Spinothalamic Tracts, Ventral Roots]—Serials
acute ethanol, spinal cord injury induced motor behavior & biochemical responses, rats, 20871
auditory vs aversive vs tactual stimulation, ventromedial medulla neuron backfiring from spinal cord, freely moving rats, implications for nociceptive processing, 32414
baclofen vs muscimol, hypersensitivity of dorsal horn wide dynamic range neurons to stimulation following spinal cord ischemia, allodynic rats, animal model of pain perception, 8908
basilar dendritic systems of supragranular pyramidal cells in speech controlled cortical areas & spine, male 30 yr old with seizure disorder, case report, 34186
cervical facet injections of local anesthetic & steroid depot, patients with cervicogenic headache, 14868
cervical intramedullary cavernous angioma, 30 yr old male with Down's syndrome, case report, 33969
chemical or electrical stimulation of cervical spinal cord, propriospinal inhibition of spontaneous & evoked activity of thoracic dorsal horn neurons, male rats, 28593
chronic constriction injury of sciatic nerve, substance P binding sites in spinal cord, male rats, 20502
clinical symptoms & disability & MRI & somatosensory & motor EPs, 18–75 yr olds with syringomyelia, 22378
clonidine & prozacin & yohimbine, descending noradrenergic inhibition of nociception in spinal cord, male mice, 44410
computer simulated model of spinal neural network generation of locomotor rhythmicity, lampreys, 31726
coulometric relation, prediction of emergence or form of shock induced hypoalgesia & activation of brain stem & spinal cord opioid & nonopioid systems, male rats, 44426
cutaneous stimulation of pinna, induced scratching & fos neuron activity in spinal segments, male decerebrated paralyzed cats, 12487
development of computer controlled patient interactive neurological stimulation system, analysis of pain drawings, patients with implanted spinal cord stimulators for chronic pain treatment, 6945
dorsal column lesions, proprioception of fingers, monkeys, 28508
electrical stimulation of substantia nigra, spontaneous & nociceptive evoked discharges in parafascicular nucleus, rats with intact vs partial vs complete transection of spinal cord, 12607
electrical stimulus duration, c-fos expression in spinal cord, rats, 8618
ergotamine vs dihydroergotamine vs ergometrine, superior sagittal sinus electrical stimulation induced field potentials & unit responses in upper cervical spinal cord, cats, animal model of migraine, 20908
icv glibenclamide beta funaltrexamine, morphine vs U-50,488H induced supraspinal analgesia & spinal noradrenaline turnover, male mice, 20943
icv selective mu vs delta opioid receptor antagonist, intrathecal kappa or delta or mu opioid receptor agonist induced antinociception, male rats, 20931
icv vs intrathecal saline, naloxone precipitated withdrawal jumping, morphine dependent male mice, 32669
identification & localization of neck muscle motor neurons used in pecking behavior in cervical spinal cord, pigeons, 32404
imipramine with vs without phentolamine or methysergide or naloxone, antinociception & intrathecal substance P induced nociceptive behavior & spinal receptor binding, male mice, 716
intrathecal calcium with vs without opioid receptor antagonists vs opioid peptides, antinociception, spinalized vs intact male mice, 16868
intrathecal cyclic amphetamine analog dibutyryl-cAMP, analgesia induced by spinal mu agonist morphine vs delta agonist DPDPE vs kappa agonist dynorphin, male rats, 40697
intrathecal deltorphin II vs dermorphin, thermal antinociception, male rats, 28722
intrathecal dextrorphan vs ketamine, neuropathic pain related behavior, male rats with loose ligation of sciatic nerve, animal model of peripheral mononeuropathy, 32661
intrathecal glycine with vs without 2-amino-5-phosphonopentanoate, tail shock induced vocalization threshold & tail flick latency, ovariectomized female rats, 12738
intrathecal naloxone hydrochloride vs naltrindole vs binaltorphimine, nonopiate stress induced analgesia, male rats, 21034
intrathecal prostaglandin, induced spontaneous & touch evoked allodynia, conscious male mice, 8948
intrathecal substance P, tailflick & paw pressure responses & desensitization & substance P binding in dorsal horn, male rats, implications for involvement of receptor-G protein complexes, 24902
intrathecal substance P vs substance P antiserum vs spantide, pilocarpine induced hindlimb scratching, male mice, 36868
intrathecal sulpiride vs SCH 23390 vs naloxone vs phentolamine vs methysergide, spinal dopamine induced antinociception, male rats, 12826
local anesthetic & steroid facet joint injection vs facet nerve block, 24–58 yr olds with refractory chronic low back pain, Scotland, 6937
low voltage activation & calcium channel blockers, action potential latency & other membrane properties of touch vs pressure sensory neurons in spinal cord, lampreys, 32484
medical & psychiatric analyses, diagnosis of conversion disorder & spinal cord tumor, 4 yr old male with leg pain & short term inability to walk, case report, 22259
naltrexone vs binaltorphimine vs Cys2-Tyr3-Orn5-Pen7-amide vs naltrindole, neuroanatomical loci of & opiate receptor subtypes involved in tail shock induced antinociception at spinal levels, male rats, 4955
neurokinin-1 receptor antagonist sendide, neurokinin vs substance P induced & spinally mediated limb licking & biting & scratching, mice, 20983
neurotoxin lesion of subnucleus reticularis dorsalis, diffuse noxious inhibitory controls on spinal convergent neuronal activity, rats, implications for pain perception, 20507

NG-nitro-L-arginine methyl ester spinal cord nociceptive threshold & morphine induced analgesia, male rats, implications for role of nitric oxide in transmission of nociceptive stimuli, 40652
nonsteroidal anti-inflammatory drugs, hyperalgesia mediated by spinal cyclooxygenase inhibition of substance P receptor vs spinal glutamate, rats, 8648
operational variant of chained coupled oscillator theory, representation of intersegmental coordination in lamprey spinal cord, 8687
pain & spinal cord membrane bound protein kinase C increase, thermal hyperalgesia, male rats with sciatic nerve ligation, animal model of peripheral neuropathy, 12527
painful & nonpainful stimuli, electrical activity in spinal cord wide dynamic range neurons, male spinal cord transected rats, implications for neural nociceptive coding, 44469
patient characteristics & treatment trial analgesia, prediction of long term spinal cord stimulation treatment, 29–71 yr olds with failed back surgery syndrome, 30613
peripheral or spinal or CNS lesion or blockers, morphine induced tail flick reflex & cardiovascular responses & vagal afferent activation, male rats, 20966
postinjury GM1 ganglioside, thermal hyperalgesia & spontaneous pain behavior & spinal cord metabolic activity, rats with peripheral mononeuropathy, animal model of pain management, 4860
sciatic nerve ligation induced painful peripheral mononeuropathy, spatial patterns of spinal cord glucose metabolism, male rats, erratum, 24692
sciatic nerve ligation induced painful peripheral mononeuropathy, spatial patterns of spinal cord glucose metabolism, male rats, 4599
selective 5-HT agonists, spinal nociceptive transmission & NMDA induced behaviors, male rats, 44683
sitting vs standing spinal posture, prediction of personality profiles, chiropractic patients, 16695
spinal & supraspinal mu & delta & kappa opioid agonist coadministration, antinociception & nociceptive threshold changes, male rats, 32668
spinal cord ischemia, hypersensitivity of dorsal horn wide dynamic range neurons to stimulation, allodynic vs recovered female rats, animal model of pain perception, 8710
spinal cord lesions, locomotor recovery, monkeys, 8682
spinal efferent pathways from hypothalamic paraventricular nucleus, photoperiodic reproductive responses, hamsters, 4634
spinal interneurons' relay vs muscle activation functions during movement, conference presentation, 24694
spinal stimulation, 45–52 yr old surgical patients with chronic pain, conference presentation, 18902
spinal 8-OH-DPAT & buspirone & CGS 12066B & 5-carboxamidotryptamine & other 5-HT receptor agonists, nociception, male mice, 44571
substance P antagonist CP-96,345, nociception & binding in spinal cord vs brain vs submandibular gland, male rats, 24677
supraspinal or spinal mu opioid receptors, morphine dependence & withdrawal, male mice, 28749
swimming activity, dystonia musculorum mutant mice with spinocerebellar fiber degeneration, 44418
tactile perception of scratch direction measuring posterior column dysfunction, adults & 14–83 yr olds with spinal cord vs functional neurological disorders, commentary, 2296
tail flick vs other nociceptive stimulation with or without morphine, behavioral tolerance of tail flick reflex, male rats with vs without spinal transections, 675
tailshock elicited tailflick withdrawal reflex, intact vs spinally transected female rats, 24652
theophylline, intrathecal vs icv selective opioid agonist induced antinociception & gastric emptying & gastrointestinal propulsion, male mice, 24872
withdrawal from & chronic or acute morphine, brain & spinal cord calcitonin gene related peptide & adenylyl cyclase activation & morphine tolerance & naloxone precipitated withdrawal, rats & mice, 21038
5-HT-1A vs 5-HT-1B agonists, spinal nociceptive thresholds & withdrawal reflexes, male rats with spinal transection, 740

Spinal Cord [See Also Dorsal Horns, Dorsal Roots, Extrapyramidal Tracts, Lumbar Spinal Cord, Pyramidal Tracts, Spinothalamic Tracts, Ventral Roots]—Chapters

Anatomical and behavioral parallels in the development of the corticospinal tract, 24736
On the role of substance P, galanin, vasoactive intestinal peptide, and calcitonin gene-related peptide in mediation of spinal reflex excitability in rats with intact and sectioned peripheral nerves, 24750

Spinal Cord Injuries—Serials

age & prevalence of increased anterior atlanto odontoid distance vs degenerative disease of spinal cord, institutionalized 21–60 yr olds with Down's syndrome, Canada, 45844
chlorophenylalanine pretreatment, spinal cord & brain distribution of dynorphin A, male rats with spinal cord trauma, animal model, 12887
cognitive functioning, patients with symptomatic vs asymptomatic common whiplash, Switzerland, 6 mo followup, 30065
coping & adjustment, adults with spinal cord injuries, 5 yr followup, 38249
development of rehabilitation index & evaluation of effectiveness of electropuncture diagnosis & therapy, patients with traumatic spinal cord disorder, translated article, 34996
dextrorphan vs nor-binaltorphine, motor deficits vs neuropathology, male rats with dynorphin induced paralysis, animal model of spinal cord injury, 8866
epidemiology & symptoms & treatment & other aspects of whiplash injuries of head & neck due to vehicle collisions, 14167
frequency & type of psychiatric disorders, 18–84 yr olds with spinal cord injuries, Australia, 2140
grounded theory perspective on perceptions of quality of home health care, 18–28 yr olds with spinal cord injury, conference presentation, 46852
long term psychosocial adjustment, adults with spinal cord vs closed head injury, 42030
long term vocational functioning & SES, adults with severe closed head vs spinal cord injuries, Canada, 18395
models of direct & indirect predictors of employment status, former & current rehabilitation patients with spinal cord injuries, Canada, 38993
neurological & neuropsychological & other clinical features, 18–46 yr olds with acute whiplash injury of neck, 3 day to 1 yr followups, 18189
pharmacological intervention for erectile dysfunction, sexual & psychosocial functioning, males with spinal cord injuries & their partners, 2814
physostigmine, ejaculation & sperm count & mobility & side effects & insemination success, male 19–61 yr olds with spinal cord injury & ejaculatory dysfunction, Canada, 14830
psychosocial stress & cognitive performance & personality traits & attentional functioning, prediction of disability, 19–51 yr olds with whiplash injury, 6 mo followup, 30066
reliability & predictive validity of Self Rating Depression Scale vs Brief Symptom Inventory, measurement of depression, patients with spinal cord injuries, 35920
sex therapy, clients with spinal cord injuries & their partners, 38676
sexual activities & desire & satisfaction, spinal cord injured male 18–70 yr olds, 38080
sexual response & neurological alteration in physiological sexual functioning, females with complete spinal cord injury, nursing implications, 2302
social relationships & support & psychosocial impairment, 18–83 yr olds with traumatically sustained spinal cord injuries, 22352
social support, life satisfaction & depressive symptoms & physical well being, 19–77 yr olds with spinal cord injury, 2308
validity of scaled version of General Health Questionnaire, screening for & assessment of minor psychiatric disorder, paralyzed outpatients with spinal injuries, 39804

Current research trends in spinal cord injuries, 38328
The impact of spinal cord trauma on female sexual function, 38321
Parenting by fathers with physical disabilities, 38302
Spinal cord injured women, pregnancy, and delivery, 38327
Spinal Fluid [See Cerebrospinal Fluid]
Spinal Ganglia—Serials
partial rhizotomy of dorsal root ganglion, EMG & sensory EPs & side effects & pain, 26–69 yr olds with intractable cervical pain, 30672
Spinal Nerves—Serials
age & weight, sciatic nerve constriction induced hyperalgesia & cold & tactile allodynia, male rats, animal model of chronic pain, 24711
anesthetic blockade of cervical nerves &/vs facet joint, 25–55 yr old females with cervicogenic headache, diagnostic implications, 6907
bulbocavernosus, penile reflex, rats, 4604
chronic constriction injury of sciatic nerve, substance P binding sites in spinal cord, male rats, 20502
deafferentation pain & symptoms & operative treatment via dorsal root entry zone coagulation, brachial plexus injury patients, 34758
electrical stimulation of cervical vagus nerve, excitation vs inhibition of activity of upper cervical & lumbar spinal cord neurons, rats, 20528
electrical stimulation of median nerve, amplitude of somatosensory EPs & central conduction time & vertical balance of central processing, left vs right handed 17–37 yr olds, 16566
intrathecal capsaicin & NK-1 selective nonpeptidic antagonist CP,96-345, thermal hyperalgesia after partial sciatic nerve ligation, male rats, 25014
nalbuphine with vs without spinal kappa 1 vs supraspinal kappa 3 receptor antagonists, analgesia, male mice, 16843
resorbable vs nonresorbable suture induced sciatic nerve constriction, spontaneous & morphine & other evoked motor behavior, male rats, animal model of neuropathic pain, 4592
sciatic nerve transplantation to sectioned optic nerve with bridge to superior colliculus, light dark discrimination in shuttlebox avoidance paradigm, male golden hamsters, 36557
self mutilation of analgesic digits, female 1 yr old with brachial plexus injury sustained at birth, comparison to animal models of deafferentation pain, 10401
spinal vs partial sciatic nerve ligation, noxious stimulus induced hyperalgesia & allodynia, male rats, animal model of causalgia, 12521
topical application of capsaicin to sciatic nerve, spinothalamic neuronal response to noxious or mechanical or innocuous stimulation, macaques, 44598
Spinothalamic Tracts—Serials
mechanical & thermal skin stimulation, pain response of spinothalamic tract neurons, male rats with experimental peripheral neuropathy, animal model, 585
Spiperone [See Spiroperidol]
Spirituality—Serials
attitudes toward spirituality & approaches to helping patients with religious & spiritual needs, clergy vs nonclergy hospice caregivers, 30881
Buddhist responses to violence & war & resources for socially engaged spirituality, 9361
characteristics & social & psychological origins of New Age spirituality movement, 29176
codependence & spirituality, addicted & emotionally impaired college students, 25647
concept analysis & interrelationships of spiritual perspective & hope & acceptance & self transcendence, nursing implications, 35101
developmental vs pathological perspectives on personal crises, application of spiritual growth theory, 37116
evil spirits as oppressive supernatural vs personality states & psychotherapy vs exorcism, satanic ritual abuse survivors, 18528
existential view of spirituality in A. Hitchcock's film "Vertigo", 36921
feminist psychospiritual model of therapy in multidisciplinary team oriented retreat workshop paradigm, 14485
feminist psychospiritual model of therapy in multidisciplinary team oriented retreat workshop paradigm, commentary, 26453
health consequences of anasakti, 30–50 yr olds, India, 29450
hierarchies in great chain of being from matter to spirit based on transpersonal psychology, 45075
interpretation of religious experiences of Teresa of Avila through self psychology & parallels of psychotherapy & spiritual journey, 21595
Jungian perspective on spirituality of mid life, 13098
living into disability through spiritual journey, discovery of gifts & potentiality & positive self image, disabled females, 17648
need to address spiritual issues in palliative care of terminally ill & other patients, physicians, 2785
paradigm for investigation of spirituality in nursing, 11299
perceived spiritual needs of terminally ill, general practitioners & clergy & medical students, UK & New Zealand, 25637
period of egoic regression prior to transpersonal level of spiritual maturity, elderly, India & England, analysis of K. Wilber's & M. Washburn's theories of transcendence, 45071
personal definition & everyday practice of spirituality, gay male members of Alcoholics Anonymous, 35026
personality & spirituality ratings on TAT, high achieving 32–56 yr old Rajneeshees vs nonfollowers, conference presentation, 5332
proposed Z Code diagnostic category in DSM-IV for & cultural sensitivity to nonpathological psychoreligious or psychospiritual problems, 13253
psi & spiritual experiences during marihuana intoxication & belief in ESP, experienced marihuana users, 41754
psychological vs spiritual concepts & labeling of experiences of incongruity as depression vs melancholy, commentary, 5810
psychological vs spiritual concepts & labeling of experiences of incongruity as depression vs melancholy, commentary, 5822
psychological vs spiritual concepts & labeling of experiences of incongruity as depression vs melancholy, 5813

relative resources & sex role ideology & demand/response capability, division of household labor, couples married 0–10 yrs, Switzerland, comparison with US data, 1267
role of wives' characteristics in class identification, couples, Australia, 9414
sex & wives' occupational status & marital duration, sexual satisfaction, 20–45 yr old couples married 5 yrs or more, India, 13297
sex, assessment of recent sexual interactions, 30–45 yr old married couples, Canada, 5475
sex, indirectness in conversation, 35–45 yr old spouses with children, application of Gricean maxims, 21483
shared senile self neglect, elderly married couple with Diogenes syndrome, case report, 18360
single wage vs dual earner family status, perceptions of responsibility for & equity of household work & parenting, spouses, 33157
social background characteristics, spousal & own attitudes toward economic issues & political system & environment & women's issues, spouses, Australia, 29273
social support networks & other factors, objective vs subjective caregiver burden, husbands vs wives of patients with multi-infarct dementia or senile dementia of Alzheimer's type, Canada, 42819
solicitous & aggressive spouse behaviors as reinforcers for pain behaviors, chronic pain patients & spouses, 6253
sources & effects of emotional role strain, oldest siblings vs spousal caregivers of elderly, 30885
spatial preferences for open vs enclosed kitchen designs, married male vs female 23–80 yr olds, 35661
spousal psychiatric institutionalization, role perception & adjustment, elderly spouses remaining in community, Canada, 19158
spouse participation in Gamblers Anonymous, extent of gambling free periods, compulsive gamblers, 26826
spouse solicitousness, walking time & pain reported & heart rate during treadmill test, chronic back pain patients, 22219
stability & homogamy of childhood & current & spouse's religious affiliation, religiosity & alcohol use, White married Protestants, 25345
stage of ego development, marital quality & quality of life, 38–79 yr old cancer patients & their spouses, 34118
strategies & goals of couples therapy, law enforcement couples, 46331
structuring of individual &/vs joint relationships with family & friends, marital satisfaction & individual well being, married couples, 1284
support group effectiveness, spousal caregivers of frail elderly veterans, 1 yr study, 10769
time spent together & exciting vs pleasant shared activities, marital satisfaction, married couples, 37292
types of communication patterns & marital interactions, spouses with preschool age children, 29212
wife's part time vs full time at home employment, depression & marital satisfaction, married couples with children 5 yrs old & younger, 37289
wives' adoption of & attitudes toward low fat diet, dietary attitudes & behavior, 30–70 yr old & older husbands, 14904
wives' employment, husbands' mental health, spouses, 13300

Spouses [See Also Housewives, Husbands, Wives]—Books

Family therapy with couples: The family-of-origin approach, 18660

Spouses [See Also Housewives, Husbands, Wives]—Chapters

Couples coping with chronic and catastrophic illness, 9748
Nonverbal communication in marriage, 9427
Two reasonable people: Joint decisionmaking in contraceptive choice and use, 29311

Sri Lanka—Serials

consistency between reproductive intentions & behavior, female 18–40 yr olds & older, 1982–85, Sri Lanka, 1331
residential rehabilitation program, alcoholic 22–72 yr old males, Sri Lanka, 2 yr followup, 15094
social change, identity formation & views of womanhood, female 11–17 yr olds, Sri Lanka, 1058
social change, identity formation & views of womanhood, female 11–17 yr olds, Sri Lanka, erratum, 25206
social development model of consultation, technology transfer for social work education, Canada & Sri Lanka, 19319

Sri Lanka—Chapters

The dialectics and norms of self interest: Reciprocity among cross-siblings in a Sri Lankan Muslim community, 45103
Sri Lankan managers' leadership conceptualizations as a function of ego development, 23751

Stability (Emotional) [See Emotional Stability]

Stage Plays [See Theatre]

Stammering [See Stuttering]

Standard Deviation—Serials

RT median vs standard deviation, reflection of RT variance correlating with psychometric "g", 4th–6th graders & adults, 4189

Standard Error of Measurement [See Error of Measurement]

Standard Scores—Serials
computer program for transformation of raw scores into standard scores on Halstead Reitan Neuropsychological Battery, 39850
primacy & recency effect in verbal free recall & standardized norms for serial position curve, normal 40–90 yr olds & 40–79 yr olds with Alzheimer's disease vs amnesia vs frontal lobe damage, Italy, 18355
spread of attainment in national curriculum assessment model & group level, 7–16 yr olds, Great Britain, 19535
standard scores for & comparability of scores on Symbol Digit Modalities vs Digit Symbol Tests, 19–74 yr olds referred for neuropsychological evaluation, 12039
use of normalized T scores as standardized neuropsychological test scores, normal vs brain damaged 20–83 yr olds, 16023
violation of assumption of independence, distribution of correlation coefficient & Fisher's z in Monte Carlo simulation of meta analysis, 24254
Standard Scores—Chapters
Event-related potentials and factor Z-score descriptors of P3 in psychiatric patients, 21676
Standardization (Test) [See Test Standardization]
Standardized Tests—Serials
acute test anxiety, National Board of Medical Examiners Examination performance, 2nd yr medical students, 7306
attitudes toward use of classroom vs standardized tests, preservice vs inservice teachers vs college students, 19449
construct validity of Test of Adolescent Language-2 subtests, 12–18.4 yr olds, implications for multidimensional model of language, 36
content analysis of opinions about National Counselor Examination, examinees, 27267
cross cultural issues in vocational assessment & standardized tests, 47339
curriculum test overlap, standardized reading test performance, 1st–2nd graders, implications for educational decision making, 20089
issues in standardized testing of competence & abilities, teachers, 15341
modifications to standardized tests, assessment of developmental progress, children with disabilities, Scotland, 31901
National Curriculum Assessment item response model of reliability measurement of Standard Assessment Tasks, students, England & Wales, 43834
political & parental & teacher & student perspectives on standardized educational achievement tests, 16047
predictive validity of internal external locus of control, National Board of Medical Examiners-I scores, at risk medical students, 154
sex & college major, performance on SAT vs Descriptive Tests of Mathematics Skills, college students, 155
standardized testing, curriculum & test taking & labeling, kindergartners, implications for educational policy making, 43824
standardized vs flexible battery approach to neuropsychological assessment, patients with neurological or neuropsychiatric conditions, 8046
stress behavior & standardized achievement testing, kindergartners, 27492
teacher perceptions of value of standardized &/vs functional ecological assessment procedures for educational program development, legally blind severely mentally retarded male 8 yr old, 15495
variability in national norms of standardized test batteries, male vs female students, analysis of intellectual variability hypothesis, commentary, 20099
variability in national norms of standardized test batteries, male vs female students, analysis of intellectual variability hypothesis, commentary, 20093
variability in national norms of standardized test batteries, male vs female students, analysis of intellectual variability hypothesis, commentary reply, 20091
variability in national norms of standardized test batteries, male vs female students, reanalysis of effect sizes in tails of intellectual ability distributions, commentary reply, 35965
variability in national norms of standardized test batteries, male vs female students, reanalysis of effect sizes in tails of intellectual ability distributions, commentary, 35960
variability in national norms of standardized test batteries, male vs female students, reanalysis of effect sizes in tails of intellectual ability distributions, 35964
Standardized Tests—Chapters
The federal role in standardized testing, 27942
Intelligence at the low end of the curve: Where are the racial differences?, 18126
An item response theory model for test bias and differential test functioning, 27957
The politics of multiple-choice versus free-response assessment, 28094
Research questionnaires in routine clinical practice: Are they useful?, 39843
Testing and minorities, 24229
The use of standardized tests with young gifted children, 31819
Standards (Professional) [See Professional Standards]
Stanford Binet Intelligence Scale—Serials
biomedical & social characteristics, verbal intelligence scores from Stanford Binet Intelligence Scale & McCarthy Scales of Children's Abilities & PPVT, 3 yr olds, longitudinal study, 31828
concurrent validity of Nonvocal Cognitive Quotient of Cognitive Abilities Scale & Stanford-Binet Intelligence Scale-4th Edition, nonvocal 2–3 yr olds, 15905
factor structure & concurrent validity of Bracken Basic Concept Scale vs Stanford-Binet Intelligence Scale–4th Edition, screening of intelligence, African American 4.2–5.3 yr olds, 11962
item analysis of performance differences on Stanford-Binet Intelligence Scale, Black vs White 3 yr olds, 43710
K-ABC vs WISC-R vs Fourth Edition Stanford-Binet Intelligence Scale profile elevation & shape & variability, prediction of achievement scores, 6–12.5 yr olds, Canada, 11964
reliability & utility of short forms of Stanford Binet Intelligence Scale, low achieving 5.3–15.9 yr old students, 16049
strengths of original Stanford-Binet Intelligence Scale L-M & use as supplemental test, gifted & developmentally disabled & other children, 8022
superiority of norms & factorial structure of Stanford-Binet Intelligence Scale 4th edition, gifted children, 7934
validity of WPPSI-R vs Stanford Binet L-M, assessment of IQ & intellectual functioning, at risk 3–6 yr olds, 11961
Stanford Binet Intelligence Scale—Chapters
Ascertaining intellectual functioning with Binet-type instruments, 35844
Stanines [See Standard Scores]
Stapedius Reflex [See Acoustic Reflex]
Startle Reflex—Serials
amygdalal infusion of non-NDMA antagonist CNQX, fear potentiated startle, male rats, 32646
auditory startle response, blind vs sighted adults, 46125
aversive conditioning with shock & pictures with pleasant vs unpleasant emotional content, magnitude of startle eyeblink reflex & physiological arousal, female college students, 44537
aversive photographic slides, startle reflex potentiation, 18–39 yr olds with high vs low fear, 20737
behavior therapy, eyeblink startle reflex in response to phobic vs nonphobic fear vs neutral imagery, animal phobic female 19–23 yr olds, 26582
bilateral amygdaloid nucleus lesion before vs after training, expression of fear potentiated acoustic startle, male rats, 40381
carbachol in CA1 vs dentate gyrus vs ventral subiculum, acoustic startle & prepulse inhibition, male rats, animal model of sensorimotor gating in schizophrenia, 20821
choline free diet containing false cholinergic precursor N-aminodeanol, prepulse inhibition & elicitation of acoustic startle, male rats, 32716
chronic morphine & naloxone precipitated withdrawal, acoustic startle response, male rats, 729
circadian rhythms of acoustic startle responses, rats, 4667

clinical & electrophysiological & genetic aspects of hyperekplexia vs stiff baby syndrome, 2.3–8 yr olds, 42044
diazepam withdrawal, ultrasonic distress call frequency & acoustic startle reflex response to auditory stimulation, male rats, 44681
dopamine in nucleus accumbens vs anteromedial striatum vs orbital cortex vs amygdala vs posterolateral caudate, sensorimotor gating of startle reflex, male rats, 774
electrical stimulation to ventral amygdaloid pathway vs ventrolateral midbrain vs medial medulla, fear potentiation of acoustic startle reflex, rats, 40457
eyelid closure, affective imagery vividness & baseline EMG & eyeblink startle response, 18–32 yr olds, 32542
fear & anxiety levels, acoustic startle reflex, healthy males, 44175
glutamate antagonist injection to caudal pontine reticular nucleus, acoustic startle response, male rats, 36813
high frequency noise bands, fear presentation of acoustic startle reflex, male rats, 4445
intensity of prepulse stimuli against background noise, startle reflex, patients with chronic paranoid schizophrenia or schizoaffective disorder, 21800
intraretinal grafts, light inhibition of acoustic startle reflex & visual function, light blinded rats, 32384
neonatal dopamine depletion, apomorphine induced acoustic startle response & prepulse inhibition, male rats, implications for abnormal sensory gating in schizophrenia, 4617
neural substrates of sensorimotor gating of startle reflex, implications for pathophysiology of mental illness, 595
physiology of normal startle response & neuropsychiatry of pathological startle response, 13617
picrotoxin induced subpallidal GABA blockade vs peducolapontine tegmental nucleus lesions, prepulse inhibition of acoustic startle, male rats, animal model of behavioral gating, 24777
prenatal methadone, acoustic startle amplitude & CNS hyperexcitability, 21–32 day old rats, animal model of opiate abstinence in infants born to mothers on methadone maintenance, 44645
prestimulation induced startle modulation, male 6–11 yr olds with attention deficit hyperactivity disorder & enuresis, 9728
serotonin antagonist GR 38032F vs chlordiazepoxide vs 5-HTP, potentiated startle response, male rats, animal model of anxiolytic treatment of anxiety, 4802
shock preceding aversive conditioning, mediation of startle reflex magnitude & electrodermal response, college students, Germany, conference presentation, 40464
social anxiety, latency of response to acoustic startle stimuli during social evaluation situation, college students, 29721
startle elicited blinks in emotional response to affective slides, male psychopathic vs nonpsychopathic incarcerated sexual offenders, 26032
startle responses & physiological abnormalities & sites of hyperexcitability, 2–47 yr old family members with hereditary hyperekplexia, 2150
technique for elicitation of audiogenic startle reflex & definition of normal habituation, normal 31–71 yr olds & male 67 yr old with hyperekplexia, 10345
various 5-HT receptor agonists, prepulse inhibition & startle reflex amplitude, male rats, 32689
yohimbine, acoustic startle reflex, healthy adult males, 44687

Startle Reflex—Chapters

Analysis of aversive memories using the fear-potentiated startle paradigm, 12569
A neural analysis of fear conditioning, 8695

Starvation—Serials

selective serotonin agonists &/vs antagonists, semistarvation induced excessive wheel running, male rats, 25012
serotonergic activation by fluoxetine or fenfluramine during prolonged starvation, caloric intake & macronutrient self selection, male genetically obese Zucker rats, 40551

Starvation—Chapters

Starvation-related endocrine changes, 29995

State Dependent Learning—Serials

NMDA antagonists during training, response recall & transfer, male rats, 8917

State Hospitals [See Psychiatric Hospitals]

State Trait Anxiety Inventory—Serials

Beck Depression Inventory vs State-Trait Anxiety Inventory vs Endler Multidimensional Anxiety Scales, differentiation of anxiety & depression, nonclinical college students, Canada, 7943
concurrent validity of Chinese version of State Trait Anxiety Inventory, assessment of psychological well being, 13–20 yr olds, Hong Kong, 35867
reliability & validity of State Trait Anxiety Inventory for Children, assessment of anxiety states & relation to cognitive function & depression measures, 60–95 yr olds, 39785
reliability of short form of State-Trait Anxiety Inventory, adults with normal & raised levels of state anxiety, 7961
scores on symptom negative vs positive subscales of Dutch State version of State-Trait Anxiety Inventory, psychiatric patients & college students & police personnel, replication, 12017

Statistical Analysis [See Also Analysis of Covariance, Analysis of Variance, Binomial Distribution, Central Tendency Measures, Chi Square Test, Cluster Analysis, Confidence Limits (Statistics), Consistency (Measurement), Effect Size (Statistical), Error of Measurement, F Test, Factor Analysis, Frequency Distribution, Fuzzy Set Theory, Goodness of Fit, Interaction Analysis (Statistics), Item Analysis (Statistical), Mann Whitney U Test, Mean, Median, Meta Analysis, Multivariate Analysis, Nonparametric Statistical Tests, Normal Distribution, Orthogonal Rotation, Parametric Statistical Tests, Predictability (Measurement), Sign Test, Skewed Distribution, Standard Deviation, Statistical Data, Statistical Estimation, Statistical Norms, Statistical Probability, Statistical Regression, Statistical Rotation, Statistical Significance, Statistical Tests, Statistical Weighting, T Test, Time Series, Variability Measurement, Wilcoxon Sign Rank Test]—Serials

active drug placebo difference as effect size, power analysis for sample size estimation in clinical studies of psychotropic drug efficacy, meta analysis, 2623
advantages of spreadsheets for statistical data generation & analysis in statistics classes, psychology students, conference presentation, 11393
alternative solutions for optimization problems of maximizing generalizability coefficient under budget constraints, 8127
analysis of sequential structure of Rorschach responses & location scores, college students, 24097
ANOVA vs log linear analyses of time budget data, captive sloth bears, 4179
ANOVA vs MANOVA vs Friedman Analysis of Ranks vs Cochran Mantel Haenszel method, analysis of repeated measures data on antipsychotic withdrawal induced extrapyramidal symptoms, schizophrenic patients, 22686
application of data reduction approach to data analysis of survey of public perception of TV news coverage bias, adults, UK, 9081
application of growth curve analysis to accelerated longitudinal design study of development of attitudes toward deviance, 11 & 14 yr olds, 5 yr study, 20139
application of PARAFAC model to positive manifold data, 20133
approaches to statistical analysis of behavioral medicine data with repeated observations, 42536
approximation formula for calculation of bounds of population density index, 43877
basic features of & matrix approach to network analysis, emergency service organizations, social work implications, 38888
clinical utility & fallacies of statistical inferences about psychotherapy, 38412
COEFVAR computer program, testing equality of 2 or more coefficients of variation, 10 & 17 yr old males, 43866
cognitive componential analysis & structural equation modeling of reading processes, 10–12 yr olds, 21183
computer program for trend analysis with ordinal independent variable & dichotomous dependent variable, implications for neuropsychological research, 20121

concept approximation based on Bayesian decision theoretic framework & unification of fuzzy & rough set approaches, implications for intelligent systems design, 24257
configural frequency analysis in repeated measurement designs & longitudinal data, comparison with residual analysis for log linear modeling, 12101
constant proportion principle vs law of diminishing returns in pay increase size, perceived attractiveness of bonus, sales employees, 19716
construction of uncorrelated discretely distributed artificial profiles for judgment analysis, 8132
contextual information & judgmental combinations of statistics & intuition relative to formal combination rule, human vs model prediction, adults, 28274
correction for multiple IQ/achievement comparisons, Type I error & discrepancy determination & relation to rates of diagnosis of learning disabilities, K–11th graders, 177
cultural link analysis, study of social attitudes & beliefs, adults, France vs Germany vs UK vs US vs Japan, 25361
customized programing vs software packages, microcomputer based analysis & visualization of complex psychophysiological data, conference presentation, 8784
data transformation, improvement of power & probability of Type I & Type II errors in Monte Carlo simulated within-S design, 28122
decomposition into directional components, analysis of asymmetric data tables with subspace constraints, 36013
definition & application & mean & variance of rank association coefficient t for nonmonotone association, 43886
demographic & biological characteristics & mediating variables, health promoting behaviors, 20–64 yr olds, LISREL analysis of N. J. Pender's health promotion model, 46725
dimensionality & artifact & utility & principle components analysis of brain electrical activity & EPs, 30–80 yr olds, 4648
econometric removal of unobserved constitutional factors, statistical relationship between BP & heavy drinking, adult males, 44515
efficacy of gain scores vs posttest vs ANCOVA measures in analysis of simulated pretest-posttest control group experiments, 8115
eigenvector stability & principal component analysis of EP data, 12089
equations for combination of Pearson's r correlation coefficients of 2 or more samples, 39907
establishing operations of deprivation & satiation, reinforcement effects, developmentally disabled 25–36 yr olds, commentary & reanalysis of data using statistical process control, 14565
event history analysis of marital & family interactions, 29220
exploratory statistical methods with applications to clinical psychiatric research, 28127
extension of 3 parameter square root model for measurement of discrete spatial density in human populations, ergonomic applications, 183
facet analysis vs common factor vs congeneric measures model of construct validity & reliability assessment of Family Functioning Scale, families, 24029
fit of Confirmatory Factor Analytic vs Composite Direct Product model to multitrait multirater performance appraisal data, employees, 20128
FORTRAN program for assessment of unidimensionality of binary data, application of P. E. Holland & P. R. Rosenbaum's methodology, 43875
FORTRAN program for identification of coefficients from power method for transformations of standard normal variable to nonnormal variables with prespecified skewness & kurtosis, 32020
Fourier vs Walsh transform power spectrum, analysis of periodicities in behavioral data, conference presentation, 8092
generalizability theory, analysis of sources of error in measurement of writing proficiency, 24240
genetic theories of race & crime, commentary & statistical analysis, 26027
handedness, sexual orientation, exclusive vs nonexclusive heterosexuals, commentary on reanalysis of data, 37382
haptic tau analysis of temporal force pattern & constant angular velocity in rotation of object on supporting edge until unstable equilibrium is reached, 16121
importance of regression diagnostics for detection of influential data points in behavioral research, 20120
incorrect results in analysis of multiple imputations of synthetic data as multiple indicators, 32014
inferential conditions in statistical detection of measurement bias in employment & educational settings, 35789
information statistical analysis & frequential data collection method, assessment of behavior changes, monkeys, 11925
integrated version of points of view analysis, determination of similarities or dissimilarities of clusters of individuals, 32013
integration of cluster & discriminant function analysis for development of social bond typology, runaway & homeless 11–21 yr olds, 37864
integration of Monte Carlo results for statistical tests by meta analytic methods, 16072
interpretation of within group interrater reliability statistic as measure of agreement among ratings of single target, 28129
lack of improvement in current multitrait multimethod matrices for convergent & discriminant validity over matrices published in highly cited article from "Psychological Bulletin", 12090
latent class model for dichotomous data subjecting item latent probabilities to order restrictions, 20125
latent growth structural models, modeling incomplete longitudinal & cross sectional data & identification of changes over age, 12996
log linear vs log log plot of data on physical or psychological impairment & age, 15–84 yr olds, Canada, implications for multistage mathematical model, 25643
loglinear analysis in social work research, 35999
Macintosh based computer programs, collection & analysis of sexual behavior data, rodents, 4544
macro analysis of social change through cohort analysis of Japanese National Character Study data, 20–69 yr olds, Japan, 43887
management of Type I errors & number of iterations necessary for detection of departure from robustness in Monte Carlo studies, 12098
mathematical & statistical models & measurement of factor invariance in aging research, WAIS-R standardization sample, 12992
meta analytic methods, integration of findings of Monte Carlo studies of robustness of F & Welch & Kruskal-Wallis tests in 1 & 2 factor fixed effects ANOVA models, 16073
method of discrete time survival analysis, study of duration & timing of events & discrete time hazard model of career paths, special educators, 13 yr study, 39171
methodology for computing data in meta analysis with PROC MEANS procedure in SAS program, 32010
modifications & extensions of parallel analysis in principal components & factor analysis, 35998
moment analysis & spectral power of EEG amplitude, classification of behavioral states, college students, 44476
Monte Carlo nonparametric statistical procedure, analysis of preference in 2 choice experiments, female European corn borers, 16404
multigroup genetic covariance structure analysis, decomposition of phenotypic means into genetic & environmental components, twins, 538
multiple logistic analysis in early intervention research, 28131
multitrait multimethod technique & ANOVA & confirmatory factor analysis, assessment of convergent & discriminant validity in nursing research, commentary, 39904
multitrait multimethod technique & ANOVA & confirmatory factor analysis, assessment of convergent & discriminant validity in nursing research, commentary reply, 39916
nonlinear analysis of stimulus response functions in perceived brightness, adults, analysis of psychophysical method of limits, 12152
nonparametric smoother technique, examination of data from single S design, 180

number & levels of variables & saturations & sample sizes & variable to component ratios & pattern rotations, principal vs image component & factor & scale score methods, 20122
number of test items & interitem correlation, interpretation & assumptions & meaning of coefficient alpha of reliability in scale construction, 19965
optimal scaling procedure in 3-way analysis of quantification matrices, analysis of variables of mixed measurement levels, 39913
origins & history & impact of 4 frequently cited methodological & statistical articles from "Psychological Bulletin", 11924
paired comparison vs 1st choice analysis of eyewitness data, paradoxical outcomes in data from identification parade, 16265
pairwise vs ipsative approach to comparison of WISC-III IQ & Index scores, 6–16 yr olds, 24060
parametric vs nonparametric MANOVA vs multiple nonparametric ANOVA vs multinomial logistic regression, analysis of community adjustment, mentally retarded 19–33 yr olds, 36012
performance of 6 goodness of fit test statistics with violated assumptions as measure of empirical robustness, 4187
perspectives on usage & interpretation of max r statistic in psychometric reanalysis of psychological scales, 32022
phase vs traditional statistical approach to diagnosis of burnout & perceptions of work environment, human service agency employees, implications for management decision making, 15644
pooled & total within groups variance estimates in & reasons & methods for standardizing discriminant function coefficients, commentary reply, 28135
power analysis methods, assessment of post hoc outcome of classroom based social skills program, data from small samples of 5th graders, 4186
principal component analysis of Gottfries-Brane-Steen scale, assessment of dementia, elderly with suspected mild to severe dementia, Sweden, 12020
probabilistic judgments in statistical prediction situations, psychology researchers, test of representativeness & significance hypotheses, 24246
problems in use of difference scores in consumer research, 31642
procedure for analysis of collateral data as measure of relation of attrition to internal validity & interpretation of experimental results, 8088
P3 EPs component in visual vs auditory stimulus modality & methods to control statistical Type II error, 20–37 yr olds, 16631
qualitative generalizations from statistical tests, 39918
quantitative analysis of EEG during tonic REM sleep, patients with probable Alzheimer's disease, diagnostic implications, 10380
range restriction, bias in GRE validity coefficients, graduate school applicants, 28079
reanalysis of Depressive Experiences Questionnaire principal components & relationship to Beck Depression Inventory & EPPS, female college students, 24117
replicability of principal components & multidimensional scaling, assessment of pattern reversal visual EP topography, normal adults vs 58–79 yr olds with Alzheimer's disease, 20676
Saltus model as linear logistic test model, analysis of dichotomously scored responses in cognitive development research, commentary, 20124
sampling issues for statistical analysis of average child from average family, 20131
SAS macro for jackknife analysis of canonical correlations & structure coefficients in discriminant analysis, 20119
saturation & factor loadings & sample size & variable to component ratio, effect of overextraction on maximum likelihood factor vs principal component analysis, 20123
selection & analysis strategies for aggregation of family data in nursing research, data based on small family subgroups & units, 4183
self exciting point process model, statistical analysis of mean & variance of Fourier transform of auditory nerve discharge responses to speech stimulus, cats, 623
seriation vs multidimensional scaling of asymmetric proximity matrices, 185
sources of variability in speechreading sentences, 16–37 yr olds, application of generalizability analysis, 272
statistical methods & concurrent use of longitudinal & cross sectional data, analysis of psychotherapeutic processes from incomplete records, clients, 38402
statistical methods for improving interrater reliability of peer manuscript review for "Journal of the American Academy of Child and Adolescent Psychiatry", 47004
statistical modeling procedure, analysis of drug use in justice & health care systems & prediction of use in larger community, 8131
statistical power analysis perspective on current rehabilitation counseling research, 38992
statistical properties of large published classifications, 1763–1988, 20129
statistical treatment of E factor as random in model self disclosure experiment, E as fixed effect fallacy, college students, 24267
stimulus variability & partial reinforcement contingencies, discrimination learning with light signals, adults, application of statistical model, commentary on reprint, 12292
stimulus variability & partial reinforcement contingencies, discrimination learning with light signals, adults, application of statistical model, reprint, 12279
structural models for multitrait multimethod data in aging research, 13006
subtest scatter analyses & Kaufman regroupings of WISC-R scores, non-learning-disabled vs learning disabled 6–15 yr olds, 24149
summary measures for statistically valid analysis of serial group data in psychopharmacological interventions, 16080
symmetry of statistical contingency of prediction of future vs understanding of past, implications for psychology, 36002
tau equivalent & parallel & congeneric properties of 2 halves of Washington University Sentence Completion Test, assessment of ego development, 18–75 yr olds, 24088
techniques combining mean & covariation based study of variety of individuals, conference presentation, 36020
therapeutic utility & statistical analysis of Omar Psychological Picture Album responses, college students, Kuwait, 27982
Thurstonian pairwise choice model for psychophysical stimuli with univariate & multivariate spline transformations, adults, Netherlands, 36003
time series analysis of potassium channel bursts from fused synaptosomes, implications for statistical memory, 28544
traditional approaches to change measurement & structural model for studying correlates & predictors of change, demonstration of model with data on elderly, 8124
trait & factor analysis of Luria-Nebraska Neuropsychological Test Battery Intellectual Processes & Motor Functions & Memory Scales, neuropsychiatric patients, 16022
Type I & Type II errors in pattern analysis, 24251
understanding of fundamentals of application of statistics to data, psychologists, 31175
use of psychometric vs biometric vs bias models implemented on LISREL software, analysis of parental ratings of children's behavior problems, parents & their 8–16 yr olds, 1078
use of statistical power analysis in health education & promotion research, 30708
validity in & relationship between research & statistical design, 36034
weighted vs unweighted common item equating vs missing data calibration method, test equating in G. Rasch's measurement model, adults, 24252
Statistical Analysis [See Also Analysis of Covariance, Analysis of Variance, Binomial Distribution, Central Tendency Measures, Chi Square Test, Cluster Analysis, Confidence Limits (Statistics), Consistency (Measurement), Effect Size (Statistical), Error of Measurement, F Test, Factor Analysis, Frequency Distribution, Fuzzy Set Theory, Goodness of Fit, Interaction Analysis (Statistics), Item Analysis (Statistical),

Mann Whitney U Test, Mean, Median, Meta Analysis, Multivariate Analysis, Nonparametric Statistical Tests, Normal Distribution, Orthogonal Rotation, Parametric Statistical Tests, Predictability (Measurement), Sign Test, Skewed Distribution, Standard Deviation, Statistical Data, Statistical Estimation, Statistical Norms, Statistical Probability, Statistical Regression, Statistical Rotation, Statistical Significance, Statistical Tests, Statistical Weighting, T Test, Time Series, Variability Measurement, Wilcoxon Sign Rank Test]—Books

Statistical Correlation [See Also Linear Regression, Rank Difference Correlation, Rank Order Correlation]—Serials

age, correlational reasoning skills & performance, 4th graders to postgraduate students, 23569
AIDS patient care intentions, regression & interpretation of correlations, nursing students, commentary, letter, 39088
application of PARAFAC model to positive manifold data, 20133
artifact in low correlations in test retest reliability of Halstead-Reitan Neuropsychological Test Battery subtests, simulation & reanalysis of J. D. Matarazzo's data, 133
association of Tridimensional Personality Questionnaire scores with smoking variables, adult smokers, 51
assumptions of correlation of residuals of structured equations of unmeasured variables, fit of models of reciprocal effects of attitudes, employees, reanalysis of job satisfaction & commitment data, 4177
bias in estimates of variance components due to serially correlated effects in generalizability studies, 20142
coefficients of relational agreement between multiple judges for absolute & ratio & interval & additive scales, application of F. E. Zegers & J. M. ten Berge's theory of association coefficients, 36009
comparison of correlations based on individual level vs aggregated data, 43878
computer simulated variance increase vs decrease in high vs low error conditions, correlation between change & initial level values, generated data, implications for psychophysiology, 43870
conjoint measurement & correlational procedures in measurement properties of intelligence tests, college students, Australia, 39754
correlation & score consistency & configural patterns between MMPI & MMPI-2, college students, 4000
correlation among measures of person environment congruence in J. L. Holland's vocational typologies, 15589
correlation among Worry Domains Questionnaire & Penn State Worry Questionnaire & Student Worry Scale, 18–68 yr olds, England, 19995
correlation analysis of several sets of variables & determination of test item weights & reliability & concurrent validity, personality inventory scales, college students, Japan, 24096
correlation between & concurrent validity of Millon Clinical Multiaxial Inventory-II & 16PF, couples in outpatient marital therapy, 24074
correlation between attendance & grades, psychology students, Canada, 35353
correlation between MMPI scales & Tridimensional Personality Questionnaire, 16–82 yr old psychiatric patients, 24159
correlation between Scale for Assessment of Negative Symptoms & Scale for Assessment of Positive Symptoms global scores, schizophrenic patients, meta analysis, 31892
correlation between short & long forms of McGill Pain Questionnaire, adults with cancer related chronic pain, 39740
correlation of collected item pool from anxiety scales with self rated Zung Anxiety Index vs Rand Depression Screener, anxiety disorders vs medical patients, 28000
correlation of skewness of RT distribution with psychometric "g" on elementary cognitive tasks, college students, 4191
correlation of standardized patient checklist & written question scores in clinical encounter performance based exam, medical students, 28075

correlation of visual analog scale &/vs present pain index subscale of McGill Pain Questionnaire, patients with inflammatory bowel disease vs irritable bowel syndrome, commentary, 8023
correlational & correspondent inferences, effectiveness & perceived honesty of 1 vs 2 sided advertisement & attitudes toward brand, college students, 15753
correlational reliability of cognitive screening tests & behavioral scales, 59–81 yr olds with probable mild to moderately severe Alzheimer's disease, Italy, 24185
correlations between husbands & wives for physical & personality & socioeconomic traits, newlywed vs engaged vs couples married 5 yrs or more, Scotland, 1 yr followup, 25388
definition & application & mean & variance of rank association coefficient t for nonmonotone association, 43886
equations for combination of Pearson's r correlation coefficients of 2 or more samples, 39907
equivalency of forms of Set 1 of Depression Adjective Check Lists, adolescents vs adults vs elderly, 43735
ignoring correlated error, parameter estimates in simple structural equation models, 8125
Index of Profile Agreement & associated coefficient, assessment of self & other ratings of personality profiles, 20–90 yr olds, 43730
integration & intercorrelation of Rorschach & MMPI, adolescent psychiatric patients, conference presentation, 24104
intercorrelated attributes, self insight & recognition of weighting schemes used in holistic judgments, college students, replication, 16291
intercorrelation of attribute values & conflict in choice problem, adaptation of information processing & decision strategies, college students, 44058
intercorrelation of item 31 & total scores on Dyadic Adjustment Scale, spouses, 19997
intercorrelation of R. O. Frost et al vs P. L. Hewitt & G. L. Flett Multidimensional Perfectionism Scale, assessment of perfectionism & relation to depression & affect, college students, 15922
intercorrelation of WISC-R scores across ability groups, children, Scotland, replication, 942
intercorrelations & generalizability of assortative mating coefficients for personality variables based on MMPI scales, 9th graders & couples & spouses from 5 states, 49
intercorrelations between WISC & WISC-R subtests, high vs low ability children from standardization sample, France, test of C. Spearman's hypothesis, 31827
interitem correlation frequency distribution analysis, evaluation of scale dimensionality, college students, 43879
interpretation of test correlation coefficients & use of verbal modifiers in description of statistical significance, commentary, 8099
Mann-Whitney-Wilcoxon tests on within & between group correlations, nonindependence of nonparametric tests, 36025
maximum likelihood methods for estimation of multivariate polychoric & polyserial correlations in presence of incomplete data, 12093
meaningful split for comparisons & inclusion of correlations in studies of duration & psychological benefits of martial arts, 39532
measurement of stability in test retest correlation, 43862
methodological considerations in interpretation of correlations between risk perception & behavior, 32034
multicollinearity & multiple regression analysis in discrimination litigation, 3882
neurological hypothesis of correlation between psychometric g & RT, 37504
parallel & total discriminant ratio coefficients for interpretation of discriminant functions following MANOVA test, 20144
POWCOR program for computation of power or sample size for detecting differences between dependent or independent correlation coefficients, 32002
prior beliefs, covariance judgments of meaningful data, college students, 13476
psychometric properties & diagnostic correspondence of youth vs mother vs father report versions of Child Behavior Checklist Depression Scale, normal vs depressed adolescents, 24114
ratio model for paired comparisons, 8094
relationship & correlation between absence & turnover, employers, meta analysis, 15650
relationship & correlations between Child Behavior Checklist & Diagnostic Interview Schedule for Children, 5–17 yr olds from military families, 33528
relationships between information function of item response theory & signal to noise ratio & reliability coefficient of classical test theory, 32017
response frequency, validity of Rorschach Comprehensive System constellation indices & correlation with MMPI-2, 18–65 yr old patients, 24142
rowwise correlation coefficients between 2 proximity matrices, 32006
RT median vs standard deviation, reflection of RT variance correlating with psychometric "g", 4th–6th graders & adults, 4189
SAS macro for jackknife analysis of canonical correlations & structure coefficients in discriminant analysis, 20119
sex & neuroticism & introversion vs extraversion, correlations between standard & computerized forms of Eysenck Personality Inventory & Adjective Check List, college students, 4026
stability of individual differences & correlations between 1 factor & simplex structural equation models in multiwave studies, high school & college students, 4–8 yr study, 39919
strong correlation of cause & outcome, judgment of strength of weaker cause, college students, Canada, 20251
structural models with circumplex inequality patterns for elements of correlation matrices, 24241
super normal control group usage & coaggregation in determination of familial relationship between psychiatric disorders, relatives, commentary, 36031
test retest reliability of Der Zahlen-Verbindungs-Test trail making test & correlation with general intelligence, 17–35 yr olds, Canada, 15936
transformation of scores into ranks & indicators, increasing power of location & correlation tests, 24259
violation of assumption of independence, distribution of correlation coefficient & Fisher's z in Monte Carlo simulation of meta analysis, 24254

Statistical Estimation [See Also Least Squares, Magnitude Estimation, Maximum Likelihood]—Serials

algorithms for maximum likelihood estimates of parameters in loglinear & loglinear item response theory models, 8112
application of partial credit model to parameter estimation with null categories of 0 responses, 32025
Bayesian estimation of normal ogive item response curves using Gibbs sampling, application to test scores from mathematics placement exam, 167
Behavioral Risk Factor Survey vs Stanford Five City Project Survey, cardiovascular risk behavior estimates, 25–65 yr olds, commentary, 38208
Behavioral Risk Factor Survey vs Stanford Five City Project Survey, cardiovascular risk behavior estimates, 25–65 yr olds, commentary reply, 38202
Behavioral Risk Factor Survey vs Stanford Five City Project Survey, cardiovascular risk behavior estimates, 25–65 yr olds, 16036
combined information & results from replicated studies for estimation of partial regression coefficients in linear models, 16071
Crimes Against Persons Index, estimation of incidence of spouse abuse & rape, 13865
development of SEQUENCE model, estimation of advertising copy & execution impact on beliefs & attitudes & purchase intentions, consumers, 7745
empirical estimates of Bonferroni corrections of error rates for chromosome mapping of traits & marker loci, BXD recombinant inbred strains of mice, 28469
estimation method for reliability & conditioned standard errors of measurement for scale scores & application to American College Testing assessment data, college bound 12th graders, 20094
evaluation of alternative methods for computation & estimation of standardized mean difference effect size for meta analysis data, 39923
fit of unidimensional composite traits vs multidimensional item response theory model to multidimensional data, item parameter & trait estimation, 20134
formulas for estimation of individual rater reliabilities, 8116
formulas for use with Bayesian ability estimates, college students, 43874
fractile method, estimation of judgments of frequency distributions, research review, implications for Schmidt-Hunter global estimation procedure, 28140
ignoring correlated error, parameter estimates in simple structural equation models, 8125
independently ascertained probands & pedigree data & methods for estimation of age at onset distribution for genetic disorders, application to psychiatric disorders, 17636
indices for estimation of association between species or individuals or groups in behavioral studies, animals & plants, 12091
invariant standardized estimate parameter change for model modification in covariance structure analysis, 43860
limited capacities & credibility of prevalence estimates of societal drug use, national drug policy decision making, 45747
maximum likelihood estimation of multivariate Gaussian rating model with excluded data, 193
maximum likelihood vs marginal estimation methods & simulation vs estimation based model, 20135
method for automated parameter estimation & testing of fit of nonstandard models for mean vectors & covariance matrices, 4182
modified comparison of 1 step M-estimators of location in psychometric measures with heavy tailed distributions & more than 2 groups, 32024
multiple capture methods, drug use prevalence estimation, 43857
multiple capture models & synthetic estimation procedures, population estimation of illicit drug use in Los Angeles, 43868
point & interval estimation & other analyses of mediated effects in health promotion & school based drug prevention programs, adults & 6th–7th graders, 38358
point estimate & confidence interval procedures for combined 2-sample Mann-Whitney U Test & matched pair Wilcoxon Sign Ranks Test, implications for special education research, 8098
policy needs & current status of & recent developments in prevalence estimation of drug usage, 43856
problems & practical solutions to estimation techniques & drug use prevalence, 43869
problems of item parameter estimation errors in item response theory based test development, conference presentation, 39912
quantitative procedures, estimation of size of unobserved or partially observed populations engaged in drug usage, 43892
regression analysis, estimation of preinjury hand strength, uninjured 18–25 yr olds, implications for disability evaluation, 16070
regression based approach to estimation of conformity & stability in groups using rotation vs generation design methods, 43913
simulated high rates of respondent attrition, estimates of delinquency & drug abuse prevalence & frequency, 11–15 yr olds in 3 yr panel study, 45677
small sample properties of Spearman autocorrelation estimator, appropriateness of rank or conventional parametric estimators & hypothesis tests in time series analysis, 36016
statistical analysis of estimation results from effect vs indicator coding of discrete variables, 8135
statistical inference with sample parameter estimates on boundary of parameter space, 12088
statistical models for indirect estimation of need for alcohol or drug abuse or mental health services, 2405
synthetic estimation & use of complementary estimation procedures, prediction of drug use prevalence, 43883
system dynamics simulation model, cocaine use & supply & trend projections & prevalence estimation, 43867

use of Genetic Tobit factor analysis, estimation of behavior genetic parameters from censored data, identical or fraternal twins, 541
whole group estimates preceding subgroup or vice versa & grouping of high/low scores in subgroups, Will Rogers Illusion in judgments of group means & social stereotypes, adults, 28134
Statistical Estimation [See Also Least Squares, Magnitude Estimation, Maximum Likelihood]—Chapters
Computationally intensive statistics, 43907
Stability of the MH D-DIF statistics across populations, 27945
Statistical Measurement [See Also Binomial Distribution, Central Tendency Measures, Frequency Distribution, Mean, Median, Normal Distribution, Predictability (Measurement), Skewed Distribution, Standard Deviation, Statistical Norms, Statistical Probability, Variability Measurement, Variance Homogeneity]—Serials
automated system for measurement of rotational behavior, animals, 8488
expert knowledge vs statistical vs mechanical analyses based systems, early prediction of developmental delays, 18 mo olds, Japan, 18083
intraclass reliability coefficients for 2 measurement procedures, 168
item step parameter estimation, algorithm application to generalized partial credit model of rating scale formulation, 182
Jacobson & Traux's vs Edwards & Nunnally's methods & instrument reliability & sample deviance, assessment of clinically significant change, elderly brief therapy patients, erratum, 24270
mathematical & statistical models & measurement of factor invariance in aging research, WAIS-R standardization sample, 12992
measure of homogeneity for nominal categorical data, 43872
measurement of stability in test retest correlation, 43862
methodological validity of focal animal technique, estimation of duration of behavior acts, ants, 8515
ORDMET 3 algorithm, ordinal pair comparison & determination of maximin solution for scaling & linear inequalities, 8126
reward system approach to paired comparison scaling, 170
seriation vs multidimensional scaling of asymmetric proximity matrices, 185
Statistical Norms—Serials
development of local norms for use in vocational evaluation, 11181
intraindividual Curriculum Based Measurement norms of academic growth rates in reading vs spelling vs math, 1st–6th graders, 2 yr study, 27493
normative data & solution rates for remote associate problems, senior secondary vs college students, Australia, implications for use in performance feedback paradigms, 17067
Statistical Power—Serials
algorithm for Shaffer's multiple comparison procedures for improving statistical power in ANOVA, 43882
data transformation, improvement of power & probability of Type I & Type II errors in Monte Carlo simulated within-S design, 28122
formula for determination of power attainable in 2-sample tests with sample of limited size, application of J. Cohen's tables, 28128
matched pair randomization for medical research using physician's practice, sample size & statistical power requirements, 8159
percentage of Ss & number of standard deviations outside of normal range & sample size, statistical power of tests of equality of variance vs means in analysis of neuropsychological data, 43861
POWCOR program for computation of power or sample size for detecting differences between dependent or independent correlation coefficients, 32002
power analysis methods, assessment of post hoc outcome of classroom based social skills program, data from small samples of 5th graders, 4186
power comparisons of tests for sphericity in repeated measures designs, 172
power functions of Students t & Mann-Whitney-Wilcoxon tests on initial scores vs ordinary vs modular ranks vs dichotomies for normal vs mixed normal vs double exponential vs Cauchy distributions, 39929
selection of extreme sample groups for maximization of power of t with nonnormal distribution of X & Y scores, 20126
statistical power & reliability of dependent measures in homozygous true score regression across treatments, 8100
statistical power analysis perspective on current rehabilitation counseling research, 38992
statistical power in consultation liaison psychiatry research published in "Psychosomatics", 1989, 14458
statistical power in research on Rorschach test, 1975–91, 4176
statistical power of H. Hotelling's vs LISREL approaches to 2 group MANOVA with unequal covariance matrices & sample size inequality vs other conditions, 8130
statistical power problems with small sample sizes in MRI measurements of posterior fossa, autistic 18–38 yr olds, commentary on conference presentation, letter, 22064
statistical power problems with small sample sizes in MRI measurements of posterior fossa, autistic 18–38 yr olds, reply to commentary on conference presentation, letter, 22070
transformation of scores into ranks & indicators, increasing power of location & correlation tests, 24259
use of statistical power analysis in health education & promotion research, 30708
Statistical Power—Chapters
The relative power of parametric and nonparametric statistical methods, 20171
Statistical Probability [See Also Binomial Distribution, Statistical Power]—Serials
average generalization error in neural network learning under annealed approximation in Bayesian framework, 11824
Bayes & Minimax approaches to decision making in paternity disputes using multilocus DNA fingerprinting, 19879
Bayesian analysis of hypothesis testing in research with confounding or unconfounding variables, 4181
Bayesian estimates of parameters & true scores & reliability coefficients of observed test scores, 43890
Bayesian estimation of normal ogive item response curves using Gibbs sampling, application to test scores from mathematics placement exam, 167
Bayesian learning for hidden Markov model with Gaussian mixture state observation densities, speech recognition system performance, speakers, 8104
concept approximation based on Bayesian decision theoretic framework & unification of fuzzy & rough set approaches, implications for intelligent systems design, 24257
decomposition, accuracy of estimates of tendency & calibration of subjective probability distributions, graduate students, application to decision analysis, 44077
forgetting of words, repetition priming effects at chance recognition level & performance on explicit vs implicit memory test, college students, Israel, 16352
information based objective functions, neural network learning efficiency & active data selection within Bayesian framework, 11830
latent class model for dichotomous data subjecting item latent probabilities to order restrictions, 20125
m channel vs single channel performance in ROC curves in mathematical models of probability summation, implications for binocular summation, 187
method & mathematical model for comparison of experiments in decision making problems with fuzzy utilities using Bayesian framework, 8106
method for calculation of probability of population density index, assessment of physical crowding, 8118
minimax ultrapessimism & value of information & experimentation for sequential statistical decision problem, 40116
modeling incompleteness of judgments within Bayesian context, decision makers, 4313

PARELLA probabilistic parallelogram model with single peaked item characteristic curves, assessment of differential item functioning in measurement of latent attitudes, 8108
random variable transformations & power function relations & ranking probability distributions in random utility modeling, 8129
real data simulation of computerized adaptive administration of Myers-Briggs Type Indicator, college students, 43871
relative improvement over chance index of predictive efficiency, commentary, 12095
spontaneous beliefs & intuitive heuristics in & weighted average criterion for prediction of change of probability in solution of problem of 3 prisoners, 306
statistical inference procedure for calculation of probability of relative concentration of sample dream for finite population, 32004
theorem for explanation of hit probabilities & negative results in ESP tests, 28372
time vs interval vs event based calculation of measures of contingency in behavioral interaction, 181
validity of Graduate Management Admission Test & undergraduate GPA, prediction of 1st yr & final GPA in business doctoral programs using empirical Bayes approach, graduate business students, 28088

Statistical Probability [See Also Binomial Distribution, Statistical Power]—Chapters

Analysis of categorical data, 20148
Bayesian methods for the analysis of variance, 20157
Bayesian statistics: An overview, 20170
Can the various meanings of probability be reconciled?, 20163
Developing and characterizing multidimensional Thurstone and Luce models for identification and preference, 204
A general probabilistic model for triad discrimination, preferential choice, and two-alternative identification, 202
Multivariate probability distributions, 198
Probabilistic multidimensional models of pairwise choice data, 200
A probabilistic multidimensional scaling approach: Properties and procedures, 205
Structures in stimulus identification data, 231

Statistical Regression [See Also Linear Regression, Multiple Regression]—Serials

ability & achievement regression to mean, multidisciplinary team, discretionary special education placement decisions, learning disabled K–11th graders, reanalysis of data, 3544
AIDS patient care intentions, regression & interpretation of correlations, nursing students, commentary, letter, 39088
application & validity of fuzzy clusterwise regression analysis in benefit segmentation in brand evaluation, 20–67 yr old female consumers, 31647
artifactual regression to group means for extreme or other selection attributes in pretest-posttest designs, applications to assessment of educational intervention impact, 20140
computer based regression discrepancy model, learning disability identification, school psychologists, 18093
importance of regression diagnostics for detection of influential data points in behavioral research, 20120
issues in logistic regression & use in social work research, conference presentation, 38882
latent class regression model, analysis & interpretation of choice & purchase data, consumers, 39906
modification of graphical representation of interaction outcomes for heterogeneous regressions, group sample data, 186
outliers, least squares results in nonlinear multiple regression, 39925
problems with multiplicatively interactive regression models in marketing research, 39578
random regression model, analysis of data from multicenter clinical trials, psychiatric patients, 4184
regression analysis, estimation of preinjury hand strength, uninjured 18–25 yr olds, implications for disability evaluation, 16070
regression based approach to estimation of conformity & stability in groups using rotation vs generation design methods, 43913
regression equations for & predictive validity of full length vs short forms of WAIS-R, healthy adults, UK, 40
regression for analysis of response paths in maze solving & other tasks, rhesus monkeys, conference presentation, 8133
self selection for pain treatment, magnitude of regression to mean, patients with temporomandibular disorder, 12102
statistical power & reliability of dependent measures in homozygous true score regression across treatments, 8100
2nd generation regression program Standard Score Comparison 2.0, assessment of primary learning disability criterion & discrepancies between IQ & achievement, conference presentation, 41831

Nonparametric methods for complex data sets, 43902
Regression diagnostics: A rough guide to safer regression, 43905

Statistical Reliability—Serials

Bayesian estimates of parameters & true scores & reliability coefficients of observed test scores, 43890
cognitive impairment, reliability of functional ability assessments, 65 yr old & older nursing home residents, 30915
derivations of reliability of components as estimated by Kaiser-Guttman rule, commentary reply, 12085
internal consistency & temporal stability of classically conditioned skin conductance responses, college students, 40439
intraclass reliability coefficients for 2 measurement procedures, 168
investment theory of reliability & construct validity of tasks measuring creativity, 18–65 yr olds, 29463
Jacobson & Traux's vs Edwards & Nunnally's methods & instrument reliability & sample deviance, assessment of clinically significant change, elderly brief therapy patients, erratum, 24270
National Curriculum Assessment item response model of reliability measurement of Standard Assessment Tasks, students, England & Wales, 43834
parametric data & reliability of joystick based automated testing, rhesus monkeys, conference presentation, 8452
perspectives on reliability approach to principal components analysis of psychological variables, commentary, 28141
relationships between information function of item response theory & signal to noise ratio & reliability coefficient of classical test theory, 32017
reliability & distribution of practice effects, cognitive ability as measured by neuropsychological batteries, epileptic patients with vs without temporal lobectomy, 18880
reliability & efficiency of DSM-III & DSM-III-R borderline personality disorder diagnoses & covariation with other personality disorders, meta analysis, 9906
reliability & internal validity of cognitive age measures in marketing & consumer research, 56–87 yr olds, 39903
reliability & validity of reasoning test, male rats, animal model, 16427
reliability & validity of retrospective self report of drug related & deviant behavior, narcotic addicted males, 10 yr followup, 29828
reliability & validity of treadmill vs cycle ergometer vs shuttle run vs step physical exercise tests, assessment of cardiovascular fitness, mentally handicapped 20–35 yr olds, 26093
reliability of American Board of Psychiatry & Neurology Part II oral examination, candidates, 47026

reliability of best estimate diagnosis in genetic linkage analysis of 18–89 yr olds from pedigrees with schizophrenia or bipolar disorder, field diagnosticians & research psychiatrists, 17716
reliability of clinical diagnosis & prevalence of DSM-III-R & AGECAT based psychiatric disorders, elderly medically ill day hospital patients, Italy, 2176
reliability of Dacomed Snap Gauge, assessment of changes in penile circumference & rigidity, male college students, implications for organic vs psychogenic impotence, 16645
reliability of DSM-III-R anxiety disorder diagnosis, 19–64 yr olds, 37786
reliability of DSM-III-R vs ICD-10 diagnostic criteria, 25–62 yr olds with affective or psychotic disorders, Germany, 45383
reliability of mannequin technique, assessment of agreement in psychodynamic formulations in psychoanalysis research, analysts rating female analysand, conference presentation, 34480
reliability of psychiatric diagnoses based on ICD-9 vs ICD-10 vs DSM-III-R, Arab psychiatrists, 41497
reliability of simple & residualized difference scores, commentary reply, 39927
reliability of simple & residualized difference scores, commentary, 39930
role of intercoder agreement in reliability of meta analytic reviews, 39928
scoring methods for multiple true/false items, reliabilities & item difficulty & discrimination of scores, college students, 43700
spatiotemporal reliability of EEG amplitude distribution during baseline vs activation recording condition, 18–39 yr olds, 44467
statistical power & reliability of dependent measures in homozygous true score regression across treatments, 8100
test retest reliability of audiotaped phallometric stimuli, 14–17 yr old male sex offenders, 6105
test retest reliability of EEG spectral parameters during cognitive task, changes in absolute & relative power, male 27–34 yr olds, 36600
test retest reliability of positron emission tomography analysis of age effects on raclopride binding & putamen to cerebellum ratios, healthy adults & schizophrenic patients, 9871
test retest reliability of self reported measures of disaster loss & preparedness & received & provided social support, hurricane survivors, 9 mo followup, 17562
test retest reliability of sexual HIV risk taking interviews, 18–59 yr old psychiatric patients, 45331
test retest reliability of visual or auditory EPs, alcohol patients, 29884
validity & reliability of modification of L. Nedelsky's procedure, standard setting for multiple choice items in assessment of clinical reasoning, medical students, Canada, 31110

Statistical Rotation [See Also Orthogonal Rotation]—Serials

HYBALL program for interactive factor rotation, 36018

Statistical Sample Parameters—Serials

accuracy of likelihood based validity generalization procedure for population correlation & size & proportion estimation in meta analysis, 12092
decreased within group variance & increased effect size, power in randomized clinical trials, conference presentation, 8156
guidelines for minimum description of Ss in educational research, learning disabled participants, 31378
Jacobson & Traux's vs Edwards & Nunnally's methods & instrument reliability & sample deviance, assessment of clinically significant change, elderly brief therapy patients, erratum, 24270
log linear smoothing, accuracy of chained equipercentile method of common-item small sample equating of test scores, examinees, 32012
matched pair randomization for medical research using physician's practice, sample size & statistical power requirements, 8159
multiple regression analysis & validity of Geriatric Depression Scale, statistical impact of truncated sampling or alteration of administration, commentary with reply, letter, 35877
nonparametric comparison of treatments in one way ANOVA with unequal sample sizes, 8095
percentage of Ss & number of standard deviations outside of normal range & sample size, statistical power of tests of equality of variance vs means in analysis of neuropsychological data, 43861
power comparisons of tests for sphericity in repeated measures designs, 172
respondent sample size, split block correlations of environmental preferences, adults, 11789
sample size & number of biased items & magnitude of bias, 2 stage item bias estimation, 35788
statistical inference with sample parameter estimates on boundary of parameter space, 12088
statistical model for combining p values from multiple tests of significance to define rejection & acceptance regions for 2 & 3 stage sampling plans, 4193
statistical power of H. Hotelling's vs LISREL approaches to 2 group MANOVA with unequal covariance matrices & sample size inequality vs other conditions, 8130
statistical power problems with small sample sizes in MRI measurements of posterior fossa, autistic 18–38 yr olds, commentary on conference presentation, letter, 22064
statistical power problems with small sample sizes in MRI measurements of posterior fossa, autistic 18–38 yr olds, reply to commentary on conference presentation, letter, 22070
validity of reinterviewing quantitative market research survey respondents, 15 yr olds & older, conference presentation, 11751

Statistical Samples [See Also Statistical Sample Parameters]—Serials

formula for determination of power attainable in 2-sample tests with sample of limited size, application of J. Cohen's tables, 28128
good vs bad sample space & natural vs nonnatural conditioning event, frequency judgments & inversion of conditional statements, college students, 8325
POWCOR program for computation of power or sample size for detecting differences between dependent or independent correlation coefficients, 32002
power analysis methods, assessment of post hoc outcome of classroom based social skills program, data from small samples of 5th graders, 4186
sampling age as continuously distributed variable factorially combined with treatment groups & analyzed as ANOVA, 8143
selection of extreme sample groups for maximization of power of t with nonnormal distribution of X & Y scores, 20126
small sample properties of Spearman autocorrelation estimator, appropriateness of rank or conventional parametric estimators & hypothesis tests in time series analysis, 36016
statistical inference procedure for calculation of probability of relative concentration of sample dream for finite population, 32004

Statistical Samples [See Also Statistical Sample Parameters]—Chapters

Stimulus sampling and distributed representation in adaptive network theories of learning, 375

Statistical Significance—Serials

calculation of alpha percentage & Type I errors in statistical significance tests in communication research, 20143
critical values for evaluation of observed score discrepancies for Clinical Evaluation of Language Fundamentals-Revised, school age children, 35835
decreased within group variance & increased effect size, power in randomized clinical trials, conference presentation, 8156
dichotomization of continuous multiple predictor variables, statistical significance & Type I errors, reseachers, 16093
equivalency testing between 2 experimental groups in social sciences, 28139

interpretation of test correlation coefficients & use of verbal modifiers in description of statistical significance, commentary, 8099
practical significance of early intervention research, 22475
presentation of statistical effect size, assessment of practical & clinical significance of research results, 28133
reliability of simple & residualized difference scores, commentary reply, 39927
reliability of simple & residualized difference scores, commentary, 39930
sample size & power computation, nursing intervention trials, 8157
statistical model for combining p values from multiple tests of significance to define rejection & acceptance regions for 2 & 3 stage sampling plans, 4193
tables of critical values for significant discrepancies between Wechsler Verbal & Performance IQ & Wechsler Individual Achievement Test scores, 10 yr old, learning disability assessment implications, 35886

Statistical Significance—Chapters
How significant is "significance?", 20161

Statistical Tables—Serials
analysis of contingency tables & interS variability, implications for future research, 16105
modified box plot & multivariate STAR graphical displays vs tables, accuracy of interpretation of educational evaluation results, teachers & school administrators & journalists, 31224
tables of critical values for significant discrepancies between Wechsler Verbal & Performance IQ & Wechsler Individual Achievement Test scores, 10 yr old, learning disability assessment implications, 35886
tabular & graphic formats of data presentation, decision making accuracy, meta analysis, commentary reply, 4334
tabular & graphic formats of data presentation, decision making accuracy, meta analysis, commentary, erratum, 4333

Statistical Tests [See Also Chi Square Test, F Test, Mann Whitney U Test, Nonparametric Statistical Tests, Parametric Statistical Tests, Sign Test, T Test, Wilcoxon Sign Rank Test]—Serials
algorithm for Shaffer's multiple comparison procedures for improving statistical power in ANOVA, 43882
alternative randomization tests for extensions & variations of ABAB single case experimental designs, 16077
application of randomization tests to analysis of longitudinal ordered categorical data, Type I error rate & statistical power, 43888
comparison of statistical tests for monotonic hypotheses of predicted order of group population means, Monte Carlo simulation data, 20118
data collection & statistical techniques, interpretation of family data, 87–92 yr old parents & their 48–73 yr old children, 43873
equivalency testing between 2 experimental groups in social sciences, 28139
homoscedastic vs heteroscedastic variances & normal vs nonnormal distributions, Type I error rates for G. James's 2nd order test & R. Wilcox's H test, 12096
integration of Monte Carlo results for statistical tests by meta analytic methods, 16072
meta analytic methods, integration of findings of Monte Carlo studies of robustness of F & Welch & Kruskal-Wallis tests in 1 & 2 factor fixed effects ANOVA models, 16073
omnibus test for analysis of 2 factor interactions in fixed effects linear models, 28121
program for statistical test based on comparison of sums of squared errors associated with 2 competing models, 24256
race & sex, congruence between signed vs unsigned area methods vs chi square statistic vs Mantel-Haenszel technique in assessment of differential item functioning, Black vs White Ss, 43881
transformation of scores into ranks & indicators, increasing power of location & correlation tests, 24259

Statistical Tests [See Also Chi Square Test, F Test, Mann Whitney U Test, Nonparametric Statistical Tests, Parametric Statistical Tests, Sign Test, T Test, Wilcoxon Sign Rank Test]—Chapters
Computationally intensive statistics, 43907
The relative power of parametric and nonparametric statistical methods, 20171

Statistical Validity [See Also Concurrent Validity, Factorial Validity, Predictive Validity]—Serials
agreement among & criteria for substance abuse disorders in DSM-III-R vs DSM-IV vs ICD-10, adults, 33875
application & validity of fuzzy clusterwise regression analysis in benefit segmentation in brand evaluation, 20–67 yr old female consumers, 31647
clinical & biological validity of DSM-III melancholia category & cluster analytically derived classification, depressed adult males, 9818
clinical validity of nonverbal IQ language performance vs other discrepancy criteria for identification of developmental language disorders, 3–5.9 & 8 yr olds, 10191
convergent & discriminant validity in personality research & application to self esteem measurement, 29397
convergent validity of Children's Depression Inventory & Bellevue Index of Depression & Reynolds Child Depression scale, mentally retarded vs nonretarded 12–17 yr olds, 43744
convergent validity of self reports & arrests, assessment of violent offending, juvenile delinquents, 37986
descriptive vs interpretive vs theoretical vs evaluative validity vs generalizability in qualitative research, 4214
design & validity of diagnostic algorithm, children with attention deficit disorder, 22068
development & validation & interrater reliability of nonverbal component of Family Relational Communication Control Coding System, graduate students & family therapists, 24269
development & validity & interrater reliability of Suitability for Short-Term Cognitive Therapy interview, 23–62 yr old outpatients with depressive or anxiety based disorders, Canada, 20046
development & validity of hierarchical classification of chronic pain severity, adults with back pain vs headache vs temporomandibular disorder, 1 yr followup, 10260
discriminant validity of Frontal Subcortical Assessment Battery & Mini-Mental State Exam, patients with Alzheimer's vs Parkinson's vs Huntington's disease, 31945
empirical keying procedure & sample size, cross validity of biodata instruments for personnel selection, applicants for admission to US Naval Academy, 7724
empirical validity of typology of ethical value systems, adults, 37521
factor analysis & cross validity of behavioral dimensions, 6–16 yr olds with oppositional defiant vs conduct disorder, meta analysis, 37877
heterogenous vs homogenous job subsamples & task & knowledge & skill & ability data, validity of job classifications, employed college students, 7574
internal & external & ecological validity in educational software evaluation research, conference presentation, 43225
internal & external validity of subtypes, autistic spectrum disorders, literature review, 22086
interrater reliability & validity of self administered joint counts, assessment of pain & disease severity, patients with rheumatoid arthritis, 39793
lack of improvement in current multitrait multimethod matrices for convergent & discriminant validity over matrices published in highly cited article from "Psychological Bulletin", 12090
multitrait multimethod technique & ANOVA & confirmatory factor analysis, assessment of convergent & discriminant validity in nursing research, commentary reply, 39916
multitrait multimethod technique & ANOVA & confirmatory factor analysis, assessment of convergent & discriminant validity in nursing research, commentary, 39904
panel attrition, external validity of substance use research, 6th graders, 7 yr study, 6078
probability scheme for assessment of test based discriminations & base rates & relation to discriminant validity of clinical tests, 43756
problems in & recommendations for methodology & statistical validity analyses in academic retention program research, at risk minority college students, 35407

procedure for analysis of collateral data as measure of relation of attrition to internal validity & interpretation of experimental results, 8088
prototypical analysis of validity of diagnostic criteria for antisocial personality disorder, adults, 13855
reading level & tester & setting & timing in validation of curriculum based measurement, oral reading rates, 3rd–4th graders, commentary on replication & extension, 7455
reading level & tester & setting & timing in validation of curriculum based measurement, oral reading rates, 3rd–4th graders, replication & extension, 7458
reading level & tester & setting & timing in validation of curriculum based measurement, oral reading rates, 3rd–4th graders, commentary on replication & extension, 7470
reliability & internal validity of cognitive age measures in marketing & consumer research, 56–87 yr olds, 39903
reliability & validity of reasoning test, male rats, animal model, 16427
reliability & validity of retrospective self report of drug related & deviant behavior, narcotic addicted males, 10 yr followup, 29828
reliability & validity of treadmill vs cycle ergometer vs shuttle run vs step physical exercise tests, assessment of cardiovascular fitness, mentally handicapped 20–35 yr olds, 26093
replication in determination of cluster number in hierarchical cluster analysis, 184
response frequency, validity of Rorschach Comprehensive System constellation indices & correlation with MMPI-2, 18–65 yr old patients, 24142
threats to internal or external or statistical conclusion or construct validity in research, 28138
usefulness & validity of model based automatic K-complex detector, 21–55 yr olds with vs without dysthymia, 37682
validation of scoring method for Who am I responses, measurement of self esteem & psychological centrality, college students, 7964
validity & interpretation of mean value in psychological experiments, 43880
validity & reliability of modification of L. Nedelsky's procedure, standard setting for multiple choice items in assessment of clinical reasoning, medical students, Canada, 31110
validity in & relationship between research & statistical design, 36034
validity of adaptive testing system, cognitive diagnosis of knowledge states, 7th–8th graders, implications for remediation, application of rule space model, technical report, 31983
validity of B. Levin's methodology of manifest dream analysis, students & graduate analysts, 26652
validity of desirable number of options vs inclusive none of these option in design of multiple choice test items, college students, 31799
validity of forced choice procedure, assessment of feigned memory impairment, 18–81 olds with brain damage & psychiatric inpatients & college students faking impairment vs performing honestly, 39852
validity of IQ discrepancy based vs low achievement criteria for identification of reading disabilities, 9–14 yr olds, 10137
validity of multidimensional models & construct of self concept, 5th–6th graders, 1056
validity of reinterviewing quantitative market research survey respondents, 15 yr olds & older, conference presentation, 11751
validity of self report questionnaires, diabetic 20 yr olds & older, Norway, 18225
validity of surface EMG, assessment of pelvic muscle & abdominal activity, 23–63 yr old females, implications for biofeedback assisted Kegel exercises for urinary incontinence, 24783

Statistical Validity [See Also Concurrent Validity, Factorial Validity, Predictive Validity]—Chapters

Increasing the generalizability of qualitative research, 36029
Validity of taxometric inferences based on cluster analysis stopping rules, 5857

Statistical Variables [See Also Dependent Variables, Independent Variables]—Serials

assumptions of correlation of residuals of structured equations of unmeasured variables, fit of models of reciprocal effects of attitudes, employees, reanalysis of job satisfaction & commitment data, 4177
authentic predictor vs noise variables in backward & forward & stepwise automated subset selection algorithms, 12087
computer simulated correction of student "t" statistic for nonindependence of sample observations, probability of Type I & Type II errors, 28143
confounding variables & selection effect in outcome of randomized maintenance therapy clinical trials for affective disorders, conference presentation, 8152
FORTRAN program for identification of coefficients from power method for transformations of standard normal variable to nonnormal variables with prespecified skewness & kurtosis, 32020
Guttman scaling, hierarchical assessment of continuous latent traits, 1–5 yr olds, 24242
history of & issues in moderator variable applications in social work research, 38872
integration of multidimensional scaling & multivariate analysis with optimal variable transformation, 24249
issues & methods in testing for moderator variables in meta analysis & value of homogeneity tests & goodness of fit indices of effect size variability, commentary, 20132
maximum likelihood estimates for & applications of 1 & 2 factor latent variable models for binary & polytomous variables, 12094
perspectives on reliability approach to principal components analysis of psychological variables, commentary, 28141

Statistical Variables [See Also Dependent Variables, Independent Variables]—Books

Regression with dummy variables. Sage university papers series. Quantitative applications in the social sciences, Vol. 93, 43895

Statistical Variables [See Also Dependent Variables, Independent Variables]—Chapters

Latent variable methods, 43901

Statistical Weighting—Serials

correlation analysis of several sets of variables & determination of test item weights & reliability & concurrent validity, personality inventory scales, college students, Japan, 24096
effectiveness & correlations of item weights on Millon Clinical Multiaxial Inventory, psychiatric patients, 39829
factor weighting methods, sex bias & construct validity & predictive accuracy & salary effects in job evaluation, municipal government employees, 28124
log linear smoothing, accuracy of chained equipercentile method of common-item small sample equating of test scores, examinees, 32012
spontaneous beliefs & intuitive heuristics in & weighted average criterion for prediction of change of probability in solution of problem of 3 prisoners, 306
unified scale weighting of stressful life events & prediction of physical symptoms, college students, commentary, 8091
unified scale weightings for stressful life events & prediction of physical symptoms, college students, 173

Statistics—Serials

advantages of spreadsheets for statistical data generation & analysis in statistics classes, psychology students, conference presentation, 11393
conventional vs worked vs completion training strategies, cognitive load & training & transfer performance in statistics problem solving, 16–18 yr olds, Netherlands, 13061
description of primary & supplementary textbooks & computer package for nonparametric statistics courses, 35149
Fechner's law of psychophysics as special case of Steven's power law, 24245
historical roots of statistical concepts in psychology & educational research, conference presentation, 12100
limitation of statistics in psychology & social sciences, 36010
mathematical ability & preparedness for statistics, psychology students, 1976 vs 1991, 39266

misinterpretative & rhetorical use & exaggerated evidentiary value of statistics within psychology, psychology students, Australia, 16076
model of mathematical anxiety & attitudes & ability, prediction of statistical learning performance, college psychology students, 47230
reliability & validity of Statistics Anxiety Scale, college students, South Africa, 24220
software package Datasim, computer simulation of laboratory assignments in statistics, students, conference presentation, 11384
statistical artifact in & invalidation of affect intensity construct, 16371
student generated data sets, introductory statistics students, 47193
test development & relations among subtest scores, assessment of statistical knowledge, graduate students, implications for statistics education, 43823
use & evaluation of common errors handout, college students in introductory psychology statistics course, 15392

Statistics—Books

Basic statistics: Tales of distributions (5th ed.), 32027
Elementary statistics in behavioral research, 12104
New developments in statistics for psychology and the social sciences, Vol. 2, 43897
Statistics (4th ed.), 12105

Statistics—Chapters

Bayesian statistics: An overview, 20170
Consequences of prejudice against the null hypothesis, 19962
Cumulating evidence, 20162
How official statistics are produced: Views from the inside, 36027
How significant is "significance?", 20161
Immediate and delayed transfer of training effects in statistical reasoning, 28287
International and cross-cultural scholarly activities of psychologists in the fields of statistics and methodology, 19317
On generating random sequences, 20160
The perception of randomness, 20296
R. A. Fisher's philosophical approach to inductive inference, 19960
A short history of statistics in twentieth century psychology, 43903
Statistical prediction versus clinical prediction: Improving what works, 20061
The superego, the ego, and the id in statistical reasoning, 20153
Test scores and statistics, 27912
What is and isn't measurement, 19961

Status [See Also Occupational Status, Socioeconomic Status] —Serials

appropriateness & validity of status envy hypothesis of male sex identity acquisition, 5448
attention to other's ascribed & achieved status & other differentiating characteristics in joint tasks, female college students, 21467
changes in dominant male culture, time series analysis of feminine eminence, 580–1959, Japan, 9476
citations in social psychology textbooks & PsycINFO database & Social Sciences Citation Index, assessment of eminence in social psychology, psychologists, erratum, 19386
constraint & continuity in ideological thinking, mass public vs political party elites, 29275
culture & type of embarrassment & status of interactants, remediation strategies, 18–60 yr olds, Japan vs US, 5529
depersonalization & ingroup size & status, ingroup identification, college students, 37415
employment & marital & other social status, 19–26 yr olds with spina bifida or cerebral palsy or other physical disabilities, Finland, 2145
interaction with college freshman vs senior vs graduate student, referential speech, college freshman, 28836
language & cultural status, social identity & ethnolinguistic acculturation, bilingual francophone vs anglophone college students, Canada, 25357
legitimacy & stability of low group status & group boundary permeability, ingroup identification & individual & collective mobility attempts, 18–25 yr olds, Netherlands, 33227
maternal & paternal disciplinary style, playground behavioral orientation & peer status, 3.3–5.9 yr olds, 1076
modernization, family structure & traditional norms & attitudes toward & social status of elderly, Japan, research review, 33038
mortality salience, religiosity & status concern, college students, 25536
pigmented plumage status badges & aggression signaling & dominance costs, birds, 32330
politician's status, perceived physical height of politician, college students, Canada, 13335
professionalization of work & status & education, child care workers, Ireland, 35109
real world & manipulated ethnic social status, self esteem & social competition, Anglo vs Mexican American college students, 21345
secular educational attainment & social prestige ranking of religious groups, Black vs White adults, 25348
self esteem, use of ethnicity & academic standing as status determinants of interpersonal acceptance, 12–13 yr olds, Israel, 21243
seniority vs CA, creation of dominance orders in natural social groups, Japanese & rhesus macaques & adult males, 4478
sex & context, perceptions of ingroup & outgroup homogeneity & social status, adolescents, Switzerland, 44971
sex & parenthood & social status & class of stimulus person considering divorce, estimated likelihood & recommendation of divorce, male vs female college students, India, 33112
sex & power & status & relationship of agent to target & goal of influence attempt, influence strategies in interpersonal relationships, 17467
sex, discourse & status acquisition strategies, inservice teachers, Switzerland, 21491
social class & residential influx, social structure change & status conflict within long standing small town community, old vs new summer residents from New York, 41013
social status & behavior problems, male 2nd–6th graders with attention deficit hyperactivity disorder &/vs low achievement vs learning disability, 1994
social status & identity & relevant vs irrelevant stressors, psychological distress, adults, 9639
social status & occupational category, food choice & nutrient intake, adults, Australia, public health implications, 9376
sociometric measures of social status & behavioral descriptors, risk for school failure, kindergartners, 43274
status characteristics & performance information, acceptance of influence, college students, 17459
status inconsistency & organizational demography & occupational stress, 23754
suicide rates & status integration vs other social variables, 30 US states & 32 countries, 1834
teacher attitude & other factors in social status in integrated classroom, 8–13 yr olds with vs without mild academic disabilities, Australia, 15515
teacher perceptions of males vs females, perception of prominence & ability of peers, male vs female 2nd & 6th graders, Israel, 23588

Status [See Also Occupational Status, Socioeconomic Status] —Chapters

A biosocial theory of social stratification: An alternative to functional theory and conflict theories, 33064
Conceptually defining social stratification in human and nonhuman animals, 32352
Legitimacy, status, and dominance behavior in groups, 41240
Operationally defining social stratification in human and nonhuman animals, 32353
Sex differences in human stratification: A biosocial approach, 33065
Social status and values in traditional Arab culture, 33056

Stealing [See Theft]

Stelazine [See Trifluoperazine]

Stellate Ganglion [See Autonomic Ganglia]

Stepfamily—Serials
factors related to healthy functioning, stepfamilies, 17318
family & marital relations, adults married in later life with Alzheimer's disease & their older stepfamilies, implications for caregiving, 30208
marital & family process & child behavioral & psychosocial adjustment, 6–11 yr olds in functional vs dysfunctional stepfather families, 9700
role clarity & conflict management & parent's resolution of divorce & relationship between divorced coparents, clinically symptomatic 11–16 yr olds & their stepparent & biological parent, reprint, 1586
sex & stepfather vs stepmother family, perceived self competence & ambiguity of stepparent role & stepfamily myths, junior high school students, 9239
Stepfamily—Books
Stepfamilies in therapy: Understanding systems, assessment, and intervention. The Jossey-Bass social and behavioral science series, 10576
Stepfamily—Chapters
Stepfamilies, 9430
Stepparents—Serials
perception of parents vs stepparents who experience suicidal death of child, college students, 41666
perceptions of stepfather's vs biological father's disciplinary vs affectionate behavior, 16–26 yr olds, England, 1299
Stereopsis [See Stereoscopic Vision]
Stereoscopic Presentation—Serials
stereo vs texture vs outline cues, judgment of amplitude & perception of shape of 3-dimensional ridges, 22–26 yr olds, 36070
Stereoscopic Vision—Serials
binocular disparities of perceived depth in stereoscopic surfaces, Os, 24318
color of stimulus border contrast, perceived depth of stimulus colors viewed binocularly, adults, 32074
half image separation magnitude & crossed vs uncrossed separation direction & viewing distance & stimulus size & exposure duration, depth perception in stereoscopic displays, college students, 24314
issues in stereopsis, literature review, implications for design of stereoscopic display systems, 24315
orientation disparity & conflicting perspective, stereoscopic slant perception & slant axis anisotropy, adults, 20213
preselection microtropia vs normal stereoscopic visual status, attrition rate, 21–33 yr old student pilots in Air Force Undergraduate Pilot Training, 1990–91, 23811
pupil size, chromostereopsis & chromatic diplopia, adults, 16209
reversal of color vs luminance contrast in portion of stereogram, role of magnocellular vs parvocelluar interblob vs blob visual pathways in stereopsis, adults, 32098
stereo vs texture vs outline cues, judgment of amplitude & perception of shape of 3-dimensional ridges, 22–26 yr olds, 36070
viewing orientation & target spatial position & depth cues & binocular disparity, spatial judgments with monoscopic vs stereoscopic perspective displays, adults, 16210
Stereotaxic Atlas—Serials
acute & chronic haloperidol, changes in EEG brain mapping, 19–37 yr olds with schizophrenia, 42427
anatomic organization of somatosensory & auditory EPs in parietotemporal cortex, adult rats, 44466
area 17 lesion, mapping & neural responses of middle temporal visual area to visual stimuli, owl monkeys, 12516
artifact processing in topographic mapping of EEG activity in neuropsychopharmacology, 20–32 & 50–80 yr olds, 20659
autoradiographic mapping of 5-HT uptake sites & receptors, postmortem brains of 27–82 yr olds with schizophrenia, 37740
baby food odor stimulus, EEG based cortical electrical activity mapping, 3 mo olds, 25089
beta carboline action at benzodiazepine & GABA receptor sites & brain mapping research for anatomical localization, commentary on research review, 32620
brain mapping of neurological electrical activity underlying mechanisms of extralogical forms of thought, 18–25 yr olds, 8716
computer generated 3-dimensional electrophysiological brain atlas development, patients with parkinsonian symptoms or tremor or thalamic or pseudothalamic pain, conference presentation, 34246
contingent negative variation & frontal vs posterior executive function, 18–49 yr olds with traumatic brain injury, Canada, 6401
cortical mapping & dissociation of cortical & single unit activity in spoken & American Sign Language, hearing right handed female 26 yr old with intractable epilepsy, 22363
differential learning, changes in functional tonotopic map organization of inferior colliculus, male rats, 32392
EEG alpha power & center frequency mapping, functional brain changes after depot neuroleptics for optimal time between injections, schizophrenic patients, 22755
EEG frequency based mapping of cortical zone participation in perception & reproduction of emotional states of facial images, 18–55 yr olds, translated article, 40412
EEG mapped electrophysiological parameters, 4–16 yr olds with Tourette's syndrome vs schizophrenia vs encephalopathy with Tourette-like disturbances, translated article, 25669
electrical stimulation of ventral vs dorsal medial geniculate body vs click stimuli, mapping of middle latency auditory EPs & thalamocortical activation of areas 41 & 36, rats, 8629
electrophysiological mapping & number & laminar distribution of neurons in callosal connections between visual cortex 17 & 18, normally pigmented vs Siamese cats, 4568
epidural mapping & contribution of lateral geniculate nucleus to surface recorded flash visual EPs, male monkeys, 8724
facial tactual stimulation, localized perceptual responsiveness, 17–45 yr old upper limb amputees, implications for cortical map reorganization, 38130
individual differences in blood flow changes & MRI & tomographic position specification of visual motion area in cerebral cortex, 21–70 yr olds, England, 36579
individual hemispheric brain asymmetry, normal male 17–66 yr olds, 36508
integral vs separable dimensions, asymmetries & interactions among processing of position & width & contrast of light bar, college students, implications for neuron mapping, 12175
intensity & auditory field of broad band sound, topographic representation of auditory space in external nucleus of inferior colliculus, guinea pigs, 12491
interaural intensity differences sensitivity & generation & plasticity of auditory cortex frequency & space maps, mammals, implications for sound localization, 28516
lateralization of epileptic focus by EEG spectral values & epileptiform abnormalities & MRI & neuropsychological findings, 13–59 yr olds with temporal lobe epilepsy, 14320
magnetoencephalographic evaluation of P3 visual EP source location during visual oddball task, 20–40 yr olds, 36685
median & posterior tibial nerve stimulation, scalp topography of somatosensory EPs, 7–43 yr olds with Down's syndrome vs healthy 65–88 yr olds, 45841
muscimol based inactivation of regions of cerebellum vs red nucleus, localization of memory trace for conditioned eyeblink response, rabbits, 36527
regression analysis of performance related EP amplitude, mapping of cortical localization of cognitive function, male right handed 19–24 yr olds, 4605
remoxipride vs haloperidol, EEG brain map, drug free schizophrenic patients, 42483
semantic association vs visual word perception, cortical EPs & localization, 29–40 yr olds, 16609
spatiotemporal organization of cortical EEG & prognostic characteristics, patients with head injuries, translated article, 45925
topographic EEG mapping & characteristic similarities, 2.5–9 yr olds with Rett's or fragile X syndrome or infantile schizophrenia, translated article, 45325

topographical organization of projections from physiologically identified areas of motor cortex to caudate putamen, rats, 4577
various EEG mapping approaches in differentiation of cortical activity during verbal vs arithmetic tasks, adults, translated article, 44483
visual stimulation, spatiotemporal relief of lateral geniculate neuronal response to brightness perception, cats, application of computer analysis technique, translated article, 32430

Stereotaxic Atlas—Books

Advances in metabolic mapping techniques for brain imaging of behavioral and learning functions. NATO ASI series D: Behavioural and social sciences, Vol. 68, 32465

Stereotaxic Atlas—Chapters

The application of structural modeling to metabolic mapping of functional neural systems, 32476
Brain imaging of auditory learning functions in rats: Studies with fluorodeoxyglucose autoradiography and cytochrome oxidase histochemistry, 32473
Brain metabolic mapping and behaviour: Assessing the effects of early developmental experiences in adult animals, 32478
Development of sound representation in the auditory cortex of tree shrews (Tupaia belangeri): A [superscript]14C]-2-DG study, 32466
Integration of circadian and visual function in mammals and birds: Brain imaging and the role of melatonin in biological clock regulation, 32530
Investigations into time-dependent metabolic changes during memory processing in the mouse brain using ([superscript]14C) deoxyglucose and ([superscript]14C)-glucose, 32470
Learning-related plasticity of gerbil auditory cortex: Feature maps versus meaning maps, 32480
A 2-DG analysis of the effects of monocular deprivation on the rat visual system, 32469

Stereotaxic Techniques [See Also Brain Stimulation, Chemical Brain Stimulation, Electrical Brain Stimulation]—Serials

bilateral MRI guided stereotaxic cingulotomy, 24–69 yr olds with intractable cancer or noncancer pain, conference presentation, 18917
design of trigeminal nucleus caudalis dorsal root entry zone surgical electrodes, deafferentation facial pain, postmortem brains, conference presentation, 18913
gas delivery system & ventilation chamber for stereotaxic surgery, animals, 8633
stereotaxic rostral mesencephalic reticulotomy, patients with intractable pain, 11 yr followup, conference presentation, 18870

Stereotyped Attitudes—Serials

academic research about & negative stereotypes of Blacks & need for reeducation, psychologists & other professionals, UK, 15314
acceptance of traditional feminine roles & rape myths & experience with pressure for sexual intercourse, female college students, 33152
African American speaker's standard vs Black English, stereotyped intraracial perceptions, African American college students, 41250
alcohol use & misuse & drinking stereotypes, Aborigines, Australia, 9500
application of social psychology to stereotypes in jury decision making, 15822
attitudes toward elderly & aging process & stereotypes of capability & sociability, age discrimination, 16–62 yr olds, 33029
attribution of personality attributes & behaviors to males &/vs females, male vs female 10 vs 12 yr olds in traditional vs progressive school, Netherlands, comparison with Italian data, 40964
authoritarianism & sociopolitical beliefs & perceived socioeconomic threat & perception of social security, stereotyped beliefs about unemployed, adults, Netherlands, 35515
cognitive underpinnings of sex roles & stereotypes, children, 37141
content & group dynamics & theoretical underpinnings & impact of Stereotype Reduction Workshop, South Africa, 7689
crime stereotypes & social & cognitive structure of legal decision making, court actors, 7863
cultural & temporal tenacity of & construction of measurement instrument for sex role identity & stereotypes, college students, South Africa, comparison with 25 cultures, 17387
cultural impediments, implementation of weight training program, 60 yr old & older Southern females, 15711
defendant's race & racially stereotypic vs nonstereotypic crime & evidence strength, perceived guilt & typicality of criminal offense, college students, 41772
demographic characteristics & work experience & attitudes toward women as managers, occupational sex stereotypes, male vs female college students, 43447
dependence & aggression primes, implicit gender stereotyping in judgment of males vs females, adults, 45207
developmental changes in gender schema & societal stereotypes, children, meta analysis, 37161
differences in methodological measurement of stereotyped attitudes of Russians vs Americans, college students, Russia vs US, 35777
dispersed vs concentrated stereotyped disconfirming information, stereotype change & subtyping & perception of typicality of group members, college students, UK, application of cognitive models, 1411
early sex related categorical discrimination & development of sex typing, infants & children, 37115
enforcement of female silence & oppression by Senate Judiciary Committee in A. Hill's testimony for C. Thomas's Supreme Court candidacy hearings, 17392
expected similarities & differences among stereotypic male subcategories, college students, 17379
expert testimony on sex stereotyping research in Supreme Court case Price Waterhouse v Hopkins, social psychologist, commentary, 19875
expert testimony on sex stereotyping research in Supreme Court case Price Waterhouse v Hopkins, social psychologist, commentary reply, 19878
gender issues & perceptions & role of schools, 9 yr olds, UK, 1124
height & sex of targets, stereotypes of social & physical attractiveness & professional status & adjustment & masculinity & femininity & athletic orientation, male vs female college students, 9578
historical & contemporary views of aging & 2nd childhood stereotype, history scholars & writers, 33032
incidence vs relative accuracy vs strength of sex stereotyping of occupations vs personality, female vs male college students, 9472
information requested in judgment of stereotyped target as member of ingroup, college students, Belgium, 17509
instrumental & expressive & gender stereotyped personality traits of male & female stimulus persons, social cognition & perceptions of relationship, college students, 37465
interpretation of mental illness as socially acceptable "nervios" vs "locura" & integration into community networks, Puerto Rican chronic schizophrenic or manic depressive patients, 20 mo study, 1624
job characteristics & stereotyped gender attitudes of males in administration vs research, perceived promotional & day to day discrimination, females in government organization, Australia, 15604
job title vs description, sex typing of occupations, 7th–8th graders from metropolitan vs rural schools, 1086
masculine feminine attitudes & authoritarian & democratic intergender communicational stereotypes, 1357
mood, recall & impression formation of targets consistent vs inconsistent with familiar prototypes, college students, 17496
multiple classification training with social vs nonsocial stimuli vs rule training, sex stereotyping & memory for counterstereotypic information, 5.8–10.5 yr olds, 13096
myths & stereotypes & realities of abuse & sexism & discrimination toward Black females in wake of confrontation between A. Hill & Supreme Court nominee C. Thomas, 37355

outgroup homogeneity effect in natural vs minimal groups & taxonomy of explanatory theories, research review, 13445
parental authority & attitudes toward ethnic groups & parent child relations, ethnic stereotypes, single vs mixed nationality 14–15 yr olds & their families, Russia, translated article, 37134
perceived own & ideal & average adult's preference for chest or breast size, male vs female college students, 1477
perception of physical fitness, perception of mental health, adults, test of healthy body–healthy mind stereotype, 9577
perceptions & stereotyped & other cultural issues in alcohol & other drug abuse, Asian Americans, 37943
perceptions of job appropriateness & science relatedness for males vs females, secondary school students, England, 1127
persistence of derogatory stereotypical ethnic humor, Polish Americans, 17284
positive vs negative vs self stereotyping, straight vs gay males, Germany, 9493
preschooler's sex & sex typed clothing & sex role stereotype, impression of competence & behavioral expectations, female 18–45 yr old early childhood education students, 29287
processing load & stereotyped information, judgment & memory processes, college students, Wales, 28258
psychometric properties of sex typing in behavioral & self perception domains, 1st vs 2nd born female vs male 8–14 yr olds, 39762
reasoning analogous to ANCOVA, group stereotype formation, college students, 17515
sanist attitudes & social science in development of mental disability law jurisprudence, 31744
school autonomy & cultural influences & drug abuse prevention & sex education & sex stereotype educational programs, adolescents, 19491
self perceptions & perceptions of lesbian stereotypes, heterosexual vs lesbian college students, 9495
self stereotyping & sex role ideology, menstrual attitudes, female 17–43 yr olds, Australia, 1322
seminary training in & knowledge of gerontology & stereotyped attitudes toward aging, 20–70 yr old pastors, educational implications, 13202
sex & age & religious denomination & educational background in marital vs interpersonal communication course, endorsement of myths about marriage & family communication course, students, 21359
sex & residence in suburb with few vs many Vietnamese, stereotypic concepts about & belief in group fictions regarding Vietnamese, Anglo adults, Australia, 41035
sex role stereotyping, children, conference presentation, 37182
sex role stereotyping in children's literature, 1940s–80s, 32726
sex stereotypes & ambiguous information about evaluation guidelines, discrepant performance predictions for self vs same sex other, female college students, verification of sex stereotype theories, 33156
sex stereotypes & shooting outcome, social inferences about male vs female homeowners using gun to shoot intruder, college students, 33260
sex stereotyping & perceived sex preferences for toys & colors & activities, male vs female 8–9 yr olds, England, 25218
sex stereotyping in perceptions of subordinate saleswomen, male vs female managers, 3670
social intolerance & conformity in intolerance to social diversity, racial stereotypes & policy attitudes, White adults, 17290
social labeling & stereotyping of injured worker & negative bias in workers' compensation & practitioner patient relationship, 19018
social stereotypes, impression formation & construal of individuating information, college students, 25505
societal stereotypes & sexual stigmatization, alcoholic females, 25968
source credibility of stereotypical vs individuating information, stereotype based social judgments, 16–18 yr olds, England, 17167
staged robbery video & crime perpetrator's ethnicity, estimate of perpetrator's height, Caucasian vs Asian college students, implications for ethnic stereotyping & cognitive biases of crime witnesses, 35729
stereotyped beliefs about sex & age differences in emotionality of anger & sadness & happiness, 3.8–6.2 yr olds, 21248
stereotyped expectations & reported vs actual division of household labor, male vs female 18–55 yr olds, Australia, 29285
stereotyped perceptions & attributes of Gypsies, 19–22 yr olds, Romania, 17296
stereotyped understanding of science & scientists, 3rd vs 5th vs 8th graders, Malaysia, 7400
stereotypes & racial ambivalence & affect, attributions vs predictions vs evaluations of hypothetical Black vs White college applicants, White college students, 41254
stereotypes about female body types & personality & occupations, 18–27 yr old female college students, 9470
stereotypes about lesbians, 19–48 yr old female nursing students, 33185
stereotypes in perceived roles of clinical vs research psychologists, college students, 39110
stereotypic categorization schema of male gender role subtyping, adults, 21406
strength of stereotypic views of American females, masculine vs androgynous vs undifferentiated male adults, application of S. L. Bem's gender schema theory, 41158
structure & dynamics of national stereotypes, 29188
temporal formation of sexual behavior & stereotyping, Black & White female vs male 12–14 yr olds, 13109
theoretical & methodological & design issues in assessment of accuracy in social stereotypes, 17503
theory of mutually reinforcing interaction between power & stereotyping mediated by attention, conference presentation, 41210
use & opposition of rape myths in storylines of prime time TV dramas, 1980s, 21908
use of group mean & variance of attribute dimensions in stereotype formation, college students, 1409

Stereotyped Attitudes—Books

Bigotry, prejudice and hatred: Definitions, causes & solutions. Contemporary issues, 21352

Stereotyped Attitudes—Chapters

Accuracy and expectancy-confirming processing orientations and the development of stereotypes and prejudice, 9335
Applications of emotion theory and research to stereotyping and intergroup relations, 33294
Bias in psychology, 19930
Bias issues in the classroom: Encounters with the teaching self, 31365
Cognition and affect in stereotyping: Parallel interactive networks, 33292
The construction, deconstruction, and reconstruction of difference, 21518
Cuban Americans: From golden exiles to social undesirables, 45088
Emotions, arousal, and stereotypic judgments: A heuristic model of affect and stereotyping, 33281
Gender and disability, 45959
Gender stereotypes and the change toward greater personal maturity in psychotherapy, 18593
Homophobia: Covert and overt, 13380
The influence of affect on stereotyping: The case of illusory correlations, 33287
The negative stereotyping of student athletes, 11530
The role of anxiety in facilitating stereotypic judgments of outgroup behavior, 33295
The role of language in the persistence of stereotypes, 1393
The social judgeability approach to stereotypes, 9596
Stereotypes and evaluative intergroup bias, 33284
Stereotypes and language use, 1390
Stereotyping and affect in discourse: Interpreting the meaning of elderly, painful self-diclosure, 33288
The tragedy principle: Strategies for change in the representation of disabled people, 45953

Stereotyped Behavior—Serials
a-amino-3-hydroxy-5-methyl-4-isoxazole propionic acid glutamate receptor activation in posterior zona incerta, amphetamine or apomorphine induced stereotypy locomotor activity, male rats, 4933
amphetamine vs apomorphine, locomotor activity & freezing & sniffing & grooming & other stereotypies, male corpus striatal lesioned rats, 20796
amphetamine vs apomorphine vs haloperidol, caudate extracellular acetylcholine & stereotyped behavioral response profile, rats, 707
amphetamine vs environmentally induced stereotypies, pregnant female pigs, 21015
analog assessment procedure, identification of environmental correlates to expression of stereotyped hand manipulations, female 19 & 23 yr olds with Rett syndrome, 30254
anatomical explanation for self injurious aggressive stereotypic movements, profoundly retarded 29–44 yr olds, 18115
antagonists of NMDA type of excitatory amino acid receptors, cocaine induced stereotypy & locomotor stimulation & convulsions, male mice & rats, 4836
attention to unfamiliar odors on path during stereotyped walking, zoo polar bears, 4543
attitudes toward validity of sex stereotyped behavior, male vs female 6–11 yr olds, England, 29057
clozapine vs haloperidol vs thioridazine, amphetamine or methylphenidate vs amfonelic acid induced locomotor stereotypy, male rats, 40635
cocaine exposure in utero, cocaine induced behavior & locomotion & dopamine transmission in striatum or mesolimbic pathways, adult rats, 4892
collagen breakdown peptides in lateral cerebral ventricle, psychomotor activity & haloperidol induced catalepsy & apomorphine or amphetamine induced stereotypy, male rats, 32706
conceptual & methodological problems in sociological & psychological research on role conflict, reinforcement of stereotypes, female athletes, 11711
continuous iv vs acute cocaine injection challenge, stereotypy vs locomotor activity vs extracellular cocaine vs dopamine & metabolites in striatum, male rats, 4829
continuous SKF 38393 vs quinpirole, acetylcholine release in striatum & grooming & stereotypy, male mice, 25007
crate vs pen housing, stereotypies & social interactions & suckling patterns, gilts, 20399
D-cycloserine with vs without SCH 23390 or YM 09151-2 or sulpiride or MK-801, apomorphine induced stereotyped behavior, male rats, 36745
delta 9 tetrahydrocannabinol, motor disturbances & stereotyped & other behaviors & nigrostriatal dopaminergic alterations, male rats, 40640
design & reliability & validity & standardization of Pre-School Activities Inventory, assessment of sex role behavior, 18–71 mo olds, England & US & Netherlands, inventory appended, 35822
development of stereotypies, environmental preference, voles, commentary reply, 36360
development of stereotypies, environmental preference, voles, commentary, 36424
development of stereotypies, resistance & uneasiness when tethered & neuroendocrine stress indications & heart rate, sows, conference presentation, 12714
DRO & response interruption, stereotypic hand mouthing self injurious behavior, 3 yr old female with Rett syndrome, 46631
empty stomach & presence of formic acid in ant vs mealworm food source, anting behavior, starlings, evidence for food preparation hypothesis, 40295
environmental space, quinpirole induced rearing & licking & other motor & stereotyped behaviors, male rats, 21008
exercise intensity, oral & motor & other stereotypic behaviors, autistic 11 yr olds, Canada, 46301
exogenous gangliosides, apomorphine induced stereotyped behavior, male rats pretreated with N-ethoxycarbonyl-2-ethoxy-1,2-dihydroquinoline, 36802
feeding & stereotypies & plasma glucose, food restricted & restrained sows, 44525
gender knowledge & personal standards, self regulation of same vs cross sex typed behavior, 2–4 yr olds, 9227
gender schema, recall of stereotyped vs counterstereotyped information, male vs female college students, 41162
habenular nuclei lesions, sensitization to locomotor activity & stereotyped behavior activated by repeated morphine, male rats, 4580
hyperphagia induced by 8-OH-DPAT, gnawing & chewing stereotypy vs operant food intake, nondeprived male rats, 36759
icv opioid peptide agonists DAMGO vs DPDPE vs DAKLI, linear locomotor & rearing & stereotypic behavior & margin times, male rats, 40629
icv vs sc corticotropin releasing factor, sensitization to amphetamine induced locomotion & stereotyped behavior, rats, 32591
immediate vs delayed recall of sex consistent vs inconsistent event sequences, male vs female 24–26 mo olds, 25195
isolation rearing, dopamine agonist influenced behavioral stereotypy & locomotor activity & monoamine function in caudate putamen vs prefrontal cortex vs nucleus accumbens, female rats, 16796
level of mental retardation, effect of clomipramine on stereotypic & self injurious behaviors, developmentally disabled 10–12 yr olds, 22719
methods for functional assessment of stereotypic behavior, severely to profoundly mentally retarded 23–46 yr olds, 2045
MK-801 vs apomorphine, stereotyped behaviors, male mice, 36788
modified time sampling procedure, multidimensional & multibehavioral analysis of stereotypic & on task responding rate & duration, 11–17 yr old students with severe emotional & behavioral disturbances, 31403
momentary vs traditional DRO, stereotyped behavior, severely mentally retarded 7–19 yr olds, 38464
objects with vs without social stimulus properties, stereotyped & object orientation behavior, severely mentally retarded 6.6–14 yr olds, implications for social skills, 14079
own & parental sport participation & sex stereotyped play preference, male vs female 9 yr olds, England, 17144
paradoxical response to sedative/hypnotics & self injurious & stereotypic behavior & EEG, developmentally delayed patients, 14726
parameters of vertical display with rotary control, direction of turn & other stimulus response stereotypes, Chinese 19–34 yr olds, Hong Kong, comparison with US vs Japanese vs Australian data, 11765
perceived myths about males vs females & issues in commitment & sex stereotyped & assertive vs passive & autonomy behaviors, graduate counseling & student development students, 27248
perceptions of own vs other groups' stereotyped beliefs, college students, 45216
postnatal 6-OHDA induced dopamine depletion with or without SCH 23390 vs clebopride, apomorphine induced stereotypy, 6 vs 21 vs 60–90 day old rats, 20792
preschooler's sex & sex typed clothing & sex role stereotype, impression of competence & behavioral expectations, female 18–45 yr old early childhood education students, 29287
prevalence of tardive stereotypy & other dopamine receptor blocking drug induced hyperkinetic movement disorders, patients with tardive dyskinesia, 45411
quinpirole, longlasting undrugged effect on locomotor & stereotyped & open field & spatial learning behaviors, male rats, 36762
ratings of self & others on stereotypically masculine & feminine tasks, gender related information recall, male vs female college students, test of J. T. Spence's gender identity theory, 9475
reserpine, stereotyped behavior after feeding time, restricted fed broiler breeder fowls, 36876
SCH 23390 &/vs raclopride vs haloperidol, catalepsy & stereotyped behavior, male rats, animal model of tardive dyskinesia, 40617
SCH 23390 spiperone, levodopa induced stereotypic air stepping, rat pups, 8974

sensitization of amphetamine induced stereotypy, tolerance to amphetamine induced hypophagia, rats, 16886
sex linked behaviors & opposite vs same sex identity in childhood vs adolescence vs adulthood, quality of relationship with parents, college students, 9473
sex stereotyped social interaction styles, self worth & perceived competence & social support, male vs female 3.5–6.8 yr olds, 1050
spatial memory & stereotypy in radial arm maze performance, gerbils, implications for hippocampus lesion masking, 36529
speaker's sex inappropriate language & listener's sex & sex roles, impression formation, female vs male listeners, 21504
stimulant dopaminergic antagonists, cocaine induced ventral tegmental dopaminergic neuron firing & locomotion & stereotypies & brain dopamine metabolism, male rats, 12862
sulpiride, amphetamine induced activity & stereotyped locomotion, male rats, 12813
target's sex & sex role orientation of task, perceived cause of success vs failure, graduate management students, 33272
tethering restraint, oral stereotypies, dairy cows, 20448
theoretical & methodological & design issues in assessment of accuracy in social stereotypes, 17503
thioridazine &/vs visual screening, stereotypy & social behavior, profoundly mentally retarded 12–14 yr olds, 46149
TRH, dextroamphetamine induced locomotor activity & stereotypy, male rats, implications for dopamine in nigrostriatum & mesolimbic mediation, 28688

Stereotyped Behavior—Chapters

Stability, convergence, and computation of stereotype voting groups, 47555
Stereotypes and desirability ratings for female and male roles, 17396

Sterilization (Sex) [See Also Castration, Hysterectomy, Male Castration, Ovariectomy, Vasectomy]—Serials

pet sterilization status & overpopulation, pet owners, 9359

Sterilization (Sex) [See Also Castration, Hysterectomy, Male Castration, Ovariectomy, Vasectomy]—Chapters

A model of pre-sterilization ambivalence and post-sterilization regret in married couples, 29310

Steroids [See Also Aldosterone, Cholesterol, Corticosteroids, Corticosterone, Cortisone, Hydrocortisone, Progesterone] —Serials

alphaxalone vs tetrahydrodeoxycorticosterone vs pregnenolone, GABA receptor function, long vs short sleep mice, 8871
anabolic steroid & other drug use, 9th–12th graders, 33837
anabolic steroid use & behavior changes, male 20 yr old, commentary on letter, 13962
anabolic steroid use & behavior changes, male 20 yr old, reply to commentary on letter, 13932
anabolic steroid use, aggression & hostility, male weight lifters, 10052
androgenic & other sex steroid hormones & CNS sexual dimorphisms, symptom expression of Gilles de la Tourette's syndrome, literature review, 30231
androgenic anabolic steroids, regulation of hippocampal glucocorticoid receptor immunoreactivity, adrenalectomized male rats, 8861
antiglucocorticoid RU486, glucocorticoid action in stress induced suppression of testicular steroidogenesis, male rats, 12703
arginine vasotocin vs prostaglandin E2 vs prolactin & season, release calls & plasma steroids, male vs female bullfrogs, 28674
cervical facet injections of local anesthetic & steroid depot, patients with cervicogenic headache, 14868
changes in body mass index, high school football players, 1963–89, implications for anabolic steroid use, 36982
circadian rhythms of hypothalamic norepinephrine & circulating epinephrine & corticosterone & aldosterone & serotonin & norepinephrine & serum serotonin, individually housed male rats, 24796
clomipramine & fluocinolone, female 13 yr old with trichotillomania, letter, 26741
coital & orgasmic & erection & arousal frequency, adult male body builders with history of currently vs previously vs never abusing anabolic steroids, 26002
dehydroepiandrosterone & its sulfate, ethanol vs pentobarbital induced hypothermia & sleep induction, male rats, 16827
demographic characteristics & sports activities & perceived health status & use of caffeine or stimulants or relaxants, steroid use, 13–19 yr olds, Canada, 13087
drug therapy or ECT, patients with steroid induced psychosis, 10445
effects of nandralone vs testosterone cypionate in taste aversion learning, male mice, 40578
GABA agonistic vs antagonistic neurosteroid injection to nucleus basalis mangocellularis, memory & place recognition, male rats, 40620
illicit anabolic steroid use, physical child abuse & spouse battery, male 19 yr old, letter, 22015
molecular typology of androstenone-like odorants & olfactory thresholds, adults, 43928
pregnanolone vs pregnanolone sulfate with vs without ethanol & pentobarbital, pentylenetetrazole induced convulsions & temperature & sleep time & motor activity, male rats, 4866
prevalence of human growth hormone & anabolic steroid abuse & knowledge of side effects, suburban 10th graders, 22012
proconvulsant & anticonvulsant effects of stress & neuroactive steroids & GABA neurotransmission & types of epileptogenesis, 46077
psychological treatment, anabolic androgenic steroid dependent patients, 23233
rationale for ban on anabolic androgenic steroid use, athletes, 29866
sc vs paraventricular nucleus corticosterone vs aldosterone vs RU28362 vs dexamethasone, food intake & macronutrient selection, male rats, 24995
school vs city size, anabolic steroid & illicit drug & cigarette use, male 10th–12th grade athletes vs nonathletes from rural state, 13986
self & mutual olfactory cross adaptation of steroid androstenone & its nonsteroidal perceptual analog, adults, 43951
sex steroids vs ovariectomy vs stage of ovarian development, prostaglandin induced spawning behavior, female goldfish, 32516
steroids, olfactory detection thresholds for benzaldehyde vs eugenol, dogs, animal model of Cushing's syndrome, 703
structure & function & allosteric modulation of GABA type A receptor complex & identification of GABA active steroids, 12502
usage patterns & adverse effects & addictive potential of anabolic androgenic steroids, 41715

Steroids [See Also Aldosterone, Cholesterol, Corticosteroids, Corticosterone, Cortisone, Hydrocortisone, Progesterone] —Chapters

Oxytocinergic neuronal systems during mating, pregnancy, parturition, and lactation, 20722
Steroid therapy in Huntington's disease, 14873
Steroids, 10056

Stigma—Serials

attitudes toward disabilities & resulting stigma hierarchies, health practitioners in Chinese vs Italian vs German vs Greek vs Arabic vs English communities, Australia, 37617
Beyond the Cuckoo's Nest psychiatric illness & mental health education program, stigma reduction, 11th–12th graders, Canada, 34797
courtesy stigma management through maintenance of community ties & impression management, parents of mentally retarded children, research review, 14058
cultural construction of Otherness & border anxiety in AIDS stigma, 6285
demographic & personal risk factors, AIDS related stigma & attitudes & behaviors & career objectives, medical students, Uganda, 3214
experience & stigma of asthma, asthmatic 33–59 yr olds, Canada, 6259

historical perspective on stigmatization of methadone maintenance & difficulties of professional role, treatment staff, 19391
historical review of depression & psychological suffering due to stigma of epilepsy in writer M. de Assis, Brazil, 26295
impact of stigma & application of symbolic interactionism, parents of 3 mo to 18 yr olds with Down's syndrome, implications for nursing, 22135
injury prevention campaigns, reinforcement of social stigmatization of people with disabilities, public health officials, application of cultural production theory, 22975
labeling & stigma in psychiatric misdiagnosis, 45 yr old male misdiagnosed with chronic paranoid schizophrenia, Israel, 5906
management of stigma related to occupation, female 19–41 yr old topless dancers, 7660
moral stigma, paid plasma donors, 33215
perceived uniqueness, adults with culturally stigmatized vs valued conspicuous vs concealable conditions, 33321
physical attractiveness as stigma, females, 13496
previous conceptions & pleasant contact with stigmatized patient with AIDS, extent of generalization & attitude change, college students, 5537
problems of self disclosure & stigma management, methadone maintenance clients, 19224
race & sex, manifestations & pervasiveness of stigma toward persons with AIDS, adults, 45988
responses to & management of lesbian label & stigmatization, female athletes, 13350
role of societal stigmatization & homophobia in health care, lesbian females, 34825
seizure type & frequency & disorder duration & management of disclosure & perceived stigma & self esteem, 12–20 yr olds with idiopathic epilepsy, test of theoretical model, 14365
social & economic factors & stigma, obese females, 18150
social work stigma management approaches, social functioning, clients, 34874
societal stereotypes & sexual stigmatization, alcoholic females, 25968
stigma against & prejudice toward psychiatric vs dying vs suicidal vs other deviant patient vs religious vs ethnic groups, college students, 25654
stigma attribution for negative social evaluations & mood, overweight adult females, 21499
stigmatizing labels, peer relations & expectations, children, literature review, implications for school psychology, 9278

Stigma—Chapters

Cancer and stigma: Problems of seriously ill women, 18314
Social stigma: The consequences of attributional ambiguity, 33290
Stigmas in organizations: Race, handicaps, and physical unattractiveness, 23791
Women and weight: An international perspective, 17398

Stimulants of CNS [See CNS Stimulating Drugs]

Stimulation [See Also Afferent Stimulation, Auditory Stimulation, Aversive Stimulation, Brain Stimulation, Electrical Stimulation, Olfactory Stimulation, Perceptual Stimulation, Prismatic Stimulation, Self Stimulation, Somesthetic Stimulation, Subliminal Stimulation, Tactual Stimulation, Taste Stimulation, Verbal Stimuli, Visual Stimulation]—Serials

differential environmental stimulation, need for light & kinesthetic tactile stimulation, 22–42 &/vs 50–70 day old male rats, 36681
dorsal hippocampus lesions, need for light & tactile & kinesthetic stimulation & general activity, male rats, 36578
environmental responsiveness to novel visual & olfactory & auditory & tactual & complex stimulation, sows, 32280
individual temperamental traits expressed by stimulus seeking behavior, offensive aggression, male rats, 36417
interaction & stimulation in environmental enrichment intervention in intensive care nurseries, premature infants, 34966
magnetic coil stimulation of sensorimotor cortex, cortically generated somatosensory EPs during suppressed sensory perception, adults, 32498
maternal stimulating care & psychomotor development, premature vs full term infants & their mothers, Nigeria, 6 mo study, 40771
mechanical & chemical stimulation of neural peripheral receptive fields, convergence of oral & extraoral information within superior secondary gustatory nucleus, channel catfish, 12523
music therapy & techniques for stimulation & pacification & parent training & PL 99-457 guidelines for early intervention, premature infants with low birth weight, 18830
postnatal handling stimulation &/vs perinatal flumazenil, exploratory & emotional behavior, Roman high- vs low-avoidance rats, 704
prestimulation induced startle modulation, male 6–11 yr olds with attention deficit hyperactivity disorder & enuresis, 9728
relation between visual & infrared input to same dendrite in optic tectum, pythons, 20550
theory of need for stimulation & motivational mechanisms of exploratory behavior, animals, 36406

Stimulation [See Also Afferent Stimulation, Auditory Stimulation, Aversive Stimulation, Brain Stimulation, Electrical Stimulation, Olfactory Stimulation, Perceptual Stimulation, Prismatic Stimulation, Self Stimulation, Somesthetic Stimulation, Subliminal Stimulation, Tactual Stimulation, Taste Stimulation, Verbal Stimuli, Visual Stimulation]—Chapters

Early stimulation and the development of verbal talents, 1010
The perception of the extended stimulus, 228

Stimulation Seeking (Personality) [See Sensation Seeking]

Stimulus (Unconditioned) [See Unconditioned Stimulus]

Stimulus Ambiguity—Serials

age & object's appearance & potential function, referent selection for trained object name & naming of deceptive object, 3.6–6.1 yr olds, 28934
ambiguity & uncertainty & human vs technological information source & use of base rate vs individuating information in probability judgment, college students, 310
difficulty & ambiguity of questions or cues, detection of semantic anomaly, 4.8–6.8 yr olds, 5124
interpretation of threat in ambiguous sentences, college students with high vs low trait anxiety, 29438
intralexical & semantic relatedness of compound members & targets, interactive meaning activation of ambiguous nouns in novel nominal compounds, adults, 36153
lexical & semantic processing of ambiguous words, 23–76 yr olds with Broca's vs Wernicke's aphasia, Netherlands, 46057
lexical ambiguity, eye fixations in reading, adults, application of integration vs reordered access model, 4302
misinterpretation of ambiguous interoceptive stimuli assessed by diagnostic interview vs questionnaire, 22–64 yr olds with panic disorder or social phobia, Australia, 45559
morphologically ambiguous vs unambiguous verbs in left vs right visual field, lexical decision & hemispheric sensitivity in syntactic processing, college students, 24657
perceptions of ambiguous duck/rabbit drawing at Easter vs in October, 2–10 vs 11–93 yr olds, 37014
phonologic & phonetic processing of ambiguous Hebrew heterophonic homographs in speech detection & printed & spoken word matching tasks, native Hebrew speaking college students, 16264
photographs vs line drawings of typical vs nontypical stimuli, object identification, college students, Spain, 32128
prior information about reversibility, perceived reversal of ambiguous figures, college students, 8219
self enhancing comparison to specific vs vague target on ambiguous vs unambiguous dimension, adult male professional soccer players, Netherlands, 7714
stereotaxic presentation of emotional facial expressions under perceptual ambiguity, relative dominance of 1 expression, college students, 12303
stimulus appearance & context & familiarity, object identification strategies & confidence in accuracy, college students, 28252
stimulus response vs cue response compatability, interference effects on Stroop like task, college students, New Zealand, 8293

verbal recoding during input to short term memory, reinterpretation of classical bistable configurations with mental imagery, 6 & 10 yr olds & high school & college students, 40801
visual vs nonvisual information, perceived ambiguity of depth of 3-dimensional surface with motion parallax, adults, England, 16192
wording changes for rectification of multiple ambiguities in classic "Linda" conjunction problem, problem performance & probability judgment, college students, replication, 40112

Stimulus Attenuation—Serials
conditioned taste aversion & extinction of overshadowing CS, rats, 455
interaural attenuation & masking of air & bone conduction signals in high frequency ranges, unilaterally deaf 9–61 yr olds, 2350
selective associations in tone plus light compound stimulus conditioning context based on food vs shock avoidance related contingencies, male rats, 44263
UCS devaluation, decrease in preference conditioned to CS, rat pups, 442

Stimulus Change—Serials
auditory stimuli repetition & change, N2b & mismatch negativity EPs, 20–35 yr olds, 20677
displacement of target for saccadic eye movement during saccade, adjustment of magnitude & duration of force pulses for production of saccades, college students, 12623
food habituation & change, food consumption & hedonics & salivation, satiated male 18–30 yr olds, 4727
memory prerequisites of mismatch negativity in auditory ERPs in response to change from standard tone, 19–33 yr olds, Finland, 44137
prefrontal brain damage, responsiveness of P3b component of EPs to deviation of visual targets & nontargets from stimulus category, 18–65 yr olds, 28590
repetitive tone change, mismatch negativity of ERP, adults, implications for neural representation of abstract attributes, 44494
stimuli in fixed vs changed position, inspection times for 2 line stimuli, adults, replication, 12143
stimulus change, N100 EP habituation & dishabituation, adults, implications for use in clinical setting, 4643
stimulus change, prestimulus cue fear response, male rats, 16435

Stimulus Complexity—Serials
access to external information & stimulus complexity & variability in information processing tasks, RT & correlation with cognitive ability, college students, Germany, 16295
code regularity & complexity in serial pattern interpretation, college students, 20232
complexity, perception of vibrotactile patterns presented to separate fingers, adults, 4229
concurrent independent discrimination tasks, nonverbal operant response modification, male right handed college students, Norway, 16359
delayed identity matching to complex sample tasks, spelling & emergent picture & printed word relations, 9–13 yr old male students with academic deficits, 23641
difficulty & ambiguity of questions or cues, detection of semantic anomaly, 4.8–6.8 yr olds, 5124
environmental responsiveness to novel visual & olfactory & auditory & tactual & complex stimulation, sows, 32280
functional measurement in psychophysics & relation between perception of mixed & nonmixed taste & odor stimuli, 43938
odor mixture component omission, discrimination of composition changes, 21–48 yr olds, 12135
stimulus complexity in color & location in block pattern, holistic vs dissociative perception of symmetry, college students, 4260

Stimulus Complexity—Chapters
Auditory segregation of competing voices: Absence of effects of FM and AM coherence, 44042
Landmarks, the hippocampus, and spatial search in food-storing birds, 427
The study of animal cognitive processes, 472
Three views of association in concurrent detection ratings, 232

Stimulus Control—Serials
behavioral contingencies during continued vs suspended training, tolerance to discriminative stimulus effects of midazolam, male rats, 36872
computer based auditory stimulus control shaping, auditory discrimination learning & responding to spoken words, 20 & 64 yr old severely mentally retarded females, 19609
control of relations in arbitrary matching to sample, female chimpanzees, 28412
food acquisition controllability, disk-pull response persistence & sensitivity during response noncontingent inescapable shock, male rats, 32308
ibogaine, stimulus control, male rats trained to discriminate yohimbine or 2,5-dimethyoxy-4-methylamphetamine or LSD, 20954
m-chlorophenylpiperazine, stimulus control & discrimination, male rats, 40705
masturbatory satiation & covert sensitization & stimulus control, male mildly mentally retarded 33 yr old with zoophilic exhibitionism, 2509
simple vs complex form stimuli & reinforcement contingencies, restricted stimulus control in delayed matching to sample tasks, mentally retarded 17–76 yr olds, 29971
stimulus control & sleep restriction & hygiene & cognitive therapy, male 37 yr old with insomnia, 30583
stimulus control analysis & acquisition of control of aggressive behavior & learning to bathe self, 20 yr old male with Down's syndrome & severe retardation & uncontrollable seizures, 15064
stimulus control features of general case programing model, pragmatic function of requesting & other communicative behavior, severely disabled learners, 14625
stimulus control procedure based on self management, 35 yr old female with bulimia nervosa following weight reduction surgery, Canada, case report, 38479
tactile stimulus, control & generalization of conditioned lip press response, horses, 40242
transfer of conditional stimulus control & classification in sequence learning, 8–9 yr olds, 977
transfer of stimulus control in delayed prompting & relationship to concurrent schedule of reinforcement, literature review, 12282

Stimulus Control—Books
Cognitive aspects of stimulus control, 462

Stimulus Control—Chapters
Absolute and relational control in a temporal comparison task, 425
Applying contextual features of general case instruction and interactive routines to enhance communication skills, 43344
Conditional stimulus control, 28417
An ecological approach to stimulus control and tracking, 468
Emergent properties of complex arrays, 465
Numerosity as a dimension of stimulus control, 20390
Pigeon's concept of experienced and nonexperienced real-world locations: Discrimination and generalization across seasonal variation, 466
Stimulus control, 28416
Stimulus control of central place foraging on the radial maze, 469

Stimulus Deprivation [See Also Food Deprivation, Sensory Deprivation, Social Deprivation, Social Isolation, Water Deprivation]—Serials
flotation vs darkened room isolation, creativity enhancement & affect, college students, 24820
hallucinatory experiences, EEG alpha activity during sensory deprivation, male college students, 8711
monocular deprivation, postnatal development of cholinergic receptors & protein kinase C & dihydropyridine sensitive calcium antagonist binding in layers of visual cortex, rats, 28524

Stimulus Deprivation [See Also Food Deprivation, Sensory Deprivation, Social Deprivation, Social Isolation, Water Deprivation]—Chapters
Sensory deprivation and overload, 32054

Stimulus Discrimination—Serials
attended vs unattended auditory stimulus discrimination, auditory EPs, 18–48 yr olds, 28588
benzodiazepine receptor partial inverse agonist FG 7142 vs yohimbine, stimulus discrimination generalization in operant learning, male rats, 16807
category discrimination of artificial polymorphous stimuli by feature learning, pigeons vs college students, 44241
choice vs contingent vs selection vs simple reaction RT tasks, selection between alternative response or discrimination between alternative stimuli, 25–40 yr old right handers, 288
cocaine &/vs prazosin, motor activity & FR stimulus discrimination, male rats, 16736
conditioned discrimination & equivalence relations in theoretical analysis of control by negative stimuli, 8442
differential reinforcement & sample stimulus discrimination, delayed matching to sample task, pigeons, 8481
discrimination training under operant conditioning vs autoshaping, postdiscrimination generalization, pigeons, conference presentation, 4471
ectostriatum vs Wulst lesions, discrimination between video images of quails vs conspecifics, pigeons, 16594
equal vs unequal interocular contrast & binocular spatial frequency pattern encoding, binocular unmasking, Os, application of phase vector vs summation models, 24319
forward associations in delayed conditional discrimination, establishment of backward associations, pigeons, 461
location of comparison stimuli, conditioned discrimination, rhesus monkey, 8497
mazindol vs cocaine vs d-amphetamine, cocaine self administration & leverpressing for food & stimulus discrimination, monkeys & rats, implications for treatment of mazindol stimulant abuse, 28739
object stimulus features vs location, spatial memory, food storing marsh vs nonstoring great tits, 439
odor mixture component omission, discrimination of composition changes, 21–48 yr olds, 12135
operant conditioning, stimulus discrimination & response generalization, pigeons, 8499
picture image processing & video display usage, same vs different concept learning task, male rhesus monkeys, 4443
reinforcement signal, CS discrimination in operant conditioning training, college students, 8315
stimuli comparison in frequency discrimination task, neuron discharge in precentral motor cortex, male monkeys, 20570
testosterone, conditioned place preference & discriminative taste aversion, rats, 12764
time of day, force discrimination task, male college students, erratum, 40472
time of day, force discrimination task, male college students, 20702
vividness of visual imagery, source discrimination for memories of textual & visual items, college students, implications for eyewitness testimony, 36231
2 stimuli signalling reward vs nonreward & irrelevant 3rd stimulus, stimulus discrimination, pigeons, 24543
Stimulus Discrimination—Chapters
Conditional stimulus control, 28417
Emergent properties of complex arrays, 465
A mathematical theory of attention in a distractor task, 389
Memory and expectancy in delayed discrimination procedures, 8509
Pigeon's concept of experienced and nonexperienced real-world locations: Discrimination and generalization across seasonal variation, 466
Simultaneous detection and identification, 265
Structures in stimulus identification data, 231
Stimulus Duration—Serials
absolute vs relative duration, temporal pair comparison performance, pigeons, 4450
age & stimulus duration, motion threshold & Filehne illusion during pursuit eye movement, adults, 16205
age, duration discrimination of brief auditory intervals, 20–29 vs 40–49 vs 60–78 yr old males, US & Germany, 44893
aperture configuration & duration & color, perception of sliding & coherence in moving plaid pattern, adults, 24307
apparent movement cue use strategy, inspection time & IQ, adult Air Force recruits, 40083
array exposure duration & brightness & number of array items & retinal eccentricity, performance in partial report tasks, adults, 12149
bandwidth & number of components & frequency spacing, effect of stimulus duration on spectral shape discrimination threshold & auditory filter narrowing, college students, 36111
conditioning trial duration, strength of ethanol induced conditioned place preference, male mice, 4773
coulometric relation, prediction of emergence or form of shock induced hypoalgesia & activation of brain stem & spinal cord opioid & nonopioid systems, male rats, 44426
cross stimulus transfer signal duration & choice contingencies, delayed matching task learning, pigeons, 44237
CS duration, facilitation of avoidance conditioning & long term retention by platform method, male rats, 28391
dose of aerobic exercise, BP response to mental stress, adult females, 32543
duration & information content of visual stimulus, immediate recall, 22–32 yr olds, Ireland, 8365
duration & prior vs simultaneous gating & fringing of masker &/vs flicker bands, detection of 50 vs 240 ms signal in comodulation masking release task, college students, 277
duration of aversive vs pleasant film clips, real time affect & immediate vs delayed global evaluations, college students, 40203
duration of pauses & expiratory sounds, perceptions of infant crying, 18–21 yr olds, 9591
duration of perceptual processing of target words, implicit vs explicit retention test performance, college students, Japan, conference presentation, 36188
duration of prior exposure, fatigue & set effects in configurational perception of reversible ambiguous figure, college students, 24308
duration of whole body vibration, continuous manual control in pursuit tracking task, male 17–28 yr olds, England, human factors implications, 39597
effects of speed vs accuracy instructions & short vs long exposure to stimuli on attention, mirror effect in forced choice high vs low frequency word recognition, college students, 32210
electrical stimulus duration, c-fos expression in spinal cord, rats, 8618
event duration & memory & typicality, duration information reconstruction & estimation, college students, New Zealand, 28305
exposure duration & encoding instructions, face & facial feature recognition, college students, 8362
exposure duration & stroke number of characters, cerebral lateralization in processing of Chinese characters, college students, Hong Kong, 40130
extending continuous vs discontinuous CS before vs after UCS, conditioned suppression, male rats, 44227
formant frequency & vowel duration, role of spectral & temporal cues in vowel identification, adults with sensorineural impaired hearing, 14442
frequency & signal duration, pure tone frequency discrimination, adults vs monkeys, 36128
habenula electrical stimulation duration or lesion, duration of morphine analgesia or baseline pain levels, male rats, 44391
high speed stimuli presentation, false recognition of prototype numbers & words in very short term memory, graduate students, 40190
independent noise temporal position & duration, discriminability of reproducible noise bursts, college students, 24337
indomethacin vs flurbiprofen vs diazepam, ECS induced seizure duration effects on neuropeptide Y & neurokinin A & substance P & neurotensin-like immunoreactivity, male rats, 21005
intensity & duration of final syllable of sentence, perception of vowel & syllable duration, adults, letter, 24346
internal structure & ending of tonal sequences & ecological noises, incidental remembering of auditory event durations, college students, 4369

long & variable duration CS & aversive UCS, tonic & phasic electrodermal responses, college students, 20757
loudness & duration & pitch discrimination, 4–6 yr olds vs adults, 12–18 mo followup, 37041
luminance & exposure duration, perception of transparency, 26–32 yr olds, 8229
male exposure duration, vaginal cytology & behavioral receptivity & estrus attainment, parous vs nulliparous female montane vs meadow vs prairie vs pine voles, 12667
memory for stimulus duration, college students, Belgium, 36252
mere exposure effect in recognition of subliminal vs consciously perceived visual stimuli, college students, 4248
music structure, temporal expectancy & melody recognition, college students, conference presentation, 44027
musical excerpt stimuli & length of time intervals, musical expectations & detection of lengthened passages, musically literate 15–52 yr olds, 8252
nonrelevant stimuli preexposure duration, latent inhibition & recall & recognition, high vs low psychotic prone college students, Spain, 36229
novelty & exposure duration of multiple stimuli, response rate & long term retention, pigeons, 4458
pattern & component duration & number & target location in sequence, discrimination of complex unfamiliar auditory patterns of tones, college students, test of proportion of total duration rule, 24340
pitch & duration & loudness, contour discrimination in fractal noises, adult listeners, 40046
playback volume & duration of piglet distress calls, maternal responsiveness, sows, 44298
psychophysical determination of frequency & duration, work rest schedules in manual handling tasks, male vs female college students, 39521
pulse frequency & duration, subjective reward magnitude of medial forebrain self stimulation, rats, 32493
reinforcement rate & duration, response rate patterns, rats, 4461
sample duration, analogical vs nonanalogical coding in choice matching task, pigeons, 16438
sequential disk size & interdisk distance, critical duration in perception of illusory contours of Kanizsa triangle, 31–43 yr olds, 36082
signal duration, psychometric & neurometric functions in sound level discrimination thresholds, goldfish, 556
